Pursuant to M.G.L. ch.76 §5, no person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining advantages, privileges, and courses of study of such public school on account of race, color, sex, religion, national origin, sexual orientation or gender identity. Additionally, federal law prohibits discrimination on the basis of race, color or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Education Amendments of 1972); and disability (Section 504 of the Rehabilitation Act of 1973 and Americans with Disabilities Act of 1990) in educational programs or activities receiving federal financial assistance. General Information

Westwood School District Calendar [2021-2022 Calendar](#)

School Hours

7:48 a.m. - 2:25 p.m. Regular School Days
7:48 a.m. - 1:10 p.m. Early Release Wednesdays

School Cancellation

In the event of a school closure, late start, early dismissal or other unexpected schedule change, an announcement will be made via the district's automated phone call system and posted on the school and district websites. In addition, announcements will be made on local radio and television channels whenever possible.

Visitor Policy

Visitors will be limited to business that requires live interaction with staff and/or students. All visitors must adhere to all School Committee policies regarding face coverings. Virtual meetings and remote participation will be offered when possible.

All visitors, including parents/guardians, must sign in at the office and pick up a visitor's badge to wear for the duration of their stay. Students may not bring visitors to school without permission from the principal. Visitors are allowed only if they are able to contribute to (and not distract from) the education experience for all students.

Face Coverings

Students must adhere to all School Committee policies regarding face coverings. Violations of existing policies are grounds for discipline.

Food Service

Thurston's Cafeteria offers a selection of lunch items to students. In addition, a limited number of breakfast items are available for purchase between 7:25 and 7:45 a.m. Each grade has lunch during a separate, 30-minute lunch period. Each student must bring his/her own lunch, money or lunch card. Snack items like cookies, chips, or fruit may be purchased at an additional cost. Students are expected to be courteous and clean up after themselves. No food or drink except plain water is allowed outside the cafeteria after lunch.

Teams may also designate a snack time for students to eat morning snacks brought from home.

Bus Transportation

The purpose of the school bus program is to transport students who live beyond the established walking distance to and from school in an efficient and safe manner. Bus routes are posted on the district website and are available in the school office starting in late August.

Buses pick up and drop off students in the front of the building. Cars are prohibited from the front of the building during posted pick-up and drop-off times.

A late bus is available on Tuesdays and Thursdays for students who are involved in after-school activities at Thurston. **The times and stops for the late buses are printed on the activity forms and are available in the main office.**

In the event that a bus driver submits a written student bus violation report to the administration, the administrator will appropriately discipline the student and contact the parent(s). If the student continues to act inappropriately, his/her bus privileges will be reviewed and may result in temporary and/or permanent removal from the bus. The following rules and procedures establish the code of behavior for all students riding Westwood Public School buses. In addition, all school rules apply on the bus and at the bus stop.

- **Students may only ride their assigned bus.** (Please contact the principal if an emergency necessitates alternative transportation for your child.)
- Students must show bus passes prior to boarding assigned buses.
- Students must wait in a safe place, clear of traffic and away from where the bus stops.
- Students must wait in an orderly manner and avoid "horseplay."
- Students shall remain seated, keeping aisles clear.
- Students are permitted to carry objects only if they can be held on their laps.
- Any vandalism will be the responsibility of the student involved.

- Students are prohibited from putting their heads, arms etc., or any object out of the bus windows.
- School and bus rules apply to any other carriers used for field trips or school-related activities.
- Students must respect others (no yelling, swearing, rough-housing, fighting, etc.)

Car Drop-Off and Pick-Up

Pick-up and drop-off is at the back of the building. Parents should enter the back lot, drive all the way around the loop, and exit via Nahatan Street. Drivers are urged to be alert to student walkers!

In accordance with M.G.L. c71 Section 37, operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, cannot idle such motor vehicles on school grounds. We appreciate your cooperation by complying with this law.

Textbooks and Supplies

A general supply list is mailed home and posted on our web site before the opening of school. Individual teachers may have additional specific requests. Students should have all supplies by no later than the sixth day of school. **Please check regularly to make sure your student is supplied with basic materials required for learning.**

Each student is given all required texts. Students are responsible for their books. If lost, a replacement fee will be charged. If damaged, a rebinding or replacement fee will be charged

Lockers/Locks

Each student is assigned a locker with a built-in combination lock, and it is each student's responsibility to **lock his or her locker.**

Students are urged to leave valuable items and large sums of money at home. The school is not responsible for personal possessions that are lost or stolen. School lockers are:

- **considered school property for which administrators retain a right of inspection periodically to ensure compliance with regulations.**
- subject to search in accordance with Massachusetts General Law.
- never to be used for storing items such as alcohol, stolen property, weapons, and illegal drugs.

Lost and Found

Any student who is missing an item is urged to check his or her classrooms and the lost and found. The lost and found for clothing, backpacks and other large items is in a closet adjacent to the small gym. Small items, valuables (e.g., glasses, earrings) and books are kept in the office. All unclaimed items are donated to charity on a regular basis.

The Thurston Parent-Teacher Organization (P.T.O)

The primary mission of the Thurston Parent-Teacher Organization (PTO) is to provide a link between parents and the school. The PTO board includes four parent officers who meet on a monthly basis with the principal and assistant principal. Board members help fulfill the PTO mission by promoting special events; collecting and managing dues; coordinating volunteers to run events; promoting email, print and telephone communication; and organizing fundraising efforts.

Attendance Policies and Procedures

Absences

Daily attendance and punctuality are important for learning and required by state law. When a child will be absent or late, parents should call the school absence line at 781-326-7500, x2394 by 8:15 a.m. and leave the student's name, grade, and a reason for the absence/tardiness in the message. In addition, parents should provide a written note to the office on the day a student returns from an absence stating the reason for the absence.

Students who are absent from school may not attend or participate in any extracurricular functions that occur the same day or evening (such as sports events, dances, concerts, plays) without special permission from the Principal. Students absent from school on Friday may not participate in school events that take place during the weekend.

After ten (10) absence days (excused or unexcused) in a 60-day term, one or more of the following will take place:

- o the child and family will be referred for support services within or outside of the school
- o a meeting between school administrators and family members will be scheduled
- o medical documentation will be required

Students who miss twenty (20) school days may be required to attend summer school.

Excessive unjustified or unexcused absence is considered truancy. School officials will work with the local agencies, including the police and juvenile court, to improve attendance.

