Inappropriate items may be taken and kept in the office for return to parents/guardians. Students are not to buy, sell or trade items in school.

### **ATTENDANCE**

All students are expected to attend school on a regular basis. When an absence is necessary, the following points should be kept in mind:

1. When possible, the school should be notified before the absence.
2. A phone call, e-mail or note is requested in the event of a student absence. A doctor's note is required in order to excuse an absence.
3. The student is expected to make up any necessary assignments missed while he or she is out of school.
4. Requests for homework will be granted for two or more consecutive days of absence. Parents/Guardians should contact the school by 9:00 AM to request same day pick-up after 2:00 PM.

### **ATTENDANCE POLICY**

According to M.G.L. Chapter 76, Section 1, students are required to attend school. Students may be excused for medical, legal, or religious reasons. No more than seven full days, or fourteen half days, in any six month period may be unexcused. According to M.G.L. Principals will determine appropriateness of school attire in the event solutions to situations not covered in these guidelines are necessary. The principal will call parents/guardians in order to correct these situations.

### **BUS REGULATIONS/RULES**

All students are assigned to school buses based on their home address unless the Transportation Dept. is notified otherwise. If any of the following conditions apply, a Transportation Request Form (located on the school's website under Transportation) needs to be filled out by the parent/guardian and submitted to the Transportation Department:

- Students that require transportation to a Swansea address that differs from the student's home address (i.e. babysitter's or Grandparent's house within the child's school district)
- Students who were not transported by the school department the previous school year.
- Address change since the last school year
- New or transferred students

Students will not be allowed off the bus unless an adult is present at the stop. Students are expected to follow bus safety rules & listen to the driver

Bus conduct slips will be issued by the driver to students who are not following the rules or listening to the driver. Loss of riding privileges will be cumulative starting with the third conduct slip.

1. Enter & leave the bus in a single line and in a courteous & orderly manner.
2. Be seated promptly without disturbing others & remain seated at all times.
3. Keep head, arms, & hands inside the bus.

8. Fooling and/or horseplay are not allowed. Poor conduct distracts the driver & endangers the safety of all.
9. Objects of any kind are not to be thrown from or on the bus.
10. When it is necessary to cross the road, cross in front of the bus and use extreme caution to be sure no traffic is approaching in either direction.

12. The bus driver is in charge of the bus & he/she is responsible for the safety of all bus riders. Follow his/her instruction promptly and without question.
13. Students are expected to help maintain the cleanliness of the bus. No paper or other articles should be thrown on the floor. Food of any kind may not be eaten on the school bus.

Special Education Federal and State law provides certain rights to parents/guardians for the education of children who have a disability and qualify for special education. The purpose of this law is to identify and evaluate any child who may have a special educational need in order that an appropriate educational program may be designed and implemented. A parent/guardian, a teacher, a school official may refer a child. An evaluation team conducts assessments of each child referred. Once the evaluation has been completed, the team members meet to discuss their findings and to determine whether there is a need for special education services. More information on these laws is available through the Student Services Office at 508-675-7836.

## **STUDENT TRANSFERS**

Families who move out of Swansea or choose to enroll their child(ren) in another school system must notify their school office of this change. A copy of a child's student records will be mailed to the new school once a consent form is signed and received from the Parent/Guardian.

The Swansea Public Schools does not hold on to student records once a child leaves the Swansea School System. Therefore, you must arrange to take possession of your child's permanent school record. Please note that per M.G.L. 603 CMR 23.06(3), once you have taken ownership of the original student academic record, no copies will be retained by the Swansea Public School System.

## **TARDINESS**

Students should arrive at school on time regularly. Any student who is tardy should be accompanied by a Parent/Guardian who will sign the child in & give a reason for the tardiness to the office. Repeated or excessive tardiness is not acceptable. Parents/Guardians will be advised of the concerns of the school if necessary. A student who is tardy not only misses valuable instruction, but also interrupts the class when they come in late.

State law prohibits smoking by students on school grounds. Students caught smoking will be subject to disciplinary actions. Tobacco products are prohibited inside any Swansea Public School building. Student smoking includes the possession of cigarettes. Any student caught with tobacco product in school will have it confiscated, and the appropriate consequences issued. Any student caught with any one of these devices will have it confiscated.

