Hanover Public Schools Mission Statement

Our goal is to ensure a quality education for our children by stressing high expectations for learning and behavior, by developing a desire to learn, and by offering challenging opportunities to acquire basic skills, as well as, opportunities to explore and grow in other areas. We strive to provide every opportunity for maximum student achievement and for recognition and stimulation of special talents in all students. In addition to a solid academic foundation, an observance of the ordinary and necessary rules of health and safety, the formation of quality work habits, and the development of positive social attitudes are essential to the educational well being of our students.

We provide a supportive, caring environment that develops self-esteem, self-motivation, and a sense of responsibility. We utilize the best instructional practices and resources and we provide opportunities for the professional development of staff. We recognize that parents/guardians are partners in this mission and we invite them to join together with us for successful achievement of this mission.

Parent Guide to Address Concerns

When a parent determines that there is a school-related concern that needs to be addressed with school officials, the sequential steps outlined below should be followed. Hanover Schools seek to work collaboratively with parents to find the fastest resolution to any problem.

1. The parent should address the concern with the staff member most directly involved, (e.g., a question regarding the content of instructional materials or homework assignments should be shared with the classroom teacher).
2. If the matter is not resolved at this level, the parent may bring the concern to the Principal.
3. If the matter continues to remain unresolved, the parent may bring the concern to the attention of the Superintendent.
4. If the matter still remains unresolved, the parent may bring the concern to the attention of the School Committee by directly contacting the School Committee Chairperson and requesting appropriate action.

The following are examples of issues that should be addressed at the level indicated. If a parent has a concern that is not listed here, the parent may call his/her child's Principal for direction to the most appropriate person.

1. Teachers and Specialists (Art, Music, Computers and Technology, Library, Health, and PE)
 - Student homework, assignments, quizzes, tests, and grading
 - Course instructional materials, practices, academic progress, and extra help
 - Issues related to classroom discipline, interactions with other pupils and teachers
2. Athletic Instructors and Coaches
 - Concerns regarding athletic activities
3. Guidance and Adjustment Counselors
 - Concerns between school and home, teacher and pupil, pupil and other pupils
 - Personal matters relating to student development, behavior, or interaction with others
 - Course selection and student schedules
 - Scheduling of grade/team level meetings at the Middle School
 - Course placement or career information
 - Middle School academic records
 - Accommodations Plans
 - Student placement issues (in a class, program or instructional level)
4. Principals and/or Assistant Principals
 - Co-curricular program issues (athletics, music, drama, etc.)
 - Matters related to the physical plant
 - Concerns regarding school personnel
 - Student records, school-wide student expectations, discipline issues, or bus conduct
 - Requests that specific courses and programs be included in the Program of Studies
 - Policy, procedure, and protocol concerns
5. Superintendent
 - Questions regarding School Committee policies and administrative procedures
 - School Committee meetings and agenda items
 - Budgetary matters to also include any issue or item of the Hanover Schools budget that was not processed or appropriated correctly
 - Concerns regarding school personnel or services which were not resolved at the Principal's level
 - Suggestions or requests for changes in the curriculum
 - Transportation matters
6. School Committee
 - Matters pertaining to district-wide policy, protocol, and procedures
 - Concerns regarding the Superintendent
 - Issues relating to School Committee minutes and agenda items (directed to the Chairperson)
 - Long-range planning
 - District-wide budget issues
 - Any item that should be included in future planning by the Hanover Schools
7. Special Education
 - The parent should first try to address a concern with the appropriate contact person regarding provision of services and IEP
 - If the concern is not resolved at this level, the parent may then contact the Special Education Chair at his/her child's school
 - If the concern remains unresolved, the parent may bring the matter to the Principal
 - If the concern continues to remain unresolved, the parent may bring the matter to the attention of the Director of Student Services

Policy for grades recorded in Aspen (HMS 7-8): Effective September 1, 2021

Providing timely and current grades to students through the sharing of assessment and assignment scores encourages accountability and informs students of their progress towards quarterly report cards and final grades. Teachers, students, and families share in this responsibility to ensure the effectiveness of this important component of school/home communication.

All teachers (grades 7-12) are expected to meet the following standards:

1. Teachers will share their grading policy with students outlining the types of assignments and how the scores will be used to calculate the student's term grade.
2. Teachers will record assignment scores in Aspen in conjunction with returning any assignment (paper, digital, verbal) to students that factors into the student's term grade.
3. Teachers should make a concerted effort to score and return assignments in a timely manner. For most assignments, teachers will enter assignment scores in Aspen within 10 school days of the due date. This policy does not apply to student work submitted after the assignment due date.
4. Major assignments will often take longer than 10 days to evaluate and score. For these assignments, teachers will provide students with the anticipated time frame for grading.
5. Teachers will ensure grade data in Aspen is current three times per grade term. At the high school level, this is approximately every three weeks during each of the 45-day terms. At the middle school level, this is approximately every four weeks during each of the 60-day trimesters. These posting dates will be published annually for staff, students, and parents/guardians.

Academic Information

Academic Integrity

Academic integrity is the core of all education in the Hanover Schools. Therefore, cheating and plagiarism are considered a serious breach of the standards of the school. Cheating includes, but is not limited to:

1. Copying another student's test paper or any other school assignment.
2. Using material during a test or when writing a paper which is not authorized by the person giving the assignment. This includes but is not limited to all types of electronic devices.
3. Collaborating with another student during a test or assignment without teacher consent.
4. Knowingly using, giving, buying, selling, stealing, transporting or soliciting, in whole or in part, the contents or answers of a test or other assignment.
5. Substituting for another student or permitting another student to substitute for one's self to take a test or complete an assignment.
6. The use of electronic translating programs, applications, or websites when not authorized by the teacher.

What is Plagiarism?

Plagiarism is the unethical quotation of another's words or the unethical use of another's ideas or data in such a way as to let the world conclude they are your own words, ideas, or data. With proper attribution, to quote another's thoughts and words is appropriate; plagiarizing, however, is cheating and it may break copyright law as well. Plagiarism includes but is not limited to:

1. Quoting or paraphrasing another person's words, ideas, opinions, designs or theories without appropriate citations.
2. Using any facts, statistics, graphs, or drawings that are not common knowledge without appropriate citations.
3. Submitting another person's work (borrowed, bought, or downloaded) as your own.
4. Submitting a paper you have received a grade for in another class.
5. Copying, tracing or downloading another student's artwork or design and submitting it as original work.

When using the Internet as a source, the same rules apply. Copying visual information or graphics from an Internet site is similar to quoting information. All Internet sources must be cited. Strategies for avoiding plagiarism include:

1. Give yourself plenty of time to do research.
2. Put in quotations everything that comes directly from the source when taking notes.
3. When you paraphrase, read the source, cover the source and rewrite the ideas in your own words without looking. Recheck the original source for accuracy and to be sure you have not used the same words.
4. Check with your teacher.
5. If in doubt, cite your source.

Consequences of any Violations of Academic Integrity

Students who are found to have cheated or plagiarized will be subject to disciplinary procedures. The first incident during a student's middle school career will result in a zero for the assignment. Students will be assigned a minimum of one office detention up to two extended detentions. The second incident at any time during a student's middle school career will result in a zero for the assignment or a reduction in the term grade by 10 points, whichever is greater. Students will be suspended out of school for up to three (3) days and will lose any leadership positions for the remainder of the school year. Students will be subject to social probation. The third incident and all subsequent incidents during a student's middle school career will result in a zero for the current term. Students will be suspended out of school for five days and will lose any leadership positions for the remainder of the school year. Students will be subject to social probation.

Academic Rigor

We believe it is important that students have a challenging academic program within a caring and supportive environment. The Hanover Middle School, which contains grades five through eight, is designed around the philosophy of teams to create small communities of learners within the school. In grades five and six, the teams are smaller with two and three-teacher teams. In grades seven and eight, the teams contain five teachers. The purpose of teams is to create that caring and supportive environment within our large school. It is also important that students at this stage develop an understanding of their own learning style and that they learn study strategies that will help them meet their educational goals. Teachers work with students to help with this process as well as develop organizational skills that are important for current and future academic success.

Teacher Teams

The team approach enables teachers to concentrate their collective attention to the individual needs of a specific group of students. All students are assigned to a team of teachers who provide academic instruction in the following areas:

- Grades 5 & 6 - Subjects: ELA, math, social studies, science, and academic support
- Grades 7 & 8 - Subjects: ELA, math, social studies, science, academic support, and world language

Specialists

Students are also provided instruction in some, if not all, of the following areas: art, band, chorus, music, computers, digital literacy, wellness (health and physical education), and technology engineering. These specialist classes provide students with a variety of experiences that enhance their education and help students develop skills and talents that will benefit them throughout their lives.

Initial Course Selection for Grade 9

Eighth grade teacher recommendations for high school courses will be based on grades, standardized testing, state and local assessment, and additional teacher observations.

It is recommended that incoming Grade 9 students demonstrate above average grades in Accelerated Math 8 to be recommended for geometry.

It is recommended that incoming Grade 9 students who demonstrate average or above average achievement in Grade 8 world languages should select Spanish or French II. Students who have not demonstrated average achievement should consider French or Spanish I. Students and parent(s) and/or guardian should discuss this language selection with a guidance counselor before choosing it.

Specialist Grading

Grade	Additional Information
4	Work and/or performance of an exceptional quality. Exceeds expectations for grade level
3	Work and/or performance is proficient and meets overall expectations for the grade level
2	Work and/or performance needs improvement to meet standard
1	Work and/or performance is of an unsatisfactory level

Failure and Retention

Failure from any subject is defined as having a cumulative average of less than 60. The administration will facilitate a mid-year retention meeting with the families of students who are not making effective progress and/or failing two or more core academic subjects to develop an academic support plan. At the end of the school year, the student's progress will be reevaluated by guidance and administration. The Principal is the final authority in determining retention or recommending summer school.

Additional Academic Information

Extra Help

Students should recognize that everyone needs extra help sometimes. This help may be provided during recess (Grades 5 & 6), academic support, or after school. Teachers are available Monday through Friday, for 30 minutes, after the close of school. However, students should arrange with teachers at least 24 hours in advance and properly communicate this arrangement to their parent/guardian. Extra help with the teacher can help students perform better and gain confidence in a difficult class or subject.

Extended Absences - Tutoring

Upon receipt of a physician's order that a student must remain at home or in a hospital for not less than fourteen (14) days for medical reasons, the student becomes eligible for tutoring services under Chapter 766 CMR 28.03 (3c).

Homework

Homework refers to an assignment or project to be prepared during a period of supervised study in class or outside of class or which requires individual work at home. Homework is a learning activity that should increase in complexity and duration with the maturity of the pupil. With increased maturity, learning should become an independent activity. This should be established through consistent assignments, which encourage students to investigate for themselves and to work independently as well as with others.

The types of homework assigned and the time required to complete it should vary as students proceed through the grades. As a general guideline, the average amount of time spent doing homework should be approximately ten minutes, multiplied by the child's grade level. For example, a fifth grader will have approximately 50 minutes a night. These averages may vary on a night-to-night basis, particularly at the secondary level and with long-term assignments.

Additional outside reading is also strongly encouraged. The information for any homework assignment should be clear and specific so that the pupil can complete the assignment. Students, teachers, and parent(s) and/or guardian are encouraged to work together to make the homework experience productive and meaningful.

Homework Guidelines

Working together, students, teachers, and parent(s) and/or guardian can make homework a useful and enriching part of instruction. The following suggestions are intended to help students, teachers, and parent(s) and/or guardian identify their respective roles and responsibilities regarding homework.

Students

1. Understand what the assignments are and when they are due.
2. Read and listen to assignments carefully and then ask questions when your understanding of instructions, assignments, or deadlines is not clear.
3. Organize time and other resources in order to complete the assignments on time.
4. Give homework your best effort before asking your parent(s) and/or guardian for help.
5. Do outside reading in addition to assigned homework.

Teachers

1. Assign homework with a purpose: Assignments should require students to either practice what is being learned in the classroom or serve as a preparation or extension of new content.
2. Provide clear instructions regarding when and what is expected of the student.
3. Make assignments available for students on a web page or through other available technologies.
4. If you teach as part of a team or within a department, coordinate with other teachers to ensure that students do not get an unrealistic amount of assignments on a given night.
5. Evaluate and return homework in a timely manner with appropriate feedback.
6. Recognize students who consistently and correctly complete homework and seek to improve the study habits of those who do not complete assignments.
7. Provide an extension to students who are celebrating religious holidays.
8. Be aware of individual learning needs when assigning homework and modify if necessary.

Parent(s) and/or Guardian

1. Ask your child what he/she has for homework each night.
2. Provide an environment that is conducive to uninterrupted study time.
3. Teach independence by encouraging your child to complete assignments without help. A parent(s) and/or guardian's role in homework is as a facilitator, not a problem solver.
4. Stop your child from working on homework if it appears to be taking an unrealistic amount of time and so note it on the assignment.
5. Ask your child's teacher if you have questions or concerns about the type and amount of homework being assigned.
6. Read with your child and encourage him/her to read for pleasure in addition to homework.

