Dear Students/Parents and Guardians,

On behalf of the staff and myself, we would like to welcome you to a 2021/22 school year at Central Tree Middle School. For some of you, this is your first year at CTMS, but for many, it is another chance to make new friends and renew old friendships. We understand that for some this is their first time back in a building since March of 2020, so Welcome back. It is important to remember the 5 Branches of Central Tree:

- Professional-effort is required each day, each class, each task. Do my job.

If you can do those things consistently, then your days at CTMS will be filled with great success and positive growth.

Middle school is a very important time in your life. These school years can be difficult at times, but they will also prove rewarding in many ways. The teachers and staff are here to help in any and every way that they can. We have some of the finest teachers in Massachusetts ready to prepare you academically, behaviorally and socially for the challenges that lie ahead. I am confident that with hard work and dedication you will all reach your potential.

ACADEMICS

REPORT CARDS: Report cards will be published four (4) times a year at approximately 10 week intervals.

INTERIM REPORTS: Interim reports are issued half way through each marking period. The purpose of the report is to notify the student and parents of academic progress. Progress reports will available via PowerSchool.

HONOR ROLL: CTMS Honor Roll is published each quarter for students in grades 6, 7 & 8. High Honor Roll is all “A’s” and Honor Roll is all “A’s” and “B’s” in all subjects. Academic achievement is recognized throughout the school year in a variety of ways.

CONFERENCES: Individual teacher conferences may be requested directly by phone or email with the teacher.

HOMEWORK:

Homework assignments are an extension of the classroom. Homework is another way of developing self-discipline and organizational skills.

Homework assignments may include:

- a. drill and additional practice to reinforce and/or strengthen skills introduced in class
- b. guided reading of assigned literature or text material
- c. research activities in locating information
- d. studying for quizzes and tests
- e. writing assignments
- f. working on long-term reports or projects

Because people study in different ways, the time spent on an assignment may differ from student to student. The key is to organize your time well and you, the student, are responsible for your assignments. **Work is expected to be completed and passed in on time. If you are struggling with at home assignments, please email your Teachers to inform them. Homework is not meant to be a stressor and if it becomes that, please notify Mr. C, Principal.** You are responsible for getting make-up work for assignments missed due to a one or two day absence.

For absences of 3 or more days, parents may call and request homework to be collected.

MAKEUP WORK: Students who have been absent or who are doing poorly in a subject must assume the responsibility for making up work and/or asking for extra help. If a student is absent for a prolonged period of time, he/she will be given an adequate amount of time to make up the work missed. If your child is absent for one or two days, please have him/her call a classmate to find out the missing assignments.

HOMEWORK REQUESTS FOR PLANNED EXTENDED ABSENCES:

Extended absences from school for vacations usually have a negative effect on student performance and are not condoned as a reasonable excuse for being absent from school. If a family chooses to vacation during a regular school week, teachers are not required to provide work. It is the student's responsibility to make arrangements with each teacher to make up all assignments.

EXTRA HELP: Initiative for obtaining extra help rests with the student but should be encouraged by parents or guardians. Teachers are available for extra help and will explain to the students their extra help policies.

STUDY HABITS: You are expected to give your **best EFFORT every day, every class, every task.** Being a successful learner involves self-discipline and organization. Good study habits are extremely important, so important in fact, that your teachers will be teaching lessons about study skills. Here are some hints that will help you to do well:

- Have your agenda book at all times and write down all assignments.
- Be sure you understand the assignment. If you don't understand it, ask questions
- Before leaving school, ask yourself what you need for homework, **and take it home**
- Establish a special homework place in your home.
- Develop good study habits during your middle school years and they will strengthen future academic performance

INCOMPLETE GRADES: A student who receives an incomplete grade on his/her report card, will have two (2) weeks to make up the work

GRADE EIGHT GRADUATION REQUIREMENTS: An eighth grade student who receives more than one (1) failing final average in any subject or who has major disciplinary infractions as determined at the sole discretion of the administration may not be allowed to participate in end of the year activities.

CENTRAL TREE HONOR SOCIETY:

Membership for this prestigious organization is open to students who meet the required standards in five areas of evaluation based on our school-wide behavioral expectations: present, prepared, polite, proud and professional. Students are selected to be members by a Faculty Council, appointed by the principal, which bestow this honor upon qualified students on behalf of the faculty of our school each year. Eighth grade students are eligible for this program. Parents will be notified by mail if their child has been invited to join and attend an induction ceremony held in the spring.

Objective Academic Standards for Induction Include:

1. Minimum 90% average per core course in all four marking periods for the students 7th grade year and for the first marking period of the students 8th grade school year. These include Math, ELA, Science, Social Studies, Tutorial and Foreign Language
2. No quarterly grade below 85% in any class not referenced above.