The Swansea School Committee is dedicated to providing a healthy, safe & productive learning environment for its students, staff & visitors to its facilities. The use of tobacco has a direct link to numerous health problems. Tobacco prevention & education play a critical role in establishing lifelong positive health habits for its students. The purpose of this policy is to comply with the requirements of Massachusetts General Law, Chapter 71, Section 37H – the Massachusetts Education reform Act of June 4, 1993.

It is the intention of this School Committee to prohibit the use of or distribution of tobacco products within school buildings, on school grounds, on school buses or school vehicles, & at all school-sponsored functions in order to improve the health of students and all personnel.

It is the policy of this School Committee to fully implement the tobacco-free law on the premise that tobacco prevention & education coupled with enforcement is the most effective way to comply with the law.

It is the intention of the Swansea School Committee to create and maintain a healthy school environment, including equitable enforcement of a tobacco-free schools policy as well as consequences for students, staff & visitors. The responsibility for adhering to this policy lies with all individuals on the school premises. Any conflict should be brought to the attention of the appropriate supervisor for the purpose of resolution.

### **Religious Exemptions:**

The State of Massachusetts has notified us of a change with the Policy for Religious Exemptions regarding a child immunization status. If you have this Religious Exemption on your child's health record, please note that effective with the 2018-19 school year any child that has a Religious Exemption must renew their status annually. An annual renewal means that parents/guardians must write and sign a new religious exemption. All religious exemptions should be dated by the signing parent/guardian to allow for monitoring of annual renewals each school year. Annual renewal of exemptions should occur at the start of each school year.

## **BULLYING / HARASSMENT / DISCRIMINATION**

The Administration and the Faculty of all our Swansea Elementary Schools shall strive to prevent harassment or discrimination within the school and its extended environment. The rights of individuals to receive a free public education devoid of discrimination and harassment are a priority of the Administration of Swansea Public Schools. The Administration and Faculty shall respond promptly and consistently to such discrimination or harassment when they have knowledge of its occurrence. The students of the Swansea Public Schools shall be provided with a safe, nurturing educational environment and they will not be denied the "advantages and privileges" of a safe school. The Administration will do everything within its power to insure that this environment exists. Perpetrators of harassment and/or discrimination will be disciplined consistently and effectively in compliance with the progressive disciplinary procedures employed by the Swansea Public Schools.

### **Definition – Bullying:**

Bullying is defined as the repeated use of a written, verbal, or electronic communication, or physical act or gesture, or any combination thereof, by one or more students or employees directed at another student or employee that has an effect of:

- Causing physical or emotional harm or damage to his or her property;
- Placing the victim in reasonable fear of harm to him or herself or of damage to his or her property;
- Creating a hostile environment at school or the workplace for the victim;

- Infringing on the rights of the victim at school or work; or
- Materially and substantially disrupting the educational process or the orderly operation of the school or the workplace

Bullying is prohibited at non-school-related locations and through non-school technology or electronic devices when a nexus to school or work exists and it effects the school or work environment. Bullying causes physical and/or emotional harm to the target, it is never justified or excusable as “kids being kids,” “just teasing,” or any other rationalization. The victim is never responsible for being the target of bullying.

#### **Harassment/Sexual Harassment:**

These terms refer to unwelcome behavior of a physical, written, verbal, cyber, or electronic nature, including unwelcome sexual advances, requests for sexual favors, or physical conduct or gestures of a sexual nature which are either repeated or severe, and which create a hostile, humiliating, intimidating and offensive educational environment or workplace. Harassment is a form of discrimination.

#### **School Responsibility (M.G.L. Chap. 76: Section 5):**

This section provides the guarantee of non-discrimination “in obtaining the advantages, privileges, and courses of study in a public school on account of sex, race, color, age, national origin, religion, disability, marital status, sexual orientation, gender identity or expression, pregnancy, or veteran status.” Severe or pervasive harassment unlawfully denies a student the “advantages and privileges” of school, creating a hostile and offensive educational environment.

