## INTRODUCTION

Dear AHS Students and Families,

It is with great pleasure that I welcome you to the 2021-2022 School Year. I am very excited about your place in the **Blue Pride** Community! With the Student Handbook, our staff is pledging a commitment to equity and anti-racism within our school environment. We believe in a school culture that promotes positive identity, belonging, and purpose while embracing individual differences. We believe in an antiracist education that equips every child with the knowledge, skills, and passion to create a more equitable and just world.

This Student Handbook is a guide for our expectations that allow us to provide each family with the best educational environment possible. This tool will help us meet our academic, civic, and social expectations as a school and as a district.

It is important that both students and parents thoroughly review these policies and guidelines so as to make our partnership as strong as possible. Although no handbook can cover every decision that the Administration needs to make, great time and effort has been put into making this a comprehensive offering of the way that we operate Attleboro High School as we seek to engage, challenge, and inspire our students.

**Blue Pride** is exhibited in the educational experience at AHS. It permeates all that we say and do including providing a safe and positive environment that promotes a climate of respect, a hunger for achievement, and active participation in school activities.

I am looking forward to working with each of you this year. If I can ever be of any assistance, please do not hesitate to contact me.

In the strongest sense of **Blue Pride**, I remain,

Bill Runey,

Principal

## **Attleboro High School**

### *Mask Requirement*

The Attleboro Public Schools requires students in all grades to wear masks indoors in schools except when eating, drinking, or during mask breaks. Upon receipt of proper documentation, students with medical conditions or behavioral needs are exempted from the mask requirement.

1. Students must wear a mask that covers the nose and mouth. Bandanas, gaiters, and masks with one-way valves are not permitted in school.
  - If a student arrives at the bus or to school without a mask, the student will be provided one and the family will be contacted.
  - If the student continues to be non-compliant with mask-wearing expectations the school will contact the student's family to offer to schedule a parent meeting (in-person, by phone, or virtual).
2. Repeated violations of, and/or refusal to comply with the Mask Requirement, will be considered a violation of Category III of the Student Handbook Code of Conduct: *conduct not in compliance with policy or state or federal law.* Additionally, such actions may result in suspension.

## **PROBLEM RESOLUTION PROCEDURE**

### **POLICY**

It is the policy of the Attleboro School Committee to assist any concerned party to quickly and equitably resolve concerns with the individuals who are closest to the issue or problem. Attempts to resolve a problem at an inappropriate level is contrary to the purpose of these guidelines. Resolution with the individuals closest to the problem must be consistently followed.

### **PROCESS**

Any concerned party's first contact should be to the staff member (Teacher, Paraprofessional, Assistant, Coach, Custodian, or Administrator) directly related to the issue. In those instances, when an individual is unsure of whom to approach, a School Committee member can be consulted to aid in direction or identification of the appropriate staff member. This does not preclude the School Committee member from proactively advising the School Administration (Principal and/or Superintendent) of a pending issue. If there is no resolution, the concerned parties are encouraged to proceed to the next appropriate level (Building Administrator, Principal, or Director of Special Education). Directors, Supervisors, and Coordinators may be involved at the discretion of the Building Administrator and may be asked to assist in the resolution. Successive levels of authority (Assistant Superintendent, Superintendent, and School Committee) would represent the desired resolution path. If informal attempts at resolution are not successful, parties may be asked to state the concerns in writing. If a concerned party refuses to consult with the appropriate level as outlined (skipping a level), the matter should be referred back to the appropriate level.

## **I. ACADEMIC INFORMATION**

### **SCHOOL HOURS**

7:15 a.m. to 1:50 p.m.

Early Release 7:15 a.m. – 10:50 a.m.

### **DELAYED OPENING OR EARLY DISMISSAL OF STUDENTS**

(For Inclement Weather and Emergencies)

**The Attleboro Public Schools will make every effort to notify families promptly in the event of early dismissals, weather and other emergency cancellations and delays. Social Media, Remind, and School Connect phone messages are used to reach as many families as possible.**

The following is a list of stations (television and social media) which will broadcast no-school announcements or a delayed starting time for the Attleboro School System:

<b>Social Media</b>	<b>Television</b>
Facebook	COMCAST- Channel 9
Twitter	Channels 4,6,7,10,12
Attleboro Public Schools Website	

*Delayed starting time will be 60 minutes later for the opening of school and 60 minutes later for bus arrival times.*

### **SCHOOL CONNECT**

School Connect is a communication tool designed for Pre-Kindergarten-12+ schools that enables school administrators to send personalized voice messages to parents and staff. These messages can include messages about upcoming school events, meeting invitations, and important messages that may involve cancellation of school due to weather as well as other timely information related to your child's school.

### **REMIND**

Remind is a communication tool designed for Pre-Kindergarten-12+ that enables school administrators to send personalized text messages to families and staff. These messages are used for important messages related to your student's school.

## **EARLY DISMISSAL**

There are times when it may be necessary for students to be dismissed *after* the start of school. In an emergency or inclement weather, an announcement to that effect regarding early dismissal will be made on media sources stated above. In any other emergency that indicates significant safety risk to our students, students may be sent home immediately or to another designated school. Arrangements should be made ahead of time by parents who will not be at home, to inform their child of a place to go in the neighborhood in the event of an emergency. **Parents and students should have an emergency plan in the event of an emergency early dismissal.**

## **ATTENDANCE REGULATIONS AND PROCEDURES**

Regular daily attendance is essential for success in school. The Attleboro Public Schools (APS) recognizes that attendance is a shared responsibility among students, parents, and educators. The Attleboro School Committee recognizes that parents/guardians of children attending our schools have special rights as well as responsibilities to ensure that their children attend school regularly in accordance with state law. Massachusetts General Law Chapter 76 minimally requires that every child regularly attend a public or private school. APS believes every student from Pre-Kindergarten through Grade 12+ should attend school every day to maximally benefit from all the learning opportunities that Attleboro Schools offer. Absenteeism, which includes tardiness and dismissals, interrupts the learning process, negatively impacts student achievement, promotional status, and could impact graduation [(Policy JE and JE-1): See Appendix A]. An IEP or 504 Team may make exceptions to the attendance policy for disability-related absences.

A student's understanding of the importance of day-to-day schoolwork is an important factor in the shaping of his/her character and foster good habits that support schools in meeting MCAS requirements. Parents can help their children by refusing to allow them to miss school needlessly.

In accordance with state law, parents/guardians will provide a written explanation for absence or tardiness of their child from school within three school days. This will be required in advance for types of absences where prior notice is possible. Otherwise, parents must call the appropriate House Office prior to 11:00 a.m. to inform the Dean that their student will not be in attendance on a given day; a follow-up by the Dean will occur to ensure the student is not coded as truant from school. Students will be responsible for making up work not completed as a result of an absence.

In instances of chronic, irregular, or unlawful absence, the school administration will request a physician's statement certifying such absences to be justifiable and/or may refer the parent to the court system for appropriate action.

\*Massachusetts General Laws, Chapter 76, Section 4: Whoever induces or attempts to induce a minor to absent himself unlawfully from school, or unlawfully employs him or harbors a minor who, while school is in session, is absent unlawfully therefrom, shall be punished by a fine of not more than Two Hundred Dollars (\$200).

## **CREDIT LOSS DUE TO LACK OF ATTENDANCE**

### **For each Trimester:**

- 0-3 unexcused absences: no loss of credits
- 4-7 unexcused absences: 20% loss of credits
- 8-11 unexcused absences: 40% loss of credits
- 12-15 unexcused absences: 60% loss of credits
- 16 or more unexcused absences: 100% loss of credits

**\*\*NOTE:** *If the absence is a full day, the student will lose credit in all classes. If the absence is from a specific class, for example if the student arrived late, the student will lose credit in that particular class.*

## **PROCEDURE TO REGAIN CREDITS**

Students who have lost credit due to lack of attendance will have the opportunity to earn back lost credit by Unauthorized Absence Recovery Sessions (UAR). Students with excessive credit loss will need to attend Credit Recovery, or, in some circumstances, to retake the course.

## **TARDINESS**

- If less than 15 minutes tardy to class, the student will receive a teacher detention.
- If student is tardy to school or a class more than 15 minutes, the tardy will count as a class cut (absence from class).
- Five (5) tardies to school (or to a class) of less than 15 minutes = absence.

## **EXEMPT ABSENCES**

Students may be excused temporarily from school attendance for the follow reasons:

- student illness or medical reasons
- a death in the immediate family
- observance of major religious holidays
- appearance in court
- temporary relocation due to extreme emergencies such as fire, flood, or hospitalization of parent

## **MEDICAL EXTENDED ABSENCE**

If students are going to miss school due to a long-term illness beyond 10 school days, arrangements can be made to arrange for private tutoring. A student will need a physician's statement for home or hospital placement, signed by the attending physician authorizing such tutoring. Release forms may be obtained at the Health Office.

## **DISMISSALS**

When students are dismissed from school prior to the closing time, they miss valuable classroom instruction. Parents are urged to plan after-school appointments and activities so that students do not have to leave school prior to the designated school closing time.

1. Students requiring dismissal must present a note at their respective House Office **before** the beginning of the school day, stating the reason and requested dismissal time, accompanied by a phone number where a parent/guardian may be reached.
2. **Emergency dismissals will not be made over the phone.** The student's parent or guardian must pick up the student at the Principal's Office and provide a note for the school's records as well as present proper identification.
3. Students are expected to return to school after appointments so that they will not miss additional classes.
4. Students will be required to complete all assignments for those classes missed as a result of the dismissal.

## **MAKE-UP WORK**

Students who are absent from school will have two school days for each day missed to make up the schoolwork. Absences of three or more consecutive days require that students meet with the teacher within two school days of their last absence to establish a timely make-up schedule. Students missing final exams must have the absence excused in accordance with the attendance policy.

## **FIELD TRIPS**

Students are asked to notify each of their teachers one week prior to the date of any scheduled field trips. The students have the responsibility to make up all missed work.

## **FAMILY VACATIONS**

Student absences for family or personal vacations will be deemed unexcused absences. Upon return and in consultation with the Dean and/or Guidance Counselor the student is responsible for arranging make-up work for unexcused absences. The school will not be responsible for providing student work prior to an unexcused absence. As with any absence from school, students are encouraged to meet with their teachers prior to leaving and upon their return to address the missed work. Families must be aware that, because of the potential for snow days, the end of the school year must remain fluid. Vacations should not be scheduled until the administration releases the official Trimester 3 exam schedule. Final exams may only be excused by the Administration prior to absence.

## **ATTENDANCE REQUIREMENTS FOR ACTIVITIES**

A student must be in school for a **minimum of three (3) hours and fifteen (15) minutes** in order to participate in any extracurricular activity on that same day. Exceptions due to extenuating circumstances will be determined by the appropriate Administrator.

## **Attleboro High School Attendance Notification Schedule**

*If parent/guardian does not call the school, the House Office will call the parent/guardian to notify them of the student's absence.*

## **GRADING PROCESS**

1. All final grades are numerical:

A+	97-100
A	94-96
A-	90-93
B+	87-89
B	84-86
B-	80-83
C+	77-79
C	74-76
C-	70-73
D+	67-69
D	64-66

D-	60-63
F	00-59

P (pass) and F (fail) have no grade equivalent. "60" is the minimum passing grade. "59" and below is a failing grade. Only numerical grades are used on progress reports and report cards.

2. Final exams: The final exams administered in December, March and June are valued at 10% of the final grade.

### **INCOMPLETE GRADES**

All incomplete grades are to be made up by the student and recorded by the teacher no more than fourteen (14) calendar days following the end of a Trimester. If extenuating circumstances can be justified, permission for an extension may be granted by the Principal or designee.

### **CREDIT RECOVERY PROGRAM**

The Attleboro High School Credit Recovery Program offers a variety of courses for credit after school during the school year as well as in the summer.

### **CRITERIA**

- Students must attend Attleboro High School Credit Recovery Program on a daily basis in order to receive course credit. Absences will not be waived. Extenuating circumstances will be reviewed by the appropriate Administrator
- Students seeking enrollment in a certified Credit Recovery Program due to the failure of an academic subject, will have to meet the following requirements:
- They have received a grade of 49-59 as the final grade;
- They are aware that the grade earned for a Credit Recovery Program course will appear on the transcript as "P" for "Pass" and "F" for "Fail".

### **HONOR ROLL**

1. Honor Roll Ratings

- a. High honors: Average of 90 and above with no grade lower than 80 for that marking term.
- b. Honors: Average of 86-89 with no grades of 69 or below for that marking term.
- c. Honorable mention: Average of 82-85 with no grades of 69 or below for that marking term.

2. Averages are not rounded off in the Honor Roll (e.g. 89.9 does not become 90).

### **PROGRESS REPORTS**

Attleboro High School uses the Aspen X2 online system to allow parents and students to monitor academic progress. While teachers will update grades whenever possible, grades will be posted on the Aspen X-2 gradebook in a finalized state at the mid-Trimester date. Parents who are concerned about mid-Trimester grades may arrange a conference by calling the school for an appointment after school or during a teacher's unassigned time. In addition, teachers will make an effort to contact parents by email or telephone whenever necessary.

## **ASPEN**

Family members who are primary adult contacts for a student, use the Aspen Family portal to see the student's information, academic progress, groups and calendars. With Aspen's Family portal, teachers and parents have an arena for open communication. Parents have one login to access all of their children's information. If you are unsure about your login information, please contact the student's guidance counselor in the house office.

## **REPORT CARDS**

Report cards will be distributed at the end of each Trimester, (December, March and July).

## **CLASS RANK/ WEIGHTING**

Students' academic standing will be indicated by deciles (top 10%, second 10%, third 10%, and so on) based on the student's weighted GPA. Weighted GPA places special emphasis on Advanced Placement courses and provides an additional 10 percentage points to the students completing such a course. Honors courses carry an additional 5 percentage points to the students completing such a course. The resulting GPAs are consequently referred to as weighted GPAs, which are used only for this purpose. The weighted grades that are applied to calculate weighted GPAs are neither used for determining Honor Roll status nor shown on official transcripts.