Homework Policy When Absent

Students are expected to obtain all assignments missed during an absence and work with his/her teacher(s) to determine an acceptable arrangement for timely completion. It is recommended that the student obtain two phone numbers and/or email addresses of classmates (per class) at the start of the school year to obtain assignments when absent. Students will refer to their teacher's Google Classroom, which will list daily/weekly homework assignments, and may be accessed through the school/district website.

For absences longer than three (3) days, parent(s) and/or guardian(s) should contact the student's guidance counselor. The guidance counselor will work with the teacher(s), on behalf of the student, to establish a timeline and plan to complete assignments.

Homework for unscheduled (non-school) vacations will not be issued to the student or parent/guardian prior to the vacation. All assignments missed must be completed within the established guidelines for absences as stated above.

Honor Roll Criteria

8th Grade: A student who earns an A- or higher in all core academic subjects will be designated as achieving High Honors.

7th and 8th Grade: A student who earns a B- or higher in all core academic subjects will be designated as achieving Honors.

Incomplete Work due to Medical Problems

Students who receive an incomplete grade at the end of a term will have ten (10) school days to complete the necessary work.

Interim/Progress Reports

Standard progress reports are issued at mid-term according to the schedule. Progress reports will be disseminated to the students and homes will be called using the SchoolMessenger phone system to notify parent(s) and/or guardian(s). Parents/guardians of 7th and 8th grade students can utilize the parent portal of the Aspen system to see progress reports and to continuously monitor their student's progress. Directions for parent/guardian access to this system will be sent home in September. Paper progress reports do not need to be returned to the school. The parent/guardian may request individual progress reports at any time by emailing their child's teacher.

Make-up Schedule

Students normally have the number of days absent plus one day in order to make up work after an absence. Teachers are available most days after school for make-up work. Teachers will generally be available until 3:00 p.m. on these days. Students should arrange any make-ups with teachers at least 24 hours in advance and properly communicate this arrangement to their parent/guardian.

Make-up: Test and Quiz

Teachers are available after school for 30 minutes after the students' dismissal time. Teachers responsible for the instruction of different courses and levels may post a make-up schedule by course. *It is the responsibility of the student to arrange make-up times for tests, quizzes and homework.* Students have the equivalent number of days they had been absent plus one additional day to make up work.

Make-up: Work Due To Absence

Completion of work missed by a student due to absence is the responsibility of the student. Parents/guardians should contact the Guidance Department for make-up work due to an extended absence of over 5 days. Students should contact teachers for absences less than 3 days. Incomplete work at the end of a marking period must be made up within two weeks. Failure to make up work in the given period of time will result in a failing grade for the specific assignments. If the assignments are subsequently made up, then the grade can be amended from a failing grade to the earned grade. The Principal has the discretion to extend time for make-up.

Physical Education Attendance

All students are required to attend and participate in physical education classes unless excused by a doctor, the Principal, the Assistant Principal, the nurse, or a physical education instructor. All students in physical education class will wear proper dress: t-shirt, gym shorts or sweatpants/sweatshirts and sneakers. Extended absences from physical education classes require a physician's certificate. All excused absences (medical/sickness or family situations) can be made up after school. All unexcused absences (skipping class, behavior problems or leaving class without permission) may not be made up. All students are expected to handle the physical education equipment with care and respect. If physical education equipment is damaged or broken, the student will be billed for that piece of equipment.

Wellness

Wellness is an integration of Health and Physical Education. The Middle School Wellness curriculum is based on the Massachusetts Comprehensive Health Curriculum Frameworks and is accessible on the HMS website under Program of Studies and under the "Teacher Homepages" of the Wellness teachers. The overall goal of the course is to continue efforts begun in earlier grades to promote the health and well being of our students, and to help them make wise and informed decisions during their teen-age years and beyond. Students in each grade will participate in lessons in team building, fitness, and a variety of sports and activities. In addition, each grade will have a wellness theme. Below is a sample of the topics addressed:

- GRADE 5 - Introduction to Comprehensive School Health Education: including goal-setting and decision-making, safety, disease prevention, body systems, and *growth and development (puberty introduction)*
- GRADE 6 - The World Around Us: Safety, Community, and Environment including first aid, smoking, and violence prevention
- GRADE 7 - Personal Wellness: including body systems, *puberty review and update*, nutrition and physical activity, and alcohol
- GRADE 8 - Respectful Relationships: including character, depression and suicide, drug abuse prevention, and *reproduction/sexuality unit*

Wellness teachers will communicate with parents/guardians about these and other lessons through a variety of methods which may include: Middle School Wellness website, periodic emails, parent/guardian information nights, and use of Aspen. Questions or concerns about the Wellness program or curriculum should be directed to the Wellness teachers.

MA General Law, Chapter 71: Section 32A and Hanover School Committee Policy (IHAM-1) provide parents/guardians the flexibility to exempt their child from any portion of curriculum which primarily involves human sexual education or human sexuality issues through written notification to the school Principal.

The lessons to which this applies are listed in italics above. Any exempted student would be provided with an alternative assignment and would not be penalized.

Attendance Information

Regular attendance and promptness are essential to a student's academic career and social development. Therefore, each student is expected to attend school daily unless there are serious reasons to the contrary. In order to ensure that students understand that their education is a top priority, the following absence, dismissal and tardiness policies are hereby to be followed by students and parents/guardians alike.

Absences/Notes and Calls

In order to be marked present, a student must be in school until 11:00 a.m. Any student dismissed before 11 a.m. or tardy after 11:00 a.m. will be marked absent for that day. For early release days, students must arrive in school before the beginning of period three in order to be eligible to participate in any extra-curricular, sports or co-curricular activity that day. Students who are marked absent any day will NOT be allowed to participate in any extra-curricular or co-curricular activity that day. A student who is tardy and dismissed on the same day without a valid excuse will not be allowed to participate in extra-curricular, sports or co-curricular activities on that day.

When a student is absent, parents/guardians should call the school's main number (781-871-1122, option 4) and leave a message. If a parent/guardian or student has any questions or concerns regarding any attendance issues, they should speak to the Assistant Principal. For absences of five (5) days or more, students must bring a doctor's note upon return. Upon receipt of acceptable documentation, the school may excuse lateness, absences and dismissals for the following reasons: medical/dental appointment, funeral, legal appointment, religious holiday, and at the discretion of the Principal/Assistant Principal.

Absence from School – Daily

Consistent attendance is vital for educational success. There are times due to illness or family emergencies that a student may be absent. A student must never be absent without parent/guardian permission. Absent students are responsible for having their parents/guardians call the Middle School main office (781-871-1122, option 2) before 9:15 a.m. on those days that an absence occurs. Parents/guardians are asked to explain the reason for the absence. Parents/guardians who do not call the Middle School main office to verify an absence will be called during the day to confirm their child's absence. Parents/guardians who speak directly with school personnel will not need to present a note of explanation stating the reason for the absence.

Absence from School – Planned

Parents/guardians must contact the Principal to discuss any plans for extended absences. The Principal will determine if it is an excused or unexcused absence. A student returning to school from an extended absence must be actively involved

in completing work missed during the absence. The timeframe for completion of such work will be the length of the absence plus one day.

Absence from School – Chronic

Students who accumulate more than 20 unexcused absences in a full year must meet with their parents/guardians and the administration to develop an attendance plan going forward. Students will be issued a written warning at the 10 and 15 day mark for full year courses.

Absence Due to Field Trips

Any assignment due the day of a field trip must be submitted prior to leaving on the field trip. Any assignment to be made up as a result of the field trip will be due the next day. A student must be on time in order to go on a field trip later in the same school day.

Absence from Class

Any unauthorized or deliberate absence from class is a major infraction of the *Code of Conduct*. Students will not be allowed to make up any missed class work, tests or quizzes for a class cut or truancy.

Attendance in School – Daily

Daily attendance is taken during homeroom. A student who fails to report to homeroom is marked absent for the day. A student who is late to school is expected to report to the office.

Attendance Notification Program

If a parent/guardian fails to notify the school of an absence, students who are absent from school will receive an automated phone message informing parents/guardians of the student's absence. Students who accumulate five or more unexcused absences, or who miss two or more periods unexcused in at least five days in a school year, will receive written notification of such absences. Parents/guardians will be given the opportunity to meet with the Principal, or designee, to discuss an action plan for student attendance. Additional notifications may be sent as necessary.

Dismissal from School

Students may leave the building during school hours only with permission from the nurse or administration. Any dismissal due to illness must be issued by the school nurse and recorded in Aspen. Any student who is dismissed due to illness at any time during the school day cannot participate in co-curricular or extra-curricular activities that day. If a student wishes to be excused for reasons other than illness, he/she must bring a note to the main office at the start of the school day, signed by the parent/guardian, giving the date, reason for dismissal, and the parent/guardian must come in and sign the student out. Only authorized individuals will be allowed to dismiss students.

If a student has a doctor or dental appointment, the student should be sent to school first since most appointments are not until after 8:00 a.m. The student will be dismissed from school for the appointment and will return to school after the appointment. Being dismissed in this manner, the student is neither tardy nor absent, and the student is in class as much as possible. Failure to follow any aspect of the dismissal procedure will result in a consequence detailed in the *Code of Conduct*.

Tardy Procedure

Tardiness to School

Students must report to homeroom by 7:40 a.m. Any student who arrives to school after 7:40 a.m. must report to the main office. The staff member in the main office will record the time the student reports and mark the student as tardy. The student will be given a pass to either homeroom or scheduled class depending on the time of arrival. Students who are tardy to school are recorded as “excused tardy,” or “unexcused tardy” and this appears on the daily attendance report. For a tardy to be “excused”, the student must have had a medical/dental appointment, legal appointment, or a funeral and provide acceptable documentation. Parent/guardian notes will only excuse a tardy due to a funeral. The Assistant Principal will verify this documentation. A parent or guardian must contact the Assistant Principal if s/he feels that there are any extenuating circumstances for the “unexcused tardy.” After the Assistant Principal completes his/her investigation with the parent/guardian, it is at the discretion of the Assistant Principal whether or not to excuse the tardy. Students who accumulate three tardies per term will receive a tardy letter. Students will receive an office detention for every four tardies. If tardiness continues, the Hanover Police and Hingham District Court may be requested to intervene.

Tardiness to Class

Students tardy to class are expected to produce a pass from the previous teacher. Failure to produce a pass may result in the assignment of a teacher after-school session. If tardiness to class becomes a chronic issue, the teacher will contact the parent/guardian and may make a referral for administrative intervention.

Truancy from Class

Truancy is the unauthorized absence from any class or the school day. Initial truancy from any class will result in a conference with the student and Assistant Principal; the student will be assigned one office detention up to one extended detention. A second incident from any class will result in two extended detentions. A third incident from any class and all subsequent incidents will result in an in-school suspension. Parents/guardians will be notified by mail.

Truancy From School

Students truant from school will be subject to the following: **First Truancy:** Student will receive three extended detentions. Parents/guardians will be notified. **Two or more Truancies:** The student will receive three extended detentions and an administrative conference with a parent/guardian will be held.

Code of Conduct

Introduction

Students in the Hanover Public Schools are expected to treat all members of the school community with dignity and respect. The school community is defined as people who work or interact in the school. Students, teachers, administrators, guidance counselors, custodians, administrative assistants, cafeteria workers, parent volunteers and school visitors are part of this community. Our goal is to provide each person in the school the opportunity to grow personally, socially, and intellectually, as well as the opportunity to exercise his/her rights in a positive and constructive way. Thus, all members of the school community have the responsibility to conduct themselves in a way that demonstrates a respect for all individuals, their rights, and their property. All members of the school community are expected to know and support the standards of conduct of the school and assist in the enforcement of rules and regulations. This *Code of Conduct* is in effect during all curricular, co-curricular, athletic and special events of the school both on and off campus (e.g., school dances, athletic events at another school, enrichment activities, after school program, etc.), including school-sponsored trips and those times when school buses or other school-provided transportation is used. Students are reminded that a student's participation in co-curricular, athletic, and special events is a privilege, not a right or an entitlement.

Administering the Code of Conduct

Students are guaranteed due process and fair treatment at school. Therefore, before a school administrator takes disciplinary action against a student, the school administrator will provide the student with appropriate due process. The guidelines set forth in this *Code of Conduct* may be supplemented by teachers' rules for individual classes. The academic success and the safety of students are contingent on students maintaining appropriate and responsible behavior. Therefore, in addition to disciplinary action imposed by the teacher for inappropriate behavior in class and/or the disciplinary action provided in this Handbook, any student reported to be disruptive in class and/or in violation of the safety precautions established by the teacher may be removed from that class for a period of time designated by an administrator. If the student's behavior does not improve after returning to class, an administrator, following a conference with a parent or guardian, may permanently remove a student from the class.

