**TO THE STUDENTS OF
MONUMENT MOUNTAIN REGIONAL HIGH SCHOOL**

Dear Monument Mountain Regional High School Community,

Welcome to the 2019 – 2020 school year. We both feel fortunate to have become part of this community, one built on opportunity and belief that all can learn. We are working with people who explore that philosophy and look at ways we can partner to make a difference in the lives of our young adults and the surrounding Berkshire community.

This student handbook is designed to be a guidebook for membership in the school life at Monument Mountain Regional High School. It is the idea of “community” that is the driving force behind this handbook. The guidelines, policies and laws contained within provide a structure by which we can best create an environment that is safe, productive and welcoming. Together, we will create the conditions in our school that foster opportunity, instill respect and promote excellence.

We believe that the world becomes a better place when we commit to be a part of it and that the students’ we serve become better people when they commit to something bigger than themselves: Monument Mountain High School. The handbook discusses not just rules to follow but expectations we have of each other to connect and be part of the life of the school as well as steps we take to help restore those who misstep.

Please read this handbook carefully; there are some changes. Feel free to discuss any aspect of the handbook with faculty, guidance counselors and administration.

Respectfully,

Kristina Farina
Interim Principal

Peter Falkowski
Assistant Principal

MMRHS STATEMENT OF PHILOSOPHY

We, the faculty and administration of Monument Mountain Regional High School, seek to provide an educational experience that promotes intellectual growth, fosters a love of learning, and prepares students for the challenges, responsibilities and opportunities that they will face. Through cooperation with the home and the community, the school encourages students to know and understand themselves, their associates, their communities and the world. We nurture both individuality and respect for human dignity within a safe yet open environment.

SCHOLASTIC INFORMATION

ALTERNATE COURSES AT POST SECONDARY INSTITUTIONS

Any student may take courses in the afternoon, evening, weekend, or summers. However, unless approval is granted, no high school credit will be awarded for these courses. The procedure outlined below must be followed for the student to be awarded high school credit toward graduation.

To be eligible for such alternate courses and receive high school credit, the following criteria must be met:

- a. The student must be an 11th or 12th grader.
- b. The student must have an above-average academic record, be highly motivated, be socially and emotionally mature, and have clearly defined career goals and interests.
- c. The student must have parental permission to take alternate courses at the post-secondary institution.
- d. The student and the parent must agree to fund all costs, including registration, texts, tuition, and transportation involved in taking the post-secondary courses.
- e. Courses taken at a post-secondary institution will NOT count towards a student's GPA, and will not appear on a MMRHS transcript, but may count towards credit on a pass/ fail basis.
- f. Exceptions to the criteria will be at the discretion of the Principal and superintendent.

The procedure for application is as follows:

- a. The student must submit a request to the Principal at least one month prior to course registration. The student must state the institution, course or courses to be taken, the duration of the course, meeting times and credits. In addition, the student should explain why he/she would like to take these courses for credit.
- b. An advisory committee, including the department supervisor in the course content area, a guidance counselor, the Assistant Principal and Principal will review the request and student credential. The advisory committee will make a recommendation to the Principal; the Principal will decide if permission and credit are to be granted.

ALTERNATE SENIOR YEAR

In accordance with Berkshire Hills Regional School District policy IHCD, Alternate Senior Year is open to qualified members of the Senior Class. Applicants should possess an above-average academic record, be highly motivated, and socially and emotionally mature. This program is specifically designed for students with clearly defined career goals, which could be advanced through early admission to college. It should be pointed out that Alternate Senior Year is not early graduation. Students on Alternate Senior Year are still considered members of the senior class and must complete senior year requirements before receiving a diploma. Application for Alternate Senior Year should be made no later than the spring semester of the junior year. Interested students should see their counselor for details.

Students on an Alternate Senior Year must agree to fund all costs. In addition, students will be unranked and grades will not count towards their GPA.

EARLY GRADUATION

The BHRSD School Committee acknowledges that most students will satisfactorily complete the requirements for graduation as set forth by the Department of Elementary and Secondary Education and the Berkshire Hills Regional School District in the traditional four years, while other students may satisfactorily complete the requirements in three or five years. Therefore, the BHRSD School Committee will accept modification to the traditional four-year high school attendance requisite for high school graduation provided the student has satisfactorily met all standards and expectations.

Students planning to graduate early must notify the Principal by December 1 of their junior year.

In order to graduate early, a student must complete six (6) semesters or three years of high school attendance and have successfully completed the terms of the Berkshire Hills Regional School District Graduation Requirements.

The following procedures must be followed when a student requests early graduation:

1. It is recommended that students indicate their intention to graduate early to a counselor any time during their sophomore year, but must do so before the deadline of December 1 of their junior year.
2. A cumulative grade point average of 80 is recommended to apply for early graduation.
3. The student must have met the Massachusetts Comprehensive Assessment Program (MCAS) requirement
4. The student and parents/guardians will set up a conference with the counselor to complete the following:
 - a. Academic credit check.
 - b. Document reasons for early graduation that align with post-high school plans.
 - c. Set up a tentative final schedule.
 - d. Give parental/guardian permission form for early graduation, which must be completed before February 1 of their Junior year. This form is returned to the Principal.
 - e. Instruct student to have parent/guardian and student request conference with counselor, Principal, student and parent/guardian after the permission form is completed.
5. A conference with the Principal is mandatory. The Principal will approve or disapprove the student's request for early graduation. If the student disagrees with the recommendation of the Principal, the request may be appealed to the superintendent.

GRADE POINT AVERAGE

Monument Mountain Regional High School does not use class rank. The senior class is grouped by percentiles in order of a weighted cumulative grade point average. This grouping is shown on our school's profile that accompanies the student's transcript and it is calculated at the completion of the student's junior year. The unweighted cumulative grade point average is used to determine the valedictorian, salutatorian and placement on the honor and high honor rolls.

PROGRESS REPORTS

MMRHS teachers will update student grade reports using the online program PowerSchool. Each student and parent will have access to the student's grade reports using their own username and password. Additional progress reports may be completed and forwarded to students and parents at any time a teacher deems necessary. These notices are designed to alert the student and parent to a problem that needs immediate attention, or to commend the student for extraordinary achievement. These notices are distributed to the counselor and to the parent(s). Progress reports will be distributed for students on Individual Education Plans (IEPs) as often as they are for students that are not on IEPs.

COURSE CHANGES

Students may add or drop a class within the first two weeks of the course beginning. After two weeks, students must fill out a form to add or drop a course. A "Course Change Request Form" has been developed for students and is available in the Guidance Office. The form must be signed by a parent and is subject to verification. **Until a course change form is completed, returned to guidance and verified, the student must remain in daily attendance in the original course.**

Request to withdraw from a course after the course change deadline will be reviewed by the student, his/her parent or guardian, the student's counselor, subject teacher and if necessary, a school administrator. After the request is approved the notation "WD" will appear on the student's permanent record.

If a request to withdraw is made and approved after the midpoint of a course (9 weeks for a semester course and 18 weeks for a full year course), the notation "WD" and a permanent grade of 55% will be submitted by the subject teacher and will appear on the report card in the next grading period and permanent record. A student wishing to withdraw within two weeks prior to the close of the marking period must have the approval of the Principal and will receive a grade for that quarter. The final grade for the transcript will be determined by the date of withdrawal. This procedure also applies to students who are removed from a course for disciplinary reasons. Students may have the 55% removed from their transcript by repeating the course and successfully completing the requirements. This procedure does not apply to students requiring a level change or a change in the student's IEP or 504 Plan. Additional exceptions may be made at the discretion of the administration.

GRADING SYSTEM

Monument Mountain uses a numerical grading system to evaluate student performance. A grade of "65" is required to pass any course. No student will be given a quarterly grade lower than 50 for the first two marking periods of a full year course, or for the first marking period of a one-semester course. Grades lower than 50 may be given during the remaining marking periods, on final examinations, or as final grades. The grade will be based on the expectations for student performance assessment rubric at the beginning of this handbook.

On midyear and end-of-year assessments, the numerical grade earned will be recorded. End-of-course assessments will count up to 20% of the final grade. Thus, for a full year course, each quarterly grade will count at least 20% of the final grade. For single semester courses, each marking period will count at least 40%.

Report cards are issued at the end of each quarter. The first mark is an evaluation of the work done during the first quarter, the same applies to the second, third and fourth term marks. The final grade is an average of the four quarterly marks and the grade received on the final assessment. If a student needs an extension, the request for an "Incomplete" must be submitted to the administration by the course teacher. A two-week extension may be granted. Additional time will be granted by the administration if deemed necessary and appropriate.

HOMEWORK AND TEST GUIDELINES

Students who legitimately miss a class for approved pullouts have the obligation and responsibility to make up all work missed within one school day of the student's return to class. Students who are absent two or more consecutive days due to illness or extended leave will have 5 school days to make up all missed work upon their return to class.

When students are absent, it is their responsibility to obtain and complete homework and class assignments. Should a student be absent more than two days, the Guidance Department, upon request, will assist in obtaining assignments. Assignments may be picked up in the Guidance Office 48 hours after the request is made.

Teachers should give at least 48 hours advance notice for any major tests or assignments. In keeping with this practice, teachers should not give major or excessive assignments during a vacation week. In addition, teachers should give a minimum of fifteen school days notice for completion of research or term paper projects. Students may petition teacher, department project leaders, or the administration should they feel a violation or breach of good faith has occurred.

Teachers will post assignments for student and parent information.

HONOR ROLL/GRADUATION WITH HONORS

To qualify for the Honor Roll, a student must have an 85% average in all courses with no grade below 80%. To qualify for the High Honor Roll, a student must have an average of 90% with no grade below 85%. All pass/fail courses must be passed to qualify for the Honor Roll or High Honor Roll. The Honor Roll is published at the end of each term. To be eligible to graduate with honors, a student must have maintained a cumulative average of 85% or better for four years.

SUMMER SCHOOL

Students wishing to attend summer school to make up a failed course must obtain the permission of the Guidance Department. If a student has a final course average of 50 or higher, the student may enroll in a remedial course in summer school and receive credit provided he/she has gained the appropriate permission to enroll in the course and passes the course. Once a student has completed his/her summer school course, an official transcript must be sent to the Guidance Department from the summer school verifying completion of the course. The course will appear on the student's transcript as a summer school course with the grade earned from the program. All summer school courses are standard level. This is an entirely separate procedure from students who require Extended Year Services (ESY).

WITHDRAWALS AND TRANSFERS

A student withdrawing from Monument Mountain Regional High School must obtain a withdrawal form from the Guidance Office. The student must return all texts and other school property and secure the signatures of his/her teachers, counselor and librarian. Upon completion, the form should be presented to the Assistant Principal. Students transferring to another school should notify their guidance counselor and the administration as soon as that becomes known to allow Guidance time to ready the necessary paperwork and review the withdrawal process. Any student who withdraws from school for reasons of poor academic performances, lack of interest, attendance, etc., and wishes to return during the same school year must request an appointment with the Principal. The student is to be accompanied by his/her parent/guardian for the conference. Appointments can be made by calling the main office and speaking with the Principal's secretary. At the conference, the individual's request to return will be discussed.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT AND STUDENT RECORDS

Both Massachusetts and the federal government have laws that exist to insure parents' and students' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of school records. In Massachusetts, those laws are found at G.L. c.71, §§ 34A, 34D, 34E, and 34H and at 603 CMR 23.00. The federal student records law is called the Family Educational Rights and Privacy Act and is found at 20 U.S.C. section 1232g; 34 CFR 99, further information is available at the link below:

<http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

The following definitions apply to these subsections:

Authorized School Personnel (CMR)/ School Officials (FERPA):

School administrators, teachers, counselors, special education team members, clerical personnel, and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching, counseling, and/or diagnostic capacity. It includes attorneys, contractors, electronic/online vendors, consultants, volunteers, interns, or other parties to whom the school has outsourced institutional services or functions.

Legitimate Educational Interest:

Authorized School Personnel/ School Officials have a legitimate education interest in a student record when access to that record is necessary in order to fulfill his/ her professional responsibilities.

Eligible Students:

Any student who is 14 years of age or older or who has entered ninth grade, unless the School Committee has acting pursuant to 603 CMR 23.01(4) extends the rights and provisions of 603 CMR 23.00 to students under the age of 14 or to students who have not yet entered ninth grade.

Release of educational information by the school:

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record, and parents may consent to the disclosure of educational records to any third party. However, FERPA and Massachusetts student records laws allow schools to disclose those records, without consent, to the following parties or under the following conditions:

- Other schools to which a student is transferring (please note that our schools will also request and receive student records from the school of origin for students transferring into the District, and will be able to receive these records without additional consent upon receiving notice that the student will be enrolling in the District);
- Authorized School Personnel/ School Officials, when they have a legitimate educational interest in the materials.
- Administrative office staff and clerical personnel who are either employed by the school committee or are employed under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record;
- Specified officials for audit, enforcement, or evaluation purposes, provided that except when collection of personally identifiable data is specifically authorized by law, any data collected by such officials shall be protected so that parties other than such officials and their authorized agents cannot personally identify such students and their parents;
- Local and state health department personnel to student health records, when such access is required in the performance of official duties;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Under 603 CMR 23.07(4)(a) a school may release the following "directory" information without prior consent: "a student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletic teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans." Parents and eligible students may request that this information not be released without prior consent.

As referenced in 603 CMR 23.07(4)(g), the District forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

Under section 37L of G.L., c. 71, any student transferring into a new school district must provide the new district with "a complete school record," including but not limited to, "any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act."