#### **Harassment/Discrimination Protocol:**

It is the responsibility of all students and staff to recognize acts of harassment and take every action necessary to ensure that the applicable policies and procedures of this school district are implemented. Students and staff are expected to report incidents of harassment to Teachers, Guidance Counselors or Principals. [The School Resource Officer by the Administration in cases of potential criminal charges]. All reports of bullying/harassment, oral or written, may be made to any professional staff member or adult in a supervisory role. The recipient of any complaint is responsible for reporting said complaint to the Building Administrator. Anonymous complaints will be reviewed but are inherently difficult to investigate and substantiate and may not be procedurally fair; as a result, no disciplinary action will be taken on anonymous complaints unless verified by clear & convincing evidence. All other complaints will be reviewed based on a preponderance of evidence. A student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

- Prompt, impartial, & thorough investigations of all reported harassment will be completed by the Principal, and/or School Resource Officer.

- When alleged harassment/discrimination has occurred directly relating to a student’s disability, the building Principal will notify the Student Services Director who will address the issue with the parties involved and notify the Parent/Guardian of the findings.

*ref: Section 504 of The Rehabilitation Act of 1973 and Title II of the Americans With Disabilities Act of 1990*

#### **Investigations Will Include:**

1. Identification of problem, students and sites.
2. Questioning and documentation of all parties involved (witnesses, target, and perpetrator statements).
3. Preservation of physical evidence.
4. Clear explanation of consequences for engaging in harassment to all parties.
5. Notification of parents/guardians of the targets & the perpetrators.

#### **Administrative Action:**

1. Prompt, effective, and consistent response to all incidents of harassment.
2. Prompt remedial action to prevent reoccurrence (referral for: Peer Mediation, Resolution Meeting including both parties). Failure to comply after a resolution meeting will result in appropriate disciplinary action.
3. Apply age-appropriate disciplinary measures that escalate with severity and reoccurrence of conduct (progressive disciplinary procedure).
4. Parent/guardian contact made to the parents/guardians of the targets and the perpetrators.
5. Appropriate support and counseling from the School Staff and the School Resource Officer for the target and perpetrator as needed. A clear explanation of consequences and direction toward reconciliation will be provided.
6. Restore non-discriminatory environment for the target.
7. Make appropriate law enforcement referrals/reports (assist target in reporting to law enforcement). Criminal charges may be filed at the discretion of the School Resource Officer.

#### **Definition Hazing**

Any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include any behavior or forced physical activity which is likely to affect the physical health or safety of any such student or person, or which subjects such student or person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation. *ref: Massachusetts General Law, Chapter 269, Section 17*

#### **Duty To Report Hazing**

Any person who knew that another person is the victim of hazing as defined in M.G.L. Ch. 269, Sec. 17, and is at the scene of such crime, shall to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate Law Enforcement Official or School Administrator as soon as reasonably practicable. Whoever fails to report such crime is subject to criminal action by the appropriate Law Enforcement Agency. *ref: Massachusetts General Law, Chapter 269, Section 18*

#### **SEXUAL HARASSMENT/DISCRIMINATION POLICY:**

(M.G.L. Chap. 76: Section 5)

##### **Definition – Harassment is defined as conduct that:**

1. Unreasonably interferes with an individual’s work or educational performance
2. Creates an intimidating, hostile or offensive work or educational environment

This policy on harassment goes beyond the issues of gender and sexual harassment to include race, religion, national origin, ethnic background, sexual preference, color, age and disability.

Such behaviors may include verbal comments; subtle pressure for sexual activity, pinching, petting and other forms of unwanted touching as well as more severe manifestations such as sexual assault, rape, or attempted rape.

Students are protected from sexual harassment by title VII of the Civil Rights Act of 1964. All complaints of sexual harassment involving either staff to student or involving adults are to be brought to the attention of the school principal or appropriate administrative supervisor immediately.

#### **Procedures:**

Procedures for dealing with sexual harassment (student to student, adult to student, student to adult)

All complaint regarding sexual harassment should be referred to the principal. The person making such a complaint has the option of including any other personnel in addition to the administration at his/her discretion.

On the first complaint the administrator will assist the victim in communicating to the harasser, in writing or verbally, a description of the harassing behavior, how the behavior made the victim feel, noting any consequences to school performance, and a request to stop harassment.

The administrator will be present when such communication is made and should record the date, time and substance of said communication for later reference. Peer mediation may be used as a means of solving the harassment is agreed by both parties.

If the victim so chooses, the communication to the harasser may be made by the administration alone. Care will be taken not to place the total onus for this communication on the victim. In either instance the administrator will inform the alleged harasser of the disciplinary consequences. Punishment may be suspension of up to ten (10) days for severe harassment cases.

