

OLD ROCHESTER REGIONAL HIGH SCHOOL

STUDENT HANDBOOK 2021-2022

Home of the Bulldogs

Dear Parent/Guardian/Caregiver:

To assure a positive approach to discipline and increase communication between home and school, please review the Student Handbook with your student on-line via the ORRHS website.

As a school community, the importance of a firm discipline code is something every parent, guardian, or caregiver will want to discuss with their student. Along with the importance of good habits, participation in extracurricular activities, and our Community Service program, a respectful environment at Old Rochester Regional High School is an expectation for all students.

We would also like to direct your attention to the Internet Acceptable Use and Safety Policy found on pages 43-46. Please review this policy with your student, complete the Internet Use Agreement form found in the opening day packet and ask your student to return it to their first block teacher along with this Student Handbook form.

We request that prior to calling the school, you use the Handbook as a resource for answering most questions on policy or procedures.

Collectively as a school community, we share the goal that every student at ORR makes the most out of the fantastic opportunities available here. If you have any questions, please do not hesitate to contact the school.

Sincerely,

Michael C. Devoll, Principal

OLD ROCHESTER REGIONAL SCHOOL DISTRICT
Mattapoisett, Massachusetts

Old Rochester Regional School District (ORRSD) is a corporation established under the provisions of Chapter 71 of the General Laws of the Commonwealth of Massachusetts and “agreement among the towns of Marion, Mattapoisett, and Rochester, with respect to the formation of a regional school district,” dated 14 January 1958 and approved by the Department of Education and the Emergency Finance Board.

The district has the responsibility of providing free appropriate public education for all students residing in the district who have completed the sixth grade and who are less than 22 years old. Students who have completed grade 8 and who live in Marion are eligible to apply for admission to Upper Cape Regional Vocational Technical High School, Bourne, Massachusetts; students living in Mattapoisett and Rochester are eligible to apply to Old Colony Regional Vocational Technical High School, Rochester, Massachusetts, upon completion of grade eight. Students outside of the district may be eligible for reimbursement of tuition and/or transportation expenses at the expense of the town in which they reside, as may be provided by current law.

ACCREDITATION STATEMENT

The New England Association of Schools and Colleges, Inc., (NEASC) has accredited ORRHS. This organization is a non-governmental, nationally recognized organization, whose affiliated institutions include elementary schools through collegiate institutions offering post-graduate instruction.

Accreditation of an institution by the NEASC indicates that the school meets or exceeds criteria for the assessment of an educational institution. Periodically, a peer group review process assesses this criterion for acceptance. An accredited school or college is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs. The school gives reasonable evidence that it will continue to do so in the near future. The ORRHS maintains its institutional integrity through accreditation.

Accreditation by the NEASC is not partial but applies to the institution as a whole. As such, it is not a guarantee of the quality of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

STUDENT ADVISORY COMMITTEE

Established by state statute, the Student Advisory Committee to the school committee is the official group that meets regularly with this latter group and the school administration. In this capacity, they speak for the student body. Please feel free to call 508-758-3745 if you have questions about policies and/or procedures that are in effect at ORRHS. Students can make any official requests to the school committee or school administration through this group. Of course, any student has the right and is welcome to speak with the administration directly about any question or concern that they may have.

Students hold elections for “SAC” each spring and students are encouraged to give serious consideration to the people they elect to this most important student group.

NONDISCRIMINATION NOTICE

The ORRSD and the Massachusetts School Superintendency Union No. 55, Marion, Mattapoisett, and Rochester, Massachusetts, are committed to equal employment and educational opportunity for all members of the school community. Students and employees are protected from discrimination on the basis of race, color, religion, national origin, sex, gender identity, sexual orientation, age, pregnancy, homelessness, or disability in admission to, access to, treatment in or employment in its program and activities.

The schools are also committed to maintaining a school and work environment that is free of harassment based on race, color, religion, national origin, sex, gender identity, sexual orientation, age, pregnancy, homelessness, and disability. Harassment includes physical or verbal conduct that is derogatory; this may include jokes, gestures, unsolicited remarks, or other behavior that creates an intimidating or offensive working or learning environment.

A student or employee who has a concern about discrimination or harassment should inform the Principal or the Assistant Superintendent, who will take appropriate steps to attempt to resolve the situation, such as discussing it with involved persons, identifying and questioning of witnesses, and using other appropriate steps. In most cases, the Assistant Superintendent will achieve a resolution. However, if the Assistant Superintendent determines that a hearing is warranted, such hearing will be held before the Superintendent of Schools or a person that they may designate.

The goal of the above grievance procedure is to resolve complaints in a fair and timely manner and to ensure compliance with nondiscriminatory practices.

Additionally, reprisals or retaliation against any individual who reports on, or files a discrimination or harassment complaint is strictly prohibited.

If you wish to discuss your rights or would like further information or want to obtain help in filing a complaint, you may contact the Director of Student Services at 508-758-2772 x1942. Any person having inquiries concerning the

School District's compliance with the regulations implementing Title VI, Title IX, Section 504, ADA, or Chapter 622 is directed to contact the Director of Student Services, who has been designated by the School District to coordinate the District's efforts to comply with the regulations implementing Title VI, Title IX, Section 504, ADA, and Chapter 622, or write to:

Office for Civil Rights

State and federal laws forbid your school system to discriminate against its staff and students on the basis of race, color, religion, national origin, sex, gender identity, sexual orientation, age, pregnancy, homelessness, or disability. These mandates prohibit discrimination in school admissions, admission to courses of study, course content, guidance services, and extracurricular athletic activities.

If you have any questions or concerns regarding these laws and how they affect your student, please do not hesitate to contact the Principal or the Office of the Superintendent of Schools. Copies of the law and regulations can be obtained from:

The only schedule changes that will be permitted will be level changes. A level refers to "level of difficulty" as in Honors and College Prep. A level change will require the authorization of the Principal. Prior to authorizing a level change, the Principal may conduct a meeting with the student, parent/guardian/caregivers, guidance counselor, and/or teacher to evaluate the appropriateness of the request. Level changes will not be permitted after term 1. Following the close of the previous school year, students will not be allowed to drop Advanced Placement Courses.

C-	(70-72)	WF	(Withdraw Failing)

GRADE POINT AVERAGE (GPA) / CLASS RANK

- Official GPA will be included on student's report card at the end of every academic year.
- Initial class rank, which is based on a student's GPA for the first 6 semesters of high school (grades 9-11), will be determined as soon as all class member's incomplete grades have been resolved for the term culminating junior year. The class rank will be recalculated at the end of 4th quarter senior year to reflect senior grades. This official class ranking will appear on the final report card and high school transcript.
- Year-long courses which earn 5 credits or semester courses which earn 2.5 credits are used in calculating GPA/class rank.
- ORRHS will award credit to courses taken at other institutions.
- For class rank, only courses completed at Old Rochester Regional High School will be included.

- The following courses are not included in GPA/Class rank; Independent Study, Summer School, Evening School, Teacher Aides, Community Service, classes graded pass/fail, and GradPoint or online classes.
- Dual Enrollment classes are included in GPA but not included in class rank.
- A student must be enrolled at Old Rochester Regional High School for a minimum of two years to be considered in the class rank.
- A student's average for a grade is the arithmetic mean of the weighted grades (refer to chart) for those courses in which 2.5 credits have been earned in a semester course or 5 credits in a full year course.

Weighted Grades – To calculate a weighted GPA, ORRHS will convert each final grade earned in college preparatory courses (A level) to a 4-point grading scale (where A=4.0; B=3.0; C=2.0; D=1.0 and F=0.0). Full-year honors level and Advanced Placement courses will receive an extra .5 and 1.0 points on the 4-point scale, respectively.

Grade	College Prep A	Honors	Advanced Placement
A	4.0	4.5	5.0
A-	3.7	4.2	4.7
B+	3.3	3.8	4.3
B	3.0	3.5	4.0
B-	2.7	3.2	3.7
C+	2.3	2.8	3.3
C	2.0	2.5	3.0
C-	1.7	2.2	2.7
D	1.0	1.5	2.0
F	0.0	0.0	0.0

- Class rank is determined by ordering the weighted grade averages of the students in a given class in descending order, with the student having the highest grade-average being designated as first.
- A student's rank is determined by counting the number of students having a higher grade-average than that student.

REPORT CARDS

- Report cards are issued quarterly.
- Students should report errors on their report cards to the teacher and to their Guidance Counselor.
- Students will carry the report cards home and review with parent/guardian/caregiver(s).

TRANSCRIPTS

- Students will have an opportunity to annually review their transcript and report any errors to the Registrar.
- A fee will be charged for an official transcript mailed after graduation.

ADVANCED PLACEMENT COURSES

All students enrolled in Advanced Placement Courses are required to complete the appropriate AP exam issued by the College Board. These exams are administered at the school in May. Failure to complete the appropriate College Board AP exam will result in weighting the particular course as “Honors”, not “Advanced Placement”. Colleges will be notified if such a change occurs. Following the close of the previous school year, students will not be allowed to drop Advanced Placement Courses.

DUAL ENROLLMENT

Eligible high school students may enroll in courses at a state college or university and earn both high school and college credit. Please contact your guidance counselor if interested.

Eligible students:

- Have a GPA of 2.5 or higher
- Demonstrate the ability to benefit from college level course work
- Be recommended to take college level course work by their High School Principal and Guidance Counselor

Participants must receive prior course approval from the Standing Committee on Graduation Requirements. Old Rochester Regional High School is not responsible for providing academic support for classes taken through Dual Enrollment.

Dual Enrollment classes are included in GPA but not included in class rank.

GRADPOINT

Old Rochester Regional High School offers online courses via the Gradpoint platform only. Students can apply to take a Gradpoint course for credit recovery, whereas they have failed a class and are looking to recover the lost credit. Students may also apply to take a Gradpoint course for enrichment if the course is not offered at Old Rochester Regional High School. Applications are vetted and approved by a committee of teachers and administration.

Gradpoint courses are not included in GPA or class rank.

PRINCIPAL'S HONOR ROLL

The Principal's Honor Roll is based on accomplishments during a single term only, not an entire year. A student achieves Honor Roll according to the following categories:

- No grades lower than A is Highest Honors
- No grades lower than B- is Honors

NON-CUSTODIAL PARENTS RIGHTS

As required by M.G.L. c. 71, s. 34H, a non-custodial Regulations. The school district will follow the law and the attachments recommended by the Massachusetts Department of Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their child ("non-custodial parents"). The implementation of this policy will hopefully encourage parents to be involved in and informed about the education of their child, while protecting the rights and safety of all parties.

FINAL EXAMS

All students are expected to take a final exam in all courses they are enrolled in on the date the final exam is scheduled. Students failing to take a final exam will receive a 0% for the exam grade. Any student tardy for a final exam will not be allowed to take the exam at the scheduled time and must take the exam during the make-up session.

In the event of an unforeseen emergency circumstance, a parent/guardian/caregiver can communicate with the building Principal or Assistant Principal to discuss their student missing a final exam. In these situations a 0% will not be recorded in PowerSchool. These students will, however, still be expected to take their final exam during a scheduled make-up session.

INCOMPLETE GRADES

- Students have two weeks from the day grades close to make up any Incomplete Grades issued by teachers, including 4th term and the summer.
- All work not completed within the specified period will be given no credit and averaged with the completed work to determine a grade.
- The responsibility for completing this work within the required time rests solely with the student.
- In the case of extenuating circumstances, any extension of this policy must be arranged with the Principal before the end of the two-week time period.

MAKE-UP WORK – SICKNESS

- Each student must assume responsibility for work and assignments missed because of absence.
- Students will be allowed two class meetings, for each class missed, to complete assigned work for full credit, unless prior arrangements have been made with the teacher.

- Students who are absent on the day an assignment is due are to turn in the assignment on the day they return to class, as the absence did not involve missed classroom instruction and therefore the student does not require additional time.
- Failure to make up work within the time allotted by the teacher will result in a zero (0) for that assignment.
- A student who is absent for 10 consecutive school days because of protracted illness may be eligible to participate in a tutorial program at home or in the hospital. If a physician asserts that a student is able to do schoolwork, parent/guardian/caregiver(s) should contact the guidance department who will make the necessary arrangements.
- Requests from parent/guardian/caregiver(s) to teacher for make-up work will only be honored if the student is to be absent for more than three consecutive school days.
- Makeup work will not be provided if the student cuts class.

FAILING GRADES – MAKE-UP PROCEDURE/SUMMER SCHOOL

- A student who fails a course during the regular school year may satisfy the requirements of the course in summer school.
- Students may take no more than 2 courses in summer school.
- Students must have a 55 final average or higher with teacher and/or administrator approval.
- ORRHS credit will not be granted or accepted for summer school, night school or on-line courses that have not been approved by the Principal prior to enrollment.
- This policy relates only to summer study to earn credit for a course failed during the preceding school year.
- The student transcript will include the grade from ORRHS as it stands for the course.
- The summer school grade will be placed on the transcript, in addition to credits earned for the course upon successful completion.
- Summer school grades are not included in GPA.
- Consistent with M.G.L. c. 71, s. 3, the school will only excuse a student from participating in Physical Education on the written order of a licensed physician.

STANDING COMMITTEE ON GRADUATION REQUIREMENTS

Only the Standing Committee on Graduation Requirements may grant exceptions to any of the requirements for graduation and the earning of a diploma. A petition in writing, signed by the student and, in the case of a student of less than 18 years of age, a parent/guardian/caregiver, should be addressed to the Principal, ORRHS, Mattapoisett, Massachusetts. The Standing Committee may award graduation requirements and credit toward graduation from this school.

Students must get prior approval from the Principal before enrolling in a night school course, on-line course, Dual Enrollment course, and/or summer school course.

SENIOR OBLIGATIONS

Report cards and diplomas will not be issued to seniors until all graduation requirements and obligations to the school are met. To participate in commencement ceremonies, all requirements for graduation must be met. Students with report card and diploma “holds” will not participate in graduation until all outstanding obligations have been fulfilled. Seniors who participate in acts of vandalism or who carry out pranks will be subject to Category One of the discipline code and in addition may be excluded from senior activities and graduation.

SENIOR PRIVILEGES

Seniors having Senior Privileges must present their Senior Privilege Pass whenever a Senior Privilege is being used. Anyone found assuming a Senior Privilege who is not on the Senior Privilege list will be subject to disciplinary measures.

To be eligible for first quarter senior privileges, students must have:

1. Passed all courses in their Junior year with a minimum of C-.
2. No more than 3 absences for 4th quarter of their junior year
3. No administrative detentions, planning rooms, or suspensions for 4th quarter of their Junior Year.
4. All school debts paid in full.