Objective Effort/Behavioral Standards for Induction Include:

1. Nothing less than a Satisfactory in Conduct* and no Unsatisfactory marks in Effort*.
2. No serious infractions of school policy as determined by the Principal.

*These conduct/efforts marks are taken directly from Quarter Report Cards.

***All students elected are expected to maintain these standards of excellence each subsequent marking period to continue membership. The committee reserves the right to reevaluate a student's standing on the CTHS if the student no longer meets the criteria of membership. Once dismissed, a student is not eligible again for membership in the CTHS.**

ATTENDANCE: Daily and punctual attendance is critical to academic success. Students need to be in the classroom to benefit from teacher instruction and from interactions and exchanges of ideas with peers in accordance with Massachusetts General Law Chapter 76, Sec. 1.

Parents/guardians have the responsibility for ensuring that students attend and remain at school daily (Massachusetts General Law Chapter 76, Sec 1). When a child is going to be absent, the school district requires the parent/guardian to call the school to inform them of their child's absence (Massachusetts General Law Chapter 76, Sec 1A). To call your child out absent, please contact the Main Office: (508)886-0073 or if not working, email at lysa_dellaquila@wrsd.net Please note: a parent phone call or email does not excuse your child's absence. If a student is absent and the school is not notified, the school will call or email the student's parent/guardian (Massachusetts General Law Chapter 76, Sec 1B). Therefore, it is important that parents/guardians provide their current contact information to ensure proper notification can be made. We encourage you to schedule all medical and dental appointments, personal business, and vacations outside of school hours. Phone calls, letters and meetings will occur if individual attendance issues arise to create a plan for improvement.

DISMISSAL: Students being dismissed early must have a written parent/guardian note stating the specific dismissal time desired, reason for early dismissal and who will be coming for the student or a Parent/Guardian phone call with the same information. The note must be presented to the main office immediately upon arrival in the morning. Parents are to report to the office to sign the child out before pick up. **Students will not be allowed to go home with another child or adult without written consent from the parent/guardian.**

TARDINESS: The first class of the day begins at 8:15 a.m. Any student who arrives to school after 8:15 a.m. is required to report to the office for a late pass. Excessive tardiness as determined by the administration may result in disciplinary action.

ATTENDANCE AT AFTER SCHOOL EVENTS:

A student must attend school the day he/she plans to attend any after school or evening event. Any student who is sick during the school day and does not attend school on that day may not attend after school events.

PARENT DROP OFF AND PICKUP: Parents picking up students must park away from the driveway corners as it is often difficult for the busses to maneuver. Parents driving students to school and picking them up should use the door on the far end of the school at the side entrance. In order to avoid possible injury, it is important that students be discharged **at the far end side-entrance**. Under no circumstances may a parent park in the lot across from the main entrance and call a student to walk between the busses to the waiting parent. Also,

students should never be picked up on the road leading to the school from Naquag. Both situations are a safety hazard to students and drivers who cannot see them.

7.

DISCIPLINE: To provide an appropriate academic and social environment certain basic codes of conduct are necessary. All students are expected to show respect and concern for the rights and property of others. The school has the authority to discipline students for inappropriate behavior within the school, off-campus, at school-related functions or any other type of activity reasonably related to school activities.

Students who break the basic codes of conduct are subject to one or more of the following disciplinary actions to be taken by the school at either the teacher or the administrative level.

Informal talk: a staff member will talk to the student to reach an agreement regarding future behavior.

Conference: a formal conference with a school official, the student, and possibly a parent in which the student agrees to correct the questionable behavior.

Detention: the student reports after school from 2:45 to 3:45 p.m. Detention may be assigned by Administration or by a teacher. The student will be given notice of the detention and the parent must sign the detention form or confirm with a phone call from the school.

Loss of Privilege: the student may be denied participation in extra-curricular activities; may be assigned an alternate area to eat lunch for a period of time determined by the administration; or may be denied the opportunity to participate in special events.

School Service: the student may be assigned to perform school service in place of other penalties. Such service may include projects that assist in the operation of the school community.

In-School Suspension: the student is excluded from one or more classes, but remains at school and is expected to complete the day's assignments. If a student receives an in-school suspension, he/she is required to report to school. Parents will be notified.

Out-of-School Suspension: Being suspended from school means that a student must remain off school property during the period of suspension. The student will be allowed to make up any work missed during the period of suspension.

Infractions of CTMS Code of Conduct:

The following are serious violations of school and will not be tolerated:

1. **Drug & Alcohol** - Any student found in possession of drugs, drug paraphernalia, alcohol or alcohol-related products will be suspended and may be subject to expulsion. Students with substance abuse problems will be encouraged to enroll in an appropriate substance abuse program.

See WRSDC Policy # 6433

2. **Use & Possession of a Tobacco Product, Lighters, or Matches is prohibited** – This offense will result in suspension from school. Central Tree is a **SMOKE-FREE** environment in compliance with Massachusetts General Laws.