Please schedule medical/other appointments and family vacations outside of school hours. Thurston's academic program is rigorous. Daily instruction includes activities (e.g., presentations, discussions, or demonstrations) that cannot be made up, and when class time is missed, students often struggle to learn key concepts. Students should check in with teachers both before and after an anticipated absence. Teachers are not required to prepare assignments in advance if a student goes on vacation while school is in session.

Tardiness

Students who arrive after 7:48 a.m. will be considered tardy. All students will be allowed up to five excused tardies per year with a parent note for illness, appointments or unexpected incidents.

Tardies in excess of five (5) per year may be considered unexcused. Tardies without a written note from a parent will also be considered unexcused. Students who are habitually tardy may also be required to attend after-school academic support programs. Students who are late to classes may be assigned consequences by their teacher, team leader, or administration.

Student Dismissal

If a student will be picked up early from school, he or she should bring a note to the office before school. The note should include the time of dismissal, a reason for the dismissal and a parent/guardian signature. The student will then receive a pass to leave class at the appropriate time.

When it is time to leave, **it is the student's responsibility to show the pass to the teacher and report to the office to wait for the parent or guardian.** The parent/guardian must pick up the child in person in the office. Students must report to the office upon re-entering the building after an appointment. Students are responsible for making up all work missed.

For safety reasons, students may not leave the school building or grounds during the school day without permission. Leaving without permission will result in disciplinary action.

Technology Information and Expectations

Technology and Personal Devices

Technology can be a powerful tool to enhance learning and promote communication. Students may bring personal devices to school, but these devices are *for learning purposes only* during the school day and school-sponsored activities. Personal devices may include tablets, netbooks, laptops, e-readers, cell phones, cameras and portable music players. If a student brings a personal device to school, he or she must:

- Bring it only to those classes in which teachers have given specific permission.

If the device is audible, visible or in use outside of designated classes, or if it is being used inappropriately (e.g., for game playing instead of reading), it will be confiscated by a teacher and turned in to the office. A parent/guardian will be contacted to retrieve the item. If a student has had a personal device confiscated more than once, he or she will be required to complete an after-school detention as well.

Thurston Middle School is not responsible for the loss of personal items or devices.

Responsible Use Guidelines

The Westwood Public School District believes that the use of computer networked services, email, and the Internet have become, if used appropriately, an integral part of an engaging, student-centered, and collaborative learning environment. It is understood that all of our computer networked services are provided exclusively for educational purposes.

The Westwood Public Schools filters all internet traffic for the purpose of safeguarding staff and students from harmful content. The Westwood Public Schools also provides supervision and education related to appropriate online behavior, including interacting with

other individuals on social networking websites and in chat rooms, and regarding cyberbullying awareness and response. However, it is still the responsibility of all computer users to make sure they comply with providing a safe and secure learning environment when using technology. The District encourages parents/guardians to supervise their child(ren) when using technologies from home.

CLEAR highlights the important points contained in Westwood Public Schools Acceptable Use Policy.

CLEAR: Considerate, Legal & Ethical, Appropriate and Responsible

Considerate: People in our community reflect a diverse set of customs, values and points of view. Digital communication should be respectful, polite and considerate of others.

Legal & Ethical: Respect copyright laws by copying media including text, music and videos only with permission and by crediting and citing the source where the information was found. It is a good general practice to link to others' work rather than reproduce it. Respect the privacy of others, ask permission before taking photographs, video or audio recordings. Illegally copied or downloaded software, files, pictures, music or games may not be used on WPS computers.

Appropriate: School technology is used for educational purposes and only appropriate words and images may be used and viewed. If inappropriate material are viewed or received, it is the responsibility of the recipient to delete them.

Responsible: Ensure that care is taken with all hardware, software, shared resources (i.e. printers, scanners) and use of the school network, so as to prevent damage or misuse whether intentional or not; your actions should not inhibit the work of others. Personal information and passwords will be kept private.

If you see someone not being CLEAR, report the abuse/misuse to a responsible adult.

TMS Student Expectations

Student Behavior

Behavior expectations at Thurston are spelled out in the *Student Behavior Rubric* that is reviewed with students at the start of each year and posted throughout the building. Consequences for inappropriate behavior are included on the rubric. A copy of the rubric can be obtained in the main office.

Students are expected to adhere to all behavior expectations during school-sponsored events, including after-school activities and special events like concerts, dances or games. In addition, students may not attend school-sponsored or district-sponsored events without appropriate adult supervision.

Students must be in good academic/behavioral standing to participate in all activities and sports. If a student does not meet academic/behavioral eligibility requirements, he/she will be removed from activities until the team leader notifies administrators that performance has improved.

Students assigned detention or another consequence must fulfill disciplinary obligations before participating in extracurricular activities.

Finally, it is important for students to understand that their behavior in the community at large—walking to and from school, for example, or at local business establishments—is a reflection on their families and their school. We expect that all Thurston students will treat their fellow citizens and community property with courtesy and respect.

Dress Code/Appearance

Two of the core purposes of the Westwood Public Schools are academic excellence and promoting respectful and caring relationships. To that end, we expect students to refrain from wearing clothing that is disruptive to the educational process, poses safety concerns, and/or interferes with an individual's right to learn in a harassment-free environment.

TMS Nights/Dances

Attendance at school on the day of the event is a prerequisite for admission (see Attendance policy, p. 2). Students who leave early must be picked up by parents/guardians and may not return once they leave. **Visitors/guests may NOT attend these events.** If a student brings a visitor/guest, the parent will be called, and both host and guest will be required to leave.

Nuisance Items

Students should not bring anything to school that will disrupt the learning environment. This includes toys, electronic games, gag gifts, rubber bands, laser pointers, pen lights, or any other items that might be distracting in classes. "Nuisance items" will be confiscated and turned into the office. A parent/guardian will then be contacted to retrieve the items.

TMS Academic Information and Expectations

Advisory

All students are assigned to an Advisory at the beginning of each morning. Advisory provides a “home base” for students, and time is used to develop social-emotional skills, organizational skills, develop goals, and communicate important information regarding school events and policies.

WIN Block

This is an academic time built into the TMS schedule that allows students to receive instruction at their individual instructional level(s). During this time students will be flexibly grouped by teachers to meet their specific needs.

Teams

Thurston has a team structure that includes two sixth, seventh and eighth grade teams and an arts team. Teachers and counselors meet as teams several times each week to discuss student progress and to plan team activities. This structure offers children a sense of physical and emotional security and enables students, teachers and parents to work collaboratively. It also facilitates interdisciplinary instruction, which invites students to discover connections and relationships among content areas. To discuss your child’s performance in a specific subject, please contact your child’s teacher. To discuss broader issues that may affect your child’s overall performance, please contact your child’s team leader or guidance counselor.

