It is the intent of the Mansfield School Committee that student handbooks will conform in all respects with School Committee Policy and federal and state laws and regulations.

The Mansfield Public Schools adheres to federal and state laws and regulations. The Mansfield School Committee reviews and updates its policies on a continual basis. Changes to district policy are sometimes made after the beginning of a school year and thus will not be reflected in this publication. Any School Committee policy referenced in this handbook may have an updated version on the district website that would supersede the handbook policy. For the most recent version of all district policies, please visit the School Committee page at www.mansfieldschools.com.

BELIEFS AND EXPECTATIONS

DISTRICT RIGHTS AND RESPONSIBILITIES

An education in the Mansfield Public Schools is the right of every resident in the Town of Mansfield. Students have the right to be treated fairly and humanely and in a manner that adheres to the spirit and intent of all rights granted in the laws of the Commonwealth of Massachusetts and in the Constitution of the United State of America.

All students are required to conduct themselves in an appropriate manner with respect for themselves, their fellow students, and all other members of the school community, including but not limited to: aides, administrators, bus drivers, cafeteria workers, custodians, librarians, monitors, secretaries, substitutes, and teachers.

Students have a responsibility to observe the rules and regulations of the Mansfield Public Schools. The Principal makes these rules and regulations with the advice of the Principal's assistants, teachers, students and parents.

The Principal is responsible for maintaining discipline on the school premises adequate for the safety of all persons and property and the orderly conduct of instruction. Accordingly, the Principal has the authority to take all reasonable action to carry out this responsibility. The authority of the school extends to all school-sponsored functions and activities, all school property, and all school-sponsored travel.

The classroom teacher, with the assistance of the administration as needed, is responsible for maintaining discipline of the students in the classroom and in other areas when students are under their supervision. The teacher may take all reasonable action to carry out this responsibility.

HAROLD L. QUALTERS

Our middle school was formed in 1969 and was known as the Mansfield Middle School. The name was changed in 1972 to the Harold L. Qualters Middle School in honor of Harold Qualters. Mr. Qualters contributed over 35 years of service to the Mansfield school system, starting back in 1934 when he taught Math and English. He became Junior High Principal in 1946, Principal of the Park Row School in 1954, and the High School Principal in 1957. In 1967, Mr. Qualters was appointed Assistant to the Superintendent, a position he held until his death on April 25, 1971.

OUR CORE VALUES

The Qualters School community is committed to being a place where:

- Students develop positive self-esteem in a climate of high expectations.
- Students recognize that mutual respect is a cornerstone to a sense of belonging to the school community.
- Students develop a strong work ethic and leave QMS as confident, caring, responsible learners who are capable of tackling new challenges.

THE QUALTERS IDEAL

The Qualters Ideal is not that we will all agree with each other,
or even like each other, every minute of the day.
It is rather that we will respect each other's rights,
especially the right to be different, and that, at the end of the day,
we will understand that we are one people, one school and one community.

STUDENT RIGHTS

- To be treated with the same respect that all people should have.
- To do your work without being disturbed by others.
- To have your personal property rights respected for items that are normally accepted in school.
- To ask questions when you don't understand something.
- To get a good education and do your best work.
- To have and express your own opinion provided you do so in a respectful manner.
- To know how you are doing in your schoolwork.
- To be safe from someone hitting or harming you.
- To speak and listen to language that is appropriate for school.
- Not to be teased.
- Not to be harassed physically or verbally.

HANDBOOK POLICIES AND PROCEDURES #CHCA, CHCA-E

The Qualters Middle School Handbook has been prepared to create a better understanding among students, parents, and teachers. These documents combine to serve as a reference on the basic policies governing the operation of Qualters Middle School.

No handbook can completely explain all the policies and practices of a school. This does not diminish its usefulness. It merely takes notice of the fact that the school is obligated to treat every student as an individual and assess every situation in the light of how it affects the education and development of the individual student. The administration reserves the right to alter any of the recommended policies or procedures prescribed within this student handbook. When applying the policies and regulations of the school, students will always be accorded their

due process. Massachusetts General Law supersedes the provisions of this handbook, to the extent that any provision of this handbook is in conflict with the law.

SCHOOL—HOME COMMUNICATION

BULLETINS AND ANNOUNCEMENTS #KDD, EBCE

We will conduct opening exercises and pledge our allegiance to the flag during the homeroom period from 7:25-7:30. Some notices of club meetings, intramurals, social events, general information and specific instructions are read during this time. We expect students to be courteous, respectful, and attentive to the announcements each morning. Special notices may be announced over the intercom, but every effort will be made to keep these to a minimum. All morning announcements are posted in front of the main office and on the QMS website daily at qms.mansfieldschools.com.

CONFERENCES (SCHOOL)

Parent-teacher conferences are typically scheduled in early November. Evening and afternoon conference times are available. Conference meeting times are scheduled by the Team Liaison and are on a first-come, first-served basis. Information on scheduling conferences will be sent home with your child and will be available on the QMS website.

CONFERENCES (PARENT)

Parent conferences can be scheduled as needed either by the teacher or by the parent. To schedule a conference, email the specific teacher you wish to speak with or the Team Liaison.

CURRICULUM NIGHT

All parents/guardians are invited to attend Curriculum Night, which is held in September. At this time teachers give an overview of their classes, including curriculum descriptions, expectations, and routines. The evening concludes with an opportunity to ask questions of the classroom teacher in an informal manner.

CUSTODY ISSUES

Official court orders regarding the custody and care of any student must be filed in the Qualters Middle School Counseling Office at the beginning of each school year or at any time during the school year, should the custody of a student change.

GIFTS TO EMPLOYEES #GBEBC

The Mansfield Public Schools adheres to all Massachusetts General Law Chapter 268A and State Ethics Commission's rules and regulations.

While families often give gifts to teachers, coaches, and other staff at the holiday time or end-of-year/end-of-season as an expression of gratitude for their hard work, it is important that parents who choose to do so adhere to the requirements under state ethics and conflict of interest law in order to avoid placing teachers and staff in an awkward position. These guidelines are as follows:

- **Individual Gifts:** Under state law, public school teachers and other public employees are generally prohibited from accepting gifts valued at \$50 or more (aggregated) for the school year. Public employees are required to disclose gifts received from individual students and parents/guardians that are not class gifts.
- **Group Gifts:** An exemption exists for "class gifts", whereby a public school teacher is allowed to accept a personal gift or several gifts during the school year, from a class, club/activity or team, with a total value of up to \$150, if a group of students and/or parents wish to pool their contributions toward a group gift. Such a gift must be identified only as being from the class, and the identity of givers and amounts given are not identified to the recipient.
- **Gifts to the Classroom, Program or the School:** Families may also give gifts to the classroom, to academic, co-curricular and extracurricular programs, or to the school or District, in accordance with the rules of the Mansfield Public Schools.

PARENT ORGANIZATIONS

QMS Parent Advisory Council (QMS PAC)

The QMS Parent Advisory Council is the parent organization at the middle school; it works in partnership with the teachers and administrators at QMS. Every parent/guardian of a QMS student automatically is a member of QMS PAC. PAC monthly meetings with the QMS Principal are a way for parents to stay informed, make recommendations, and provide the QMS administration with important feedback and insight from the parent's perspective. The PAC also raises funds to support student learning at QMS and awards funds through a grant process. To learn more about QMS PAC, please visit their website at qmspac.wordpress.com.

Mansfield Special Education Parent Advisory Council (MSEPAC)

The Mansfield Special Education Parent Advisory Council (MSEPAC) offers membership to all parents of students found eligible for special education in the Mansfield district, as well as other interested parties. The MSEPAC is authorized by state law to provide advice to the district regarding special education programs and policies. Additionally, the MSEPAC is authorized to meet with designated school officials and to engage in activities that enable the MSEPAC to participate in the planning, development and evaluation of the district's special education

[Return to Table of Contents](#)

programs. To learn more about this organization, contact the Mansfield Public Schools Special Education Department.

School Council #BDFA

The School Council is a representative, school-based committee composed of the Principal, parents/guardians, teachers, and community members. The School Council has an advisory role in shaping the policies and programs of QMS. The QMS PAC holds an election for parent representatives to serve on the QMS School Council at Curriculum Night each fall.

PARENTAL NOTIFICATION RELATIVE TO SEX EDUCATION #IHAMA

Some health courses may contain references to sex education. If your child is enrolled in one of these courses, you will receive notification home at the beginning of the course indicating the course content, your right to review the program material, and your right to opt your student out of the curriculum.

SCHOOL MESSENGER

The Mansfield Public Schools use the School Messenger notification system to communicate important information to parents and guardians that needs to be distributed immediately. Information can be sent to personal email accounts and telephone numbers on file with the school.

If you are not receiving emergency notifications from our schools (weather issues for example), there may be a few reasons why:

1. The email address school.notifications@mansfieldschools.com is blocked on your inbox or being sent directly to SPAM.
2. HOTMAIL accounts appear to block some emails from Mansfield Public Schools. Consider using an account other than HOTMAIL.
3. Our student database contains an outdated contact email for you. Each September, please be sure to review and update the emergency contact information report that is sent home for each student. During the school year, if you have any change to your emergency contact information please contact the school office.

SCHOOL STRUCTURE

The Qualters Middle uses a team teaching system that is a foundational element of the middle school model. There are a total of nine teams, three per grade, at QMS. Each team is made up of six teachers (English Language Arts, Math, Science, Social Studies, Special Education, and Literacy (grade 6) or Foreign Language (grades 7 and 8). Each Team Liaison has a designated Team Liaison who manages most matters on team. Please contact your Team Liaison with any questions or concerns.

SCHOOL-RELATED PROBLEMS AND CONCERNS

The following guidelines may be helpful for addressing concerns or problems.

1. Any concerns regarding a school-related matter should first be raised by the parent with the staff member most directly involved.
2. If the matter remains unresolved, the parent may wish to speak with the building Principal. Appointments can be scheduled by contacting the office.
3. If the matter is still unresolved, the parent may wish to speak with the Superintendent. For appointment, call the Superintendent's Office at 508-261-7500.
4. If the matter remains unresolved, the parent may wish to bring to the attention of the School Committee by writing a letter to the Mansfield School Committee at Mansfield Public Schools, 2 Park Row, Mansfield, MA 02048 or e-mailing the Committee at school.committee@mansfieldschools.com.

We urge parents to use the progressive steps outlined above as most problems can be addressed satisfactorily by the teacher or other staff member most directly involved. Starting "at the top" inevitably results in no decision and the matter will be remanded to the staff member most directly involved.

The following are examples (not an all-inclusive list) of issues that are most appropriately addressed at the levels indicated:

1. Teachers
 - a. Student homework assignments, quizzes, tests

VISITORS #KI

Student guests are not allowed during the school day. Parents and authorized visitors are welcome but are required to enter the building through the front lobby doors, sign in and out at the main office, and wear guest passes during their visits.

Raptor Visitor Management System

The Raptor Visitor Management System will better allow us to screen visitors in our school and provide a safer environment for our students and staff. All visitors will be asked to follow the following procedure:

- Upon arrival, visitors will check in at the Main Office and will be asked to present a US government-issued ID, such as a driver's license, which will be scanned into the Raptor system.

[Return to Table of Contents](#)

- The Raptor system checks the visitor's name and date of birth for comparison with a national database of registered sex offenders.
- Once entry is approved, Raptor will issue a badge that identifies the individual by name, photo, date, and the purpose of their visit.

NOTE: If for any reason a visitor does not have a US government-issued Driver's License, a school staff member can use any form of identification and manually enter the person's name and date of birth into the Raptor system.

Should you have any questions about the program, please feel free to contact a school administrator.

VOLUNTEERS

Volunteers are welcome in Qualters Middle School. The principle areas of volunteer services include: photocopying, special projects and activities, and field trips. Volunteer information is distributed at the beginning of the school year by the Qualters Middle School Parent Advisory Council (PAC). A Volunteer Sign-In Book is located inside the school office. Volunteers are asked to sign in every time they enter the building and to wear a volunteer/visitor badge.

To protect the safety and well-being of our students, a Criminal Offender Record Information (CORI) form is required for all volunteers. The one-page CORI Form is available in the Office of the School Principal or online on the district website.

ASPEN STUDENT PORTAL

ASPEN is a data management system that is used by the Mansfield Public Schools. ASPEN is the main communication tool for parents to check on their student's academic standing. QMS teachers and staff upload items including but not limited to: homework, grades, projects, materials, and other important information. Each student receives an ASPEN username and password at the start of the school year. It is strongly recommended that parents/guardians keep a copy of the ASPEN username and password and check the student's account on a regular basis. If the username and/or password is lost or not working properly, please contact the QMS main office.

ATTENDANCE

ATTENDANCE POLICY AND PROCEDURE #JH, JHB

Valuable instructional time is missed each time your child is absent, and excessive absences may hinder your child's progress. We are committed to providing the best possible education for your child. Regrettably, this process is adversely affected by poor attendance. Please help us by making school attendance a priority. Remember, we are here to assist you and answer any questions. Students are considered chronically absent when they have missed ten percent of the scheduled school days; the Qualters Middle School is committed to reaching out to the

[Return to Table of Contents](#)

families/ guardians of chronically absent students to help implement a plan to improve attendance. Students who are chronically absent are typically at a higher risk of dropping out of high school, retention, or summer school. These are all situations we strive to avoid.

We understand students may stay home from school when sick and not see a doctor. Students are not required to present a note from a parent when returning from an absence. However, in order for absences to be medically excused, documentation from a doctor is required. Parents are required to call (508) 261-7530 by 9:30 a.m. to notify the school when their child is absent. Parents will be notified through the automated school messenger system before noon if a child is marked absent and a parent did not call to report the absence.

Absences As A Result Of Disciplinary Infractions

A student who is suspended externally receives an absence for each day, but may make up the work they missed while serving the suspension for full class credit.

After a student has been absent for two or more days, parents/guardians may request work for their children. Requests for work are to be made by calling the main office before 8:00 am and work will be available for pickup starting at 1:00pm.

Excusable Absences/Tardy

When an absence is excused it will be recorded as an excused absence on the students' attendance history. Excused absences are still absences and are considered when identifying students who are chronically absent; however, excused absences cannot be considered truancy. In order for an absence to be excused, the student must provide the proper written documentation for the following reasons:

- Documented school visitation (no more than five in an academic school year)
- Documented court appearance
- Authorized school field trip (signed permission slip provided to teacher)
- Religious observances
- Bereavement with parental letter
- Family emergency (submit written explanation to building administration for approval)
- Documented hospitalization (Medically exempt)
- Medical (documentation from a health care provider/doctor). **Dismissal from school by the School Nurse is not considered an excused medical absence.**

Home And Hospital Tutoring

Our policy is in compliance with the state's regulations that govern the school's responsibility to provide home-based tutoring. The Mansfield Public Schools support educational services for students upon receipt of a physician's written order that the student must remain at home or in a hospital setting for medical reasons for a period of not less than 14 school days in a year. The tutoring services are of sufficient frequency to allow the student to continue their educational programs as long as the sessions do not interfere with the student's medical needs. Educational tutoring plans are created on an individual basis. The tutoring form must be renewed every 60 days.

[Return to Table of Contents](#)

Incomplete (I)

Students who receive an “I” on their report card will have 2 weeks following the distribution of grades (report cards) in order to make-up all missing assignments. If the work is not completed on time, the teacher will submit a grade based on the work that was completed.

Medically Exempt (M) Absences

Students with documented medical issues are able to obtain a recorded medical exemption (M) for purposes of attendance and grade record. Students with a medical exemption will not receive a numerical grade for the class in which the “M” was given.

ARRIVALS

School officially begins at 7:25 a.m. The school is open at 7:00 a.m. Students may not arrive before that time. If students arrive between 7:00 a.m. and 7:15 a.m. they must report to the Cafeteria (Grade 6), the Gymnasium (Grade 7), or the Auditorium (Grade 8) and must remain there until they are dismissed. If students arrive at school between 7:15 a.m. and 7:25 a.m., they should go to their locker and then to first period. If students arrive after 7:25 a.m. they are late and must go to the attendance desk for a late pass.