3. **Fighting** - Offenses will result in parent notification, possible suspension from school. Subsequent offenses - increased suspension from school and could result in expulsion. If a student is hit, pushed or provoked he/she should tell a staff member immediately. A student who hits another student, even if that student hit him/her first will be disciplined. We have a no tolerance for violence and that includes everyone.

4. **Threatening Harm to Students, Staff and/or School facilities** – offenses will result in notification to parent/guardian and can result in short term or long term suspension. Based on the seriousness of the threat and likelihood of harm, possible expulsion may result

5. **Damage to Property** - Students found damaging or defacing school property will be made to clean or replace damaged property. Parents will be contacted and, when necessary, billed for the damage. Possible suspension from school will result.

6. **Harassment** – *See WRSDC Policy # 6437 Promoting Civil Rights and Prohibiting Harassment, Bullying, Discrimination and Hate Crimes on p.12, 13 of this handbook. See WRSDC Policy # 6434 Sexual Harassment in this handbook.*

7. **Distribution & Possession of Indecent Literature** - First offense - parent notification, possible suspension from school. Subsequent offenses - increased suspension from school.

8. **Inappropriate, Vulgar Language** - Detention or in-school suspension. Subsequent offenses-suspension from school.

9. **Gross Disrespect & Insubordination** - First offense-parent notification, possible

suspension from school. Subsequent offenses - increased suspension from school.

10. **Stealing** - First offense - parent notification, possible suspension from school. Subsequent offenses - increased suspension from school.

9.

11. **Cheating**: CTMS strives to create an environment that nurtures character development and integrity. This environment thrives on honesty and trust, and cheating is disruptive to everyone's well-being. Cheating includes, but is not limited to the following:

- Copying from someone else
- Letting someone else copy from you
- Talking, gesturing, or using cheat notes of any kind during a quiz
- Texting during a test or quiz
- Passing test information from one class to members of another class
- Plagiarizing-submitting someone else's work as your own

Cheating is unfair to the other students, the teachers, the school community, and especially yourself. Cheating is a serious offense which will result in a zero on the assignment, possible detention, in-school suspension, or suspension depending on the nature of the offense at the discretion of the administration.

12. **Forgery**: CTMS strives to communicate student progress to parents. When a student copies a parent's or teacher's signature, this is a forgery which is dishonest and interferes with the need to communicate.

Any student who forges any signature will receive an in-school suspension. Subsequent offenses will result in increased suspensions and consequences.

13. **Weapons Policy** –See *WRSD Policy 6435* in this handbook

ELASTIC CLAUSE: The school and administration reserve the right to establish fair and reasonable rules and regulations for circumstances that may arise requiring actions that are not covered in this handbook.

LOCKERS: A locker is the property of the Wachusett Regional School District which is issued to each student for use at the beginning of the school year for storage of books, coats and boots. Lockers may be searched at any time for reasonable cause. Students may not take anything from another person's locker. This will result in disciplinary action. A student may attach a lock to his/her locker after completing a Lock Registration Form (available at the school office).

PERSONAL ATTIRE:

All students are expected to dress in a manner that is appropriate for school. We enlist the help of parents regarding this matter. Students are asked to maintain an appearance that is not a distraction to the school community or the educational process. We encourage students to use responsible judgment when dressing for school. The Administration has the right, according to Massachusetts General Law- Chapter 71 sec. 83, to determine when personal dress and appearance violate reasonable standards of health, safety and cleanliness. It is not the intention of this policy to list every possible clothing issue, but to provide guidance for students and parents. Inappropriate dress includes, but it not limited to, clothing that is uncomfortably revealing or causing embarrassment to others. In addition to these basic guidelines, students must adhere to the following:

1. Clothing that is see-through, swimwear, sunglasses and pajamas are not permitted
2. Dress that is intended for outside, such as outdoor coats and parkas/hoods, may not be worn during the school day.
3. Clothing that promotes violence, tobacco, drug, or alcohol use, as well as sexually suggestive clothing, is not appropriate for school wear.
4. Clothing that displays language or pictures that are considered vulgar, rude, offensive, or deemed inappropriate are not permitted.
5. Hats are not to be worn inside the school building.
6. Clothing or footwear that presents a safety hazard, such as in a time of evacuation, will be strictly prohibited. Shoes or sandals should have either a strap around the heel or a large strap across the instep: the student must be able to wear them safely.
7. Items that are considered distracting, revealing, or that expose portions of one's anatomy traditionally covered by undergarments are not permitted. Undergarments should not be visible.

These conversations can be some of the most difficult that occur at school; they are awkward or embarrassing-often for both parties at best. Please help the school by not putting staff in a position where we must act.