Physical Education Guidelines

Students must change into gym clothes and wear sneakers for physical education. Teachers will follow up with parents if students do not change. If a student is unable to participate, a note from a parent/guardian is required. Nonparticipation for a period in excess of three days requires a note from a physician.

Homework

Homework is regularly assigned to all Thurston students. Its purpose is to revisit concepts previously taught, reinforce concepts introduced in class, to promote independent study and time management skills, and to prepare students for the demands of a rigorous, college-preparatory high school. Teams regularly monitor homework load and make an effort to schedule tests and project due dates in order to provide students with the opportunity to give their best effort.

No homework for credit will be assigned during school vacations or during recognized religious holidays, including Rosh Hashanah or Yom Kippur, Thanksgiving Break, Winter Break, February Break, April Break, and Good Friday. Work may be assigned during other three-day weekends (e.g., Columbus Day weekend). A modest load of summer reading and math work is also assigned each year.

In keeping with the goal of developing increasing independence, we recommend direct contact between students and teachers about any homework-related questions or challenges. As students move through middle school, we aim to shift the responsibility for communication and advocacy more and more toward students themselves in order to prepare them for a successful transition to high school.

When appropriate, students will be encouraged to use school vacations to catch up if they are behind on school work, including work missed due to a planned or unplanned absence.

Failed Classes

In order to be eligible for promotion to the next grade, a student must successfully complete classes in language arts and math. Students who receive a **final grade of D+ or lower in language arts or math must successfully make up these subjects in order to be eligible for promotion to the next grade.** Private tutoring may take the place of summer school with prior written permission from the principal. All costs for summer school and/or private tutoring are the family's responsibility.

Student Services

Counselors

Every student is assigned a counselor to help him/her through the year. The counselor's role is varied, and important functions include: acting as the student's advocate, providing direct (counseling) services, and helping parents maintain contact with the school. If you have questions about your child's academic or social progress in school, please call your child's counselor.

School Psychologist

Services through the school psychologist (x2388) are available to students and parents, including psychological services and testing for Special Education.

Access to Mental Health Services

In the following emergency situations, a school psychologist, counselor or school nurse may provide assistance to a student without prior parent/guardian consent: 1) if there is reason to believe a student may pose a danger to others or is at risk for self-harm; 2) if a student has been a victim of injury, exploitation or maltreatment, or 3) if a student is in danger of injury, exploitation or maltreatment. In such cases, the parent/guardian will be contacted and informed of the nature of the intervention as soon as possible.

English Language Learners

The district ensures that students with limited English language proficiency, English Language Learners, fully access the general education curriculum. English Language Learners participate in the regular classroom where teachers adapt instruction, materials and assessments to make grade level content comprehensible. In addition, ELL teachers promote English language development in a one on one or small group setting. The district provides bilingual translators or interpreters, when needed, to facilitate communication between ELL families and the school.

Special Education

Special education, under federal and state mandates, provides services to children from the ages of 3 to 22 who have diagnosed disabilities that meet state-mandated eligibility criteria. These services may include, but are not limited to, specialized instruction, classroom support, speech and language therapy, occupational therapy, and physical therapy. All learners are included in general education classrooms to the fullest extent possible. Many special education services are provided through collaboration between classroom teachers, special education teachers, and in some cases, instructional assistants.

A student may be referred for a special education evaluation by a parent or any person in a care-giving or professional position concerned with the student's development. The criteria for special education require that the child have a disability as defined by law; that the child is not making effective progress in school as a result of the disability; and that he or she requires specialized instruction or related services in order to access the general curriculum.

For questions regarding special education, please contact the Department Head of Student Services. Additional information is also available online at the Massachusetts Bureau of Special Education Appeals website: <http://www.doe.mass.edu/bsea>.

Student Organizations & Activities

Tuesday-Thursday Activities at Thurston

Offerings change each year based upon teacher expertise and student interest. Information about upcoming activities and other activities is announced to students, sent home to parents and posted on the Thurston web site each September and January. Late buses are available on Tuesdays and Thursdays to students participating in after-school programs at no cost.

Student Council

Interested students may opt to run for Student Council—a representative group that meets to discuss and implement initiatives that improve student life and support the wider community.

Interscholastic Sports

Thurston has several competitive sports teams: football (grade 8), field hockey (grade 8), volleyball (grade 8) and cross-country (grades 6-8) in the fall and track (grades 6-8) in the spring. Sign ups take place online in the fall and spring. There are no try-outs. Students must meet academic and behavior eligibility requirements to participate in sports.

Plays

Thurston students may participate in either a 6th grade play or a 7th/8th grade musical. Tryout and rehearsal schedules are shared with students and parents via announcements, posters and email each year. Participating students must meet academic and behavior eligibility requirements and be able to attend all performances.

Community-Sponsored Activities

Some after-school programs are offered by *Westwood Youth and Family Services* (781-320-1006). Many school year and summer programs are offered by the *Westwood Recreation Department* (781-461-0070).

Health Services and Wellness

Overview

The purpose of the Health Room is to provide support for ongoing student health concerns and to assist families in the event of an emergency or the onset of illness during the school day. **Please update your child's emergency contact information as soon as possible at the beginning of each school year.** This critical information is used by office and health room staff members to reach you or someone you trust in the event of an emergency. Emergency contacts should be people available to pick up your child when you are not. They should have access to a car and live nearby. The Health Room provides advisory and emergency care only. It is not a diagnostic clinic. After first aid has been administered, parents are responsible for contacting their family physician for diagnosis and follow-up care. Parents are responsible for notifying the school of any medical condition that may affect a student's health during the school day. Health records of students transferring to another school district will be sent without parental release if the receiving district requests them. If your child is transferring, please inform the school nurse prior to the move (x2334).

Contagious Disease

Please contact the school nurse if your child has been diagnosed with mono, chicken pox, strep throat, conjunctivitis, or any other communicable disease. This information is important in helping to control the disease and protect staff and students who are at risk.

Illness, Injuries, and Accidents Occurring in School

Students should report to the Health Room if an illness, injury or accident occurs in school. If a student needs to be dismissed for these reasons, a parent or guardian will be called. In emergency situations, students may be transported to the nearest hospital by ambulance.

Immunizations

All immunizations must be up to date as specified by Massachusetts General Law. Parents will be notified by mail of immunizations that are due and the date when documentation must be received. Students without the proper documentation will be excluded from school, in accordance with state law.