In administering the *Code of Conduct*, an administrator has the discretion to significantly increase consequences in the cases of second and third offenses. In determining the severity of the consequence, the Principal or Assistant Principal may consider all relevant factors, including but not limited to the following:

1. The student's previous disciplinary record
2. The severity of disruption to the educational process
3. The degree of danger to self, others, and the school in general
4. The degree to which the student is willing to change his/her inappropriate behavior

Student Expectations

It is expected that every student at HMS read and understand the *Code of Conduct*. It is a primary objective of our school that students learn to respect the rights of others. Through the educational process, students, faculty and the community will develop values that encourage a sense of respect for the rights of others, respect for property and respect for diverse

points of view. Students must understand that for every right they have, there is a corresponding responsibility. The “Student Responsibilities and Student Rights” detailed below in no way diminish the legal authority that school officials may invoke to deal with students who cause significant disruption to the educational process. Students must understand that they are responsible for their behaviors and that every behavior – be it positive or negative – has a consequence. The *Code of Conduct* at HMS strives to assist students in becoming self-disciplined by identifying behaviors that inhibit a positive learning environment. It is the responsibility of the Faculty and Administration to assure that a proper educational environment exists at all times and that the school is administered without threats or coercion.

Student Responsibilities

Every HMS student is responsible for: (1) attending school daily, being on time to all classes and completing all the work associated with those classes, (2) being aware of all school procedures and regulations detailed in the *Student Handbook*, (3) assisting in maintaining a clean building and grounds, (4) volunteering information that ensures the smooth running of the school or deals with safety issues in the school, (5) serving those segments of the student body the individual represents, (6) actively keeping up with missing work while absent or suspended, (7) meeting financial obligations for lost texts and other school materials.

Student Rights

Every HMS student has the following rights: (1) to expect that school is a safe place for all to learn, (2) to expect a school that is free from any expression of hatred or discriminatory behavior, (3) to be part of the cooperative venture with all school personnel in maintaining a positive learning environment, (4) to hold office or participate in any school activity while in good academic standing, (5) to exercise constitutionally protected rights of free speech, petitions and assembly without disrupting the educational process in the school, (6) to use school facilities for approved extra-curricular activities with proper faculty supervision, and (7) to expect encouragement to participate in clubs, recreational events and other such related activities.

Inappropriate Behaviors and Consequences

While the *Code of Conduct* lists examples of inappropriate conduct and potential consequences for engaging in such conduct, it is not possible to anticipate every circumstance that could result in discipline. Out-of-School Suspension (OSS), In-School Suspension (ISS), and Expulsion

Any student who is serving a suspension (in-school, short-term or long-term) or expulsion will have the opportunity and, in fact, is expected to make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school. The student is responsible for bringing all books and materials home, obtaining assignments from classmates, and completing school work during the suspension. The student is expected to contact each teacher the day the student returns to class following suspension to schedule making up all quizzes, tests, labs, and writing assignments. Any student who is suspended for more than ten (10) consecutive days (whether in or out of school) or expelled from school will have an opportunity to receive education services through the school-wide education service plan.

Out-of-School Suspensions will be served on those dates specified by the administrator. Suspensions will be served on consecutive days. The only exception to this would be to allow students to take final exams. If a suspension ends on the day prior to a weekend or vacation, then the student is ineligible to participate in or attend any activities throughout the entire period (i.e. weekend or vacation). Students who are suspended from school are not allowed to be in school or on school property at any time during the period of suspension and are not allowed to attend any school-sponsored activities. A student is required to serve the full number of days of suspension. If school is cancelled due to snow (or other reason), a student cannot count that date for the serving of a suspension.

Social Probation

Social probation means that students may not participate in any co-curricular or extra-curricular activities for the stated periods of time inclusive of weekends and vacations. Social probation will be applied for any incident involving the following: Accessory to or Inciting Conflict, Threatening Language or Action, Stealing, Vandalism, Fighting, Assault, Physical Conflict; Smoking Policy Violation, Willful Actions, any form of Harassment, Hazing, or any Group F offense.

Social probation will be applied upon the second and all subsequent occurrences of plagiarism/cheating during a student's middle school career.

Social probation will be applied for the following incidents upon the third occurrence and all subsequent occurrences during any one school year: Insubordination, Disrespectful or Insolent Address, and Disruptive Behavior.

The Principal may impose social probation for other incidents if deemed appropriate.

The first time social probation is applied will result in a suspension from all co-curricular and extra-curricular activities for a period of 4 consecutive school weeks. The second time and all subsequent applications of social probation will result in 10 consecutive school weeks of social probation.

Detentions

Teacher Detention (TD)

All teachers will administer their own detention for minor incidents occurring within the classroom or hallway. A TD will take precedence over all school activities and will be served for a period after school not to exceed 40 minutes. Students will be afforded the opportunity to serve the TD on the day of or the day following the minor infraction. TDs may be assigned for the following reasons: (1) classroom disruption of a minor nature, (2) missing assignments, (3) inadequate class preparation, or (4) tardiness to class. If a student fails to appear for a scheduled TD or fails to serve the complete detention period due to disruptive behavior, the teacher will write an Incident Report and give it to the Assistant Principal. The Assistant Principal will assign a minimum of two ODs for missing a TD.

Office Detention (OD)

After all efforts to manage inappropriate student behavior have been exhausted by the teacher, a student will be referred to the Assistant Principal. Any student who chooses to be rude, impudent, insolent, or generally hinders the learning of other students in the class will be removed from the class immediately. An Incident Form explaining the reason for sending the student to the office will be submitted when a student is referred to the office. A copy of the Incident Form will be returned to the teacher and the guidance counselor with the administrative consequence noted. ODs will only be assigned by an administrator for conduct that violates the *Code of Conduct*. Students will serve the OD within three school days of the disciplinary meeting with the assistant Principal. Removal from an OD due to disruptive behavior will result in a minimum of one ED. Multiple ODs must be served consecutively. The location of the OD room will be announced at the end of the school day and will be held from 2:20 p.m. to 3:00 p.m. Failure to attend OD will result in two additional ODs. The original OD will also be made up. At any time during the school year, upon the 4th incident of missing an OD, an ED will be assigned.

Extended Detention (ED)

EDs are assigned for serious infractions of the *Code of Conduct*. Students assigned to EDs must serve the ED within three school days of the disciplinary meeting with the Assistant Principal. The location of the ED will be announced at the end of the school day. Students receiving multiple EDs must serve the EDs consecutively. The following guidelines pertain to serving EDs:

- ED will run from 2:20 p.m. to 5:00 p.m.
- Students assigned to ED must bring assignments or appropriate reading material.
- Failure to bring and/or complete assignments will not be tolerated. Students must be attentive to their work. Sleeping is not allowed. Students will be given an initial warning. Failure to heed the warning could result in another ED and possible dismissal from the ED.
- One 10-minute restroom break will be allowed for students in ED. The break will be supervised by the ED Teacher.
- Refusal to report to an ED, disruptive behavior resulting in dismissal from an ED or leaving an ED without permission will result in a one-day out-of-school suspension. The missed ED will be rescheduled upon return to school.
- Students absent on the day an ED is assigned must serve the ED immediately on the day the next ED is scheduled.
- Parents will be notified in writing for every assigned ED. The correspondence will detail the *Code of Conduct* infraction.

In-School Suspension (ISS)

ISSs are also assigned for serious infractions of the *Code of Conduct*. Students assigned to ISSs must serve the ISS within three school days of the disciplinary meeting with the Assistant Principal.

- ISS will take place during the academic school day and hours.
- Students assigned to ISS must bring assignments and appropriate reading material.

- Students are expected to complete any work assigned for the day during ISS.
- Students will eat lunch in ISS.
- Students absent on the day an ISS is assigned must serve the ISS on the next school day.
- Parents will be notified in writing for every assigned ISS. The correspondence will detail the *Code of Conduct* infraction.

General Information

Band and Chorus

Students enrolled in 6th, 7th and 8th grade band or chorus are expected to be enrolled for the entire school year.

Consideration for students enrolled in 5th grade band will be at the end of each term. Parents should send their request in writing to the guidance department and band director or choral leader no later than two weeks before the end of the academic term.

Books

Students are obligated to pay for damaged or lost books.

Bus Conduct

School buses are considered an extension of school. Therefore, all school rules apply to bus behavior. Students are to approach the bus in an orderly fashion and only when it is completely stopped. There is no pushing or shoving while getting on or off the bus. There will be no smoking, throwing of objects, objectionable language, harassment, and/or disorderly conduct of any kind on the bus. Students will follow the rules and directions of the bus driver including the assignment of seats. Students are expected to ride their designated bus to and from school. They may not ride a different bus without permission from an administrator. Students riding their own bus who want to get off at a different stop may with a permission slip signed by a parent/guardian. The bus driver will inform the school administration of any complaint or infraction of the bus rules.

Corridor/Hall Passes

Students must carry a staff-issued hall pass when out of class. Students who are found out of class without a hall pass will be subject to disciplinary procedures in the *Code of Conduct*. Every violation of the procedures for a hall pass will result in the removal of hall pass privileges for a period of 20 school days. That student's name will be placed on the "Restricted Pass List" and distributed to teachers. Students found in the hall while on the restricted pass are insubordinate and the *Code of Conduct* will apply. A student on the Restricted Pass list should ask the teacher to call the office for an escort should the student need to leave the room.

Daily Announcements

Daily announcements are made over the school's intercom system and are posted on the Hanover website to recognize special achievements and/or service.

Dress Standard

We take pride in the appearance of our students. Hanover Middle School students are expected to use good taste and common sense in selecting attire that is appropriate based upon the setting. We encourage students to make choices that create a positive learning and work environment for all and that reflect pride in attending and representing our school.

While developing sound judgment in selecting attire for school, students must keep in mind their obligation to avoid clothing that may cause disruption or disorder or that violates reasonable standards of health, safety and cleanliness.

In order to fulfill this obligation, the following must be adhered to:

- Clothing must adequately cover the student, including midriff, private body parts, and underwear.
- Appropriate footwear must be worn.

Further, the following must be avoided:

- Coverings worn during the school day (sunglasses, hats, visors, hoods, bandannas) that may limit the ability of staff to identify a student, with exceptions made for religious reasons;
- Clothing that creates a hostile or intimidating environment for others based upon on race, sex, gender identity, sexual orientation, ethnicity, religion, homeless status, socio-economic status, and/or body type/size;

- Clothing that depicts or encourages conduct that is illegal or prohibited in a school setting, such as drugs, alcohol, tobacco, and weapons;
- Clothing or accessories associated with gangs.

This list is not exhaustive. School officials reserve the right to address any attire that may cause disruption or disorder or that violates reasonable standards of health, safety and cleanliness.

Depending on the circumstances, the process for addressing violation of dress standards may include the following:

- An adult may speak with the student and ask the student to change clothing or turn it inside out. Parents may also be called and asked to bring a change of clothes/shoes to the student.
- Students who decline requests for a change or who repeatedly violate dress standards may be disciplined, subject to appropriate procedural requirements.

Note: The fact a student may have been permitted to attend classes early in the day while violating dress standards does not preclude school officials from addressing these violations later in the day.

Electronic Devices

Unsupervised use of electronic devices is a large source of distraction for the learning environment and has the potential to create a hostile school environment. The use of any electronic device (cell phones, tablets, iPods, etc.) is not permitted during the school day without the permission of an administrator or teacher. There will be learning activities throughout the school year where teachers incorporate and supervise the use of electronic devices. Electronic devices must be turned off when entering the school in the morning and placed in students' backpacks. No electronic devices can either be visible or be heard during the day. Parents are reminded that if they have an emergency they can call the front office, and we will contact the student immediately. Students not adhering to the electronic devices expectations will be referred to the Assistant Principal via an incident report and appropriate consequences will be administered. If the offense occurs a second time, the parent/guardian may be required to pick up the device in the office.

Parents should contact the guidance office to coordinate teacher conferences to discuss any school or home issues that might affect learning. Counselors will assist with transitioning students to and from the middle school. Counselors are available to students upon request and whenever necessary to assist with any type of difficulties. Counselors are specifically trained to assist students and parent(s)/guardian(s) with many types of challenges. Please schedule an appointment with your child's counselor through the guidance administrative assistant.

Formal Reports

A *Temporary File*, containing all school information collected during earlier school years (report cards, transfer reports, test summaries) is maintained for each student. This file is located in the main office, and may be reviewed by a student or parent/guardian with their guidance counselor. In addition, the Administration maintains a *Permanent File* for each student, which is a record of courses taken, grades awarded, and credits accrued.

Parent Requested Meetings

On occasion, parent(s) and/or guardians may feel a need to meet with individual teachers or a team of teachers. To schedule a meeting, contact the teacher or guidance counselor. Meetings are typically held before school, during planning time or after school. Usually, it takes two days to schedule a meeting.

Performance Reports

Report cards are issued every 12 weeks to inform the parents of the progress, attendance, conduct, and effort of appointment please) are encouraged throughout the school year. Parent conferences are held twice a year at the end of the first and second terms. Completion of work missed by a student due to absence is the responsibility of the student. Work incomplete at the end of a marking period must be made up within two (2) weeks; otherwise it is recorded as 'failure'. Failure to make up work in the given period of time will result in a failing grade for the specific assignments and possibly for the term. If the assignments are subsequently made up, the grade can be amended from a failing grade to the earned grade. The Principal has the discretion to extend time for make-up.