CELL PHONES, IPODS & OTHER ELECTRONICS:

Students are strongly encouraged not to bring iPods, CD players, stereos, video games, cell phones or similar items to school because they disrupt the educational process. **Light Pens** or **Laser Lights** are not allowed in school for safety reason. Personal items such as these if brought to school are the sole responsibility of the student. Any cell phones brought to school by students are to be **kept OFF and in students' book bags during the school day.**

Students may NOT use cell phones during the school day to send or receive calls, send or receive text messages, or take photographs or videos. Cell phones may only be used before and after school hours and with permission from a staff member. Any cell phone found to be visible or in use during the school day will be confiscated and brought to the office for safe-keeping. A warning will be given to first-time offenders and the phone returned at the end of the day. A second offense will result in a detention, notifying the parent or guardian, and the phone returned to the student at the end of the day. A third offense will result in 2 detentions, notifying the parent or guardian, and the phone returned to the student at the end of the day. Further offenses could result in suspension and/ or a parent meeting. If these items are lost, damaged or stolen, the sole responsibility for addressing these circumstances belongs to the student and parent.

DISCIPLINARY DUE PROCESS:

Suspension requires the following-

1. **SHORT TERM DISCIPLINARY SANCTIONS:** A student will be given oral notice of the offense with which he/she is charged and an opportunity to respond prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for ten (10) days suspension or less.
In the event that the Principal determines that the student will be suspended from school, the student's parent(s)/guardian(s) will be notified by telephone and in writing.
2. **LONG TERM DISCIPLINARY SANCTIONS:** Prior to the imposition of any disciplinary sanction that might result in a student's suspension for more than ten (10) consecutive school days or expulsion, the parent(s)/guardian(s) will be given written notice of a hearing at which they may be represented by an attorney at their expense and may examine witnesses and documentary evidence. Following the hearing, the decision maker (Principal/School Committee) will issue a written decision. The parent(s)/guardian(s) will have the right to appeal any decision imposing a long-term exclusion from school. Where the student is excluded in accordance with M.G.L. c. 71 Section 37H, the student shall have ten (10) days from the date of the exclusion to file a written appeal with the Superintendent of Schools. For exclusions imposed pursuant to M.G.L. c.71, Section 37H1/2, the student shall have five (5) days from the date of exclusion to file a written appeal with the Superintendent. For exclusions imposed by the School Committee in accordance with M.G.L. c. 76, Section17, the student shall have the right to file a written request for reconsideration by the Committee within 10

(10) days of the effective date of the exclusion. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect. M.G.L. c. 76, Section 17, M.G.L. c. 71, Section 37H, M.G.L. c. 71, Section 37H ½.

12.

3. **STUDENTS WITH DISABILITIES:** Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act of Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. In many cases a student with a disability will be entitled to services identified by the student's Team as necessary to provide the student with a free and appropriate public education during periods of disciplinary exclusion exceeding ten (10) school days in a given year. For additional information regarding the rights of students with disabilities in the context of school discipline, please contact the Principal or the Director of Special Education.

During the period of an In or Out-of-school Suspension, students are not allowed to participate in extracurricular activities from the time they begin to serve until 8:15 AM of the next regular school day after the suspension has been served.

Juvenile Courts: the administration will use the court system to work with students who are habitual school offenders or with students who have excessive absences from school.

Behavioral Contracts: in order to address inappropriate behaviors on the part of individual students, some students and their parents will be required to sign contracts outlining specific behaviors expected of students and the consequences that will follow if these behavioral expectations are not met.

Exclusion/Expulsion: This will be used as a disciplinary measure in extreme and chronic behavioral situations. This may include situations such as possession/use of weapons; assaults; possession, sale or use of an illegal substance; or other serious offenses.

TRANSPORTATION: It shall be expected that students will go to and from school by the same means on a daily basis. A parent may choose an alternate mode of transportation over which the school system has no authority. Therefore, a choice to use an alternative mode of transportation other than the school bus shall be at the risk of the parent and the student. (See WRSD Alternate Transportation Policy #6562) **Students are not allowed to ride busses other than their own.**

Students who walk to school are not permitted on school busses. In the case of child care or other emergencies, exceptions can be made. K-8 students will be required to present written permission notice to the school from parent/guardian when using alternate means of transportation. In case of emergencies, oral notification will be an acceptable alternative with the administration making a written record of the notification.

SAFETY & SECURITY PROCEDURES:

The Wachusett Regional School District and its staff share with students and parents the responsibility for student safety during transportation to and from school. The authority for enforcing District requirements of student conduct on busses will rest with the principal.

To ensure safety of all students who ride in busses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents of children whose behavior and misconduct on school busses endangers the health, safety, and welfare of other riders or damages properties will be notified that their children face the loss of transportation privileges. Notification of this policy shall be contained in the Student Handbook.