New for 2020-2021: The [Massachusetts Department of Public Health](#) has announced that influenza immunization will be required for all children 6 months of age or older who are attending Massachusetts child care, pre-school, kindergarten, K-12, and colleges and universities. Students will be expected to have received a flu vaccine by December 31, 2020 for the 2020-2021 influenza season, unless either a medical or religious exemption is provided. Elementary and secondary students in the fully remote education model are not exempt.

Parents/guardians should email documentation of their child's flu shot to their school nurse. We understand that some pediatricians are already scheduling flu shots several weeks out. It may be prudent to contact your pediatrician's office soon or locate a flu clinic.

For more information, please see this [FAQ](#) provided to districts by MA DESE.

New Students

All new students are required to have the necessary immunizations and a current physical exam. Students transferring from out of state/country have four (4) months to provide a recent physical exam.

Required Physicals

All grade six students and students transferring to Westwood Public Schools are required to submit a physical dated 6 months prior to entry or within 5 months after entry. Any student who has not submitted a physical by February 1 will be excluded from school. Students participating in interscholastic sports must have documentation of an up-to-date physical exam on file in the health room.

Insurance

Please contact Thurston's Health Office if a student does not have health insurance. The state offers low-cost insurance for all children through the age of 18. All information about income is confidential.

Medications

All medication, including over-the-counter medication, must be administered by the school nurse according to the following procedures:

- a. A physician's medication order and parental consent form must be on file in the Health Room. These forms must be renewed at the beginning of each school year. A small picture for identification purposes is required for each student receiving medication in school.
- b. Medications should be delivered by an adult. If you are unable to bring the medication to school, please call the nurse to arrange delivery. The persons delivering will be required to sign and verify the medication and amount being delivered. No more than a 30-day supply should be delivered.
- c. Short-term prescriptions (10 days or less) may be contained in a pharmacy-labeled container in lieu of a doctor's order. A parental consent form is still required.
- d. Inhalers and Epi-pens may be carried by students, provided there is a physician's order form and parental consent form on file in the Health Room. Students will be asked to demonstrate proficiency using their inhaler.
- e. Lactaid tablets, nasal sprays, eye drops and digestive enzymes may be carried and self-administered by students. Please inform the school nurse if your child is taking one of these.
- f. Students requiring an Epi-pen for severe allergic reactions are required to provide the medication, order form and parental consent by the first day of school. All students with an Epi-pen are required to have an Individual Health Plan that is renewed each year.
- g. All medication needs to be picked up by the last day of school or it will be destroyed.
- h. No student is allowed to carry medication (prescription or over-the-counter) in school unless it falls into categories d. and e. above.

Screenings

This information may be impacted by COVID related restrictions that change throughout the school year. Please contact the TMS Main Office for the most up to date information on this topic 781 326 - 7500 x 2336.

The following screenings are performed during the school year. They are required under Massachusetts General Law. If there is any reason a student should not be screened, please notify the school nurse in writing.

Scoliosis: all grades, usually done Jan/Feb in gym classes.

Height, weight and BMI: grade 7, done with scoliosis screening.

Hearing and Vision: all grades

Please call the school nurse at x2334 if you have any questions regarding health issues. Information may also be obtained on the Westwood Public Schools website.

DISTRICT AND STATE POLICIES

I. CODE OF CONDUCT

Respect and responsibility make a school an inviting place to learn and grow. There are student expectations to support a climate in which mutual respect and trust can flourish.

Student Responsibility

- I am in school to learn.
- I will be on time and be prepared.
- I am responsible for what I do and say.
- I understand there are consequences for my actions.

Student Respect

- I will show respect for others.
- I will respect the learning process.
- I will show respect for the property of others.

Student Rights

- The classroom is a place for learning.
- School is a safe place, free from physical, verbal, and emotional harm.

Learning about respect and responsibility involves learning to make ethical and moral decisions. These decisions involve thinking about what actions to take and the consequences of those actions.

The following lists of some behaviors that reflect a lack of respect and responsibility for self and others. Disciplinary action may include assignment of detention, loss of privileges, suspension, or exclusion. Grounds for such action include, but are not limited to:

Arson
Assault
Bullying
Cheating
Cutting class
Cutting detention
Destruction of property
Disrespectful behavior/insubordination
Disrupting a school activity or the educational process
Endangering the safety and well-being of others (including violation of [WPS mask policy](#))
Fighting
Forgery or fraud
Harassment
Hazing/initiation
Leaving school grounds without permission or without following dismissal procedures
Lying to a faculty member
Plagiarism
Possession, sale, purchase or use of tobacco products, nicotine delivery products (e-cigarettes - vaporizers), alcohol, or drugs
Possession of a weapon or dangerous item
Presence in unauthorized areas
Profanity/inappropriate language
Roughhousing
Theft
Truancy
Vandalism
Violation of a school policy

Detention

Teachers can detain students after school for disciplinary matters. Students and parents should have advance notice of detention. For more serious infractions, office detention may be assigned. Detention takes priority over that day's extracurricular activities. Detention begins immediately following the end of the regular school day and ends at 3:30 p.m., unless otherwise arranged with the teacher or principal.

Suspension

A suspension is a short term or long term removal from regular classroom activities. Short-term suspension is the removal of a student from the school premises and regular classroom activities for 10 consecutive days or less. Long-term suspension means the removal of a student from the school premises and regular classroom activities for more than 10 consecutive days, or for more than 10 days cumulatively for multiple disciplinary offenses in any school year.

A suspended student is restricted from entering the school buildings, or coming onto school grounds; and a suspended student may not participate in any school sponsored activities or functions during the suspension period. The Principal or his/her designee has the sole responsibility for determining who is suspended. The suspended student may not be permitted to return to school until a parental conference has been held.

In school suspension

At the discretion of the Principal, in-school suspension may also be imposed for violation of the student code of conduct. In-school suspension means the student is removed from regular classroom activities, but not from the school premises, for no more than 10 consecutive school days. In-school suspension for less than 10 days shall not be considered a short-term suspension. An in-school suspension of more than 10 days shall be deemed a long-term suspension.

Parent

The legal guardian of the student. In the case where a student's parents are not married or are separated, the parent, for purposes of this policy, is the parent with legal custody. If both parents have joint custody, then the parent is the one with both legal and physical custody of the student. In the event that the parents have joint legal and physical custody of the student, then the parent, for purposes of this policy, is the parent with regular contact with the schools.

II. STUDENT DUE PROCESS RIGHTS

In administering discipline, school officials will be careful to observe the right to due process under the law for each student. The nature of the violation determines the due process that school officials follow.