To be eligible for senior privileges a senior must have:

1. A minimum of a C- in all courses.
2. Not exceeded 3 absences by the end of the first quarter, 6 absences by the end of the second quarter and 9 absences by the end of the third quarter.
3. Not exceeded 3 tardy arrivals to school by the end of the first quarter, 6 tardy arrivals to school by the end of the second quarter and 9 tardy arrivals to school by the end of the third quarter.
4. No administrative detentions, planning rooms, or suspensions.
5. All school debts paid in full.

SENIOR WEEK

Once seniors have been released from school after their final exams in May, they are not to return to school except for school business or as directed by the Principal for specific exercises. No disruption of the school will be tolerated at any time. Failure to comply may result in withholding of the diploma until after graduation.

In addition, the Principal has the right to refuse a student's participation in the graduation ceremonies and to withhold the awarding of a diploma on graduation day on the following grounds:

- Failure to participate in the graduation rehearsals as deemed necessary by the Principal.
- Refusal to wear approved academic robes (caps, tassels and gowns) and other appropriate clothing as determined by the Principal.
- Any breach of behavior or decorum, which would tend to discredit the school while the student is attending or en route to or from any of the traditional functions.

Senior "Skip Day" is not approved by the ORRSB. Any senior who participates in such an activity may be suspended in or out of school. In addition, a student may be restricted from the privilege of Senior Prom, Senior Week activities, or graduation ceremonies.

CHEATING AND PLAGIARISM

ORRSB recognizes the need for all students to assume responsibility for their own schoolwork. Academic integrity must be preserved for its own sake, and in fairness to the objective evaluation of all. Cheating or plagiarism in any form will not be permitted. In a case that involves any form of cheating or plagiarism, the administration will be notified, a conference will be held to include the student, teacher, and the administration. The parent/guardian/caregiver(s) will be notified and, if necessary, a follow-up conference will be held. The student will be subject to Category One of the discipline code. In case of a disciplinary suspension, a hearing procedure will apply.

- The student may be assigned to afterschool detention to complete make-up work related to the assignment in question. Academic credit will not be granted for this make-up work.
- If more than one person is involved in cheating, the same penalty will be assigned to all students involved.
- Students who allow their work to be copied are cheating and will be assigned the same penalty as the person who copies.
- In the case of cheating which involves classroom disruption, the administration will impose a penalty according to the discipline code.
- The theft or the attempted theft of teacher testing materials of any type will result in suspension. Any student who uses materials stolen from a teacher will be suspended.
- A student caught cheating will receive a 'zero' on the assignment.

The following actions will be taken in any case which involves plagiarism:

All plagiarism/cheating must be reported to the Assistant Principal

1st offense:

Grade for the assignment will be 50% of the grade earned
The student must redo the assignment

2nd offense: (a 1st offense might be elevated to a 2nd offense at the discretion of the Assistant Principal or teacher)

The grade for the assignment will be a 0%
The student must redo the assignment

3rd offense:

The grade for the assignment will be a 0%
The student must redo the assignment
The student will be suspended out of school

In the event of a questionable plagiarism offense, an impartial committee of 3 (teacher, administrator, parent/guardian/caregiver) will determine if it is an actual plagiarism case.

CLASS CUTS AND TRUANCY

In accordance with the M.G.L. c. 76, s. 1, students are to attend school during the number of days required by the Board of Education.

Unnecessary absence due either to a student's willful decision or a parent/guardian/caregiver's inability or unwillingness to ensure attendance is a violation of law and district policy. Parent/guardian/caregiver(s) who support or enable a chronic pattern of unnecessary absences for student under the age of 16 may be subject to agency or court action. Chronic truancy and excessive absenteeism will result in the filing of a CRA (Child Requiring Assistance) petition in juvenile court.

TARDY TO SCHOOL/CLASS

- Students tardy to school must report to the front office as soon as they arrive. The receptionist will issue an admittance slip.
- After three tardies (arrival within the first half of the class) to a class/block, one class absence will be documented in PowerSchool.
- Students not present for 50% of the class will be considered absent.

Students who drive to school are expected to arrive on time as well as display their parking sticker on the rear driver-side window. Failure to do so may result in disciplinary action, such as their driving privilege being revoked.

EARLY DISMISSALS AND PLANNED ABSENCES

Students must bring dismissal notes to the front office to pick up the dismissal authorization from the receptionist prior to dismissal. If a dismissal must be done over the phone, it should be for emergency purposes only. In such cases, the phone call to the school front office must be received from the student's parent/guardian/caregiver and a return phone call from the school will be made to verify the dismissal. Students leaving during the school day must sign out at

the front office with the receptionist before leaving the building. Students who return to the building from dismissal during a school day must sign in at the front office.

ATTENDANCE POLICY

Daily Attendance

For the purposes of ORRHS policy, a daily absence refers to a student's presence in school for that day. A student must be at school, at a school-related activity (i.e. field trip) or receiving academic instruction for at least half the school day to be counted as present. At ORRHS, for daily attendance, a student arriving at 7:30 a.m. is present for a full day at 11:00 a.m. A student can also be considered present for a full day by arriving before 11:00 a.m. and remaining in school until dismissal at 1:58 p.m.

The Old Rochester School District 7-12 policy states:

Full day attendance is essential to the learning process. The Old Rochester Regional School District and Superintendency Union #55 (ORR/SU#55) will strive to meet a daily average attendance of 96% or above.

The Commonwealth of Massachusetts G.L. c. 76, §1 requires that every child, with certain exceptions, between ages established by the state board of education, must attend a public day school or some other approved school, during the time when public schools are in session.

- The State no longer distinguishes between excused and unexcused absences. Chronic absence is defined as 10% of the days that a student has been enrolled in the school.
- 5 days of consecutive absence for illness require submission of a physician's note. All District Schools will send notification upon the student's 6th absence and each consecutive accumulation of 6 days thereafter. At ORRHS, student attendance will be recorded in all assigned classes. Students will be marked with one of four attendance codes: Absent, Present, School Business, Tardy.

While there are no excused absences, students are able to make up work assigned while absent for full credit pending adherence to the school makeup policy.

Class Attendance

For the purposes of ORRHS policy, "credit" means credit earned upon completion of a course. ORRHS offers half-year courses earning 2.5 credit and full-year courses earning 5 credits. 120 credits are required for graduation. Students earn credit by earning a passing grade (65 or better) and fulfilling attendance requirements as follows:

In a year-long course, the following will apply for class credit:

- Upon the 8th absence: the student will receive an attendance warning letter.
- Upon the 12th absence: the student will receive a credit-pending letter.
- Upon the 18th absence: the student will receive no credit for the course; the final grade in the course will be NC (no credit).

In a half-year course, the following will apply for class credit:

- Upon the 4th absence: the student will receive an attendance warning letter.
- Upon the 6th absence: the student will receive a credit-pending letter.
- Upon the 9th absence: the student will receive no credit for the course; the final grade in the course will be NC (no credit).

To receive a present attendance code for a class, students need to be present in class for 40 or more minutes. Students not in class for a minimum of 40 minutes will be designated as absent.

A student assigned to *In School Suspension* will not be recorded absent for their classes missed. An *Out of School Suspension* will be recorded as absent except for each day that they receive academic instruction from the district for more than half the school day.

Students receiving a credit-pending letter will be assigned Saturday School to make up missing seat time in a course. Students in a credit-pending status will not be able to participate in School Business designated in the attendance code.

A Saturday School restores credit but does not remove an absence. Absences continue to accrue in a credit pending status and students continue to be ineligible for school business designations. For each additional absence in the credit pending course, a Saturday School is required to restore credit. Upon the 9th in a half year and 18th in a full year, credit will be lost regardless of Saturday School attendance.

Educational services in home or hospital 603 CMR. 28.03(3)(c). Upon receipt of a physician's written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal shall arrange for provision of educational services in the home or hospital. Such services shall be provided with sufficient frequency to allow the student to continue their educational program, as long as such services do not interfere with the medical needs of the student. The principal shall coordinate such services with the Administrator of Special Education for eligible students. Such educational services shall not be

considered special education unless the student has been determined eligible for such services, and the services include services on the student's IEP.

Hospitalized students and/or those students receiving documented medical treatment are able to be graded at a pass/fail for one term while they remain out of school. Students will be asked to complete work to demonstrate competencies to achieve a passing grade of 65 for the term. The students passing grade will be excluded from the final grade. In the event the student was not able to work to a 65 or is unable to return to the classroom in a second term of the same school year, they will lose credit in the course.

Using pass/fail for one term, we will adjust the absence numbers based on the three graded terms.

In a year-long course, the following will apply for class credit:

- Upon the 6th absence: the student will receive an attendance warning letter.
- Upon the 9th absence: the student will receive a credit-pending letter.
- Upon the 13th absence: the student will receive no credit for the course; the final grade in the course will be NC (no credit).

In a half-year course, the following will apply for class credit:

- Upon the 3th absence: the student will receive an attendance warning letter.
- Upon the 5th absence: the student will receive a credit-pending letter.
- Upon the 7th absence: the student will receive no credit for the course; the final grade in the course will be NC (no credit).

FAMILY VACATIONS

Parent/guardian/caregiver(s) and students are encouraged to plan vacations around the scheduled 180 school days so as not to interrupt the educational process. In cases of family situations involving extended absences, students must ask for work before they leave. The teacher is not obligated to give every specific assignment, but should give the general direction of the curriculum for the time the student is out of school. ORRHS finds that when students are out for multiple days at a time, it is extremely disruptive to their academic progress as makeup work cannot replicate missing instructional time.

NATIONAL HONOR SOCIETY

The National Association of Secondary School Principals formed the National Honor Society to recognize academic achievement. The Old Rochester Chapter is a chartered member of this organization. Criteria for membership include a minimum GPA, good attendance, and demonstrated qualities of service, leadership, and character. At Old Rochester, a student may be elected during either the junior or the senior year. Upon induction, each National Honor Society member is issued an official National Honor Society membership card.

Administration, faculty, and staff recognize this card as a pass. Because membership in the National Honor Society represents character and leadership, as well as scholarship, this card allows members to use the privilege to access the library, computer room, guidance, and other studies, when the student is not in class. If the trust represented is broken, the faculty advisor and the administration may withdraw the privilege for that member.

- Minimum GPA will be based on National Honor Society standards.

PROCEDURAL AND INFORMATIONAL MATTERS

VIDEO CAMERA SYSTEM

A video camera system has been placed throughout the facility, where there is no reasonable expectation of privacy, for further security. Students identified on security cameras in violation of School Committee policies will be subject to disciplinary action.

VISITORS

School policy is to accept only those visitors who have legitimate business at the school. Visitors and guests must register in the front office upon entering the building. For safety reasons, all doors will be locked. All doors can open from the inside to assure emergency exit. A valid State ID must be presented by all visitors.

PROCEDURE FOR ENROLLING NEW STUDENTS

Appointments for enrolling new students must be made in advance through the registrar and the guidance secretary.

- New students will begin classes on the day following their appointment, if all required information has been submitted
- Enrollment is not complete until the student begins classes. Families who intend to move or build in the district must have the appropriate documents on file (see non-resident student policy).
- At the time of the appointment for enrollment, the parent/guardian/caregiver must bring to ORRHS copies of the following:
 - Massachusetts transfer card
 - Birth certificate or custody agreement if pertinent
 - If pertinent, documentation of educational surrogate parent
 - Academic records: a transcript and the most recent report card
 - Discipline records or a statement from the School Principal that none exists
 - Health record with updated immunizations
 - Current program of courses
 - Special education records (if applicable)
 - Current Physical Exam (1 year)

All of the above information must be presented at the time of the enrollment appointment. Enrollment cannot be completed without proper documentation.

Students and parent/guardian/caregiver(s) may schedule an information meeting with a guidance counselor before enrollment. At this time school program, courses, activities, etc. can be discussed and students may tour the building with a designated guide. Appointments for these information visits can be made through the guidance secretary.

In order for course work from another school to be considered for credit toward a diploma from ORRHS, an official transcript, must be transmitted from that school directly to the Principal, ORRHS, 135 Marion Road, Mattapoisett, Massachusetts 02739. The Standing Committee on Graduation Requirements will then evaluate the transferring student's course work and assign appropriate credit.

TRANSFER

A student who is transferring to another school is urged to notify the guidance department as soon as the decision to move has been made. If the name of the school the student will attend is known, the student should request a transcript and test record to be furnished to the new school at once.

Transfer Procedure:

- The student should provide a note to the Principal signed by a parent/guardian/caregiver indicating the date of withdrawal, new residence and the name and address of the new school.
- If all this data is not available, the student should furnish as much as is known.
- The student should tell their guidance counselor of the change.
- If the move is to take place during the academic year, the counselor will, with the student's consent, contact the new school and assist in making the transfer with a minimum of wasted effort.

Under M.G.L. c. 71, s. 37L, any student transferring into a new school district must provide the new district with "a complete school record," including but not limited to, "any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act." 603 CMR 23.07(4)(g) allows a school district to release the entire student record of a transferring student to the new school without prior consent, provided that it gives notice that it forwards student records to another school in which the student seeks or intends to transfer. Students and parent/guardian/caregiver(s) are hereby notified that ORRHS will forward all records to new school districts.

STUDENT RECORDS

1. The student's transcript shall be maintained by the school department and may only be destroyed 60 years following their graduation, transfer, or withdrawal from the school system.
2. The temporary record of any student shall be destroyed no later than seven (7) years after the student transfers, graduates, or withdraws from the school system.
3. Students have the opportunity to receive temporary records prior to their destruction, by contacting the school.

WITHDRAWAL FROM SCHOOL

- A student less than 16 years of age may not withdraw from school unless they have earned a high school diploma.
- A student between the ages of 16 and 18 may only withdraw from school with the written consent of a parent/guardian/caregiver.
- A student planning to withdraw from school before graduation should discuss future plans with their guidance counselor.

ANNOUNCEMENTS OF SCHOOL CANCELLATION

When the decision has been made to close schools, this information may be broadcast through the courtesy of the following radio stations: WBSM (1420 AM), WFHN (107.1 FM), and WBZ (Boston TV Channel 4/AM Radio 1030). It is advisable to listen beginning with the 6:00-7:00 a.m. news announcements. The Principal will also make a connect-ed automated phone call to all of the students and staff of ORR.

DAILY BULLETIN

Teachers or students wishing to publish information in the daily bulletin must submit the item to the secretary in the Assistant Principal's office before 1:30 p.m. of the school day preceding publication.

The daily bulletin will be read aloud each morning. Every student has an obligation to acquaint themselves with all bulletin information published during their absence. The Assistant Principal's office will keep a copy of each daily bulletin of the school year for reference by students wishing to check information in back issues.