1. Children will be instructed as to the proper procedure for boarding and exiting from a school bus and in proper and safe conduct while aboard.
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations.
3. All vehicles used to transport children will be inspected periodically for conformance with state and Federal safety requirements.
4. Classroom instruction on school bus safety will be provided.

BUS DISCIPLINE REGULATIONS:

See Appendix A on page 24 in this handbook.

BICYCLE RIDERS: Bicycle riders are to walk their bicycles across main thoroughfares where school crossing guards are located. Students should ride bikes on sidewalk only. **All students are to wear bicycle helmets when riding their bikes.** The privilege of riding bicycles to school may be taken away at any time if the student does not follow safety procedures or is endangering other students.

WALKERS: Students walking to and from school should cross with crossing guards and use sidewalks only. Students must use the main driveway and are not permitted to cut through the woods to access other roads.

SKATEBOARDS/ROLLER BLADES: Skateboards, roller blades, sneakers with wheels, scooters and any similar items may not be used in school.

ATHLETICS: STUDENTS PARTICIPATING IN INTERSCHOLASTIC/INTRAMURAL SPORTS MUST ADHERE TO THE FOLLOWING:

Academic: Students must pass all subjects as reported on the **most recent formal communication with parents**

Behavioral: The student must demonstrate appropriate behavior according to school standards. At the sole discretion of the administration, a student may be declared ineligible for participation due to chronic misbehavior or an incident of serious or major misconduct according to school standards.

Students scheduled to attend after –school disciplinary session on the day of a practice or game must attend the disciplinary session before being able to participate in the athletic activity. Students who are serving a suspension (internal or external) on the day of a practice or game are not allowed to participate in the athletic program activity on that day.

Physical Fitness: A note from the student's physician that the student has had a physical in the past twelve months and is not restricted in any way from participating in the program is required.

Students wishing to try out for a school sponsored athletic activity must either complete a school physical or one provided by their own private physician. School sponsored physicals will be done for Central Tree students in early September. Students are not allowed to tryout unless this requirement is fulfilled.

EXTRA-CURRICULAR ACTIVITIES: Students participating in extra-curricular activities must demonstrate appropriate behavior according to school standards. (See behavior policy under athletics.) **Only CTMS students are allowed to attend dances. No guests are allowed. Guests are always welcome at concerts and school plays that are open to the public.**

FIELD TRIPS: Field trips are scheduled throughout the school year. These are designed to supplement different aspects of the classroom curriculum and to introduce students to the resources of the region. Parents will receive notices of field trips well in advance of the scheduled trip date and will be asked to sign field trip permission forms. Students who have demonstrated repeated and/or severe inappropriate behavior may not be allowed to participate at the discretion of the administration. School work will be provided for students who are not participating in a field trip.

Students must be picked up from these after-school activities within fifteen minutes of the conclusion of the activity (unless special arrangements have been made in advance.) Students who are not picked up within the 15 minutes time frame may be excluded from the next like event at the school.

STUDENT COUNCIL: The Student Council is the student-selected governing body through which the students may express their opinions, assist in the administration for the school and participate in the management of school enterprises.

PARENT/SCHOOL ORGANIZATIONS

P.T.O. is comprised of parents who have children attending Central Tree Middle School, members of the teaching staff and the building administration. Representatives of P.T.O. meet monthly to initiate and organize home and school activities. Parent orientation programs, teacher grants, coffee hours, open houses, and a number of student-centered events are sponsored each year. P.T.O. also gives parents the opportunity to become directly involved in matters that affect their children in middle school.

School Improvement & Modernization Council (S.I.M.C.O.) is set up to establish a process of interaction between the community, teachers, and administration which will enable Central Tree Middle School to become an environment cognizant of change and the need for continuous improvement. S.I.M.C.O. meets regularly. The selection of parent members to fill vacancies is done through an election conducted by CTMS P.T.O.

Special Education Parent Advisory Council (S.E.P.A.C.) is a District wide council that meets throughout the year to “work towards the understanding of, respect for, support and appropriate education for all children with special needs in the WRSD communities.” We encourage all interested parents to join the S.E.P.A.C. For more information, see go to www.wrsd.net and click the link for parent information.

CARE OF SCHOOL PROPERTY: Students are responsible for the proper care of all books, supplies and furniture supplied by the school. Students who damage school property, equipment or books will be required to pay for the damage done or replace the item and be subject to disciplinary action.

TEXTBOOKS: All textbooks issued to students must be covered. If a student does not return his/her textbook or if he/she returns it in unacceptable condition, he/she will be required to make restitution.

VISITORS: All visitors must enter through the main entrance, check in at office, sign in, and wear a visitor's badge.