## **SALUTATION/VALEDICTION**

All students in the top decile and/or students who are recipients of the Honors Diploma will be eligible to give the salutation or valediction at graduation. To determine these honors, the top decile will be tabulated at the end of the second trimester marking period and Honors Diploma recipients will be notified shortly thereafter. AHS is returning to the origins of the commencement tradition in which the salutatorian gives the salutation (greeting at the start of graduation exercises) and the valedictorian gives the valediction (farewell). Interested students who meet eligibility requirements for these speaking honors will apply to a panel in the spring and be notified prior to graduation. The panel will bestow these honors to two members of the graduating class. Students must complete their entire junior and senior years at AHS to be eligible to give the salutation or valediction.

## **PREREQUISITES FOR HONORS / AP COURSES**

Attleboro High School offers an Honors level curriculum in most core subject areas. Some of these courses follow the Advanced Placement curriculum and are designated as AP. All of our course offerings are designed to prepare students for the challenges beyond high school whether in a college or career setting. Our Honors courses provide motivated students the chance to delve more deeply into the content area, and, consequently, move at a faster pace with significant student workloads. We hope that all students find the curricular level that best suits their current needs and post-secondary goals.

Although we encourage all students to take risks and attempt our most challenging offerings, the Honors selections are not appropriate for everyone. Students who select these classes should have excellent attendance and work-habits, and a willingness to go beyond the minimum requirements to ensure a mastery of the content and skills required by the course. In addition to adhering to course sequence requirements (e.g., a student must take Algebra I before Algebra II), we have the following prerequisites for our Honors and AP courses:

## **UPON ENTRY TO AHS**

Students moving from 8<sup>th</sup> to 9<sup>th</sup> Grade will be recommended for Honors coursework by the teacher team in their respective Middle School. This recommendation will be based on MCAS scoring trends, District Common Assessments, attendance, grades, discipline records, and work habits. Students from outside the Attleboro Public

Schools will be subject to these prerequisites where applicable. Appeals will be received by the High School. For more information on appeals, see below.

### **WHILE AT AHS**

Students must demonstrate an appropriate performance in the current course in the same subject matter to enroll in the subsequent Honors course. For students enrolled in the College Prep level, a 93 average must be maintained. For those currently enrolled in an Honors/AP course, an 83 average must be maintained.

### **SENIOR ADDENDUM**

AHS believes that all college bound Seniors should leave AHS with at least one qualifying score on an AP test, as it is still the most reliable indicator of future college success. To that end, to be placed in an Honors class as a Senior, a student must have already received a qualifying score of 3 or above on an AP test taken as a Sophomore or a Junior or be concurrently enrolled in an AP Course in their Senior Year.

### **PREREQUISITE APPEALS AND WAIVERS**

A student may appeal for a waiver of his or her placement when unable to meet the prerequisites. Appeals must be made in writing to the Assistant Principal for Curriculum and Supervision. The letter must contain the student's rationale for placement in the more challenging curricular level. Once received, the Advanced Coursework Review Board will convene. The Board will consist of the Assistant Principal, the Content Coordinator(s) of the course(s) in question, the Guidance Coordinator, and Dean. The Board will examine the letter, the student's overall academic, discipline, and attendance records, applicable MCAS, PSAT, and SAT scores, and teacher recommendations. Board decisions will be communicated to the student within ten (10) school days. Waivers may also be granted for student scheduling conflicts if applicable.

### **PROGRAM CHANGES**

All schedules for the next school year will be finalized by the third Wednesday in August. Students will not be allowed to make changes to their selections after that time. Beginning July 1st, schedules will only be changed for educationally compelling reasons, and such changes will require approval from the Guidance Counselor, Content Coordinator, and the Principal.

### **NATIONAL HONOR SOCIETY**

The Attleboro High School Chapter of the National Honor Society (NHS) invites students who have achieved a 90-weighted grade-point average to apply for membership during their Junior or Senior year.

### **MEMBERSHIP REQUIREMENTS**

Membership in the chapter is an honor bestowed upon a student who has demonstrated outstanding qualities of scholarship, character, leadership, and service. Once selected, members have a responsibility to maintain the qualifying standards of character, leadership, and service. Students who fail to maintain these standards may be subject to warning or dismissal as per national handbook procedures.

To be eligible for membership, the candidate must be a member of the junior or senior class. Candidates must have been in attendance at the school the equivalent of one Trimester. All candidates must have a cumulative scholastic average of at least 87 (weighted GPA). Note: Effective for the Class of 2022 (academic year 2020-21), the grade-point average requirement will be a 90. ## **II. DISCIPLINARY POLICIES AND PROCEDURES**

Attleboro Public Schools is a diverse community. Our goal is to strive for equity of opportunity in our educational policies, programs, and actions. To achieve this, our schools promote a safe, respectful, and supportive environment in which learning is a shared responsibility amongst students, families, staff, and the community. To ensure our students' success, we partner with families and community members to invest in their future. We provide positive and preventive approaches to discipline designed to keep students in school; providing them the opportunity to participate in quality and engaging experiences that prepare them for post school life.

In order to achieve equity, all stakeholders must participate in building relationships, showing respect for, and communicating with all other stakeholders. Members of our community have additional responsibilities.

STUDENTS' responsibilities:

- Attend school consistently
- Be a partner in the school and community
- Come to class ready to learn
- Be accountable for actions

FAMILIES' responsibilities:

- Provide support and encouragement
- Be a partner with child's school

TEACHERS' responsibilities:

- Provide clear and consistent expectations
- Make learning engaging and relevant
- Adapt instruction to student needs
- Partner with families
- Try to de-escalate conflict
- Be aware of students' cultural backgrounds

ADMINISTRATORS' responsibilities:

1. Develop and support a shared vision
2. Develop positive school culture
3. Partner with students and families
4. Be knowledgeable about what is happening in the building
5. Model expected behaviors

COMMUNITY'S responsibilities:

- Collaborate and partner with the schools

## **SOCIAL AND CIVIC EXPECTATIONS**

Students in the Attleboro Public Schools are expected to treat all members of the school community with dignity and respect. The school community is defined as all those people who work or interact in the school. Students, teachers, administrators, guidance counselors, custodians, secretaries, cafeteria workers, parent volunteers, and school visitors are part of this community.

All persons in the school must have the opportunity to grow personally, socially, and intellectually, as well as the opportunity to exercise their rights in a positive and constructive way. Thus, all members of the school community have the responsibility to conduct themselves in a way that demonstrates a respect for all individuals, their rights, and their property. All members of the school community must also understand and support the standards of conduct of the school and assist in the enforcement of rules and regulations. This behavior is expected during all curricular, extra-curricular, athletic and special events of the school both on and off campus (e.g. graduation, graduation-related activities, school dances and Proms, AHS athletic events at other schools, competitions outside of AHS, school dances held outside AHS) including school-sponsored trips and those times when school buses or other methods of school-provided transportation are used. Behavior which is disruptive to individual student learning or to the environment of the high school will not be tolerated. A student's participation in extra-curricular or athletic activities is a privilege, not a right or an entitlement. Whether a student is in school or in the community, failure to meet the Attleboro High School social and civic expectations may result in revocation of such privileges including but not limited to, elected or appointed leadership positions such as team captain, officer in student government, etc.

*Infractions of school rules which occur in the spring during senior activities will not be tolerated. Such behavior may result in the cancellation of class activities.*

## **STUDENT CONDUCT ON SCHOOL BUSES**

The Attleboro School Committee and its staff share with students and parents the responsibility for student safety during transportation to and from school. The Principal and/or his/her designee maintains the authority for enforcing School Committee requirements of student conduct on buses.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from any student who abuses this privilege. Parents of children whose misconduct on buses endangers the health, safety, and welfare of other riders will be notified that their children face loss of transportation privileges in accordance with regulations approved by the School Committee [(Policy EEAEC): See Appendix A].

## **STUDENT CONDUCT DURING EVACUATION OF BUILDING**

Students will report to a designated area where attendance will be taken. Students not reporting to the assigned area will be referred to the office as unauthorized absences from class. Students are to remain with their teacher until the recall is announced.

## **POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORT (PBIS)**

Positive Behavior Interventions and Supports (PBIS) is a framework for promoting and sustaining positive student behavior and consequently a safe and supportive school culture. It includes:

- 3--5 behavioral expectations of the school that are stated in positive language and center around a school's core values.
- Direct instruction of the expectations in context, with opportunities for modeling, practice, feedback, and correction.
- High rates of positive feedback aimed at strengthening desired behaviors.
- Predictable re- direction & consequences delivered fairly and consistently across the school.
- Data based decision making that drives interventions aimed at (a) restructuring setting and scenarios likely to produce problem behavior, and (b) developing and targeting interventions to students who require additional behavioral supports.

## **THE PRIDE 5 BEHAVIORAL EXPECTATIONS**

**P**ositivity (to be enthusiastic and open-minded)

**R**espect (to create a safe and welcoming environment)

**I**ntegrity (to have ownership for actions, choices, and results)

**D**etermination (to set goals and persevere through obstacles)

**E**quity (to foster inclusiveness, reduce bias, and promote equality)

## **THE DISCIPLINE PROCESS/ DUE PROCESS**

The Discipline Code of the Attleboro Public Schools is administered within the guidelines set by the U.S. Supreme Court with regard to due process for students. The Supreme Court holds that the Due Process Clause of the Fourteenth Amendment to the United States Constitution requires a notice of the charge(s) against him or her,

explanation of the basis for the accusation(s) and an opportunity to present his/her version of the facts. Students eligible for services or accommodations under Special Education Regulations or Section 504 may be entitled to additional procedural protections. The Principal will ensure that all necessary procedures are implemented.

## **CODE OF CONDUCT**

All rules and regulations are subject to review through the Handbook Committee, School Council, and School Committee. The Code of Conduct allows for the use of incentives which would reduce the number of days of suspension. Also, penalties for infractions could be reduced if a student demonstrates a change in behavior.

The Administrator retains the right to issue penalties for infractions not stated here as well as to alter the penalties stated below. Because all members of the school community are subject to both the laws of the Commonwealth and City Ordinances, the Administrator has the right to report any infractions to the appropriate authority (e.g. Police or Fire Department). Infractions involving financial issues may be collected through the Main Office or the Courts as deemed appropriate.

The types of behavior included in the Code of Conduct have been categorized into five groups (I through V). The following infractions are listed according to group. The five groups are arranged from least to most serious infractions. The rules and regulations are based on a system of progressive discipline. The Dean/Administrator will increase penalties in the cases of second and third offenses according to the Code of Conduct chart.

The Massachusetts General Laws prohibit the use of any tobacco products or nicotine products, including nicotine delivery devices, e-cigarettes and vaporizers, within school buildings and facilities, or on school grounds or buses by any individual. Therefore, in the spirit of the law, students are not allowed to possess tobacco products and nicotine products, and any student found to be in possession of a tobacco or nicotine product (including e-cigarettes, vaporizers, or other nicotine-delivery devices) will have such product confiscated and will be subject to discipline in the discretion of the school principal. State law combined with medical research dictates that Attleboro Public Schools' facilities will be maintained as smoke free institutions. Thus, smoking or the use of nicotine in school and on school grounds is to be perceived as a major breach of the code of discipline. In addition, mere presence in an area where smoking or the use of nicotine has taken or is taking place can, under certain circumstances, be perceived as a violation of the no-smoking policy. Consequently, students are urged not to be present or to remain present in an area where this rule is being violated.

## INSURANCE FOR ATHLETES

The Attleboro School Department will provide a secondary, but limited, accident coverage policy for all Attleboro High School athletes. All benefits under this plan are payable only after the student's other collectible insurance or other valid coverage options have been paid. Medical coverage must be rendered by the student's plan provider(s). The balance of any unpaid and eligible medical expenses for which the parent is responsible will then be paid up to the limits of the Attleboro School Department's policy. This insurance is non-duplicating.

## HEALTH AND SAFETY OF ATHLETES

### MEDICAL

A student will not be considered on a team and may not practice or play in any school-sponsored contest until he/she has passed a physical examination by a medical doctor and has returned his/her form to the coach who will then file it with the school nurse. This physical examination is valid for 13 months from the date of examination.

A student who has been injured and has had medical attention cannot resume participation until the coach has received documentation from the student's doctor describing the nature of the injury, the prescribed treatment, and the date the athlete can resume practice. The doctor's and/or parent's permission must be received before the student can resume playing.

### CONCUSSION AND HEAD INJURIES PROCEDURES

A concussion/head Injury can be serious. The Attleboro Public Schools Concussion/Head Injury procedures are in place to improve safety and limit additional complications related to head injury/concussions as put forth by the Massachusetts State Legislation 105 CMR 201.000.

Please be aware that:

- “Any student, who during a practice or competition, sustains a head injury or suspected concussion, or exhibits signs and symptoms of a concussion, shall be removed from the practice or competition immediately and may not return to practice or competition” until cleared by an appropriate health-care professional.
- For return to play the student must be completely symptom free. Once written clearance from a physician has been received, the student will begin a graduated re-entry to extracurricular activities.
- All athletes will be required to take the ImPACT baseline test every two years, along with a post-concussion ImPACT test before being cleared to return to play.
- It is the responsibility of the parent to complete and return the “Sports Concussion History” prior to participation in each sports season.
- Parent and student must sign and return the acknowledgement that they have reviewed or taken the online head concussion training each sports year.

Online concussion training: [www.cdc.gov/concussion/HeadsUp/onlinetraining.html](http://www.cdc.gov/concussion/HeadsUp/onlinetraining.html) or [www.nfhslearn.com](http://www.nfhslearn.com)

## CHEMICAL HEALTH

From the first allowable day of fall practice through the end of the academic year or final athletic competition of the year, whichever is later, a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product; marijuana; steroids; or any controlled substance. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student's own use by his/her doctor.

Minimum PENALTIES: Rule 62 MIAA Handbook

### FIRST VIOLATION

When a Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contest totaling 25% of all interscholastic contests in that sport. No exception is permitted for a student who becomes a participant in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 25% of the season.

### SECOND AND SUBSEQUENT VIOLATIONS

When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 60% of all interscholastic contests in that sport. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 60% of the season.

If after the second or subsequent violations the student of his /her own volition becomes a participant in an approved chemical dependency program or treatment program, the student may be certified for reinstatement in MIAA activities after a minimum 40% of events. The director or a counselor of a chemical dependency treatment center must issue such certification. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 40% of the season.

Penalties shall be cumulative for each academic year. A penalty period will extend into the next academic year should the penalty period not be completed during the season of the violation's occurrence. If the penalty does carry over to the student's next season of actual participation, it may affect the eligibility status of the student during the next academic year.