1. DUE PROCESS RIGHTS FOR STUDENTS CHARGED WITH POSSESSION OF A DANGEROUS WEAPON, POSSESSION OF A CONTROLLED SUBSTANCE, ASSAULT ON SCHOOL STAFF AND/OR STUDENTS WHO HAVE BEEN CHARGED WITH OR CONVICTED OF A FELONY (M.G.L. c. 71, §37H and M.G.L. c. 71, §37H ½).

In-School Suspension:

For an in-school suspension, the principal shall inform the student of the disciplinary offense charged and the basis for the charge, and provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal determines that the student committed the disciplinary offense, the principal shall inform the student of the length of the student's in-school suspension, which shall not exceed 10 days, cumulatively or consecutively, in a school year.

On the same day as the in-school suspension decision, the principal shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension. The principal shall also invite the parent to a meeting to discuss the student's behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal is unable to reach the parent after making and documenting at least (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

The principal shall send written notice to the student and parent about the in-school suspension, including the reason and the length of the in-school suspension, and inviting the parent to a meeting with the principal, if such meeting has not already occurred. The principal shall deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the principal and the parent.

Short Term Disciplinary Sanctions:

Prior to the imposition of any disciplinary sanction that might result in a student's suspension from school for ten (10) consecutive school days or less, the student will be given oral notice of the offense with which he/she is charged and an opportunity to respond. In the event that the Principal or designee determines that the student will be suspended from school, the student's parent(s)/guardian(s) will be notified by telephone and in writing.

Long Term Disciplinary Sanctions:

Prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for more than ten (10) consecutive school days or expulsion, the parents/guardians will be given written notice of a hearing at which they may be represented by an attorney at their expense and may examine and present witnesses and documentary evidence. Following this hearing, a written decision will be issued. The parent(s)/guardian(s) will have the right to appeal any decision imposing a

long term suspension or expulsion from school to the Superintendent. Where the student is excluded in accordance with M.G.L. c. 71, §37H, the student shall have ten (10) days from the effective date of the exclusion to file a written appeal with the Superintendent of Schools. For exclusions imposed pursuant to M.G.L. c. 71, §37H ½, the student shall have five (5) days from the effective date of the exclusion to file a written appeal with the Superintendent. For exclusions imposed by the School Committee in accordance with M.G.L. c. 76, §17, the student shall have the right to file a written request for reconsideration by the committee within ten (10) days of the effective date of the exclusion. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect. M.G.L. c. 76, §17, M.G.L. c. 71, §37H and M.G.L. c. 71, §37H ½.

2. DUE PROCESS RIGHTS FOR STUDENTS CHARGED WITH OTHER VIOLATIONS (M.G.L. c. 71, §37H ¾)

Notice and principal's meeting:

For any suspension under this section, the principal or a designee shall provide notice of the charges and the reason for the suspension or expulsion to the parent(s)/guardian(s) in English and the primary language spoken in the student's home. The student shall receive written notice of the charges and the opportunity to meet with the principal or designee to discuss charges and reasons for the suspension and/or exclusion prior to suspension/exclusion taking effect.

The principal or designee shall make reasonable efforts to notify the parent orally of the opportunity to attend the hearing.

The meeting may take place without the student's parent(s)/guardian(s) so long as if the principal has sent written notice and has documented at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification.

The purpose of the principal's hearing is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

The principal shall determine the extent of the rights to be afforded the student at a disciplinary hearing based on the anticipated consequences for the disciplinary offense.

Short-term Suspension

The principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the principal should consider in determining whether other remedies and consequences may be appropriate. The principal shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

Based on the available information, including mitigating circumstances, the principal shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

The principal shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal. The determination shall be in writing and may be in the form of an update to the original written notice.

Long Term Suspension

In addition to the rights afforded a student in a short-term suspension hearing, the student shall also have the opportunity to review the student's record and the documents upon which the principal may rely in making a determination to suspend the student or not; the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense; the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; the right to cross-examine witnesses presented by the school district; the right to request that the hearing be recorded by the principal, and to receive a copy of the audio recording upon request. If the student or parent requests an audio recording, the principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

If present, the Parent shall have an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

Based on the evidence, the principal shall determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The principal shall send the written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and the parent.

If the student is suspended for more than 10 days for a single infraction or for more than 10 days cumulatively for multiple infractions in any school year, the notice will include written notification of the right to appeal to the Superintendent and the

process for appealing in English and the primary language spoken in the student's home. No student will be suspended for greater than 90 days, beginning on the first day the student is removed from the building.

Emergency Removal

The principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption. The principal shall immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student. The temporary removal shall not exceed two (2) school days following the day of the emergency removal.

In the event of an emergency removal, the principal shall make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal. The principal shall provide written notice to the student and parent as provided above, and provide the student an opportunity for a hearing with the principal as provided above, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent.

The principal shall render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements as described above.

In the event of an emergency removal from school, the principal will not release the student until adequate provisions have been made for the student's safety and transportation.

Opportunity for Academic Progress During Suspension/Expulsion

Any student receiving in-school suspension, short-term suspension, or long-term suspension shall have the opportunity to make up assignments, tests, papers, and other school work as needed to make academic progress during the period of removal from the classroom or school.

Any student who is expelled or suspended from school for more than 10 consecutive days shall have an opportunity to receive educational services that will enable the student to make academic progress toward meeting state and local requirements through the school-wide educational services plan.

APPEAL

The parent(s)/guardian(s) shall have 5 calendar days following the effective date of the out of school suspension or expulsion to submit a written request for an appeal to the Superintendent but may be granted an extension of time of up to 7 additional calendar days. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

The Superintendent will hold a hearing with the student and the parent(s)/guardian(s) within 3 school days or the student's request for an appeal. The time may be extended up to 7 additional calendar days if requested by the parent(s)/guardian(s).

The Superintendent's hearing may proceed without the parent(s)/guardian(s) if a good faith effort was made to include parent(s)/guardian(s). The superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and superintendent to participate. The superintendent shall send written notice to the parent of the date, time, and location of the hearing.

At the hearing, the superintendent shall determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. Students shall have all of the rights afforded to students at the principal's hearing for long-term suspension. The Superintendent will issue a written decision within 5 calendar days of the hearing. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the principal, but shall not impose a suspension greater than that imposed by the principal's decision. The Superintendent's decision is the final decision of the district.

III. BULLYING POLICY

The Westwood Public Schools is committed to providing a safe, positive and productive educational environment where students can achieve the highest academic standards. No student shall be subjected to harassment, intimidation, bullying, or cyber-bullying.

"Bullying", the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an

extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim's property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyber-bullying.

"Perpetrator", a student or a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional who engages in bullying or retaliation.