NO SCHOOL ANNOUNCEMENTS: No School announcements will be made by an all call from the Superintendent, an email and also on tv and radio stations starting at approximately 6:00 a.m. Students or their parents should continue to listen to these stations for further announcements indicating a change from delay to no school should weather conditions change. Delays could be up to two (2) hours. Delayed openings do not affect dismissal times. In an emergency such as severe weather or a boiler breakdown, school may be dismissed earlier than the regular closing time. **Parents need to inform their children as to what they should do in case of an early dismissal. An emergency dismissal form must be completed and returned to school.**

SCHOOL/HOME COMMUNICATION:

Communication between the school and parents is very important. The school has several ways to communicate school activities and information directly to parents. The school has a web site at www.wrsd.net. All staff has e-mail and addresses are posted on our web site.

The principal/assistant principal will use School Messenger to e-mail and/or leave a phone message to inform you of upcoming events and important updates. We also send via email a weekly bulletin on Fridays and we also have a Facebook page, Instagram and Twitter accounts. Parents are encouraged to communicate with staff and administration with any concerns that you may have.

POWERSCHOOL PARENT ACCESS TO STUDENT GRADES:

The Wachusett Regional School District utilizes PowerSchool, a student information management system. PowerSchool also has a parent component that allows parents access to their child (ren)'s grades via a secure internet site. Parent access and login information will be distributed by the school. It is important to note that reporting of grades is the final step in assessing a student. Teachers are only required to report grades two times per marking period (progress report time and report card time), and the administration heavily supports that requirement. The Administration reserves the right to revoke parent access to PowerSchool if it is misused.

SCHOOL PICTURES:

School pictures will be taken early in October or November and should be available prior to the Holiday recess/vacation. Payment must be made at the time the pictures are taken. Refunds or retakes will be available upon request.

TELEPHONE: Messages and deliveries from home should be left in the school office. Students will be called out of class **only** in an **emergency**. This is to minimize classroom disruptions. The Office telephone may be used by students with permission from the School Office or a teacher during lunch and before and after school. Personal cell phones are not to be used during the school day for any reason.

SCHOOL EVACUATION /LOCKDOWN DRILLS: Drills are held regularly to ensure the safety of all persons in the event of fire / disaster/lockdown. Students are instructed in understanding signals, exits used, procedure for leaving the building, areas in which to assemble, and procedure for returning to the building. Periodic checks by the Rutland Fire and Police Department are conducted.

LIBRARY: The school library is an integral part of the school program. It supplies materials to support and augment the course of study and to encourage recreational reading. The Library can be accessed by students through classroom Teachers.

USE OF SCHOOL FACILITIES: The WRSD Committee has agreed to make Central Tree available for educational, recreational and civic purposes to recognized, responsible organizations within the town. The practical requirements for use of school facilities are: Programs cannot interfere with regular school activities, and activities cannot damage or cause

excessive depreciation of school property. Please contact the office to make plans for school use. WRSD School Use Application/Agreement must be completed.

17.

CAFETERIA: The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch and milk are offered daily. Menus will be posted on the CTMS webpage and also published in The Landmark. For nutritional reasons, it is expected that every child have something to eat at lunch time. Students who forget their lunch money will be allowed to receive an IOU from the kitchen entitling the student a lunch. The family must then repay the kitchen.

FREE & REDUCED PRICE MEALS: Applications for free milk and free or reduced price meals will be sent home with each student at the beginning of the school year. These applications are available at all times in the school office.

CAFETERIA RULES: The following cafeteria rules are enforced to keep a clean and attractive lunchroom:

1. Always use a tray.
2. Keep milk cartons, food and waste paper, including paper bags and straws on the tray.
3. Do not take food from another student's tray.
4. Empty all refuse from the tray into the proper container. Return trays, dishes, and silverware to the receiving window.
5. Pick up any paper or food around your seat
6. Students at a table are responsible for picking up the area around their table.
7. Talk in a normal tone.
8. All food and beverages are to be consumed in the cafeteria.

ACCIDENT INSURANCE COVERAGE: The Wachusett School Department sponsors a student-participation insurance plan. Brochures describing the plans available will be distributed during the first week of school.

COMPUTERS – Acceptable Computer Use Regulations for WRSD Students: The purpose of the WRSD network and the Internet is to enhance the educational process. Use of this media is limited to educational purposes determined by the District. Access to the Internet enables students to explore thousands of libraries, databases and bulletin boards while exchanging messages with Internet may contain items that are illegal, defamatory, inaccurate and or potentially offensive to some people. While the District's intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. It is the District's position that the benefits to students in the form of information resources and opportunities for collaboration exceed the potential disadvantages.

Guidelines for student use of technology:

1. Students may not install any software on any computers or attempt to make copies of software that is on the hard drive.
2. Students should respect others' rights to privacy and not access or use information on a computer without permission of the owner of the information.
3. Students should respect others' property. Students should not vandalize computers, computer systems and computer software. Vandalism, including malicious viruses will result in loss of privileges and possible legal action. Students are prohibited from making changes to or deleting computer programs, files, or information that belongs to others.
4. Use computers, software and related technologies for purposes that are within the law; that are beneficial to others, that are not harmful (physically, financially, or otherwise) to others or others' property.