EARLY DISMISSALS

If a student needs to be dismissed from school early, the student needs to bring a note in the morning to the attendance desk. The note should include the following: name of student, date, time of dismissal, parent/guardian's name who will be picking up the student and their signature. The parent/guardian must come into the school office to sign out the student for the day. If the student returns, they must report to the office first before going to classes.

RELIGIOUS HOLIDAYS/OBSERVANCES

In recognition that the community continues to become more diverse, the Mansfield Public Schools recognize that a number of religious and holy days occur during the school year. The Mansfield Public Schools adhere to the following practices:

- All students will be allowed to observe and participate in their religious activities, without penalty. These students will receive an excused absence. Students will be allowed to make up class work, homework and/or any assignments during their religious absence.
- Long-term reports or special projects which are due on one of the major religious days, will be submitted to the teacher on a mutually-agreed-upon date, prior to or following the student's return to school, with no late penalty.
- Teachers are expected to exercise sound judgment in carrying out work when some students may be absent because of a religious holiday or holy day. Provisions should be made for students who expect to be absent. Please notify the teacher in order to obtain assignments that may be necessary ahead of time. In no situation will a student be made to feel uncomfortable because they choose to exercise their religious convictions. Mansfield Public Schools appreciates and understands that religious observances often

[Return to Table of Contents](#)

involve family activities. Students should not be expected to complete homework, study for tests, or complete other school work during their absence. Students will be given the opportunity to make up this work within an appropriate amount of time determined by the teacher.

STUDENT ABSENCE NOTIFICATION PROGRAM

Each Principal or designee will notify a student's parent/guardian within 3 days of the student's absence in the event the parent/guardian has not informed the school of the absence.

Each Principal or designee will meet with any student, and that student's parent/guardian, who has missed five (5) or more unexcused school days (a school day will be equal to two (2) or more class periods in the same day) in a school year. The meeting will be to develop action steps to improve student attendance and will be developed jointly by the Principal or designee, the student, and the student's parent/guardian. The parties may seek input from other relevant school staff and/or officials from relevant public safety, health and human service, housing, and nonprofit agencies.

TRUANCY

Truancy (skipping school) is a very serious violation of the State's attendance laws. If students are reported truant, they will be referred to the school's attendance officer and may face court action.

TARDINESS

If students are not in their homeroom by **7:25 AM**, they are tardy. A parent must telephone the school or excuse them for the tardiness in writing. If the excuse is written, it must include the date and the estimated time of the student's arrival at school, must be written and signed by the parent or guardian. After the 5th tardy, a letter will be sent home reviewing district attendance policies and possible consequences for continued tardiness. Students who are habitually tardy, even with written excuses, may be subject to disciplinary action including involvement with administration and the attendance officer.

VACATIONING STUDENTS

The most important aspect of learning is the interchange of thoughts, ideas and facts among teacher, student and peers. No amount of reading or writing assignments can replace this process. When parents find it necessary to take their child on vacation during the school year the following practice will be adhered to:

- Teachers plan the next day's instruction based on previous classes. Teachers will not be expected to provide work prior to a planned vacation. Upon the student's return to school, the teacher will provide the work that needs to be made up and the student will have two days for every day missed to make up their work.
- Students who are out of school at the end of the marking period may receive an incomplete on their report card. If the work is made up in the appropriate amount of

time the grade will be changed but will not be officially reflected until the next report card.

- Absences due to vacation are unexcused and subject to the terms of the QMS Attendance Policy.

CURRICULUM AND PROGRAMS

ACADEMIC LEARNING CENTER

The Academic Learning Center (ALC) is a separate classroom, coordinated by a licensed educator, where a variety of academic supports are provided to students in need. Students are referred to the ALC through a cooperative effort of their teachers, administrators, School Counselors, and School Nurses.

AFTER-SCHOOL ACTIVITIES/ENRICHMENT

After-school activities are a wonderful way for students to expand their knowledge in different subject areas. If a student is staying after school the following rules are expected to be followed:

1. Once you leave the building for the day, you are not allowed back into the school
2. No wandering in the halls.
3. Students staying after must be accounted for by the teacher.
4. All students must have a pass upon leaving the teacher.
5. The late bus is available only to those students who stayed after school and were engaged in extra help or extracurricular activities.

Eligibility for all extracurricular activities is **dependent upon student attendance**. A student who is absent on the day of a school activity will be ineligible to participate in extracurricular activities on that day. Final eligibility ruling for a student to participate will be determined by the administration. Saturday participation will be determined by Friday's attendance. At least three hours constitutes attendance for participation in extracurricular activities.

The school also has a variety of after-school activities which we encourage all students to get involved with. Information on enrichment opportunities can be found on the QMS website at: qms.mansfieldschools.com and in the QMS main office.

BAND AND ORCHESTRA

The QMS Band, Chorus and Orchestra programs are open to all students from grades 6-8. Each student may participate in one of the three programs. Students range in skill from fourth and fifth year players/singers to brand new student musicians. All students in Band and Orchestra participate in lessons and full ensemble rehearsals. Students in chorus participate in full ensemble rehearsals. There are numerous concerts and performance opportunities during the school year. Information about participating in the band and orchestra programs will be distributed to students at the start of the year. For more information, visit the QMS Band, Orchestra and Chorus pages using the links on our school's homepage.

[Return to Table of Contents](#)

EXTRA HELP

Students may take advantage of special help sessions, which occur Monday through Thursday from 1:49 to 2:20 p.m. If a student is not doing well academically, or is having trouble understanding something in one of their classes, has something to make up due to an absence, or would like assistance from a teacher for a particular assignment or special project, students should stay for extra help. It is the student's responsibility to make arrangements with their teacher ahead of time if they would like to stay after.

FIELD TRIPS #IJOA

Field trips offered through the Mansfield Public Schools are intended to allow students to have experiences that provide them with insight, information, or knowledge that might not be learned within the classroom, bringing real-world context to the classroom curriculum.

All field trips are considered an extension of the school program, and all rules of conduct and regulations as specified in the Mansfield Public Schools Student Handbooks are in effect throughout any school trip. Any student who violates the rules of conduct may be sent home. In this case, the student's parent/guardian will either pick up the student from the field trip location or be responsible for any expense incurred in sending the student home. Further disciplinary action may be taken in accordance with student conduct policies outlined in the school's Student Handbook.

Field trips are open only to students in the Mansfield Public Schools at the grade level(s) participating in the field trip. A permission slip must be completed, signed by student and parent/guardian, and returned to the sponsoring staff member before a student will be allowed to attend any field trip; such form will include appropriate authorization for emergency medical care and administration of medication. All required proof of medical insurance and other insurance and acknowledgement of expected conduct must be secured at least two weeks prior to the trip.

Attendance on school-sponsored trips that are not part of required class activities is a privilege, which may be withheld; no student may attend such a trip if, in the determination of the principal or his/her designee, the student's behavior has been so inappropriate as to be deemed disruptive to the planned trip.

Students who attend field trips must be given a reasonable and adequate opportunity to complete assignments for other classes.

PHYSICAL EDUCATION (PE)

All students in Grades 6 to 8 participate in physical education and Health. It is important that each child be dressed properly for PE class. Children should wear elastic waist pants/shorts/skirts and sneakers. Hiking boots, indoor soccer or football cleats are not allowed.

[Return to Table of Contents](#)

Children should not wear long earrings, and/or large hand or wrist jewelry. Necklaces should be removed or tucked inside clothing. Hats are not to be worn in gym. In order to be excused from PE class, a note from a doctor or healthcare provider must be provided.

RESPONSE TO INTERVENTION (RTI)

Response to Intervention is a federally-mandated initiative that addresses the needs of struggling students. It follows a three-tiered model of instruction. The Qualters Middle School has established teams to provide support for teachers who request assistance to develop, expand and implement strategies in the regular classroom to help meet the diverse needs of students.

The RTI team will:

- Use universal screening tools and other forms of data to identify students at risk for academic, behavioral or social/emotional issues.
- Design intervention plans to meet their needs.
- Monitor the progress of the student over time to ensure that they are closing the gap with their peers.
- Discontinue the intervention(s) once the student has closed the gap relative to their peers.
- Increase or modify the intervention(s) if the student is not making progress.

Glossary of Response to Intervention Terminology

Universal Screening: Class-wide assessments such as benchmark or baseline assessments are administered to identify students who are potentially struggling.

TIER 1/Core Instructional Interventions: All students receive instruction in the regular education classroom. Frequent progress monitoring using curriculum-based measurements (CBM) is conducted to assess struggling students' performance levels and rates of improvement.

TIER 2/Targeted Group/Individual Interventions: Students whose progress in Tier 1 is not adequate receive additional support. A team consisting of the classroom teacher, special educators and other necessary staff makes instructional decisions based on an individual student's performance. The team identifies the academic problem; determines its cause; and then develops, implements, and evaluates a plan to address the problem. At QMS, this measure is addressed through the general education teachers, small group support, and progress monitoring. The interventions are flexible and individualized to meet the student's unique needs.

TIER 3/Intensive Individual Interventions: Students whose progress is still insufficient in Tier 2 may receive even more intensive intervention support. In Mansfield, Tier 3 may involve a full psychological and academic evaluation for the identification of a learning disability.

SPECIAL EDUCATION #IHB

All eligible students in the Mansfield Public Schools are provided with a free and appropriate education in accordance with the Individuals with Disabilities Act, and Section 28 of the Commonwealth of Massachusetts Regulations. Under the law, parent notification regarding the special education process is always the first step. In each school building, the Massachusetts Special Education Regulations are available for review.

Individualized Educational Program (IEP)

At no cost to families, evaluations to identify special education needs are provided for students from age three (3) through twenty-one (21) who have a disabling condition. An Individualized Educational Program (IEP) is developed by an Evaluation Team and implemented for students with an identified disabling condition that interferes with effective progress in regular education. Special education students are expected to comply with all the rules of behavior and discipline unless modifications to these rules are indicated in the student's Individualized Educational Program.

Parents/guardians have the right to initiate, monitor or terminate special education for students under the age of eighteen (18). A student has the following rights regardless of their age:

1. A student has the right to stay in their program until an evaluation, the writing of the Individual Educational Program and any appeals of the Individual Educational Program have been completed.
2. A student is entitled to an equal opportunity to participate in all aspects of the school program, both academic and extracurricular, and may not be discriminated against on the basis of their ability.

At the Qualters Middle School, the following services are offered: screening to detect possible learning difficulties, formal assessments of student's learning abilities for TEAM Evaluations, development of Individualized Educational Programs, and consultation with parents/guardians, school staff and outside agencies.

As required by regulation, the Mansfield Public Schools provides a continuum of special education services to eligible students in the least restrictive environment.

The student referral process includes the following steps:

1. Phase One: Classroom teacher makes appropriate accommodations in the classroom and has conference with parents
2. Phase Two: Consultation with Student Support Team (SST).
3. Phase Three: Interventions and progress monitoring
4. Phase Four: Special Education evaluation if recommended by the SST.

Occupational/Physical Therapists (OT/PT)

[Return to Table of Contents](#)

The OT/PT staff provides school-based occupational therapy (OT) and physical therapy (PT) and related services as defined under § 300.34 of the Individuals with Disabilities Education Act (IDEA) and are provided to students who meet the criteria for special education services under Special Education. The OT/PT staff provides support and assists the student in achieving the IEP goals.

Speech and Language

The Speech and Language Specialists provide direct individualized and small group services to modify the communication behavior of students presenting articulation, voice, and language and/or fluency problems. Assessments to determine each child's individual needs are completed by the speech and language specialists. Speech and language services are provided in the classroom or in a separate setting depending on the type of service and the needs of the student.

Section 504

The Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. One purpose of the Act is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to nondisabled students.

An eligible student under Section 504 is a student who (a) currently has, or (b) has a record of having, or (c) is regarded as having a physical or mental impairment which substantially limits a major life activity such as learning, self-care, walking, seeing, hearing, speaking, breathing, working or performing manual tasks.

If you have questions about section 504 or your child's 504 plan, please contact our building 504 Coordinator:

ACADEMIC EXPECTATIONS

DISSECTION IN SCHOOLS AND DISSECTION ALTERNATIVES #IMGA

Mansfield Public Schools offers some science courses that may include dissection. These courses also include dissection alternatives. Upon a written request of a student's parent or guardian, the Mansfield Public Schools will permit a student who objects to dissection activities to demonstrate competency through an alternate method.

GRADING

All subjects will be graded as follows:

Work of outstanding quality	90-100
Work of very good quality	80-89
Work of acceptable quality	70-79
Poor work, but passing	60-69
Poor work, not passing	Below 60

I = Incomplete work due to absences

P = Pass

HOMEWORK

Homework is an extension of learning at school. Homework provides practice and drills that reinforce classroom learning, as well as opportunities for independent study, research, and creative thinking. Parents can help their children by seeing that assignments are completed.

At the middle school level, research supports that homework can positively impact learning. The more effort students put into their learning, the greater academic gains they make. Middle level students are experiencing an in-between stage as they transition from a more self-contained setting at the Elementary level to a departmentalized environment in High School. Middle School teaming facilitates this transition. Teachers use common planning time to ensure the workload of homework assignments and assessments is balanced and developmentally appropriate to best support individual learning needs.

Please note, the homework times that follow are not meant to be a literal interpretation. The time notation is a reasonable guideline of the homework expectations during the middle school years.

- Homework should not be assigned over the following school vacations: Thanksgiving, December, February, and April.

[Return to Table of Contents](#)

- Routine homework may account for 10-15% of the total weighted average for a course, but will not exceed 15%.
- Homework, including studying, if assigned, should not exceed 1.5 hours per night total for all courses. Teams and teachers should collaborate to ensure that homework and studying should not exceed 1.5 hours per night.
- Consideration will be given to students with disabilities when assigning homework. General education teachers should coordinate with the special education liaison to ensure the amount and type of homework assigned is appropriate based on individual student needs and Individual Education Plans. Students on Individual Education Plans (IEPs), Section 504 Plans, or Response-to-Intervention (RTI) Protocols may also have the amount or type of homework adjusted based on their individual plans and in accordance with the District Curriculum Accommodation Plan (DCAP).
- A student will have two days for every day missed to make up the missed work. Teachers are not required to give out homework assignments prior to a family vacation.
- If summer assignments are given, they should be accompanied by instructions indicating how a student with questions would seek guidance/assistance during the summer.

HONOR ROLL (QMS)

In order for students to receive recognition as an honor student, students will have to meet the following criteria:

- **High Honors** – All grades must be **90 and above** in all subjects
- **Honors** – All grades must be **80 and above** in all subjects

PROGRESS REPORTS AND REPORT CARDS

Progress reports, parent conferences, and portfolios help to provide an overall picture of a child's progress. However, regular and open conversation between parent and teacher is the most important part of understanding a child's development. Progress reports are issued three times a year for Grades 6 through 8. Progress reports are sent home with students in October, January, and May.

Starting the 2nd trimester of the 202-2021 school year, teachers will post all student grades counted towards each term's final average in the district's student management system, which will be online for students and parents to view. Grades will be posted in the system within 5 days of when the assignment was graded.

In addition to mid-trimester progress reports, students/parents/guardians will receive computerized report cards listing the grade for each subject taken during a designated trimester. This will include the academic subjects. Students also will receive a grade for the specialist classes. Students who participate in band or orchestra will also be graded.

Students must bring progress reports and report cards home to be signed by parents/guardians and must promptly return them to their homeroom teacher. Students who continue to forget to

[Return to Table of Contents](#)

return these will be assigned detention.

The exact dates of marking periods, progress reports, and report cards will be posted on the QMS website.

PROMOTION POLICY (QMS)

Students who fail any of the four major academics (ELA, Math, History/SS, and Science) for the school year (average of all 3 trimesters), and/or whose attendance does not meet state guidelines may be considered for retention.

Students who fail any of the four major academics for the year will be allowed to attend summer school to meet the promotion criteria. Students who fail to meet summer school attendance requirements or fail to earn a passing grade in summer school may be retained.

BEHAVIORAL EXPECTATIONS/STUDENT CONDUCT

ACADEMIC MISCONDUCT

Cheating and plagiarism are serious academic offenses that impede learning and diminishes personal growth.