Parents of students who qualify for services should contact their guidance counselor. Details regarding hours, grading, curriculum and assignments are available in the guidance office.

Policies, Procedures, and Laws

Access To Records by Non-Custodial Parents

As provided by M.G.L. c. 71, s. 34H and 603 CMR 23.07(5), any parent/guardian who does not have physical custody of their child (i.e. non-custodial parent) is eligible to obtain access to their children's student records *unless* the school or district has been given documentation that: (1) the parent has been denied legal custody or has been ordered to supervised visitation, based on a threat to the safety of the student and the threat is specifically noted in the order pertaining to custody or supervised visitation, (2) the parent has been denied visitation, (3) the parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record, or (4) there is an order of a probate and family court judge which prohibits the distribution of student records to the parent. In order to obtain access, the non-custodial parent must submit a written request for the student record to the School Principal. Upon

receipt of the request, the school must immediately notify the custodial parent by certified mail and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent access after 21 days, unless the custodial parent provides the Principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07. The school must delete the electronic and postal address and telephone number of the work or home locations of the custodial parent from student records provided to non-custodial parent. Such records must be marked to indicate that they shall not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to M.G.L. c.71 34H, the school shall notify the non-custodial that it shall cease to provide access to the student record to the non-custodial parent.

Concussion Policy

The Hanover School Committee has adopted this policy to address the identification and proper handling of suspected head injury for students in grades 6-12 who are participating in school- sponsored extracurricular athletic activities in accordance with Mass. Gen. L. c. 111, Section 222 and accompanying regulations (105 CMR 201. et seq.) (“Regulations”).

I. Definitions

The definitions of terms used in this policy are those set forth in the Regulations at 105 CMR 201.005. The following are selected for reprinting here:

Coach means an employee or volunteer responsible for organizing and supervising student athletes to teach them the fundamental skills of Extracurricular Athletic Activities. The term coach includes both head coaches and assistant coaches (and per the definition of Extracurricular Athletic Activity below, marching band directors).

Concussion means a complex disturbance in the brain function due to direct or indirect trauma to the head, related to neurometabolic dysfunction, rather than structural injury.

Extracurricular Athletic Activity means an organized school sponsored athletic activity generally occurring outside of school instructional hours under the direction of a coach, athletic director or band director. (Among the examples listed in the definition are cheerleading and marching band. Thus, any reference to Extracurricular Athletic Activities in this policy includes the Hanover Middle School Band.)

Head Injury means a direct or indirect trauma to the head including a concussion or traumatic brain injury.

Second Impact Syndrome means a potentially lethal condition that can occur when a person sustains a head injury prior to the complete healing of a previous brain injury causing deregulation of cerebral blood flow with subsequent vascular engorgement.

Traumatic Brain Injury (TBI) means a complex pathophysiological process affecting the brain, induced by traumatic biomechanical forces. TBI may be caused either by a direct blow to the head, face, neck or elsewhere on the body with an impulsive force transmitted to the head. TBI includes, but is not limited to, a concussion.

II. Roles and Responsibilities

Athletic Director: The Athletic Director shall be responsible for the general implementation of this policy and any accompanying procedures. These responsibilities include the following:

1. Supporting and enforcing protocols, documentation, training and reporting requirements
2. Supervising, reviewing and properly distributing all documentation received
3. Reviewing the policy every two years and recommending changes and/or updates to the school committee for adoption
4. Reviewing and recommending updated training programs and student and parent(s)/guardian(s) handbooks at least once every two years
5. Reviewing all *Pre-Participation Forms* and forwarding to the school nurse and Athletic Trainer those forms that indicate a history of head injury
6. Coordinating outreach to parent(s)/guardian(s) who have not provided required pre-participation forms and documentation

School Nurse and Other School Based Staff: As reflected throughout this policy, various members of the school staff play an important role in implementation of this policy. The School Nurse’s role is particularly key, involving responsibilities for the following:

1. Reviewing the completed *Pre-Participation Forms* forwarded by the Athletic Director; in the event that the *Pre-Participation Form* indicates a concussion subsequent to the most recent physical, the school nurse will notify the parent(s)/guardian(s) of the requirements to seek clearance from their physician
2. Communicating with coaches regarding a student’s history of head injury
3. Following up with parent(s)/guardian(s) and student as needed prior to the student’s participation in Extracurricular Athletic Activities

4. Reviewing *Department Report of Head Injury During Sports Season Form* which a parent(s)/guardian(s) submits as a result of a head injury occurring outside of extracurricular activities, with follow-up reporting requirements outlined herein

Coaches: As reflected in this policy, coaches also have a key role in its implementation. In addition to their other responsibilities listed herein, all coaches are required to instruct students in form, technique and skills that minimize athletic-related head injury and are required to discourage and prohibit students from engaging in any unreasonably dangerous athletic technique that endangers the health and safety of a student, including using a helmet or any other equipment as a weapon.

Students: A student is expected to adhere to skills and instructions designed to minimize athletic related injuries. A student who engages in unreasonably dangerous behavior while participating in Extracurricular Athletic Activities may be excluded from the privilege of further participation and, further, may be subject to disciplinary consequences in accordance with the code of conduct.

III. Training

The following personnel, both those employed and those serving in a volunteer capacity, shall be required to participate in an annual training approved by the Massachusetts Department of Public Health (MDHP) in the prevention and recognition of a sports-related head injury, including second impact syndrome: coaches (as noted above, this term includes marching band directors), certified athletic trainers, school physicians, school nurses, Athletic Director. In addition, students who wish to participate in an Extracurricular Athletic Activity and their parent(s)/guardian(s) shall be required to participate in such training annually.

The trainings available for school for school staff, parent(s)/guardian(s) and student athletes are MDPH Approved Training Online courses annually listed below. They are on line, available free of charge, and last only about 30 minutes.

- [Center for Disease Control and Prevention Heads Up Concussion in Youth Sports On-Line Training Program](http://www.cdc.gov/concussion/HeadsUp/online_training.html)

A student seeking to participate in an Extracurricular Athletic Activity and his/her parent(s)/guardian(s) are expected to attend a preseason meeting where training will be conducted in a large group setting.

IV. Prerequisites for Student Participation in an Extracurricular Athletic Activity

Prior to a student beginning (or continuing) participation in any Extracurricular Athletic Activity, whether involving tryouts, practices, contests, or performances, the following must occur:

1. Parent(s)/guardian(s) and the student must submit to the Athletic Director a certification that they have completed the training requirements described in Section III above. Once submitted, the certification is valid for one school year.
2. Parent(s)/guardian(s) and the student must submit to the Athletic Director documentation of an annual physical examination for the student providing medical clearance for the student to participate in the relevant Extracurricular Athletic Activity. Physical examinations must have occurred within the past 12 to 13 months. If the student's physical exam expires during the season of participation, the student must submit an updated exam in order to continue participating. The Athletic Director will forward all exam reports to the School Nurse, who shall maintain them as part of the student health record. The Athletic Director shall notify a student in the event his/her physical exam expires during the season of participation.
3. Prior to a student's participation in an Extracurricular Athletic Activity as noted in the definition above, the parent(s)/guardian(s) and student must provide to the Athletic Director a completed form for *Pre- Participation Head Injury/ Concussion Reporting For Extracurricular Activities* ("Pre-Participation Form") which shall include the following:
 - a. A comprehensive history with up-to-date information relative to concussion history; any history regarding head, face or cervical spine injury and/or any history of co-existent concussion injuries; and
 - b. Signatures of both the parent(s)/guardian(s) and student;
4. During the season of participation if a student sustains a head injury outside of the extracurricular activity, his/her parent(s)/guardian(s) is required to complete and submit the *Department Report of Head Injury During Sports Season Form* to the Athletic Director.
5. The Athletic Director will forward to the coach the *Pre-Participation Forms* and all *Reports of Head Injury During Sports Season* for each student member of that coach's team. In addition, the Athletic Director will forward the *Pre-Participation Forms* indicating a history of head injury and all *Reports of Head Injury During Sports Season* to the school nurse, who will consult with the school physician and athletic staff regarding whether the student will be allowed to begin (or continue) to participate and if so, whether limitations may apply.
6. Prior to the start of the school year all students seeking to participate in an Extracurricular Athletic Activity shall be required to participate in Neurocognitive Baseline Testing.

In the event a parent(s)/guardian(s) and/or student has not provided the documentation set forth above to the Athletic Director in a timely manner, school staff will make two attempts to contact the parent/guardian using the district's typical communication methods (e.g., email, first class mail or telephone). The student will be ineligible to begin (or continue if applicable) participation in an Extracurricular Athletic Activity until all documentation has been received and reviewed by appropriate school personnel.

V. Removal Due to Head Injury and Protocols for Reentry

Any student who sustains a head injury or suspected concussion, or exhibits signs and symptoms of a concussion, or loses consciousness, even briefly, during participation in an Extracurricular Athletic Activity shall be removed from the activity immediately and may not return to the activity that day even if the condition seems to resolve itself. If there is an athletic trainer on site, the coach must immediately report the suspected injury to the trainer or nurse for a medical assessment. If no athletic trainer or school nurse is on-site, the coach is responsible for notifying the student's parent/guardian and contacting EMS for emergency service and transport to a local hospital if in his/her reasonable judgment such intervention is appropriate.

In all circumstances, the coach must complete a *Department Report of Head Injury During Sports Season Form* and follow all Reporting Requirements outlined below in Section VII. Any student removed from an Extracurricular Athletic Activity due to a suspected head injury must provide a *Department Post Sports-Related Head Injury Medical Clearance and Authorization Form* completed by a licensed medical professional (physician, nurse practitioner in consultation with a physician, certified athletic trainer in consultation with a physician, or neuropsychologist in coordination with the physician managing the student's recovery) to the Athletic Director prior to the student's return to normal physical activities (including physical education class). The Athletic Director will consult with the school nurse and athletic trainer in reviewing such forms if appropriate. In the event a student exhibits symptoms of head injury following return to participation, the coach will immediately remove the student from the activity and will inform the athletic trainer, school nurse and/or the parent(s)/guardian(s) in order to initiate further consultation.

VI. Graduated Reentry Plan and Medical Clearance Following Diagnosis of Concussion

In the event the student has been diagnosed with a concussion, the student may not resume full participation in Extracurricular Athletic Activities until he/she has participated in a graduated re-entry plan and provided a completed *Department Post Sports-Related Head Injury Medical Clearance and Authorization Form* to the Athletic Director.

In addition, school personnel, including but not limited to teachers, school nurse, and certified athletic trainer, along with parent/guardian shall develop a written graduated entry plan for return to academics and other school based activities, including Extracurricular Athletic Activities. Accommodations may include, as appropriate: provision for physical or cognitive rest; graduated return to classroom studies; estimated time intervals for resuming activities; assessments by the school nurse; periodic medical assessment by a physician until the student is authorized to full classroom and extracurricular activities. The school physician and/or student's physician may be consulted as appropriate in devising the graduated entry plan.

In the event of a head injury, the School District will offer the results of the Neurocognitive Baseline Testing to the physician.

VII. Additional Communication and Reporting

The Athletic Director shall disseminate to each coach copies of the completed *Pre-Participation Form* for each member of that coach's team or student group. The Athletic Director shall ensure that the nurse receives a copy and reviews any forms that indicate a history of head injury, with review by the school physician and certified athletic trainer if appropriate. The Athletic Director shall also ensure proper dissemination and review of any *Department Report of Head Injury During Sports Season Form*.

All coaches are required to report any circumstances in which the student under their supervision was removed from participation for suspected head injury, suspected concussion, or loss of consciousness and the nature of the suspected injury to the student's parent(s)/guardian(s) in person or by telephone immediately after the competition or practice, with written confirmation to the parent/guardian by paper or electronic format no later than the end of the next business day. The coach must also notify the Athletic Director, school nurse, and athletic trainer of the removal from play and the nature of the suspected injury no later than the end of the next business day. The coach is responsible for ensuring that a *Department Report of Head Injury During Sports Season Form* has been completed and provided to the Athletic Director, parent(s)/guardian(s), certified athletic trainer and school nurse.

The School Nurse shall inform the Principal and guidance counselor of the injury so that an appropriate graduated reentry plan can be initiated.

VIII. Maintenance of Records and Confidentiality

Copies of all documentation received by the school department under this policy will be maintained for a minimum of three years. Such documentation includes Verification of Training Completion, which will be kept by the Athletic Director.

The School Nurse shall maintain copies of *Annual Physical Exams, Pre-Participation Forms, Reports of Head Injury During Sports Season, Department Report of Head Injury During Sports Season, Department Post Sports Related Head Injury and Medical Clearance and Authorization Forms*, and any *Graduated Reentry Plans* that may be necessary.

Medical information received by the district in implementing this policy is part of the student health record and may be disclosed only as authorized by the laws governing student records. Generally, authorized school personnel who work *directly with* the student(s) in an instructive (academic or athletic), administrative, or diagnostic capacity will have access to the information on a need to know basis. Authorized school personnel should be instructed not to disclose the information to others. Notwithstanding these limitations, there may be times when school officials may or must disclose health or related information to others in order to protect a student's health or safety.