### RULES AND REGULATIONS FOR ATHLETES

Participation in athletics is a privilege for all athletes representing our school. Violations requiring Administrative action, as established in the Student Handbook section on the Rules and Regulations of Attleboro High School, will result in counseling by the head coach, Director of Athletics and possible suspension for the next contest or for that sport season.

- A student must be in school by 10:30 a.m. or cannot be dismissed before 10:30 a.m. to participate in a practice session or contest that same day. Exceptions will be determined by the Administration only for legitimate reasons. *"Team breakfasts" are not a legitimate reason to be tardy to school and the student will be considered truant; no make-up will be allowed; and the student will not be allowed to participate in a practice session or contest that day.*
- A display of unsportsmanlike conduct toward an opponent or official or the use of profanity during a practice or contest will result in counseling by the head coach and possible suspension from school and from the team.
- Attendance at all practices and games for all athletes is mandatory during school time and vacation time during a sport season. Doctors' appointments and emergency absences must be excused by the head coach. Unexcused absences will result in:

First Violation:                      suspension for one game

Second Violation:                      suspension for that sport season

### SCHOOL VACATION/ SCHOOL-SPONSORED TRIP POLICY

Attendance at practices and games is mandatory during vacation periods. Absence from practices or games will result in dismissal from the team. Requests for an exception due to unusual or extraordinary circumstances, i.e., family vacations or school-sponsored trips should be submitted by a parent to the Athletic Director prior to the first week of the season's practice. Upon return from vacation, the athlete will resume practice, but will be unable to participate in a contest for a period of time equal to the length of the vacation. Upon return from a school-sponsored trip, the athlete will be required to practice a minimum of one day; and be evaluated prior to resuming competition.

### STUDENT ATHLETE SUSPENSION POLICY

Any student-athlete receiving an out of school suspension or scheduled for the Intervention Center will be subject to the same process in effect for the School Vacation Policy. Upon returning to school, he or she will resume practice with the team and return to game eligibility status when a period of time equal to the length of the suspension has been served.

### DISMISSALS FOR ATHLETIC EVENTS

To create a well-rounded athletic schedule, it is necessary to schedule some events with schools that are some distance from Attleboro. As a result, it may be necessary for members of an athletic team to be dismissed before the end of the school day. In no way may a student interpret this to mean that he/she is excused from required work for the missed class. It is the student's responsibility to make arrangements with the teacher(s) involved to keep up with the class.

## **EXPECTATIONS OF CAPTAINS**

Captains, due to their position as role models for their teammates and visible representatives of our school in the community, are expected to demonstrate behavior, both in school and in the community, which is beyond reproach. If captains receive an out of school suspension or if their behavior in the community is brought to the attention of school authorities and determined to be detrimental to the standard of their position of leadership, the Athletic Director, in conjunction with the appropriate coach, will render a decision to remove the captain from that position for the remainder of the year.

## **NCAA ELIGIBILITY**

Any student who plans on pursuing athletics at the college level must register with the NCAA Eligibility Center no later than junior year of high school. The NCAA will conduct a thorough review of academic and course requirements for each registered student. Students should see their Guidance Counselor or the Athletic Director with any questions about the process.

## **BICYCLES AND SKATEBOARDS**

Students may secure bicycles in the racks outside of the Principal's Entrance. Students riding bicycles and skateboards to school must follow traffic rules. Students should drop skateboards off at their House Office. Riding of motorcycles, bicycles and skateboards on school sidewalks is strictly forbidden in keeping with Attleboro City Ordinances, 11-6.4, 11-6.6

## **CAFETERIA**

Our school cafeteria provides a good nutritious, and well-balanced lunch. We do participate in the government sponsored Free and Reduced Lunch Program. Applications are available to all students in the Principal's Office or online through May of any school year.

The Prepay Lunch Program is available to parents who want to have money deposited in their child's My School Bucks account to expedite the purchasing of breakfast/lunch. Families can pay online with a credit card or send in a check or cash with their student. Prices for regular and reduced lunch are found on the APS website. According to School Committee policy, a regular meal will be provided to students who forget or lose their lunch money. If a student's lunch balance becomes negative, students will not be allowed to purchase a la carte items. The student will still be allowed to take a meal, and that meal will continue to be charged to the account at the standard lunch rate based on their meal status. The parent/guardian is responsible for any meal charges incurred.

If there is a financial hardship, please contact Patty Sylvester in the Business Office, [psylvester@attleboroschools.com](mailto:psylvester@attleboroschools.com).

In order to maintain a safe and orderly cafeteria, students are expected to follow all cafeteria procedures. Students are expected to leave the area around their table and chairs clean. All lunch litter is to be disposed of in the appropriate containers. Students are expected to dispose of recyclable materials in the appropriate containers when made available. Student failure to act appropriately and follow cafeteria procedures will be subject to disciplinary action by the administration.

## **CELL PHONES AND ELECTRONIC DEVICES**

Students may not use cell phones, portable media players, video equipment, or any other electronic devices in the classroom, unless such a device is considered assistive technology, or is part of an approved activity assigned by the classroom teacher. Cell phones may be used in the cafeteria during a student's assigned lunch period, and in hallways during passing times only. Cell phones may not be used on stairs or in stairwells for safety reasons.

Massachusetts General Law 272 Section 99 prohibits the audio or video recording of any persons without their express consent; students who record others without consent may be subject to the Cyber Harassment Policy and to court action. The inappropriate use of a video or picture cell phone is prohibited at all times and may also be subject to the Cyber Harassment Policy. Students who violate the cell phone policy will be subject to the consequences outlined in the Code of Conduct.

### **CHROMEBOOKS: School Issued Devices**

The Attleboro Public Schools (APS) has embarked on a 1:1 Chromebook learning environment. The purpose of this initiative is to put technology into the hands of every student to enhance the learning environment. The Attleboro Public Schools leases the Chromebooks and retains ownership of each device. We will distribute a Chromebook to each student (Grades 2-12+) to use for educational purposes during the school year. If a student leaves the district, the device needs to be returned to the Office of Instructional Technology. With the privilege of being issued a Chromebook comes responsibilities for families and for the student.

Attleboro Public Schools students and families must understand that:

1. The Chromebooks are on loan to students and remain the property of APS.
2. All students using an APS Account on both personal and district-issued devices must comply with the Acceptable Use Policy and rules/procedures of each classroom.
3. All users are accountable to all school, district, local, state, and federal laws as they pertain to digital citizenship.
4. All district-issued devices are subject to content filtering, GPS tracking and monitoring (usage statistics, websites visited, application/extension use, hardware statistics, temperature & CPU usage and time online.
5. All files stored in the @attleborops.net accounts for any individual are subject to review and monitoring.
6. Students are expected to notify a staff member immediately if they come across information, images, or messages that are inappropriate, dangerous, threatening, or that make them feel uncomfortable.
7. It is the student's responsibility to arrive to school with the Chromebook fully charged.

### **Family Responsibilities**

APS is committed to equipping all families with the necessary tools and information to ensure the safe use of the Chromebook in the home. Both the school and families share the responsibility of educating students about Internet safety and digital citizenship. Students are to be reminded that everything that they send out via message, email, or social media leaves a digital footprint. In fact, it is more like a digital tattoo - nearly impossible to remove. Our goal is to have students leave APS with a clean digital footprint. Therefore, nothing should be posted online about a student that would not meet the approval of parents/guardians, teachers, and administrators.

### **Care & Maintenance:**

- To clean your Chromebook screen, use only wipes that are designed for computer screens.
- Never spray cleaners directly on your Chromebook.
- The trackpad will be damaged if not used properly, never use a pencil, eraser, or other object on the trackpad
- The Chromebook should be always kept in its case (if one has been provided).

### **School Gmail Accounts:**

- All students have a Google account typically: firstlastname@attleborops.net

- Students in grades 1-12 have internal email accounts.
- Students in grades 8-12 have access to email outside of the district.
- Every email message is archived and is the property of the school.

## **Damaged, Lost or Stolen Equipment**

### **Repairs:**

Student Chromebooks are the property of APS and remain so throughout the duration of their use. The district will cover one accidental damage repair per year without charging the family for the damage. Manufacturer defects are covered under warranty at no charge. After that, families are responsible for any damages sustained to Chromebooks while assigned to students and will be charged for the cost of any necessary repairs. A loaner Chromebook will be issued while the student's Chromebook is being repaired. Please understand that failure to pay for damages will result in the bill becoming a financial obligation for the family that will follow the student throughout their career at APS. Having these obligations could prohibit the student from participating in many school events.

### **Accidental Damage vs. Negligence:**

It is recognized that accidents do happen. There is a difference between accidents and negligence. After investigation by school administration, if the Chromebook is deemed to be intentionally damaged by the student, the student will be subject to discipline and assessed the cost of repair or replacement.

### **Lost/Stolen Chromebook:**

Students or families must report lost or stolen Chromebooks to the school immediately. The circumstances of each situation will be investigated, and students/families may be billed for damaged or lost equipment. For stolen Chromebooks, a report should be filed with the police department. If there is no clear evidence of theft, the student and family will be responsible for the full cost of replacing the Chromebook.

### **Loaner Chromebooks:**

We will have loaner Chromebooks available in the event that a device is out for repair or is lost/stolen. Students chronically unprepared (forgetting to bring and/or charge their school-issued Chromebook) will be limited in their access to loaner Chromebooks.

### **Charging Cables**

Students are responsible for their own charging cables/power adapters. Students are encouraged to label their charging cable. Extra cables can be purchased through outside sources such as Amazon for approximately \$20. Please see our technology web page on the district page for more information ([Office of Information Technology - Attleboro Public Schools \(attleboroschools.com\)](#))

### **Leaving the District:**

Chromebooks must be returned to APS when students unenroll from the district.

## **CLASS ADVISORS**

Class Advisors are appointed for each class attending Attleboro High School. These faculty members work with class officers and representatives to organize class sponsored activities, including the proms. They also oversee fundraising activities and sign contracts for events, as needed. Class Advisors serve as liaisons to the High School Administration concerning class events.

## **CYBER HARASSMENT/CYBER BULLYING**

Cyber harassment and cyber bullying are the transmission of text messages, photos, videos on cell phones, or email,

instant messages, social networking blogs, or Web pages to harass, embarrass, and intimidate other students. The harassment takes many forms, from spreading false rumors and posting embarrassing pictures of others to sending offensive messages, repeated harassment (sometimes sexual), stalking, threats, and even extortion.

Cyber harassers use this technology to spread their offensive messages via cell phones, personal computers, and the Internet, which tend to give them a sense of anonymity and embolden them to make their offensive behavior more vicious. Cyber Harassment will be treated similarly to Harassment.

## **DANCES AND SOCIAL EVENTS**

### **Rules for attendance at school-sponsored dances and social events:**

1. Tickets must always be purchased before the event.
2. Tickets may only be purchased by enrolled AHS students.
3. With the Dean's approval, AHS students may escort students from other schools to all dances *with the exception of Homecoming, the Sophomore Gathering and the Freshman Social*. Permission slips are required in advance for the guest.
4. No one will be admitted to any dance later than one-half hour after the scheduled beginning of the event.
5. Once at the dance, no one is allowed to leave until fifteen minutes before the scheduled end of the event.
6. Only students who are in good standing with the Administration behaviorally, academically, and in terms of financial obligations will be allowed to attend dances and social events.
7. Conduct unbecoming of an Attleboro High School student may result in the dismissal from the event.

## **DRESS CODE**

The primary responsibility for a student's attire resides with the student and families/caregivers. The school district and individual schools are responsible for seeing that student attire does not cause disruption or disorder within the school, interfere with the health or safety of any student, or contribute to a hostile or intimidating atmosphere for any student.

Students must wear clothing including both a shirt with pants or skirt, or the equivalent (for example dresses, leggings, or shorts) and shoes. Shirts and dresses must have fabric in the front, back, and on the sides (under the arms). Clothing must cover undergarments (waistbands and straps excluded). Clothing fabric must be opaque. Clothing must be suitable for all scheduled classroom activities including physical education, science labs, and other classroom or activities where unique hazards exist. Specialized courses may require specialized attire, such as sports uniforms or safety gear.

Students may not wear:

- Clothing that contains violent language or images
- Clothing that contains images or language depicting drugs or alcohol (or any illegal item or activity) or the use of same
- Clothing that contains hate speech, profanity, pornography, or gang affiliation
- Clothing that contains images or language that create a hostile or intimidating environment based on any protected class.
- Hats, hoods, helmets or anything else that obscures the face or prevents identification of students in person or on security cameras (except as a religious observance)
- Bathing suits
- Shoes with wheels in the heel.
- Flip flops, slides, and open toed, backless sandals are all unsafe footwear at our elementary schools

Students who fail to meet these standards will be required to make appropriate changes. This list is not meant to be all-inclusive. Fads and styles change quickly and require the judgment of the school administration and staff in the areas of health, safety, and disruptions to the educational process.

### **ENGLISH LANGUAGE LEARNERS**

In accordance with federal and state regulations, Attleboro Public Schools shall identify students whose primary language is not English through a Home Language Survey. Students will be assessed to determine English proficiency. If identified as an English Language Learner (ELL), the student will be evaluated annually to determine proficiency in the English language.

Attleboro Public Schools ensures that all students who are identified as English Language Learners (ELL)s will be taught to the same academic standards and curriculum as all students; and will be provided with the same opportunities to master such standards.

### **HOMELESS STUDENTS**

To the extent practical and as required by law, the District will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided District services for which they are eligible, including pre-school programs, Title I, similar state programs, special education, ELL programs, vocational and technical education programs, RTI programs and school nutrition programs.

McKinney-Vento Act defines “homeless children and youths” as individuals who lack a fixed, regular, and adequate nighttime residence. The term includes:

Children and youths who are:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to as “doubled-up”);
2. Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters; or
4. Abandoned in hospitals.
5. Children and youths who have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;
6. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
7. Migratory children who qualify as homeless because they are living in circumstances described above.