Please also note that all student records will be destroyed 30 days after the student's graduation from MMRHS or 30 days after transferring to another school. **This handbook hereby provides students and parents/ guardians with notice of destruction of records.** Parents/ guardians/ adult students are encouraged to request and procure student records from the central office within 30 days of a student's graduation or transfer to another school.

RIGHT OF ACCESS, INSPECTION, AND REQUEST FOR AMENDMENT OF RECORDS BY CUSTODIAL PARENTS AND ELIGIBLE STUDENTS

Pursuant to 603 CMR 23.07, parents and eligible students shall be given access to the student record within ten days after the initial request and have the right to inspect the records. Upon request, school officials will meet with the parent/ eligible student to interpret the records. The parent/ eligible student also has a right to have the records inspected by third parties.

Parents/ eligible students may also add information, comments, data, or other relevant information to the student record. They may submit written requests for amendment or deletion of all educational records, with the exception of records entered by a special education evaluation team. If parents/ eligible students wish to have special education records amended or deleted, they may request a meeting with the school principal or his/ her designee, or the special education team to discuss their concerns.

NON-CUSTODIAL PARENTAL REQUEST FOR STUDENT RECORDS

G..L. c. 71, § 34H

Any parent who by court order does not have physical custody is considered a non-custodial parent. A non-custodial parent may have access to the student record in accordance with law and Department of Education regulations, found at 603 CMR 23.07. A non-custodial parent requesting information shall submit a written request to the school principal.

Any parent who does not have physical custody shall be eligible to receive access to the student record unless:

- Parent's access is currently prohibited by temporary or permanent protective order, unless this order specifies access to such information.
- The parent is denied visitation; or, based on threat to safety of the child, is currently denied legal custody, or is court-ordered to be under supervised visits, and such threat is specifically noted in the custody or visitation order.
- There is an order of a probate and family court judge which prohibits the distribution of student records to the parent.

Once a request is received, the school shall review the student's records for any documentation limiting or restricting the non-custodial parent's access to the information or records. The district shall notify the custodial parent of the request by certified mail in both primary language of the custodial parent and in English that it will provide the information after 21 days, unless the custodial parent provides the principal with documentation that the parent is not eligible for the information. Such documentation includes:

- A court order prohibiting contact with the student, as outlined above;
- A (temporary or permanent) court order plainly prohibiting the distribution of information to provide protection to the student from abuse by the requesting parent; and
- Subsequent orders modifying a protective order that would otherwise allow such access. In this case, the custodial parent must contact the school to notify administration of any such modified court orders and provide documentation thereof.

If the custodial parent responds and provides any of the above documents, these records are to be placed in the student's file. If the custodial parent does not produce such documentation, the student records will be provided to the non-custodial parent, except that all electronic and postal address and telephone numbers relating to work or home of the custodial parent shall be removed from the records sent. Furthermore, student records provided to a non-custodial parent will be stamped to indicate that they cannot be used to enroll the student in school elsewhere.

If a student is the subject of any temporary/permanent custody order, decree, or agreement, a copy of the custody order, decree or agreement – either signed by the judge of the probate court in the case of an order or decree or signed by both parents in the case of an agreement – must be provided to the main office.

These orders are important for determining access to the student's records, the right to have the student dismissed into the care of an individual, the right of access to a student's teacher and similar issues. Parents are responsible for notifying the school of any changes in the custody order, decree, or agreement.

These records are to be placed in the student's file. Each elementary and secondary school shall provide student records within ten days including, but not limited to:

- Report cards and Progress Reports
- Results of standardized testing
- Notice of referral for special education evaluation
- Notification of enrollment in ESL program (Chapter 71A)
- Notification of absences and illnesses
- Notification of detentions, suspensions, or expulsions
- Notification of permanent withdrawal from school

Upon receiving oral or written notice that the student seeks or intends to transfer to another school, the District will send a student's records to the school to which a student seeks or intends to transfer. The District does not require the consent of the eligible student or parent to forward these records.

PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA) requires that the school notifies you to obtain consent or allow you to opt out of the following school activities: a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior;
4. Critical appraisals of others with whom respondents have close family relationships;
5. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
6. Religious practices, affiliations, or beliefs of the student or parents; or
7. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings.

The District will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, a notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under State law).

Any allegations of FERPA violations relating to the above sections may be directed to the U.S. Department of Education's Family Compliance Office, located at 400 Maryland Avenue, SW, Washington, DC 20202.

ATTENDANCE POLICY AND PROCEDURE

Though homework and independent learning are important components of a high school education, participation in classroom activities is the basis for all learning. The learning experience that takes place in the classroom environment is a meaningful and essential part of the classroom structure. Time lost from class, in terms of opportunities for interaction among students and teachers, is irretrievable. Moreover, each classroom is a community in which students are expected to play an active role as members of their collective high school community. Therefore, daily classroom attendance is an integral part of each student's course of study. Regular school attendance is important to the learning process and establishes good work habits. Research, experience, and common sense show that students who attend school regularly do better than students who do not attend regularly. Attendance in the classroom and the opportunities therein to interact with the teacher and other students is an integral part of the learning experience.

Excused Absences

All students are required by law to attend school every day that school is in session. From time to time, circumstances dictate that a student will need to be absent from school for reasons deemed necessary by district policy. Parents/guardians have a legal responsibility to ensure their child is in attendance each day school is in session, unless he/she is absent for one of the following reasons:

- Illness – persistent absences may require a note from a doctor.
- Bereavement.
- Documented medical or dental appointments.
- Documented court or legal commitments.
- Religious holidays.
- College visits.
- School field trips and programs.
- Disability-related reasons approved by a student's IEP or 504 Team.
- Other extenuating circumstances approved by the school administration.

Teachers are not authorized to excuse absences.

Unexcused Absences

All other reasons for an absence will be considered **unexcused** even if the student was given permission to miss school by their parent.

Massachusetts State Law specifies that a student under 16 years of age may not be absent more than six(6) unexcused day sessions in a six (6) month period. Students who willfully fail to attend class for more than eight (8) days are defined as habitually truant. Chronic absenteeism is defined in absences in excess of fifteen (15) excused or unexcused days. Parents are required under the law to ensure regular school attendance of their children and are subject to a fine or other legal action if they fail to comply with the law. The local school administration or designee will be provided with the names of students with seven or more unexcused absences during a six-month period.

Some examples of **unexcused absences** are, but not limited to:

- Family vacations/ trips unless the administration has granted approval for a documented educational experience or purpose
- Truancy
- Activities that should be conducted outside the school day, such as hair appointments, shopping, sleeping, doing homework, etc.
- Activities more appropriately related to the parent/guardian, such as providing care for siblings, absence due to parent transportation, etc.

Students' opportunity to gain a meaningful education is severely reduced if they choose not to attend school. **Academic class work and tests missed while choosing to be truant or leaving the school grounds without permission may not be made up. They are recorded without credit.**

Notification

Parents should notify the school by telephone each time their child is absent (excused or unexcused). The school administration or designee will determine if the absence is excused. If the parent does not call the school, school personnel will call the child's home, parent's workplace, or emergency contact to confirm the absence.

CLASS ATTENDANCE

Consistent with Monument Mountain's focus on Positive Behavioral Interventions and Supports, students are encouraged to take responsibility for their learning by attending classes each day. **A class cut** occurs when a student, who is marked present and in attendance to school, deliberately chooses not to go to his/ her scheduled class. In cases where school and class attendance show that a student may be cutting class, that student will be afforded due process through a meeting with school administration and is subject to both school and academic consequences based on the outcome of the meeting.

DISMISSALS

In order for a student to be dismissed before the end of the school day, the parent or guardian must send a note from home with a phone number for verification. This note should be submitted to the Main Office prior to first period, or as soon as possible thereafter. The note should describe the reason for the early dismissal, the destination of the pupil and the time of the actual release. The administration will decide whether the reason for the early release is appropriate and where appropriate will give consent. All 18-year-old students who have completed the age of majority form must obtain administrative permission in order to leave school grounds during the academic day. If parent dismissals contribute to a pattern of absences that are excessive, Monument Mountain Regional High School reserves the right to request a meeting between the school and student guardian to discuss the concern. Absences that result from a dismissal will be considered unexcused unless they meet the criteria for an excused absence, which are highlighted below.

Make-up Missed Work

It is the responsibility of the student to contact their teachers or classmates through email to gather work on days missed. It is suggested that students make arrangements with their teacher either in person or through email to gather class assignments as soon as possible in the event of an absence and in advance when the absence is planned. As indicated above, students may also contact Guidance for assistance when they will be absent for more than two days.

Attendance Procedure

When absences occur within a six (6) month period, the following steps will be taken

Step 1: Five (5) days of unexcused absence:

- Principal or designee sends a letter home reminding parents of the attendance policy.
- At the discretion of the Principal, a follow up call is made to parents to further explain policy and -develop a plan for improved attendance.

Step 2: Seven (7) days of unexcused absence:

- Letter from Principal or his designee and follow up conversation between Principal or designee and family to discuss the child's pattern of unexcused absences. The letter states that further unexcused absences may result in a referral to the Department of Children and Families and/ or Berkshire Juvenile Court.
- The administrator may suggest a meeting between parents and school staff to devise an attendance plan for the student and to discuss strategies to address the manifestation of the truancy issue.

Step 3: Ten (10) days of unexcused absence:

- Letter home indicating that the child has exceeded the legal limit.
- Principal or designee requests a formal meeting with parents to discuss ways the school and home can work together to resolve unacceptable number of unexcused absences.
- In the event that the parent fails to schedule and appear for a formal meeting within a two-week period, the district will initiate truancy/negligence procedures as described below.

Step 4: Fifteen (15) days of unexcused absence:

- The District initiates a CRA (Children Requiring Assistance) or a Failure to Send Action with the Southern Berkshire Juvenile Court, and/ or a 51A filing for educational neglect with the Department of Children and Families (DCF).
- Written notification to parents.

STUDENT RESPONSIBILITY FOR CLASS ATTENDANCE

Students are expected to attend all regularly scheduled classes. As such, it is necessary to take reasonable steps to ensure that students are present for all scheduled classes. Any student who is reported absent from class, who is not *excused* absent or dismissed from school in accordance with the BHRSD Attendance Policy will be charged with a class cut. Three (3) tardies to class is equivalent to one absence. Additionally, each teacher will establish classroom and attendance procedures for his/her classes that support both attendance and participation. While these guidelines may vary depending on the nature of the course, they will align with the BHRSD Attendance Policy. In all cases, students who miss seven (7) scheduled class periods, excused or unexcused, in any course in a semester risk failing that class for the semester and, as a result, losing credit for the course.

TARDINESS TO CLASS

Tardiness occurs when a student is not in class when the bell sounds to signify the start of the class. It is a student's responsibility to be on time for class. With regard to tardiness, the classroom teacher sets and communicates his/her expectations, monitors the student's behavior, honors the efforts of punctual students, and disciplines when appropriate. In cases where, after repeated attempts to rectify the issue, the teacher's efforts to remediate classroom tardiness are unsuccessful, the student's name will be submitted to the administration for school appropriate next steps.

TARDINESS TO SCHOOL

The school day starts at 8:00 a.m. with the first period academic class. Consistent with the school's positive behavior supports initiative, students are encouraged to take responsibility by being punctual to school and ready to learn. Parents are encouraged to review the school's bell schedule and attendance expectations with their student and to work with the school to alleviate and rectify tardiness or any attendance concerns before the concerns reach a chronic level. Thus, students tardy to school are in fact tardy to class. In keeping with school attendance practices, **three (3) tardies to school** is the equivalent of one class absence.

DISCIPLINARY GUIDELINES AND POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

It is the fundamental responsibility of any school leadership team to direct and maintain a safe and orderly school assembly on a daily basis. It is to be expected, then, that schools will create a set of student expectations and appropriate school action meant to maintain these expectations. At the same time, we work with students who do not adhere to these expectations and hold them accountable while teaching them how to restore any damage to their relationships. Though students are expected to conduct themselves in a manner that reflects favorably upon themselves, their families, and their school, Monument Mountain recognizes that our school's expectations can only be achieved by balancing disciplinary procedures with the developmental right of each student to be a part of a community and to be able to restore relationships whenever an expectation is breached. It is with this philosophy in mind that Monument Mountain has adopted both restorative practices and Positive Behavior Interventions and Supports (PBIS).

RESTORATIVE PRACTICES AND POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

Building discipline and the development of school culture are pursued through a program known as Restorative Practices at Monument Valley and continued at Monument Mountain. Restorative Practices are based on seven core assumptions.

1. The true self in everyone is good, wise and powerful.
2. The world is profoundly interconnected.
3. All human beings have a deep desire to be in good relationships.
4. All humans have gifts; everyone is needed for what they bring.
5. Everything we need to make a positive change is already here.
6. Human beings are holistic.
7. We need practices to build habits of living from the core self.

When the trust of the community is violated, we respond restoratively. Discipline in a restorative context focuses more on repairing the harm than on punishing the wrong-doer. We ask 'What and who were harmed?', 'What needs to be done to repair that harm?', and 'Who is obligated to repair that harm?' Families are important partners in the restorative process. Especially in instances of serious harm, it is important that all students in a restorative circle feel they have advocates and allies in that circle. Families know their children the best. Your honest support and feedback in a restorative circle are a critical part in an effective restorative circle.

Restorative Practices in Use

Restorative Practices are multi-tiered approaches meant to establish and maintain community expectations so that harm can be repaired when those expectations are breached.