IX. Notification of Policy Information to Parent(s) /Guardian(s) and Student

The Athletic Director in consultation with the Principal shall disseminate to parent(s)/guardian(s) and student on an annual basis, information regarding this policy, including but not limited to the following:

1. Prerequisites for students to participate in Extracurricular Athletic Activities, including opportunities for students and parent/guardian to fulfill their obligations to participate in training under this policy;
2. Requirements for parent(s)/guardian(s) to report to the Athletic Director a head injury occurring outside of school;
3. Procedures for notifying parent(s)/guardian(s) of a student's removal from play due to head injury;
4. Protocols for medical clearance prior to return to participation;
5. Contact information for key personnel.

Copies of forms referenced in this policy may be obtained from the Hanover High School Athletic Website, www.hanoverschools.org/highschool/athletics/index.html.

School staff will work with parent(s)/guardian(s) of limited English proficiency to facilitate effective notice of this policy and effective communication regarding suspected head injury. In the event an interpreter is needed, parent(s)/guardian(s) and/or staff should contact the Principal's office.

X. Consequences

The Hanover Public Schools takes the safety of student athletes seriously. All members of the school staff are expected to follow the policies and protocols set forth herein and in Massachusetts law to support the health and safety of students who participate in Extracurricular Athletic Activities. The underlying philosophy of these policies is "when in doubt, sit them out." Failure to comply with the letter or spirit of these policies could result in progressive discipline for staff and/or forfeiture of games. If a student or parent(s)/guardian(s) have concerns that the policies are being violated, they should contact the Superintendent or Principal.

Parent(s)/guardian(s) are also expected to do their part in supporting the health and safety of students by ensuring that all documentation required by this policy is submitted in a timely manner. Each student must also adhere to the rules of safe play as instructed by their coaches. A student must also immediately inform a coach or other adult in the event the student believes he/she may have been injured during an activity. No student will be permitted to participate in an Extracurricular Athletic Activity unless the student and his/her parent(s)/guardian(s) have complied with their obligations under this policy.

Due Process For Disciplinary Matters

Conduct Not Covered By M.G.L. C. 71, §§ 37h And 37h1/2

A. Classroom-Based Expectations. Matters concerning classroom standards or requirements may be appealed to the Assistant Principal and then to the Principal.

B. In-School Suspension For Less Than 10 Cumulative Days During A School Year

An in-school suspension is a removal of a student from regular classroom activities, but not from the school premises. The procedure for an in-school suspension of no more than (10) school days (consecutive or cumulatively for multiple infractions during the school year) will be as follows:

1. The administrator will inform the student of the disciplinary offense charged, the basis for the charge, and provide the student an opportunity to respond. If the administrator determines that the student committed the disciplinary offense, the administrator will inform the student of the length of the student's in-school suspension, which may not exceed 10 days, cumulatively or consecutively, in a school year.
2. On the same day as the in-school suspension decision, the administrator will make reasonable efforts to notify the parent/guardian orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension. The administrator will also invite the parent/guardian to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting will be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the administrator is unable to reach the parent/guardian after making and documenting at least two (2) attempts to do so, such attempts will constitute reasonable efforts for purposes of orally informing the parent/guardian of the in-school suspension.
3. The administrator will send written notice to the student and parent/guardian about the in-school suspension, including the reason and the length of the in-school suspension, and inviting the parent/guardian to a meeting with the Principal for the purpose set forth above, if such meeting has not already occurred. The administrator will deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent/guardian for school communications, or by other method of delivery agreed to by the administrator and the parent.

An in-school suspension of more than 10 cumulative days in a school year will be subject to the procedures for long-term suspension.

C. Procedures For Short-Term Out-Of-School Suspensions (10 Cumulative Days Or Less In A School Year)

Except in the case of an emergency removal, prior to imposing a short-term out-of-school suspension **(10 days or less in a school year) an administrator will** provide the student and his/her parent/guardian oral and written notice and an opportunity to participate in an informal hearing.

1. **Notice:** The written notice to the student and the parent/guardian will be in English and in the primary language of the home if other than English, or other means of communication where appropriate and will include the following:
 - a. the disciplinary offense;
 - b. the basis for the charge;
 - c. the potential consequences, including the potential length of the student's suspension;
 - d. the opportunity for the student to have a hearing with the administrator concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent/guardian to attend the hearing;
 - e. the date, time, and location of the hearing;
 - f. the right of the student and the student's parent/guardian to interpreter services at the hearing if needed to participate;

Written notice to the parent/guardian may be made by hand delivery, first-class mail, certified mail, email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the school and parent.

2. **Efforts to Involve Parent:** The administrator will make reasonable efforts to include the parent/guardian in the hearing. To conduct a hearing without the parent/guardian present, the administrator must be able to document reasonable efforts to include the parent. The administrator is presumed to have made reasonable efforts if the administrator has sent written notice and has documented at least two (2) attempts to contact the parent/guardian in the manner specified by the parent/guardian for emergency notification.
3. **Format of Hearing:** The administrator will discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also will have an opportunity to present information, including mitigating facts, that the administrator should consider in determining whether other remedies and consequences may be appropriate. The administrator will provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the administrator should consider in determining consequences for the student.
4. **Decision:** The administrator will provide written notice to the student and parent/guardian of his/her determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during

the period of removal. The notice of determination may be in the form of an update to the original written notice of hearing.

D. Procedures For Long-Term Suspension

Except in the case of an emergency removal, prior to imposing a long-term suspension (more than 10 days of suspension, whether in-school or out-of-school, whether consecutive or cumulative for multiple offenses during a school year), an administrator will follow the procedures for short-term suspension plus additional procedures as follows:

1. **Notice:** The notice will include all of the components for a short-term suspension in Section C above, plus the following:
 - a. in advance of the hearing, the opportunity to review the student's record and the documents upon which the administrator may rely in making a determination to suspend the student or not;
 - b. the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense;
 - c. the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so;
 - d. the right to cross-examine witnesses presented by the school district;
 - e. the right to request that the hearing be recorded by the administrator, and a copy of the audio recording provided to the student or parent/guardian upon request; and
 - f. the right to appeal the administrator's decision to impose long-term suspension to the Superintendent.
2. **Format of Hearing:** The Hearing will afford the rights set forth in the notice above. The administrator will also provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the administrator should consider in determining consequences for the student.
3. **Decision:** Based on the evidence, the administrator will determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to long-term suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The administrator will send the written determination to the student and parent/guardian by hand-delivery, certified mail, first-class mail, email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the school and the parent. If the administrator decides to suspend the student on a long-term basis, the written determination will:
 - a. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
 - b. Set out the key facts and conclusions reached;
 - c. Identify the length and effective date of the suspension, as well as a date of return to school;
 - d. Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school (if more than 10 consecutive days);
 - e. Inform the student of the right to appeal the administrator's decision to the Superintendent or designee, but only if the administrator imposed a long-term suspension. Notice of the right of appeal will be in English and the primary language of the home if other than English, or other means of communication where appropriate, and will include the following information stated in plain language:
 - i. the process for appealing the decision, including that the student or parent/guardian must file a written notice of appeal with the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that
 - ii. the long-term suspension will remain in effect unless and until the Superintendent decides to reverse the administrator's determination on appeal.

No long-term suspension will last more than 90 school days in a school year nor extend beyond the end of the school year in which such suspension is imposed.

E. Exception For Emergency Removal

Notwithstanding the provisions for short- or long-term suspension set forth above, a student who is charged with a disciplinary offense may be removed temporarily from school if the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the administrator's judgment, there is no alternative available to alleviate the danger or disruption. The administrator will immediately notify the Superintendent in writing of the removal and the reason for it, and describe the danger [or disruption] by the student. An administrator may not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

The temporary removal will not exceed two (2) school days following the day of the emergency removal, during which time the administrator will provide the following, as applicable to the length of suspension:

- Make immediate and reasonable efforts to orally notify the student and the student's parent/guardian of the emergency removal, the reason for the need for emergency removal, and other applicable matters;
- Provide written notice to the student and parent/guardian as provided in Section C or D above, as applicable;
- Provide the student an opportunity for a hearing with the administrator, as applicable, and the parent/guardian an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the administrator, student, and parent.
- Render a decision orally on the same day as the hearing, and in writing no later than the following school day.

F. Appeal To The Superintendent

If a decision by an administrator, following the parent/guardian meeting, results in suspension of a student for more than 10 cumulative school days for the school year, the student may appeal the decision to the Superintendent. In order to do so the student or parent/guardian must file a notice of appeal with the Superintendent within five (5) calendar days with a seven (7) day postponement option. The Superintendent must hold the hearing within three (3) school days of the student's request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days. If the appeal is not filed within this time frame, the Superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

The following apply:

- The Superintendent will make a good faith effort to include the parent/guardian in the hearing. The Superintendent will be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent/guardian and Superintendent to participate. The Superintendent will send written notice to the parent/guardian of the date, time, and location of the hearing.
- The Superintendent will conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence will be. The Superintendent will arrange for an audio recording of the hearing, a copy of which will be provided to the student or parent/guardian upon request. The Superintendent will inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent/guardian upon request.
- The student will have all the rights afforded the student at the administrator's hearing for long-term suspension as described in Section D above.
- The Superintendent will issue a written decision within five (5) calendar days of the hearing which meets the requirements for a long-term suspension as described in Section D above. If the Superintendent determines that the student committed the disciplinary offense, the Superintendent may impose the same or a lesser consequence than the administrator, but will not impose a suspension greater than that imposed by the administrator's decision.
- The decision of the Superintendent constitutes the final decision of the school district.

Conduct Covered by M.G.L. C. 71, § 37H

(Controlled Substances, Dangerous Weapons & Assault On Educational Staff)

M.G.L. C. 71, § 37H provides as follows:

1. Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the Principal.
2. Any student who assaults a Principal, Assistant Principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the Principal.
3. Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the Principal. After said hearing, a Principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the Principal to have violated either paragraph (a) or (b).
4. Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the Superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the Superintendent of his appeal. The student has the right to counsel at a hearing before the Superintendent. The subject matter of the appeal not be limited solely to a factual determination of whether the student has violated any provisions of this section.
5. Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

When considering the exclusion of a student from school for possession of a dangerous weapon, possession of a controlled substance (such as marijuana, cocaine, or prescription drugs not authorized by the school nurse), or assault on teachers, an administrator may place a student on short term suspension (ten days or less) based upon an informal hearing, to be followed by a formal hearing before the Principal within that period of suspension to determine whether to take additional disciplinary action, up to and including expulsion from school.

1. The informal hearing will be in the form of a conference between the student and the Principal or designee. At this conference, the student (1) shall be informed of the reason for the conference and an explanation of the evidence against him or her; (2) shall be given the opportunity to present his or her side of the story, and (3) shall be given a decision on the suspension. If the administrator deems delay of the hearing necessary to avoid danger

or substantial disruption, this process may occur immediately after, rather than before, the suspension. (Goss vs. Lopez, 419 U.S. 565 (1975)).

2. Prior to putting a suspension into effect, the Principal or designee shall make a reasonable effort to telephone and inform the student's parent or guardian of the impending suspension; this shall include attempts to contact the parents or guardian at home and at work. Parents may contact the school for additional information regarding the suspension.
3. A letter will be mailed to the parent/guardian of the suspended student stating:
 - a. The reason for the suspension
 - b. A statement of the effective date and duration of the suspension
 - c. A statement regarding whether or not the Principal will schedule a formal hearing to consider further discipline, up to and including expulsion from school in accordance with M.G.L. c. 71, §37H

Conduct Covered by M.G.L. C. 71, § 37H1/2
(Felony Complaints & Convictions)

M.G.L. C. 71, § 37H1/2 provides as follows:

1. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the Principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said Principal or headmaster if said Principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the Superintendent. The student shall have the right to appeal the suspension to the Superintendent. The student shall notify the Superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The Superintendent shall hold a hearing with the student and the student's parent(s)/guardian(s) within three (3) calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The Superintendent shall have the authority to overturn or alter the decision of the Principal or headmaster, including recommending an alternate educational program for the student. The Superintendent shall render a decision on the appeal within five (5) calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.
2. Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the Principal or headmaster of a school in which the student is enrolled may expel said student if such Principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the Superintendent. The student shall have the right to appeal the expulsion to the Superintendent. The student shall notify the Superintendent, in writing, of his request for an appeal no later than five (5) calendar days following the effective date of the expulsion. The Superintendent shall hold a hearing with the student and the student's parent(s)/guardian(s) within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The Superintendent shall have the authority to overturn or alter the decision of the Principal; or headmaster, including recommending and alternate educational program for the student. The Superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion. Upon expulsion of such student, no school or school district shall be required to provide educational services to such student.
3. Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

When considering a suspension/expulsion of a student charged with/convicted of felony, the Principal will use the standards and procedures set forth in M.G.L. c.71, § 37H1/2 above. In addition, prior to initiating such procedures, the Principal may meet informally with the student and/or his parents to review the charge and the applicable standards if the Principal deems appropriate.