The McKinney-Vento Homeless Education Assistance Act requires that schools immediately enroll homeless students in school, even if they do not have the documents usually required for enrollment, such as school records, medical records or proof of residency, as long as the student has been properly immunized. Information on lead screenings as well as immunization records may be transferred over the phone. Parents or Guardians intending to register students who are homeless should be aware of the following guidelines:

1. Homeless students have a right to either remain in their school of origin or to attend school where they are temporarily residing;
2. Children who move from a homeless situation into a permanent residence during the course of a school year have the right to stay in the school they were attending while they were temporarily homeless. If the child or youth continues his or her education in the school of origin but begins living in an area served by another school

district, the school district of origin and the school district in which the homeless child or youth is living must agree upon a method to apportion the responsibility and costs for providing the child or youth with transportation to and from the school of origin. If the school districts cannot agree upon a method, the responsibility and costs for transportation are to be shared equally.

3. Students who chose to enroll in school where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment with them;
4. If a homeless student arrives without records, the school district's designated Homeless Education Liaison will assist the family and contact the previously attended school system to obtain the required records;
5. A child who is homeless and attending any school served by the local educational agency is eligible for Title I services; and
6. A child who is homeless and attending any school served by the local educational agency is eligible for the Free and Reduced Lunch Program.

The Superintendent shall designate at least one staff member in the district to serve as the Children and Youth in Transition Liaison, whose role will be to fulfill the duties set forth in state and federal law. The Assistant Superintendent will act as the Liaison for the Attleboro Public Schools.

The Attleboro Public Schools will utilize the procedures for Dispute Resolution as defined in the McKinney-Vento Homeless Education Act Section 722(g): 42 U.S.C. 11432(g). If there is an enrollment dispute, the student shall immediately enroll in the school in which enrollment is sought, pending resolution of the dispute. The parent or guardian shall be informed of the district's decision and their appeal rights in writing, and the district's liaison will carry out dispute resolution as provided by state rule.

### **IDLING OF MOTOR VEHICLES**

For the safety of staff and students said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from prolonged idling of such vehicles on school grounds and violators may be subject to a fine.

### **INSURANCE**

All children in Massachusetts are eligible for some type of health coverage. For more information contact the *Health Care for All* helpline at 1-800-272-4232 or online at [www.hcfama.org](http://www.hcfama.org). Each year parents may purchase an insurance policy for their child which covers accidental injury. The cost is reasonable, and it is recommended that parents review the policy upon its offering.

### **GENDER IDENTITY**

Transgender and Gender Nonconforming Students

An Act Relative to Gender Identity (Chapter 199 of the Acts of 2011), which became effective on July 1, 2012, defines "gender identity" to mean "a person's gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth. Gender-related identity may be shown by providing evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity or any other evidence that the gender-related identity is sincerely held as part of a person's core identity; provided, however, that gender-related identity shall not be asserted for any improper purpose."

Every student has the right to be addressed by a name and pronoun that corresponds to their gender identity. Attleboro Public Schools will respect student wishes to be referred by a name and pronoun based on an affirmed change in gender identity, regardless of the student's assigned sex at birth. A court-ordered name or gender change is not required, and the student need not change their official records. The responsibility for determining a student's gender identity rests with the student or, in the case of young students not yet able to advocate for themselves, with the parent/guardian. As such, any student or parent/guardian, as appropriate, may inform a school staff member of their desire to be consistently recognized at school using their stated gender identity.

## **GUIDANCE DEPARTMENT**

**The Guidance Department provides AHS students with the skills necessary to choose and achieve their post-high school goals. Guidance Counselors regularly monitor student progress, and help students explore future options including college, career training, military enlistment, and employment. The department works to address the academic, social, emotional, and physical needs of students by helping to establish good communication between teachers, students, and parents.**

The Guidance Department offers the following services:

1. School and career planning with students and parents
2. Post-high school educational planning
3. Scholarship and financial aid information
4. Individual and/or group counseling to students on personal or interpersonal issues.
5. Services for English Language Learners, including language-sensitive, non-biased assessment materials.

## **LIBRARY MEDIA CENTER SERVICES**

The Library Media Center is centrally located on the second floor of Attleboro High School. The center consists of a large reading room and a technology area. The Sails network connects Attleboro High School with public and school libraries in Southeastern Massachusetts, allowing students to access thousands of books electronically. When school is in session, the Library Media Center is open to students and faculty from 7:00 a.m. to 3:30 p.m. Teachers may choose to escort classes to the LMC for research assignments. Students may also use the library during SSR (Sustained Silent Reading) by obtaining a pass from the classroom teacher. The loan period for circulating materials is four weeks. Students are to make every effort to return books on time in consideration of other students who may also need them. All library obligations must be cleared or paid before graduation.

## **MEDIATION**

Students are encouraged to utilize mediation. All students are welcome to participate and encouraged to do so to resolve conflicts before they escalate to a possible disciplinary action. Mediation is not a form of discipline although it may be mandated for some students upon return from suspension for fighting. This is a confidential intervention in which facilitators control the outcome and are able to resolve conflicts peacefully. Students should seek out the school Adjustment Counselors, their Dean, or a facilitator to schedule mediation.

## **PARENT INVOLVEMENT**

The goal of a viable school is active parent involvement. Although our students are near adulthood and are generally able to assume responsibility for their own directions and actions, they still need interested, concerned parents. AHS holds parents' nights in both the fall and spring. These meetings are a vital link in good communication between home and school and provide a means for parents to better understand their children in the school environment. Parents who wish to volunteer need to fill out a CORI form which is available in the Principal's Office.

1. The school involves parents in a number of ways as volunteers for specific projects. Some of these are:

2. Attleboro High School Council: This council is comprised of representatives from the administration, parent organizations, teaching staff, the business community, and the student body. The School Council meets regularly throughout the year to complete a School Improvement Plan which will address budget, curriculum, assessment, and student life.
3. Field trips and orientation programs.
4. The Blue Pride Ambassadors Club (BPAC) is in place to enhance the educational experience for students and staff of Attleboro High School by providing supports, coordinating volunteerism, informing families and the community about AHS, initiating fundraising efforts, as well as encouraging involvement through BPAC-sponsored activities.
5. Career and Technical Education (CTE) Program Advisory Committee members serve as advisors in planning specific projects.
6. Participation in Parent Discussion Groups.

## **PARKING**

Parking on campus is a student privilege. Reckless driving or parking in unauthorized areas are grounds for revocation of this opportunity. It is crucial that drivers and pedestrians exercise extreme caution, especially during construction. Students may only park their vehicles in the parking areas that are designated for students. The Blue Pride Way and Bray Auditorium lots are restricted to staff parking and may not be used by students at any time during the school day unless there is Administrative approval due to special circumstances. Parking in the fire lanes is strictly forbidden.

## **SCHOOL-TO-CAREER SERVICES**

Through the Attleboro Area Local School to Career (STC) Partnership, Attleboro High School is a partner with Norton and Foxboro High Schools in a program that connects school-based learning to the workplace. The purpose of STC is to transition students to meaningful career pathways based on their skills and interests. The program offers job shadows, career fairs, paid and unpaid internships, part-time employment, and summer job placement to students. These services are delivered and facilitated by a Business/Industry liaison and a Career Specialist who serve the three schools.

## **SEARCH AND SEIZURE POLICY**

The Attleboro School Committee recognizes that School Administrators are under an obligation to ensure that reasonable safety, discipline and good order be maintained by and for all students at all times. It also recognizes, however, that students have certain constitutional rights. It is to balance the sometimes-conflicting need of school officials to ensure order and safety on the one hand, and the need to insure applicable constitutional rights of students on the other hand that this policy is written.

### **Search of Student Lockers and Desks**

1. Lockers and desks are the property of the Attleboro Public Schools. The Attleboro Public Schools maintain control of all locks affixed to lockers. No other locks are permitted; and such locks will be removed by the school administration.
2. Students shall not have any expectation of privacy in school lockers and desks and should be aware that school lockers and desks may be searched at any time by school officials.
3. It is prohibited to store any illegal items/substances or items/substances in violation of any school rule or Federal, State or Local law in a locker or desk.
4. Items/substances prohibited from being in lockers include but are not limited to guns/knives/weapons {real or fake}, drugs or alcohol, fireworks/explosives, fire/smoke/odor producing products, and any other evidence of a school rule or legal violation.

5. Students should be aware that, at the discretion of a school administrator, a student's locker or desk may be searched at any time and prohibited items/substances will be seized.

### **Search of Students and Their Belongings**

1. Search of a student will only be performed, and seizure of a student's belongings will only take place, if there exists reasonable suspicion that the student has violated or is violating either the law or the rules of the school. The search will be conducted in a manner reasonably related to its objectives and will not be excessively intrusive in light of the age and sex of the student and the nature of the infraction. Whenever a personal search is deemed necessary, the student shall be advised of the reason for the impending search prior to its implementation. Search of a student may extend to articles of clothing such as pockets; and to the removal and search of outer garments such as hats/caps/headgear, jackets, coats, sweaters, sweatshirts, or shoes; and to items such as pocketbooks, lunch bags, book bags, athletic bags, or backpacks.
2. Search of a student's belongings or of a student's automobile parked on school property will only be performed, and seizure of a student's belongings will only take place, if there exists reasonable suspicion that the student has violated or is violating either the law or the rules of the school. The search will be conducted in a manner reasonably related to its objectives and will not be excessively intrusive in light of the age and sex of the student and the nature of the infraction. When reasonably possible, search of a student's belongings not in the immediate possession of the student or of a student's automobile parked on school property will be in the presence of the student(s) whose conduct is under scrutiny and in the presence of a second school official. Use of canines on the exterior of vehicles or other items to detect odors do not constitute a search.
3. Should a student refuse to voluntarily comply with a request for a search, the student must be detained until parents, and, if necessary, police, can arrive at school to assist, as appropriate, in the investigation.
4. Search of a student or his/her belongings in accordance with the above policy may take place at school or at any school sponsored event on or off school property or during the transportation to such event.

### **SENIOR DUES**

Senior Dues are set annually by the class advisors and the Administration. Dues pay for end-of-year expenses such as graduation and the yearbook. Failure to meet the Attleboro High School social and civic expectations, both while in school and when representing the school in the community, may result in revocation of such privileges. All school rules and regulations apply to school-sponsored activities.

## **STUDENT RECORDS**

The Attleboro Public Schools complies with applicable federal and state laws and regulations pertaining to Student Records. Those laws and regulations are designed to ensure a parent's and eligible student's rights to access, inspect, and to request amendment of the child's student record.

The Massachusetts Student Record regulations and the Family Educational Rights and Privacy Act (FERPA) apply to educational records maintained by a school on a student in a manner such that he or she may be individually identified. The regulations divide the record into the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty (60) years after the student leaves the system.

The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extracurricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed no later than seven (7) years after the student leaves the school system.

The following is a summary of major parent and student rights regarding their student records:

**Inspection of Record** - A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate.

**Confidentiality of Record** - With a few exceptions, no individuals or organizations but the parent, student, and authorized school personnel are allowed to have access to information in the student record without specific, informed, written consent of the parent or the student.

**Amendment of Record** - The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, with limited exception under state and federal law, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

**Directory Information** - Federal law requires that the District release the names, addresses and telephone listings of students to military recruiters and institutions of higher education upon request for recruitment and scholarship purposes without prior consent. In addition, the District may release the following directory information about a student without prior consent: a student's name, address, telephone listing, date and place of birth, major fields of study, dates of attendance, weight and height of members of athletic teams, class participation in officially recognized activities and sports, degrees, honors and awards, post-high school plans and directory information such as homeroom assignments. However, in all instances, parents may request that such directory information not be released without prior consent by notifying their school building office in writing by the end of September of each school year.

**Destruction of Records** - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction.

**Transfer of Records** – In accordance with 603 CMR 23.07(4)(g), it is the practice of the Attleboro Public Schools to forward the student record of any student who seeks or intends to enroll, or already has enrolled in another public-school district, if the disclosure is for purposes of the student's enrollment or transfer. The parent or eligible student has the right to receive a copy of the school record that is forwarded to the new school.

**Non-Custodial Parents** - Unless there is a court order to the contrary, a non-custodial parent (parent without physical custody of the student) of any public-school student has the right, subject to certain procedures, to receive information regarding the student's achievements, involvement, behavior, etc. A non-custodial parent who wishes to have this information shall submit a written request annually to the child's school principal. Upon receipt of such a request, the principal shall send written notification to the custodial parent by certified and first-class mail that the records and information will be provided to the non-custodial parent in twenty-one (21) calendar days unless the custodial parent provides documentation of the non-custodial parent's ineligibility to access such information. In all cases where school records are provided to a non-custodial parent, the electronic and postal address and other contact information for the custodial parent shall be removed from the records provided. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to M.G.L. c. 71, §34H, the school will notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent. M.G.L. c.71, §34H, 603 CMR 23.07.

**Third Party Access** - Authorized school personnel, to include: (a) school administrators, teachers, counselors and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching, counseling, and/or diagnostic capacity; (b) administrative office staff and clerical personnel, employed by the school committee or under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record; and (c) the Evaluation

Team which evaluates a student, shall have access to the student record of students to whom they are providing services, when such access is required in the performance of their official duties. The consent of the parent or eligible student shall not be necessary.

**Complaints** - A parent or eligible student has a right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901, (202) 260-3887 or with the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148, (781) 338-3300. If you have any questions regarding this notice or would like more information and/or a copy of the Massachusetts Department of Education Student Record Regulations, please contact the building principal.

### **Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)**

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (DOE): political affiliations or beliefs of the student or student's parent; mental or psychological problems of the student or student's family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; religious practices, affiliations, or beliefs of the student or parents; or income, other than as required by law to determine program eligibility.
2. *Receive notice* and an opportunity to opt a student out of the following: any other protected information survey, regardless of funding; any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
3. *Inspect*, upon request and before administration or use: protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and instructional material used as part of the educational curriculum. These rights transfer from the parents to a student who is 18 years old or an emancipated minor under state law.

The Attleboro Public Schools will/has develop(ed) and adopt(ed) policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes.