Cheating

Cheating includes but is not limited to cheating on tests, quizzes, homework, or any other assignment regardless of point value. If a teacher determines that a student has cheated, the teacher will notify parents and administrators, and the consequences may be as follows:

- 1st offense: automatic zero on the assignment or exam
- 2nd offense: 1 day internal suspension, 1 day **external** suspension, or evening or Saturday detention, and a zero on the assignment or exam
- Any subsequent offenses may result in more severe disciplinary action.

Plagiarism

According to Webster's Collegiate Dictionary, 10th ed., to plagiarize is "to steal and pass off the ideas or words of another as one's own... to commit literary theft." Plagiarism may include any of the following acts: downloading an entire document from the Internet; cutting and pasting portions of a source from the Internet; copying or paraphrasing from the work of another student; copying or paraphrasing from published sources, such as Cliff's Notes, Spark Notes, books, magazines, newspapers, etc., without proper documentation.

If a teacher determines that a student has intentionally plagiarized, the teacher will notify parents and administrators, and the consequences may be as follows:

- 1st offense: the opportunity to redo the assignment for an automatic credit reduction of 25-30%
- 2nd offense: a zero on the assignment and possible further consequences may follow.

[Return to Table of Contents](#)

- Any subsequent offenses may result in more serious disciplinary action.

DRESS

Students in the Mansfield Public Schools are expected to dress in an appropriate manner conducive to a learning environment. Hence, students shall:

1. Students will dress in a manner that is respectful and appropriate for the school community.
2. Students shall dress in a way that meets reasonable standards for health, safety, and cleanliness.
3. Clothing must be worn to appropriately cover the torso, shoulders, and pectoral area; undergarments must not be visible.
4. No head coverings or sunglasses may be worn unless for religious or documented medical reasons.
 - *If a student does not follow these guidelines, their hat may be confiscated by a teacher or other staff member. On the first occasion, the hat may be taken until the end of the school day. On the second occasion, the hat will be confiscated and returned to a parent/guardian who must come to QMS to retrieve the hat. On subsequent occasions, the issue may be referred to an administrator for further consequences.*
5. Shoes must be worn at all times.
6. The same limits on freedom of speech at school also apply to messages and symbols on clothing.

Teachers who believe a student is dressed in a manner that is not inline with the school's expectations should discreetly notify an administrator or that student's counselor.

Administration and the counseling staff will partner with students and families to address situations where these expectations are not being met.

BACKPACKS/HANDBAGS/SHOULDER BAGS

Students are welcome to use backpacks and bags to carry materials to and from school, but backpacks, handbags and shoulder bags or any other carrying devices are to be stored in lockers during the day. Students may only carry personal items in a small pocketbook that is not large enough to put a book in.

BEVERAGES AND FOOD

Students are not permitted to bring open beverages into school, including but not limited to open containers of juice, soda, coffee, tea and/or any type of "take-out" beverage. Once a container is opened it may not be brought into a hallway, cafeteria, or any other area of instruction. Students may bring only bottled water to class.

In addition,

- Students are permitted to eat school provided breakfast prior to leaving their designated waiting area before school begins.
- Students should not consume food in the hallways or the classroom.

[Return to Table of Contents](#)

- Students may not chew gum in school.
- Students with diagnosed medical conditions warranting beverage availability should bring a note from their Primary Care Physician to the School Nurse, who will authorize permission for the student to have access to beverages. Also students who require such accommodations through their IEP or 504 plans are permitted to have access to food and beverages throughout the school day and while using school transportation services.

CAFETERIA

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. The lunchroom management and the students appreciate the cooperation of everyone in:

1. Depositing all lunch litter in wastebaskets
2. Placing disposable lunch trays and utensils in the wastebaskets
3. Leaving the table and the floor clean for others

Throwing food or any other object in the cafeteria, or stealing food is prohibited and offenders will receive disciplinary action from an administrator. Inappropriate and disruptive behavior may result in exclusion from the cafeteria and/or Level II discipline. Students are not permitted to leave school during lunchtime. Neither food nor drink may be taken from the cafeteria.

MEAL CHARGES

The Mansfield Public School District expects each school to notify students and parents of the district student meal charge policy annually. The information contained below is a summary of some of the major points in the policy. [Click here](#) for a full version of the district meal charge policy, other information related to Food Services, and current lunch prices.

The goal of the Mansfield Food Services is to provide students access to nutritious meals each school day. However, unpaid meal charges place a large financial burden on our district. The intent of the district meal charge policy is to establish a process and procedure to handle situations when children eligible for reduced-price or full price meal benefits do not have enough money to pay for school meals and to communicate the process for the collection of unpaid meal charges and delinquent account debt.

The Mansfield School District Unpaid Meal Charge Policy states:

- All students will be able to purchase breakfast and lunch daily.
- Students who have not qualified for a free meal and who do not have enough money to pay for their meal will have a charge added to their meal account for the meal they were provided. Students will not be allowed to charge a la carte items.
- All communication regarding unpaid meal debt will be directed at parents/guardians. When a student's meal account balance reaches a negative \$5 or more, the Director of Food Services will contact the household to inform them of the amount, how to apply for free or reduced price meals, and offer to answer questions and provide assistance.

[Return to Table of Contents](#)

- When a student reaches the negative account limit, they will be offered a designated menu lunch alternative in a manner that does not cause embarrassment or stigma in the cafeteria. The designated meal alternative will contain all of the components for a complete meal, including milk, fruit, vegetables, whole grain, and meat/meat alternative. Students in K-2 will be exempted from receiving an alternative meal.
- For meal debt that has remained in the negative balance for a prolonged time period, the school principal will contact the parent/guardian to investigate the situation more closely.
- Hand stamps, stickers, or any other means of overt identification of children with unpaid meal debt in the cafeteria or the classroom are prohibited.
- Free and reduced meal application forms are available [here](#). Families may apply for free and reduced meal assistance at any time during the school year.
- All families are encouraged to prepay for school meals to avoid unpaid meal charges (payment can be made by cash or check at the cafeteria register or online at MySchoolBucks.com. Low-balance email reminders and account tracking are available on MySchoolBucks.com free of charge. A parent/guardian may call the Food Service Director to place a block on their child's account to prohibit the purchase of a la carte items or to set a dollar cap. Any remaining funds for an individual student at the end of the school year will be carried over to the next school year.

Block On Accounts

A parent may call the Food Service Director to place a block on their child's account to prohibit the purchase of a la carte items or set dollar cap.

Refunds and Unclaimed Funds

- a. Withdrawn or graduating students may request a refund by writing or emailing Dawn Langtry, Food Service Director, 250 East Street, Mansfield, MA 02048, dawn.langtry@mansfieldschools.com for a refund of any money remaining in their account.
- b. Students who are graduating at the end of the year will be given the option to transfer remaining funds to a sibling's account with a written request.
- c. All refunds must be requested within 180 days of the student leaving the district. Any unclaimed funds after 180 days will become the property of the Mansfield Public Schools Food Service Program.

Preventing Meal Charges

Low-balance email reminders and account tracking is available on MySchoolBucks.com and is free of charge to help ensure households are aware of the potential to accrue meal debt. The Food Services Department will call or email households on a bi-weekly basis or as needed to inform parents/guardians of a negative balance owed by the student.

Students may be discreetly reminded at the time of purchase if they need to bring in money for meal purchases. When a student is close to the allowable limit for meal charges, they will be told if payment is not received, they may only be offered an alternative meal.

[Return to Table of Contents](#)

Food Services will notify the building administration and the parent/guardian before a student is offered an alternative meal. If a student is without meal money on a consistent basis, the administration will investigate the situation more closely and take further action as needed. If financial hardship exists, parents and families will be encouraged to apply for free or reduced price lunches for their child if applicable.

Applying for Free and Reduced Price Meals

Free and Reduced Price Meal Applications may be submitted at any time during the school year. The determination of free or reduced price meals based on the application is valid for the entire school year. A new application can be completed if your financial situation changes during the school year.

Applications and directions are available as part of the opening day packet from your child's school. The applications and directions are also posted on the Mansfield Public School website under the Food Service tab. If you need assistance with completing an application, please contact Dawn Langtry, Food Service Director, 508-261-7400 x33124 or dawn.langtry@mansfieldschools.com.

Parents/guardians are expected to submit the Free and Reduced Lunch Application as soon as possible each school year or as their financial situation changes, unless they have received a letter of Direct Certification from the Food Service Department. Direct Certification determinations (electronic match process) through the Massachusetts Department of Health and Human Services will be made at a minimum of three times per year and when a student transfers into the district.

Unpaid Charges, Delinquent Debt, and Bad Debt

All communication regarding unpaid meal debt will be directed at parents/guardians. Unpaid meal charges are considered "delinquent debt" and are identified as a financial obligation of the parents/guardians. Mansfield Food Services is required by federal regulation to continue to collect meal charges defined as delinquent

Student meal account balances may be checked at any time by logging into www.myschoolbucks.com or by emailing the Food Services Director. Payment for negative account balances may be made online at any time via the MySchoolBucks.com account portal. Students may bring cash or check payments (payable to Mansfield Food Services) to the cashier in their school cafeteria. Payment also may be made by check and mailing it or dropping it off at the Food Service Director's Office, Mansfield High School, 250 East Street, Mansfield, MA 02048.

Checks Returned for Non-Sufficient Funds (NSF) will result in a penalty fee (currently \$25). When a check is returned to the Town Treasurer's Office for "NSF," a letter will be mailed by the Food Services Director to inform the parent/guardian. Payment along with any applicable fees must be received within ten (10) business days of the date of the letter. When the NSF notice is received, the Food Services Director will deduct the check amount from the student's account. All accounts must be paid by the end of the school year or at the time a student withdraws from the district. Any balance owed to the Food Service program will be carried over into subsequent

[Return to Table of Contents](#)

years in an attempt to collect the debt. Repayment plans may be developed on an individual basis in order to clear the balance owed. The consequences of non-payment will be determined on a case-by-case basis by the building principal.

CARE OF SCHOOL PROPERTY #ECAC

Students may not mark school furniture, walls, ceilings, floors, or equipment with pen, pencil or any other instrument or cause damage to the infrastructure within the indoor or outdoor facilities of the school district. Students may not tamper with fire alarms, fire extinguishers, or any electrical systems, including the computer network. Anyone who willfully or negligently destroys school property through vandalism, arson, or larceny, or who creates a hazard to the safety of other students, may face punitive measures as defined by Massachusetts General Law and make restitution for damaged property. Staff members should obtain and report to the administration the names of students who violate the terms of this paragraph.

Each student must promptly return all classroom and library books, athletic clothing, supplies and equipment, cameras, musical instruments, and other school equipment and property entrusted or loaned to them. A student will be responsible for returning such materials in the same condition in which they were entrusted or loaned to the student and will bear the cost of repairing or replacing the damaged, lost or stolen materials. Failure to return such materials upon request will subject the student to disciplinary consequences and the potential loss of privileges. Food or drink should not be brought into the auditorium or the gymnasium, unless in accordance with the breakfast portion of the Food and Beverage policy.

The Superintendent or designee will approve access to files on District-owned equipment or information only when there is a valid reason to access those files. Authority to access user files can only come from the Director of Technology in conjunction with requests and/or approvals from the Superintendent or designee. External law enforcement agencies may request access to files through valid subpoenas and other legally-binding requests. The District's legal counsel must review all such requests. Information obtained in this manner can be admissible in legal proceedings or in a District discipline hearing.

CORRIDOR TRAFFIC

With approximately 1000 students and staff in our building it is necessary to have some simple rules to follow in the hallways. These will help us to avoid confusion, injury and tardiness to class. Students should do the following in the corridors:

- Stay to the right.
- Keep moving to their scheduled class or activity. They should not hang around, talk too loudly, run, shove, or push anyone. Passing time is limited.
- Carry all necessary books when they have several classes that are near each other. Due to the number of students in the school, backpacks and tote bags are not allowed. Girls may carry small pocketbooks for personal belongings.
- Do not go back to their locker between each class.
- Be alert to the traffic around them and follow all directions given by teachers/staff during passing time.

Students found in violation of this policy will be subject to appropriate action by school officials and may be referred to legal authorities. Penalties for violating this policy, as they affect athletic participation as mandated by the Massachusetts Interscholastic Athletic Association (MIAA), may be lengthier than penalties imposed by the school.

The school district will utilize, in accordance with law, a verbal screening tool approved by the Department of Elementary and Secondary Education (DESE) to screen students for substance abuse disorders. Trained staff will administer the screening tool on an annual basis at grades 7 and 9.

[Return to Table of Contents](#)

ELECTRONIC MEDIA & COMMUNICATION DEVICES #IJNDB

The use of electronic media devices (CD players, MP3 players, radios, video game players, and any other electronic media devices) and electronic communication devices (cellular phones and other communication devices) are prohibited in the Mansfield Public Schools during the school day and during detentions. Electronic media devices should be secured and turned off upon entering the building, before the start of classes until exiting the building at the end of the day. If a student is using electronic media devices or electronic communication devices during the school day, the equipment may be confiscated, secured in the main office, and returned to the student or their parent/guardian. Repeated violations may result in disciplinary action, including detention and/or suspension.

In the event that a parent deems it necessary for their child to use an electronic communication device in school, the parent must request, in writing, permission from the Principal. This request must include the reason and the length of time for which the device is needed. All requests are

[Return to Table of Contents](#)

subject to approval at the discretion of the Principal. Mansfield Public Schools will not be held financially responsible if a device is lost or stolen.

ELECTRONIC VIDEO & STILL-IMAGE DEVICES #IJNDB

The unauthorized use of electronic video devices (handheld video camcorders, video cellular phones, and other electronic video or electronic still image devices) is prohibited at all times in the Mansfield Public Schools. If an unauthorized student uses an electronic video or still-image device, the equipment may be confiscated, secured in the main office, and returned to their parent/guardian. Any unauthorized capture or distribution of electronic video or still images may result in a suspension and/or possible prosecution by the Mansfield Police Department.

The Mansfield Public Schools recognize and support student efforts to capture images that serve as nostalgic reminders of their middle school years. Yearbook staff holds the formal responsibility for this creative endeavor, but students often want a more personal record. If students wish to use electronic video or still-image devices while on school property, they must request permission from the Principal.

ELIGIBILITY FOR STUDENT ACTIVITIES #JJA

Eligibility for all extracurricular activities is dependent upon student attendance. A student who is absent on the day of a school activity will be ineligible to participate in extracurricular activities on that day. Final eligibility ruling for a student to participate will be determined by the administration.

Saturday participation will be determined by Friday's attendance. At least three hours constitutes attendance for participation in extracurricular activities.

FINANCIAL OBLIGATION

Students occasionally incur financial obligations as a result of circumstance or willful misbehavior. Lost books, lost locks, misplaced and or damaged school supplies and equipment, including devices and accessories, or punitive assessments as the result of vandalism or negligence can result in such financial obligations.

FIREARMS

In accordance with the Massachusetts General Laws Chapter 71, Section 10, Chapter 150, the following regulations relative to firearms are enforced in the Mansfield Public Schools.

Whoever not being a law enforcement officer, and notwithstanding any license obtained by them under the provisions of Chapter 140, carries on their person a firearm as hereinafter defined, loaded or unloaded, in any building or on the grounds of any secondary school, college or university without the written authorization of the board or officer in charge of such secondary school, college or university will be punishable by a fine of not more than one thousand dollars (\$1,000) or by imprisonment for not more than one year, or both. For the

[Return to Table of Contents](#)

purpose of this paragraph, "firearm" will mean any pistol, revolver, rifle, or smoothbore arm from which a shot, bullet or pellet can be discharged by whatever means.

Replicas and/or toy firearms are not permitted in school. Violation of this policy will result in disciplinary action as outlined in Level III of the Discipline Policy.

HAZING #JICFA-E

In accordance with Massachusetts General Laws, the School Committee hereby deems that no student, employee or school organization under the control of the School Committee shall engage in the activity of hazing a student while on or off school property, or at a school sponsored event regardless of the location. No organization that uses the facilities or grounds under the control of the School Committee shall engage in the activity of hazing any person while on school property.

Any student who observes what appears to them to be the activity of hazing another student or person should report such information to the Principal including the time, date, location, names of identifiable participants and the types of behavior exhibited. Students and employees of the District are obligated by law to report incidents of hazing to the police department.