Note: When sexual harassment is more than verbal, involving serious sexual behavior or when the victim brings a second complaint, a more formal investigation will be carried out. This investigation will be made by the principal or her/her designee (assistant principal) to determine if disciplinary action is warranted. This investigation, in which witnesses and additional evidence is gathered, will be conducted while maintaining confidentiality and without violating the due process rights of the accused.

If the principal or designee finds sufficient cause the harasser may be:

1. Suspended from school for up to ten (10) days
2. May be excluded from school for a period of time longer than ten (10) days
3. Police may be informed of the harassment as outlined in the school discipline code for major infractions.

The Title IX/Chapter 622 Coordinator for our school district is Mr. John Robidoux.

PLEASE NOTE: Any district-wide harassment policy may supersede the aforementioned policy and proceedings upon approval of the Swansea School Committee. A copy of any updated policy will be provided to all faculty and students in a timely manner.

## **STUDENT DISCIPLINE**

### **DISCIPLINE**

Appropriate behavior is an important part of every class and activity throughout the school day. It is expected that all students will:

1. Show respect for the rights and property of others.
2. Take care of all materials & equipment for which they are responsible.
3. Move safely and quietly in the building.
4. Avoid unnecessary interruptions or disturbances in class and throughout the school.
5. Follow the instructions of staff & others to whom they are responsible.

When a student is not cooperative, teachers & other adults on the staff will remind students what is expected of them. If the problem continues, the following steps may be necessary.

1. A private meeting with the teacher.
2. A note home from the teacher explaining the problem.
3. A meeting with the principal.
4. The principal may request a meeting with parents/guardians to discuss behavior.

In most cases, the steps above should be useful in ending the discipline problem. Repeated or serious poor behavior however, can lead to suspension from school.

School staff members may use reasonable force if necessary to protect students, other persons, or themselves from an assault by a student.

### **STUDENT DISCIPLINARY PROCEDURE**

#### **MAJOR INFRACTIONS**

The school administration will contact the parent/guardian and the School Resource Officer may be involved when deemed necessary. The school will provide a due process hearing in order to suspend a student involved in, but not limited to, the following major infractions:

Major infraction violations may result in a loss of school privileges such as; field trips, school activities and assemblies, field day & recess. Any offense to school order not mentioned in the Parent/Guardian-Student Handbook is at the discretion of the school administration. Suspension of a student from one to ten days (maximum) shall occur when there is a serious disruption of the educational process. All the above listed major infractions could lead to school suspension.

### **DUE PROCESS PROCEDURES: DISCIPLINE**

1. Before a student can be suspended for ten (10) days or less, the school authorities have to provide him/her with due process that includes:
  - Oral or written notice of the charges against him/her
  - If the student denies the charges, an explanation of the evidence against him/her; and

- An opportunity to present his/her side of the story, which if not utilized, does not prevent the imposition of discipline
2. In longer suspensions or expulsions, more formal proceedings may be required including:
    - At the very minimum, the school authorities will hear what the Parents/Guardians and student have to say in the student's defense
    - Written notice of the charges against him or her sent to the Parents/Guardians
    - Adequate time to prepare for the hearing
    - The right to present witnesses and testimony on his/her own behalf for expulsions
    - The right to counsel or representative to provide assistance, but not necessarily active participation for expulsions
    - The right to a prompt decision detailing the reasons for the expulsion or exclusion
  3. Finally, it should be noted that these procedures should occur prior to the suspension. In emergency situations, however, the student may be suspended first; with the procedures taking place as soon as possible after the suspension has been imposed.

### **MAJOR OFFENSES SUBJECT TO EXPULSION HEARING:**

Violations in the categories below are subject to expulsion from school by the Principal. This is mandated by Chapter 71 of the Act of 1993 signed into law on June 18, 1993 (Section 37H, 37H <sup>1</sup>/<sub>2</sub>, 37H <sup>3</sup>/<sub>4</sub>, MGL). The student shall be provided with an opportunity for a hearing before the expulsion is final.

1. "Any student who is found on school premises or at school-sponsored or school-related events in possession of a dangerous weapon, including, but not limited to a gun or a knife, or a controlled substance as defined in Chapter ninety-four C, including but not limited to marijuana, cocaine, and heroin." (Using, in possession of, or distributing the above said materials).
2. "Any student who assaults a principal, assistant principal, teacher, teacher's aide, or other educational staff on school premises or at a school-sponsored or school related event, including athletic games...."