Discipline of Special Education Students

All students are expected to meet the requirements for behavior as set forth in this handbook. The Individuals with Disabilities Education Act (20 U.S.C. § 1400 et seq.) and related regulations (34 C.F.R. 300 et seq.) provide special education students with certain procedural rights and protections in the context of student discipline as set forth below. These rights are in addition to the due process rights applicable to all students referenced above. The Principal shall

notify the Director of Student Services if a student on an Individualized Education Program (IEP) faces possible suspension or expulsion.

Short-Term Removals

School personnel may exclude a student on an IEP from school for a disciplinary violation for up to 10 cumulative or consecutive days (to the extent such a removal would be applied to students without disabilities), without a prior determination of whether the conduct is a manifestation of the student's disability. If a student has had 10 days of suspension in a school year, the student may be removed for additional periods of not more than 10 consecutive days in the same school year for separate incidents of misconduct without a manifestation.

After a student on an IEP has been removed from his or her placement for ten school days in the same year, during any subsequent days of removal, the child must continue to receive services that enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and the child must receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. See 34 CFR 300.530(d)

Change in Placement/Manifestation Determination Meeting

A suspension of more than 10 consecutive school days or a series of removals totaling more than 10 school days in a school year that constitute a pattern are considered a "change in placement." Within 10 school days of any decision to change the placement of a student on an IEP because of a violation of a code of student conduct, the district, the parent, and relevant members of the student's IEP Team (as determined by the parent/guardian and the district) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
2. If the conduct in question was the direct result of the district's failure to implement the IEP.

The conduct must be determined to be a manifestation of the child's disability if the district, the parent, and relevant members of the child's IEP Team determine that a condition in either paragraph 1 or 2 above was met.

If the Team determines that the behavior was not a manifestation of the student's disability, then the school may suspend or expel the student consistent with the policies applied to students without disabilities, except that the student must continue to receive those educational services that the Team determines are necessary to enable the student to continue to participate in the general education curriculum (although in a different setting determined by the Team) and to progress toward meeting the goals set out in the student's IEP. The Team also should consider whether it would be appropriate to conduct a functional behavioral assessment and to provide behavioral intervention services designed to address the conduct in question so that it does not recur.

If the Team determines that the conduct was a manifestation of the child's disability, the Team must:

1. Either:
 - a. Conduct a functional behavioral assessment, unless the district had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the student; or
 - b. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and
2. Except in circumstances involving drugs, weapons or serious bodily injury as described below, return the student to the placement from which the student was removed, unless the parent/guardian and the district agree to a change of placement.

Exceptions for Drugs Weapons and Serious Bodily Injury

There are some special circumstances in which the district may unilaterally remove a student and place him/her in an Interim Alternative Educational Setting without regard to whether the behavior is determined to be a manifestation of the student's disability. Specifically, school personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

1. Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the district;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the district.

On the date on which the decision is made to make a removal that constitutes a change of placement of a student on an IEP because of a violation of a *Code of Student Conduct*, the district must notify the parents of that decision and provide the parents the Parent's Notice of Procedural Safeguards.

Requesting A BSEA Hearing

If a parent/guardian disagrees with any decision regarding placement of his or her child under the disciplinary provisions or disagrees with the manifestation determination, or if the school district believes that maintaining the current placement of the student is substantially likely to result in an injury to the student or to others, either the parent/guardian or the school district may request an expedited hearing before the Bureau of Special Education Appeals (BSEA).

Discipline of Students Suspected of Being Eligible for Special Education Services

The IDEA protections summarized above also apply to a student not yet found eligible for special education if the district is deemed to have knowledge that the student was eligible for an IEP before the behavior that precipitated the disciplinary action occurred. The IDEA provides that a district is deemed to have knowledge if:

1. The child's parent/guardian has expressed concern in writing to district supervisory or administrative personnel, or to one of the child's teachers, that the child is in need of special education and related services;
2. The child's parent/guardian requested an evaluation of the child; or
3. The child's teacher, or other district personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other district supervisory personnel.

However, the district is not deemed to have knowledge if:

1. The parent/guardian of the child has not allowed an evaluation of the child or has refused services under IDEA or
2. The child has been evaluated and determined to not be eligible for an IEP.

If the district does not have knowledge that a student is eligible for an IEP prior to taking disciplinary measures against the student, the student may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors. If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.

Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion. Any student who is suspended for more than ten (10) consecutive days (whether in or out of school) or expelled from school will have an opportunity to receive education services through the school-wide education service plan. If the student is determined to be eligible for an IEP, taking into consideration information from the district's evaluation and information provided by the parents, then the district must provide special education and related services.

Discipline of Students on Section 504 Accommodation Plan

A student on a Section 504 Accommodation Plan may be disciplined like students without disabilities. However, prior to any "change in placement" for disciplinary reasons, a group of individuals knowledgeable about the student, the evaluation data, and the school program must conduct a manifestation determination. A "change in placement" results from a suspension of more than 10 consecutive school days or a series of removals totaling more than 10 school days during a school year. The student's Section 504 team shall convene and answer two questions, after reviewing relevant documents and the student's misconduct:

- Was the misconduct the direct result of a failure to implement the student's Section 504 plan?
- Was the misconduct caused by, or did it have a direct and substantial relationship to, the student's disability?

If the Section 504 team determines that the behavior was not a manifestation of the student's disability, then the school may suspend or expel the student consistent with the policies applied to students without disabilities. If the Section 504 team determines that the behavior was a manifestation of the student's disability, then the student must be returned to the placement from which the student was removed.

Drug and Alcohol Policy

Any student who is under the influence of drugs or alcohol or has ingested, buys/sells/gives away, or possesses drugs or alcohol on school property or at school-sponsored or school-related events is subject to the possible disciplinary consequences set forth for a Group E offense (alcohol) and/or a Group F offense (drugs). The district also will notify the police, consistent with the district's Memorandum of Understanding with the Hanover Police Department. The district may recommend substance abuse counseling to the student.

The definition of drugs includes, but is not limited to, marijuana, cocaine, heroin, prescription drugs not registered with the school nurse, Strawberry K2, Synthetic Marijuana, Spice, or any other similar substance.

The Hanover School District is committed to having safe, drug and alcohol free schools. Recognizing that this goal can only be achieved if the administration has the authority it needs to carry out the Drug/Alcohol policy, the administration

may administer a breathalyzer in the event the administrator has “reasonable suspicion” (rather than the probable cause standard that may apply in non-school settings) that the student has violated this policy by consuming alcohol. Such suspicion may be based upon observation of glassy eyes, slurred speech, unsteadiness on the feet, the emission of an alcoholic odor, or any other indicators suggesting ingestion of alcohol. Refusal of a student to participate in the breathalyzer under such circumstances may receive the consequences set forth in this paragraph.

Any Hanover Middle School student, including a member of a club, group, team or other organization that is under the control of the Hanover School District, who is present at any party, social gathering or similar event and/or who is subsequently arrested, summoned or placed in protective custody by the police for the possession, transport or use of drugs or alcohol will be subject to the following:

1. The parents will be notified and a conference will be scheduled.
2. The student will have an opportunity to present his/her version of events.
3. Counseling may be recommended to the student.
4. The Principal or his designee will decide whether the student will be subject to the conditions detailed in the Social Probation Policy.

This policy will be enforced throughout the school year and while the student is participating in any school related activities.

Attendance at activities sponsored by Hanover Middle School is a privilege, not a right. In order to maintain the privilege of attendance, students are expected to refrain from use of alcohol and/or drugs before and at school functions.

Students and parents should be aware that breathalyzer tests may be given at any dance or activity. When entering a school dance or other designated school sponsored events, all students will be subject to a breathalyzer test. If a student refuses to take a breathalyzer test or tests positive for alcohol, the student will not be permitted to attend the event. In addition, all school rules relating to the use and/or possession of alcohol will apply.

At any time during the dance or activity, students exhibiting signs of having consumed alcohol such as glassy eyes, slurred speech, unsteadiness on the feet, or the emission of an alcoholic odor may be required to take a breathalyzer test administered by a school administrator. Students who refuse to take a breathalyzer test upon determination that there is reasonable cause to suspect they have consumed alcohol and students who test positive for alcohol will be excluded from the event. In addition, all school rules relating to the use and/or possession of alcohol will apply.

Drug Free School Zone Law

Anyone convicted of selling drugs within 1,000 feet of school property will be subject to a minimum mandatory two-year jail sentence. In addition to the jail sentence, individuals convicted of dealing drugs near schools could face fines of up to \$10,000.

Educational Services in Home or in Hospital

Upon receipt of a physician’s written order verifying that any student enrolled in a public school or placed by the public school in a private setting, must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons, and for a period of not less than fourteen (14) school days in any school year, the Principal (in coordination with the Director of Student Services) shall arrange for provision of educational services in the home or hospital. Such services shall be provided with sufficient frequency to allow the student to continue his or her educational program, as long as such services do not interfere with the medical needs of the student. The Principal shall coordinate such services with the Director of Student Services for eligible students. Such educational services shall be considered special education unless the student has been determined eligible for such services, and the services include services on the student’s IEP. Tutoring forms are available from the Superintendent’s Office from the Director of Student Services. The authorization should be the appropriate 11B Department of Elementary and Secondary Education form and should be provided by a physician, including pediatricians or any other M.D., but will not be accepted from a Ph.D. or Ed.D. Students whose medical condition permits them to complete their course work with the assistance of the tutor will receive credit for the course. (See also Section on “Incomplete Work Because of Medical Problems”.)

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (“FERPA”) and the Massachusetts Department of Elementary and Secondary Education Student Records Regulations 603 CMR 23.07 4 a and g require that schools obtain written consent

prior to the disclosure of personally identifiable information about a student's educational records. Both FERPA and state regulations do allow schools to release "directory information" without written consent as long as parents are aware of the release of "directory information" and have had the opportunity to prevent such release by informing the Principal in writing at the beginning of each school year.

Directory information typically includes the inclusion of a student's name on honor roll lists, graduation programs, playbills, yearbooks, sports programs, newspapers, the website, cable channel programs and official school photographers, as well as official vendor lists.

In addition to a student's name, directory information usually includes address, telephone listing, email, date and place of birth, height, weight, membership in athletic teams, activities, honors awards and post high school plans, as well as images on the school website. Directory information is generally not considered harmful or an invasion of one's privacy.

Two federal laws require that public high schools provide military recruiters and institutions of higher education, upon request, the name, address and telephone listing of students unless the student or parent directs the school, in writing, to not release such information. Students and parents are provided with the necessary paperwork and release of information forms at the beginning of each school year.

Harassment

Civil Rights

Students at Hanover Middle School are expected to treat each other with respect and in a manner that allows all students to participate in programs and activities free of harassment, particularly that based upon race, color, gender identity, religion, national origin, age, gender, sexual orientation, or disability. Harassment can include communications such as jokes, comments, innuendoes, notes, display of pictures or symbols, gestures, as well as other conduct. What one person may consider acceptable behavior may reasonably be viewed as harassment by another person. Therefore, students should consider how other individuals might reasonably view their words and actions. Because harassment can constitute a violation of an individual's civil rights, it can result in not only suspension or expulsion from school but also possible legal action. Students who believe they have been subjected to harassment are expected to report the matter to a School administrator immediately.

Sexual Harassment

The Hanover Public School System, in accordance with the provisions of Title IX of the Education Amendments of 1972, prohibits discrimination on the basis of gender in educational programs and activities of the public schools. This policy applies to both educational and employment opportunities. Hanover is committed to maintaining an educational atmosphere in which each and every student can pursue scholastic achievement and personal fulfillment. Sexual harassment is a destructive behavior that interferes with the educational process and will not be tolerated. Sexual harassment is a violation of an individual's right to privacy and personal dignity. Students who engage in sexual harassment violate school policy. Students violating this policy will be subject to the consequences as outlined in the *Code of Conduct*. The purpose of this policy is to define sexual harassment, establish appropriate standards of conduct and set guidelines for recognizing and dealing with sexual harassment. A gender equity committee made up of three (3) members of the staff will oversee, monitor and be involved in the resolution of violations of this policy when required.

Definition - Sexual harassment consists of unwelcome sexual advances, requests for sexual favors and other verbal and physical conduct of a sexual nature, when such conduct unreasonably interferes with school performance or creates an intimidating, hostile, offensive, or uncomfortable educational environment. Sexual harassment may include, but not be limited to:

- Unwelcome sexual advances - whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct; gossip regarding one's sex life; comments on an individual's body; comments about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons, including inappropriate usage of computers/internet;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences;
- Discussion of one's sexual activities; and,
- Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction between peers is not considered harassment.)
- Sexual harassment is described by the victim. It may result from words or conduct that offend, stigmatize or demean a student on the basis of sex. The individual's feelings and reactions determine whether behavior such as that described above is inappropriate and that sexual harassment has taken place.