Guidelines for student use of Internet:

1. As to any interaction with strangers, use common sense and exercise caution. Do not reveal your own personal information such as addresses, telephone numbers, user names, passwords, etc. or that of other students.
 2. Accept personal responsibility for appropriate use of system. Abuses, i.e. pornography, illegal solicitation, racism, sexism, inappropriate language, are prohibited and must be reported to your teacher.
 3. Use is limited to activities which support education and research. Copyrighted materials plagiarizing works, threatening or obscene materials or trade secrets may not be transmitted. Violation of this provision could result in prosecution.
 4. All student use of E-mail shall only be allowed under the direct supervision of a teacher.
 5. Students are not allowed to create or maintain personal or other unauthorized web pages.
 6. Access to the network is a privilege not a right and as such may be denied to any student who is found violating school regulations
 7. On-line etiquette proceeds from every day acceptable conduct and includes: being polite, using appropriate language, maintaining all users' privacy, appropriate use of Email (no support of illegal or illicit activities,) being considerate and not disrupting the network by game playing or large scale downloading.
 8. Network files are not private and remain open to administrators to maintain system integrity, insure appropriate use and to maintain hard drive storage. Additional storage beyond what is pre-assigned may be requested through the building media specialist.
 9. Users of the system do so at their own risk. Damages, including loss of data or information inaccuracies are not the responsibility of the Wachusett Regional School District.
 10. Security remains a high priority. Teachers and other staff members will make every attempt to monitor and guide students toward appropriate use of the system. All users are responsible for system security and must report problems to their teachers.

WACHUSETT REGIONAL SCHOOL DISTRICT POLICIES

CONFIDENTIALITY: The Wachusett Regional School District shall encourage communication between and among school personnel, students, and parents. The Committee recognizes that circumstances may arise when a student with a personal or medical problem may seek help from a member of the faculty or administration. In such instances, the Committee will respect the confidentiality of communications between student and teacher, counselor, nurse or administrator. However, it is not the intention of this statement of policy to encourage interference with parental or legal authority. (*WRSDC Policy 6650*)

COMPREHENSIVE HEALTH SURVEY: During the month of May, all 7th and most of its 9th and 11th grade students are asked to complete a *Comprehensive Health Survey*. Such an assessment provides information required in the District's application for funding under the *No Child Left Behind Act*. As students are instructed not to put their names on the survey, their responses will be anonymous. Responding to this survey is also completely voluntary and students will not be required to complete the survey if they do not wish to do so. Parents who do not wish to have their daughters/sons take part in this survey should notify the building principal prior to April 30. A copy of the survey is available in the principal's office for parents who wish to review it.

ANNUAL NOTIFICATION LETTER TO STUDENTS & PARENTS ON STUDENT

RECORDS/INTERNET DISCLOSURE: In accordance with the Massachusetts Department of Education Student Record Regulations, Wachusett Regional School District shall:

1. Take all reasonable precautions to preserve the confidentiality of a student's records.
2. Make available for inspection all school records of a student upon request of the parent or legal guardian.
3. Make available for inspection all school records of a student upon his/her request provided that the student is fourteen (14) years of age or older or upon entering the ninth grade.
4. Disseminate, to parents and students, State Regulations on Student Records and this policy annually.

Regulations: The State Board of Education has adopted Regulations pertaining to Student Records that are designed to ensure parents' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of student records. The regulations apply to all information kept by the District on a student in a manner such that he/she may be individually identified. The regulations divide the record into the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty years after the student leaves the system. The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results

class rank, school sponsored extra-curricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed seven years after the student leaves the school system.

21.

The following is a summary of major parent and student rights regarding their student records:

Inspection of Record – A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate.

Confidentiality of Record – No individuals or organizations are allowed to have access to information in the student record without specific, informed, written consent of the parent, legal guardian, or student of legal age. Exceptions include only those state agencies that specifically are authorized to request student information.

According to federal law, the District is required to release names, addresses, and telephone listings of students to military recruiters and institutions of higher learning upon request for recruitment and scholarship purposes without prior consent. Parents and eligible students have the right to request that this information not be released without their consent by notifying their school building office in writing. At the beginning of each school year, parents will be mailed a form to complete, indicating their choice to give or withhold their consent to release information.

The District Administration shall not release a student's social security number or date and place of birth to anyone except as required by law.

Amendment of Record – The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

Destruction of Records – The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction. (WRSDC Policy 6910)

Consistent with the Education Reform Act, the District will transfer a student's record to a new school outside of the Wachusett Regional School District without prior consent required from the parent of eligible student.