Tier I: We use classroom circles to build strong relationships within the classroom community, establish shared values, and promote conversations when harm repair is necessary. All students at Monument Mountain will, at the very least, experience restorative practices at the tier I level.

Tier II: Monument Mountain uses “harm repair circles” whenever possible to address an infraction by examining root causes for the behavior and promoting accountability and healing. These circles are used after harm has occurred, and when relationship repair is necessary.

Tier III: Monument Mountain uses restorative practices to provide services intended to support accountability and achievement for students returning to school following extended absences such as truancy, suspension, or community consequences.

Positive Behavior Interventions and Supports (PBIS)

PBIS operates on the premise that behavior is a skill that can be taught to, and mastered by each student through the development of clear expectations and predictable classroom routines. These expectations are reinforced whenever possible through teaching, relationship building, and encouragement.

GENERAL BEHAVIORAL EXPECTATIONS

Social Behavior: School Hallways and Public Areas: MMRHS allows students to peacefully congregate in corridors and other public areas before and after school and during lunch periods. Behavior needs to be quiet, civil, and respectful of others and of classroom activities. If student behavior is determined disruptive or to be in violation of these expectations, the privilege may be revoked.

Public Displays of Affection: MMRHS is a public institution where appropriate social norms and boundaries must be maintained, and we take pride in our friendly, respectful environment. In this regard, any activity of a sexual nature, including excessive public displays of affection, is not allowed on school grounds. If student behavior is not within appropriate norms, consequences for these actions will be determined by the Administration.

Lunch Time Behavior: Students are expected to behave appropriately during lunch and to clean up after themselves. MMRHS 's students enjoy the privilege of eating in the cafeteria, in some hallway areas, outside in front of the school on the picnic tables and island, and outside on the platform. Students are not allowed to eat in classrooms unless they are joined by a teacher, or to be in the academic wings, in the parking lot or in the back of the school. Students found in violation of these guidelines may have their lunch privileges revoked and be restricted to the cafeteria during the lunch period.

BUS BEHAVIOR

In accordance with BHRSD Policy EEA, the School Committee has responsibility for students while being transported on school buses. The building Principal(s) are designated by the Berkshire Hills Regional School District School Committee to act as its agent for the enforcement for the school bus transportation policy and as such the Principals have the same duties and responsibilities toward the students on the buses as they have toward these same students in a classroom situation. They also have the responsibility of advising and assisting the bus drivers in the maintenance of proper student behavior.

There are three main responsibilities involved with transportation:

- a) Ensuring the safety of all bus riders.
- b) Ensuring timely arrival and departure to and from school.
- c) Enforcement of school attendance laws.

To ensure the safety of all bus riders, it is recommended that the privilege of school bus transportation be subject to review and appropriate school action for any student whose conduct is such that it is distracting to the bus driver.

- a) The following offenses shall apply:
 1. Smoking, the use of drugs, alcohol, or any other contraband substance.
 2. Being in the possession of a firearm, knife, explosive, or any other weapon.
 3. Injury to another person.
 4. Fighting.
 5. Bullying, pushing, shoving, “horseplay”, or any other activity that is distracting to the bus driver.
 6. Damaging property.
 7. Swearing, foul and/or abusive language.
 8. Refusing to follow reasonable instructions given by the bus driver that are directly related to the driver’s authority and responsibility to ensure safe and secure transport of students.
- b) Monument Mountain High School uses the following procedure when suspected bus infractions are reported:
 1. **Investigation:** The Assistant Principal will investigate the claim, and the student will be afforded the right to due process. All school infractions, including bus infractions, will be handled on a case by case basis.
 2. **Restorative Practices:** In any case where a bus infraction is reported, administration will explore opportunities to restore relationships and trust between the student accused of the infraction and reporting parties. As with any case where restorative practices is applied, the Assistant Principal will determine the most appropriate application of restorative practices, and will base his or her decision following the outcome of the investigation.
 3. **Additional School Action:** In cases where additional school action is necessary, Monument Mountain Regional High School can impose additional consequences, which will be determined based on factors such as the frequency of infractions, the severity of the infraction relative to bus safety, and any other factor specific to the bus infraction:
- c) Each infraction shall be reported by the bus driver to the administration (in writing) on the same day as the occurrence (if possible). It is the responsibility of each bus driver to include as much specific detail as is possible in each report he/she makes to the administration.
- d) Any report submitted by a school bus driver and verified by the school administration will be filed upon a bus behavior report, listing student name, age, description of offense, and action taken by the building administration. This report will be filed in each school, with copies sent to parents/guardians, bus driver and bus contractor.
- e) Denial of school bus transportation shall mean denial of the right to ride on all school buses, including but not limited to buses transporting students to athletic events or other extra-curricular activities.

DESTRUCTION OF SCHOOL PROPERTY

Students should exert every effort to preserve the school, including its equipment, facilities, and grounds from damage and misuse. Students who willfully or through neglect damage or misuse school property will be subject to disciplinary action, plus restitution in full, including material and labor. Destruction or damage to the school plant or grounds, if done by an unidentified individual, may be repaired or replaced with the cost shared by all four classes.

DESTRUCTION OR DAMAGE TO THE PROPERTY OF SCHOOL PERSONNEL

Any student who destroys, damages, or threatens to destroy or damage the property of school personnel will be subject to suspension, plus full restitution. Where warranted, police will be notified.

TEACHER IN CHARGE

Students must show proper respect for and deference to the legitimate requests of all members of the school staff. Disrespectful behavior in the form of profane language or gestures or disruptive behavior in school will subject the offender to detention or suspension.

FALSE ALARMS

False alarms are dangerous and put the lives of individuals in a serious situation. The consequences for this dangerous act will be the maximum possible under school regulations and will also involve referral to the local authorities.

GAMBLING

No card playing, coin pitching or gambling of any nature is allowed on school premises. Students caught gambling will have the money confiscated and be subject to detention or suspension.

LEAVING SCHOOL GROUNDS WITHOUT PERMISSION

Students are not to leave school without the permission of the administration during the regular school day. If a student leaves school without permission, his/her parent/guardian will be notified. The student will not be allowed to make up any academic class work or tests missed. Students who leave or transport students without permission will face loss of their driving privileges on Monument Mountain Regional High School property, as well as suspension from school.

PERSONAL ELECTRONIC DEVICES

(including smart phones, tablets, laptops, smart watches, etc.)

MMRHS recognizes the importance of electronic devices in our students' world. The use of these devices is allowed in school and the following guidelines apply:

- Cell phones may be used for the purpose of personal communication and texting before and after school and during the lunch period. Cell phones with internet access may be used as a research/study tool during study halls and as teachers designate during their classes. Teachers may request that phones and tablets be put away during class periods (see Teacher in Charge, p. 25). Students must respect the teacher's request and put their phone away when asked to do so. If asked the student must relinquish their phone to be given back at the end of the day. Failure to give up the phone will be disciplined accordingly ranging from detention, not allowing students to bring their phone to school or suspension.
- Students in possession of a video cell phone cannot take pictures of students or adults on school grounds. Violations of these rules could result in suspension from school, loss of electronic device privileges, and if warranted, police action.
- iPads, tablets, notebooks and laptops may access the Internet through the BHRSD guest network. These devices will be used for research and study during study halls and as teachers designate during their classes. The BHRSD Electronic Resources policy (File: IJNDB) will govern all practices and decisions regarding student use of electronic devices. The use of electronic information resources is a privilege, not a right. Inappropriate use of these resources will result in the loss of computer services, disciplinary action, and/or referral to legal authorities.

FIGHTING/ASSAULT

Any form of boxing, shoving, wrestling, pushing, punching, kicking, or any other malicious body contact during the school day or any school event will not be tolerated. These actions will be termed fighting, and all participants will be subject to external suspension. In the case of assault with an aggressor and victim, the victim will not be subject to suspension and

a bullying investigation will be initiated. The length of the external suspension will be determined by the school administration, not to exceed five (5) days for a first offense, nine (9) for a second offense. An expulsion hearing will be held for any third or additional offense. An expulsion hearing will be held for a student who assaults any school employee at any time. See G. L. c. 71, § 37H ½ and the Bullying Intervention and Prevention Policy, below.

SUBSTANCE ABUSE POLICY

The Berkshire Hills Regional School District is legally and ethically obligated to create an environment that preserves the safety and honors the learning of all students. Consistent with Monument Mountain's focus on Positive Behaviors Interventions, and Supports (PBIS), students are expected to respect the safety of the school community and themselves by abstaining from the use and abuse of substances.

In addition, the Berkshire Hills Regional School District provides age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12 and uses a verbal tool to screen pupils for substance abuse disorders in grades 7 and 9. A parent or guardian may opt out of the screening by written notification at any time prior to or during the screening in view of the fact that the use of alcohol and/or drugs can endanger the health and safety of the user, and recognizing the deleterious effect the use of drugs or alcoholic beverages can have on the maintenance of general order and discipline, the District prohibits the use of, serving of, or consumption of any alcoholic beverage or drugs, such as marijuana, steroids or any controlled substance, on school property or at any school function.

The following procedures have been established to inform students of their rights and responsibilities as well as the actions to be taken regarding drug and alcoholic beverage possession, use, distribution or sale. In addition to the following procedures, any student who unlawfully uses, possesses, sells or otherwise distributes a drug, synthetic drug, alcoholic beverage or drug paraphernalia while on school property, during an off-school site activity, or at a school-sponsored activity, may be subject to suspension or expulsion based on the outcome of an investigation. See also G. L. c. 71, § 37H, below.

DEFINITION OF TERMS

All medication, including prescription drugs to be taken for medical purposes, must be administered under the supervision of the school nurse, with the exceptions of the following medications that may be self-administered: inhalers, enzyme supplements for cystic fibrosis, glucose monitoring tests and insulin delivery systems for diabetes, and epinephrine pens. All requests for students with disabilities to self-administer medications may be directed to their 504 or IEP TEAMS, or to the school nurse. All other medications must be given to the nurse at the beginning of the school day and taken in her presence unless otherwise provided by a student's IEP or 504 Team, or the school nurse.

Use: The self-administration of any drug or substance that is not approved by a student's IEP or 504 Team, or the school nurse.

Substance Abuse: A maladaptive pattern of substance use leading to clinically significant impairment or distress.

Contraband: A drug, alcoholic beverage, or drug paraphernalia. Paraphernalia may include any Juul or vaping device or any other system that aids in the delivery of a drug or nicotine.

Common examples of substance use and abuse experienced by schools include, but are not limited to:

1. A student voluntarily acknowledges to school personnel the presence of a substance abuse concern.
2. A student is suspected to be under the influence of drugs or alcohol.
3. A student is found to be in possession of a drug, alcoholic beverage or drug paraphernalia for personal use or sale.
4. A student not enrolled in Berkshire Hills Regional School District is believed to be under the influence of a drug or in possession of a drug or drug paraphernalia.

SUBSTANCE ABUSE PROCEDURES

1. A student voluntarily acknowledges to school personnel the presence of a substance abuse concern outside of the G. L. c. 71, § 97 screening process. (Note that the process for responding to these concerns during screening is governed by that statute, which prohibits disclosure of the statement without written student consent).

School Procedure

- A. The administration shall be immediately notified.
 - B. The student shall be referred to school counselors.
 - C. The student's legal guardian(s) shall be notified and a meeting of the student, guardian(s) and school officials shall be held to discuss appropriate options for treatment.
 - D. A designated school official will follow up with students and families at dates, times, and at a frequency agreed upon by all involved parties to support the student and family in finding and maintaining appropriate treatment.
2. A student is suspected to be under the influence of drugs or alcohol for reasons unrelated to the aforementioned screening process.

School Procedure

- A. The administration shall be immediately notified.
 - B. The administration, in cooperation with the school's nurse, will assess the student and situation to determine if further evaluation or care is necessary.
 - *If further evaluation or care is not necessary*, administration will investigate the claim and report all findings to parents and school counselors to determine next steps.
 - *If further evaluation or care is necessary*, administration will work with the nurse to determine the severity of the impairment so that emergency care can be sought if necessary.
 - C. If no emergency care is necessary, the student will be supervised by the school nurse until they can be returned to the care of their parent or guardian.
 - D. School consequences, specific to the incident, will be issued at this time. Local law enforcement may be notified of the incident at this stage.
 - E. Once the student is ready to return to school, a meeting will be scheduled, and a support plan, designed to prevent a recurrence of the behavior, will be created. A designated school official will follow up with students and families at dates, times, and at a frequency agreed upon by all involved parties.
3. A student is found to be in possession of a drug, alcoholic beverage or drug paraphernalia either for personal use or sale.

School Procedure

- A. The administration shall be immediately notified.
 - B. The administration, in cooperation with the school's nurse, will assess the situation according to section II (student use).
 - C. The parent/guardian shall be notified and the student will be removed from school property for the remainder of the day.
 - D. School administration will conduct a full investigation in order to determine appropriate school action including logical next steps to support the involved student. Investigators will consider the following circumstances when reaching a decision:
 - The student's engagement, or willingness to engage, in treatment programs related to substance use and abuse or behaviors that may be contributing to substance abuse
 - The number of prior incidents involving drugs, alcohol, or nicotine
 - Whether or not the student possessed the substance for the purpose of selling it to others
 - Specific factors related to the type and quantity of the substance
 - Other specific factors related to the present incident
 - E. School consequences, specific to the incident, will be issued at this time. Local law enforcement is notified of the incident at this stage, and any confiscated contraband may be turned over to police.
 - F. Once the student is ready to return to school, a meeting will be scheduled, and a support plan, designed to prevent a recurrence of the behavior, will be created. A designated school official will follow up with students and families at dates, times, and at a frequency agreed upon by all involved parties.
4. A student not enrolled in Berkshire Hills Regional School District is believed to be under the influence of a drug or in possession of a drug or drug paraphernalia.