Athletic Department information, emergency announcements, and cancellations will be read over the public address system when necessary during the school day.

DISTRIBUTION OF SCHOOL PROPERTY

For the purpose of this policy, school property includes books, calculators or all other school equipment issued to the student for use in the curriculum or in extra- curricular activities. Books will be loaned to students for use during the term of a course, subject to the following conditions:

- A student will be required to pay the full purchase price of any book not returned.
- The student is required to take proper care of every book issued and to protect it from loss and damage.
- The student should verify the identification of the book at the time it is issued. The student will sign a receipt for the book indicating its identification, number, and condition.
- If a student loses a book during the term of a course, their teacher may issue them a new book after completing "Report of Lost or Damaged Book" form and agreeing to pay the replacement cost of the book. In the event that the book is found before the end of the

accounting period, June 30, and is in good condition, the administration will refund money to the student upon application.

- Bills for books or materials or damaged school property are due and payable on presentation. Collection proceedings will be instituted on bills remaining unpaid after 30 days. Freshmen, sophomores, and juniors must pay all bills before the end of the school year. Seniors must pay all bills before graduation.
- Teachers will inspect all school-owned books from time to time. If a book is damaged, lost, or missing for any reason, the student may be issued another after completing and signing a "Report of Lost or Damaged Book" form and agreeing to pay the replacement cost of the lost or damaged book.

BEFORE SCHOOL

Student drivers, as well as students who ride the bus, are expected to report directly to the cafeteria upon arriving to school unless prior arrangements have been made with their subject teacher. Students found loitering in the parking lot before school will be subject to disciplinary action.

AFTER SCHOOL

Students will be permitted to be in and around the building until 3:30 p.m. At 3:30 p.m., students are to either board a late bus or arrange for a ride home from school unless directly supervised by a staff member.

PASSES

- Students who are in the corridors while classes are in session must have an approved pass.
- High school students are not to go to the Junior High School without prior written authorization from the administration.

HEALTH

Students must see the school nurse if they need first aid, become ill during school hours or wish advice on a health problem. A student should secure a pass from their teacher. If the nurse is not in the office, the student should report to the front office so that the nurse may be located or notified.

State regulations require that each student have a physical examination at least every three or four years. The examination may be performed by either the student's own physician. The school requires physical examinations for students in grades 9 and 12.

State regulations require that every grade 10 student have a hearing test and a vision test. If the test results show hearing or vision difficulties, the student's parent/guardian/caregiver will be notified. All students participating in competitive sports must have a physical examination each school year, before participation. In case of injury, a student must have a release from their own physician before they will be permitted to resume active participation in sports.

The school nurse is not a substitute for a family physician or dentist.

Student Pregnancy Policy:

If a student becomes pregnant, they and/or their family will notify the student's counselor, the Administration or the School Nurse. A meeting will be scheduled with the student and the parent/guardian/caregiver(s) to discuss the educational options and support services available to the student. The above process will follow the confidentiality policies of the Old Rochester Regional School District.

Pregnant or parenting students will be allowed to attend classes during regular school hours, use all school facilities, attend all school functions, and participate in all curricular and extracurricular activities as long as the student's physical and mental health is not endangered. Homebound educational service will be provided for the student if they are no longer able to remain in school.

The district does not require a pregnant student to obtain certification of a physician that the student is physically and emotionally able to continue school. Documentation from a doctor is required for temporary exemption from physical education classes and medical excuse of days absent.

It is recommended the student seek counseling and support on pre-natal care and early childbearing.

The student must comply with all school regulations governing the general student body, unless excused by the school's Administration. The parenting student may not bring a child to school anytime during the school day unless administrative permission has been granted.

Each case will be reviewed individually on the basis of a number of factors such as the health, safety and well being of the student and the school community.

DISPENSING MEDICATION AT SCHOOL

Students are not permitted to possess medications in the school building during the school day. A signed order from a physician, dentist, nurse practitioner, or physician's assistant is required to administer all medications in school, as required by M.G.L. Parent/guardian/caregiver permission is also required. Appropriate forms are available in the nurse's office. Special arrangements for medication administration during field trips must be made with the school nurse. Medications will be given by a parent/guardian/caregiver or by a school representative who has permission from the parent/guardian/caregiver.

ADMINISTERING MEDICATION TO STUDENTS

The policy of the ORRSB as mandated by M.G.L. c. 71, s. 54B and the Massachusetts Department of Public Health 105CMR, 210.001, et seq. "Regulations Governing the Administration of Prescription Medications in Public and Private Schools" is that prescription medication is not to be dispensed without a written order from a licensed physician as described in 105CMR 210.002 and written parent/guardian/caregiver consent. Over the counter medication and medicinal substitutes such as nutritional supplements will not be dispensed without a physician's order or parent/guardian/caregiver consent, as deemed necessary by the school nurse. Required orders and consents must be renewed as necessary and at the beginning of each academic year. All medications must be in the original container, properly labeled and delivered to the school nurse by a responsible adult (parent/guardian/caregiver). No more than a thirty (30) day supply will be accepted at one time.

Medication must be retrieved in person by the parent/guardian/caregiver. Medication will be destroyed if it is not picked up within one week following termination of the order or one week beyond the close of school. All medication shall be dispensed by a Registered Nurse (including on field trips, if the parent/guardian/caregiver is not present) with the exception of medications that may be self-administered pursuant to M.G.L. c. 71, s. 54B. Appropriate school staff shall be notified of medication administration by the school nurse (or student's self-administration of prescription medication) with parent/guardian/caregiver consent, if not in violation of confidentiality. Administration of epinephrine will follow the procedures set forth by the Department of Health Regulations.

Students with asthma or other respiratory diseases may possess and self-administer prescription inhalers under the following rules for Student Self-Administration of Medication.

Students with cystic fibrosis may possess and self-administer prescription enzyme supplements under the following rules of Student Self-Administration of Medication.

Students with diabetes may possess and self-administer glucose monitoring tests and an insulin delivery system under the following rules of Student Self-Administration of Medication.

RULES FOR STUDENT SELF-ADMINISTRATION OF MEDICATION

The school nurse may permit self-medication of prescription or over-the-counter medication by a student provided that the following requirements are met:

- The student, school nurse, and parent/guardian/caregiver enter into an agreement which specifies the condition under which the medication may be self-administered;
- The school nurse develops a medication administration plan which contains elements necessary to ensure a safe self-administration of the medication, including information for the safe storage of the medication and provided for accessibility of the medication for the individual student;
- The school nurse evaluates the student's health status and abilities and deems self-administration safe and appropriate, after observing initial self-administration of the medicine; "self-administration" means that the student is able to consume or apply medication in the manner directed by the licensed prescriber, without additional assistance or direction.
- The school nurse is reasonably assured that the student is able to identify the appropriate medication, knows the frequency and time of day for which the medication is ordered, and follows the school self-administration protocols;
- There is on file a written authorization from the student's parent/guardian/caregiver(s) that the student may self-medicate;

INTERNET ACCEPTABLE USE AND SAFETY POLICY

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. While student use of the internet is monitored, monitoring of all internet use by staff members, administrators and students is neither feasible nor possible. Therefore, it is the purpose of these guidelines and the agreement for Internet use to ensure that all who use this valuable resource do so in an appropriate manner.

The ORRS/D/Massachusetts School Superintendency Union No. 55, along with other organizations sponsoring this Internet connection, will not be liable for the actions of anyone connecting to the Internet through this hook-up. Therefore, all users shall assume full liability, legal, financial, or otherwise for their actions.

PRIVACY AND RIGHT OF ACCESS TO STUDENT RECORDS

The privacy of student records and right of access to those records is governed by regulations of the Massachusetts Department of Education, promulgated under M.G.L c. 71, s. 34D.

Each student and their parent/guardian/caregiver(s) have a right of access to the student's entire record. They also have a right to a copy of that record. The fee charged for the copy is the cost of reproduction. If the student or their parent/guardian/caregiver requests it, an appropriate school official will meet with them to interpret the record. A student or their parent/guardian/caregiver may add information or other relevant material to the student's record. Any request for deletion or amendment of material contained in a student's record must be made in writing or at a conference with the Principal or their designee. If the request is in writing, it should include a statement of the reasons for the request. The administration will then notify the parent/guardian/caregiver of their decision

Authorized school personnel also have access to student records when such access is required by their official duties.

With the following exceptions, the school will not otherwise release information concerning a student without the specific, informed written consent of the student or, in the case of a student under the age of 18, their parent/guardian/caregiver:

- The school may release for publication the student's name, class, participation in officially recognized activities and sports, degrees, honors and awards, unless the student or their parent/guardian/caregiver notifies the school not to release that information without prior consent.
- The school will release information in response to a court order or a lawfully issued subpoena or in response to an appropriate request by a federal, state, or local official, such as an official of the Department of Public Health, the Department of Education, or the Department of Youth Services.
- The school will provide authorized school personnel of a school to which a student transfers access to the student transfer card. The school will also provide the officials of such school access to the student's transcript, discipline, and health records and, in the case of a student receiving special education services, the education plan and assessments pertinent to it. Before releasing such information, other than the transfer card, the school will notify the student and their parent/guardian/caregiver.
- The school may release anonymous statistical data to appropriate persons.
- Any request for release of information to a third party or access by a third party to a student's record must be in writing and signed by the student or, if the student is less than 18 years of age, by their parent/guardian/caregiver. The request must specify the parts of the student's record to be released, the reason for the release, and the party to whom the record is to be released. The student or their parent/guardian/caregiver may also request a copy of the records released.

USE OF THE ELEVATOR

There is an elevator at ORR capable of carrying students in need. Use of the elevator is limited to students who have specific permission from the administration. Unauthorized use of the elevator may result in disciplinary action.

EXCHANGE STUDENT POLICY

The School Committee authorizes the enrollment on a tuition-waived basis of students sponsored by the American Field Service. In a given school year, the committee will accept not more than five (5) students on a tuition-waived basis. Tuition may be waived for other foreign students if their numbers do not affect class ratios or require additional class sections. Persons proposing to enroll an exchange student at the high school must notify the Principal of the high school sixty (60) days prior to the student's projected starting date.

ORRHS accepts international students as an auditing student and as a regular credit student. As an auditing student, they are graded on a pass or fail basis. At the year's end, the student receives a certificate of attendance. As a regular credit student, they must fulfill all course requirements and will be graded in the usual manner (A-F). Regular credit students will be eligible for an ORRHS diploma if all requirements are met. Student transcripts (written in English) must be submitted before a student is enrolled in the regular credit program.

SEXUAL HARASSMENT POLICY

All persons associated with the Old Rochester Regional School District including, but not necessarily limited to, the Committee, the administration, staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Any person who engages in sexual harassment while acting, as a member of the school community, will be in violation of this policy. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating in an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated.

Because the Old Rochester Regional School Committee and the School Committees of Superintendency Union #55 takes allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting a workplace and school environment that is free of sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for workplace or school conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

Sexual Harassment Prohibited

"Sexual harassment" is defined as unwelcome conduct of a sexual nature. It includes sexual advances, requests for sexual favors, and verbal, non-verbal or physical conduct of a sexual nature when:

- Submission to or rejection of such advances, requests, or conduct is made either explicitly or implicitly as a term or condition of employment, academic standing, school-related opportunities or as a basis for employment decisions.
- Such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's academic or work performance by creating an intimidating, hostile, humiliating, or sexually offensive work or educational environment.
- Sexual harassment includes acts of sexual violence, including without limitation, physical sexual acts perpetrated against a person's will or

where a person is incapable of giving consent due to the victim's use of drugs or alcohol, or is unable to give consent due to an intellectual impairment or other disability. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery and sexual coercion. All such acts of sexual violence are forms of sexual harassment covered under Title IX.

- Under the definition stated above, direct or implied requests by a teacher, supervisor or any individual in a position of work or school authority for sexual favors in exchange for actual or promised job or school benefits such as favorable reviews, salary increases, promotions, increased benefits, continued employment, better grades, recommendations or other advantages constitutes sexual harassment.

While it is not possible to list all circumstances that may be considered sexual harassment, the following are examples of conduct that are inappropriate and that, if unwelcome, may constitute sexual harassment. In each case, such a determination will depend upon the totality of the circumstances, including the severity of the conduct and its pervasiveness. Sexual harassment includes, but is not limited to:

- Unwelcome sexual advances, whether they involve physical touching or not.
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments.
- Sexual epithets, jokes, written or verbal references to sexual conduct, comments about an individual's body, comments about an individual's sexual activity, deficiencies, or prowess.
- Discussions of one's own sexual activities or inquiries into others' sexual experiences.
- Displaying sexually suggestive objects, pictures, cartoons.

The definitions of discrimination, harassment and sexual harassment are broad. In addition to the above examples, other unwelcome conduct, whether intended or not, that has the effect of creating a school or work environment that is hostile, offensive, intimidating, or humiliating to either male, female, or nonbinary students or employees also may constitute discrimination, harassment and/or sexual harassment.

The Grievance Officer: Superintendent of Schools and/or Designee

The committee will annually appoint a grievance officer who will be vested with the authority and responsibility of processing all sexual harassment complaints in accordance with the local grievance procedures. Please direct all complaints of sexual harassment to the following:

The policy and procedures are intended to be interpreted and enforced as an integrated document. These procedures are designed to facilitate a prompt and effective internal review and resolution of allegations of bias-based conduct, discrimination on the basis of race, color, sex, gender identity, religion, national origin, sexual orientation, disability, age or homelessness.

Reporting Complaints of Discrimination and Harassment

If any Old Rochester Regional School District or Massachusetts Superintendency Union #55 ("District") student, parent/guardian/caregiver of the student, or employee believes that the student or employee has been subjected to sexual harassment or any other form of harassment or discrimination by an employee, other student(s) or third party, the student, parent/guardian/caregiver of the student, or employee has a right to file a complaint with the appropriate District as outlined. This may be done informally or formally, and verbally or in writing. District employees who observe incidents of harassment involving students, shall report such complaints or incidents immediately to the student's Principal or to the Grievance Officer. Administrators aware of harassment involving any employee shall report such incidents to the Grievance Officer or to the Superintendent.

Student Reports of Discrimination and Harassment:

Students and/or parent/guardian/caregiver(s) may report complaints of discrimination and harassment to the student's teacher, Principal, Guidance Counselor, the Grievance Officer or the Superintendent.