Any student who is present at a hazing has the obligation to report such an incident. Failure to do so may result in disciplinary action by the school against that student and could involve suspension from school for up to three days.

Any student who participates in the hazing of another student or other person may, upon the approval of the Principal, be suspended from school for up to ten (10) school days.

Any student determined by the Principal to be the organizer of a hazing activity may be recommended for expulsion from school but will receive no less disciplinary action than that of a participant.

In all cases relating to hazing, students will receive procedural due process.

LOCKER POLICY #JIHA

As a condition of usage of a school locker, students are advised that the school administration reserves the right to inspect a student's locker if necessary to maintain the integrity of the school environment, to protect other students, or to enforce safety regulations. As such, there should be no expectation of privacy in any locker, desk, or other property belonging to the Mansfield Public Schools. Every student will be issued a school-assigned locker and a school-assigned lock on the first day of school. Students are not permitted to access any locker other than their school-issued locker, and cannot replace the school-issued lock with their own lock. It is expected that a student will keep their locker locked. (See "Search and Seizure" section).

POSITIVE BEHAVIOR INTERVENTIONS and SUPPORTS (PBIS)

Qualters Middle School has implemented Positive Behavioral Intervention and Supports (PBIS). PBIS is a framework, or approach, for assisting school personnel in adopting and organizing evidence-based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students. The school has a PBIS team of staff members that lead the school's initiative by collaborating to design and implement systems for teaching school-wide expectations, recognizing positive behavior and promoting a positive school culture. It includes:

- Three universal behavioral expectations for the school (respect, responsibility and kindness) that are stated in positive language and center around the school's core values. Direct instruction of the expectations in context, with opportunities for modeling, practice, feedback, and correction.
- High rates of positive feedback (Buzz Bucks) aimed at strengthening desired behaviors.
- Predictable redirection and consequences delivered fairly across the school.
- Data based decision making that drives interventions aimed at (a) restructuring setting and scenarios likely to produce problem behavior, and (b) developing and targeting interventions for students who require additional behavioral supports.

SCHOOL BUS RULES AND REGULATIONS #JICC

The school bus is an extension of the classroom and rules regarding behavior are the same as in school. Students who violate any of the rules and regulations for school bus students may, at the discretion of the administration, have their bus privileges suspended and/or be disciplined through the school as defined in the discipline section of this handbook.

The bus driver should be considered to have complete authority over students as it is the bus drivers' responsibility to deliver students safely to and from school.

Students who ride the school bus should be familiar with the following:

- Students should be on time for the bus but not arrive at the stop earlier than 10 minutes before the time at which the bus usually arrives.
- Students waiting for buses shall not go on private property or cause any damage to such property.
- Students should remain well back from the roadway while awaiting the arrival of the bus. Start loading the bus only at the direction of the driver.
- Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until their destination is reached and the bus is stopped.
- Students shall be picked up and dropped off only at their regularly scheduled stops.

[Return to Table of Contents](#)

- Students shall cooperate with and be courteous to the driver and to fellow students.
- Students shall not vandalize damage or deface the buses or the property of other students.
- No disturbing the driver by any means – there shall be no shouting, vulgar language, roughhousing, or throwing things on the bus.
- There shall be no eating or drinking on the bus. Students who have a current accommodation for a 504 plan, an Individualized Education Plan (IEP), have specific medical conditions or approved sensory diets are exempt from this rule.
- All articles such as athletic equipment, books, musical instruments, etc. must be kept out of the aisles and off of the seat. Items must be small enough to fit under the seat in front of the student or the items will not be permitted on the bus.
- Students shall not throw anything out of a window. Students shall keep their hands, arms and heads inside the bus at all times.
- The emergency door is to be used for **EMERGENCY USE ONLY**

Bus drivers must notify the building principal or administrator in charge of discipline when an infraction of the rules occurs. This notification must be written on a Bus Conduct Report Form as approved by the Business Office.

SOCIAL EVENT REGULATIONS

When students attend an after-school party or a dance, they are participating in a social event. We hope they do attend social events. If they do, we expect them to follow these rules:

- Only QMS students may attend school social events. No outside guests are allowed.
- Students must follow all rules that would apply during a normal school day at all school functions.
- Students must behave in a courteous, responsible, and respectful manner.
- Students may not leave a social event before it is over unless an appropriate adult picks them up.
- Students' parents must provide transportation at the immediate close of the social event.

TEXTBOOKS

When students are issued a textbook, they must cover it to prevent it from being damaged. We ask students to take good care of all books and treat them as if they were their own. If students lose any books or equipment, or if it is damaged while signed out to them, they will have to pay to replace them. The student won't be given a new book until they have paid for the lost or damaged one. If at a later time the book is found, the student will be refunded the money paid.

USE OF TOBACCO AND TOBACCO FREE PRODUCTS ON SCHOOL PROPERTY #JICG

The Massachusetts Education Reform Act prohibits smoking in school and on school property. Students are not permitted to smoke or use tobacco products at any time in the building and on the school grounds or in transportation vehicles used for school-sponsored events and activities. In addition, use of any tobacco product or smoking is banned at all school-sponsored

[Return to Table of Contents](#)

events, even though this use does not take place on school grounds. Because it is illegal for anyone under 18 years of age in Massachusetts to purchase tobacco products, possession of all tobacco products on school grounds is prohibited.

Students who violate this rule will be subject to a Level II consequence. For purposes of this policy, “smoking” will mean all uses of tobacco or tobacco-free products and devices (including but not limited to chewing tobacco, cigars, cigarettes, and pipes) and the use of electronic, ‘vapor,’ or other substitute forms of cigarettes and nicotine.

DISCIPLINE PROCEDURES AND DUE PROCESS

DISCIPLINE (Unless otherwise defined by Massachusetts General Law) #JIC

The Mansfield Public Schools act in accordance with the implementation of Chapter 222 of the Acts of 2012 as stated in Massachusetts General Law 71, 37H, 37H ½, 37H ¾.

Problem Resolution

The staff of the Mansfield Public Schools is committed to resolving problems informally whenever possible. Parents/guardians are encouraged to call the teacher's) Counselor, department chairperson or school administrator(s) to initiate conferences, to receive updates on their child's progress, or to voice a concern. Students are reminded that they may access the Counseling Office for assistance to help mediate student-student conflicts.

When there is a concern about an educational or disciplinary problem, the parent/ guardian should first consult the teacher directly involved with the situation, and an attempt should be made to resolve the problem at that level. A conference may be requested, and the student may participate in that conference when appropriate.

When an issue has not been resolved at the level of the teacher, an additional meeting can be arranged between the parent/guardian, the teacher, department chairperson and a school administrator.

Goals

The goal of the discipline policy of the Mansfield Public Schools is to create an orderly and productive environment essential for the effective, efficient, and safe operation of the schools. The intention of this policy is to provide the students with notice of the school standards and expectations regarding student behavior and the consequences for violations of the rules and regulations.

All members of the school community have the responsibility to conduct themselves with respect for the rights and property of others in school and during all school-sponsored activities, both on and off school grounds, including those times when riding school buses or other school-provided vehicles.

DISCIPLINARY OFFENSES

In the Mansfield Public Schools there are three levels of disciplinary offenses: Level I/Minor Offenses; Level II/Major Offenses; and Level III/Illegal Acts. Most disciplinary violations are included within these three levels of offenses, but the school retains the right to identify acts of misconduct as deemed appropriate at the discretion of the Principal.

Level I: Minor Offenses

Level I offenses include but are not limited to the following: pass violations, tardiness, failure to attend assigned detention and chronic gum chewing.

Level II: Major Offenses

Level II offenses include but are not limited to truancy, insubordination, disrespectful behavior, disruptive behavior, harassment, vulgar and obscene language, fighting, other physical altercations, smoking, repeated Level I offenses, unauthorized access to another student's locker, failure to report to a class or other assigned area (library, assembly, Nurse's office, counseling office), or participation in a school-sponsored activity while suspended.

Level III: Illegal Acts

Level III offenses include all acts that are illegal under the laws of the Commonwealth of Massachusetts, including, but not limited to: vandalism, theft, sexual harassment, assault, possession of illegal drugs, use of illegal drugs, distribution of illegal drugs, possession of dangerous weapons or objects, false alarms, threats, or violation of the civil rights of a staff member or another student, or unauthorized use of computer networking systems and/or tampering with computer equipment, resident programs, or files.

CONSEQUENCES

The following consequences may be used either alone or in combination for different offenses depending on the severity of the offense.

Teacher Detention

A student failing to report to a teacher detention will be reported to an administrator and will be assigned a detention, as deemed appropriate by the administrator. The length of a teacher-assigned detention is from 1:49-2:20 p.m. Students assigned to detention are to report to the room designated at the time given and for the number of days assigned. 24-hour notice is to be given. Parents should be made aware of assigned detentions

Lunch Detention

A school administrator may assign a lunch detention for any day lunch is being served at school. During a lunch detention, a student is to bring their lunch to the office to be eaten away from the cafeteria. No child serving a lunch detention will be denied the ability to eat lunch. Students buying lunch and students who receive free and reduced lunch will be able to go to the cafeteria to get their lunch.

[Return to Table of Contents](#)

Office Detention

A school administrator may assign office detention on certain designated days of the week immediately after school for those students with undesirable patterns of attendance, for frequent tardiness, or for behavioral misconduct. Office detentions may be assigned in lieu of internal or external suspensions, at the administrator's discretion. Failure to attend office detention, or behavioral misconduct in office detention, may result in a suspension from school. Students must have sufficient materials and books to study for the time in detention and must cooperate with the detention supervisor. Office Detentions are scheduled between 1:50 - 2:50 p.m. In certain situations, an extended detention lasting until 3:50 pm may be assigned.

Saturday Detention

Saturday detentions are assigned by an Assistant Principal for Level I and II offenses and are held from 8 a.m. – noon in the Mansfield High School Library. Students are expected to bring school work to complete during the detention.

Exclusion from Extracurricular School Functions

A school administrator may determine that a student's behavior warrants the student's exclusion from the privileges of extracurricular school activities and attendance at school-sponsored events, including but not limited to: ski club trips, Stinger events, field day, and/or 8th grade end-of-year activities.

In-School Suspension

In School Suspension (repeated Level 1s, Level II and Level III offenses may result in an In-School Suspension) An in-school suspension may be used as an alternative to short-term suspension for disciplinary events. An in-school suspension means the removal of a student from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions in one school year, initially. If in school suspension has the potential to go beyond 10 school days, students are afforded the same rights they would receive under long term suspension procedures.

Emergency Removal #JIC

Under section 37H ¾ , nothing shall prevent a principal or designee from removing a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially disrupts the order of the school. The temporary removal shall not exceed three (3) school days, which shall include the day of the emergency removal.

External Suspension #JIC

Students assigned an external suspension are not allowed to be present on school grounds at any time during the duration of their external suspension, except to attend scheduled meetings as required to uphold their due process rights. Students assigned an external suspension are not allowed to attend or to participate in any school-sponsored activity. If an externally suspended student is found on school property during the dates of the suspension, the length of the

[Return to Table of Contents](#)

suspension may be extended. If an externally suspended student attends or participates in a school-sponsored activity during the dates of the suspension, the length of the suspension may be extended.

PROCESS FOR DISCIPLINARY OFFENSES #JIC

Fourteenth Amendment – Rights of Due Process: In 1975, the United States Supreme Court ruled that public school students facing suspension are protected by the due process clause of the Fourteenth Amendment of the United States Constitution. A student suspended by a disciplinary action is entitled to due process, including the right to receive oral and written notice of the charges against him or her, an explanation of the evidence supporting the charges, and an opportunity to present their side of the story prior to suspension. A student facing a suspension of greater than ten (10) days is entitled to a formal hearing to express their position relative to the incident that resulted in disciplinary action and a written explanation of the reasons for any action taken prior to the suspension, in cases where an emergency removal is required under section 37H $\frac{3}{4}$ students may be removed prior to hearing.

Procedures for an In-School Suspension

If the principal or their designee chooses this alternative, the principal or their designee shall inform the student of the disciplinary offense charged and the basis for that charge and provide the student an opportunity to dispute the charge and explain the circumstances surrounding the charge. If an in-school suspension is issued, the principal or their designee shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the offense, and the length of the in-school suspension. The principal or their designee shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. This meeting shall be scheduled on the day of the suspension, if possible, or as soon as possible thereafter. The principal or their designee shall also send written notice to the student and parent about the in-school suspension, including the reason and length of the in-school suspension, and inviting the parent to the above described meeting, if such meeting has not already occurred.

Procedures for Short Term Suspensions #JIC

A student facing suspension of ten (10) days or less is entitled to oral and written notice of the charge(s), an explanation of the evidence that the school authorities have regarding the charge(s), and an opportunity to present their side of the story. Student has the right to have a parent or guardian present during the hearing, unless the parent is unreachable, after "reasonable efforts".

Procedures for Long Term Suspensions and Appeal

A student facing a suspension of more than ten (10) days, or the possibility of expulsion, will be accorded the following rights:

1. Prior oral and written notice of possible suspension
2. Oral and written notice of the charge(s), offense, potential length of suspension
3. The right to be represented by an attorney or advocate, at the expense of the student
4. Adequate time to prepare for the suspension/expulsion hearing

[Return to Table of Contents](#)

5. Access to documentary evidence prior to the hearing
6. The opportunity to present witnesses and evidence at the hearing.
7. Access to interpreter services is needed.
8. Opportunity for parent or guardian present during hearing, after a reasonable effort to contact.
9. A prompt written decision normally rendered within three (3) school days of the hearing, which includes specific grounds for the decision.
10. Notification to appeal principal's decision to the Superintendent.

The procedures for appealing administrative action taken for Level III offenses are as follows, except for procedures defined by Massachusetts General Law and referenced elsewhere in the pages of the Common Handbook.

1. A written request for an appeal hearing must be submitted to the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days.
2. The long-term suspension will remain in effect unless and until the Superintendent decides to reverse the principal's determination on appeal.
3. The Superintendent will conduct an appeal hearing within three (3) school days of the request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days. The Superintendent will render a decision upon completion of that hearing, within five (5) calendar days.
4. The decision of the Superintendent shall be the final decision of the school district with regard to the suspension.

DISCIPLINE OF STUDENTS EDUCATED ON AN IEP

All students are expected to meet the requirements as set forth in this handbook. Massachusetts General Laws require that additional provisions be made for students who have been found eligible or are currently in the evaluation process, by an Evaluation Team, to have disabilities and whose program is or could be described in an Individualized Education Plan (IEP). The following additional requirements apply to the discipline of students with disabilities.

1. The principal or designee will notify the Special Education Office of the suspension of a student with disabilities and a record will be kept of such suspensions.
2. In accordance with special education regulations, when it is known that the suspension(s) of a student with disabilities will accumulate to greater than ten (10) days in a school year, a manifestation hearing will convene to determine whether the student's disciplinary behavior is a manifestation of their handicapping condition. The IEP will be reviewed to determine appropriateness of the student's placement or program.
3. If a special education student commits an offense which causes the student to be expelled from school, the school district continues to be responsible for providing the student with a free appropriate public education in another educational setting.
4. There are certain situations in which school personnel may order a change in placement

[Return to Table of Contents](#)

of a special education student without regard to whether the student's behavior is determined to be a manifestation of the student's disability. These situations include:

- a. carrying or possession of a weapon
- b. knowingly possesses or uses illegal drugs, sells or solicits the sale of a controlled substance
- c. has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

The Individuals with Disabilities Education Act (IDEA)- The IDEA protections summarized above also apply to a child who has not yet been found eligible for services under the statute if the district is "deemed to have knowledge" that the child was eligible for such services before the conduct that precipitated the disciplinary action occurred. The IDEA provides that a school district is "deemed to have knowledge" if: (1) the child's parent had expressed concern in writing to district supervisory or administrative personnel or the child's teacher that the child needs special education and related services; (2) the child's parent had requested an evaluation of the child to determine eligibility for special education services; or (3) the teacher of the child or other school district personnel had expressed specific concerns about a pattern of behavior by the child directly to the district's director of special education or to other supervisory personnel. However, a school district is not "deemed to have knowledge" if the district evaluated the student and determined that the child was not eligible for special education services or the child's parent refused an evaluation of the child or IDEA services.