Certain students may be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have 1 or more of these characteristics.

"Cyber-bullying" means bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a:

- wire
- radio
- electromagnetic
- photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.

Cyber-bullying shall also include the creation of a web page or blog in which the creator assumes the identity of another person or knowingly impersonates another person as author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying.

Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Bullying and cyber-bullying may occur in and out of school, during and after school hours, at home and in locations outside of the home. When bullying and cyber-bullying are alleged, the full cooperation and assistance of parents and families are expected. For the purpose of this policy, whenever the term bullying is used it is to denote either bullying, or cyber-bullying.

Bullying is prohibited:

- On school grounds;
- On property immediately adjacent to school grounds;
- At school-sponsored or school-related activities;
- At functions or programs whether on or off school grounds
- At school bus stops;

- create a hostile environment at school for the target;
- infringe on the rights of the target at school; and/or
- materially and substantially disrupt the education process or the orderly operation of a school.

The Superintendent and/or his/her designee shall oversee the development of a prevention and intervention plan, in consultation with all district stakeholders, which may include teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents and guardians, consistent with the requirements of this

policy, as well as state and federal laws. The bullying prevention and intervention plan shall be reviewed and updated at least biennially.

The Principal is responsible for the implementation and oversight of the bullying prevention and implementation plan within his or her school.

Reporting

Students, who believe that they are a target of bullying, observe an act of bullying, or who have reasonable grounds to believe that these behaviors are taking place, are obligated to report incidents to a member of the school staff. The target shall, however, not be subject to discipline for failing to report bullying.

Each school shall have a means for anonymous reporting by students of incidents of bullying. No formal disciplinary action shall be taken solely on the basis of an anonymous report.

Any student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

Parents or guardians, or members of the community, are encouraged to report an incident of bullying as soon as possible.

A member of a school staff shall immediately report any instance of bullying the staff member has witnessed or become aware of to the school principal or their designee.

Investigation Procedures

The Principal or their designee, upon receipt of a viable report, shall promptly contact the parents or guardians of a student who has been the alleged target or alleged perpetrator of bullying. The actions being taken to prevent further acts of bullying shall be discussed.

The school principal or a designee shall promptly investigate the report of bullying, using a Bullying/Cyber-bullying Report Form which may include interviewing the alleged target, alleged perpetrator, staff members, students and/or witnesses.

Support staff shall assess an alleged target's needs for protection and create and implement a safety plan that shall restore a sense of safety for that student.

Confidentiality shall be used to protect a person who reports bullying, provides information during an investigation of bullying, or is witness to or has reliable information about an act of bullying.

If the school Principal or a designee determines that bullying has occurred he/she shall take appropriate disciplinary action and if it is believed that criminal charges may be pursued against the perpetrator, the principal shall consult with the school's resource officer and the Superintendent to determine if criminal charges are warranted. If it is determined that criminal charges are warranted, the local law enforcement agency shall be notified.

The investigation shall be completed within fourteen school days from the date of the report. The parents or guardians shall be contacted upon completion of the investigation and informed of the results, including whether the allegations were found to be factual, whether a violation of this policy was found, and whether disciplinary action has or shall be taken. At a minimum the Principal or his/her designee shall contact the parents or guardians as to the status of the investigation on a weekly basis.

Disciplinary actions for students who have committed an act of bullying or retaliation shall be in accordance with district disciplinary policies.

Each school shall document any incident of bullying that is reported per this policy and a file shall be maintained by the Principal or designee. A monthly report shall be provided to the Superintendent.

Confidentiality shall be maintained to the extent consistent with the school's obligations under law.

Retaliation

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying, shall be prohibited.

Age-appropriate, evidence-based instruction on bullying prevention shall be incorporated into the curriculum for all K to 12 students.

The bullying prevention and intervention plan shall be posted on the Westwood Public Schools website. The bullying intervention plan is linked [HERE](#).

IV. ACADEMIC INTEGRITY

The Thurston community believes in the values of honesty, personal accountability, and respect for the rights of others. The Middle School staff will work in cooperation with parents to help students understand the importance of taking responsibility for their own work. Students should develop a thorough understanding of what academic integrity means, including knowing what plagiarism means and how to use sources correctly. Students must credit all material copied or gathered from CD-ROM, Internet, or software sources, just as they would cite references from printed materials and books. Examples of academic dishonesty may include, but are not limited to the following (*Taken from School Committee Policy IA*):

- communicating with another student during an examination or quiz;
- copying material during an examination or quiz or copying another person's assignment;
- allowing a student to copy from one's examination, quiz or assignment;
- using unauthorized notes or devices;
- obtaining, removing or accepting a copy of and/or information about an examination or quiz without the knowledge and consent of the teacher;
- submitting a paper or project which is not entirely the student's work (i.e., plagiarism);
- changing answers and seeking credit on an assignment or examination after the work has been graded and returned;
- altering a teacher's grade system.

Teachers are strongly encouraged to involve parents in every case of cheating, but they must do so in the case of a repeat offense. Repeated offenses can result in disciplinary action, including suspension.

V. DISCIPLINE OF SPECIAL EDUCATION STUDENTS

1. Discipline of special education students is governed by state and federal law and the regulations promulgated thereunder. These include the IDEA, 20 USC 1401 et seq., its implementing regulations, 34 CFR 300 et seq., and M.G.L. c. 71B and its implementing regulations, 603 CMR 28.00.
2. Students eligible for special education who violate school rules are subject to removal from their current educational placement for up to ten school days per year, to the extent that such removal would be applied to students without disabilities, without prior determination as to whether the misconduct is related to the student's disability.
3. Anytime school personnel seek to remove a student from his or her current educational placement for more than ten school days in a school year, this constitutes a "change of placement" and invokes certain procedural rights including but not limited to:
 - a. A review by the IEP Team of the relationship between the student's disability and the behavior subject to the disciplinary action, which is referred to a Manifestation Determination,
 - b. If the behavior is a manifestation of the student's disability the student's Team will conduct a functional behavior assessment and develop a behavior intervention plan, provided that such an assessment was not already conducted before the behavior occurred. In the situation where an assessment was already conducted and a behavior intervention plan is already in place, the Team will review the plan and revise it accordingly. The student will also be returned to his educational placement unless the parent and the school agree otherwise.
 - c. If the behavior is not a manifestation of the student's disability, then the student may be removed from his educational placement to the same extent that a regular education student would be removed, provided that the special education student must continue to receive educational services to enable the child to continue to participate in the general education curriculum, although in another setting, and to continue to progress toward meeting the goals set out in the student's IEP. Additionally, the student should receive, as appropriate, a functional behavioral assessment and behavior intervention plan to prevent the behavior from happening again.
4. School personnel may order a change in educational placement of a special education student to an appropriate Interim Alternative Educational Setting (IAES) for not more than forty-five (45) days without regard to whether the student's behavior is determined to be a manifestation of the student's disability if the student: (i) carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a State or local educational agency; (ii) knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency; or (iii) has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency.