Complaint Investigation

When the District receives a complaint of discrimination or harassment, it will investigate the allegation in a reliable, impartial and timely manner. If the

complaint involves conduct that occurred off school grounds, outside of a school's education program or activity, the District will, as part of its investigation, consider the effects of the off-school grounds conduct when evaluating whether there is a hostile environment on school grounds. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. If the individual filing the complaint of discrimination or harassment is under eighteen (18), the school will notify the parent/guardian/caregiver(s) of the student before beginning the investigation.

The investigation may include an interview with the person filing the complaint and also may include interviews with witnesses or other individuals who the District believes would be useful to the investigation. The District also will interview the person alleged to have committed the discrimination or harassment. When the District has concluded its investigation, the District will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of the investigation. These complaint investigation procedures cover complaints alleging discrimination or harassment on the basis of race, color, sex, gender identity, religion, national origin, sexual orientation, disability, age or homelessness. The procedures are designed to promote the sensitive handling of employee and student issues, the thorough investigation of complaints, and to facilitate a prompt and expeditious internal review and a fair and equitable resolution of complaints alleging discrimination on the basis of race, color, sex, gender identity, religion, national origin, sexual orientation, disability, age or homelessness.

Please note that while these procedures relate to the Old Rochester Regional School District and Massachusetts Superintendency Union #55's policy of promoting a workplace and educational setting free from discrimination and harassment, including sexual harassment, as detailed further in this policy, these procedures are not designed nor intended to limit the District's authority to discipline or take remedial action for workplace and educational conduct which the District deems unacceptable.

The Old Rochester Regional School District and Massachusetts Superintendency Union #55 will take steps to prevent the recurrence of any harassment and to correct any discriminatory effects on the complainant and others, if appropriate.

Employees may also file a formal complaint with their supervisor who will, within 24 hours of receipt, forward a written record of the complaint to the Grievance Officer.

Students or parent/guardian/caregiver(s) may also file a formal complaint with a teacher, Principal or Guidance Counselor who will, within 24 hours of receipt, forward a written record of the complaint to the Grievance Officer. Employees and students or parent/guardian/caregiver(s) are encouraged to file their complaint no later than twenty (20) working days after the alleged discriminatory practice occurred in order for an expeditious investigation to be conducted. (The District will accept complaints filed later on a case-by-case basis.) The employee or student or parent/guardian/caregiver will be asked to fill out a reporting form that will state the name of the individual(s) who engaged in discrimination or harassment, and the location of the school/department where the alleged discriminatory practice or policy occurred, the basis for the complaint and the corrective action the employee or student or parent/guardian/caregiver is seeking. The employee or student or parent/guardian/caregiver will have the opportunity to present witnesses and other evidence.

After filing the formal written complaint, the Grievance Officer shall promptly give written notification to the appropriate school/department identified in the complaint. This written notification shall be a copy of the complaint filed. The Grievance Officer will conduct the necessary investigation promptly after receiving the complaint. In the course of its investigation, the Grievance Officer shall contact those individuals that have been referred to as having pertinent information related to the complaint. This process shall include, at a minimum, contacting the complainant, the complainant's parent/guardian/caregiver if the complainant is under the age of 18, and the person against whom the complaint was filed and/or the Principal or appropriate authority involved. The complainant and, if applicable, the subject of the complaint, will be interviewed and given a full opportunity to state their case through the presentation of witnesses and other evidence. Witnesses and other persons relevant to the complaint, if any, will also be interviewed. The investigation will also include a review of any documents or other information relevant to the complaint.

The Grievance Officer will make sure that the complaint is resolved as quickly as is feasible and will strive to complete the investigation within thirty (30) working days after the complaint is filed. When more than thirty (30) working days is required for the investigation, the Grievance Officer shall inform the employee or student or parent/guardian/caregiver who filed the complaint, in writing, that the investigation is still ongoing and will provide, to the extent appropriate, the reason for the delay. Strict timelines cannot be set for conducting the investigation because each set of circumstances is different. For example, sometimes the employees or students that are involved in the complaint are not immediately available.

If the Grievance Officer finds that there is reasonable cause, based upon a preponderance of the evidence (i.e., more likely than not), for believing that a discriminatory or harassing practice has occurred, the Grievance Officer will refer the matter to the Superintendent of Schools for appropriate action, up to and including termination for employees or expulsion for students.

The Grievance Officer will notify, in writing, the complainant and, where applicable, the individual against whom the complaint was filed, of the outcome of the investigation. Notification of the outcome will be completed within ten (10) working days of the termination of the investigation.

If no satisfactory resolution can be reached through either the informal or formal resolution procedures detailed above, the student or parent/guardian/caregiver or employee has the right to take the complaint to an appropriate state or federal agency. Moreover, it should be noted that using the Old Rochester Regional School District and Massachusetts Superintendency Union #55's complaint process does not prohibit an employee or student or parent/guardian/caregiver from filing a complaint with these agencies (contact information provided below).

Disciplinary Action

For students, discipline will be imposed consistent with the student code of conduct and state laws and regulations. Such action may include suspension, expulsion, or other action deemed appropriate under the circumstances.

Discipline of school staff will be consistent with collective bargaining procedures, if applicable, and may include written warning, suspension from employment, employment termination, or another action deemed appropriate under the circumstances.

In addition to discipline as outlined above, the District may also address concerns regarding discrimination/harassment by applying such approaches as alternate dispute resolution, restorative justice, professional development, training, or coaching. Responsive measures will include any steps necessary to prevent the recurrence of any discrimination and/or harassment in the future and will include corrective action aimed at eliminating any discriminatory effects on the complainant and others, as appropriate.

In certain cases, harassment and sexual harassment of a student may constitute child abuse under Massachusetts law. The District will comply with all legal requirements governing the reporting of suspected cases of child abuse.

State and Federal Remedies

Nothing in this policy or procedure shall be deemed to affect a complainant's right to pursue other remedies at law, including administrative appeals or lawsuits. Administrative agencies with jurisdiction in these matters include:

SEX EDUCATION POLICY

In accordance with M.G.L. c. 71, s. 32A, it is the policy of the school district that the School Principal shall notify the parent/guardian/caregiver of each student who is to be enrolled in a course or program whose curriculum primarily involves human sexual education or human sexuality, and shall afford parent/guardian/caregiver(s) the flexibility to exempt their student from any portion of said curriculum through written notification to the School Principal. No student so exempted shall be penalized by reason of such exemption.

To the extent practicable, the School Principal shall make program instruction materials for said curricula reasonably accessible to parent/guardian/caregiver(s), educators, school administrators and others for inspection and review.

CHILD ABUSE POLICY

In accordance with M.G.L. c. 119, s. 51A, any physician, medical intern, medical examiner, dentist, nurse, public or private school teacher, educational administrator, guidance or family counselor, probation officer, social worker or policeman, who, in their professional capacity shall have reasonable cause to

believe that a child is under the age of eighteen years is suffering serious physical or emotional injury resulting from abuse inflicted upon them including sexual abuse, or from neglect, including malnutrition, or who is determined to be physically dependent upon an addictive drug at birth, shall immediately report such condition to the Department of Social Services (DSS) by oral communication and by making a written report within forty-eight hours after such oral communication; provided, however, that whenever such person so required to report is a member of the staff of a medical or other public or private institution, school or facility, they shall immediately either notify the DSS or notify the person's designated agent, whereupon such person in charge of their said agent shall then become responsible to make the report in the manner required by this section. Any such hospital personnel preparing such report may take, or cause to be taken, photographs of the areas of trauma visible on a child who is subject of such report without the consent of the child's parent/guardian/caregiver(s). All such photographs or copies thereof shall be sent to the DSS with such report.

PROCEDURES FOR REPORTING CASES OF CHILD ABUSE

The purpose of this procedure is to facilitate and assist in the appropriate reporting of neglect or abuse.

- Any staff member who suspects that a child has been abused or neglected shall report this as soon as possible to the Principal or the Superintendent on the day of the observation.
- The Principal will review the report and school information with appropriate staff members (School Adjustment Counselor, Nurse, Assistant Principal, Guidance Counselor, and Teacher) as soon as possible, and within two days of the referral. Reasonable cause must be determined before informing the DSS. There does not need to be incontrovertible proof of abuse or neglect, but there needs to be sufficient facts to establish "reason to believe" that there is abuse or neglect.
- The school Principal or their designee shall call the DSS in New Bedford (508-997-3361 or the DSS Hotline number) and notify them of the alleged child abuse.
 - The school may request that the caseworker maintain contact with a specific school staff member.
 - The specific identity of the reporter can remain confidential.
- Parent/guardian/caregiver notification will be at the discretion of the Principal.
- Within forty-eight (48) hours of making the oral report to the DSS, the School Principal or their designee shall submit a written report (Form 51A) to DSS. The 51A form is to be sent by CERTIFIED MAIL. A photocopy of the report is to be forwarded to the Superintendent of Schools.

- School authorities are obligated under Massachusetts law to report sexual abuse to DSS.

BULLYING PREVENTION AND INTERVENTION

(Secondary 7-12 Version)

On May 3, 2010 Governor Patrick signed an *Act Relative to Bullying in Schools*. This new law prohibits bullying and retaliation in all public and private schools, and requires schools and school districts to take certain steps to addressing bullying incidents. Parts of the law (M.G.L. c. 71, § 37O) that is important for students and parent/guardian/caregiver(s) to know are described below.

These requirements are included in the Old Rochester, Marion, Mattapoisett and Rochester School District's Bullying Prevention and Intervention Plan. The Plan will include the requirements of the new law, and also information about the policies and procedures that the school or school district will follow to prevent bullying and retaliation, or to respond to it when it occurs.

You may not engage in any form of bullying or cyberbullying. (see below for definitions from state law). Why? It is against the law. It is also common decency, and everyone has a right to feel safe in and out of school. **What Happens?** Every reported act of bullying or harassment will be investigated. Parent/guardian/caregiver(s) of offenders and victims will be contacted in cases of confirmed bullying. The consequences of bullying may range from detention to expulsion. The police may also be contacted.

BULLYING AND CYBERBULLYING

Students may not engage in bullying or cyberbullying. Massachusetts law gives school officials the power to investigate and discipline bullying that occurs **on or off school grounds** (e.g., cyberbullying from a home computer) if that bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school, or materially and substantially disrupts the education process or orderly operation of the school, as determined by school administrators.

Targets of bullying should seek the help of an adult in the school community whom they trust. That adult will immediately inform the administration. Students who bully other students can expect a full investigation by administration, parent/guardian/caregiver contact, and (depending on the severity of the bullying) remediation and disciplinary action ranging from warnings and behavior agreements to expulsion and police notification.

Definition of Bullying: Bullying is the repeated use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (must include at least one of the following)

- causes physical or emotional harm to the victim or damage to the victim's property;

- places the victim in reasonable fear of harm to themselves or damage to their property;
- creates a hostile environment at school for the victim;
- infringes on the rights of the victim at school; or
- materially and substantially disrupts the education process or the orderly operation of a school;
- involves an imbalance of perceived or real physical or social power between victim and perpetrator(s);
- involves retaliation from reporting of previous incident

Definitions

Cyberbullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person real or fictitious or (ii) the knowing impersonation of another person as the author of the posted content and messages, if the creation or impersonation creates any of the conditions for the definition of bullying. Cyberbullying shall also include the distribution by electronic means of a communication to more than one person of the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution creates any of the conditions that define bullying.

- ***Hostile environment*** is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

Bullying is prohibited:

- on school grounds,
- on property immediately adjacent to school grounds,
- at a school-sponsored or school-related activity, function, or program, whether it takes place on or off school grounds,
- at a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school,

Prohibition Against Retaliation: Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is prohibited.

Reporting Bullying: Anyone, including a parent/guardian/caregiver, student, or staff member, can report bullying or retaliation. Reports can be made in writing or orally to the Principal or another staff member, or reports may be made anonymously. A bully reporting link is available on the ORRHS website. Please note: According to law, "no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report".

Staff members must report immediately to the Principal or their designee if they witness or become aware of bullying or retaliation. Staff include, but are not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, coaches, advisors to an extracurricular activity, or paraprofessionals.

When the School Principal or their designee receives a report, they shall promptly conduct an investigation. Schools must provide ongoing professional development to increase the skills of all staff members to prevent, identify, and respond to bullying. Outside of the school day report to the police.

The on-line bullying report form is located on the ORRHS website under the Families and Students tab. It can also be accessed by using this link: <https://forms.gle/VGw89o5BdqB6ij388>

You may **report anonymously** from the website, **no** disciplinary action can be taken solely on the basis of an anonymous report.

False Reports of Bullying If the Principal determines that a student has knowingly made a false report of bullying, that student will be subject to disciplinary action under Category One. If the Principal determines that a student has knowingly made a false report of bullying, that student will be subject to disciplinary action under Category One.

The Old Rochester Regional High School community is committed to providing a safe environment to every student. The following is a statement of rights and responsibilities afforded to all students at ORRHS.

All students will feel free and safe:

- to come to a safe school environment every day. Areas including locker rooms, hallways, bathrooms, the gymnasium, sports fields, and extracurricular events will be safe and accessible to all students.
- to report incidents of harassment or bullying safely to a staff member.
- to access the school social worker, guidance counselors, the school nurse or other trusted staff member
- to the security of person and property as well as personal space
- to explore positive, healthy relationships
- to express own opinions and be respected
- to have the responsibility to demonstrate respect towards all staff members, including teachers, paraprofessionals, custodians, librarians, nurses, secretaries, and administrators. Students should also expect the same level of respect from all professional staff at ORRHS.

DISCIPLINING BULLIES AND REHABILITATION/REMEDATION
ORRHS has implemented a three-tiered system of discipline to deal with bullying behavior.

- **Tier 1** is a first-time offense of bullying. The Assistant Principal based on the nature of the offense will discipline the student based upon how falls within the student handbook guidelines. If the Assistant Principal views the situation as a case of bullying (as defined by anti-bullying policy) then the student is placed within the remediation program. The student will be referred to and participate in a mandatory remediation program. The bully's teachers and relevant school staff members will be notified of their behavior and made aware of a potential conflict with the target. The Assistant Principal will follow-up with both the bully and the target in subsequent weeks to assess the effectiveness of remediation and intervention.

- **Tier 2** is a second offense of bullying. Student will be disciplined according to the student handbook. Following an assessment of student handbook violations by the Assistant Principal, a recommendation of counseling will be made to the parent/guardian/caregiver(s) and school committee. The Assistant Principal will also develop a behavior contract with the bully.

- **Tier 3** is a third offense and will be viewed as a category 1 offense within the student handbook.

The Assistant Principal reserves the right to elevate a first or second offense to the third tier based on the severity of the offense. Any student entering tier 2 or 3 will be mandated to participate in the school remediation program.