If the school district has no knowledge that a student is an eligible student under the IDEA before taking disciplinary measures against the student, the student may be disciplined just as any other student may be. If, however, a request is made for an evaluation to determine eligibility while the student is subject to disciplinary measures, the district must conduct the evaluation in an expedited manner. Pending the results of the evaluation, the student must remain in the educational placement determined by school authorities, which may include suspension or expulsion without services. If the student is determined eligible for an IEP as a result of the evaluation, the school district must provide the student with special education and related services in accordance with the IDEA.

DISCIPLINE OF STUDENTS EDUCATED ON A 504 Plan

School personnel may not suspend a student on a 504 plan for more than ten consecutive days without a manifestation determination. Procedural protections for eligible 504 students are the same as those afforded to special education students.

OTHER OFFENSES, SECTION 37H ¾ #JIC

In accordance with the New Student Discipline Rules Ch. 222 of the Acts of 2012, Ch. 71, Section 37H ¾, disciplinary action, including suspension may be taken for all other serious offenses.

The Law, codified at M.G.L. c.71, 37H ¾ does not apply to cases involving possession of weapons or drugs in school, instances of student assaults on staff members, or cases in which a student has been indicated for a felony or felony delinquency. The process for imposing discipline in

[Return to Table of Contents](#)

those matters is still subject to M.G. L. c. 71, 37H & 37H ½. The new law limits the duration of suspension to not more than 90 school days; this limitation does not apply to suspensions or exclusions under 37H & 37H ½. In all cases the school district must continue to provide educational services to students if they are suspended or excluded for more than school 10 days.

MASSACHUSETTS LAW CHAPTER 71

Controlled Substances, Dangerous Weapons, Assault Upon Staff, Section 37H #JIC

In accordance with the education reform act of 1993, ch. 71, section 37h, a student may be subject to expulsion according to the following regulations:

- a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or knife: or a controlled substance as defined in Ch. 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the Principal.
- b) Any student who assaults a Principal, Assistant Principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the Principal.
- c) Any student who is charged with a violation of either paragraph (a) or (b) will be notified in writing of an opportunity for a hearing: provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the Principal.
- d) After said hearing, a Principal may, at their discretion, decide to suspend rather than expel a student who has been determined by the Principal to have violated either paragraph (a) or (b).
- e) Any student who has been expelled from a school district pursuant to these provisions will have the right to appeal to the Superintendent. The expelled student will have ten (10) days from the date of the expulsion in which to notify the Superintendent of the appeal. The student has the right to counsel at a hearing before the Superintendent. The subject matter of the appeal will not be solely limited to a factual determination of whether the student has violated any provisions of this section.
- f) When a student is expelled under the provisions of this section, schools and school district within the Commonwealth will be required to admit such student and to provide educational services to said student. If the student does apply for admission to another school or school district, the Superintendent of the school district to which application is made may request and will receive from the Superintendent of the school expelling said student a written statement of the reason for said expulsion. Upon expulsion of said student, schools and school district will be required to provide educational services to such student to be determined by the school Principal.

Suspension/Expulsion: Felony Complaint Or Conviction, Section 37H ½ #JIC

In accordance with the Education Reform Act of 1993, Ch. 71, Section 37H 1/2, the following disciplinary action may be taken upon a felony complaint or conviction:

1. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the Principal may suspend such student for a period of time determined appropriate by said Principal if said Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student will receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student will also receive written notification of the right to appeal and the process for appealing such suspension: provided, however, that such suspension will remain in effect prior to any appeal hearing conducted by the Superintendent.

The student will have the right to appeal the suspension to the Superintendent. The student will notify the Superintendent in writing of this request for an appeal no later than five (5) calendar days following the effective date of the suspension. The Superintendent will hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student will have the right to present oral and written testimony on their behalf, and will have the right to counsel. The Superintendent will have the authority to overturn or alter the decision of the Principal, including recommending an alternate educational program for the student. The Superintendent will render a decision on the appeal within five (5) calendar days of the hearing. Such decision will be the final decision of the school district with regard to the suspension.

1. Upon the student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the Principal may expel such student for a period of time determined appropriate by said Principal if said Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student will receive written notification of the charges and the reasons for such expulsion prior to such expulsion taking effect. The student will also receive written notification of the right to appeal and the process for appealing such expulsion; provided, however, that such expulsion will remain in effect prior to any appeal hearing conducted by the Superintendent.

The student will have the right to appeal the expulsion to the Superintendent. The student will notify the Superintendent in writing of the request for an appeal no later than five (5) calendar days following the effective date of the suspension. The Superintendent will hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student will have the right to counsel. The Superintendent will have the authority to overturn or alter the decision of the Principal, including recommending an alternate educational program for the student. The Superintendent

[Return to Table of Contents](#)

will render a decision on the appeal within five (5) calendar days of the hearing. Such decision will be the final decision of the school district with regard to the expulsion.

Upon expulsion of said student, schools and school district will be required to provide educational services to such student to be determined by the school Principal.

Education Services And Academic Progress Under Sections 37H, 37H ½ and 37H ¾ #JIC

Any student who is serving an in-school suspension, short-term suspension, long-term suspension, or expulsion will have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of their removal from the classroom or school. The Principal will inform the student and parent of this opportunity in writing when such suspension or expulsion is imposed.

Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, will have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan.

The Principal will notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice will be provided in English and in the primary language spoken in the student's home if other than English as determined by the home language survey, or other means of communication where appropriate. The notice will include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

SCHOOL SAFETY

CANINE SEARCH

In cooperation with the Mansfield Public Schools, the Mansfield Police Department may conduct canine searches of the middle school, high school, and student parking lots with prior approval from the Superintendent of Schools.

FIRE DRILL #EBDC

Fire drills at regular intervals are required by law and are an important safety precaution. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building by the prescribed route as quickly as possible. The teacher in each classroom will give instructions to the students and the students are expected to stay with the teacher in order that attendance may be taken.

LOCKDOWN DRILLS #EB

In the event that a lockdown drill is conducted, it is essential that when the first signal is given, students and staff obey orders promptly and adhere to the reverse evacuation plan as outlined in the crisis manual.

EVACUATION OF THE SCHOOL

If it is necessary to evacuate the building, students must follow the directions of the adult in charge. If they are not with an adult when the building is being evacuated, they should leave by the nearest exit. We expect students to follow all of the established procedures for a fire drill if we must evacuate the building in an emergency. In the event of a lockdown, students must follow the instructions of the teacher in charge.

PREVENTION OF PHYSICAL RESTRAINT OF A STUDENT

The Mansfield Public Schools complies with the Massachusetts Department of Elementary and Secondary Education's (DESE) regulations 603 CMR 46.00 to the extent required by law, in order to protect students of the district from the use of unreasonable physical restraint at school and at school-sponsored events and activities, whether or not on school property. The Mansfield Public Schools prohibits the use of mechanical restraint, medical restraint, and seclusion restraint.

School personnel will use physical restraint only as an emergency procedure of last resort and only after other less-intrusive alternatives have failed or been deemed inappropriate, with these goals in mind:

1. To administer a physical restraint when needed to protect a student and/or a member of the school community from immediate, serious, physical harm; and
2. To prevent or minimize any harm to the student as a result of the use of physical restraint.

School personnel will not use physical restraint when it is medically contraindicated, as a means of punishment, or as a response to destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

SCHOOL CANCELLATION AND CLOSING

In the event of unusually severe weather or other special circumstances that might prevent or delay the opening of school, announcements are broadcast between 6 - 8 A.M. on the following stations. Parents/guardians need to make advance arrangements for a possible delayed start of school, which could be up to ninety (90) minutes. In the event that students need to be released from school early, parents/guardians should check these stations for current information:

- WBZ Channel 4

SEARCH AND SEIZURE #JIH

The Fourth and Fourteenth Amendments to the United States Constitution guarantee freedom from unreasonable search of one's person and property. Equipment assigned to students, such as lockers and desks, belongs to the Mansfield Public Schools. As such, there is no expectation of privacy in lockers, desks, or any other property belonging to the Mansfield Public Schools, which reserves the right to inspect such property.

The search of students or their property or their vehicles on school property will comply with the following procedures:

1. There will be reasonable suspicion for school personnel to believe that a search will disclose evidence of a violation of a school rule or law.
2. When such reasonable suspicion exists, a search may be conducted under the explicit authorization of the Principal or designee.
3. Items that might be used to disrupt or interfere with the educational process, such as weapons or illegal substances, will be removed from the student's possession. Parents will be notified when such a search has been conducted. Body searches are not conducted.
4. School personnel will assist or permit the police to search a student, their possessions, or assigned school equipment, when the police have obtained a search warrant authorizing the search, or consistent with applicable legal requirements.

SECURITY CAMERAS #ECAf

The Mansfield School Committee supports the use of security cameras throughout the District for the purpose of enhancing school safety and security, as part of the District's overall security plan. The Committee's goal is to foster measures that improve the safety and security of the teaching and learning environment for students and staff, to maintain order and discipline on school property and on school vehicles, to ensure public safety for students, staff, and visitors to our schools, and to help safeguard District facilities, grounds, and property.

The District's security camera system will be in operation and may be monitored by school personnel throughout the year. Security cameras may be used both inside and outside of school buildings and on school buses to record students, staff, and property.

Security cameras are installed in public areas only; these areas include school buses, grounds, athletic areas, exterior entrances or exits to school buildings, and large gathering spaces such as classroom corridors, cafeteria, lobby, and main entries.

Security cameras may not be used in an area where there is a "reasonable expectation of privacy." No security cameras shall be placed in restrooms, changing rooms, private offices, classrooms, counselor's offices, staff lunch rooms, staff work rooms, Nurse's offices, and locker rooms.

STUDENT SERVICES

ADJUSTMENT COUNSELOR AND SCHOOL PSYCHOLOGIST

The Adjustment Counselors and School Psychologists at the Qualters Middle School have special training to help students overcome problems that impede learning and to assist students in emotional and psychological growth and maturity. The Adjustment Counselors and School Psychologists support children, parents and teachers by facilitating and providing assessments, direct counseling, topic-specific groups, crisis intervention, and parent workshops.

Students may benefit from assistance with separation/adjustment issues, social conflicts, and family changes such as a death, divorce or moving. Referrals may be received from teachers, administrators, parents and students. All services except crisis intervention require the permission of parents/guardians.

COMPUTER LAB

The computer lab, located on the second floor, is open two days a week after school. Check the lab for available days and times. Students are not allowed in the computer lab unsupervised and should make arrangements to utilize the lab on the days it is open.

FOOD SERVICES #EF, EFC

A lunch period is scheduled daily which includes hot lunch and milk. For updated fees please consult the Food Services tab of the Mansfield Public Schools website.

Students in all schools are issued four-digit pin numbers that are used to purchase food in the cafeteria. Parents may deposit money into their child's account by sending in a check or cash, or online with a credit card.

Students who go through the cafeteria line with either no prepayment or no money for lunch will be given a lunch, but must bring payment the next day. No child will be allowed to go hungry at school, however students will be given a predetermined lunch, they will not have the option to choose from any meal on the lunch menu.

Prepayment is recommended to avoid lost or forgotten lunch money. Prepayment by check for lunch, not including available snacks, may be made out to the Mansfield Food Service and given directly to the cafeteria staff. Parents will be informed if a student's balance is outstanding.

Applications for Free and Reduced Lunch are available at the QMS main office and on the district website. Applications may be submitted at any time during the school year.

Meal Charges

The goal of the Mansfield Public Schools Food Services is to provide student access to nutritious no- or low-cost meals each school day. However, unpaid charges place a large financial burden

[Return to Table of Contents](#)

on our district. The intent of this policy is to establish a process and procedure to handle situations when children eligible for reduced-price benefits or who pay for full-price meals have insufficient funds to pay for school meals, and to communicate the process for the collection of unpaid meal charges and delinquent account debt in compliance with federal requirements for the USDA Child Nutrition Program.

Under federal regulation, funds from the non-profit food service account cannot be used to cover the cost of charged meals or food items that have not been paid.

Meal Payment and Account Limits

Free meal status allows a student to receive a free meal (breakfast and lunch) everyday.

Reduced-price eligible students are able to purchase a breakfast and lunch each day. A reduced-price eligible student will be allowed to charge a maximum dollar equivalent of five (5) meals to their account after the balance reaches zero, which will be known as the “account limit.” For updated lunch fees, please click here. [For updated lunch fees, please click here.](#)

All other students who pay for meals at the school’s published paid meal rate each day will be allowed to charge a maximum dollar equivalent of five (5) meals to their account after the balance reaches zero, which will be known as the “account limit”.

Charged Meals and A la Carte Items

Charged meals offered to students will be reimbursable meals that are available to all students. A la carte items are not included in the USDA program, and charging of a la carte items is not allowed. Milk purchased alone and not part of a school lunch or breakfast is considered an a la carte item and must be paid for when purchased.

If the student has a negative meal account balance, a la carte items cannot be purchased until the negative balance is paid, regardless of the student’s ability to pay for a la carte items at the time of sale.

Alternate Meals

Overt identification of children with unpaid meal debt in the cafeteria or the classroom is prohibited. This includes the offering of an alternative meal, verbal notification, hand stamps, stickers, etc.

Student Meal Accounts

All families are encouraged to prepay for school meals to avoid unpaid meal charges. Funds should be maintained in student meal accounts to minimize the possibility that a child may be without meal money on any given day. Any remaining funds for an individual student at the end of the school year will be carried over to the next school year.

Meal Payment Options

- a. **Cash or Check payments** may be made at any cafeteria register. Checks should be made out to “Mansfield Food Service”. Please include the child’s full name on the memo line.

[Return to Table of Contents](#)

Even if you choose to pay at the register for your student's meals, you can register at MySchoolBucks.com to see what is being purchased and to have a "low-balance" email reminder sent to you. This part of the website is free of charge.

- b. **MySchoolBucks.com** is an online program that allows the parent to "see" what is happening in the account. An account may be linked to a credit card or bank account and electronically transfer funds into a student meal account. There is a small transaction fee to use this electronic transfer. The "low-balance" email reminder and transaction report are free.

Block On Accounts

A parent may call the Food Service Director to place a block on their child's account to prohibit the purchase of a la carte items or set dollar cap.

Refunds and Unclaimed Funds

- a. **Withdrawn or graduating students** may request a refund by writing or emailing Dawn Langtry, Food Service Director, 250 East Street, Mansfield, MA 02048, dawn.langtry@mansfieldschools.com for a refund of any money remaining in their account.
- b. Students who are graduating at the end of the year will be given the option to transfer remaining funds to a sibling's account with a written request.
- c. All refunds must be requested within 180 days of the student leaving the district. Any **unclaimed funds** after 180 days will become the property of the Mansfield Public Schools Food Service Program.

Preventing Meal Charges

Low-balance email reminders and account tracking is available on MySchoolBucks.com and is free of charge to help ensure households are aware of the potential to accrue meal debt. The Food Services Department will call or email households on a bi-weekly basis or as needed to inform parents/guardians of a negative balance owed by the student.

Students may be discreetly reminded at the time of purchase if they need to bring in money for meal purchases. When a student is close to the allowable limit for meal charges, they will be told if payment is not received, they may only be offered an alternative meal.

Food Services will notify the building administration and the parent/guardian before a student is offered an alternative meal. If a student is without meal money on a consistent basis, the administration will investigate the situation more closely and take further action as needed. If financial hardship exists, parents and families will be encouraged to apply for free or reduced price lunches for their child if applicable.

Applying for Free and Reduced Price Meals

Free and Reduced Price Meal Applications may be submitted at any time during the school year. The determination of free or reduced price meals based on the application is valid for the entire school year. A new application can be completed if your financial situation changes during the school year.

[Return to Table of Contents](#)

Applications and directions are available as part of the opening day packet from your child's school. The applications and directions are also posted on the Mansfield Public School website under the Food Service tab. If you need assistance with completing an application, please contact Dawn Langtry, Food Service Director, 508-261-7400 x33124 or dawn.langtry@mansfieldschools.com.