School Procedure

- A. The administration shall immediately be notified.
- B. School administration will take all necessary steps to arrange for the safe removal of the student from campus including assessing the situation according to section 2 (student use).
- C. If appropriate, the parent/guardian shall be notified.
- D. Contraband will be turned over to the police.
- E. The administration of the student's sending school will be notified.

School appropriate disciplinary actions increase with subsequent offenses.

NICOTINE REGULATIONS

In order to create and ensure an environment that is mindful of, and responsive to, the health and wellness of all students, Monument Mountain observes a policy designed to educate students on the dangers of nicotine use while honoring the right of all students to learn in a smoke and nicotine free environment. The following procedures are designed to uphold the law, educate students about the dangers of nicotine use and abuse, and help students struggling with nicotine use to find safe pathways to cessation.

If a student is found to be using tobacco, chewing tobacco, a Juul, vape, or any other type of device designed to aid in the use of nicotine, outside of the building:

1. The student will be allowed due process.
2. School administration will meet with the student and their guardian either in person or via telephone to discuss the circumstances of the infraction and to determine a school appropriate response.

3. A school appropriate response to nicotine use can include any combination of the following:
 - student assignment to a school sponsored substance abuse cessation program
 - an agreement between the family and school on an appropriate outside program to address nicotine abuse or the behaviors that manifest the abuse.
 - a school appropriate step designed to repair the harm done to the school community.
 - a school consequence appropriate to the specific details of the offense and the number of prior offenses incurred by the student.

If a student is found to be using tobacco, a Juul, vape, or any other type of device designed to aid in the use of nicotine, inside of the building:

1. The student will be allowed due process.
2. School administration will meet with the student and their guardian either in person or via telephone to discuss the circumstances of the infraction and to determine a school appropriate response.
3. A school appropriate response to nicotine use can include any combination of the following:
 - student assignment to a school sponsored substance abuse cessation program
 - an agreement between the family and school on an appropriate outside program to address nicotine abuse or the behaviors that manifest the abuse.
 - a school appropriate step designed to repair the harm done to the school community.
 - a school consequence appropriate to the specific details of the offense and the number of prior offenses incurred by the student.

MEDICATIONS

All medications are kept securely the nurse's office, except for the following medications that may be self-administered by a competent child: inhalers, enzyme supplements for cystic fibrosis, glucose monitoring tests and insulin delivery systems for diabetes, and epinephrine pens. All requests for students with disabilities to self-administer medications may be directed to their 504 or IEP Teams, or to the school nurse. With all other medications, an adult must deliver medications directly to the nurse and students are not to bring in their own medications. The school nurse administers prescription medications with an order from the prescribing doctor. Over the counter medications can be administered with written consent from the legal guardian. This includes sunscreen and insect repellent.

ADMINISTRATIVE ACTION IN CASES INVOLVING DRUGS, CONTROLLED SUBSTANCES, WEAPONS, OR STAFF MEMBER ASSAULTS – G.L. c. 71, § 37H:

The superintendent of every school district shall publish the district's policies pertaining to the conduct of teachers and students. Said policies shall prohibit the use of any tobacco products within the school buildings, the school facilities or on the school grounds or on school buses by any individual, including school personnel. Said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from idling such vehicles on school grounds, consistent with section 16B of chapter 90 and regulations adopted pursuant thereto and by the department. The policies shall also prohibit bullying as defined in section 37O and shall include the student-related sections of the bullying prevention and intervention plan required by said section 37O. Copies of these policies shall be provided to any person upon request and without cost by the principal of every school within the district.

Each school district's policies pertaining to the conduct of students shall include the following: disciplinary proceedings, including procedures assuring due process; standards and procedures for suspension and expulsion of students; procedures pertaining to discipline of students with special needs; standards and procedures to assure school building security and safety of students and school personnel; and the disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of a student's civil rights. Codes of discipline, as well as procedures used to develop such codes shall be filed with the department of education for informational purposes only.

In each school building containing the grades nine to twelve, inclusive, the principal, in consultation with the school council, shall prepare and distribute to each student a student handbook setting forth the rules pertaining to the conduct of students. The student handbook shall include an age-appropriate summary of the student-related sections of the bullying prevention and intervention plan required by section 370. The school council shall review the student handbook each spring to consider changes in disciplinary policy to take effect in September of the following school year, but may consider policy changes at any time. The annual review shall cover all areas of student conduct, including but not limited to those outlined in this section.

Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:

- (a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- (b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- (c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).
- (d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
- (e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.
- (f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.
- (g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

**ADMINISTRATIVE ACTION IN CASES INVOLVING FELONY
CHARGES AND CONVICTIONS –G.L. c. 71, §37H½:**

(1) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.

BULLYING INTERVENTION AND PREVENTION

BHRSD is committed to the provision of an educational atmosphere free from bullying, cyber-bullying and retaliation (Chapter 92 of the Acts of 2010, Section 5, Section 37O(d)(i)) in order to create a safe, caring, and respectful learning environment for all students. This Plan is updated to reflect G.L. c. 71, § 37O as amended by Sections 72 –74 of Chapter 38 of the Acts of 2013, which changed the definition of "perpetrator" to include "a member of a school staff, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach,

advisor to an extracurricular activity or paraprofessional.” The amendment also made the plan applicable to school staff, including but not limited to, the individuals listed in the amended perpetrator definition.

Definitions:

“Aggressor” and “Perpetrator” are used interchangeably and mean the perpetrator of bullying or retaliation as defined in G.L. c. 71, § 37O.

“Bullying”, pursuant to G.L. c. 71, § 37O, means the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:

1. causes physical or emotional harm to the target or damage to the target’s property;
2. places the target in reasonable fear of harm to himself or herself or damage to the target’s property;
3. creates a hostile environment at school for the target;
4. infringes on the rights of the target at school; or
5. materially and substantially disrupts the education process or the orderly operation of a school.

For the purposes of this section, bullying shall include cyber-bullying.

“Cyber-bullying” is bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to: any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include:

1. the creation of a web page or blog in which the creator assumes the identity of another person or
2. the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (1) to (5), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (1) to (5), inclusive, of the definition of bullying.

“Hostile environment” means a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student’s education.

“Target” means a student victim of bullying or retaliation as defined in G.L. c. 71, § 37O.

Prohibition of Bullying

Bullying is prohibited: on school grounds, property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by a school district or school and

at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by a school district or school, if the bullying creates a hostile environment at school for the target, infringes on the rights of the target at school or materially and substantially disrupts the education process or the orderly operation of a school. Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (b)).

Reporting Incidents

The school district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Reports of bullying and retaliation

should be given orally or in writing to the building Principal. The target should report the specifics of the complaint to ensure that the subsequent investigation is focused on the relevant facts. A *Witness Form* is available in school offices, and is available on the school and district's websites.

Our school staff has been trained on the new law and shall immediately report any instance of bullying or retaliation the staff member has witnessed or becomes aware of to the principal or to the school official identified in the plan as responsible for receiving such reports or both. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (g).)

If an incident of bullying or retaliation involves students from more than one school district, charter school, non-public school, approved private day or residential school or collaborative school, the school district or school first informed of the bullying or retaliation shall, consistent with state and federal law, promptly notify the appropriate administrator of the other school district or school so that both may take appropriate action. If an incident of bullying or retaliation occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in a local school district, charter school, non-public school, approved private day or residential school or collaborative school, the school district or school informed of the bullying or retaliation shall contact law enforcement consistent with Chapter 92 of the Acts of 2010, Section 5, Section 37O (h).

The building principal/designee shall be responsible for assisting employees and students seeking guidance or support in addressing matters relating to any form of bullying. All employees will be provided professional development in bullying prevention and intervention on an ongoing basis.

It is important that allegations of bullying and retaliation be investigated and resolved as confidentially and as quickly as the circumstances permit. Once a complaint of bullying or retaliation has been made, the following course of action should be taken:

- Investigating and/or gathering data
- Substantiating and establishing the facts
- Assessing the facts
- Documenting
- Communicating results

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying shall be prohibited. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (d)(v).) A student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

Following the investigation, if the Principal or his/her designee determines that bullying or retaliation has occurred, the Principal or his/her designee shall (i) notify the local law enforcement agency if the Principal or his/her designee believes that criminal charges may be pursued against an aggressor; (ii) take appropriate response or disciplinary action, including, but not limited to warnings, detentions and suspensions; (iii) notify the parents or guardians of an aggressor; and (iv) notify the parents or guardians of the target, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation; and (v) inform the parents or guardians of the victim about the Massachusetts Department of Elementary and Secondary Education's problem resolution system and the process for seeking assistance or filing a claim through the problem resolution system. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (g).)

Academic Activities

BHRSD shall provide age-appropriate instruction on bullying prevention in each grade. This instruction shall be incorporated into the curriculum, be evidence-based, and information about it must be made available to parents and guardians. *Second Step* curriculum will be used in Grades K-8 for all students. In Grades K-5, *Second Step* is taught by the classroom teacher, and at the middle school level, *Second Step* is taught in Health classes. *Steps to Respect* is utilized in

Grades 3-5 with whole classrooms as indicated by incident reports or requests by the classroom teacher, administrator, school psychologist, or adjustment counselor. There are additional interventions used as needed. Initiatives will also teach students about the student-related sections of the Bullying Prevention and Intervention Plan at the beginning of the school year during administrative assemblies in Grades 6-12, and by classroom teachers in Grades K-5. At the high school, during physical education and health classes, students will be engaged in a curriculum that meets the approaches as described above. Additional interventions at the high school include social skills groups in each of the special education programs.

The District will annually report bullying incident data to the Department of Elementary and Secondary Education.

More detailed information can be found at the BHRSD Bullying Prevention and Intervention Plan. It is available on the website and at the office, upon request.

DISCIPLINE PROCEDURE FOR STUDENTS WITH DISABILITIES OR IMPAIRMENTS

All students are expected to meet the requirements for behavior as set forth in this Handbook. State and federal law requires that additional provisions be made for students with disabilities.

Students with Special Needs or 504 students may be suspended for up to ten (10) consecutive days, or ten (10) cumulative days, in any one school year, as would any other student under this handbook. Suspensions or exclusions in excess of ten (10) consecutive days or ten (10) cumulative days may also occur, provided that the conduct for which the student is being disciplined is not a manifestation of his/her disability (see below), and for special education students, that the District provides services to allow the students to receive a free and appropriate public education ("FAPE") during the suspension or exclusion. Section 504 students are not entitled to FAPE during the period of exclusion if the discipline is not a manifestation of the disability, but are entitled to make academic progress and educational services during a suspension, like a regular education student.

When a Special Needs or 504 student has been suspended for more than ten (10) consecutive or cumulative days in a school year, the Team will meet to conduct a manifestation determination. The manifestation determination Team must consider all relevant information in the student's file, including the student's IEP (or 504 Plan), in order to determine whether the behavior prompting disciplinary removal was a manifestation of the student's disability. The Team determines whether or not the misconduct was a manifestation by deciding two questions:

1) Is the misconduct the result of failure to implement the student's IEP or 504 Plan?

AND

2) Is the misconduct caused by, or does it have a direct and substantial relationship to the student's disability?

A summary of the manifestation determination review will be written and a copy provided to the parent(s)/guardian(s) as soon as possible after the review, but no later than five (5) school days after the review.

If the Team finds that the misconduct was not a manifestation of the student's disability, then the student may be disciplined according to the discipline policy otherwise outlined in this Handbook. Special education students will receive a free and appropriate public education during this period of suspension or exclusion. 504 students have a right to make academic progress and receive educational services like regular education students pursuant to Chapter 222. The student's Team should also consider whether a functional behavioral assessment (FBA), behavioral intervention plan, or changes to the student's IEP/504 Plan would be appropriate. If the Team finds that the misconduct was a manifestation of the student's disability, then the school may still be able to implement an IAES (see below), but otherwise the student has a right to return to his or her placement. The student's Team will arrange for a functional behavioral assessment (if one has not been recently conducted on the student) and the development or modification of a behavior intervention plan.

Federal and state law also allow school personnel to move a student with disabilities to an interim alternative educational setting (IAES) for up to 45 school days, if that student is in possession of a dangerous weapon at school or a school function or on school property; is in possession or uses a controlled substance or sells or solicits the sale of a controlled substance while at school or a school function or on school property; or inflicts serious bodily injury on a person, including him/herself. Under these circumstances, an IAES placement may be made whether or not the conduct was a manifestation of the student's disability. The appropriate interim alternative educational setting shall be determined by the student's Team.

The IDEA and G.L. c. 71B also allow school personnel the option of pursuing an expedited hearing at the Massachusetts Bureau of Special Education Appeals (BSEA) to change the current educational placement of a student with a disability if remaining in that placement is substantially likely to result in injury to the student or others.

If the parent/guardian (or student 18 years or older) disagree with the Team's manifestation determination, or with the decision to place the student in an interim alternative educational setting, said parent/guardian (or student 18 years or older) also has the right to request an expedited due process hearing from the BSEA.

The Principal (or designee) will notify the Special Education Office of the suspendable offenses of a special needs student and a record will be kept of such notices.

Additional information on the discipline procedures for students with disabilities is available from the Special Education Department.

Students not yet eligible for special education or a 504 Plan

A child who has not been determined to be eligible for special education and related services or a 504 Plan and who has engaged in behavior that violates a code of student conduct may be eligible for the protections described above if the school has reason to suspect that the child has a disability and is in need of services. Please contact the Director of Special Education for more information.