Suggested Procedure - The following is a suggested procedure that can be modified for the resolution of individual cases:

- Any individual subjected to sexual harassment may, if he or she chooses, confront the alleged harasser verbally or in letter in order to resolve the complaint on an informal level.

- If the issue is unresolved, the individual should seek help from a staff member in resolving the harassment issue.
- If the individual does not want to deal directly with the alleged harasser, or if the matter has not been resolved informally, the individual and/or the individual's advocate should immediately report the conduct to a guidance counselor, a member of the gender equity committee, or the Principal. Every report of sexual harassment must be taken seriously. It must be responded to immediately. In appropriate circumstances, the guidance counselor or Principal may choose to sit down with the alleged harasser and the complainant together to work out a resolution.
- Staff or students who observe conduct which violates this policy are to report the conduct to their Principal or guidance counselor.
- If the individual does not desire to meet with the alleged harasser, the complainant is to meet with a guidance counselor and write a statement describing the incident. The guidance counselor should assist the individual in drafting a statement.

The statement should list the following:

- An exact description of the behavior, including when and where it happened.
- A description of how the behavior made the complainant feel (i.e., embarrassed, humiliated, angry).
- The statement should contain a request that the behavior stop because it is sexual harassment and is against the law.
- The statement should be signed and dated by the complainant. The guidance counselor should deliver one copy of the letter to the alleged harasser. The counselor should then conduct a meeting with the alleged harasser to discuss and resolve the issue. A statement of resolution should be signed by the alleged harasser and the complainant. A copy of the statement and the resolution will be retained in the guidance counselor's office.
- If the behavior stops, nothing further will be said and no further action will be taken, and the statement and resolution (above) will be kept confidential.
- If the behavior does not stop, a formal investigation will be initiated by the Administration.

In the case of serious harassment, i.e., physical harassment, repeated incidents of sexual harassment or other cases requiring a formal investigation, the following shall be implemented (retaliation in any form for the filing of a complaint or reporting of sexual harassment is prohibited and will result in serious disciplinary action):

- Have a supportive staff member, advocate or member of the gender equity committee present with the complainant at all discussions regarding the case.
- Keep the investigation group as small as possible to protect the rights of both parties and to ensure confidentiality.
- Complete the investigation promptly. If the complaint is not supported, that decision will be carefully explained to the complainant and alleged harasser. If the complaint is supported, such action as is necessary shall be taken to admonish the alleged harasser, alleviate the complainant's concerns and prevent further harassment.
- Appropriate disciplinary sanctions shall be imposed.
- If a student believes that he/she is harassed by an adult in school, the student should immediately report the incident to the School Administration.
- If the conduct involves a violation of law, the matter will immediately be reported to the Principal.

Student-to-Student Harassment

Harassment of students by other students will not be tolerated in the Hanover Public Schools. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school activities. Even conduct that takes place outside of school may be considered a violation of this policy if it causes a substantial disruption to the educational environment or creates a hostile environment for the victim or otherwise infringes on the rights of the victim at school.

Harassment prohibited by the District includes, but is not limited to, harassment based on race, sex, creed, color, national origin, sexual orientation, gender identity, religion, marital status, or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension.

Harassment means conduct of a verbal or physical nature that is designed to embarrass distress, agitate, disturb, or trouble students when:

Retaliation against a student, because a student has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. A student who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including suspension.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

Policy Prohibiting Bullying

The Hanover Public Schools is committed to maintaining a school environment where students are free from bullying, cyber-bullying, retaliation and the effects thereof. The school district recognizes that certain students may be more vulnerable to becoming targets of bullying or harassment based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

Acts of bullying and cyber-bullying are prohibited:

1. On school grounds, property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by the school district; or through the use of technology or an electronic device owned, leased or used by the school district and
2. at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by the school district, if the acts create a hostile environment at school for the target(s), infringes on the rights of the target(s) at school or materially and substantially disrupts the education process or the orderly operation of a school. Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying also is prohibited.

A. Definitions:

Aggressor(s) is a student or a school staff member including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional who engages in bullying, cyber-bullying, or retaliation of a student.

Bullying is defined in M.G.L. c.71, s. 370, is the repeated use by one or more students or by a school staff member of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target(s) that:

1. causes physical or emotional harm to the target(s) or damage to the target's property
2. places the target(s) in reasonable fear of harm to himself or of damage to his property
3. creates a hostile environment at school for the target(s)
4. infringes on the rights of the target(s) at school
5. materially and substantially disrupts the education process or the orderly operation of a school

Bullying may include conduct such as physical intimidation or assault, including intimidating an individual into taking an action against his/her will; oral or written threats; teasing; putdowns; name-calling; stalking; threatening looks, gestures, or actions; cruel rumors; false accusations; and social isolation.

Cyber-Bullying is defined in M.G.L. c.71, s. 370 as bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-Bullying also includes:

1. The creation of a web page or blog in which the creator assumes the identity of another person.
2. The knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated above in clauses (i) to (v), inclusive, of the definition of bullying.
3. The distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated above in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber-Bullying may include conduct such as sending derogatory, harassing or threatening email messages, instant messages, or text messages; creating websites that ridicule, humiliate, or intimidate others; and posting on websites or disseminating embarrassing or inappropriate pictures or images of others.

Hostile Environment is defined in M.G.L. c. 71, s. 370, is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of a student's education.

Retaliation is any form of intimidation, reprisal, or harassment directed against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Target(s) is a student against whom bullying, cyber-bullying or retaliation has been perpetrated.

B. Bullying And Retaliation are Prohibited & Will Lead to Discipline:

Hanover Public Schools absolutely prohibits bullying, cyber-bullying and retaliation as defined above. Students who engage in bullying or retaliation will be subject to disciplinary action; however, disciplinary action taken must balance the need for accountability with the need to teach appropriate behavior. The range of disciplinary action includes, but is not limited to, one or more of the following: verbal warnings, written warnings, reprimands, detentions, and short-term or long-term suspensions as determined by the school administration, subject to applicable procedural requirements. Disciplinary action for staff who has committed an act of bullying or retaliation shall be in accordance with expectations and standards appropriate to their roles and responsibilities. All discipline is subject to applicable procedural requirements. Nothing in this policy is intended to prevent the school administration and/or school committee from taking disciplinary action against a student for conduct that does not meet the definition of bullying or cyberbullying, as defined above, but nevertheless is inappropriate for the school environment.

C. Reporting Obligations:

1. Reporting by Staff

A member of school staff, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional, shall immediately report any instance of bullying or retaliation s/he has witnessed or become aware of to the Principal, Assistant Principal, or designee.

2. Reporting by Students, Parents/Guardians, and Others

The district expects students, parents/guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the Principal, Assistant Principal, or designee. An individual may make an anonymous report of bullying or retaliation; however, no disciplinary action may be taken against a student solely on the basis of an anonymous report. A student who knowingly makes a false accusation of bullying or retaliation shall be subject to disciplinary action.

3. Reporting to Parents/Guardians

Upon determining that bullying or retaliation has occurred, the Principal, Assistant Principal, or designee will promptly notify the parents or guardians of the target(s) and the student aggressor(s) of this. There may be circumstances in which the Principal or designee contacts parents or guardians prior to any investigation. If the alleged target(s) and alleged aggressor(s) attend different schools, the Principal receiving the report shall inform the Principal of the other student's school, who shall notify the student's parents of the report and procedures. All notices to parents will be consistent with the state regulations at 603 CMR 49.00.

4. Reporting to Local Law Enforcement

Subject to state regulations, at any point after receipt of a report of bullying or retaliation, or during or after an investigation, if the Principal, Assistant Principal, or designee has a reasonable basis to believe that the incident may involve criminal conduct, the Principal, Assistant Principal, or designee will notify the local law enforcement agency. In addition, if an incident of bullying or retaliation occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in a local school district, charter school, non-public school, approved private day or residential school or collaborative school, the Superintendent of Schools or designee will notify local law enforcement if s/he believes that criminal charges may be pursued.

5. Reporting to Administrator of Another School District or School

If an incident of bullying or retaliation involves students from more than one school district, charter school, non-public school, approved private day or residential school or collaborative school and the Hanover Public Schools is the first to be informed of the bullying or retaliation, then the Superintendent of Schools or designee must, consistent with state and federal law, promptly notify the appropriate administrator of the other school district or school so that both may take appropriate action.

D. Investigation:

The Principal, Assistant Principal, or designee shall promptly investigate a report of bullying or retaliation, giving consideration to all the circumstances at hand, including the nature of the allegations and the ages of the students involved. The following are general guidelines for responding to a report of bullying or retaliation. The guidelines will be adapted as necessary to respond appropriately to the complaint.

1. **Pre-Investigation**

Even before fully investigating allegations of bullying or retaliation, school personnel will consider whether there is a need to take immediate steps to support the alleged target(s) and/or protect the alleged target(s) from further potential incidents of concern. A reasonable effort will be made to contact the target(s) parents or guardians. In taking any such action, however, the rights of both the alleged target(s) and alleged aggressor(s) must be considered.

2. **Written Statement of the Complaint**

The Principal, Assistant Principal, or designee will seek to determine the basis of the complaint, gathering information from the complainant, including such matters as: (1) what specifically happened, (2) who committed the alleged acts, (3) who was present or may have information about the events, (4) when the events occurred (date, time of day), and (5) where the events occurred.

It is helpful to have these facts in writing. If age appropriate, the complainant may be asked to put the complaint in writing and to sign and date it. If the complainant cannot or chooses not to write a complaint, the investigator will record the allegations, read them to the complainant to confirm accuracy, and ask the complainant to sign the document. If the complainant cannot or chooses not to sign, the investigator may sign and date the document her/himself.

3. **Interviews**

Once the allegations of the complainant are established, the Principal, Assistant Principal, or designee will gather other evidence, which often involves interviews of the alleged aggressor(s) and/or other witnesses. If appropriate, the Principal, Assistant Principal, or designee should remind the alleged aggressor(s) and witnesses that retaliation against persons whom they believe might have reported the incidents or cooperated with the investigation is strictly prohibited and will result in disciplinary action.

4. **Confidentiality**

The confidentiality of the complainant and the other witnesses will be maintained to the extent practicable given the school's obligation to investigate and address the matter.

5. **Determination**

School personnel must weigh all of the evidence objectively to determine whether the alleged events occurred and, if they did, whether the events constitute bullying or retaliation. The determination must be based upon all of the facts and circumstances and the perspective of a reasonable person. When applied to children, the "reasonable person" standard is generally "that of a reasonable person of like age, intelligence, and experience under like circumstances." See *Ellison v. Brady*, 924 F.2d 872 (9th Cir. 1991).

1. If bullying or retaliation is substantiated, the school will take steps reasonably calculated to prevent recurrence and ensure that the target(s) is not restricted in participating in school or in benefiting from school activities. As with the investigation, the response will be individually tailored to all of the circumstances, including the nature of the conduct and the age of the students involved. In addition to taking disciplinary action, the following are examples of steps that may be taken to prevent the recurrence of bullying or retaliation: meet with parents and guardians to encourage parental support and to reinforce the anti-bullying curricula and social skills building activities at home;
2. transfer student's classroom or school;
3. limit or deny student access to a part, or area, of a school;
4. enhance adult supervision on school premises;
5. exclude from participation in school-sponsored or school-related functions, after-school programs, and/or extracurricular activities;
6. provide relevant educational activities for individual and groups of students with guidance counselors and others in the school setting who have been trained in working with students on interpersonal issues may helpful in providing such programs;
7. develop a Personalized Action Plan and directives for future conduct including providing the target(s) with a process for reporting any concerns about future conduct **immediately**. It is critical to involve the student in creating an action plan that involves a reporting process that works for that particular student;
8. arrange for communication between the parties, if appropriate, to assist them in resolving issues which have arisen between them. (such an approach will be used cautiously since communication can sometimes exacerbate, rather than alleviate, the target's concerns and since the conduct often involves an imbalance of power);
9. provide counseling (or other appropriate services) or referral to such services for the target(s) and/or the aggressor(s) and/or for appropriate family members of said students.

E. Closing the Complaint and Possible Follow-up:

The Principal, Assistant Principal, or designee will promptly provide notice to the parent/guardian of a target(s) and a student aggressor(s) about whether or not the complaint was substantiated and, if substantiated, what action is being taken to prevent any further acts of bullying or retaliation. Specific information about disciplinary action taken generally will not be released to the target's parents or guardians—unless it involves a “stay away” or other directive that the target(s) must be aware of in order to report violations.

If appropriate, within a reasonable time period following closure of the complaint, the Principal, Assistant Principal, or designee will contact the target(s) to determine whether there has been any recurrence of the prohibited conduct.

The district will retain a report of the complaint, containing the name of the complainant, the date of the complaint, investigator, school, a brief statement of the nature of the complaint, the outcome of the investigation, and the action taken.

Any parent/guardian wishing to file a claim/concern or seeking assistance outside of the school district may do so with the MA Department of Elementary and Secondary Education Problem Resolution System (PRS). Information about the PRS can be found at <http://www.doe.mass.edu/pqa> or individuals may send emails to compliance@doe.mass.edu or may call 781-338-3700. In addition, the Superintendent's office has hard copies of information about the PRS.