Parents/guardians are expected to submit the Free and Reduced Lunch Application as soon as possible each school year or as their financial situation changes, unless they have received a letter of Direct Certification from the Food Service Department. Direct Certification determinations (electronic match process) through the Massachusetts Department of Health and Human Services will be made at a minimum of three times per year and when a student transfers into the district.

Unpaid Charges, Delinquent Debt, and Bad Debt

All communication regarding unpaid meal debt will be directed at parents/guardians. Unpaid meal charges are considered “delinquent debt” and are identified as a financial obligation of the parents/guardians. Mansfield Food Services is required by federal regulation to continue to collect meal charges defined as delinquent

Student meal account balances may be checked at any time by logging into www.myschoolbucks.com or by emailing the Food Services Director. Payment for negative account balances may be made online at anytime via the MySchoolBucks.com account portal. Students may bring cash or check payments (payable to Mansfield Food Services) to the cashier in their school cafeteria. Payment also may be made by check and mailing it or dropping it off at the Food Service Director’s Office, Mansfield High School, 250 East Street, Mansfield, MA 02048.

Checks Returned for Non-Sufficient Funds (NSF) will result in a penalty fee (currently \$25). When a check is returned to the Town Treasurer’s Office for “NSF,” a letter will be mailed by the Food Services Director to inform the parent/guardian. Payment along with any applicable fees must be received within ten (10) business days of the date of the letter. When the NSF notice is received, the Food Services Director will deduct the check amount from the student’s account.

All accounts must be paid by the end of the school year or at the time a student withdraws from the district. Any balance owed to the Food Service program will be carried over into subsequent years in an attempt to collect the debt. Repayment plans may be developed on an individual basis in order to clear the balance owed. The consequences of non-payment will be determined on a case-by-case basis by the building principal.

HEALTH SERVICES #JLC, JLCD, ADFR

The mission of the Health Services in the Mansfield Public Schools is to enhance the educational process by modification or removal of health-related barriers to learning and to promote an optimal level of wellness. diagnose or prescribe treatment. Based on the Nurse's assessment, parents may be contacted and advised to follow up with their private physician. **Students may not text/call parents for a health-related dismissal.** All health-related dismissals must occur through the health office. Nurse dismissals are not considered excused absences. Students may not leave the building due to illness without authorization. If the School Nurse is not available, students are to report to the Main office for assistance.

The following Health Services are provided in the Mansfield Public Schools:

- Student Health Records that include the student's medical history, immunizations, screening results and physical examinations that are required in grades Pre-K, K, 4,7,10 and each year for high school sports eligibility
- Individual Health Care Plans (IHCP) that include skilled nursing care and case management for student with special health care needs
- Screenings for height, weight, vision, hearing, postural development: Massachusetts State regulations require Health Services in public schools to perform screening for all students. Height and weight will be measured in grade 7. Parents and legal guardians will be provided with an opportunity to request, in writing, that their student not participate in the program.
- Direct nursing care including First Aid, Illness Assessment, Communicable Disease Control and Health Care Referrals
- Medication Administration The Mansfield Public Schools policy for the administration of medication is available in each health office and on the district website under the School Committee Policy Index. The medication must be registered with the school nurse with the written permission of a parent/guardian and a physician's order. All medications, including prescription and over the counter, must be provided by the parent/guardian in the original container with the prescription or the manufacturer's label. Parent/guardian signature will be required at time of drop off to confirm the number of pills delivered. No student is allowed to carry medication at school without parent permission and the approval of the school nurse, who may require a physician's approval.

Life-Threatening Allergies

The Mansfield schools is committed to providing a safe and nurturing environment for students. Recognizing the increasing prevalence of life-threatening allergies (LTAs) among school

[Return to Table of Contents](#)

populations, the Mansfield Public Schools works in cooperation with parents, students, and physicians to minimize risks and to provide a safe educational environment for all students. The focus of allergy management is prevention, education, awareness, communication, and emergency response.

The Mansfield Public Schools sets age-appropriate plans/guidelines for students and schools within the Mansfield system that minimize the risk for students with life-threatening allergies to be exposed to offending allergens that may trigger a life-threatening reaction. Such guidelines include:

- Building-based general medical emergency plans
- Life-threatening allergy emergency plans
- Individual healthcare plans for all students diagnosed with LTA
- Appropriate training of staff
- Availability on site of medical equipment for quick response to life-threatening allergic reactions
- And such other guidelines that will ensure that students with LTA can participate fully in school activities without undue fear of harm from exposure to life-threatening allergens.

Specific building-based guidelines/actions take into account the health needs and well-being of all students without discrimination or isolation of any student. No student will be excluded from school activities based solely on their allergies. In order to assist students with LTAs to assume more individual responsibility for maintaining their safety as they grow, these guidelines will shift as students advance through the primary grades and through secondary school.

Guidelines For Contacting The School Nurse

If a student is experiencing any of the following, parents/guardians are to contact the School Nurse:

- Newly diagnosed with a chronic health problem, e.g., seizures, diabetes, asthma, severe allergies
- Daily medication for an extended period of time
- Documentation of immunization or boosters
- Communicable disease
- Health problem that may affect school performance, e.g., vision or hearing, attention deficit disorder
- Health problem that may affect school attendance
- Treatment for any problem that may impair safety or mobility during the school day or restrict gym or recess, e.g., broken bones, orthopedic problem, on crutches, mononucleosis, recent surgery, upcoming surgery, concussions, or any head injury
- Family experiencing a problem and needing support, assistance, or a referral for help, e.g., death in the family, change in marital status, parenting issues, substance abuse, mental health problems

Sharing the above information will allow the School Nurse to better safeguard the health of each student, especially in times of emergency. In addition to the above guidelines,

parents/guardians are encouraged to contact the School Nurse with any questions or problems.
Public S

Head Injury Management Policy #JJIF, JJIF-R

Head injuries and concussions can have serious consequences for students, but proper management can help to maximize recovery and minimize academic impact.

Please notify the school nurse as soon as possible following any head injury. The school nurse will work with you, your student, physician, and school staff including Athletic Trainer and coaches if applicable to ensure that appropriate accommodations are in place. Suspected concussions that occur during school activities are reported to families for referral to a provider.

Based on state regulations regarding concussion, please note the following: **All students must be cleared by their primary care provider to return to physical activity and full academic workload once they have improved. There are no exceptions to this. The nurses can provide you with a form letter to bring to your doctor for completion or you may obtain a written document from your doctor stating your student is fully cleared from concussion restrictions and may fully participate in academics and athletics including physical education.

*In addition: All students that are athletes (during any season) must be cleared as above before returning to play. This process requires communication with the Athletic Trainer, documentation from your physician, passing the ImPact test and a graduated return to play. We recommend your student meet with the Athletic Trainer at their earliest convenience to discuss a specific plan. Please refer to Head Injury Management and Protocols available on district website under School Committee Policy Index.

School Exclusion Guidelines

For the protection of your student as well as the school community, students should be kept home from school or will be dismissed from school under the following circumstances:

- The student has a communicable disease. Students who are prescribed antibiotics for strep throat infection or impetigo (for example) must complete 24 hours of treatment before returning to school. For all other communicable diseases, the student may return to school based on Massachusetts Department of Public Health Guidelines. Surveillance and monitoring of communicable disease outbreaks is done in collaboration with the Mansfield Board of Health and the Massachusetts Department of Public Health.
- The student has a temperature of over 100 degrees. The student may return after they are fever-free for 24 hours without the use of fever reducers.
- The student has an eye infection that may need to be evaluated by a physician. Students may return the day after any indicated treatment has begun for bacterial conjunctivitis, unless the student is at a developmental level that prevents them from maintaining proper hygiene.
- The student has persistent coughing or trouble breathing. They may need to be evaluated for asthma, or a serious respiratory infection.

[Return to Table of Contents](#)

- The student has an undiagnosed rash. Rashes may need to be evaluated by a physician to rule out communicable disease.
- The student has head lice or nits. The student may return to school after the first treatment and all nits are removed.
- The student has diarrhea within 24 hours. Diarrhea is defined as multiple loose watery stools unrelated to food, medication or a diagnosed chronic condition. The student may return when they have been symptom-free for 24 hours.
- The student has been vomiting within the past 24 hours not associated with a diagnosed condition or medication side effect. The student may return when they have been symptom-free for 24 hours.
- The student has an illness that prevents them from participating comfortably in activities as determined by the staff.
- The illness results in a greater need for care than the staff determine they can provide without compromising their ability to care for other students.

Student Immunization Requirements

In order to be registered for school, students must present documentation of state required immunizations. The [Immunization Requirements for School Entry](#) resource outlines the required vaccines by child care/preschool, grades K-6, and grades 7-12.

All students must have documentation of a risk assessment for tuberculosis (TB) completed by a primary care physician.

LIBRARY USE

The QMS Library is open for student use from 7:15AM to 2:45 PM. Before Homeroom, students are encouraged to use the library to return, take out, or renew books. During the day students may use the library with their class or with a pass from one of their teachers. After school, the library is a quiet place to work. Computers are available for student use in the library.

SCHOOL COUNSELOR

The QMS school counselor works collaboratively with students, parents, teachers, administrators and specialists responsible for a student's social, emotional and academic development throughout the middle school years. Students are assigned to a school counselor in the 6th grade and remain with the same school counselor throughout their tenure at Qualters Middle School. School counselors work with all students through the school counseling curriculum that is embedded in classes over the course of the school year.

A student may meet with their counselor to discuss problems with school work, educational choices, development of work habits, or any other problem that may be of concern to the student. School counselors will also meet students in small groups periodically throughout the year. Parents/guardians are always encouraged to contact or make an appointment with their child's grade level school counselor to discuss overall school performance, social or emotional concerns, peer relations, or family issues that may impact school.

STUDENT TRANSPORTATION SERVICES/SCHOOL BUSES #EEA, EEAA

Bus routes are established under the direction of the superintendent in cooperation with bus contractors so as an authorized bus stop is available within a reasonable walking distance of the home of every student entitled to transportation, and that distance does not exceed one mile.

Bus routes are structured so the total time a student spends on the bus is minimal.

Authorized bus stops are located at convenient intervals in places where students may be loaded and unloaded, cross highways, and await arrival of buses with the utmost safety allowed by road conditions.

The district's responsibility begins when the child boards the bus at the pickup location and ends when the child disembarks at the drop off location after school. The bus driver should be considered to have complete authority over students while it is their responsibility to deliver them safely to and from school.

Eligibility:

All children in grades kindergarten through six who reside two or more miles from the school are eligible for free transportation. Exceptions to this policy may be made when road conditions do not provide for the physical safety of the children and when the health of students make this service essential.

PAY-N-RIDE Fee Based:

All grade K through 6 students who live less than 2 Miles and All Grades 7 through 12 students may ride the bus on a PAY-N-RIDE fee basis.

Fees:

The School Committee shall establish fees for transportation for all non-eligible students and will review them on a regular basis. Said fees must be paid to the school department prior to the student riding the bus. The Pay-N-Ride fee is non-refundable. After the 90th day of school, bus fees for new riders shall be one-half the annual fee.

No student eligible for free or reduced lunch under the Federal School Lunch Program, shall be required to pay a fee for transportation.

Special Education:

Regular transportation: If the student does not require transportation as a result of his or her disability, then transportation shall be provided in the same manner as it would be provided for a student without disabilities. In such case, the IEP shall note that the student receives regular

[Return to Table of Contents](#)

transportation, and if the school district provides transportation to similarly situated students without disabilities, the eligible student shall also receive transportation.

Special transportation: If the Team determines that the student's disability requires transportation or specialized transportation arrangements in order to benefit from special education, the Team shall note on the student's IEP that the student requires special transportation. In such circumstances, transportation is a related service.

Alternate Addresses:

Transportation may be requested, in writing, to and from a location other than the student's legal residence, provided that all of the following conditions are met:

- The service is to/from said alternate location in the AM and/or PM, each and **every** school day.
- The student is eligible for transportation services.
- The alternate location is on an existing bus route.
- There is space on the bus.

THERAPY ASSISTANCE DOGS

The Mansfield Public Schools supports the use of assistance dogs for the benefit of its students subject to the conditions of policy (IMGB). Professional School Assistance Dogs certified with their owners/handlers as Certified Assistance Dog Teams provide emotional and physical support in the educational setting. These highly-trained dogs model good behavior, tolerance, and acceptance.

This policy is not intended to, and does not, allow students, parents, or staff to bring emotional support animals onto the Mansfield Public Schools campus. Individuals who bring an animal onto the District campus that does not meet the definition of a service animal under District policy IMG Animals in School or that has not been approved under this policy will be asked to leave campus.

COMPLIANCE AND SCHOOL DISTRICT POLICY

BULLYING PREVENTION AND INTERVENTION #JICFB, JICFB-R, JICFB-E

The Mansfield Public Schools is committed to providing a safe haven that fosters a culture of respect free from harassment, intimidation, bullying, cyber bullying, and retaliation to support the diverse human needs of all our students, employees, volunteers, visitors, and patrons. This commitment is an integral part of our comprehensive efforts to promote learning in a safe environment, and to prevent and eliminate all forms of bullying and other harmful and

[Return to Table of Contents](#)

disruptive behavior that can impede the learning process.

The District will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyber bullying, or retaliation, in district school buildings, on school grounds, or in school-related activities. This prohibition applies to all MPS employees, volunteers, independent contractors, students, and parents/guardians, including conduct between/among all parties. All reports and complaints of bullying, cyber bullying, and retaliation will be investigated promptly and action taken to end that behavior and restore the target's sense of safety. This commitment will be supported in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent/guardian involvement.

Administrators and supervisors are expected to make clear to students and staff that any bullying behaviors, as defined below, will not be tolerated in school buildings, on school grounds, on the bus or school-sanctioned transportation, or at school-sponsored events or activities.

Bullying is prohibited:

- On school grounds;
- On property immediately adjacent to school grounds;
- At school-sponsored or school-related activities;
- At functions or programs whether on or off school grounds;
- At school bus stops;
- On school buses or other vehicles owned, leased or used by the school district;
- Through the use of technology or an electronic device owned, leased, or used by the Mansfield Public Schools

Bullying and cyber bullying are prohibited at a location, activity, function, or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the Mansfield school district if the act or acts in question create a hostile environment at school for the target; infringe on the rights of the target at school; and/or materially and substantially disrupt the education process or the orderly operation of a school.

I. Definitions

To effectively support a comprehensive and collaborative approach to school safety, it is essential for school personnel, students, parents/guardians, law enforcement agencies and other interested parties to use common language. The following definitions, several of which are copied directly from M.G.L. c. 71, § 37O, are provided to help facilitate this:

Aggressor is a student or a member of a school staff who engages in bullying, cyber bullying, or retaliation.

Bullying is the repeated use by one or more students or by a member of a school staff of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:

- causes physical or emotional harm to the target or damage to the target's property;

[Return to Table of Contents](#)

- places the target in reasonable fear of harm to oneself or of damage to their property;
- creates a hostile environment at school for the target;
- infringes on the rights of the target at school; or
- materially and substantially disrupts the education process or the orderly operation of a school.

Cyber bullying is defined as bullying through the use of technology or any electronic communication, which will include, but will not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber bullying will also include the creation of a web page or blog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber bullying will also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the clauses, inclusive, of the definition of bullying. 37O(a)

Hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student's education.

Positive Behavior Intervention and Supports (PBIS) is a decision-making framework that guides selection, integration, and implementation of the best evidence-based academic and behavioral practices for improving important academic and behavior outcomes for all students. PBIS emphasizes four integrated elements:

- (a) data for decision making,
- (b) measurable outcomes supported and evaluated by data,
- (c) practices with evidence that these outcomes are achievable, and
- (d) systems that efficiently and effectively support implementation of these practices.

Response to Intervention (RTI) integrates assessment and intervention within a multi-level prevention system to maximize student achievement and to reduce behavior problems. With RTI, schools identify students at risk for poor learning outcomes, monitor student progress, provide evidence-based interventions and adjust the intensity and nature of those interventions depending on a student's responsiveness, and identify students with learning disabilities or other disabilities.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

[Return to Table of Contents](#)

School Staff includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

Target is a student against whom bullying, cyber bullying, or retaliation has been perpetrated.

For the purpose of this policy and accompanying plan, whenever the term bullying is used, it is to denote either bullying or cyber bullying.