REPORTING REQUIREMENTS – G.L. c. 71, § 37L:

Section 37L. The school committee of each city, town or regional school district shall inform teachers, administrators, and other professional staff of reporting requirements for child abuse and neglect as specified in sections fifty-one A to fifty-one F, inclusive, of chapter one hundred and nineteen, and the reporting requirements relating to fires in section 2A of chapter 148.

In addition, any school department personnel shall report in writing to their immediate supervisor an incident involving a student's possession or use of a dangerous weapon on school premises at any time.

Supervisors who receive such a weapon report shall file it with the superintendent of said school, who shall file copies of said weapon report with the local chief of police, the department of social services, the office of student services or its equivalent in any school district, and the local school committee. Said superintendent, police chief, and representative from the department of social services, together with a representative from the office of student services or its equivalent, shall arrange an assessment of the student involved in said weapon report. Said student shall be referred to a counseling program; provided, however, that said counseling shall be in accordance with acceptable standards as set forth by the board of education. Upon completion of a counseling session, a follow-up assessment shall be made of said student by those involved in the initial assessment.

A student transferring into a local system must provide the new school system with a complete school record of the entering student. Said record shall include, but not be limited to, any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act.

HARASSMENT AND NON-DISCRIMINATION PROCEDURES

INVESTIGATION PROCESS

It is the policy of BHRSD to maintain a learning environment that is free from harassment or discrimination of any kind, including sexual harassment. It is a violation of this policy for any member of the school community to harass or discriminate another individual as outlined in this policy. Any allegation of harassment or discrimination will be investigated, and, if a violation of this policy is substantiated, disciplinary action will be taken. All reports of harassment or discrimination shall be investigated promptly, impartially and in a manner which will preserve the confidentiality of all concerned to the extent practicable under the circumstances.

Any employee, student or third party who believes that he or she has experienced harassment, violence or discrimination on the basis of his or her actual or perceived race, color, creed, ethnicity, religion, national origin, sex/gender, disability, sexual orientation, gender identity or age or who has witnessed or learns about the harassment, violence or discrimination of another person in the school environment, should inform the principal of the relevant school site or appropriate discrimination/harassment complaint official immediately or as soon as possible.

Harassment and discrimination are banned, not just at school during school hours, but also before or after school hours on all school property, including the school bus, school functions, or at school events held at other locations. The policy also applies to any off-campus conduct that causes or threatens to cause a substantial and material disruption at school, or interferes with the rights of students or employees to be free from a hostile school environment taking into consideration the totality of the circumstances on and off campus.

Harassment is defined as unwelcome conduct that creates a hostile environment. Harassing conduct may take many forms, including but not limited to verbal acts and name-calling, as well as nonverbal behavior that is physically threatening, harmful, or humiliating. Conduct is unwelcome if the student or employee did not request or invite it and considered the conduct to be undesirable or offensive.

Sex-based harassment includes both sexual harassment and gender-based harassment.

Sexual Harassment is defined in G.L. c. 151 B, § 1 as Unwelcome sexual advances; requests for sexual favors; or other verbal or physical conduct of a sexual nature may constitute sexual harassment where:

- Submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of a person's employment or educational development.
- Submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance by creating an intimidating, hostile, humiliating, or sexually offensive work or educational environment.

Gender-based harassment includes acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, although they are not necessarily sexual in nature, including harassment based on gender identity and expression. Gender-based harassment includes, but is not limited to, harassment based on the person's nonconformity with gender stereotypes, regardless of the actual or perceived sex, gender identity, or sexual orientation of the harasser or target of the harassment.

Harassment Reporting Responsibilities

Everyone in the school community is responsible for immediately reporting incidents of harassing, discrimination and/or retaliation, by anyone, in any form, that are directed at or witnessed by them at school or school sponsored event.

Failure to cooperate with an investigation of such an incident may result in disciplinary action. Deceptive reporting may also be subject to a disciplinary response.

When to Report:

- If you are a target or victim of violations to the anti-harassment policy;
- If you are a witness to violations of the anti-harassment policy;
- If you see insulting or demeaning graffiti or other visual displays; and/ or
- If you have other reasons to believe that there may have been a violation of this anti-harassment policy. This could include hearing re-occurring gossip about a possible incident or incidents.

An individual may report to either the principal of the relevant school site or appropriate discrimination/harassment complaint official at his or her discretion. Students may additionally report incidents that they believe involve harassment or discrimination to their guidance counselor, any teacher, administrator or any member of the support staff, and the staff member will refer the complaint to the principal or the district complaint official.

The discrimination/harassment complaint official for MMRHS is:

Peter Falkowski
Monument Mountain Regional High School
Great Barrington, MA 01230
(413) 528-3346 x3105

Kristina Farina
Monument Mountain Regional High School
Great Barrington, MA 01230
(413) 528-3346 x3100

Kate Burdsall
Berkshire Hills Regional School District
50 Main Street
Stockbridge, MA 01262

Although BHRSD encourages a written complaint, use of a formal reporting requirement is not required. Oral reports will be considered complaints as well.

BHRSD will promptly (within 48 hours) determine whether the alleged victim wants to utilize formal or informal procedures and, if the alleged victim chooses formal procedures, begin to investigate every complaint of harassment, discrimination or violence.

Confidentiality of the complaint and investigation will be maintained to the extent consistent with the school's obligations under law and under applicable collective bargaining agreements. The grievance officer or discrimination/complaint official will inform witnesses and others involved in the resolution process of the importance of maintaining confidentiality, but will not issue any gag orders to the alleged victim or aggressor.

Complaints between the alleged victim and the alleged perpetrator may be handled two ways: through an Informal or a Formal Procedure.

The informal process is entirely voluntary and the complaints can opt out at any time and trigger the formal complaint process.

In certain cases, the harassment of a student may constitute child abuse under state law. BHRSD will comply with all legal requirements governing the reporting of suspected cases of child abuse and will report suspected criminal activity to the appropriate authorities.

PROCEDURES FOR FILING A COMPLAINT

INFORMAL

It may be possible to resolve a complaint through voluntary conversations between the alleged victim and the alleged perpetrator, which will be facilitated by a school employee or by a designated discrimination/harassment complaint official. If, the alleged victim or alleged perpetrator is a student under the age of eighteen (18), the facilitator will notify the student's parent(s)/guardian(s) if, after initial consultation with the student, it is determined to be in the best interest of the student. If, the alleged victim and the alleged perpetrator feel that a resolution has been achieved, then the conversation remains confidential and no further action needs to be taken. The voluntary conversation must occur within five (5) workdays after receiving the complaint of discrimination or harassment. The results of an informal resolution shall be maintained by the facilitator, in writing.

FORMAL

Step 1

The grievance officer or the discrimination/harassment complaint official shall within forty-eight (48) hours of receiving the complaint or the termination of an unsuccessful informal resolution process, meet with the complainant and/or alleged victim (if they are different) by telephone or in person. The grievance officer or the discrimination/harassment complaint official will complete a discrimination/harassment complaint form based on the written or verbal allegations of the alleged victim within forty-eight (48) hours of meeting with the complainant. The complaint form will be maintained by the grievance officer or the discrimination/harassment complaint official.

Step 2

A prompt investigation shall be completed by the grievance officer or the discrimination/harassment complaint official within thirty (30) work days from the date of the complaint or report, unless impracticable. If the grievance officer or the discrimination/harassment complaint official anticipates that there may be discipline due to the allegations, he or she will provide written notice of the investigation to the alleged perpetrator before conducting an interview of the alleged perpetrator.

The investigation may, as appropriate, consist of personal interviews with the alleged victim, the reporter (if different than the alleged victim), the individual(s) against whom the complaint is filed, and any other individuals who may have knowledge of the alleged incidents(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the grievance officer or the discrimination/harassment complaint official.

The alleged victim and the individual(s) against whom the complaint is filed have the opportunity to present witnesses and information to the grievance officer or the discrimination/harassment complaint official that they deem relevant. Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Step 3

The grievance officer or the discrimination/harassment complaint official shall document his or her findings. The grievance officer or the discrimination/harassment complaint official shall send the written report of the findings to the Superintendent, alleged victim, and alleged aggressor, unless the alleged victim agrees in writing to extend the timeline.

The report shall include:

- a) a statement of the allegations investigated;
- b) a summary of the steps taken to investigate the allegations;
- c) the findings of fact based on a preponderance of the evidence gathered;
- d) the District's conclusion of whether discrimination, harassment or violence did or did not occur;
- e) the disposition of the complaint;
- f) the rationale for the disposition of the complaint; and
- g) if the District concluded discrimination, harassment, different treatment or violence occurred, a description of the District's response. However, please note that in Title IX and Title VI investigations all discipline of the alleged aggressor will be kept confidential from the alleged victim unless it directly relates to the alleged victim (e.g., alleged victims will be notified of stay-away orders).

The grievance officer or the discrimination/harassment complaint shall determine whether the allegations have been substantiated as factual and whether they appear to be violations of this policy, using a preponderance of the evidence standard. A "preponderance of the evidence" means that it is more likely than not that the alleged conduct occurred. The grievance official shall further recommend what action, if any, is required. If it is determined that harassment, discrimination or different treatment occurred, the District will take steps to prevent the recurrence of the harassment, discrimination or different treatment and correct its discriminatory effect on the alleged victim and others if appropriate.

Formal disciplinary actions may be imposed in the event that the preponderance of the evidence indicates an alleged violation, up to and including suspension. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement.

INTERIM MEASURES

BHRSD shall take immediate steps to protect the alleged victim, alleged perpetrator, witnesses, and the larger school community pending the completion of an investigation or the informal process and address any ongoing harassment or discrimination. The District will take interim measures to prevent retaliation against the reporting student and minimize the burden of such measures on complainants.

In the case of alleged sexual assault, the grievance officer or the discrimination/harassment complaint official will take additional steps as necessary, for example, referring the student to a rape crisis center, creating a safety plan and/ or designating an individual at the site level to act as a support person during the investigation.

APPEALS

A party may appeal the decision of the grievance official or the discrimination/harassment complaint official in writing to the Superintendent within fifteen (15) work days of receipt of the findings of the formal procedure. The Superintendent, as an impartial decision-maker will review in an impartial manner the comprehensiveness and accuracy of the investigation and the conclusions, and issue written findings within thirty (30) school days.

REFERRAL TO LAW ENFORCEMENT, OTHER AGENCIES

Some alleged conduct may constitute both a violation of District policies and criminal activity. The grievance officer or the discrimination/harassment complaint official will refer matters to law enforcement and other agencies as appropriate under the law or District policy, and inform the complainant of the right to file a criminal complaint.

RETALIATION

Complainants and those who participate in the complaint resolution process or who otherwise oppose in a reasonable manner an act or policy believed to constitute discrimination are protected from retaliation by law and District policy. The grievance officer or the discrimination/harassment complaint official will inform all involved individuals that retaliation is prohibited, and that anyone who feels they have experienced harassment, coercion, intimidation, or discrimination for filing a complaint or participating in the resolution process should inform the grievance officer or the discrimination/harassment complaint official. The District will investigate reports of retaliation and, where retaliation is found, take separate remedial and disciplinary action.

More detailed information on the harassment policies and procedures can be found at the BHRSD Harassment/Discrimination Policies and procedures online or at the schools office.

Individuals who believe that they have been subjected to harassment based upon legally protected classification should also be aware that they may contact the Massachusetts Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148-5023, telephone (781) 338-3300 or US Department of Education, Office of Civil Rights (OCR), 8th Floor, 5 Post Office Square, Boston, MA 02109-4557, telephone (617) 289-0111.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

THEFT

Any form of theft including coercion or intimidation of other students for the purpose of obtaining a possession will result in at least three (3) days of external suspension from school and if warranted, police action.

PLAGIARISM

Students at Monument Mountain are expected to do their own work and cite the work of others as appropriate. Plagiarism is the willful presentation of someone else's previously written, published, and copyrighted material or ideas as one's own. Such material may include work that appears in print, on-line, or in audio or video formats. Copying work from another student may be regarded as plagiarism if done without consent and if credit is not given to the original writer. The penalties for plagiarism may include a zero on the paper or project, detention, or suspension from school.

CHEATING

Monument Mountain places emphasis on individuals working in teams or group inquiry in various classes throughout the building. Nevertheless, we expect any student's individual work to be solely the result of her/his own effort. The penalty for cheating may include a zero for the assignment or test, detention, or suspension from school.

ENFORCEMENT CLAUSE

The laws, School Committee policies and school rules stated in the handbook are intended to ensure the safe, orderly, and educationally sound operation of Monument Mountain Regional High School. In addition to these written provisions, there may be times where, to further ensure the safe, orderly, and educationally sound operation of the school, the school administration may enforce a standard of conduct upon students that furthers this end. Furthermore, the school administration has the right to enforce any law, ordinance or School Committee policy not written in this handbook. If a new law is passed, it supersedes current rules.

DUE PROCESS

PROCEDURES FOR SHORT-TERM SUSPENSION

(Exclusion of a student from school premises and regular educational program for a specified period of not more than ten school days.)