RULES AND REGULATIONS

STUDENT DRESS AND APPEARANCE

For reasons of health, safety, cleanliness, and security, students are not permitted to wear outdoor clothing to any class. This includes, but is not limited to hats or caps, coats or jackets. Outdoor clothing should be removed and secured in lockers for the duration of the school day.

- Students must wear clothing including both a shirt with pants/skirt/shorts, or the equivalent, and shoes.
- Shirts and dresses must have fabric in the front and back, as well as on the sides.
- Backs and stomachs should be covered without pulling or tugging clothing.
- Clothing must cover undergarments and cannot be see-through.
- ORRHS has a no head-adornment policy, including but not limited to hats and hoods. Head adornments worn for religious and/or cultural reasons are permitted.
- Clothing, jewelry, and/or accessories may not depict, advertise or advocate the use of alcohol, tobacco, marijuana, or other controlled substances.
- Clothing, jewelry, and/or accessories may not depict pornography, nudity, or sexual acts.
- Clothing, jewelry, and/or accessories may not use or depict hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation or any other protected groups.
- Clothing or other attire that may be perceived as a gang-related symbol cannot be worn to school.
- Clothing must be suitable for all scheduled classroom activities including physical education, science labs, and other activities where unique hazards exist.
- Specialized courses may require specialized attire, such as sports uniforms or safety gear.
- If the student's attire or grooming threatens the health or safety of any other person, then discipline for dress code violation will be consistent with discipline policies for similar violations.

BACKPACK POLICY

Students are required to use their assigned locker to store their backpacks during the hours of 7:25 AM to 1:58 PM. Students may only carry bags between the hours of 7:25 and 1:58 that do not exceed 18 inches in height, 14 inches in length, and 8 inches in width (from front to back) when completely filled. Most drawstring backpacks and small messenger bags are permitted only if they fit within the stated measurements. These bags will only be permitted if they are stored on the hooks on all classroom desks and can be hung on the

hook by the straps without touching the floor. In the absence of a hook, a classroom will have a dedicated area for bags. If teachers and/or faculty question whether a student's bag meets these requirements, the student must bring their bag to the Assistant Principal's office; their bag must be able to fit in a box of such measurements. Please see diagram for guidelines.

ELECTRONIC MEDIA AND COMMUNICATION DEVICES

Students bringing electronic devices to school do so at their own risk. The school and its administration will not accept the responsibility for any loss, theft, or damage of any personal electronic device brought to school by any student. Further, the administration will not conduct any investigation or search for any electronic items missing or stolen from any student in school.

Students will adhere to the following guidelines:

- All cell phones are to be locked in a locker from 7:25 a.m. to 1:58 p.m.
- Over the ear headphones are prohibited at ORRHS. Earbud use is allowed in classrooms and the library at the discretion of the classroom teacher provided they are producing sound at a volume deemed reasonable to staff members and are not connected to a cellular phone. Earbuds must be connected to a visible device on the desktop. Earbuds are prohibited in hallways, bathrooms, and the cafeteria at all times. It is a reasonable request of a staff member to ask a student to remove earbuds.
- Smart watch devices can be worn in classrooms at the discretion of the classroom teacher.
- Students may charge electronic devices in school at the discretion of the classroom teacher.
- In the event a student forgets their laptop and needs a school-issued one for the school day, the student will trade their cell phone for the school device in the Assistant Principal's office. They will receive their cell phone back upon return of the school-issued laptop.

School-issued or personal devices (tablets, chromebooks, laptops) are to be used for educational purposes only. Devices are not to be used for playing games, watching media, or personal communication (i.e. text messaging). A student may not use a device for recording, videotaping, or taking pictures.

Students found in violation of this policy will face the following consequences:

- **First offense:** Student will be sent to the Assistant Principal's office to turn over the device. Device will be returned at 1:58.
- **Second offense:** Student will be sent to the Assistant Principal's office to turn over the device. Device will be returned at 1:58. A parent/guardian/caregiver will be notified.
- **Third offense:** Student will be sent to the Assistant Principal's office to turn over the device. Device will be returned at 1:58. Following that school day, the student will be required to leave the device home or to turn it in to the Assistant Principal's office for an extended period of time. A parent/guardian/caregiver will be notified. Third and subsequent offenses will be considered a Category Two Offense (insubordination).

DESTRUCTION OF PUBLIC PROPERTY

A person who neglects, misuses, or loses district property will be held financially liable for the losses to the district arising from such neglect, misuse, or loss. Including, but not limited to:

- A student who marks a desk will be expected to pay for the refinishing of the desk.
- A student who marks a book will be expected to pay for the book at its replacement cost to the district.
- The student is responsible for all equipment issued to them and must reimburse the school for items that are lost, broken, or damaged.

NO SMOKING POLICY

In accordance with M.G.L. c.71, smoking is prohibited in the school building, on school grounds and on school buses. The disciplinary procedure for the law against smoking may include assignment to in-school suspension, suspension out of school for up to five days and/or loss of student privileges. Furthermore, the possession of tobacco, tobacco products, or electronic cigarettes is prohibited and punishable by the standards of Category One discipline violations.

RESTRICTED AREAS

Kitchen, Custodial, Shipping and Receiving Areas

Considerations of public health and safety and protection of district property require that traffic in the kitchen and custodial areas be restricted to those persons having proper business there. This prohibition does not extend to the serving line area, but does extend to all other areas. Students who violate this regulation will be subject to disciplinary action.

BUS TRANSPORTATION

While the School Committee firmly believes all students should be provided transportation free of charge, it reserves the right to institute a fee-based amendment to its transportation policy should the need arise. The School

District in coordination develops bus stops and routes with the bus contractors. All students are to get on and off at their own designated bus stop. If a student is to ride another bus, walk home or travel to a friend's house, or be picked up by a parent/guardian/caregiver or friend they must bring in a note indicating so and submit to the front office. Verbal permission will not be accepted unless an emergency exists. Students must have a pass to board the late bus.

STUDENT CONDUCT ON A BUS

It is expected that students having the privilege to ride a school bus to and from school will cooperate completely with the bus driver to ensure the safety of all passengers, the driver, pedestrians, and other drivers and their passengers. Student misbehavior causing danger or unnecessary delay will not be tolerated. Any student reported for misbehavior on a school bus, going to or from a school bus, or at a school bus stop will receive appropriate consequences.

- It is essential that each pupil cooperate with the driver for the safety of all concerned.
- Students will stand back from the roadway while awaiting arrival of the bus. They will refrain from throwing objects or acting disorderly at a bus stop.
- Students will be picked up and dropped off at regularly scheduled stops only.
- Students will enter the bus in an orderly fashion, go directly to a seat and remain seated until the destination is reached.

Extracurricular Trips

The above rules and regulations will apply to any trip with school sponsorship. Pupils shall obey the instructions of the chaperones appointed by the school.

VIDEOTAPING ON SCHOOL BUSES

Parent/guardian/caregiver(s) and students are advised that school buses are equipped with videotaping equipment. Taped incidents may be used in the process of dealing with infractions of school bus rules.

BUS DISCIPLINE POLICY

Violation of bus rules will be reported promptly by the driver in writing to the administration and the student's parent/guardian/caregiver(s), with a copy to the offending student. Violations may result in the loss of bus privileges, in addition to disciplinary consequences up to and including suspension from school.

In general, loss of bus privileges will be applied in progressive steps:

1 st Offense	Warning
2 nd Offense	3-day bus suspension
3 rd Offense	10-day bus suspension

Additional Offense(s): Exclusion from the bus for an extended period of time, up to and including permanent exclusion. The nature of the offense and the particular circumstances will determine whether all of the above steps are followed in sequence. For example, a first offense of sufficient seriousness may result in permanent exclusion from the bus.

FIGHTING

Fighting is not tolerated at any time at ORRHS. The penalties for fighting may include, but are not limited to, the following:

- 1st fight – suspension of three (3) or more days with possible recommendation for an expulsion hearing.
- 2nd fight – suspension of five (5) or more days with possible recommendation for an expulsion hearing.
- 3rd and subsequent fights – suspension of ten (10) or more days with possible recommendation for an expulsion hearing.

THE DISCIPLINE CODE

It is essential that all students accept personal responsibility for maintaining high standards of conduct, including the observance of all school rules and regulations. The purpose of disciplinary measures short of expulsion is corrective, to encourage students to improve their conduct. The ultimate goal of the discipline code of the school is to guarantee students' respect for the person and property of themselves and others.

ORRHS rules and regulations are based on a system of progressive discipline. This means that an administrator has the discretion to significantly increase penalties in the cases of second and third offenses. In determining the severity of the penalty or suspension, the administrator may consider all relevant factors, including but not limited to the following:

- The student's previous disciplinary record.
- The severity of disruption of the educational process.
- The degree of danger to self, others, and the school in general.
- The degree to which the student is willing to change their inappropriate behavior.

12. Receiving five detentions in one term or eight detentions in one academic year
13. Forging signatures, notes, or official documents, but not limited to report cards, field trip permission forms, dismissal notes, tardy notes, bus notes, and passes
14. Truancy
15. Bus Conduct Referrals
16. Being in an unauthorized area or using school property equipment without permission

- Loss of student privileges, including the privilege of participating in school activities (such as Prom, athletic events, dances).
- Assignment to in-school suspension. Restitution or restoration will be required of the student when deemed appropriate by the school. The student may be referred to guidance. The student's parent/guardian/ caregiver(s) may be notified and a parent/guardian/ caregiver conference held. The Superintendent of Schools may also be notified.
- Saturday School

For any subsequent offense within this category, the student is subject to more severe discipline, including Category One consequences.

CATEGORY THREE OFFENSES

1. Tardiness to school more than three (3) times in a marking period
2. Failure to follow one's schedule as published
3. Failure to follow rules and procedures regarding tardiness, absences, or dismissal not otherwise subject to discipline under Category One or Two
4. Failure to pay for athletic equipment broken or not returned
5. Use of electronic media and communication devices
6. Failure to sign in when arriving tardy to school
7. Card playing
8. Failure to follow any other rule, regulation or procedure set forth in the handbook or published in the daily bulletin whose violation is not otherwise identified as a Category One or Category Two offense

Discipline imposed for Category Three violations may include one or more of the following:

- A warning.
- Loss of student privileges, including the privilege of participating in school activities.
- Assignment to one or more after-school detention sessions.
- Assignment to in-school suspension.
- Pass restriction. Tardiness to school more than three (3) times in a marking period or any subsequent tardiness in a marking period may result in pass restriction.
- Restitution or restoration will be required of the student when deemed appropriate by the school.

Subsequent violations within this category will subject the student to more severe discipline, including Category Two sanctions. If violations continue

after Category Two consequences have been imposed, the student may be subject to Category One consequences

DUE PROCESS

The Discipline Code at ORRHS is administered within the guidelines set forth by the U.S. Supreme Court with regards to due process for students.

The Supreme Court held that the Due Process clause of the Fourteenth Amendment to the United States Constitution requires that a student facing temporary (up to ten days) suspension from a public school be given oral and/or written notice of the charge(s) against them, explanation of the basis for accusation(s), and an opportunity to present their version of the facts. In addition, the court held that unless the student's continued presence at school endangers persons or property or "threatens disruption of the academic process", the hearing must precede rather than follow their suspension.

The court pointed out that due process does not require that hearings in conjunction with suspensions be trial-like in nature. Therefore, school officials are not required to give the student an opportunity to secure counsel, to confront and cross examine witnesses supporting the charges or to call their other supporting witnesses.

Before a student is suspended from school, they are first given an informal hearing by an administrator who will attempt to contact a parent/guardian/caregiver. If a student is assigned to in-school suspension and the current work is given to the student, the work must be done. During the time of out-of-school suspension, a student may not participate in any extracurricular activities.

THE APPEAL PROCESS

The Discipline Code holds students, parent/guardian/caregiver(s), and the school accountable for appropriate school behavior. It is not the intent of the Discipline Code to be unreasonable punitive toward students for unusual or extenuating circumstances. Therefore, an appeal process has been developed for those extraordinary situations.

The parent/guardian/caregiver must write a letter to the Building Principal. This letter will request a review of the circumstances. Parent/guardian/caregiver(s) must submit their letter of appeal within 48 hours from the time of suspension. Upon receiving the appeal letter, the Principal will set up an appeals meeting to review the facts of the case. A response by the Principal will be rendered within 24 hours of the appeals meeting.

POLICIES PROHIBITING WEAPONS AND DRUGS

M.G.L. c. 71, s. 37H

- (a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled

substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the Principal.

(b) Any student who assaults a Principal, Assistant Principal, teacher, paraprofessional or other staff on school premises or at school-sponsored or school-related events, may be subject to expulsion from the school or school district by the Principal.

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the Principal. After said hearing, a Principal may, in their discretion, decide to suspend rather than expel a student who has been determined by the Principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the Superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the Superintendent of their appeal. The student has the right to counsel at a hearing before the Superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) As of April 4, 1994, when a student is expelled under the provisions of this section, no school or school district within the commonwealth shall be required to admit such student or to provide educational services to said student. If said student does apply for admission to another school or school district, the Superintendent of the school district to which the application is made may request and shall receive from the Superintendent of the school expelling said student a written statement of the reasons for said expulsion.

M.G.L. c. 71, s. 37H, as amended by s. 36 of c. 71 of the Acts of 1993 (the Education Reform Act), and further amended by s. 1 of c. 380 of the Acts of 1993.

POLICIES GOVERNING SUSPENSIONS **M.G.L. c. 71, s. 37H ¾**

Consequence: May not suspend a student from school long-term (i.e. more than 10 days) until other remedies and consequences have been considered; consider ways to re-engage the student in learning.

Consequences other than suspension may draw from evidence-based strategies and programs such as mediation, conflict resolution, restorative justice, and behavioral interventions and supports.

No student may be suspended for more than 90 school days in a school year.

Due Process: Except for in-school suspension and emergency removals, prior oral and written notice of the charge to the student, and to the student's parent/guardian/caregiver, and the opportunity for a meeting/hearing with the Principal before suspension takes effect.

Principal must make and document reasonable efforts to include the parent/guardian/caregiver in meeting/hearing with the student.

Principal must audiotape the hearing if requested by the parent/guardian/caregiver and all those attending the hearing must be informed of the taping.

Following hearing, Principal must provide a written decision; and if a long-term suspension imposed, must inform student and parent/guardian/caregiver in writing of the right to appeal to the Superintendent and the process to be followed.

Appeal from Principal's Decision: Timeline for requesting appeal: written request not later than 5 calendar days following effective date of suspension; parent/guardian/caregiver can request extension for up to 7 calendar days, which must be granted.