5. For more information regarding the rights of special education students see the Massachusetts Department of Education's Procedural Safeguards Notice, which is available in many languages, at <http://www.doe.mass.edu/sped/prb/>. Additionally, copies of the state and federal special education law are available online at the Massachusetts Bureau of Special Education Appeals website, at <http://www.doe.mass.edu/bsea/> or can be requested from the Director of Student Services.

Additional Disciplinary Procedure:

M.G.L CHAPTER 71, SECTION 37H (EXPULSION/EXCLUSION)

- (a.) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin or alcohol, may be subject to expulsion from the school or school district by the principal.

- (c.) Any student who is charged with a violation of either paragraph (a) or (b) will be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.
After said hearing, a principal may, at his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b)
- (d.) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
- (e.) When a student is expelled under the provisions of this section, no school or school district within the commonwealth shall be required to admit such student or to provide educational services to said student. If said student does apply for admission to another school or school district, the superintendent of the school district to which the application is made may request and shall receive from the superintendent of school expelling said student a written statement of the reasons for said expulsion.

M.G. L. 37H1/2 FELONY COMPLAINT OR CONVICTION OF STUDENT; SUSPENSION; EXPULSION; RIGHT TO APPEAL

Notwithstanding the provisions of section eighty-four and sections sixteen and seventeen of chapter 76:

- (1.) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process of appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent. The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.
- (2.) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent. The student shall have the right to appeal the expulsion to the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall a hold hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or

headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Upon expulsion of such student, no school or school district shall be required to provide educational services to such student.

VI. PHYSICAL RESTRAINT

The Westwood Public Schools is committed to providing an orderly, safe environment, conducive to learning for all students and staff members. As of 1/1/2016, WPS complies with 603 CMR 46.00 regarding the prevention of physical restraint. Visit this website for further information about the policy: <https://goo.gl/CuoIWr>

VII. HARASSMENT AND DISCRIMINATION

The following laws are the basis for the non-discrimination and harassment policies: M.G.L. c. 76 s. 5; M.G.L. c. 151B s.3A; M.G.L. c. 151B s. 4; Title VI Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; and Americans with Disabilities Act of 1990.

The Westwood Public Schools, in accordance with the provisions of state and federal law prohibit discrimination and harassment on the basis of sex, race, color, national origin, sexual orientation, age, religion or creed, disability, choice of association, political affiliation, appearance or life style and language preference in educational programs and activities of the public schools. This policy reflects that:

1. Each person shall be guaranteed the right to an education consistent with the goals and policies of the school system.
2. Each person shall be guaranteed freedom from harassment, prejudicial comments or discrimination on the basis of sex, race, color, gender, age, sexual preference, religion or creed, disability, choice of association, political affiliation, appearance or lifestyle, and language preference in educational programs and activities of the public school.

The Westwood School Committee is committed to maintaining an educational atmosphere in which every student can pursue scholastic achievement and personal fulfillment. All harassment is considered destructive behavior that interferes with the educational process, and shall not be tolerated. If a school department employee is accused of sexual harassment by a student, it shall be reported, subject to the provisions of Chapter 119, Sect. 51A of the Massachusetts General Laws, to the principal or Superintendent of Schools.

The Westwood School Committee maintains a neutral position regarding students' interpersonal relationships. However, the Committee considers embraces, intimate touching and other physical actions of a personal nature as inappropriate in an educational setting. When these actions are unwelcome, they definitely constitute sexual harassment. The purpose of the following policy is to define sexual harassment, establish appropriate standards of behavior for the student body, and set guidelines for recognizing and dealing with sexual harassment. A separate policy dealing with sexual harassment in the workplace for school department employees was approved by the School Committee on February 11, 1993.

Definition: Sexual harassment is unwelcome sexual advances, requests for sexual favors, other verbal and nonverbal actions and physical conduct of a sexual nature when such behavior unreasonably interferes with school performance or creates an intimidating, hostile or offensive educational environment.

Sexual harassment may include:

- Assault, threats, inappropriate touching, intentionally blocking movement, comments, gestures, looks or written communications of a suggestive or derogatory nature;
- Continuing to express sexual interest after being informed that the interest is unwelcome;
- Leering, voyeurism, or stalking, obscene gestures, actions or materials;
- Displaying lewd or sexually explicit photographs or other materials, including clothing.

This is not a list of all possible types of sexual harassment; it is examples of actions that may be defined as sexual harassment. Of course, there are other actions not listed here that may be sexual harassment. In most cases, the student who feels sexually harassed makes the judgment that the actions are sexual harassment. That individual's feelings and reactions to inappropriate behavior determine whether sexual harassment has taken place.

Standards of Conduct

The School Committee expects students to demonstrate a standard of conduct based on respect for all other students, regardless of sex, race, color, national origin, sexual orientation, religion or creed, disability, choice of association, political affiliation, appearance or life style, and language preference. Harassment is a violation of an individual's personal dignity. Anyone who engages in harassment violates School Committee policy.

General Guidelines

1. Problems and complaints regarding sexual discrimination and harassment should be resolved quickly and fairly. When possible, such problems and complaints should be resolved directly between the student and harasser.
2. Students who feel they have been harassed or discriminated against should inform an advocate of the incident first. Any adult staff member in the building may serve as an advocate for a student reporting harassment or discrimination. The names and telephone numbers of advocates will be published yearly in the Student Handbook. For a complete listing of staff members, please see pages 1 and 3 of the Student Handbook.
3. Advocates must immediately inform the principal of any complaint of harassment or discrimination. Also, if one student tells another student or school department employee about sexual harassment, the student or school department employee should inform an advocate of the incident.
4. Retaliation in any form for the filing of a complaint or the reporting of sexual harassment is prohibited and will result in serious disciplinary action.

Procedure for Dealing with Harassment and Discrimination

Any individual subjected to harassment or discrimination may, if he or she chooses, confront the harasser directly in order to resolve the complaint on a personal level.

If the student does not want to deal directly with the harasser, or cannot resolve the matter with the harasser, the student should **immediately** report the conduct to an advocate. The advocate must always take every report of harassment/discrimination seriously and respond immediately. In appropriate circumstances, the advocate may suggest sitting down with the harasser and the student together to work out a resolution.