Student Language for Bullying and Retaliation

Hanover Public Middle and High School is committed to maintaining a school environment where students are free from bullying, including cyber-bullying, and the effects of such conduct.

A. Definitions.

Bullying is conduct that is repeated by one or more students or by a school staff member and targets a student, causing one or more of the following:

- physical or emotional harm to the targeted student or damage to his/her property;
- placement of the targeted student in reasonable fear of harm to him/herself or of damage to his/her property;
- a hostile environment at school for the targeted student;
- infringement on the rights of the targeted student at school; or
- material and substantial disruption to the educational process or the orderly operation of the school.

Bullying generally involves “picking on” a student over time and may include conduct such as hitting and shoving; pressuring a student into taking an action he/she does not wish to take; words that involve threats, teasing, putdowns, or name-calling; threatening looks, gestures, or actions; cruel rumors; false accusations; and social isolation.

Cyber-bullying is bullying through use of cell phones, computers or other technology and may include conduct such as sending derogatory, harassing, or threatening email messages, instant messages, text messages, or blogs; creating websites or blogs that make fun of, humiliate, or intimidate others; and posting or sending embarrassing or inappropriate pictures or images of others. It may also include creating a website, blog, or posting by which the creator/author impersonates another person.

Hostile Environment is a circumstance in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of a student's education. The targeted student becomes so concerned about bullying that he/she is unable to participate in and concentrate on academic and other school activities.

Retaliation is any form of intimidation, reprisal, or harassment directed against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying. It involves a student “getting back at” another student because of a belief that the student reported bullying or provided information about it to an adult or others who may help the targeted student.

B. Acts of Bullying (including Cyberbullying) and Retaliation are Prohibited.

The Hanover Public Schools prohibit bullying (including cyber bullying) and retaliation as defined above both at school and under the following circumstances:

- on school grounds or any property next to school grounds;
- at the bus stop or on school buses or any other school vehicle;
- at any school-sponsored, or school-related activities, functions or programs (whether on or off school grounds);
- through use any school computers, internet connection or other school based technology;
- at a location or during activities that are not school-related, or by using a private computer or cell phone, if the bullying creates a hostile environment at school for the targeted student, infringes on the rights of the targeted student at school, or otherwise disrupts the orderly operation of the school.

C. How to Report Bullying.

Students who believe they are targets of bullying or retaliation, or who know about bullying conduct should report the conduct to the Principal, Assistant Principal or designee. Students may also report the conduct to a teacher, guidance counselor, or other school staff member, who will in turn report the incident to the Principal.

D. Addressing Concerns Regarding Bullying.

The Principal or his/her designee will be responsible for taking steps to investigate and otherwise address reports of bullying and retaliation. Students who engage in bullying will be subject to discipline by the Principal or Assistant Principal, subject to any procedural requirements. In making disciplinary decisions, the Principal/Assistant Principal will consider both the need for accountability and the importance of teaching appropriate behavior. The range of disciplinary action that may be taken includes, but is not limited to:

- verbal warning;
- written warning;
- reprimand;
- detention; or
- short-term or long-term suspension.

Disciplinary action for staff who has committed an act of bullying or retaliation shall be in accordance with expectations and standards appropriate to their roles and responsibilities. All discipline is subject to applicable procedural requirements.

In addition to taking disciplinary action, the Principal/Designee will report conduct relating to bullying and retaliation to local law enforcement if s/he believes that criminal charges may be pursued.

Nothing in this policy is intended to prevent school staff and/or school committee (if applicable) from addressing and taking disciplinary action against a student for conduct that does not meet the definition of bullying/cyberbullying or retaliation, as defined above, but that is nevertheless inappropriate for the school environment.

E. Closing a Complaint Regarding Bullying

In the event school staff determines that bullying or retaliation (as defined in this policy) has taken place, the Principal or designee will, in addition to taking disciplinary action:

1. Notify the parent or guardian of the student aggressor.
2. Inform parents of the targeted student of the steps that have been taken to prevent further acts of bullying or retaliation to the extent consistent with applicable legal restrictions.
3. Notify local law enforcement if s/he believes that criminal charges against the aggressor may be pursued.

Hazing Policy

Each institution of secondary education and each public or private institution of postsecondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

While their students are on-line and under their supervision, staff must be actively vigilant of websites visited by students.

System users should expect limited privacy regarding the contents of their files stored on the network.
- 5.2. An individual search will be conducted if there is suspicion that a user has violated the DTAUP or the law. The nature of the investigation will be in relation to the context of the nature of the alleged violation.

See Massachusetts General Laws, Chapter 71. Section 370.
- 7.3. He or she will not engage in any illegal activities or use the technology for purposes other than as intended in an educational setting.

8. Email

- 8.1. All email created or received by an employee of a governmental unit is a public record. According to Massachusetts General Laws: "public records" shall mean all...documentary materials or data, regardless of physical form or characteristics, made or received by any officer or employee of any agency...to serve a public purpose (G.L. c. 4, § 7, cl. 26).
- 8.1.1. Email is, therefore, a public record and it is subject to the requirements of the Public Records Law, G.L. c. 66. Any member of the public may request copies of email. Please note that even deleted messages are subject to disclosure because they are required to be backed up in our archives.
- 8.1.2. Users should consider e-mail messages to be equivalent to letters sent on official letterhead and therefore should be written in a professional and courteous tone. As the AUP of the Springside School in Pennsylvania states, "tone is difficult to discern in electronic communication. Electronic communication is best used as a medium for disseminating factual information and should not be regarded as a replacement for face-to-face communication."
- 8.2. Faculty, staff, or students must not subscribe to mass electronic mailings (e.g., chain letters, "jokes of the day," "horoscopes," "trivia," et cetera). Mass mailings take up valuable network space that should be used for educational purposes. If a faculty member joins a professional (educational) listserv, it is requested that he or she subscribes in digest format. Please, contact the listserv administrator or the Director of Technology for instructions on how to accomplish this.
- 8.3. The Director of Technology or the Systems Engineer monitors the network to ensure proper network operations. Principals, department heads, or supervisors may request detailed reports indicating e-mail and Internet usage.

- 8.4. Students are not allowed to access non-school email accounts, including chat and instant messaging. In the event that students are given email accounts through the Hanover Public Schools, all email rules stated in this DTAUP apply.
- 8.5. Email accounts issued by Hanover Public Schools may not be used to bully, harass, or threaten any individual or organization; accounts will not be used to send chain letters, viruses, or hoaxes to other students, faculty, or individuals;
- 8.6. Student email accounts are filtered for language and content; any email that contains inappropriate language or content will not be delivered and appropriate disciplinary action will be taken. Disciplinary actions will be tailored to meet specific concerns related to the violation.

9. **Web Publishing**

- 9.1. The Hanover Public Schools websites are designed to provide a portal to enable communication among teachers, students, staff, administration, and the community. Material posted on the district's websites or web portal must reflect the high educational standards of the Hanover Public Schools.
- 9.2. To help to protect the safety of our students and the accuracy and security of district information, the guidelines and procedures listed below must be followed:
 - 9.2.1. No student's personal information such as home address or telephone number may be posted on the Hanover Public Schools' websites. Students must have signed permission from their parent/guardian granting permission to post the student's work and or picture. The use of a student's name, picture, or demographic information on the website of an employee of Hanover Public Schools is prohibited, except with the permission of the Superintendent of Schools and the parent/guardian of the student.
 - 9.2.2. Material posted on district websites must have prior approval of the Principal. All links from a school's website to sites outside of the Hanover Public Schools network must be approved by the Principal or his/her designee. At all times, there must be a good faith effort to verify the authenticity of material posted on the district's websites.
 - 9.2.3. Photographs and images must be used in accordance with district policy.
 - 9.2.4. Logos or trademarks used must have written permission from the person or organization that owns the logo or trademark. The Hanover Public Schools' name or copyrighted logos must not be used on a personal web page without permission of the Superintendent.
 - 9.2.5. The creator of any district web page is responsible for ensuring that the information contained therein is of the highest editorial standards (spelling, punctuation, grammar, style, et cetera). The information should be factually accurate and current. If errors are observed, the Director of Technology, Principal, or designated school webmaster should be contacted to make the necessary corrections.
- 9.3. All teacher and staff professional websites must reflect the high educational standards of the Hanover Public Schools. There may be no links from a teacher's or staff member's professional website to his or her personal website or to other websites of a non-educational nature except with permission from the building Principal, the Director of Technology, or the Superintendent of Schools.

10. **Personal Computers**

- 10.1. Faculty, staff, and student personal computers may be configured for Hanover Public Schools' network with approval from the Director of Technology.
- 10.2. Personal computers are not the property of Hanover Public Schools and will not be serviced by the Technology Department.
- 10.3. Personal computers must have up-to-date virus protection software in order to be placed on the district's network.

11. **Copyright Infringement**

- 11.1. Existing copyright law will govern the use of material accessed through the network. The user—any student, faculty member, administrator, staff member, or guest—will not infringe upon the copyright of works found on the Internet or within the network.
- 11.2. As has been stated earlier, all copyrighted material used on any of the district's web pages must have the expressed written permission of the person or organization that owns the copyright.

Medication Policy

Students are not allowed to carry any medication (prescribed or over-the-counter) on their person with the exception of inhalers and Epi-Pens (written permission from their physician and permission from the nurse is required). **All other medications must be kept in the nurse's office.** If the nurse is to administer medication in school, the parents must supply the following:

- A written, signed and dated request from the parent or guardian, with instructions for administering the medication from the student's doctor (form available at Health Office).
- A written note from a parent/guardian is needed for the student to receive over-the-counter medication.
- The medication in the original pharmacy container.

Searches

Student lockers remain the property of the school and are subject to search at any time. The student's person, belongings and/or automobile are subject to reasonable search if there is reasonable basis for believing that the search will produce evidence of a violation of school rules or the law. Refusal to allow such a search will result in disciplinary action and possible police intervention.

Sexual Education Policy

In accordance with Massachusetts Law Chapter 71, Section 32A, an act relative to Human Sexuality Education, Hanover Middle School provides this notification to parents regarding curriculum which primarily involves human sexuality or human sexuality issues. This notification will allow parents or guardians, through written notification to the Middle School Principal, to have the flexibility to exempt their children from any portion of our Health or other courses that deal with human sexuality or human sexuality issues. No child so exempted shall be penalized by reason of such exemption; other work will be assigned to comply with the time on learning requirement. Program instruction materials for these curriculums shall be made reasonably accessible to parents or guardians for review with an appointment with the Principal.

Tobacco and Smoking Policy

The Education Reform Act of 1993 prohibits the use of any tobacco products within the school buildings, on school grounds, or on school buses. Possession of tobacco in any form including, but not limited to, chewing tobacco/snuff and e-cigarettes on school property or at any school function will result in disciplinary consequences. First offense for smoking inside or outside of the building or the possession of any tobacco products is two (2) days OSS. Subsequent offenses will result in one (1) additional OSS. A student in possession of a lit or unlit cigarette is in violation of the smoking policy. When smoke is observed coming from a closed lavatory stall or any other area, all persons in the area at that time are considered to be smoking until the administrator determines otherwise. The use of chewing tobacco and snuff is also prohibited. All students are prohibited from the possession of any tobacco products on school grounds or a school-sponsored activity and offenders will be subject to the consequences detailed above.

Transportation

The Hanover School Committee has adopted the following policy. Students may be detained after regular school hours for the following reasons: to work with the teacher, for co-curricular activities or for disciplinary reasons. In all three cases, transportation from school to home is the sole responsibility of the parent. Public telephones are available in the school so that students can call their parents to make suitable arrangements for transportation when unexpectedly detained at school. In the case of a student being detained for disciplinary reasons, parent/guardian will be given 24 hours notice. Parents likewise will not be given advance notice should a student choose to remain after school for co-curricular activities or to work with a teacher as this is voluntary. The school department shall not be liable or responsible for any child who is so detained after he/she has been released from school.

WRITTEN REPORTS REGARDING POSSESSION OF A DANGEROUS WEAPON AND TRANSFER OF RECORDS

Mass. Gen. Laws, c. 71, § 37L provides the following:

"... any school department personnel shall report in writing to their immediate supervisor an incident involving a student's possession or use of a dangerous weapon on school premises at any time. Supervisors who receive such a weapon report shall file it with the Superintendent of said school, who shall file copies of said weapon report with the local chief of police, the department of children and families, the office of student services or its equivalent in any school district, and the local School Committee. Said Superintendent, police chief, and representative from the department of children and families, together with a representative from the office of student services or its equivalent, shall arrange an assessment of the student involved in said weapon report. Said student shall be referred to a counseling program; provided, however, that said counseling shall be in accordance with acceptable standards as set forth by the board of education. Upon completion of a counseling session, a follow-up assessment shall be made of said student by those involved in the initial assessment. A student transferring into a local system must provide the new school system with a complete school record of the entering student. Said record shall include, but not be limited to, any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act."