Procedures and Penalties:

1. Notification to police.
2. Immediate ten (10) day suspension from school
3. Notification to parents/guardians.
4. Referred to principal for an expulsion hearing.
5. Written notification to the student and parents/guardians concerning the offense and notification of the time and place of the hearing, in accordance with Chapter 71 of the Act of 1993 signed into law on June 18, 1993 (Section 37H, 37H <sup>1</sup>/<sub>2</sub>, 37H <sup>3</sup>/<sub>4</sub>, MGL)

### **STUDENT DISCIPLINARY PROCEDURE**

#### **MINOR INFRACTIONS**

The disciplinary procedure will address the consequences for minor disciplinary infractions of school rules. Minor infractions include but are not limited to:

- Not following classroom and school rules
- Violation of dress code
- Failure to complete class work or assignments
- Failure to comply with teacher requests
- Disrespectful behavior towards others

#### **1. Documentation:**

Teachers will maintain documentation of student violations of school rules.

#### **2. Parent/Guardian Contact:**

If the student continues to commit the documented infraction, the teacher will contact the student's Parent/Guardian by phone or letter. The teacher should keep records of Parent/Guardian conferences.

#### **3. Teacher/Team - Parent/Guardian Conferences:**

If the behavior persists, make an appointment to meet with the student's Parents/Guardians. The appointment should be made at the convenience of both the teacher and the parents/guardians; an administrator or school counselor may be asked to be present.

### **SPECIAL NEEDS STUDENT DISCIPLINE**

1. When it is known that the suspension(s) of a special needs student will accumulate to ten (10) days in a school year, a review of the I.E.P. as provided in Section 333 of the C. 766 regulations will be held to determine the appropriateness of the student placement or program. If the TEAM concludes that the student's misconduct is related to the student's disability, is the result of an inappropriate special education placement, or is the result of an I.E.P. not fully implemented, the IEP

will be modified to reflect a new program designed to better meet the student's needs. Following parent/guardian approval, the student will be placed immediately in the new program. If the TEAM concludes that the student's misconduct was not related to the student's disability, or the result of an inappropriate special education placement, and that the original I.E.P. was fully implemented:

- a. An amendment to the I.E.P. will be developed and implemented to provide for the delivery of special education services to the student during the period of exclusion.
  - b. The original I.E.P. will be modified to reflect a long-term plan (including discipline code expectations) designed to assure the student's continued attendance in an educational program.
2. If suspension will result in an exclusion of more than ten (10) days in a school year, immediate written notification of the suspension and request for approval of the alternative plan must be made to the Department of Elementary and Secondary Education, with copy to the student's Parents/Guardians. A copy of the alternative plan must be included, and the request for approval must demonstrate that:
- a. The school has complied with the procedures required by Goss v. Lopez and by the school committee's Code of Conduct, a copy of which is on file with the Dept. of Elementary & Secondary Education.
  - b. The school has considered less restrictive disciplinary measures, including modifying the student I.E.P. to set out specific methods of discipline
  - c. The disciplinary action is for a stated and limited number of days
  - d. The action is necessary in light of the needs of the student and other students in the school
  - e. The school administrators have conferred with appropriate special education staff as to the disciplinary action and have met the requirements outlined in the above procedure

The Division of Special Education will review all the information presented by the school officials and will approve or reject the alternative plan within five days of its receipt by the regional center.

In the case of a long-term suspension or the exclusion of a student with special needs, division staff generally will approve an alternative program for the provisions of special education services as an interim placement only, based on limited duration & consistent with the goals & objectives of the student's I.E.P. Home tutoring is viewed as a last resort of very limited duration to be used while an appropriate program is being determined.

The Department of Education will monitor records of suspension of special needs students.

**Disciplining Students not yet eligible for Special Education Services (34CFR 300.530)** - Special Education disciplinary rules also apply to some students who have not yet been found eligible for special education services. If prior to the conduct in question the parent/guardian has put his/her concern that the student has a possible disability in writing to supervisory or administrative personnel, or the student's teacher or guidance counselor, if the teacher or other supervisory personnel, or if the student has been referred for an evaluation that has not yet been completed, these special rules apply. The special education disciplinary rules do not apply if the parent/guardian has refused to consent to an evaluation or if the student has previously been found to be not eligible for special education.