If the student decides not to meet the harasser, the following steps may be taken:

1. The student may choose to write a letter with an attached response sheet listing:
 - a. The exact description of the behavior, including when and where it happened;
 - b. A description of how the behavior made the student feel (for example embarrassed, humiliated, angry);
 - c. A request that the behavior stop because it is harassment/discrimination and is against the law;
2. The advocate should assist the student in drafting the letter.
3. The letter should be signed and dated by the student. The student or the advocate should deliver one copy of the letter to the harasser and one copy to the principal's office.

The alleged harasser should have an opportunity to respond in writing. The advocates will be available to assist the alleged harasser as well.

If the behavior does not stop, or if the student chooses not to write a letter or confront the harasser directly, the school administration will conduct an investigation. During the investigation, the school administration shall:

1. Provide the student and the alleged harasser an advocate at all discussions regarding the case;
2. Keep the investigation group as small as possible to protect the rights of both parties and to prevent the investigation from becoming overly publicized.

If the harassment/discrimination does not stop after the harasser has been disciplined, the advocate should coordinate with the Administration in order to impose more severe disciplinary sanctions.

The Administration has the right to report a complaint of harassment/discrimination to the appropriate authorities outside the school department.

X. STUDENT RECORDS

In order to provide students with appropriate instruction and educational services, it is necessary for the school district to maintain information about them and their families. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parents or legal guardian and/or the student in accordance with law, and be protected as confidential information.
The Superintendent provides for the proper administration of student records consistent with federal and state law requirements. The Family Educational Rights and Privacy Act (“FERPA”) and corresponding regulations is a federal law that provides two basic rights to parents in regards to student records (20 U.S.C. § 1232; 34 C.F.R. § 99):

- 1. The right to inspect and review their child’s education records
- 2. The right to prevent unauthorized persons from seeing the same records

The Commonwealth also has promulgated state regulations governing student records (603 CMR 23.00) that are designed to ensure parents and students of confidentiality, inspection, amendment, and destruction of said records, and to direct the school district personnel regarding their responsibilities under state law.

Under federal law, FERPA, education records are defined as those records, files, documents, and other materials which contain information directly related to a student and are maintained by an educational agency or institution or by a person acting for such agency or institution.
Under state law and regulations 603 CMR [23.00](#), school records are defined as the transcript and the temporary record, including all information recording and computer tapes, microfilm, microfiche, or any other materials regardless of physical form or characteristics concerning a student that is organized on the basis of the student's name or in a way that such student may be individually identified, and that is kept by the public school.

Transcript and Temporary Records

The following is a summary of the current Student Records Regulations. The purpose of these regulations is to ensure parental and student rights are protected regarding the confidentiality, inspection, amendment and destruction of student records. For students aged 14-17, or in ninth grade or above, these rights shall be exercised by the student and his/her parent, or by either acting alone. If a

student is 18 or older, he/she alone shall exercise these rights, although a parent may continue to exercise them until expressly limited by a student who has filed the appropriate form. The student record shall consist of the transcript and the temporary record. The transcript shall contain records that constitute a minimum amount of data and shall be limited to the name, address and phone number of the student and of the parent or guardian, the student's birth date, course titles, grades, grade level completed and year completed. The temporary record shall consist of all information not in the transcript that is of importance to the educational process. The transcript shall be maintained by the School Department and may only be destroyed sixty years following a student's graduation, transfer or withdrawal from the school system. The temporary record shall be destroyed within seven years after the student transfers, graduates or withdraws from the school system.

Access

The eligible student and his/her parent, or either one as applicable, shall have access to the student record and may obtain copies of any information in the record. Authorized school personnel shall also have access to student records. In general, no information in a student record shall be disseminated without the specific, informed, written consent of the eligible student or the parent. Please note that federal student record regulations under FERPA also apply. A log shall be kept to record the dissemination of any information in the student record.

A parent has the right to see a copy of his/her student's academic record and can exercise this right by writing to the school Principal or guidance counselor.

Amendment

The eligible student and his/her parent, or either one, has the right to add information or other relevant material to the record. They also have the right to request the deletion or amendment of any information in the record. The school Principal or his/her designee is required to make a decision regarding such a request which may be appealed first to the Superintendent and then to the School Committee.

"Parent" shall mean a student's father, mother, guardian, or person or agency legally authorized to act on behalf of the child in place of or in conjunction with the father, mother or guardian. The term, as used in these regulations, shall include a divorced or separated parent, subject to any written agreement between parents or court order governing the rights of such a parent that is brought to the attention of the school principal (M.G.L. c. 71, § 34H). Unless notified by the custodial parent to the contrary, and subject to the specific regulation below, the noncustodial parent may have access to the same information as the custodial parent.

Access Procedures for Non-Custodial Parents

As required by M.G.L. c. 71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions.

1. A non-custodial parent is eligible to obtain access to the student record unless:
 - a. the parent has been denied legal custody or has been ordered to supervised visitation, based on a threat to the safety of the student and the threat is specifically noted in the order pertaining to custody or supervised visitation, or
 - b. the parent has been denied visitation, or
 - c. the parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record, or
 - d. there is an order of a probate and family court judge which prohibits the distribution of student records to the parent.
2. The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).
3. In order to obtain access, the non-custodial parent must submit a written request for the student record to the school Principal.
4. Upon receipt of the request the school must immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the Principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).
5. The school must delete all electronic and postal address and telephone number information relating to either work or home locations of the custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school.
6. Upon receipt of a court order that prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

Release of Student Information

The school may release for publication a student's name, class, photograph, participation in officially recognized activities and sports, honors and awards. Parents who do not wish to have such information released to the news media should indicate "No" in Aspen.

Pursuant to 603 CMR 23.07(g), the school may provide student record information (including the special education record) to a school to which a student seeks or intends to transfer without the consent of the eligible student or parent, so long as the parent receives annual notification of this law/regulation.

Right to Request That Student Information Be Withheld From Armed Forces Recruiters

The National Defense Authorization Act requires that school officials provide military recruiters with student information including names, addresses, and telephone numbers. Parents and students of majority age have a right to request that their information be withheld from military recruiters. To do so, notify in writing your request to your child's Principal.

Complaints

Parents and eligible students have a right to file a complaint concerning alleged failures of a school district to comply with the requirements of the student records laws and regulations with the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148.

Complaints relative to federal statutes and regulations governing student records may be filed with the Family Policy Compliance Office, U.S. Department of education, 400 Maryland Avenue SW, Washington, DC 20202-5920.