II. Prevention and Intervention Plan

The Superintendent will oversee the development of a prevention and intervention plan, in consultation with all district stakeholders, which may include teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, and parents/guardians, consistent with the requirements of this policy, as well as state and federal laws.

The Superintendent or designee will review and update the Bullying Prevention and Intervention Plan by December 31 every other year.

Each Principal will implement and oversee the Bullying Prevention and Intervention Plan within their school.

III. Reporting

Responsibility of Students

Students who believe that they are a target of bullying, observe an act of bullying, or who have reasonable grounds to believe that these behaviors are taking place, should report incidents to a member of the school staff. The target will, however, not be subject to discipline for failing to report bullying.

Each school will have a means for anonymous reporting by students of incidents of bullying. No formal disciplinary action will be taken solely on the basis of an anonymous report. Any student who knowingly makes a false accusation of bullying may be subject to disciplinary action.

Parents or guardians, or members of the community, are encouraged to report an incident of bullying as soon as possible.

Responsibility of School Staff

School staff will take all reasonable measures to prevent bullying. Any employee that witness, hear of, or have reasonable grounds to believe that bullying behaviors are taking place, is obligated to report such behaviors to the principal or their designee immediately. Additionally, any employee who observes an incident of bullying on school property or at a school-related event on or off school property must immediately notify the principal or their designee.

This report should be made verbally as soon as possible but no later than the end of the

[Return to Table of Contents](#)

student's school day. Staff members are required to report all acts or incidents of bullying.

IV. Investigation Procedures

The building Principal or designee first assesses the safety needs of the alleged target and/or protects the alleged target from possible further incidents. The building Principal or designee work with staff to create a personal safety plan; assign seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identify a staff member (in most cases the guidance counselor) who acts as a "safe person" for the target; and altering the aggressor's schedule so there is no access to the target. The administrator alerts the parents/guardians about the safety plan as needed. The Principal or designee will promptly investigate the report of bullying, using a Bullying/Cyber Bullying Report Form. The investigation may include interviewing the alleged target, alleged perpetrator, staff members, students and/or witnesses.

Student support staff will assess an alleged target's needs for protection and create and implement a safety plan that will restore a sense of safety for that student. Confidentiality will be used to protect a person who reports bullying, provides information during an investigation of bullying, or is witness to or has reliable information about an act of bullying. If the Principal or designee determines that bullying has occurred, they will take appropriate disciplinary action.

Furthermore, school staff also must report all crimes to the police. Staff should notify the Principal, who will notify the Superintendent and the School Resource Officer. The SRO will coordinate notification to the police. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

The investigation will be completed within fourteen school days from the date of the report unless there are extenuating circumstances that prevent access to the students who are involved. The parents or guardians will be contacted upon completion of the investigation and informed of the results, including whether the allegations were found to be factual, whether a violation of this policy was found, and to the parents of the alleged aggressor, whether disciplinary action has or will be taken.

Retaliation

The Mansfield Public Schools prohibits retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Confidentiality

Confidentiality will be maintained to the extent consistent with the school's obligations under law.

VII. Disciplinary Action

The Mansfield Public Schools is committed to creating a campus environment that promotes

[Return to Table of Contents](#)

timely and fair adjudication of bullying incidents. Principals will establish guidelines to protect the rights and privacy of the targeted student as well as the due process rights of the alleged aggressor. If it is determined that inappropriate conduct has been committed by a student, the Mansfield Public Schools will take such action as it deems appropriate under the circumstances and that is consistent with the school's Student Code of Conduct. Such action may range from counseling and/or discipline up to and including suspension or expulsion from school. All employees, including supervisors and managers, who engage in bullying are subject to immediate disciplinary action, including possible termination of employment.

The District will provide counseling or referral to appropriate services, including guidance, academic intervention, and protection to both the targeted student and aggressors as necessary.

The Principal or designee will document and maintain a file on any incident of bullying that is reported per this policy. The Principal will provide a monthly report to the Superintendent.

VIII. Prevention: Training and Education

Staff Training

The Mansfield Public Schools will provide annual training in preventing, identifying, responding to, and reporting incidents of bullying for school employees and volunteers who have significant contact with students and will provide annual training for faculty and staff at each school on the Bullying Prevention and Intervention plan as it pertains to their respective school.

Student Education

On-going, age-appropriate, evidence-based instruction on bullying prevention will be incorporated into the curriculum for all K-12 students.

IX. Publication and Notice

Notice of this policy and plan will appear in all district publications that discuss comprehensive rules, procedures, and student conduct, including but not limited to student handbooks and the Mansfield Public Schools website.

The Superintendent or designee will provide annual written notice of the Bullying Prevention and Intervention Plan to all school staff. Employee handbooks will include relevant sections of the Bullying Prevention and Intervention Plan as they relate to the duties of faculty and staff.

Principals will provide annual written notice of the relevant sections of the Bullying Prevention and Intervention Plan, in age-appropriate terms, to students and their parents/guardians in student/parent handbooks.

Student-to –Student Harassment

Harassment of students by other students will not be tolerated in the Mansfield Public Schools.

[Return to Table of Contents](#)

This policy is in effect while students are on school grounds, school district property or property within the jurisdiction of the school district, school buses, or attending or engaging in school activities.

Harassment prohibited by the district includes, but is not limited to, harassment on the basis of race, sex, creed, color, national origin, sexual orientation, gender identity, religion, marital status or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion.

Harassment means conduct of a verbal, written, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs or activities;
- Submission to or rejection of such conduct by a student is used as the basis for decisions affect the student, or;
- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.

Harassment as describe above may include, but is not limited to:

- Verbal, physical or written (which includes texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

The district will promptly and reasonably investigate allegations of harassment. The Principal of each building will be responsible for handling all complaints by students alleging harassment.

Retaliation against a student because a student has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding is also prohibited. A student who found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including suspension and expulsion.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

SEXUAL HARASSMENT

Sexual harassment of students by other students, employees, vendors and other 3rd parties will not be tolerated in the Mansfield Public Schools. The alleged harassment must involve conduct that occurred within the school's own program or activity, such as whether the harassment occurred at a location or under circumstances where the school owned, or substantially controlled the premises, exercised oversight, supervision or discipline over the location or participants, or funded, sponsored, promoted or endorsed the event where the alleged harassment occurred, against a person in the United States. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school sponsored activities.

Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion pursuant to disciplinary codes. Employees who have been found to violate this policy will be subject to discipline up to and including, termination of employment, subject to contractual disciplinary obligations.

Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability

[Return to Table of Contents](#)

prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion.

Harassment as described above may include, but is not limited to:

- Written, verbal, or physical (including texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences; and,
- Discussion of one's sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

By law, what constitutes harassment is determined from the perspective of a reasonable person with the characteristic on which the harassment is based. Individuals should consider how their words and actions might reasonably be viewed by others.

The District will promptly address and reasonably investigate allegations of harassment when there is a formal complaint through designation of Title IX Coordinator or building based employees, who may include principals or their designees. The superintendent will recommend, in consultation with the principals, opportunities to the designated recipients for appropriate training.

Massachusetts General Laws Ch. 119, Section 51 A, requires that public schools report cases of suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment.

Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

An individual who reports sexual harassment does not have to be the person at whom the unwelcome sexual conduct is directed. Any person, regardless of gender, may be a witness to and personally offended by such conduct.

NOTICE OF SEXUAL HARASSMENT

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

[Return to Table of Contents](#)

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

DUE PROCESS PROTECTIONS

Due process protections include the following:

- 1) A presumption of innocence throughout the grievance process, with the burden of proof on the school;
- 2) A prohibition of the single investigator model, instead requiring a decision –maker separate from the Title IX Coordinator or investigator;
- 3) The District will be utilizing preponderance of the evidence as the standard for investigations,;
- 4) The opportunity to test the credibility of parties and witnesses through written questions, subject to “rape shield” protections and other legal privileges;
- 5) Written notice of allegations and an equal opportunity to review the evidence;
- 6) Title IX Coordinators , investigators, and decision-makers must be free from bias or conflict of interest;
- 7) Equal opportunity for parties to appeal, where schools offer appeals;
- 8) Upon filing a formal complaint the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying the preponderance of the evidence. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

The Committee authorizes the Superintendent to create detailed procedures to investigate and address complaints of sexual harassment. The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The District may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the District will send written findings to both the complainant and respondent.

TEACHING ABOUT DRUGS, ALCOHOL, AND TOBACCO #IHAMB

In accordance with state and federal law, the Mansfield Public Schools will provide age and developmentally-appropriate, evidence-based alcohol, drug, and tobacco education and prevention programs in grades K-12.

The alcohol, tobacco, and drug prevention program will address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also will include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs.

The objectives of this program, as stated below, are rooted in the Committee's belief that prevention requires education, and that the most important aspect of the policies and guidelines of the District should be the education of children and youth on healthy decision-making:

- To prevent, delay, and/or reduce alcohol, tobacco, and drug use among children and youth.
- To increase students' understanding of the legal, social, economic, and health consequences of alcohol, tobacco, and drug use.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid alcohol, tobacco, and drug use.

TEEN DATING VIOLENCE POLICY #JICFC, JICFC-R

The Mansfield Public Schools is committed to providing a learning environment in which dating violence is not tolerated. Consistent with this philosophy, the Mansfield Public Schools is committed to promoting an environment free from dating violence. Accordingly, the Mansfield Public Schools seeks to increase awareness of teen dating violence and help in responding to the needs of victims and children who are witnesses to such violence.

Teen dating violence occurring in any setting is unlawful, and teen dating violence occurring in any school setting will not be tolerated. Further, retaliation against an individual who has complained about teen dating violence or cooperated in an investigation of teen dating violence will not be tolerated. The Mansfield Public Schools will respond promptly to complaints and reports of teen dating violence or retaliation and corrective action will be taken where necessary, including disciplinary action where appropriate.

This policy applies to the extent that the alleged conduct does not fall within the jurisdiction of the District's Title IX policies. If the alleged conduct is encompassed within the District's Title IX policies and procedures, those policies and procedures would control.

I. Defining the Issue of Teen Dating Violence

Domestic Violence/ Interpersonal Violence: Domestic Violence is a pattern of coercive behavior in which one partner attempts to control another through threats or actual use of tactics, which may include any or all of the following: physical, sexual, verbal, financial, psychological abuse and/or through the use of technology (i.e. cyberbullying).

Domestic Violence affects every community across the country, regardless of ethnic group, culture, or background. People of all ages, sex, income levels, faiths, sexual orientation, gender identity, and education levels experience domestic violence.

Teen Dating Violence: Dating violence (or relationship abuse) is a pattern of over-controlling behavior that someone uses against their dating partner. Dating violence can take many forms, including mental/emotional abuse, physical abuse, sexual abuse and/or through the use of technology (i.e., cyberbullying). Someone may experience dating violence even if there is no physical abuse. It can occur in both casual dating situations and serious, long-term relationships.

Child Witness/Exposure to Domestic Violence: Witnessing violence can affect every aspect of a child's life, growth, and development. Exposure can include seeing or hearing the abuse, discovering the effects of abuse (their parent's injuries or broken furniture, etc.) and/or being injured/hurt defending a parent against the abusive behavior.

Family Violence: Family violence is a broader definition, including child abuse, elder abuse, and other violent acts between family members.

Victim/Survivor/Battered: interchangeable terms to refer to the person who has been hurt, abused or threatened with harm, whether or not there has been actual physical abuse.

Abuser/Perpetrator/Batterer: interchangeable terms to refer to the person inflicting the abuse and causing harm, whether or not there has been actual physical abuse.

Additionally, such conduct may also constitute harassment, a form of discrimination that is prohibited by federal and state law; and/or such conduct may constitute bullying, including without limitation, cyberbullying, which is prohibited by state law. The Mansfield Public Schools Non-Discrimination Policy and Prohibition Against Sexual Harassment, and the Mansfield Public Schools Anti-Bullying Policy also prohibit such conduct.

III. Procedure for Reporting Teen Dating Violence

Responsibility of Students

A student, who believes that they have been a victim of teen dating violence, believes that they are in danger of teen dating violence, or has a restraining order against an individual, may report the matter to any of the following individuals: (1) principal, (2) assistant principal, (3) guidance/counselor, (4) teacher, or (5) school nurse.

Students who observe an act of teen dating abuse, or who have reasonable grounds to believe that these behaviors are taking place, should report incidents to school faculty and/or staff. The targeted student will, however, not be subject to discipline for failing to report teen dating abuse.

The staff member who receives the report must notify the principal or his designee verbally or in writing no later than the end of the student's school day.

Responsibility of School Staff

School staff will take all reasonable measures to prevent teen dating abuse.

Any employee that witness, hear of, or have reasonable grounds to believe that these behaviors are taking place, is obligated to report such behaviors to the principal or their designee. Additionally, any employee who observes an incident of teen dating violence on

[Return to Table of Contents](#)

school property or at a school-related event on or off school property must immediately notify the principal or their designee.

This report should be made verbally or in writing as soon as possible but no later than the end of the student's school day. All staff members are required to report all acts or incidents of dating violence.

These could include:

- Witnessed or reliable information concerning acts or incidents that are characterized by physical, emotional, verbal or sexual abuse.
- Digital or electronic acts or incidents of dating violence.
- Patterns of behavior that are threatening or controlling.

When a report of teen dating violence is received, whether it occurred off school property or has occurred on school property, on the way to or from school or at a school-related event, or a violation of a restraining order on school property, on the way to or from school or at a school-related event is received, the Mansfield Public Schools will act promptly to notify the appropriate authorities of the alleged incident. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. Any student who knowingly makes a false accusation of dating violence will be subject to disciplinary action.

It is important to take third party information seriously where teen dating violence is concerned. It is recommended that an appropriately trained member of the school staff approach the student to discuss what has been heard and potential concerns. If abuse is acknowledged, a "safety plan" should be worked on, in addition to recommending and sharing referrals for counseling, support groups, and police/court assistance.

Additionally, school staff must remember to comply with all statutory reporting obligations for suspected abuse and neglect (51A reporting). Filing of 51A complaints should be done by following the Mansfield Public Schools Child Abuse and Neglect Reporting Guidelines, including notifying the principal of the suspected abuse and neglect. Furthermore, school staff may need to report all crimes to the police. Staff should notify the principal, who will notify the Superintendent and the School Resource Officer. The SRO will coordinate notification to the police. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

IV. Ensuring Confidentiality

Under state law, any information about a student's status as a target or perpetrator of dating abuse or as the petitioner or respondent of an order of protection and other related information that is either generated by or provided to school officials, regardless of its form, is part of the individual's student record (see Massachusetts Student Records Regulations, 603 CMR 23.00). The information is confidential and must be kept private and secure, and may not be disclosed to third parties without the written consent of the parent or eligible student,

[Return to Table of Contents](#)

except in limited circumstances. An “eligible student” is a student who is 14 years of age or older or who has entered the 9th grade, unless the school committee has extended rights to younger students or those who have not yet entered 9th grade (603 CMR § 23.02). Once the student reaches the age of 18, the student or the parent may consent to the disclosure of information from the student’s record to third parties unless the student has limited the parent’s right in that regard. (Although a student 18 years of age or older has authority to limit the parent’s right to consent to disclosure of their student records, the student cannot limit the parent’s right to review them.)

Authorized school personnel may have access to student records of students to whom they are providing services when access is necessary to perform their official duties (603 CMR §23.07(3)). In these circumstances, written consent of the eligible student or parent is not required. For example, if the student or student’s parent has provided the school a copy of a court order of protection issued on behalf of one student against another student in the same school, they may need to inform the assistant, the school nurse, teachers, and the student’s guidance counselor for safety planning and other related purposes.

A school may disclose information to parties in connection with a health or safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals. 603 CMR 23.07

Parental Notification and Disclosure

If school personnel determine that a student is currently in danger or there is potential for danger related to dating abuse, a parent/guardian must be notified. School counselors and administrators will work together with students experiencing dating abuse to find ways of involving parents/guardians in increasing their child’s safety. If students choose to notify their parents that they are experiencing abuse, school personnel will assist the student in developing a plan for such disclosure, including meeting with students and parents as needed. The student may disclose the name of the alleged offending student to their parent, but the school may not be able to disclose the name depending on the circumstances and safety plan put into place.