The principal, or his/her designee, may suspend students out-of-school on a short-term basis. Unless a student possesses a firearm, controlled substance, assaults a school staff member, or is charged or convicted of a felony complaint (see Administrative Procedures based on G.L., c. 71, §§37H and 37H ½, below) the student will receive the following due process prior to a short-term suspension:

1. Oral and written notice of the charges in English and the primary language of the home if other than English. This notice shall include, among other information, the potential length of the suspension and other potential consequences of the disciplinary offense, if applicable, an opportunity to have a hearing before the principal, or designee, concerning the proposed suspension, the date, time, and location of the hearing, the opportunity for the parent/ guardian to attend the hearing, and the right to interpreter services.
2. At the hearing, if the student and/or parent/ guardian elect to attend, the student shall have the opportunity to present his/her version of the relevant facts and any mitigating circumstances.

Based on the available information, the principal, or designee, shall make a determination as to whether the student committed the disciplinary offences and what discipline shall be imposed. The student and parent/ guardian shall receive notice in writing of his/her decision, the reasons for it, and, if applicable, the type and duration of the suspension and the opportunity to make academic progress while excluded, including making up assignments and other academic work.

PROCEDURES FOR EMERGENCY REMOVAL

If the student's continued presence poses a danger to persons or property, or materially and substantially disrupts the order of the school and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption; the principal may temporarily remove the student from the school prior to any hearing. This temporary removal shall not exceed two (2) days following the day of the emergency removal and the superintendent shall be immediately notified of the removal. Additionally, the principal shall make immediate and reasonable efforts to orally notify the student and student's parent/ guardian of the emergency removal, the reason for the emergency removal, and the other information required in a short-term or long-term suspension notification. During the temporary removal, the short-term suspension notice shall be provided in writing to the student and parent/ guardian. The opportunity for a hearing with the principal or designee shall occur within two (2) school days, unless otherwise extended by the school and parent. A decision regarding the student's continued suspension or other removal shall be rendered the same day as the hearing and written notice shall be provided the following school day. This written notice shall include all the information required based on the type of discipline imposed (short-term suspension, in-school suspension, long-term suspension, or expulsion).

EXCLUSION FROM PRIVILEGES

The school administration may also exclude a student from privileges, such as extracurricular activities and attendance at school-sponsored events, based on a student's misconduct, regardless of whether the student is ultimately suspended or expelled. This type of removal is not subject to the procedures for suspension and expulsion outlined in this policy.

PROCEDURES FOR LONG-TERM SUSPENSION

(Exclusion of a student from school premises and regular classroom activities for more than ten school days.)

The principal, or his/her designee, may issue long-term suspensions at the building level. The principal may also issue expulsions for the offenses set forth in G.L. c. 71, §37H and §37H½ (described in the School District Policies, State and Federal Regulations section, below)

1. In the event of a long term suspension or expulsion, the student will be provided oral and written notice of the charges in English and the primary language of the home if other than English. This notice shall include, among other information, the potential length of the suspension and other potential consequences of the disciplinary offense, if applicable, an opportunity to have a hearing before the principal, or designee, concerning the proposed suspension, the right for the parent/ guardian to attend the hearing, the date, time, and location of the hearing, the right to interpreter services, the right to appeal to the superintendent, the opportunity to view the student's records, the right to be represented by counsel at the student/ parent/ guardian's own expense, the right to produce witnesses, the right to cross examine witnesses, and the right to request that the hearing be recorded and to receive a copy of the audio recording. .

2. In advance of the hearing, as at any time, the student and/or parent shall have the right to review the student's record and the documents upon which the principal or designee may rely in making a determination to suspend the student.
3. At the hearing, if the student and/or parent/ guardian elect to attend, the student shall have the opportunity to present his/her version of the relevant facts and any mitigating circumstances. The student shall also have the right to produce witnesses and the right to cross-examine witnesses presented by the school. Please note that student witnesses may not be compelled to testify. As indicated above, the student and/or parent/ guardian may also be represented by counsel, at private expense, and may request that the hearing be audio recorded.
4. After the hearing, the principal, or designee, shall make a determination as to whether the student committed the disciplinary offences and what consequences shall be imposed. The student and parent shall be notified in writing of his/her decision, including, if applicable, the disciplinary offense; the date on which the hearing took place; the participants at the hearing; key facts and conclusions reached by the principal/ designee; the length and effective date of the suspension; the date of return to school; notice of the student's opportunity to receive education services and make academic progress during the suspension; and the student's right to appeal to the superintendent or his/her designee if a long-term suspension has been imposed. The long-term suspension will remain in effect unless and until the superintendent reverses the decision.

PROCEDURES FOR EXPULSIONS

Expulsion is the removal of a student from the school premises, regular classroom activities, and school activities for more than ninety (90) days, indefinitely, or permanently. While excluded, students shall have the opportunity to receive educational services and make academic progress.

Students may be expelled under the following statutes:

- G.L.c.71 § 37H, which permits the principal to expel a student for possession of a dangerous weapon; possession of a controlled substance; or assault on a principal, teacher, teacher's aide, or other educational staff members on school premises or at a school sponsored event
- G.L., c.71, § 37H ½ permits the principal to suspend a student, for a period of time determined appropriate by the principal, if the student is charged with a felony and the principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The principal may also expel a student for being convicted of a felony, or upon an adjudication or admission in court of guilt with respect to such a felony, and the principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

OTHER EXCLUSION FROM CLASS

A student may be sent to the office, assigned detention, or assigned ISS for any off the following non-exhaustive list of reasons:

- Repeated and habitual disruption of a class/assembly;
- Destruction of classroom equipment or supplies;
- Repeated actions which endanger the safety and well-being of others; and
- Verbal or physical threats toward the teacher or other students.

The high school administration will offer all available resources to assist those students who are experiencing difficulty in school. These resources may include counseling services offered by the guidance department and/or any other interventions that are appropriate.

Finally, the responsibility for attendance and proper conduct in school rests with the parent. The School Committee recognizes its responsibility to provide whatever services are needed to assist the parent in meeting his or her obligations but maintains that the school cannot and should not attempt to do this alone.

DETENTION

Detention is an after school session provided for students as a disciplinary measure. A student who is assigned detention is expected to report on the assigned day and complete the written work assigned as part of detention. Students are to report to the assigned room by 2:50 p.m. with schoolwork and study materials. Detention is dismissed no later than 4:30 p.m. Detention may be postponed only under exceptional circumstances. Should the student be engaged in after school employment, athletics or extra-curricular events, it will be his/her responsibility to behave in such a manner that does not warrant detention; should detention be assigned, the student must make arrangements to stay. If a student does not report for detention and/or complete the assignment for that period, the detention supervisor will contact the student's parents and report the situation to the Assistant Principal. Students may not be able to attend school until a meeting between the student, parent and school administration has been held and the assignment completed.

STUDENT ACADEMIC SUPPORT CENTER

Support will be provided to students who exhibit the need for academic and behavioral reinforcement. Students will be afforded the opportunity to regain an academic approach to their studies through tutoring, coursework, as well as conflict resolution and relationship building techniques.

SCHOOL SERVICES

CAFETERIA/SCHOOL LUNCH PROGRAM

The Berkshire Hills Regional School District participates in the National School Lunch Program to provide every student in the school with a nutritionally balanced meal.

Lunch will be served in the cafeteria during the designated time. Please refer to the bell schedule in this handbook for times. Each student will be scheduled for at least a 22 minute lunch period. A regular, hot lunch with a choice of two or more entrees is offered every day. Students who prefer to bring their lunch can purchase milk, juice, water, yogurt, and other healthy choices in the cafeteria.

Applications for free and reduced lunches are posted on the District website (www.bhrsd.org) and will be sent home with each student at the beginning of the school year. They may be obtained in the Food Service Office or the school's main office, or by calling 528-3346 ext. 164.

Students are required to bring their student ID cards to the cafeteria to present during the cash-out phase of lunch. A student who has qualified for free or reduced lunches or who has paid for lunches in advance will be tracked by his/her ID card. A student close to their debit limit will be notified by the cafeteria staff.

Students using the cafeteria or bringing food on school grounds should adhere to the following rules:

1. Enter and exit the cafeteria in an orderly manner.
2. Be orderly in the cafeteria line.
3. Use trash receptacles and help maintain a clean environment.
4. Do not throw or play with food.
5. Return all trays and utensils to the dish room.

Staff will be present in the cafeteria to maintain order and to ensure a smooth operation. Students who throw food, litter, and disrupt the functioning of our school lunch program will be subject to detention or suspension.

LUNCH PRIVILEGE

Students are assigned one lunch period during the course of the school day. During this time period, it is expected that students will behave in a responsible manner. With this in mind, outside privileges are granted to students to take a break from a busy school day and enjoy the outside environment. Students who use this privilege must adhere to the rules governing outside lunch privileges.

Lunch privileges will be limited to the front courtyard and the north side of the building across from the bus-loading platform. Privileges on the north side shall extend to the upper tree line but not into the trees, the lawn area between the two sidewalks, and the bus-loading platform. Students are not allowed in the Automotive parking area, the back of the building, on the side of the B, F and H wings, or on the track during lunch or study halls.

Students are expected to pick up after themselves and keep the areas free from litter. Students will use the trash barrels for debris to prevent littering on the platform and adjacent lawn area.

RESTRAINT OF STUDENTS IN PUBLIC SCHOOLS

In December 2014, the Department of Elementary and Secondary Education (DESE) officially approved changes to the physical restraint regulations applicable to public education programs. The definitions of what

constitutes a physical restraint have been amended substantially. Furthermore, the regulations impose additional due process, incident reporting, and data review requirements.

New procedures are in place to assure that every physical restraint is reported and logged in the main office; that the principal (or designee) notifies the parents verbally and in writing of every restraint; that parents/students have the opportunity to comment on the restraint or a report of the restraint; that a principal (or designee) personally approves every restraint over 20 minutes and every time-out over 30 minutes; that the principal (or designee) has a weekly review of individual student restraint data; and that the principal (or designee) reviews school-wide restraint data on a monthly basis.

BHRSD complies with the provisions of 603 CMR 46.00 dealing with restraint of students in the public schools. To that end, the District's policy is developed pursuant to those regulations and is available upon request from the central office.

SCREENING OF 10TH GRADE STUDENTS

Massachusetts amended the regulations on Physical Examination of School Children, 105 CMR 200.000, to improve the screening and monitoring of the health assessment of children across the Commonwealth. Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. The District's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, religion, national origin, sexual orientation or disability. (See Section A, Policy AC of the BHRSD Policy Book for more information).

VERTICAL ACCELERATION OF STUDENTS

It is a focus of the Berkshire Hills Regional School District to provide opportunities for its students to achieve in academics and, where possible, advance academically through both enrichment opportunities and grade/course acceleration. The enrichment process allows students not only to master grade level curricula, but to utilize this information in new, different, and challenging situations. This is the first step beyond mastery of presented curricula. Acceleration proceeds above this level and allows a student to bypass a grade, or subject area within a grade, provided total mastery and enrichment opportunities have been exhausted.

The process by which vertical acceleration will be considered for implementation is as follows:

1. Parent, student, and/or faculty member may present a request for consideration of vertical acceleration.
 2. The parent, student, and/or faculty must present a rationale for vertical advancement to another course or grade level.
 3. The teacher and, where appropriate, the guidance counselor must present a thorough summary of classroom achievements and assessment of the student's academic progress.
 4. The school psychologist should complete a thorough psycho-educational evaluation as appropriate.
 5. The Principal will call for a team meeting involving the parents, teacher(s), school psychologist, and any other school personnel critical to the team meeting. At this meeting, all information regarding the student's academic progress and social/emotional maturity will be reviewed. The request for vertical acceleration will be based on the evaluation and achievement materials presented.
 6. The team will make a recommendation to the principal regarding whether or not vertical acceleration should occur and, the team will recommend a plan of action for its implementation. The principal will make a decision with the approval of the superintendent, regarding this recommendation. If the recommendation is not approved, the parent, student, and/or faculty member may request a review after six months.
 7. The classroom teacher(s) and the building Principals will implement the plan. It will be the teacher's responsibility, along with the guidance counselors, where appropriate, to monitor student progress.
 8. Regular communication regarding student progress will occur. Should the student have difficulty with the vertical acceleration, another team meeting will be activated to assess the situation and recommend changes in the program. Should the student succeed in the vertical acceleration, additional team meetings may be necessary to continue developing action plans for vertical acceleration in additional academic school years. The steps will follow those outlined above.

MISCELLANEOUS INFORMATION

ACCIDENTS

Accidents of any nature are to be reported immediately to the school nurse or school administration. At that time, a written accident report will be completed and kept on file.

AGE OF MAJORITY

According to Massachusetts Laws, once a person reaches the age of 18, he/she is an adult and has reached the age of majority. This means that an 18-year old is capable of signing legal documents and entering into contracts. Consistent with this definition of “adult” is the ability to sign school-related documents, including report cards, permission slips, and absence notices. A school still may continue to inform parent/guardian of grades, absences, etc. but it cannot require the signature of the parent as a condition of accepting these documents.

A Monument Mountain student who wishes to formally initiate the age of majority law as it pertains to the student and his/her family, should obtain a form from the Principal's secretary. The student will meet with the Principal to have the law explained. Parent/guardian will be notified that the law will be in effect. This is for parent information only as students by law have this right.

It must be emphasized that all school rules and regulations still apply to the students. Students should meet with the Principal upon turning 18 to discuss the age of majority legislation as it pertains to release procedure, rules, and regulations.

AFTER SCHOOL REGULATIONS

Following the last scheduled class of the day, students who remain on school grounds should be involved in a supervised co-curricular activity, extra help session or assigned to after-school detention. All school rules apply following dismissal of the last class. Assigned teachers, advisors and coaches will supervise students engaged in afterschool activities.