The Superintendent must hold hearing within 3 calendar days of the parent/guardian/caregiver's request for a hearing. The student or parent/guardian/caregiver may request up to 7 additional calendar days. If so, the Superintendent must allow the extension. The Superintendent may have the hearing without the parent/guardian/caregiver if the Superintendent has made a good faith effort to include the parent/guardian/caregiver.

The student has the right to present oral and written testimony, to cross examine witnesses, and to counsel at their expense at the hearing.

The Superintendent must audiotape the hearing and notify hearing participants that the hearing will be taped.

The Superintendent determines the facts and consequences, if any, but cannot impose a consequence greater than the Principal decided. A written decision is due within 5 calendar days of the hearing.

SEARCH AND SEIZURE

School officials need not obtain a warrant or meet the legal standard of "probable cause" (applicable to police and law enforcement officials), before searching a student who is under their authority. The legality of a search of a

student should depend simply on the reasonableness of the search. A search of a student will be justified when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.

School administrators maintain the right to seize items in a student's possession and to search school property assigned to a student and the student's vehicle parked on school property under the following guidelines:

- There is reasonable suspicion to believe that the items in possession are illegal or in violation of school rules, or constitute a hazard to health and safety of the student or others, or disrupts the educational process.
- Lockers remain the property of ORRHS and we maintain the right to open any locker at any time for inspection purposes. This may be done, if possible, in the presence of the student and shall be done under the direction of a school administrator.
- All searches will be conducted with respect to all safety considerations and with the least disruption, and intrusion possible.
- In the event that students are found in possession of an illegal item, the parent/guardian/caregiver will be notified immediately.

Students who are suspected to be in possession of, or under the influence of, any controlled substance or are suspected to be in possession of any materials dangerous to the student or other students, may be asked to empty their pockets and/or possessions.

It is not the intention of the School District to violate individual liberties; however, the obligation of the school is to provide a safe environment conducive to learning for all students.

CHAPTER 380 - AN ACT RELATIVE TO SAFETY IN THE PUBLIC SCHOOLS

Chapter 380 authorizes the School Principal to suspend a student charged with a felony, or who is the subject of a felony delinquency complaint, and to expel a student so convicted, whether the offense occurs on or off school property and regardless of whether the offense is or is not school-related. (Effective Date: 4/4/94)

The Gun-Free Schools Act

In addition to M.G.L c. 71, s. 37H, the school is covered by the federal Gun-Free Schools Act. In accordance with that Act, the school will expel for one year any student who is determined to have brought a firearm to school, unless the Superintendent determines, on a case-by-case basis, that a lesser punishment is warranted. A student accused of having brought a firearm to school shall be entitled to the same notice of charges, hearing and appeal process as is provided under M.G.L c.71, s. 37H, as described above.

Under M.G.L c. 71, s. 37L, when a student uses or possesses a dangerous weapon on school premises, school officials are required to report the incident in writing to the Superintendent. The Superintendent must provide a copy of the report to the local police, DSS and the School Committee. Assessment and counseling may be required, in addition to any disciplinary action taken.

Drug-Free Schools and Communities Act

The federal Drug-Free Schools and Communities Act requires all schools to adopt and implement a program to prevent the use of illegal drugs and the abuse of alcohol by students as a condition of the school receiving federal funds or any other form of financial assistance under any federal program. The school in compliance with the requirements of that Act is issuing this policy. Compliance with this policy is mandatory. Students of the school and their parent/guardian/caregiver(s), as well as school employees, are reminded annually of the requirements of this policy.

FACULTY AUTHORITY

Teachers are required to report to the administration the name of a student:

- Who engages in any conduct prohibited by law, including, but not limited to, use, possession, purchase or sale of drugs or alcohol, vandalism, theft, forgery, assault, or any other act of violence, whether actual or threatened, against the person or another, or
- Who engages in any conduct that violates school rules, regulations or procedures, including, but not limited to, smoking, unexcused absence from an assigned area or activity, presence in an unauthorized area or loss of or failure to return any document addressed to the student's parent/guardian/caregiver.

PASS RESTRICTION

The use of a pass is a privilege. Any person who abuses this privilege will be placed on pass restriction.

- First Offense: Pass Restriction for 2 weeks
- Second Offense: Pass Restriction for one month.
- Third Offense: Indefinite Pass Restriction and loss of student privileges, including participating in school activities.

Violating Pass Restriction will result in a Saturday detention and an increase in consequences.

AFTERSCHOOL DETENTION

Classroom Detention: the student in the classroom of that teacher will serve any detentions which have been assigned by a classroom teacher. Students who skip a teacher detention will be required to serve the teacher detention and will be given an additional administrative detention.

Administrative Detention: Students will be assigned to the administrative detention by the administration. Detention is from 2:05 p.m. to 3:05 p.m. on Tuesday and Thursday. Students who do not arrive on time and/or fail to bring academic work will be assigned an additional detention. Students must be quiet at all times. All detentions must be served on the day that they are assigned unless the administration approves in advance a 24-hour delay due to extenuating circumstances. Students may not postpone a detention to participate in school activities. A Suspension or Planning Room assignment given for cutting detention does replace the detention. Students are not permitted to listen to music during administrative detention. Students who skip an administrative detention will be given an additional detention on the first offense. The second offense and every additional offense will result in a Saturday Detention.

REMOVAL FROM CLASS

Students are to report directly to the Assistant Principal's office when sent out of a class by the teacher or staff member. In the event no one is available in the Assistant Principal's office upon arrival, the student is to report to the main office.

IN-SCHOOL SUSPENSION

Although the administration reserves the right to suspend students out-of-school, the preferred place to serve a suspension is in in-school suspension.

- The authority of the Principal, or their designee, to suspend a student from school derives from authority delegated by the Superintendent of Schools.
- The school will attempt to notify the student's parent/guardian/caregiver by telephone at the time it is determined that the student will be suspended.
- A copy of the written disciplinary report may be supplied to parent/guardian/caregiver.
- A suspension may be imposed for violation of school rules and regulations, as set forth in the Discipline Code.
- All in-school suspensions will take place in a location designated by the Assistant Principal.
- Loitering or visiting other areas of the school is strictly prohibited.
- Violation of this regulation may result in extension of the suspension or other disciplinary action.
- A suspended student may not participate in any school activity or athletic event.

OUT-OF-SCHOOL SUSPENSION

Suspension from school is used as a disciplinary measure when students violate the Discipline Code to various degrees and when the student poses a danger to self or others.

- A student suspension of 10 days or less is an unexcused absence.
- Students who are suspended from school will be allowed to make up all work missed for full credit, while under suspension.
- All assignments and assessments must be made up by the second class meeting, regardless of the length of suspension
- It is the student's responsibility to collect missed assignments while out on suspension.
- A suspended student may not participate in any school activity or athletic event.
- Students are to remain home during school hours while under suspension.

SATURDAY SCHOOL

Saturday School is used to help address behavior, academic and attendance issues. The purpose of the program is to provide a supervised alternative to in or out-of-school suspension for the following offenses:

- Skipping school
- Leaving school without authorization
- Chronic disruptive behavior
- Excessive tardiness to school
- Cutting class
- Cutting detention
- Three or more Administrative detentions
- Other infractions as determined by the school administration
- Academic support

SATURDAY SCHOOL REGULATIONS

Saturday School may be an alternative to after-school detention, out-of-school suspension and/or in-school suspension. A two-hour assignment or a four-hour assignment on a Saturday may be assigned in lieu of after-school detention, out-of-school suspension or in-school suspension. While in Saturday School, students must perform academic work.

Student must arrive at Saturday School with books, assignments, and other appropriate materials, as each session is to be dedicated to academic work. Students must bring enough materials to work for the entire assigned time.

Any student who is late to Saturday School, who reports without materials, is dismissed for inappropriate behavior or does not attend an assigned session, will be assigned an additional two-hour Saturday detention.

Students will not be excused from Saturday School for athletic events, work, or family events. Failure to serve a Saturday School will result in an additional 2 hour. One Saturday detention is the equivalent of three after-school detentions.

GANG INVOLVEMENT/ACTIVITY

A gang is defined as “any group not sponsored by the school, possibly of secret and/or exclusive membership whose purpose or practices include the commission of illegal act, violations of school rules, establishment of territory or “turf”, or any actions that threaten the safety or welfare of others.”

Students who violate any of the provisions noted herein will be subject to disciplinary action including suspension and possible recommendation for expulsion. Students who engage in gang activities may be criminally prosecuted. A student shall not:

- Participate in gang-related activities.
- Appear with or wear gang identifications such as attire colors, clothing or jewelry.
- Designate boundaries or turf, or belong to any group that designates boundaries or turf.
- Participate in hazing, initiation, or recruitment activities.
- Deface property with graffiti.

REFERRAL TO SUPERINTENDENT

If a student is suspended out of school more than three times, they may be referred to the Superintendent. Referral may be made at an earlier point if the nature and severity of the student’s offense so warrants.

The Superintendent of Schools may, following a hearing, impose an in-school or out-of-school suspension of as much as twenty (20) days for violation of school rules. The Superintendent may also withdraw all after-school privileges from the student for as long as one calendar year.

The Superintendent, at their discretion, may refer the student to the School Committee.

DISCIPLINE OF STUDENTS WITH DISABILITIES

A student with disabilities may be suspended for up to ten cumulative school days during a school year. If a suspension of more than ten days is proposed, or if a shorter suspension would result in more than ten cumulative days of suspension, the school must convene a TEAM meeting before the expiration of the ten-day period.

At that meeting, the TEAM must first develop or review a previously developed behavioral intervention plan, consistent with a functional behavioral assessment of the student. Following this, the TEAM must review the relationship between the student’s disability and the behavior that is the subject of the disciplinary action. If the TEAM determines that the student’s misconduct is a manifestation of the student’s disabilities, or results from an inappropriate special education program or placement, or from an IEP that was not fully implemented, the long-term suspension or expulsion may not be imposed. Instead, the student’s IEP must be amended to include appropriate goals, services or placement.

If the TEAM concludes that the misconduct is not related to the student's special needs, and it does not result from an inappropriate special education program/placement or an IEP that was not fully implemented, then the long-term suspension or expulsion may be imposed, following the procedures listed in the law. Among other things, the TEAM must offer placement in an interim alternative setting that will: (1) enable the student to continue to participate in the general curriculum; (2) enable the student to receive the services listed in the last agreed upon IEP; and (3) include any services or modifications designed to address the student's behavior.

The parent/guardian/caregiver(s) have the right to request an expedited hearing before the Bureau of Special Education Appeals (BSEA) to challenge the manifestation determination or the alternative program. If the parent/guardian/caregiver(s) request a hearing, the "stay put" provision of the IDEA entitles the student to remain in the last agreed-upon educational placement while the proceedings are pending before the BSEA. This right does not apply if the student is charged with possession of a dangerous weapon or drugs. In those circumstances, school personnel may remove the student to an interim alternative setting without parent/guardian/caregiver consent for up to 45 calendar days. Similarly, if the school convinces the BSEA hearing officer that the student's continued presence in the current placement poses a danger to that student or to others, the student may be ordered into an interim alternative setting for up to 45 calendar days without parent/guardian/caregiver consent.

PROCEDURAL REQUIREMENTS APPLIED TO STUDENTS NOT YET DETERMINED TO BE ELIGIBLE FOR SPECIAL EDUCATION

1. If, prior to the disciplinary action, a district had knowledge that the student may be a student with a disability, then the district makes all protections available to the student until and unless the student is subsequently determined not to be eligible. The district may be considered to have prior knowledge if:
 - a. The parent/guardian/caregiver had expressed concern in writing; or
 - b. The parent/guardian/caregiver had requested an evaluation; or
 - c. District staff had expressed directly to the special education director or other supervisory personnel specific concerns about a pattern of behavior demonstrated by the student.

The district may not be considered to have had prior knowledge if the parent/guardian/caregiver has not consented to evaluation of the student or has refused special education services, or if an evaluation of the student has resulted in a determination of ineligibility.

2. If the district had no reason to consider the student disabled, and the parent/guardian/caregiver requests an evaluation subsequent to the

disciplinary action, the district must have procedures consistent with federal requirements to conduct an expedited evaluation to determine eligibility.

3. If the student is found eligible, then they receive all procedural protections subsequent to the finding of eligibility.

FALSE ALARMS

M.G.L. c. 269, s. 13 - Any student turning in a false fire alarm or a bomb threat will be turned over to the police for prosecution. The student is subject to Category One consequences. Students should be aware that they may be assessed the full value for bringing the fire apparatus to the school.

ACTIVITIES

Participation in all school activities, including athletics, is a privilege that can and will be revoked for failure to follow school rules.

EVENING ACTIVITIES

All school activities will end no later than 9:30 p.m. with the following exceptions:

- Drama rehearsals will end no later than 10:00 p.m. during the week preceding the first performance of the show.
- All school dances will be from 7:00 to 10:00 p.m. Students must make arrangements to be promptly picked up at the conclusion of the dance or by 10:15 p.m. at the latest.

Any variation from this schedule must be approved in writing by the Principal.

SOCIAL ACTIVITIES

Senior Prom

- A prom location off campus must have approval of the School Committee.
- Students attending the prom are expected to be in school the day of the prom and the day after the prom for the full day.

School Dances

The following rules apply to all school-sponsored dances:

- All students must take and pass a Passive Breathalyzer Test in order to gain admittance into the dance.
- A school administrator is in charge of the dance, whoever the chaperones may be, and is solely responsible for issuing instructions to the chaperones, the police officer, and the custodian (if employed by the dance committee).
- School dances are open only to students of ORRHS and their guest. Junior high school students are not allowed to attend high school dances. Students wishing to invite a guest not attending Old Rochester Regional need to submit a completed Permission to Attend an Old Rochester Regional High School Function form at least one week before ticket purchase to receive administrative approval prior to purchasing tickets. Any guest not attending high school or over age 18 must complete and pass a CORI check prior to administrative approval.
- All guests of ORRHS students must be under the age of 21 (No exceptions). If your guest does not attend ORRHS, proof of age will be required in the form of a driver's license or school photo ID, a copy of which is to be attached to the completed permission form.