The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

Specific activities and surveys covered under this requirement include: the collection, disclosure, or use of personal information for marketing, sales or other distribution; the administration of any protected information survey not funded in

whole or in part by DOE; and any non-emergency, invasive physical examination or screening as described above. Parents who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-5901

### **STUDENTS WITH DISABILITIES: SPECIAL EDUCATION AND SECTION 504**

Under the Individuals with Disabilities Education Act ("IDEA") and M.G.L. c. 71B, some students with disabilities may be eligible for services if they require specialized instruction and/or supportive services to help them make effective progress in school. These services can include, but are not limited to, speech therapy, physical therapy, occupational therapy, specialized instruction, or placement in a special classroom. Students may be referred to the Department of Student Services for an evaluation of eligibility for special education services. Within five (5) school days of such a referral, a consent form authorizing an evaluation of the student will be forwarded to the parent(s). Within forty-five (45) school days of receipt of the parent(s)' consent, an evaluation will be conducted, and a Team meeting will be held to determine if the student is eligible for special education services. If the student is found eligible for special education services, the Team will develop an Individualized Education Program (IEP) identifying the necessary services.

Section 504 of the Rehabilitation Act of 1973 ("Section 504") is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. Section 504 provides: "No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance . . ." Title II of the Americans with Disabilities Act of 1990 (Title II) is a federal law that applies to public entities, including the conforming amendment to Section 504 that affects the meaning of a disability under Section 504.

The Section 504 regulations require a school district to provide a "free appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Under Section 504, a FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met. Compliance with the IDEA is one means of complying with Section 504.

Additionally, the Attleboro Public Schools provides nonacademic and extracurricular services and activities in such a manner as is necessary to afford students with disabilities an equal opportunity for participation. The Attleboro Public Schools is, however, generally permitted to establish and utilize skill-based eligibility criteria for participation in extracurricular programs and activities (e.g., school-sponsored athletics) so long as the criteria are rationally related to the purposes and goals of the specific program or activity.

A message can be forwarded to any student via the House Office during school hours. Students needing to use a telephone to contact home during the school day may report to the nearest House Office with a pass from a classroom teacher. Students who violate phone policies will incur the appropriate penalty.

It is committed to equal opportunity for all individuals in education within a safe school environment that allows all students equal access and opportunities to all of the District's programs and activities, including academic programs, educational supports, services, and enrichment activities.

It will be a violation of this policy for any student, district employee or third party based on a student's, employee's or third party's actual or perceived protected class status to: (1) harass a student, district employee or third party through conduct or communication (e.g., physical, verbal, graphic or written) or to (2) inflict, threaten to inflict or attempt to inflict violence; or to (3) discriminate against a student, District employee or third party.

This policy applies to all of the academic and nonacademic (for example, athletic and extracurricular) programs of the district and will be enforced before, during, or after school hours on all school property, including the school bus, school functions, or events held at other locations. The policy also applies to any off-campus conduct that causes or threatens to cause a substantial and material disruption at school, or interferes with the rights of students, employees or third parties to be free from a hostile school environment, taking into consideration the totality of the circumstances on and off campus.

The Attleboro School Committee will:

1. Establish and promote an environment within Attleboro Public Schools that considers and ensures the rights and responsibilities of all individuals as set forth in the Federal and State Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Support positive and equitable experiences within the Attleboro school community for children, youth, and adults, all of whom have differing personal and family characteristics with various socioeconomic, racial, and ethnic backgrounds.
3. Work toward a more inclusive society and enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use appropriate communication and other means to resolve and reduce the grievances of individuals and/or groups.
5. Consider decisions made within the school system in view of the potential benefits or adverse consequences that those decisions may have on individuals and/or groups.
6. Review policies and practices of the school system on an ongoing basis to ensure full implementation of the spirit and intent of this nondiscrimination policy.
7. The Boy Scouts of America Equal Access Act prohibits school districts from denying equal access or a fair opportunity to meet to, or discriminating against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code as a patriotic society.

The district will adhere to the Attleboro Public Schools Nondiscrimination/Anti-Harassment Procedures for filing a complaint for discrimination, harassment or violence on account of actual or perceived protected class status and will take appropriate action to respond to these incidents, which may include disciplinary action against any student or District employee who is found to have violated this policy. Appropriate administrative and staff follow-up will be provided for targets and offenders of harassment, violence and discrimination.

## **File: ACAB: HARASSMENT**

Harassment of students by other students, employees, vendors and other 3<sup>rd</sup> parties will not be tolerated in the Attleboro Public Schools. The alleged harassment must involve conduct that occurred within the school's own program or activity, such as whether the harassment occurred at a location or under circumstances where the school owned, or substantially controlled the premises, exercised oversight, supervision or discipline over the location or participants, or funded, sponsored, promoted or endorsed the event where the alleged harassment occurred, against a person in the United States. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school sponsored activities.

Harassment prohibited by the District includes, but is not limited to, harassment on the basis of race, sex, gender identity, creed, color, national origin, sexual orientation, religion, marital status or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion pursuant to disciplinary codes. Employees who have been found to violate this policy will be subject to discipline up to and including, termination of employment, subject to contractual disciplinary obligations.

**Employee-to-Student Harassment** means conduct of a written, verbal or physical nature that is designed to embarrass distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs or activities; or
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student.

**Student- to-Student Harassment** means conduct of a written, verbal, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students, when:

- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.

Harassment as described above may include, but is not limited to:

- Written, verbal, or physical (including texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;

- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

By law, what constitutes harassment is determined from the perspective of a reasonable person with the characteristic on which the harassment is based. Individuals should consider how their words and actions might reasonably be viewed by others.

The District will promptly and reasonably investigate allegations of harassment through designation of Title IX Coordinator or building based employees, who may include principals or their designees. The superintendent will recommend, in consultation with the principals, opportunities to the designated recipients for appropriate training.

**Sexual harassment** is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion. Massachusetts General Laws Ch. 119, Section 51A, requires that public schools report cases of suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences; and,
- Discussion of one's sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment.

Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

The complainant does not have to be the person at whom the unwelcome sexual conduct is directed. The complainant, regardless of gender, may be a witness to and personally offended by such conduct.

### **NOTICE OF SEXUAL HARASSMENT**

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

### **DUE PROCESS PROTECTIONS**

Due process protections include the following:

1. A presumption of innocence throughout the grievance process, with the burden of proof on the school;
2. A prohibition of the single investigator model, instead requiring a decision-maker separate from the Title IX Coordinator or investigator;
3. The clear and convincing evidence or preponderance of the evidence, subject to limitations;
4. The opportunity to test the credibility of parties and witnesses through cross examination, subject to "rape shield" protections;
5. Written notice of allegations and an equal opportunity to review the evidence;
6. Title IX Coordinators, investigators, and decision-makers must be free from bias or conflict of interest
7. Equal opportunity for parties to appeal, where schools offer appeals;
8. Upon filing a formal complaint, the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. For K-12 schools a hearing is optional, but the parties must be allowed to submit written questions to challenge each other's credibility before the decision-maker makes a determination. After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying either the preponderance of the evidence or the clear and convincing standard; however, a school can use the lower preponderance standards only if it uses that standard for conduct code violations that do not involve sexual harassment but carry the same maximum disciplinary sanction. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

A district may establish an informal investigation process that may, upon the request of the complainant be followed by a formal process.

The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The investigating officer may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with

applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the complaint recipient will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.

### **RECORD KEEPING REQUIREMENTS**

Schools must create and maintain records documenting every Title IX sexual harassment complaint. This could include mediation, restorative justice, or other models of alternative dispute resolution. Schools must keep records regarding the school's response to every report of sexual harassment of which it becomes aware even if no formal complaint was filed, including documentation of supportive matters offered and implemented for the complainant.

This policy, or a summary thereof that contain the essential policy elements shall be distributed by the Attleboro School District to its students and employees and each parent or guardian shall sign that they have received and understand the policy.

The Attleboro Public Schools strives to create an environment where all students and staff feel welcome. To meet this end, the Attleboro Public Schools will not tolerate the denial of access to activities, programs, or services to individuals with disabilities (as defined in Section 504 of the Rehabilitation Act 29 U.S.C. §705(20)).

The Attleboro Public Schools does not discriminate against an individual with a disability with regards to job application procedures, hiring, advancement, or discharge of employees, employee compensation, job training, or other conditions of employment.

The Attleboro Public Schools is committed to supporting students who qualify under Section 504 of the Rehabilitation Act and to ensuring that such students are not denied admission or access to the activities, programs and services offered by the Attleboro Public Schools because of their disability.

As well, the Attleboro Public Schools is committed to ensuring that students with disabilities are not treated differently because of their disability. The Superintendent of Schools for the Attleboro Public Schools shall take the necessary steps to inform parents/guardians and students of their rights under Section 504 of the Rehabilitation Act, including the right to receive reasonable accommodations if the student is found to be qualified under Section 504 of the Rehabilitation Act. Additionally, the Superintendent of Schools for the Attleboro Public Schools shall take the necessary steps to ensure parents/guardians and students are informed of their procedural rights under Section 504 of the Rehabilitation Act.

Reasonable Accommodations

The Attleboro Public School District shall make reasonable accommodations in policies, practices, or procedures when the accommodations are necessary to avoid discrimination on the basis of disability, unless the District can demonstrate that making the accommodations would fundamentally alter the nature of the service, program, or activity.

A request for an accommodation should be made in writing to the Assistant Superintendent. Alternative means of filing a request will be made available if needed, such as large print or audiotape. Requests should include the name, address and telephone number of the individual request the accommodation, the location where the accommodation is required and why the accommodation is needed. For public meetings and hearings, the Assistant Superintendent should be notified at least seventy-two (72) hours in advance.

For students, the Assistant Superintendent will respond to such a request in accordance with the Attleboro Public Schools' Section 504 Policies and Procedures or Special Education Policies and Procedures. For all other individuals, the Assistant Superintendent will respond within two (2) school days of receipt of the request.

Communications

The Attleboro Public School District shall take the appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with members of the public without disabilities. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aide or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities.

Auxiliary Aids and Services

"Auxiliary aids and services" includes:

1. Qualified interpreters, note takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments
2. Qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments
3. Acquisition or modification of equipment or devices

#### 4. Other similar services and actions

##### Limits of Accommodations

The Attleboro Public School District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. A decision that a request would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the Superintendent after considering all resources available for use in funding and operating the program, service, or activity. The decision shall be accompanied by a written statement of the reasons for reaching that conclusion.

##### Notice

The Attleboro Public School District shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provisions of Title II of the American with Disabilities Act (ADA) and its applicability to the services, programs, or activities of the District. The information shall be made available in such a manner as the Attleboro School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA.

##### Website Accessibility

The Attleboro Public School District is committed to providing all users of their websites, including users with disabilities, with meaningful accessibility in this online environment. The Attleboro Public Schools follow standards that are generally based on the standards used by the federal government for technology accessibility for individuals with disabilities and web content accessibility guidelines developed by the World Wide Web Consortium (W3C). The Attleboro Public Schools' websites are regularly tested and reviewed by users to verify that the websites are compliant with applicable standards.

If an individual needs assistance in accessing materials, such a request should be made to the Assistant Superintendent.

##### Compliance Coordinator

The Attleboro Public School District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title II of ADA, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under ADA. The District shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA. The Attleboro Public School System receives federal financial assistance and must comply with the above requirements. Additionally, the Attleboro School Committee is of the general view that:

1. Discrimination against a qualified person with a disability solely on the basis of disability is unfair and unacceptable; and
2. To the extent possible, qualified individuals with a disability should be included within the school community. Accordingly, employees of the Attleboro Public School System will comply with the above requirements of the law and policy statements of this committee to ensure nondiscrimination on the basis of disability.

File EEA: SCHOOL COMMITTEE TRANSPORTATION POLICY

The safe and secure passage of students from home to school, and from school to home, is the School Committee's chief priority with regard to student transportation. In order to provide for such safety, and to ensure the efficient administration of the school district's transportation services, the school committee adopts Policy EEA.

The Superintendent or his/her designee, working with the bus contractor and other administrators as necessary, will be responsible for establishing bus schedules, routes, stops, and all other matters related to the administration of transportation services.

All Kindergarten and First Grade Students will be eligible for district-funded transportation.

All other Elementary students living at least 2.0 miles from their assigned schools will be eligible for district-funded transportation. Elementary students living between 0.5 and 2.0 miles from their assigned school will be eligible for transportation under a fee-for-service condition and on a seat available basis.

Middle School students in Grades 5 & 6 living at least 2.0 miles from their assigned schools will be eligible for district-funded transportation.

All other Middle School students living at least 1.0 miles from their assigned school will be eligible for transportation under a fee-for-service condition and on a seat available basis.

High School students living at least 1.0 miles from their assigned school will be eligible for transportation under a fee-for-service condition and on a seat available basis.

#### Calculation of Route Distances

The distances contemplated by Policy EEA are pedestrian distances from the home address to the school address. The district will maintain a record of the distances for each address in their transportation routing system.

#### Length of Routes

All transportation routes to and from the Attleboro Public Schools will be scheduled for 45 minutes or less. The 45-minute window will run from the initial bus stop pick up to the arrival at the school, and from the departure from the school to the final bus stop drop-off, excluding unforeseen or extraordinary circumstances.

#### Waivers and Exemptions

Students eligible for free and reduced lunch shall be exempt from the fees imposed by Policy EEA. The Superintendent may grant other such waivers as required by the educational needs of individual students, and other applicable school committee policies.

Exceptions for safety purposes to walker designations (Grades 2-6) and transportation eligibility (Grades 7-12) may be made in consultation with the Transportation Office and the Attleboro Police Department. Changes to the list of addresses on the "Safety Exemption" list kept by the Transportation Office must be approved by the School Committee. Walker Exceptions are entitled to Free transportation and Eligibility Exceptions are entitled to Fee-For-Service transportation.

#### Kindergarten Transportation

1. It is the policy of the Attleboro School Committee to provide district-funded transportation to all Kindergarten students attending the Attleboro Public Schools. It is the parent and/or guardian's responsibility to ensure their child is safe to and from the bus stop and while waiting for the bus. In the event a parent and/or guardian is not at the bus stop to receive their child at the designated times, the procedure to be followed is:
2. The parent and/or guardian must have an individual they deem responsible to accept the Kindergarten student at the designated bus stop.
3. If a parent, guardian, or responsible individual is not at the bus stop when the bus arrives in the afternoon, the Kindergarten student will be returned to their school and placed in the ABACUS program at the school, if the program is available. The parent and/or guardian will be billed for the time their child is being supervised by ABACUS or the Administration/ designated staff member at the ABACUS daily rate.

The standard level of service for children who ride special needs buses is curb-to-curb service. This includes delivery to and from the home or caregiver side curb to the school loading zone. In cases where appropriate, it is the responsibility of the parent and/or guardian to ensure that the student is securely buckled in the seat/car seat prior to the vehicle door being shut.