ASSEMBLIES

Students are expected to arrive in an orderly fashion and behave in a responsible and respectful manner at all school assemblies. Students are required to attend assembly programs unless specifically excused by an administrator. Disruptive behavior at an assembly will result in detention and/or exclusion from future programs, or may result in internal or external suspension if warranted.

CHANGE OF ADDRESS

Any time a student changes his/her place of legal residence, he/she is to inform the main office immediately. The Guidance Department and specific counselor should also be notified by the student. All addresses must include both physical and mailing addresses, if different.

HALLWAY PASSES

Students are reminded that class time is the most meaningful time of the school day and therefore every attempt should be made for students to remain in class. If deemed necessary, the teacher shall allow the students to leave the classroom. Teachers will provide a student with a hallway pass including the student's name, destination, time, and teacher signature.

DANCE PROCEDURES

1. Any student from Monument Mountain Regional High School may sponsor one (1) high school aged guest at any school dance and will be responsible for the actions of this guest. Guests must be registered in the front office prior to the evening of the dance.
2. Students who create a disturbance will be required to leave the building and school grounds immediately.
3. All school regulations remain in effect at dances.
4. Students who exit the building and go beyond the bus loading platform area without permission may not return to the dance.
5. Students who arrive later than 8:00 p.m. will not be admitted to the dance, unless accompanied by their parent/guardian.
6. All dances will end by 10:00 p.m., except the Senior Prom. Students must advise their parent/guardian of this so that transportation is available at the end of the dances.

7. Students from Monument Valley Regional Middle School or any other school below grade 9 or guests who have graduated from high school may not attend the dances, unless permission is given by the administration.
8. Dance styles appropriate to the setting – a public high school – is expected.
9. Violation of these rules will result in disciplinary action.

STUDENTS' RIGHTS

The legislation in G.L. c.71, §§ 82-85 is summarized as follows: the students may enjoy freedom of expression in public schools provided it shall not cause disruption and disorder in the school. Freedom of expression includes (a) expressing views through speech and symbols (b) writing, publishing and disseminating personal views as opposed to school sponsored speech which includes, but is not limited to student newspapers supported by use of school materials, funds, staff or identified by the school logo; (c) assembling peacefully on school property with prior administrative approval or off school property on public sidewalks subject to a reasonable time, place and manner restrictions.

Students have the right to dress as they wish provided their dress does not violate reasonable standards of health, safety, and cleanliness. No student shall be discriminated against because of marriage, pregnancy, parenthood, or actions outside of school which have no nexus to school or school activities.

Notwithstanding the rules above, school committees or school officials may take necessary action in cases of emergency.

No student shall be excluded from or discriminated against in admission to BHRSD or in obtaining the advantages, privileges, or courses of study and extracurricular activities of the BHRSD on account of age, race, color, sex, religion, gender identity, national origin, sexual orientation, disability, weight, or homelessness

The specific statutes are available at:

<http://www.malegislature.gov/Laws/GeneralLaws/PartI/TitleXII/Chapter71>

EMERGENCY DRILLS

Fire and emergency drills are conducted on a regular basis to ensure safe evacuation of everyone in the school. The alarms can be heard throughout the school and also flash repeatedly for the hearing impaired. Fire exits are posted in all rooms.

When the alarms are sounded, students are to follow the teacher's directions to exit the building in a rapid but orderly fashion. Students are to remain outside with your teacher until the "all clear" is sounded. Under no circumstances should students come back into the building until the all clear is sounded.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)

Each year the school is required by Federal Law to inform you of the status of asbestos in the school. At this time we are in the process of complying with all applicable Federal and State regulations. The asbestos management plan is on file in the office and accessible to you upon request. In addition, the school has successfully completed its inspections by the Fire Department and the Building Inspector.

EXTRA HELP

Any student requiring special help should speak with his/her classroom teacher. Teachers are here to help students, but students must take the first step. If a student feels that s/he needs help in a particular area, be sure to make arrangements with the teacher. The teacher may request that a student come in for extra help if he/she feels that the student needs it; students are required to make arrangements for this help if their teacher asks them. Extra help may also be obtained through the Learning Lab and Student Support Services.

ELECTRONIC INFORMATION RESOURCES

In accordance with BHRSD policy IJNOB, electronic information resources are available to qualifying students and staff at Monument Mountain Regional High School. These resources include access to the Berkshire County Wide Area Network as well as Internet services. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication.

Internet access is coordinated through a complex association of government agencies as well as regional and state networks. With access to computers and people all over the world also comes the availability for materials that may not be considered to be of educational value in the context of the school setting. Monument Mountain Regional High School has taken available precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information.

The use of electronic information resources is a privilege, not a right. Inappropriate use of these resources, by a student or staff member, will result in the loss of computer services, disciplinary action, and/or referral to legal authorities. The use of an assigned account must be in support of education, business and/or research and within the educational goals and objectives of the Berkshire Hills Regional School District. Each user is personally responsible for this provision at all times.

The Berkshire Hills Regional School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages students suffer while on the system. These damages include, but are not limited to, loss of data as a result of delays, non-deliveries, mis-deliveries, or service interruptions caused by the system or student errors or omissions.

Access to the computers at MMRHS will only be possible following the user's and his/her parent's or guardian's signature on a school approved contract.

Failure to adhere to the above recommendations for proper use of the computer facilities at MMRHS, the following disciplinary action is recommended:

First Offense:	Loss of user password for two (2) weeks.
Second Offense:	Loss of user password for one (1) month, and the possibility of school suspension.
Third and Subsequent Offenses:	Loss of user password for one (1) semester and the possibility of school suspension.

However, the building Principal may impose any of these penalties for the first or any subsequent offense depending on the severity of the offense. The right of appeal to the Principal will be upheld in all offenses.

FIELD TRIPS AND OVERNIGHT TRAVEL

In accordance with BHRSD Policy IJOA, a field trip is considered part of a regular school day and all school regulations apply. Parent/guardian consent is required for all field trips. Advance approval by the Superintendent is required for any student trip involving late night or overnight travel. Any student or staff

member planning late night or overnight travel should consult the school committee policy on late night and overnight travel prior to making any travel arrangements.

FUNDRAISING

In accordance with BHRSD Policy GBEDB/JJE:

1. It is the desire of the Berkshire Hills Regional School District School Committee that faculty and student groups conduct fundraising activities only for specific purposes. Funds raised by any such activities may support both curricular and extracurricular programs and may be used to defray costs of educational programs or activities that are deemed to be above and beyond normal budget support. At no time shall fundraising activities usurp the responsibility of the School District in providing necessary financial resources for the educational program.
2. The following activities are excluded from this policy:
 - a. Concerts and or performances by School District groups, such as bands, orchestras, choruses, and drama classes.
 - b. Interscholastic or intramural athletic contests.
3. The following procedures must be followed in securing permission to raise funds:
 - a. Fund Raising Forms must be filled out and returned to the building Principal no later than 30 days in advance of the start of the fund raising activity.
 - b. The Principal must approve the activity. The approved form should be forwarded to the superintendent for his/her action.
 - c. The superintendent must act on the request and return the form to the Principal with appropriate action noted.
 - d. The Principal notifies the sponsor of the disposition.
4. The sale, raffling or any other form of distribution of alcoholic beverage(s) for the purpose of fund raising by or on behalf of student(s) of the Berkshire Hills Regional School District is strictly prohibited.
5. Any request for financial support as part of or in lieu of fund raising activities must be submitted for consideration during and as a part of the budget preparation of the year preceding the fiscal year in which the funds are to be expended. Said funds will be approved for inclusion in the budget by specific vote for the Berkshire Hills Regional School District School Committee.
6. This policy shall apply to all persons who are raising funds on behalf of the students, staff, schools and activities of the Berkshire Hills Regional School District.
7. No activities relating to the proposed fund raising may take place until the sponsor receives the Fund Raising Form approved by the superintendent.
8. No door-to-door solicitation by students in grades K-4.

INSURANCE

The Berkshire Hills Regional School Committee has authorized a student School Accident Insurance plan at a very reasonable cost. The insurance covers expenses incurred in the event of injury to a student engaged in school activities or while traveling directly between home and school.

LOCKERS/ STUDENT SEARCHES

Lockers are the property of the Berkshire Hills Regional School District and loaned to students for the storage of schoolbooks and materials, plus personal items such as clothing. Lockers will be assigned to students at the beginning of each school year. Students will have the same locker throughout their four years at Monument Mountain Regional High

School. Students are to use only the locker that has been assigned. If students have something taken from their locker, it should be reported immediately to the administration. The school is not responsible for any lost or stolen articles. Articles of significant value should be brought to the main office and turned over for safekeeping in the school vault until the end of the school day. Students are not to write on lockers, put decals or pictures on lockers or to deface a locker in any way. Any student who damages or misuses a locker will be subject to disciplinary action, plus restitution in full including materials and labor.

Students' lockers will not be subjected to search unless school officials have reasonable grounds of suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Because searches of students, their property, including vehicles, or their lockers may be conducted by school personnel, students should not have any reasonable expectation of privacy in their lockers. Police may be contacted to assist school personnel in conducting these searches.

LOST AND FOUND

Students are requested to bring any found articles, textbooks, or clothing to the Main Office. A lost and found collection box will be located under the main counter area. The school suggests that students do not bring valuables or large sums of money to school, as the school cannot assume responsibility for these items if lost.

PARKING/DRIVING PRIVILEGES

Driving to school and parking at MMRHS is a privilege granted to students. All students will park in the lower two parking lots and display an issued MMRHS parking sticker. This sticker is obtained by filling out an application found in the main office.

Student Regulations:

1. Students are not allowed to go to the parking lot during the school day, unless they have administrator permission.
2. Students are not allowed to drive off school grounds during the school day, without direct permission of both their parent/guardian and the administration.
3. All general rules and laws of good driving are in effect while on school grounds as well as to and from school.
4. Students will park in designated spots only. Any student who violates a parking ban, parks in an unauthorized spot, or on the lawn area may have their vehicle towed at the owner's expense.
5. At school dismissal, student's vehicles must not interfere once the buses begin leaving the parking lot. School buses always have the right of way.
6. In accordance with BHRSD Policy IJOA, students must return from all curricular field trips, athletic contests, scrimmages, and off-grounds practices via transportation authorized and/or provided by the District or its designees. No teacher or coach will have the authority to permit a student to return with an adult except if the custodial parent makes such a request to the administration in writing in advance of the trip.

If any of the above regulations are violated, disciplinary action will be taken by the administration. This action may include loss of driving and parking privileges.

RESTITUTION

Students and their parents are held responsible for loss of or damage to textbooks, equipment, and materials that have been assigned to them, and for loss, damage or destruction of school property for which the student has been judged responsible by the administration.

The administration shall establish the repair or replacement cost of the property in question and the student will be billed accordingly. The student or parent shall make restitution payable to M.M.R.H.S. Total payment must be made prior to the student graduating, withdrawing or transferring from the Berkshire Hills Regional School District.

MOTOR VOTER LAW

G.L c. 51, §42E

The Motor Voter law requires that Monument Mountain Regional High School make available affidavits of voter registration forms at all locations where students may register for classes.

VEHICLE IDLING

Buses and vehicles are not to be left idling at schools. Whenever a bus or vehicle arrives, the driver is to secure the bus or vehicle and shut the engine down as soon as possible. No bus or vehicle will be left at idle in excess of five minutes of anticipated idling time.

SCHOOL CLOSING PROCEDURES

In the event of severe weather conditions, school closings or delayed openings an announcement will be posted as early as possible on the BHRSD website (www.bhrsd.org) and through the emergency calling system. Additionally, information regarding school dismissal or closing can be found on local radio and television stations.

STUDY HALLS

The Massachusetts Department of Education's "Student Learning Time Regulations Guide" states that a study hall will be considered directed study. Study halls are scheduled into the school day and are facilitated by academic teachers. Students are expected to remain in study hall unless alternative plans are made with and approved by individual teachers.

TELEPHONES

Students may use the office phone for emergencies.

VISITORS

Any student who wishes to bring a visitor to school must have the permission of the administration 24 hours in advance of the visit. Visits will not be scheduled on Mondays or Fridays or during the week prior to a school vacation. All visitors must register in the Main Office before attending classes and receive a pass to show to all teachers visited. Visitations may occur after October 1 and before June 1 of any school year.

WORKING PAPERS

Working papers are available in the Guidance Office. Students aged 14 -16 are required to have proof of a physical exam before the working papers can be issued.

THE ARTS and Other Forums

The MMRHS Arts and Ideas Forum

The MMRHS Arts and Ideas Forum began informally in 1990 with the arrival of seven Russian actors and their interpreters who spent an afternoon with 50-plus Monument Mountain students sharing feelings and ideas about issues of importance. The success of that event prompted the creation of an ongoing series of opportunities for MMRHS students to hear and informally talk with a variety of presenters – speakers, artist, athletes, performers; people of diverse political, social and artistic viewpoints. The Forums will encourage personal discussion in which students are free to express their questions and opinions as well as gather information or experience of particular interest. The forum is open to 50 students who submit questions. The forums are held during the academic day at announced intervals throughout the school year.

The Forums are intended to provide cultural and political awareness in the interest of experience, understanding and tolerance.

ATHLETICS

Interscholastic Athletics

Monument Mountain Regional High School offers a wide variety of opportunities for students to participate in interscholastic athletics. The athletic department fields 28 teams on a varsity and junior varsity level. Both team sports and individual sports receive excellent coaching, facilities, and equipment. Existence of these sports as fully organized interscholastic athletic teams depends upon student enrollment, student participation and the availability of a qualified coaching staff. The major sports and their season are:

FALL:	Cross Country Running, Football, Soccer, Girls' Volleyball and Golf
WINTER:	Alpine Skiing, Basketball, Swimming, Ice Hockey, and Wrestling
SPRING:	Baseball, Softball, Tennis, Track and Lacrosse

In order to be eligible to participate in an interscholastic sport, a student must successfully complete a physical examination and meet the minimum academic requirements set forth by the Massachusetts Interscholastic Athletic Association (MIAA). Refer to the [MIAA Athletic Policies](#) for further information.