- A student wishing to bring a guest must register their guest including name, address, and telephone number (via a previously approved permission form) when purchasing their tickets and must accompany the guest to the dance.
- The faculty advisor will obtain and keep at the dance admissions desk a current roster of all students of ORRHS signed up for the dance and the number of their assigned ticket. Only students on this list and their guest are eligible for admission to the dance.
- No one will be admitted to a dance after 8:00 p.m. unless prior arrangements have been made with the faculty advisor.
- Students are to inform their guest of the school rules prohibiting the use or possession of alcohol and drugs on school premises. These rules will be strictly enforced. In accordance with state law, no smoking is allowed by anyone on school grounds at any time. This includes the use of smokeless tobacco.
- Persons bringing alcoholic beverages, drugs or any substances purported to be drugs onto school property will turn them over to the police and will then be escorted from the property. A written report of the incident will be made to the Principal, who will take appropriate disciplinary action.
- At least ten (10) approved chaperones must be present throughout the entire dance.
- Adequate lighting will be maintained in the dance hall at all times.
- Students and their guests are forbidden to enter any part of the building not made available on the "Use of Building" form.
- Restrooms will be inspected frequently.
- Students may not go to an automobile unless they have signed out to leave the dance. Anyone leaving the dance must promptly leave the school premises.
- No person who was absent on the day of the dance will be allowed to attend. No person will be allowed to leave the dance early without parent/guardian/caregiver permission.
- Inappropriate displays of affection must be avoided. Students who manifest this type of behavior may be asked to leave the dance and parent/guardian/caregiver(s) may be called.
- Dance tickets for students and their guests must be purchased by noon on the day of the dance. If fewer than 100 tickets are sold, the dance will be cancelled and refunds will be issued. No refunds will be issued for unused tickets and no tickets will be sold at the door.
- Backpacks, book bags, gym bags or the like are to be left in a designated area until the conclusion of the dance.
- On the day of the Junior Semi-formal Dance, students are required to remain in school for the entire school day to be eligible to attend the Junior Semi-formal Dance and the after party.

HAZING

The practice of hazing is prohibited both by Massachusetts law and by school rules. A student who is an organizer or participant in a hazing is subject to Category One sanctions as well as criminal prosecution.

The Massachusetts statute, which prohibits hazing, is M.G.L., c. 269, s. 17-19.

The term “hazing” shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

DUTY TO REPORT HAZING

Whoever knows that another person is the victim of hazing as defined in Section 17 and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to themselves or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable.

FIELD TRIPS

- All participating students must submit a signed parent/guardian/caregiver permission form. Such form shall include appropriate authorization for emergency medical care and administration of medication.
- Because field trips are an extension of the classroom, all school rules apply.
- STUDENTS MUST BE IN GOOD STANDING TO PARTICIPATE IN FIELD TRIPS.

ATHLETICS

It is an honor and privilege to participate in high school sports. While you are often called student/athletes, it must be remembered you are a student first. Each student/athlete is expected to act in a dignified and mature fashion, on and off the field. You must wear your school colors with pride, win with class and lose with dignity. You will come to respect your peers, coaches and officials. Remember that you not only represent yourself but also your teammates, coaches, team and school.

It takes great commitment to be part of an athletic team. Before a student makes that commitment, the student and their parent/guardian/caregiver(s) must read and understand this handbook. The rules listed are a combination of policies from the Massachusetts Interscholastic Athletic Association, the O.R.R. School Committee and the O.R.R. High School Administration. They have been established so that all those who choose to participate in athletics at O.R.R. will have a positive educational experience.

All Sport Schedules can be found at: www.SouthCoastConference.org

It is the intent of our athletic program to:

- Facilitate development of a strong sense of commitment to student, team and school
- Place a premium on the values that accrue from fair play
- Teach respect and consideration for opponents as either the guests or hosts of the game
- Cultivate respect for the authority of school personnel, coaches and game officials
- Develop self-control, self-direction and sound judgment
- Demonstrate that the rules of the game are by mutual agreement and are to be honored in spirit as well as in letter
- Recognize that athletics really aim to promote the mental, social and moral welfare, as well as the physical well being, of the participant
- Promote the game for the players - and as a game only – not as a matter of life and death, of the lasting glory in victory or of the disgrace of defeat

Athletic Policies

- All student athletes must have; a current physical on file with the school, either school insurance or personal health insurance form and an online eligibility form on file with the athletic directors office before participating in any practice or game.
- An Athletic User Fee has been established to provide the supplementary funds required to maintain the athletic programs currently provided. The fee for the current school year is \$225 per student per sport with a family cap of \$600. Student athletes must have paid their user fees before the teams first practice to be eligible to participate in the program. Any athlete not making the team will have their user fee returned. A reduced fee or waiver is allowed to those who qualify for the free lunch program.
- Every student must have their most recent physical exam, performed by a physician, on file with the school nurse. Students who do not meet this standard are ineligible for participation of any type. Physicals expire after 13 months.
- A student unable to compete as a result of an illness or injury requiring treatment by a physician may not return to play until so authorized in writing by the attending physician
- Students must be in school by **9 a.m. and stay for the remainder of the day** in order to be eligible to participate in an athletic event that day. A student who arrives after 9a.m. or is dismissed due to extenuating circumstances may be eligible with prior administrative approval.
- A student who is absent from school may not participate or attend any extracurricular activities including practices without prior approval by administration for extenuating circumstances.

- A suspended student may not participate in or attend any athletic event during the term of their suspension
- A student who is suspended may be removed from their captaincy or leadership position
- A student may not participate or attend any athletic event on days they have been assigned to in-school suspension
- Students are excused for being late to practice if they have been receiving extra help from a teacher or are making up work. Student athletes that are late for practice or games for any reason, i.e.: extra help, meeting with athletic trainer or club meetings, will require a note to the coach. An athlete must be marked present on the school attendance sheet to be able to participate
- Serving a detention takes precedence over any practice or game
- Student athletes **are not** exempt from participating in physical education due to participating in an after school athletic activity
- Sub Varsity teams are developmental in nature; there is an expectation that all team members in good standing will participate in every game
- Varsity teams are competitive athletic situations. Playing times and positions are dictated by the coach
- After the tryout period and before the first contest, no student listed on a specific sport roster may switch from that athletic activity to another without the consent of the coaches and the athletic director. After the first contest, a waiver from the MIAA is necessary in order to switch sports
- The rules from each coach are in writing and approved by the athletic director. Violations of team rules, such as failure to follow the instructions or training rules of the coach, or behavior that in any manner interferes with the smooth and orderly conduct of a team, will result in the imposition of disciplinary measures by the coach. These disciplinary measures may supersede those of the school and state association and include training assignments, suspension from one or more games or, in severe cases, expulsion from the team
- Each player is required to wear the appropriate protective equipment/gear (during practice and competition) as specified by the M.I.A.A. for their particular sport. In addition, each player is required to wear the protective equipment in the proper, unaltered intended fashion
- No spikes or cleats will be worn in the building
- We do ask that you address any questions, concerns, or issues with your student/athlete's coach as soon as possible. Please do so by making an appointment in advance. If you do not have a contact phone number for the coach, please contact the athletic office at 508-758-3745 ext. 1823. Note: Approaching the coach just prior to a game, following a game or during a practice or game may be an inappropriate time.

- The use of athletic facilities for other than school purposes must be approved by a 'Use of Building' form from the front office.
- The Principal of Old Rochester Regional High School is ultimately responsible for the management, personnel and property of the athletic department. Their designated representative for such matters is the athletic director.

Interscholastic Athletic Eligibility Requirements

- To be eligible for athletics, a student must be passing six (6) courses at the end of the preceding academic term.
- To be eligible for fall athletics, a student must also have passed six (6) classes the previous academic year. A student will be eligible to tryout in a particular season if they are passing six (6) courses on the date of the first practice session.
- Academic eligibility of all students shall be considered as official and determined only on the date when the report cards for that ranking period have been issued to all parent/guardian/caregiver(s) of all students within a particular class

The South Coast Conference

Old Rochester Regional is a member of the South Coast Conference (SCC). The league is governed by the MIAA and its own constitution. The league schedules most of the games played by Old Rochester Regional, at all levels of its competition. The SCC consists of:

*Apponequet
Dighton Rehobeth
Old Rochester*

*Bourne
Fairhaven
Seekonk*

*Case
GNBVTHS
Wareham*

O.R.R. is a proud member school of the Massachusetts Interscholastic Athletic Association (hereafter referred to as the M.I.A.A.) which:

- Is the governing body of high school athletics within the state of Massachusetts
- Board of Directors is made up of Principals from various districts throughout the state
- Board of Directors and its various sub-committees establish policies for all member schools
- "is an organization of 368 high schools, who sponsor athletic activities in 33 sports. More than 200,000 young men and women compete annually in approximately 100,000 competitions among MIAA member schools." Per MIAA

The MIAA Home Page can be found at www.miaa.net . It is a web site full of information pertaining to high school interscholastic athletics. The information includes the complete Blue Book which contains rules, regulations and guidelines.

Especially pertinent Student-Athlete Policies:

- Most not miss a high school practice or competition in order to participate in a non-school activity/event in any sport recognized by the MIAA. The penalty is ineligibility for two (2) weeks or two (2) games, whichever is greater, and the athletes are ineligible for state tournament contests
- “Captain’s practices” are not in any way sanctioned, encouraged or condoned. Students are not to organize or compete in them.
- Incomplete grades may not be counted towards eligibility
- A student who repeats work upon which they have already received credit cannot count that subject a second time for eligibility
- A student cannot count for eligibility any subject taken during the summer vacation unless that subject has been previously pursued and failed

Timed Allowed for Participation:

- A student shall be eligible for interscholastic competition for no more than four consecutive years after initially entering Grade 9. This limitation shall apply without regard to actual participation or attempt to participate.
- In no case may a student be eligible to participate in more than four of each of the three annual athletic seasons. In special cases where a student has been absent from school because of an accident or illness, the executive director, or their designee, shall have the authority to extend the student’s eligibility upon presentation of a doctor’s certificate on the student’s behalf and a letter from the Principal attesting to the inability of the student to attend school during a specific period because of an accident or illness. In instances where an extended eligibility is granted, the student may be declared eligible only for the season(s) that the student’s accident/illness prevented participation.

Age Limits:

- A student shall be under 19 years of age, but may compete during the remainder of the school year, provided that their 19th birthday occurs on or after September 1 of that year. For Freshman competition, a student shall be under 16 years of age but may compete during the remainder of the school year provided that the sixteenth birthday occurs on or after September 1 of that year.

Graduation:

A student must be an undergraduate; i.e., they shall not be a graduate of any secondary school. Any student who has the credits required for a diploma shall be regarded as a graduate with the following exceptions:

- An early graduate of a high school may represent their school in athletics until the end of the sport season in which they are participating, if otherwise eligible. The diploma must be withheld

until at least the season is completed, and the student may not attend classes outside of that high school during that season.

- A student who earns the credits required for a diploma prior to attending eight semesters in a four-year high school, and who is not granted a diploma may continue to participate if they continue to take at least the equivalent of four traditional year long major English courses.

Chemical Health:

From the earliest fall practice date, to the conclusion of the academic year or final athletic event (whichever is latest), a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product including e-cigarettes; marijuana; steroids; or any controlled substance. This policy includes products such as “NA or near beer”. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student’s own use by their doctor.

This MIAA statewide minimum standard is not intended to render “guilt by association”, e.g. many student athletes might be present at a party where only a few violate this standard. This rule represents only a minimum standard upon which schools may develop more stringent requirements. If a student in violation of this rule is unable to participate in interscholastic sports due to injury or academics, the penalty will not take effect until that student is able to participate again.

Minimum PENALTIES:

- **First violation:** When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 25% of all interscholastic contests in that sport. No exception is permitted for a student who becomes a participant in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 25% of the season.
- **Second and subsequent violations:** When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 60% of all interscholastic contests in that sport. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 60% of the season.
- If after the second or subsequent violations the student of their own volition becomes a participant in an approved chemical dependency program or treatment program, the student may be certified for reinstatement in MIAA activities after a minimum of 40% of events ***provided the student was fully engaged in the program throughout***

that penalty period. The High School Principal in collaboration with a Chemical Dependency Program or Treatment Program must certify that student is attending or issue a certificate of completion. If student does not complete program, penalty reverts back to 60% of the season. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 40% of the season.

Revised 2/13/08

Penalties shall be cumulative each academic year, ***but serving the penalty could carry over for one year. Or***, if the penalty period is not completed during the season of violation, the penalty shall carry over to the student's next season of actual participation, which may affect the eligibility status of the student during the next academic year. *(e.g. A student plays only football: they violate the rule in winter and/or the spring of same academic year: they would serve the penalty [ies] during the fall season of the next academic year).*

- During practice or competition, a coach shall not use any tobacco product (*penalty: same as students' – see chart above*).

Steroid Use - Anabolic androgenic steroid use at the high school level is of grave concern. Steroids are used by some athletes, and the seriousness of the problem has been well documented. A recent study indicates that over 3% of high school seniors have tried steroids in their lifetime (NIDA, 2004). High school coaches may not be able to prevent the use of steroids altogether, but they can clearly and forcefully discourage their use. Coaches should take a proactive role, learning about steroids, and then providing this information to their athletes. Steroids can, with proper diet and weight training, increase muscle development; however, as is typical with most “get-rich-quick” schemes, steroid use has serious short and long term consequences. Normal and equal musculature development can occur without steroid use. Although the natural process takes longer, muscle tone will last longer and does not carry the harmful side effects of steroids. Most coaches would not promote steroid use intentionally. Total silence by coaches however condones use in some young people's minds. Even though steroids may not be mentioned when it is suggested to an athlete that their success is limited only by a lack of weight and/or strength, without a disclaimer the statement can be a motivation to use steroids. The pervasiveness of the drugs that allow for development of increased weight under the aforementioned circumstances is a coercive power that is difficult for young athletes to resist without knowing what the side effects of the drugs may be. The issue goes beyond protecting the integrity of sport. The use of steroids in sports is cheating. We must oppose the use of steroids for both health and ethical reasons.

Revised 2/13/08

Good Citizen Rule

- Student-athletes may not represent their school if they are on in-house or out-of-house disciplinary suspension. A suspended student is ineligible for practice or competition for at least the number of days (or partial days) equal to the number of days of the suspension.

Sportsmanship: Taunting

- Taunting includes any actions or comments by coaches, players, or spectators which are intended to bait, anger, embarrass, ridicule, or demean others, whether or not the deeds or words are vulgar or racist. Included is conduct that berates, needles, intimidates, or threatens based on race, sex, gender identity, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal characteristics. Examples of taunting include but are not limited to: "trash talk", defined as verbal communication of a personal nature directed by a competitor to an

opponent by ridiculing their skills, efforts, sexual orientation, or lack of success, which is likely to provoke an altercation or physical response; and physical intimidation outside the spirit of the game, including "in the face" confrontation by one player to another, standing over/straddling a tackled or fallen player, etc.