Procedures When the School Is Provided With a Copy of a Restraining Order

When a student has a restraining order against an individual and provides a copy of the order to the school, the school should hold a meeting with the student and their parents/guardians to review the restraining order and its implications. A “safety plan” should be worked out to address the victim’s needs and concerns, including staff to which the student may report if any concerns arise or any violation of the restraining order occurs while the student is on school property or at a school-related event. If the restraining order is against another member of the school community, a separate meeting should be held with that individual to review the restraining order and its implications, expectations, and the consequences for violation of the order. The development of the “safety plan” will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

V. Investigations and Disciplinary Action

The Assistant Principal or designee investigates promptly all reports of teen dating violence and, in doing so, considers all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation, the Assistant Principal or designee, among other things, interviews students, staff, witnesses, parents or guardians, and others as necessary. The Assistant Principal or designee (or whoever is conducting the investigation) reminds the alleged aggressor, target, and witnesses that retaliation is strictly prohibited and results in disciplinary action.

Interviews may be conducted by the Assistant Principal or designee, other staff members as determined by the Assistant Principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given their obligation to investigate and address the matter, the Assistant Principal or designee maintains confidentiality during the investigative process. The Assistant Principal or designee maintains a written record of the investigation.

Procedures for investigating reports of teen dating violence are consistent with school or district policies and procedures for investigations. If necessary, the Assistant Principal or designee consults with legal counsel about the investigation. The procedures for investigating reports of teen dating violence align with the disciplinary guidelines and procedures as outlined in the student handbooks.

The Mansfield Public Schools is committed to creating a campus environment that promotes timely and fair adjudication of teen dating violence cases. If it is determined that inappropriate conduct has been committed, the Mansfield Public Schools will take such action as it deems appropriate under the circumstances and that is consistent with the school's student code of conduct. Such action may range from counseling and/or discipline up to and including suspension or expulsion from school.

VI. Prevention: Training & Education

Staff Training

The Mansfield Public Schools will provide annual training on the district's teen dating abuse policy and on the topic of teen dating abuse to all administrators, teachers, nurses, and mental health staff at the middle and high school levels. Upon the recommendation of the superintendent, other staff may be included or may attend the training on a volunteer basis; thereafter, this training will be provided yearly to all newly hired staff deemed appropriate to receive the training by the school's principal.

Student Education

[Return to Table of Contents](#)

Ongoing age-appropriate education on healthy relationships will be provided to all students in grades K-10, with specific instruction relating to teen dating abuse taught yearly in grades 7–10 through the health curriculum. This curriculum will include, but not be limited to, defining teen dating violence, recognizing warning signs of abuse, and characteristics of healthy relationships. Additionally, students will be provided with the school district's teen dating abuse policy in the student handbook.

Parent Education

The District will inform parents of the policy against teen dating abuse and provide them with any additional relevant information and local prevention resources through the Mansfield Public Schools website. The Committee encourages the use of parent workshops at the secondary level on the topic of preventing teen dating abuse.

VII. Other Remedies

In addition to reporting a teen dating violence incident that occurs on school property, on the way to or from school, or at a school-related event in accordance with the procedures above, a student who believes that they have been the victim of teen dating violence on school property, on the way to or from school, or at a school-related event may also file a complaint of harassment and/or bullying in accordance with the procedures set forth in either the Mansfield Public Schools Non-Discrimination Policy and Prohibition Against Sexual Harassment and/or the Mansfield Public Schools Anti-Bullying Policy. Furthermore, a student who believes that they have been the victim of teen dating violence that has occurred off school grounds and/or during non-school hours may report the alleged incident to the police.

Students who believe that they are in danger may also seek a restraining order to protect a person from physical pain or injury or the threat of pain or injury by filing an application for a restraining order at the local courthouse.

VIII. Administrative Plan and Guidelines

The Superintendent will oversee the development of administrative plans consistent with this policy, in consultation with the District's Bullying Prevention Committee.

The Superintendent or designee will review and update the Teen Dating Violence Policy and Administrative Plan by December 31 each year.

IX. Notice

Notice of this policy will appear in all district publications that discuss comprehensive rules, procedures, and student conduct, including but not limited to student handbooks and the Mansfield Public Schools website.

Protocol for Responding to Reports of Teen Dating Abuse and Sexual Violence - JICFC-R

1. Protocol for Intervention: Staff Members

A. Any school staff member who witnesses an act of teen dating violence will take the following steps:

- Verbally instruct the offending student to stop the abusive behavior.
- Separate the offending and targeted student.
- Contact the main office staff, who will immediately contact an administrator to assist if needed.
- Send the offending student to the Assistant Principal's office. If necessary, have the student escorted by an administrator or hall monitor.
- If the behavior took place in the classroom, the staff member should initiate a discipline referral.
- If the incident takes place outside the classroom, but still within the school building, the staff member should report the incident to an administrator, who will initiate a discipline referral.
- Report name(s) of any bystanders to an administrator.
- If the incident takes place at a school-sponsored event outside of the building, reports should be made to the supervising staff member on site (for example, the Athletic Director, Assistant Principal, Class Advisor, etc.)

B. Any school staff member who learns of or suspects an act of teen dating violence will take the following steps:

- If comfortable doing so, staff should speak with the alleged targeted student directly. Inform the student of their right to file a complaint of dating abuse any counselor or administrator.
- Following the conversation, the staff member will report their concerns verbally to the principal or their designee as soon as possible but no later than the end of the student's school day and must submit a written report no later than one day after.
- If a staff member does not feel comfortable talking directly with the student about their concerns, they should report the concerns verbally to the principal or their designee as soon as possible but no later than the end of the student's school day and must submit a written report no later than one day after.

2. Protocol for Intervention: Assistant Principal or Principal

An assistant principal or principal who witnesses or learns of an act of teen dating abuse will take the following steps:

- Take action to ensure the physical safety and emotional well-being of the targeted student. Contact the school nurse, a guidance counselor or school psychologist to provide assistance.

[Return to Table of Contents](#)

to the best outcome of the situation. Assess the student's safety at school and at home, and discuss implications of notifying parents. Gather information from any students, teachers, guidance counselors, or staff members who may have any knowledge of the incidents. Document what they learn. Assistant principals should alert the Principal to this process.

- Offer the targeted student assistance in documenting the incident.
- Further investigate the complaint by speaking with the alleged offender and any witnesses or bystanders separately. Document all information.
- If the assessment by the administrator determines that the incident may constitute a crime, the administrator should notify the School Resource Officer or police immediately, as well as the Superintendent.
- Incidents involving sexual contact with students under the age of 16, or dating or sexual abuse of students under the age of 18 must be reported to the Department of Children and Families (DCF).
- If the incident involves sex discrimination or sexual harassment, it must be reported to the Assistant Superintendent, who is the District's Title IX Coordinator.
- The targeted student should be referred to their counselor or school psychologist. If the school psychologist or counselor determines that the targeted student's mental health has been placed at risk, the counselor or school psychologist will make appropriate referrals.
- If the students are under 18, contact the parents/guardians of the targeted student and the alleged offender to inform them that an alleged incident of dating violence has occurred. Ask the parents/guardians to attend separate family meetings with the Assistant Principal and their child to discuss the incident. At no time should the targeted student and alleged offending party be brought together for a meeting.
- Track and document the progress of investigation and intervention to ensure that all important actions are taken.
- Schools must notify both parties in writing of the outcome of the investigation into the act or incident of dating violence.
- The school administrator must also refer the student and/or the student's parents/guardians to the Mansfield Public Schools Non-Discrimination Policy and Prohibition against Sexual Harassment, which addresses procedures for informal resolution and filing of formal complaints, and the Mansfield Public Schools Anti-Bullying Policy and provide copies of the same upon request, when these policies are applicable.

3. Working with the Targeted Student

Assistant Principals and Principals will use the following methods of intervention with the targeted student:

- Conference with the targeted student and parent(s)/guardian(s).
- Identify immediate actions that can be taken to increase the targeted student's safety and ability to participate in school, minimizing fear or intimidation. Discuss this plan with the necessary teachers, guidance counselors, school psychologist, school resource officer, school nurse and hall monitors where appropriate.

- Inform the student and parent(s)/guardian(s) of school and community resources as needed, including their right to file charges or seek legal protection. Offer access to school or community based counseling as needed.
- Encourage the student to report further incidents.
- Monitor the targeted student's safety at school and school-sponsored events as needed. Assist the targeted student with safety planning for the school day and at school-sponsored events with assistance from the student's guidance counselor.
- Assist students in accessing community-based resources for safety planning for after-school hours.
- Document the meeting and any action plans on an Incident Report Form. If the targeted student or parent(s)/guardian(s) decline to document the incident, note this on the form.
- Store all complaints and related documentation in a separate, confidential file and document subsequent follow-up actions and complaints as appropriate.
- Assistant principals may provide the targeted student with the right to have a support person of their choosing present during appropriate stages of the investigation.

4. Working with the Alleged Offender

The Mansfield Public Schools require every reasonable effort be made to protect the due process rights of the alleged offender. At their discretion, administrators will adopt the following methods of intervention with the alleged offender:

- Conference with the alleged offender and parent(s)/guardian(s).
- Allow the alleged offender an opportunity to respond in writing to the allegations. Additionally, investigate the allegation in accordance with Policy JICFC.
- Identify and implement disciplinary and other actions and consequences that will be taken to prevent further incidents. Inform the alleged offender and parent/guardian of help and support available at school or in the community as needed. Offer access to school or community based counseling.
- Address the seriousness of retaliation against the targeted student for reporting the incident or cooperating with the investigation. Inform the alleged offender that retaliation or threats of retaliation in any form designed to intimidate the targeted student, those who are witnesses, or those investigating an incident will not be tolerated. In most cases retaliation or a threat of retaliation will result in the imposition of a short or long-term school suspension and, in appropriate cases, referral to the police.
- Document the meeting and action plans as appropriate.

5. Ensuring Confidentiality

The Mansfield Public Schools recognizes its responsibility to safeguard the privacy of its students, staff, and their families. The MPS, therefore, is committed to protecting the confidentiality of personal information concerning students, families, and staff. Disclosure of information about students may be governed by federal and state laws. School administrators will consult with the MPS legal counsel as needed to comply with state and federal laws.

- Under state law, any information about a student's status as a target or perpetrator of dating abuse or as the petitioner or respondent of an order of protection and other related information that is either generated by or provided to school officials, regardless

of its form, is part of the individual's student record (see Massachusetts Student Records Regulations, (603 CMR §23.00)). The information is confidential and must be kept private and secure, and may not be disclosed to third parties without the written consent of the parent or eligible student, except in limited circumstances. An "eligible student" is a student who is 14 years of age or older or who has entered the 9th grade, unless the school committee has extended rights to younger students or those who have not yet entered 9th grade (603 CMR §23.02). Once the student reaches the age of 18, the student or the parent may consent to the disclosure of information from the student's record to third parties unless the student has limited the parent's right in that regard. (Although a student 18 years of age or older has authority to limit the parent's right to consent to disclosure of their student records, the student cannot limit the parent's right to review them.)

- Authorized school personnel may have access to student records of students to whom they are providing services when access is necessary to perform their official duties (603 CMR §23.07(3)). In these circumstances, written consent of the eligible student or parent is not required. For example, if the student or student's parent has provided the school a copy of a court order of protection issued on behalf of one student against another student in the same school, the may need to inform the assistant , the school nurse, teachers, and the student's guidance counselor for safety planning and other related purposes.
- A school may disclose information to parties in connection with a health or safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals, (603 CMR §23.07.)

Parental Notification and Disclosure

If school personnel determine that a student is currently in danger or there is potential for danger related to dating abuse, a parent/guardian must be notified. School counselors and administrators will work together with students experiencing dating abuse to find ways of involving parents/guardians in increasing their child's safety. If students choose to notify their parents that they are experiencing abuse, school personnel will assist the student in developing a plan for such disclosure, including meeting with students and parents as needed. The student may disclose the name of the alleged offending student to their parent, but the school may not be able to disclose the name depending on the circumstances and safety plan put into place.

SPECIAL EDUCATION #IHB

All students in the Mansfield Public Schools are provided with a free and appropriate education in accordance with the federal Education of All Handicapped Children law and the Commonwealth of Massachusetts Regulations Section 28. In each school building, the Massachusetts Special Education Regulations are available for review. No-cost evaluations to identify special education needs are provided for children from age three (3) through twenty-one (21) who have a disabling condition and have not yet obtained a high school diploma. An Individualized Educational Program (IEP) is developed by an Evaluation Team and implemented for students with an identified disabling condition that interferes with effective progress in regular education. Special education students are expected to comply with all the

rules of behavior and discipline unless modifications to these rules are indicated in the student's Individualized Educational Program.

Parents/guardians have the right to initiate, monitor or terminate special education for students under the age of eighteen (18). A student has the following rights regardless of their age:

- A student has the right to stay in their program until an evaluation, the writing of the Individual Educational Program and any appeals of the Individual Educational Program have been completed.
- A student is entitled to an equal opportunity to participate in all aspects of the school program, both academic and extracurricular, and may not be discriminated against on the basis of their disability.

The parent/guardian of a student, and an eligible student who is at least fourteen (14) years of age or has entered the ninth grade, has the right to inspect all portions of the student record upon request to the Principal. The record must be made available to the parent/guardian or eligible student not later than two consecutive workdays after the request is made, unless the parent/guardian or eligible student consents to a delay. The parent/guardian or eligible student may request copies of any part of the student record. A fee may be charged for the cost of copying.

Authorization for Release of Student Records

In accordance with the Commonwealth of Massachusetts Regulations 603 CMR 23.02, the Mansfield Public Schools may release certain information about students and parents/guardians to third parties without first obtaining consent, unless the parent/guardian or eligible student notifies the Mansfield Public Schools in writing that they do not want such information to be released. "Third parties" are defined in these regulations to be, "...any person, private or public agency... or organization other than the eligible student, their parent, or authorized school personnel". For example, third parties to whom the Mansfield Public Schools may release student record information would include parent teacher organizations, and newspapers that report on student activities, etc.

The directory information that may be released is limited to the following:

- Student's name, address, telephone listing

[Return to Table of Contents](#)

- Date and place of birth
- Major field of study
- Dates of attendance
- Weight and height of members of athletic teams

Parents/guardians who do not wish this information concerning their children and themselves to be released without their consent may complete and sign a school form so indicating. These forms are available through the Counseling Office.

Medical Records

During the time a student is enrolled in a school, the Principal or designee will periodically review and destroy misleading, outdated, or irrelevant information contained in the temporary record provided that the eligible student and their parent are notified in writing and are given opportunity to receive the information or a copy of it prior to its destruction. A copy of such notice will be placed in the temporary record. The School Health and Immunization Record is considered part of the temporary record. Students are provided the opportunity to sign for and take possession of their School Health and Immunization Record during the last few weeks of their senior year or prior to moving from the district. The Mansfield Public School system does not retain a copy of this record, and any unclaimed record is destroyed.

Amendment or Deletion of Records

A parent/guardian or eligible student has the right to add relevant comments, information or other written material to the Student Record. In addition, the parent/guardian or eligible student has the right to request that information contained in the record be amended or deleted except for information inserted in the record by a team evaluation. The parent/guardian or eligible student has a right to a conference with the school Principal for the purpose of objecting to information contained in the record. Within a week after such a conference, the Principal must render a decision in writing on the objection. If the parent/guardian or eligible student is not satisfied with the decision of the Principal, the parent/guardian or eligible student may appeal such decision to the Superintendent of Schools.

Destruction of Records

The temporary record of a student will be destroyed no later than seven (7) years after the student leaves the school system. The transcript of a student may be destroyed no sooner than sixty (60) years after the student leaves the school system. - The parent has been denied visitation.
- The parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record.

STUDENT HEALTH AND WELLNESS #ADF

The Mansfield School Committee adopts the principle that, while families are the primary teachers and caregivers for their children, the present and future health, safety, and well-being of students are also the concern of the Mansfield Public Schools. Schools cannot achieve their primary mission of education if students and staff are not healthy and fit physically, mentally, and socially. In addition, schools have a duty to teach students lifelong skills to prevent unnecessary injury, disease, and chronic health conditions.