ATHLETIC POLICIES

In accordance with BHRSD Policy JJIBR, the philosophy of interscholastic athletics at MMRHS is the development of a young individual through the pursuit of excellence.

All students, and student athletes are expected to conduct themselves at all times in a manner which will be a credit to themselves, their team and coaches, their parents, the school and the community. A student athlete who violates regulations, regardless of whether he or she is actively participating during the time of the incident, [may](#) be penalized during the season of occurrence or the next season that they will be actively participating in [according to school as well as MIAA policies and standards](#).

1. Student violations related to the use, possession, or purchase of substances including alcohol, any drug, and any product designed to deliver nicotine to the user, will be subject to athletic sanctions according to the most current MIAA policies.
2. A MMRHS student cannot at any time represent our school in athletic events, unless the student is taking courses, which would provide Carnegie Units (120 hours of study) equivalent to 4 traditional yearlong major English courses. All course offered at MMRHS will be considered for eligibility except the following: Physical Education, Resource Room, Reading Lab, Exploring Technology, Links and Community Helper. Since credits assigned to the course indicate the number of hours for the course, these credits will be the ones counted toward eligibility. For example a course assigned for two credits will count as two credits for eligibility. Half-year classes will count as one credit for the quarter but ½ credit for the year.
3. To participate in a fall sport, the athlete must have passed four credits of course work from the previous year. This does not apply to incoming 9th graders. Summer school courses only count toward eligibility for the fall when those courses are taken to pass a class that was previously failed. To continue eligibility, a student must have passing grades in a minimum of 4 credits for the marking period preceding competition. It is the responsibility of all student athletes to maintain a good academic standing. It is the responsibility of a coach to recognize that academic success is a priority. Consequently, coaches will cooperate in any possible way to make sure that academics and athletics each maintain their proper place.
4. If a student athlete is to participate in an athletic competition or practice, the student athlete must be in attendance to school by 9:00 a.m. and must attend all classes unless permission is granted by parents and the athletic director or the administration. The student athlete must attend classes on Friday in order to be eligible for athletic events on Saturday, unless excused by the athletic director or the administration.

5. Captain's practices will not be allowed as per MIAA regulations. The Berkshire Hills Regional School District will not be responsible for injuries or damages incurred during such practices as these practices are not sanctioned by the MIAA or the District.
6. Monument Mountain Regional High School is a member in good standing of the Massachusetts Interscholastic Athletic Association. It should be pointed out that all rules and regulations which govern interscholastic athletes or member schools of the MIAA will be strictly adhered to. This includes rules which apply to both individual and team participation. All questions concerning the transfer rule, age rule, chemical health rule, etc., may only be appealed through the MIAA via the high school Principal.

CONCUSSION MANAGEMENT AND RETURN TO PLAY REQUIREMENTS

Student/ athletes and Parents are required to read and sign off on the Concussion and Opioid fact sheets prior to athletic participation.

Assumption of Risk

All student/ athletes and parents must realize that participation in sports carries a risk of injury including possible concussion, and, by agreeing to participate in athletic activities and signing a parental permission form on behalf of their children/ themselves, they thereby assume the risks of such injury. It is imperative that extreme care and attention be used at all times by all parties. Specific provisions for exercising care can be found below and on this Website: [\[http://www.cdc.gov/headsup/index.html\]](http://www.cdc.gov/headsup/index.html).

Concussion Management and Return to Play Requirements ***"When in Doubt- Sit It Out"***

"A concussion is a complex disturbance in brain function, due to direct or indirect trauma to the head, related to neurometabolic dysfunction, rather than structural injury. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost." (Centers for Disease Control and Prevention, 2009).

Part I: Signs and Symptoms of a Concussion

A concussion should be suspected if any one or more of the following signs or symptoms are present, or if the coach/evaluator is unsure.

1. Signs of a concussion may include (what the athlete looks like) the following:
 - Confusion / disorientation / irritability
 - Act silly / combative / aggressive
 - Trouble resting / getting comfortable
 - Repeatedly ask same questions
 - Lack of concentration
 - Dazed appearance
 - Slow response / drowsiness
 - Restless / irritable
 - Incoherent / slurred speech
 - Constant attempts to return to play
 - Slow / clumsy movements
 - Constant motion
 - Loss of consciousness
 - Disproportionate / inappropriate reactions

- Amnesia / memory problems
- Balance problems

2. Symptoms of a concussion may include (what the athlete reports) the following:

- Headache or dizziness
- Over sensitivity to sound / light / touch
- Nausea or vomiting
- Ringing in ears
- Blurred or double vision
- Feeling foggy or groggy

Note: DPH regulation 105 CRM 201 requires that a coach MUST immediately remove a student/ athlete from participating in any intramural or interscholastic athletic activity who (A) is observed to exhibit signs, symptoms or behaviors consistent with a concussion or (B) is diagnosed with a concussion regardless of when such concussion or head injury may have occurred or (C) sustains a head injury or suspected concussion. Under this regulation, coaches must also prohibit student/ athletes from engaging in any unreasonably dangerous athletic techniques and encourage techniques designed to promote safety. Failure to comply with this regulation may result in penalties including, but not limited to, personnel sanctions and the forfeiture of games.

Additionally, coaches, licensed athletic trainers, trainers, volunteers, school and team physicians, school nurses, athletic directors, marching band directors, students engaged in athletic activities and their parents must annually read, sign, and acknowledge understanding and receipt of DPH approved concussion education materials provided by the school. While this information provides a useful reference regarding indicators of concussion in student/ athletes, it is not a substitute for reading, signing, and acknowledging receipt of those materials.

Part II: Return to Participation (RTP)

Currently, it is impossible to accurately predict how long concussions will last. There must be full recovery before someone is allowed to return to participation. Massachusetts Law now requires that no athlete may resume participation until they have received written medical clearance from a licensed health care professional (Physician or the following individuals in consultation with a licensed physician: Nurse Practitioner, Physician Assistant, Neuropsychologist or Athletic Trainer). Therefore, the following procedures will apply when a Pre-Participation Head Injury/ Concussion Form reveals a recent prior concussion (beginning with procedure 5) or when a concussion occurs during the sports season:

Concussion management requirements:

1. No student/ athlete SHALL return to participation (RTP) on the same day of concussion.
2. The coach shall communicate the nature of the injury directly to the parent in person or by phone and the licensed athletic trainer immediately after the practice or competition in which a student/ athlete has been removed from play for a head injury, suspected concussion, signs and symptoms of a concussion, or loss of consciousness. The coach or licensed athletic trainer also must provide this information to the parent in writing in English and in the language of the home on the Report of Head Injury during Sports Season Form, whether paper or electronic format, by the end of the next business day. If the athlete is injured during the season but not while involved in any school athletic or extra-curricular activity, the parent must complete the Report of Head Injury during Sports Season Form and provide it to the student/ athlete's licensed athletic trainer/ coach.
3. The licensed athletic trainer/coach shall communicate, prior to the next school day with the Athletic Director and school nurse that the student/ athlete has been removed from practice or competition for a head injury, suspected concussion, signs and symptoms of a concussion, or loss of consciousness. The licensed athletic

trainer/coach will provide the Report of Head Injury during Sports Season Form to the nurse and Director of Athletics. The school nurse will contact the student's teacher and guidance counselors.

4. If a student/ athlete is suspected of having a head injury or concussion, the student/ athlete will be referred immediately to their primary care physician or the emergency room and will be given a symptom checklist for review by medical personnel. Any loss of consciousness, vomiting or seizures the student/ athlete MUST be immediately transported to the hospital. Any student/ athlete with signs or symptoms related to a concussion MUST be evaluated from a licensed health care professional Physician or the following individuals in consultation with a licensed physician: Nurse Practitioner, Physician Assistant, Neuropsychologist or Athletic Trainer). These individuals must have received the appropriate training to make certifications.
5. Each student/ athlete who is removed from practice or a competition and subsequently diagnosed with a concussion must have a graduated reentry plan to return to full academic and extracurricular activities. The plan will be developed by teachers, guidance counselor, school nurse, licensed athletic trainer if on staff, parent and the child's treating medical provider.
6. Close observation of a student/ athlete MUST continue following a concussion. This should be monitored for an appropriate amount of time following the injury to ensure that there is no escalation of symptoms.
7. Schools will follow the primary care physician's written orders concerning return to school and physical activity.
8. The student/ athlete MUST obtain written clearance from one of the licensed health care professionals mentioned above directing them into a well-defined RTP stepped protocol similar to one outlined below. If at any time signs or symptoms should return during the RTP progression the student/ athlete should cease activity*.
9. After the RTP protocol has been successfully administered (no longer exhibits any signs or symptoms or behaviors consistent with concussions), final written medical clearance is required by one of the licensed health care professionals mentioned above for them to fully return to unrestricted participation in practices and competitions. This clearance may be provided via a DPH Post Sports-Related Head Injury Medical Clearance Form or school-based equivalent.
10. The student/ athlete diagnosed with a concussion must be completely symptom free at rest in order to begin graduated reentry to extracurricular athletic activities. The student/ athlete must be symptom free at rest, during exertion, and with cognitive activity in order to complete the graduated re-entry plan and be medically cleared to play.

Medical Clearance RTP Protocol (Recommended one full day between steps)

Rehabilitation stage - Functional exercise at each stage of rehabilitation - Objective of each stage:

1. No activity - Complete physical and cognitive rest until recovered and asymptomatic. School may need to be modified.
2. Light aerobic activity - Walking, swimming or stationary cycling keeping - Increase Heart Rate intensity, <70% of maximal exertion; no resistance training.
3. Sport Specific Exercise - Skating drills in ice hockey, running drills in soccer - Add Movement; no head contact.
4. Non-contact training - Progression to more complex training drills, i.e., - Exercise, coordination and drills passing drills in football and ice hockey; may start cognitive load progressive resistance training.
5. Full Contact Practice - Following medical clearance, participate normally - Restore confidence and assess training activities functional skills by coaching staff.

• If at any time symptoms should return during the RTP progression the student/ athlete should stop activity that day. If the student/ athlete's symptoms are gone the next day, s/he may resume the RTP progression at the last step completed in which no symptoms were present. If symptoms return and don't resolve, the athlete should be referred back to their medical provider.

Additional MIAA Requirements for Football and Hockey

A doctor, licensed trainer or certified EMT must be in attendance and on duty for all interscholastic football games and all varsity ice hockey games. The medical person shall be responsible for both teams unless the visiting team has its own

medical coverage. His/her judgment will be final with regard to the condition of a player after injury. No player may continue to play against the medical person's advice. The penalty for violation of this provision is forfeiture of the game.

MONUMENT MOUNTAIN REGIONAL HIGH SCHOOL EMERGENCY PROCEDURES

EVACUATION

An evacuation of a building could be necessary as a result of many possible emergency situations including but not limited to fire, gas leak, hazardous materials release, or a bomb threat. To evacuate a school building is a decision made by the building administrator. The type of evacuation will vary depending on the circumstances surrounding the cause of the evacuation. There are four possible evacuations.

- The first evacuation is to leave the building and go directly to a pre-designated location to be accounted for and then wait for clearance to re-enter the building. The building should not be re-entered until the building administrator determines it is safe for re-entry.
- The second type of evacuation is to leave one building and go to another. The High School will go to the elementary school in this instance. (Middle school goes to elementary/Elementary goes to middle school or high school depending on the situation) When two schools are being evacuated they will proceed to the remaining school.
- The third type of evacuation is to leave the building and board buses to report to our designated shelter location – Hillcrest Education Center/ Brookside Campus. (High school goes to Hevreh of Southern Berkshire and Elementary reports to Berkshire South Youth Center)
- The fourth option is to evacuate the building by way of dismissing for the day.

In all four possible evacuations it is the role of the Critical Response Team to determine the best option, communicate that throughout the building and take all steps necessary to carry out the evacuation in an expeditious and orderly manner accounting for everyone throughout the entire evacuation.

Posted in each classroom are directions for the escape path for occupants of that classroom. Students are to leave the classroom quickly and quietly and report to the designated area with the teacher. Should a designated path be blocked, the teacher is to select an alternate path and lead the class outside. At that time attendance is to be taken and students are to remain with the teacher until directed to return to class or another location.

DISTRIBUTION OF MEDICINE LETTER

September 2019

Dear Parent/Guardian:

Our school district requires that the following forms must be on file in your child's health record before we begin to give any medicine at school, whether prescription medication or non-prescription medication (such as Tylenol).

1. **Signed consent by the parent or guardian to give the medicine.** Please complete the enclosed consent form and give it to the health office.
2. **Signed medication order.** The written medication order form should be taken to your child's licensed prescriber (your child's physician, nurse practitioner, etc.) for completion and returned to the school nurse. This order must be renewed as needed and at the beginning of each academic year.

Medicines should be delivered to the school in a pharmacy or manufacturer-labeled container by you or by the student as long as the school nurse is notified. Please ask your pharmacy to provide separate bottles for school and home. No more than a thirty-day supply of the medicine should be delivered to the school.

If you have further questions concerning this policy, please do not hesitate to call me at 644-2300.

Sincerely,

BHRSD School Nurses