- In all sports, officials are to consider taunting a flagrant unsportsmanlike offense that disqualifies the offending bench personnel or contestant from that contest/day of competition. In addition, the offender shall be subject to all existing MIAA Disqualification Rules. A review of the MIAA taunting policy and a warning shall be given to both teams by game officials prior to each contest.
- At all MIAA contest sites and tournament venues, contest management may give spectators one warning for taunting. Thereafter, spectators who taunt players, coaches, game officials, or other spectators should be ejected.

Hazing

The practice of hazing is prohibited both by Massachusetts law and school rules. A student who is an organizer or participant in a hazing is subject to Category one sanctions as well as criminal prosecution. The Massachusetts statute, which prohibits hazing, is **Massachusetts General Law, Chapter 269, Sections 17 through 19.**

The term "hazing" shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, forced physical activity which is likely to adversely affect the physical health or extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Duty to report hazing

- Whoever knows that another person is the victim of hazing as defined in section 17 and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to themselves or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable.

Anti-Bullying Policy

Old Rochester Regional High School Staff defines bullying as characterized by an imbalance of power between target and bully; intent to harm; the threat of further aggression, and/or the creation of a hostile environment for one or more students.

Examples of bullying include but are not limited to:

Physical attacks: hitting, touching, intimidating, hazing, ganging up on someone, and other unwanted physical contact in violation of one's personal space and property.

Verbal attacks: taunting, spreading rumors, name-calling, exclusion, hazing, lack of respect for differences and cyber bullying.

Cyber bullying can occur in blogging, instant messaging, emails, chat rooms, text messages, Facebook, Myspace or other sites of that nature.

The Old Rochester Regional High School community is committed to providing a safe environment to every student. The following is a statement of rights and responsibilities afforded to all students at ORRHS.

All students will feel free and safe

- to come to a safe school environment every day. Areas including locker rooms, hallways, bathrooms, the gymnasium, sports fields, and extracurricular events will be safe and accessible to all students.
- to report incidents of harassment or bullying safely to a staff member.
- to access the school social worker, guidance counselors, the school nurse or other trusted staff member
- to the security of person and property as well as personal space
- to explore positive, healthy relationships
- to express own opinions and be respected
- to have the responsibility to demonstrate respect towards all staff members, including teachers, paraprofessionals, custodians, librarians, nurses, secretaries, and administrators.

DISCIPLINING BULLIES AND REHABILITATION/REMEDATION

ORRHS has implemented a three-tiered system of discipline to deal with bullying behavior.

• **Tier 1** is a first-time offense of bullying. The Assistant Principal based on the nature of the offense will discipline the student based upon how falls within the student handbook guidelines. If the Assistant Principal views the situation as a case of bullying (as defined by anti-bullying policy) then the student is placed within the remediation program. The student has displayed antisocial tendencies and the ORRHS community feels that the behavior needs to be changed. The student will be referred to and participate in a mandatory remediation program. The bully's teachers and relevant school staff members will be notified of their behavior and made aware of a potential conflict with the target. The Assistant Principal will follow-up with both the bully and the target in subsequent weeks to assess the effectiveness of remediation and intervention.

- **Tier 2** is a second offense of bullying. Student will be disciplined according to the student handbook. Following an assessment of student handbook violations by the Assistant Principal, a recommendation of counseling will be made to the parent/guardian/caregiver(s) and school committee. The Assistant Principal will also develop a behavior contract with the bully.

- **Tier 3** is a third offense and will be viewed as a category 1 offense within the student handbook.

The Assistant Principal reserves the right to elevate a first or second offense to the third tier based on the severity of the offense. Any student entering tier 2 or 3 will be mandated to participate in the school remediation program.

ATHLETIC CONCUSSION INFORMATION

The following information will discuss and outline what a concussion is, the mechanism of injury, signs and symptoms, management and return to play requirements, as well as information on Second Impact Syndrome and past concussion syndrome. They also include instruction to coaches, volunteers, and parent/guardian/caregiver(s) in preventing the occurrence of head injuries and concussions in extracurricular activities directed at discouraging and prohibiting a student athlete from engaging in any unreasonably dangerous athletic technique that endangers the health or safety of a student, including using a helmet or any other sports equipment as a weapon will be enforced as penalties, including but not limited to personnel sanctions, for failure to comply with the provisions of the district's policy.

What is a Concussion?

A concussion is defined as a transient alteration in brain function without structural damage, but with other potentially serious long-term ramifications. In the event of a concussion, the brain sustains damage at a microscopic level in which cells and cell membranes are torn and stretched. The damage to these cells also disrupts the brain at a chemical level, as well as causing restricted blood flow to the damaged areas of the brain, thereby disrupting brain function. A concussion, therefore, is a disruption in how the brain works; it is not a structural injury.

Because concussions are difficult to detect, student athletes must obtain medical approval before returning to athletics following a concussion.

Mechanism of Injury:

A concussion is caused by a bump, blow or jolt to the head or body. Any force that causes the brain to bounce around or twist within the skull can cause a concussion. A bump, blow or jolt to the head or body can be caused by either indirect or direct trauma. The two direct mechanisms of injury are coup-type and contrecoup-type.

Coup-type injury is when the head is stationary and struck by a moving object such as another player's helmet, a ball, or sport implement, causing brain injury at the location of impact. Contrecoup-type injury occurs when the head is moving and makes contact with an immovable or slowly moving object as a result of deceleration, causing brain injury away from the sight of impact. Indirect forces are transmitted through the spine and jaw or blows to the thorax that whip the head while the neck muscles are relaxed. Understanding the way in which an injury occurred is vital in understanding and having a watchful eye for athletes who may exhibit symptoms of a concussion so these student athletes can receive the appropriate care.

Signs and Symptoms:

Signs (what you see):

- Confusion
- Forgets plays
- Unsure about game, score, opponent
- Altered coordination
- Balance problems
- Personality change
- Slow response to questions
- Forgets events prior to injury (retrograde amnesia)
- Forgets events after injury (anterograde amnesia)
- Loss of consciousness (any duration)

Symptoms (reported by athlete):

- Headache
- Fatigue
- Nausea or vomiting
- Double vision/ blurry vision
- Sensitivity to light (photophobia)
- Sensitivity to noise (tinnitus)
- Feels sluggish
- Feels foggy
- Problems concentrating
- Problems remembering
- Trouble with sleeping/ excess sleep
- Dizziness
- Sadness
- Seeing stars
- Vacant stare/ glassy eyed
- Nervousness
- Irritability
- Inappropriate emotions

If any of the above signs or symptoms are observed after a suspected blow to the head, jaw, spine or body, they may be indicative of a concussion and the

student athlete must be removed from play immediately and not allowed to return until cleared by an appropriate health professional.

Post Concussion Syndrome:

Post Concussion Syndrome is a poorly understood condition that occurs after a student athlete receives a concussion. Student athletes who receive concussions can have symptoms that last a few days to a few months, and even up to a full year, until their neurocognitive function returns to normal. Therefore, all school personnel must pay attention to and closely observe all student athletes for post concussion syndrome and its symptoms.

Student athletes who are still suffering from concussion symptoms are not ready to return to play. The signs and symptoms of post concussion syndrome are:

- Dizziness
- Headache with exertion
- Tinnitus (ringing in the ears)
- Fatigue
- Irritability
- Frustration
- Difficulty in coping with daily stress
- Impaired memory or concentration
- Eating and sleeping disorders
- Behavioral changes
- Alcohol intolerance
- Decreases in academic performance
- Depression
- Visual disturbances

Second Impact Syndrome:

Second impact syndrome is a serious medical emergency and a result of an athlete returning to play and competition too soon following a concussion. Second impact syndrome occurs because of rapid brain swelling and herniation of the brain after a second head injury that occurs before the symptoms of a previous head injury have been resolved. The second impact that a student athlete may receive may only be a minor blow to the head or it may not even involve a hit to the head. A blow to the chest or back may create enough force to snap the athlete's head and send acceleration/deceleration forces to an already compromised brain. The resulting symptoms occur because of a disruption of the brain's blood autoregulatory system which leads to swelling of the brain, increasing intracranial pressure and herniation.

After a second impact a student athlete usually does not become unconscious, but appears to be dazed. The student athlete may remain standing and be able to leave the field under their own power. Within fifteen seconds to several minutes, the athlete's condition worsens rapidly, with dilated pupils, loss of eye movement, loss of consciousness leading to coma and respiratory failure. The best way to handle second impact syndrome is to prevent it from occurring

altogether. All student athletes who incur a concussion must not return to play until they are asymptomatic and cleared by an appropriate health care professional.

ATHLETIC CONCUSSION PROCEDURES

Any suspected or incurred head injury during a practice, game or school related extracurricular activity must be immediately reported to school medical personnel, Nurse, Certified athletic trainer or school/team physician. The parent/guardian/caregiver of the injured student **must** be notified and advised to seek out necessary medical care for appropriate evaluation and treatment.

Any student athlete sustaining a concussion or head injury, under referral from the student's primary care physician and request of parent/guardian/caregiver(s), may seek out assistance of a school based care team consisting of athletic and academic personnel, for purpose of a graduated re- entry accommodation plan to school activities and academic course work as indicated. The school based care team should include all personnel who are responsible for the successful return to academic requirements and provide a safe return to athletic activities.

Pre-Participation Requirements for Students and Parent/Guardian/Caregiver(s)

A. Education and Training

1. Each year at the pre-season meeting for every season, a school shall provide current approved materials to all students who plan to participate in extracurricular athletic activities and their parent/guardian/caregiver(s) in advance of the student's participation. Such materials shall be posted on the district's website and shall at minimum include a summary of the department's rules relative to safety including but not limited to recognition of symptoms of head injury, the biology and short-term and long-term consequences of a concussion, second impact syndrome and rules for return to play after a head injury or concussion.
2. The student and parent/guardian/caregiver shall submit to the Athletic Director as a pre-requisite to participation in extracurricular athletic activities either (a) a certification of completion for an approved on-line course or (b) a signed acknowledgment as to their receipt of approved written material required by 105 CMR 201.009(A)(1).
3. The training and education required by 105 CMR 201.009(A)(2) applies to one school year and must be repeated for every subsequent year.

B. Documentation of Head Injury and Concussion History

1. At or before the start of each sport or band season, all students who plan to participate in extracurricular athletic activities shall complete and submit to the Athletic Director a current Pre-participation Form, signed by both the student and the parent/guardian/caregiver, that

provides comprehensive history with up-to-date information relative to concussion history; any head, face or cervical spine injury history; and any history of co-existent concussive injuries.

2. The Athletic Director shall ensure that all forms that are required by 105 CMR 201.009(B)(1) are completed and reviewed, and shall:
 - Provide each coach or band director with copies of forms from all students participating on that coach's team or band director's band;
 - Distribute copies of forms which indicate a history of head injury to the athletic trainer, school nurse and/or school physician.
3. If a student sustains a head injury or concussion during the season, the Head Injury During Sports Season Form must be completed (a) by the athletic trainer, coach or band director, if the injury or suspected concussion occurs during a game or practice, or (b) by a parent/guardian/caregiver if the injury occurs outside of those settings, and forwarded to the coach or band director. The Athletic Director shall ensure that these forms are reviewed and provided to the persons specified in 105 CMR 201.009(B)(2).

Suspected Concussion Exclusion from Play

1. Any student, who during a practice or competition, sustains a head injury or suspected concussion, or exhibits signs and symptoms of a concussion, shall be removed from the practice or competition immediately and may not return to the practice or competition that day.
2. The student shall not return to play unless and until the student provides medical clearance and authorization as specified in 105 CMR 201.011.
3. The coach or certified athletic trainer shall communicate the nature of the injury directly to the parent/guardian/caregiver in person or by phone immediately after the game or practice in which a student has been removed from play for a head injury or suspected concussion. The certified athletic trainer or coach also must provide this information to the parent/guardian/caregiver in writing in a timely manner.
4. The certified athletic trainer, coach or their designee shall communicate, by the end of the next business day, with the Athletic Director that the student has been removed from play for a head injury or suspected concussion.
5. Each student who is removed from play and subsequently diagnosed with a concussion shall have a written graduated reentry plan for return to full academic and extracurricular activities.
 - The academic plan shall be developed by the student's teachers, school nurse, parent/guardian/caregiver, members of the building-based student support and assistance team or individualized education program team as appropriate and in consultation with the student's physician.

- The return to athletic participation plan will be developed by the certified athletic trainer and /or coach in consultation with the student's directing physician. The plan will be administered and documented by the certified athletic trainer or coach until completed and a full return to extracurricular athletic activities is possible.
- The written plan shall include but not be limited to:
 - Physical and cognitive rest as appropriate;
 - Graduated return to classroom studies as appropriate;
 - Estimated time intervals for resumption of activities;
 - Frequent assessments by the school nurse as appropriate; and
 - Periodic medical assessments until full return to classroom activities and extracurricular athletic activities are authorized.
- The student must be completely symptom free and medically cleared in order to begin graduated reentry to extracurricular athletic activities.

Medical Clearance and Authorization to Return to Play

Each student who is removed from play for a head injury or suspected concussion shall obtain and present to the Athletic Director a Post Sports-Related Head Injury Medical Clearance and Authorization Form prior to resuming the extracurricular athletic activity. This form must be completed by a physician or one of the individuals as authorized by 105 CMR 201.011(A). Use and Care of Athletic Uniforms and Equipment

Each student is responsible for the care of any uniforms and equipment issued to them. The student must reimburse the school for the cost of any item that is lost, stolen or broken. Failure to do so may result in disciplinary action as well as loss of athletic eligibility.

Athletic Awards Policy

The first year an athlete earns their letter in any varsity sport at Old Rochester Regional High School, they will receive the standard ORR letter award. A letter award will be given on each occasion than an athlete first letters in any sport. In the event that an athlete qualifies more than once in a sport, they will receive a certificate and service bar for each additional year of qualification.

Eligibility for athletic awards, i.e. letter awards, is determined by the head coach of each sport. These guidelines will be distributed at the preseason meetings.

- Eligibility for athletic awards is contingent upon the successful completion of the season. (i.e. A student who becomes academically ineligible prior to the end of the season would not be eligible for an award)
- An athlete who would normally qualify for an award but is prevented from doing so by accident, illness or other extenuating circumstances may receive an award
- No privately funded awards may be given in the name of the school without the express written consent of the school committee

Fundraising

All fundraising must have prior approval of the Principal. Fundraising (selling an item for a profit) without authorization of the Principal will be subject to Category One of the discipline code.

The ORR Athletic Booster Club (ORRABC) is the official fundraising vehicle for ORR athletics. No gifts of any kind may be given to ORR students, coaches or teams without the written approval of the Principal, working in conjunction with the athletic director and ORR ABC.