If there is no one at the school to receive the student, the special education student will then be taken to the Superintendent's Office.

If there is no one at the Superintendent's Office to receive the student, the special education student will then be taken to the Police Department.

#### File IHAMB: PARENT NOTIFICATION RELATIVE TO SEX EDUCATION

In accordance with law, the Attleboro School Committee has adopted this policy on the rights of parents and guardians of our students in relation to curriculum that primarily involves human sexual education or human sexuality issues.

During each school year, all parents/guardians of students in our schools will be notified in writing of the courses and curriculum we offer that primarily involve human sexual or human sexuality issues. The Assistant Superintendent or his/her Designee will determine the administrator(s) responsible for sending the notice(s). If planned curricula change during the school year, to the extent practicable, parents/guardians will be notified of this fact in a timely manner before implementation.

Each such notice to parents/guardians will include a brief description of the curriculum covered by this policy, and will inform parents/guardians that they may:

1. Exempt their child from any portion of the curriculum that primarily involves human sexual education or human sexual issues, without penalty to the student, by sending a letter to the school Principal requesting an exemption. Any student who is exempted by request of the parent/guardian under this policy may be given an alternative assignment.
2. Inspect and review program instruction materials for these curricula, which will be made reasonably accessible to parents/guardians and others to the extent practicable. Parents/guardians may arrange with the Principal to review the materials at the school and may also review them at other locations that may be determined by the Superintendent of Schools.

A parent/guardian who is dissatisfied with a decision of the Principal concerning notice, access to instructional materials, or exemption for the student under this policy may send a written request to the Superintendent for review of the issue. The Superintendent or designee will review the issue and give the parent/guardian a timely written decision, preferably within two weeks of the request. A parent/guardian who is dissatisfied with the Superintendent's decision may send a written request to the School Committee for review of the issue. The School Committee will review the issue and give the parent/guardian a timely written decision, preferably within four weeks of the request. A parent/guardian who is still dissatisfied after this process may send a written request to the Commissioner of Education for review of the issue in the dispute.

The Superintendent of Schools will distribute a copy of this policy to each Principal by September 1 of each year.

### **GUIDELINES FOR INTERNET USE**

The Attleboro Public School District offers Internet access at each school. The sole purpose of this Internet access is to support education and research by providing students and district employees with access to unique resources and an opportunity for collaborative work. All uses of the District's Internet access (like all other uses of the APS' computer facilities) must be in support of and consistent with our educational objectives. All students, district employees, volunteers, or any other individual accessing the District's computer network (hereinafter collectively referred to as "users") are expected to read these Guidelines and/or to take part in a discussion of the Guidelines with the appropriate district administrator. Adherence to the Guidelines is a condition for a user's privilege of Internet access.

#### (1) The Internet

The Internet is a vast, global network, linking computers at universities, schools, laboratories, and other sites. Through the Internet, one can communicate with people all over the world through discussion forums and electronic mail. In addition, many educationally valuable files may be downloaded from the Internet. Because of its enormous size and resources, the Internet's educational potential is boundless. Because of its broad reach, however, the Internet also contains the potential for abuse. These Guidelines are intended to help ensure use of this valuable resource in a safe and appropriate manner.

#### (2) Students' Individual Responsibility

All student use of the Internet is to be conducted under faculty supervision. Nevertheless, faculty members are not expected to monitor student use at every moment. Every student is expected to take individual responsibility for his or her appropriate use of the Internet.

#### (3) Student Access

- d. Internet access is provided through the District:
- e. Internet. All students will have access to the Internet with teacher supervision, in classrooms, libraries, or laboratories. No individual account agreement is required. Before a student may access the Internet, however, he or she must be familiar with these Guidelines.
- f. Individual e-mail accounts: Individual e-mail accounts may be provided by the District to students to support classroom work. All email will be monitored by the district and classroom teachers for compliance with this policy (See Section 5). Students can only link their student profile picture to their Attleboro student account/network account. No other photograph will be authorized.

#### (4) Internet Access Is a Privilege

Internet access through the District is a privilege, not a right. A student's access may be canceled by school officials if this privilege is abused. Inappropriate conduct on the District network access will also be subject to disciplinary action, in conformity with the disciplinary policies of the individual schools in the district. A teacher's access may also be cancelled by their supervisor if this privilege is abused. Inappropriate conduct on the District Internet access will also be subject to disciplinary action.

#### 5) Administrators' Access to Files

Electronic mail transmission and other use of electronic resources by users shall not be considered confidential. Without limitation, all e-mail files and other Internet files and records may be monitored, accessed and examined at any time by designated staff to ensure appropriate use for instructional, educational and administrative purposes, including the need to ensure that these Internet Guidelines are being adhered to. Administrators will also cooperate in providing access to student e-mail and Internet files and records to law enforcement authorities. Users should not assume that uses of the District Internet access or email will be private.

#### (6) Personal Safety

The Internet is accessible to the public. Unfortunately, this includes people who want to contact students for inappropriate purposes or under false pretenses. The District cannot screen the Internet for such inappropriate uses. Therefore, students must be cautious and prudent about supplying personal information and arranging personal meetings. In particular, students should never arrange a personal meeting with a person who was met online without their parents' or guardians' knowledge and approval. Students should promptly inform their teacher or school administrator of any on-line communication that the student feels is threatening, harassing, or otherwise inappropriate. Students will not give their password to anyone; and will logoff of their APS account and/or network account when work is completed.

#### (7) System Security and Resource Limits

Users are expected to follow procedures and guidelines that are issued in order to ensure the security of the District computer network and to respect its resource limits. These include any downloading guidelines and virus protection procedures that may be issued.

#### (8) Network Etiquette

Users are expected to learn and to abide by generally accepted rules of Internet network etiquette, as well as rules of school decorum. These include common courtesy, politeness, and the avoidance of vulgar language.

#### (9) Unacceptable Uses

The following uses of the District Internet access and email accounts are unacceptable:

- a. Posting or emailing private or personal information about another person.
- b. Attempting to log in through another person's e-mail account, system account, or to access another person's files.
- c. Accessing or transmitting obscene or pornographic material.
- d. Posting chain letters or engaging in "spamming." ("Spamming" means sending annoying or unnecessary messages to large numbers of people).
- e. Engaging in harassment or bullying. The District harassment and bullying prevention policies which are in the individual schools' handbooks are applicable to Internet conduct.
- f. Participating in any communications that facilitate the illegal sale or use of drugs or alcohol; that facilitate criminal gang activity; that threaten, incite hatred, intimidate, or harass any other person; or that violate any other laws.
- g. Plagiarism. "Plagiarism" means the taking material of created by others and presenting it as if it were one's own. The policy on plagiarism/cheating, which is included in the individual schools' student handbooks, is applicable to users of the District Internet access.
- h. Infringing copyrights. Copyright infringement occurs when a person inappropriately reproduces or transmits material that is protected by copyright. For example, most software is protected by copyright and may not be copied without the permission of the copyright owner.
- i. Participating in commercial activities that are not directly related to the educational purposes of the District.

#### (10) Disclaimer of Liability

The District disclaims all liability for the content of material that a user may access on the Internet, for any damages suffered in the course of or as a result of the user's Internet use, and for any other consequences of a user's Internet use. The District shall not be liable for users' inappropriate use of electronic resources or violations of copyright restrictions, users' mistakes or negligence, or costs incurred by users. The District shall not be responsible for ensuring the accuracy or usability of any information found on external networks.

#### (11) Changes in the Guidelines

The District reserves the right to change these Guidelines at any time.

#### (12) Inclusion Statement

May it be stated that the above guidelines apply to *all individuals* accessing the computer network. In addition to students, these users include, without limitation, all members of the faculty, staff, and volunteers. Because the privileges provided by the network encompass a wide circle of users, it is important that each individual realizes and respects the regulations.

#### (13) Mobile Devices

Any cellular telephone, tablet computer, personal computer, or internet enabled device that has access to the school network through a wired or wireless internet connection is subject to this acceptable use policy. Devices owned by the District are subject to additional rules and regulations at the discretion of the District administration.

All Internet access, whether on a school owned device or a personal device is monitored and recorded for compliance with this document and all applicable laws.

#### (14) Electronic Media

Users may participate in online activities such as web page design, email, blogging, podcasting, video production, and social media. These activities are to be used only for educational purposes and in accordance with District and individual school policies on online and print publishing.

File: IJNDD: POLICY ON SOCIAL MEDIA

It is the policy of the Attleboro Public School (APS) to maintain the professionalism and appropriateness of electronic and/or online communications among students and teachers, staff, and coaches at all times. The Superintendent and all principals will annually review with employee members and orient new employees concerning the importance of maintaining proper decorum in the online digital world. APS Employees must conduct themselves in ways that do not distract from or disrupt the educational process and that uphold the professional standards of conduct, values, and policies of APS. The orientation and annual review will give special emphasis to:

1. Improper fraternization with students using social media platforms, phone, texting or other electronic means.
  - a. APS employees may not friend or follow current students on social media. APS Employees should not engage in direct private communication with students. It is important that teachers, staff and coaches are always able to retain the authority and ability to maintain discipline, encourage appropriate behaviors, and remain truly objective with his or her students.
  - b. The school district expects APS Employees to keep the line between their professional life and their personal life clearly drawn at all times. What is required is some forethought before using social networking for both your professional and personal lives to be sure that these lines never become blurred. For example, if an educator wishes to establish a social media account through which he or she will communicate with students, he or she should establish a personal social media identity or personal e-mail account and an educational social media account or educational e-mail account; the latter, not the former, should be used to communicate with students and/or parents and guardians on matters directly related to education. The "friends" associated with such educational social media accounts should only be members of the educational community, such as administrators, teachers, students and parents of such students. It is expected that APS Employees will reject friend requests from individuals on their personal educational accounts who do not fit into any of these categories. In fact, the district suggests that it is safest and most prudent for teachers, staff and coaches, as a matter of personal policy to not communicate with existing students through non- district social media and e-mail accounts.
  - c. As a recommended practice, APS Employees are encouraged to use appropriate privacy settings to control access to their personal social media sites. However, be aware that there are limitations to privacy settings. Private communication published on the Internet can easily become public. Furthermore, social media sites can change their current default privacy settings and other functions. As a result, employees are responsible for understanding the rules of the social media site being utilized. APS Employees will be held responsible if any information they intended to be "private" becomes "public" due to their own lack of knowledge of the features of the social network they have decided to use or their failure to properly use such features. You must also know that any information you share privately with a recipient could be redistributed by such recipient without your knowledge or consent. In essence, nothing you post online is ever truly "private."

- d. **APS Employees are required to communicate with students and parents on educational matters only through school-based resources or means that adhere to this policy. Use of one's personal e-mail account or social networking account to discuss school business with students and parents compromises the APS Employee's as well as the school district's ability to retain public records in accordance with the requirements of the Commonwealth's public records laws.** The law requires public employees who send, receive or maintain records in their capacity as public employees, to retain, disclose and dispose of such records in compliance with strict provisions of the public records law. The law applies whether or not the record is in the form of a paper document or an electronic communication. When the APS Employee communicates through school-based resources, such as APS Employee's e-mail or school sponsored web pages, such records are retained and archived through the school's IT department. It should be noted that, just because a teacher uses his/her personal e-mail as opposed to a school e-mail account, this does not shield such e-mail from the provisions of the public records law or from discovery in litigation. It only prevents the archiving of such messages through the school district's automatic e-mail archiving system. We again remind APS Employee that information sent or received by them, even through personal e-mail or social network accounts that are related to their capacity as a school employee, are still subject to public records retention, exemption and disclosure requirements. When APS Employee members communicate through social networking sites, such information is not retained. The responsibility falls on the employee to comply with public records laws when using personal e-mail or social media accounts to communicate with students and/or parents and guardians.
  - e. Team, class, or student organization pages, accounts, or groups will be created only in conjunction with the coach, educator or faculty advisor. All groups must include the appropriate administrator as a member. Access to the page will remain with the coach or faculty advisor.
  - f. All contact and messages by coaches and faculty advisors with team members shall be sent to **all team members or to team captains**, except for messages concerning medical or academic privacy matters, in which case the messages will be copied to the athletic director, school principal or appropriate administrator. Contact should **never be to an individual student** only.
  - g. APS employees will not give out their private phone numbers for voice or text communications. Appropriate texting should be conducted over messaging apps.
  - h. No matter what medium of communication a teacher selects, he/she should adhere to appropriate teacher/student boundaries. You are a role model, not a student's friend; you are a student's teacher and you should always conduct yourself in accordance with this understanding. Moreover, all APS Employee are expressly prohibited from any online communication with students and/or their guardians of content generally considered to be unacceptable for children as determined by the administration.
  - i. At all times, and in the use of any form of communications, APS Employee members will always adhere to student privacy rights and the rights of employees to have their personnel and medical information kept confidential. Information that is protected by law from disclosure to third parties will not be communicated online in a way that unreasonably exposes such information to retrieval by those third parties. For example, through an educational Facebook account, a teacher may not post confidential student information on the "wall," the "information" section, or through any part of that Facebook account that would be accessible to other teacher's Facebook "friends" associated with that account. If a teacher wishes to communicate privately with a student, parent or guardian through the educational Facebook account, such communication shall be conveyed only through the private e-mail/message feature of Facebook, so that only the student may view the message and respond to it.
2. Inappropriateness of posting items with sexual content

3. Inappropriateness of posting items promoting or advocating the abuse of drugs, alcohol, tobacco or any unhealthy behavior
4. Inappropriateness of posting content that promotes violence
5. Inappropriateness of posting content that includes or promotes discrimination and/or hateful words and concepts
6. Monitoring and penalties for improper use of district technology
  - a. Your communications with students, even if you do not use school resources for such communications are within the jurisdiction of the school district to monitor as they arise out of your position as an educator. Any conduct, whether online or not, that reflects poorly upon the school district or consists of inappropriate behavior on the part of an APS Employee member may expose an employee to discipline up to and including discharge. Even if you are not using a school telephone, computer, classroom or the like to engage in contact with a student, such contact is not outside of the school district's authority to take appropriate disciplinary action. If your behavior is inappropriate, it undermines your authority to maintain control and discipline with students, compromises your objectivity, or harms students, the school district reserves the right to impose discipline for such behavior. A teacher may also face individual liability for inappropriate online communications with students and/or parents and guardians, as well as exposing the district to vicarious liability in certain instances in which case the teacher shall indemnify the school district completely.
7. The possibility of penalties, including dismissal from employment, for failure to exercise good judgment in online conduct
8. **If an employee identifies themselves as an Attleboro Public School Employee, whether directly or indirectly, they are representing APS.** If you are communicating as an employee of the district in your online communications, you must be aware that readers will assume you "speak for the school district." Therefore, all of your online communications, when you are actually acting on behalf of the district or creating the appearance that you are doing so, must be professional at all times and reflect positively on the school district. In the use of your social media account or other social networking sites, you may not without express permission from the Superintendent of Schools, use the school's logo, likeness, or any school photographs or other property that belongs to the school. Further you may not post any photograph of a minor without express written consent of that minor's parent or guardian. Any restrictions placed on the use of the school's logo or likeness will be imposed consistent with an employee's right to engage in concerted, protected activity.
9. **Employees must refrain from interacting in a professional capacity on non-district social media unless authorized by the Superintendent.** APS recognizes the proliferation and, in some instances, usefulness of online conversations between teachers, staff, coaches and students and/or their parents or guardians. However, due to the nature of social networking sites, there exists a risk, without care and planning, that the lines between one's professional life and personal life will be blurred. Our employees should always be mindful of how they present themselves to the world, online and otherwise

This policy is not intended to infringe upon employee's rights to speak publicly on matters of public concern or to engage in concerted protected activities with fellow members of their union on workplace issues, so long as such communication adheres to appropriate time, place, and manner restrictions and does not interfere with the performance of their duties. However, when APS Employees speak via social networking sites or tools on matters concerning work, you are speaking as an employee and not as a citizen and restrictions may be placed upon your freedom to express yourself. Those restrictions are intended to preserve student confidentiality, maintain your status as an educator who should command and receive the respect of students, be able to maintain order and discipline in your classroom, and remain objective with respect to your students.