**Disciplining of Students with 504's** - The code of conduct applies to students with and without disabilities; however, students on 504 plans must have an equal opportunity to be successful with classroom rules and behavioral regulations. Section 504 prohibits districts from disciplining students more severely than non-disabled students on the basis of disability. The free & appropriate education (FAPE) requirement of Section 504 provides that appropriate procedures for discipline are designed to meet individual educational needs of students with disabilities. Students with 504 plans may be excluded from their programs, as can students without disabilities. If students are suspended or expelled, they are entitled to oral or written notice of charges and an appeal for the opportunity to tell their side. Expulsion or suspensions of 10 or more days are considered a change of placement and must follow the procedures designated by the American with Disabilities Act (ADA). When students with 504 plans are excluded from their program for more than 10 school days in the school year, it must be determined if the behavior was a result of the students' disability (manifestation determination). If it is determined that the behavior was related to the disability, students may not be excluded from the current educational placement until a new plan is written. The behavioral intervention services and modifications in the plan should address the behavior violation so that it does not recur. If the student's misconduct is determined not related to his disability then the

district may discipline in the same way as other students would be disciplined. 504 students do not have to be provided with a free and appropriate public education (FAPE) during expulsion or suspension for behavior not related to the disability. Students currently engaged in drug or alcohol abuse are not protected under Section 504. When the placement of students with disabilities is changed for disciplinary reasons, the students and Parents/Guardians are entitled to the procedural protections required by Section 504 and the ADA. (A school district may employ due process procedures that meet the requirements of IDEA to comply with the Section 504 and ADA requirements for procedural safeguards.) These protections include appropriate notice to Parents/Guardians, an opportunity for their examination of records, an impartial hearing with the participation of parents/guardian and an opportunity for their representation by counsel and a review procedure. Thus, if, after a re-evaluation of an initial placement decision, the parents/guardians disagree with the determination regarding the relationship of the behavior to the disability or with the subsequent placement proposal in those cases where the behavior is determined to be caused by the disability, they may request an impartial hearing. A school district is not prohibited from employing its normal, reasonable procedures short of a significant change in placement for dealing with 504 students who are endangering themselves or others. When students present an immediate threat to the safety of others, school officials may promptly adjust the placement or suspend the students for up to 10 school days, in accordance with rules that are applied evenhandedly to all children.

### **RESTRAINT OF STUDENTS**

The Swansea Public Schools has a hands-off policy with students. No student will be physically restrained in any way unless the student's behavior poses a threat of imminent, serious physical harm to self and/or others.

**-Policy:** Every school has staff members that are trained in restraint procedures. The Swansea School Committee has adopted a student restraint policy that ensures that students are free from the unreasonable use of restraint. Physical restraint will only be used in emergency situations, after other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. This full restraint policy is available in the Superintendent's office.

**-Reporting:** The staff member who administers the restraint will inform the principal verbally as soon as possible, and in writing no later than the next school working day. The student's Parent/Guardian will be informed verbally as soon as possible and by written report postmarked no later than three working days following the restraint.

### **SUSPENSION**

Length of suspension will be determined by school authorities and will reflect the offense committed. Parents/Guardians will be notified in writing of the action taken and will have complete custody and jurisdiction of their child during the suspension. A suspended student may not loiter or appear on school property or at any school-sponsored activity at or away from the school. He or she will be permitted to make up all work and tests missed with credit.

A student will be readmitted to school after parents/guardians and administration agree upon a satisfactory solution to his conduct. A student may be suspended for up to ten days for each offense. It is the school's administrative policy that suspension be used only as a last resort or due to violation of the school's disciplinary code.

Students may be suspended for offenses which include but are not limited to the following:

1. Leaving school grounds without proper authorization.
2. Disrespect, insubordination, or profanity directed towards any school personnel.
3. Possession or use of any illegal substance or material (Refer to Drug/Alcohol Policy.)
4. Fighting or assault on school grounds.
5. Possession or use of anything that is or could be considered to be a weapon.
6. Destruction, vandalism, or defacing school property.
7. Students **can be** suspended for any involvement in teacher assault.
8. Bullying/ Harassment.
9. Threats of any type.