The District has multiple policies regarding student and employees conduct which overlap with this Policy. It recognizes that the use of electronic communication in an educational setting presents new challenges to appropriate student and employees conduct.

However, behavioral expectations will not be diminished in these settings and appropriate professional boundaries shall be maintained at all times and through all means of communications.

The Superintendent and/or his/her designees will periodically conduct internet searches to see if APS Employees have posted inappropriate materials on-line. When inappropriate use of computers and websites is discovered, the school principals and Superintendent will promptly bring that inappropriate use to the attention of the APS Employee member and may consider and apply disciplinary action up to and including termination. Any such discipline will be conducted in accordance with collective bargaining agreements and state and federal law.

File IKB: HOMEWORK POLICY

The Attleboro Public Schools believe that homework is an important and useful component to ensure student learning. Purposeful homework extends and adds value to school-based learning. In addition to supporting classroom instruction, homework promotes student independence and helps develop effective study habits in setting priorities, managing time, and meeting short and long-term goals.

The purpose of homework is to:

- Build independence and responsibility
- Develop lifelong learning skills

Homework should complement, supplement and reinforce classroom instruction.

Areas for appropriate homework focus may include, but are not limited to:

- Skill and work habit development
- Remediation
- Skill reinforcement
- Enrichment
- Research
- Make-up work

Homework should be given in consideration of the needs of the individual students. This is separate from class assignments deemed appropriate for the enhancement of the learning process for all students in the class.

Homework is a learning activity which should increase in complexity with the maturity of the student. With increased maturity, learning should become an independent activity. This is established through assignments which should encourage students to investigate, work independently, and/or work with others.

The Student's Role

- Take responsibility for his or her individual learning
- Complete and submit assignments on time
- Plan the completion of tasks for long-term projects

The Teacher's Role

- Give clear information as to the purpose of the homework assignment(s) and outcomes
- Choose or design assignments which closely align to student needs, course objectives, and the state standards
- Provide timely and appropriate feedback to the student.

\*The Parent's Role

- Create an environment that promotes good study habits
- Provide encouragement and support to complete homework.

*\*Parents are encouraged to speak to their child's teacher if homework is taking an inordinate amount of time or if s/he needs to do more than oversee their child's homework*

File: JEB: ELEMENTARY ENTRANCE AGE

The Attleboro School Committee establishes the following policy on age to permit children to enter kindergarten and first grade at the most appropriate time.

Children who will be five (5) years of age on or before September 1 of the school year during which they wish to enroll will be eligible to enter kindergarten.

Children who will be six (6) years of age on or before September 1 of the school year are eligible for initial entry in grade one.

Exceptions to this policy may be considered only in the following cases:

1. The student has successfully completed kindergarten in a public or other accredited/certified school system *and* who shall be six (6) years of age on or before October 1.

  - a. A determination by the APS central administration of academic, social, and emotional readiness for Kindergarten.
  - b. Previous schooling in an accredited educational program.
  - c. The capacity of the receiving school to enroll additional Kindergarten students.
  - d. The age of the student.

File JF: RESIDENCY POLICY

The Attleboro School Committee has adopted the following policy regarding the residency and enrollment of students. This policy has been adopted to ensure that only families who actually reside in the City of Attleboro have full access to a comprehensive education. Therefore, the Attleboro Public Schools has established specific requirements for proof of residency.

Pursuant to M.G.L. c. 76 §5, all children of school age who reside in the City of Attleboro are entitled to attend the Attleboro Public Schools. When a student enrolls in the Attleboro Public Schools, the parent/guardian must provide documentation to the administration that establishes the residency of the student and/or parent. The Attleboro Public Schools may conduct an investigation into the residency of any student, either upon enrollment or thereafter, if any questions arise about the student's residency.

In order to attend Attleboro Public Schools, a student must actually reside in the City of Attleboro. The only exceptions are listed below. The residence of a minor child is ordinarily presumed to be the legal residence of the child's parent or legal guardian having physical custody of the child. A person's "residence" is the place where the person dwells currently, with an intention to remain, and is in the town that is the core of his/her domestic, social, and civil life. In determining residency, Attleboro Public Schools retains the right to require verifiable documentation and to investigate where a student actually resides. (Legal Reference: M.G.L. Chapter 76, Section 5).

The principal at each school will verify the telephone number and home address of all students at least annually. Verification of residency, including updated documentation, will be required when students enter the School District, and move from Grade 4 to Grade 5, and from Grade 8 to Grade 9. If there is any change in residency status, the parent(s)/guardian(s) will be required to notify the building principal in the school where their child is enrolled within five (5) business days of the change of address. The Attleboro Public Schools reserves the right to request additional documents and/or to conduct an investigation; therefore, the district may enlist the services of a Residency Officer/Investigator to verify a family's residency. If a determination is made that the student does not actually reside in the City of Attleboro, the student's enrollment will be terminated immediately (Legal Reference: M.G.L. Chapter 76, Section 5). A parent, legal guardian, or student who has reached the age of majority (18), may appeal this determination of ineligibility for enrollment to the Superintendent of Schools, whose decision shall be final.

**Pursuant to M.G.L. c. 71 §37L, the parent/guardian or the student him/herself are required to bring a copy of the student's complete school record from previous school districts. The administration will assist the parent/guardian or the student in obtaining a complete school record.**

Age of Admittance:

In an effort to provide reasonable consistency of maturity levels among student in the Attleboro High School program, no student shall be permitted to attend the regular high school program after age 19. Students who turn 19 years old by September 30 of the year for which placement is being requested must be on track to graduate that year. Such students shall be afforded an opportunity to pursue a high school diploma through the Attleboro Community Academy. This provision shall not be applied to students eligible for special education services and/or served by the District's Special Education Programs for students with disabilities.

Exceptions:

The Residency Requirements shall be waived under the following conditions:

- Students who fall under the McKinney-Vento Homeless Assistance Act. A homeless student temporarily residing in Attleboro may be immediately enrolled, even without records typically required for enrollment.
- Students whose parents divorce or separate and share physical custody, provided one custodial parent remains a resident of the City of Attleboro and the student resides with the parent who resides in the City of Attleboro. Investigation of residency in these circumstances may include consideration of the number of nights the student spends in Attleboro, analysis of where the student resides pursuant to any custody arrangement, and the center of the student's domestic, social, and civic life.
- Students who move to another town or district on June 1<sup>st</sup> of any given school year or thereafter, shall be allowed to complete the school year with the prior approval of the building principal and Superintendent. The parents will be responsible for providing transportation to and from school.
- Students qualifying for admission under School Committee Policy JFA

File: JH: STUDENT ABSENCES AND EXCUSES

Regular and punctual school attendance is essential for success in school. The Committee recognizes that parents/guardians of children attending our schools have special rights as well as responsibilities, one of which is to ensure that their children attend school regularly, in accordance with state law.

Therefore, students may be excused temporarily from school attendance for the following reasons: illness or quarantine; bereavement or serious illness in family; weather so inclement as to endanger the health of the child; and observance of major religious holidays.

A child may also be excused for other exceptional reasons with approval of the Principal or designee.

A student's understanding of the importance of day-to-day schoolwork is an important factor in the shaping of his character. Parents/guardians can help their children by not allowing them to miss school needlessly.

Accordingly, parents/guardians will provide a written explanation for the absence or tardiness of a child. This will be required in advance for types of absences where advance notice is possible.

In instances of chronic or irregular absence reportedly due to illness, the school administration may request a physician's statement certifying such absences to be justified.

### **Student Absence Notification Program**

Each Principal or designee will notify a student's parent/guardian within 3 days of the student's absence in the event the parent/guardian has not informed the school of the absence.

Each Principal or designee shall make a reasonable effort to meet with any student, and that student's parent/guardian, who has missed five (5) or more unexcused school days (a school day shall be equal to two (2) or more class periods in the same day) in a school year. The meeting shall be to develop action steps to improve student attendance and shall be developed jointly by the Principal or designee, the student, and the student's parent/guardian. The parties may seek input from other relevant school staff and/or officials from relevant public safety, health and human service, housing, and nonprofit agencies.

### **Dropout Prevention**

A student who has not graduated from high school and has been absent from school for ten (10) consecutive days of unexcused absence shall not be considered permanently removed from school unless the Principal has sent notice to the student, and that student's parent/guardian. The notice shall be sent within five (5) days of the tenth consecutive day of absence and shall offer at least 2 dates and times within the next ten (10) days for an exit interview with the Superintendent or designee, the student, and the student's parent/guardian. The notice shall be in both English and the primary language of the home, if applicable. The notice shall include contact information for scheduling the exit interview and shall indicate the parties shall reach an agreement on the date/time of the interview within the ten (10) day timeframe. The timeframe may be extended at the request of the parent/guardian and no extension shall exceed 14 days.

The Superintendent or designee may proceed with any interview without a parent/guardian present, provided the Superintendent has documented a good faith effort to include the parent/guardian.

The Superintendent or designee shall convene a team of school staff to participate in the exit interview and shall provide information to the student and, if applicable, the student's parent/guardian on the detrimental effects of early withdrawal from school and the alternative education programs a

File: JICFA: PROHIBITION OF HAZING

In accordance with Massachusetts General Laws, the School Committee hereby deems that no student, employee or school organization under the control of the School Committee shall engage in the activity of hazing a student while on or off school property, or at a school sponsored event regardless of the location. No organization that uses the facilities or grounds under the control of the School Committee shall engage in the activity of hazing any person while on school property.

Any student determined by the Principal to be the organizer of a hazing activity may be recommended for expulsion from school but will receive no less disciplinary action than that of a participant.

File JKAA: PHYSICAL RESTRAINT POLICY AND PROCEDURES

Physical restraint is defined as direct physical contact that prevents or significantly restricts a student's freedom of movement. Physical restraint shall be used only in emergency situations of last resort, after other lawful and less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. Physical restraint shall only be used when needed to protect a student and/or a member of the Attleboro school community from assault or imminent, serious, physical harm. Furthermore, any such physical restraint shall be administered so as to prevent or minimize any harm to the student.

This policy shall be reviewed annually and provided to Attleboro Public Schools staff and made available to the Parents of enrolled students. Nothing in this policy precludes any teacher, employee, or agent of the Attleboro Public Schools from using reasonable force to protect students, other persons, or themselves from assault or imminent, serious, physical harm.

#### **Methods for Engaging Parents**

Any parent with concerns about the use of physical restraint at any school within Attleboro Public Schools may request a meeting with the building Principal or the Superintendent to discuss such concerns. Any individual who believes that a physical restraint of a student may have been unwarranted or conducted inappropriately may also make use of the Grievance Procedure below.

## **Alternatives, Methods, and Follow-up to Physical Restraint**

- Opportunity for a break
- De-escalation techniques
- Loss of earned tokens/rewards/privileges
- Opportunity for time-out

Physical restraint shall not be used as a standard response for any individual student. Physical restraint is an emergency procedure of last resort.

Physical restraint shall only be administered by trained personnel, using only the amount of force necessary to protect the student or other member(s) of the school community from assault or imminent, serious, physical harm. The staff member(s) administering physical restraint shall use the safest method available and appropriate to the situation. Staff shall continuously monitor the physical status of the student during restraint, and the student shall be immediately released from the physical restraint if the student expresses or demonstrates significant physical distress.

All physical restraints must terminate as soon as the student is no longer an immediate danger, or if the student indicates that he/she cannot breathe, or if the student is observed to be in severe distress. If any physical restraint approaches twenty (20) minutes, staff will obtain the approval of the building Principal to continue the restraint based upon the student's continued agitation. All physical restraints shall be administered in compliance with 603 CMR 46.00.

### Follow-Up Procedures

After a student is released from a physical restraint, staff shall implement follow-up procedures, including:

- a. Reviewing the incident with the student to address the behavior that precipitated the physical restraint;
- b. Reviewing the incident with the staff member(s) who administered the physical restraint to ensure proper restraint procedures were followed; and

- v. The student's Parent has provided voluntary, informed, written consent to the use of prone restraint; and

Designated staff members shall participate in approximately sixteen (16) hours of in-depth training in the use of physical restraint, with at least one refresher training annually. In-depth training will include:

- a. Appropriate procedures for preventing the need for physical restraint, including the de-escalation of problematic behavior, relationship building and the use of alternatives to restraint;

- c. The simulated experience of administering and receiving physical restraint, instruction regarding the effect(s) on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;

Although no member of the community will be denied the right to bring their complaints to the Committee, they will be referred through the proper administrative channels for solution before investigation or action by the Committee. Exceptions will be made when the complaints concern Committee actions or Committee operations only.

Therefore, the proper channeling of complaints involving instruction, discipline or learning materials will be as follows:

1. Staff Members
2. School Building Administration and/or Director of Special Education

File: KI: VISITORS TO THE SCHOOLS

While the Attleboro Public Schools encourage the involvement of parents and community members in the education of district students, Attleboro has a duty to ensure that the educational process is not unnecessarily disrupted, as well as to protect the safety and confidentiality of its students. As a result, certain rules and procedures must be followed to ensure that visits are not harmful to the students or the educational process.

Parents, guardians, and caretakers will be allowed to enter school buildings for quick visits for the purpose of dismissing a student, bringing in medications, dropping off forgotten lunches, gym clothes, etc. Such "quick visits" need not be prearranged; however, such visitors may not be allowed beyond the main office, depending on circumstances.

Visitors will be allowed to enter school buildings for purposes of prearranged meetings, visits, or observations. All visitors to the Attleboro Public Schools must report to the main office immediately upon entrance into a school building. All visitors whose destinations are other than the main office must sign in, noting the time of their arrival and identifying the location and purpose of their visit. These visitors must wear a visitor badge at all times while in the school building. The building principal will designate a staff member to escort visitors to their appropriate destination. Teachers are encouraged to ask visitors if they have registered in the Principal's Office.

Upon completion of their pre-arranged meetings, visits, or observations, all visitors shall proceed directly to the main office. They must sign out, noting the time of their departures, and return their visitor's badges. Visitors may not proceed to any areas of the building other than the designated locations of their meetings, visits, or observations, without first returning to the main office and obtaining express administrative approval to access other areas of the building.

If you have any questions about this policy, please contact the principal.

The Attleboro School District has a comprehensive health education program which includes developmentally appropriate instruction in personal growth, human sexuality, and HIV / AIDS prevention which builds sequentially from the elementary through the high school years.

Where education on sexuality issues is a *primary* focus of a course or unit, such as in puberty education in the elementary schools, or Personal Development and Human Sexuality courses in the middle and high schools, parents will be sent a letter of notification, with the option of exempting their child from the course or unit.

Where sexuality issues are peripherally related to the intent of the instruction, such as in courses or units in Biology, Anatomy and Physiology, current events, HIV awareness or assault prevention as part of a comprehensive health program, there will be no further notification.

The School Department strongly recommends that all students participate in the curriculum specified by the Health Advisory Committee and approved by the School Committee.

If, however, parents or guardians wish to exempt their children from any portion of the curriculum which involves human sexuality issues, they may do so through written notification to the principal. No child so exempted shall be penalized by reason of such exemption.

Curricular materials related to human sexuality courses or units are available for review at parents' nights or by appointment by contacting the Health Coordinator.

## **CHAPTER 622 AND TITLE IX**

Two important pieces of legislation affecting the public schools have been implemented at the federal and state levels respectively. Title IX of the Educational Amendments of 1972, the federal law, prohibits discrimination in school on the basis of sex. Chapter 622 of the General Laws, Acts of 1971, the state law, prohibits discrimination in schools on the basis of race, color, sex, religion or national origin. These are somewhat different in scope and coverage and are explained separately below:

### **Title IX – Prohibits Sex Discrimination**

Congress passed Title IX of the Educational Amendments of 1972, which prohibits sex discrimination in federally assisted educational programs. On May 27, 1972, President Ford signed the final version of the regulations, which govern legislation. The governing regulations effective July 21, 1972, cover all aspects of sex discrimination in schools with regard to admissions, treatment of students and employment. Specifically, Title IX states: No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or subjected to discrimination under an education program or activity receiving Federal Financial Assistance.

Copies of Title IX may be obtained from the U. S. Department of Education Office of Civil Rights, 33 Arch Street, Ninth Floor, Boston, Massachusetts 02110. Telephone: 617-289-0111.

## **Chapter 622** – “An Act to Prohibit Discrimination in the Public Schools”

Passed in August 1971, Chapter 622 of the General Laws, Acts of 1971, is referred to as "An Act to Prohibit Discrimination in the Public Schools."

The Law reads as follows:

No person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and courses of study of such public school on account of race, color, sex, religion or national origin.

This law makes it clear that all aspects of public school education must be fully open and available to members of both sexes and of minority groups. No school may exclude a child from that public school on account of race, color, sex, religion or national origin of such child.

On June 24, 1975, the State Board of Education approved regulations for Chapter 622. These regulations address five areas of school policy: school admissions, admission to courses of study, guidance, course content and extra-curricular and athletic activities.

Copies of the law and the regulations pertaining to Chapter 622 can be obtained from the Office of the Civil Rights, U.S. Department of Education, Five Post Office Square – 8<sup>th</sup> Floor, Boston, MA 02109-3921 - (617) 289-0111.

The Attleboro School Committee supports Title IX and Chapter 622 and discriminates neither in employment nor educational programs and activities on the basis of race, color, sex, religion or national origin. Any questions or grievances regarding Chapter 622 may be directed to the local coordinator, the Assistant Superintendent.

## **Harassment**

### **Massachusetts General Laws: MGL 151C, Chapter 622**

Attleboro Elementary Schools will provide to all an environment free from harassment. The schools are committed to courteous and considerate treatment of students and employees at all times as an accepted standard of behavior. Attleboro Elementary Schools will have an atmosphere free of tension caused by demeaning or inappropriate gender identity, religious, racial, sexual or ethnic comments. It is the policy of Attleboro Elementary Schools to prohibit harassment by any of its agents, officers, employees or students and has set forth a process by which allegations of harassment may be filed, investigated and resolved.

### **Responsibility:**

It is the obligation of each person to report any conduct which violates the harassment policy at all Attleboro Elementary Schools regardless of whether or not the person is a victim; whether the violator is a student, agent or staff member; and regardless of the sex of the offender. This policy also applies equally to all individuals at all Attleboro Elementary Schools, and covers all relationships including, but not limited to, peer relationships, student/staff and student/teacher. Everyone in all Attleboro Elementary Schools is responsible for ensuring that his or her behavior is free from sexual harassment or any form of harassment and no individual should engage in, condone, or encourage harassing behavior.

## **Definitions**

### **Harassment:**

In General: Harassment includes communications such as gestures, jokes, comments, innuendoes, notes, display of pictures or symbols, communicated in any form, including orally, in writing, or electronically via the Internet, cell phones, text messaging or in any other way, that shows disrespect to others based upon race, color, sex, religion, national origin, sexual orientation, age, or disability. The act of bullying/cyber-bullying may accompany harassment.

Bullying/cyber-bullying is the severe and/or repeated use by one or more students of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at another student that has the effect of:

- causing physical or emotional harm to the other student or damage to the other student's property;
- placing the other student in reasonable fear of harm, or of damage to their property;
- creating a hostile environment at school for the other student;

- infringing on the rights of the other student at school; or
- materially and substantially disrupting the education process or the orderly operation of a school.

### **Sexual Harassment:**

While all types of harassment are prohibited, sexual harassment requires particular attention. Sexual harassment includes sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when:

1. Acceptance of or submission to such conduct is made either explicitly or implicitly a term or condition of employment or education.
2. The individual's response to such conduct is used as a basis for employment decisions affecting an employee as a basis for education, disciplinary, or other decisions affecting a student.
3. Such conduct interferes with an individual's job duties, education, or participation in extracurricular activities.
4. The conduct creates an intimidating, hostile, or offensive work or school environment.

### **HARASSMENT AND RETALIATION PROHIBITED**

Harassment in any form or for any reason is absolutely forbidden. This includes harassment by administrators, certified and support personnel, students, vendors, and other individuals in school or at school-related events. In addition, retaliation against any individual who has brought harassment or other inappropriate behavior to the attention of the school or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by the Attleboro Public Schools.

Persons who engage in harassment or retaliation may be subject to disciplinary action, including, but not limited to, reprimand, suspension, termination/expulsion, or other sanctions as determined by the school district administration subject to applicable procedural requirements.

### **NONDISCRIMINATION/ANTI-HARASSMENT PROCEDURES**

#### **Investigation Process**

Any individual who believes he or she has been harassed, or who has witnessed or learned about the harassment of another person in the school environment, should inform the School Principal or appropriate discrimination/harassment complaint official as soon as possible. If the individual does not address the problem in an effective manner, the individual should inform the appropriate discrimination/harassment complaint official. The Attleboro Public Schools will promptly investigate every complaint of harassment. If it determines that harassment has occurred, it will take appropriate action to end the harassment and to ensure that it is not repeated. Confidentiality will be maintained to the extent consistent with the school's obligations under law and under applicable collective bargaining agreements.

Complaints between the alleged victim and the alleged harasser may be handled two ways: through an Informal or Formal Procedure.

- A. A student who has a complaint against another student may choose to use the Informal Procedure.
- B. An employee who has a complaint against another employee may choose to use the Informal Procedure.
- C. A student who has a complaint against an employee shall be handled only through the Formal Procedure.

In certain cases, the harassment of a student may constitute child abuse under state law. The Attleboro Public Schools will comply with all legal requirements governing the reporting of suspected cases of child abuse and will report suspected criminal activity to the appropriate authorities.

Please note that if the student or employee who is the alleged victim or the alleged harasser chooses not to utilize the Informal Procedure; or feels that the Informal Procedure is inadequate or has been unsuccessful, s/he may proceed to the Formal Procedure.

### **APPEALS**

A party may appeal the decision of the school principal or the discrimination/harassment complaint official in writing to the Superintendent within fifteen (15) workdays of receipt of the findings of the formal procedure. The Superintendent will review the adequacy of the investigations and the conclusions. Parties will be given an opportunity to present their case to the Superintendent.

### **REPORTING OF POTENTIAL PHYSICAL AND/OR SEXUAL ABUSE**

Several behaviors listed as sexual harassment may also constitute physical or sexual abuse. Sexual abuse is defined as any act or acts by any person involving sexual molestation or exploitation of a child, including but not limited to incest, prostitution, rape, sodomy, or any lewd or lascivious conduct involving a child. Thus, under certain circumstances, alleged harassment may also be possible physical and/or sexual abuse under Massachusetts law. Such harassment or abuse is subject to the duties of mandatory reporting and must be reported to the Department of Social Services within 24 hours of the time the educator becomes aware of the suspected abuse.

### **CONFIDENTIALITY**

The Attleboro Public Schools recognizes that both the alleged victim and the alleged harasser have strong interests in maintaining the confidentiality of the allegations and related information. The privacy of the alleged victim, the individual(s) against whom the complaint is filed, and the witnesses will be respected as much as possible, consistent with legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

## **CHAPTER 71, Section 34H**

### **Non-custodial Parents' Rights**

General Laws Chapter 71, Section 34H, commonly referred to as the Non-Custodial Parents' Rights. It is the policy of the Attleboro School Committee that, as required by General Laws Chapter 71, section 34H, a non-custodial parent may have access to the student record in accordance with law and Department of Elementary and Secondary Education Regulations. The school District will follow the law and the attachments recommended by the Massachusetts Department of Elementary and Secondary Education to standardize the process by which public schools provide student record to parents who do not have physical custody of their children.

("non-custodial parents"). The implementation of this policy will hopefully encourage parents to be involved in and informed about the education of their children, while protecting the rights and safety of all parties. (File KBBA)

#### **CHAPTER 71, Section 37H**

#### **EXPULSION FOR POSSESSION OF A DANGEROUS WEAPON OR A CONTROLLED SUBSTANCE OR ASSAULT OF EDUCATIONAL PERSONNEL**

The Superintendent of every school district shall publish the district's policies pertaining to the conduct of teachers and students. Said policies shall prohibit the use of any tobacco products within the school buildings, the school facilities or on the school grounds or on school buses by any individual, including school personnel. Said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from idling such vehicles on school grounds, consistent with section 16B of chapter 90 and regulations adopted pursuant thereto and by the department. The policies shall also prohibit bullying as defined in section 37O and shall include the student-related sections of the bullying prevention and intervention plan required by said section 37O. Copies of these policies shall be provided to any person upon request and without cost by the principal of every school within the district.

Each school district's policies pertaining to the conduct of students shall include the following: disciplinary proceedings, including procedures assuring due process; standards and procedures for suspension and expulsion of students; procedures pertaining to discipline of students with special needs; standards and procedures to assure school building security and safety of students and school personnel; and the disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of a student's civil rights. Codes of discipline, as well as procedures used to develop such codes shall be filed with the department of education for informational purposes only.

In each school building containing the grades nine to twelve, inclusive, the principal, in consultation with the school council, shall prepare and distribute to each student a student handbook setting forth the rules pertaining to the conduct of students. The student handbook shall include an age-appropriate summary of the student-related sections of the bullying prevention and intervention plan required by section 37O. The school council shall review the student handbook each spring to consider changes in disciplinary policy to take effect in September of the following school year, but may consider policy changes at any time. The annual review shall cover all areas of student conduct, including but not limited to those outlined in this section.

Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

(b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.

After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine-readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.

#### **CHAPTER 71, Section 37H3/4**

#### **SUSPENSION/EXPULSION FOR ALL OTHER STUDENTS**

This section shall govern the suspension and expulsion of students enrolled in a public school in the commonwealth who are not charged with a violation of subsections (a) or (b) of section 37H or with a felony under section 37H1/2.

- a) Any principal, headmaster, superintendent or other person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall exercise discretion; consider ways to re-engage the student in the learning process; and avoid using expulsion as a consequence until other remedies and consequences have been employed.
- b) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide, to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect. The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. The student or a parent or guardian of the student shall notify the superintendent in writing of a request for an appeal not later than 5 calendar days following the effective date of the suspension or expulsion; provided, that a student and a parent or guardian of the student may request, and if so requested, shall be granted an extension of up to 7 calendar days. The superintendent or a designee shall hold a hearing with the student and the parent or guardian of the student within 3 school days of the student's request for an appeal; provided that a student or a parent or guardian of the student may request and, if so requested, shall be granted an extension of up to 7 calendar days; provided further, that the superintendent, or a designee, may proceed with a hearing without a parent or guardian of the student if the superintendent, or a designee, makes a good faith effort to include the parent or guardian.