CHILD FIND: The Wachusett Regional School District wishes to identify all children, ages three years to twenty-one years, who reside within the District, have not yet graduated from high school, and who are in need of special education and related services. Any child suspected of having a disability and believed to be in need of special education and related services may be referred to the Administrator of Special Education Services, Wachusett Regional School District, Jefferson School, 1745 Main Street, Jefferson, MA 01522 (508-829-1670 X237).

Bullying will not be tolerated. Bullying behaviors include but are not limited to teasing, verbal harassment, unwanted touches, physical attacks, and/or ostracism. Reports of such conduct will be investigated and action will be taken under the guidelines of an individual school's disciplinary code.

PROMOTING CIVIL RIGHTS AND PROHIBITING HARASSMENT, BULLYING, DISCRIMINATION AND HATE CRIMES- WRSD Policy 6437

The Wachusett Regional School District is committed to providing our students equal educational opportunities and a safe learning environment free from harassment, bullying, discrimination and hate crimes. The District will not tolerate unlawful or disruptive behaviors at school or school-related activities including curricula, instructional programs, staff development, extracurricular activities and parent involvement.

The District will promptly investigate all reports and complaints of harassment, bullying, discrimination and hate crimes and will take prompt, effective action to end such behaviors including, when appropriate, referral to law enforcement agencies.

The Wachusett Regional School District prohibits all forms of harassment, bullying, discrimination and hate crimes related or unrelated to race, color, religion, national origin,

ethnicity, sex, sexual orientation, age or disability. The District will not tolerate retaliation against those taking action consistent with this Policy. Threats or acts of retaliation, regardless of how they are expressed, are serious offenses that will subject the violator to significant disciplinary or other corrective actions. 24.

Harassment: Harassment is oral, written, graphic, electronic, or physical conduct on school property or at school-related activities relating to an individual's actual or perceived race, color, National origin, ethnicity, religion, sex, sexual orientation, age, or disability that is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the district's programs or activities by creating a hostile, humiliating, intimidating, or offensive educational or work environment. For purposes of this policy, harassment shall also mean conduct that, if it persists, will likely create such a hostile, humiliating, intimidating, or offensive educational environment. A single incident may, depending upon its severity, create a hostile environment.

Bullying: Bullying is defined as a form of aggression involving a power imbalance between the bully and victim, where the bully has perceived or actual physical, social and/or psychological power over his/her target(s). Although bullying generally involves a pattern of conduct directed at a victim, depending on the severity of the incident, a single instance of such misconduct may constitute a violation of this Policy.

Student and Staff Responsibilities

All students and staff members, as members of the WRSD community, are responsible for complying with this policy and ensuring that he/she does not harass, bully, discriminate or perpetuate a hate crime against another person on school grounds or at a school-related activity. Further, each student and staff member is responsible to make sure that s/he does not retaliate against any person who reports or files a complaint, or who helps someone report or file a complaint, or for cooperating in the investigation of a report of complaint.

Reporting Harassment, Bullying, Discrimination or Hate Crimes

Students can report any case of harassment, bullying, discrimination or hate crimes to any adult in the school who is then responsible to inform the building principal or designee. The school principal or designee is responsible for receiving reports and complaints of violations at the school level. At the District level, the District Equity Coordinator is responsible for receiving and addressing reports or complaints of violations of this Policy

Any member of the school community who is informed of or believes that harassment, bullying, discrimination, retaliation or a hate crime has occurred or may have occurred at school or in a school-related activity must promptly report the incidents to the building principal or designee, or the Title VI Coordinator, Title IX Coordinator, Equity Coordinator or Superintendent. In situations where a student or other person is uncomfortable reporting the incident to a designated official, s/he may report it to a trusted school employee who must promptly inform a designated official.

Upon receipt of a written or oral report or complaint, the principal (or designee) and the Equity Coordinator will promptly notify each other of the facts alleged and any initial action taken. If and when a report or complaint involves physical injury, the principal or designee will promptly report the incident to the Superintendent. All complaints or reports must be documented on the District's "Reporting/Complaint Form". If the complainant or reporter is unwilling or unable to complete the form, the designated official who receives the oral complaint or report will promptly prepare the written report using the reporter's or complainant's own words. The designated official will also summarize any initial action taken. If the complaint occurs at the school level, the designated official will promptly provide the principal with the completed Reporting/Complaint Form with a copy to the District Equity Coordinator.

A report or complaint involving a Principal should be filed with the District Equity Coordinator or Superintendent. A report or complaint involving the Equity Coordinator should be filed with the Superintendent. A report or complaint involving the Superintendent should be filed with the School Committee.

Reporting Other Incidences

Under General Laws Chapter 119, Section 51A for purposes of reporting child abuse and neglect to the Department of Social Services. Under MGL119, Sec. 51A, a school staff member who has reasonable cause to believe that a student under the age of 18 is suffering physical, sexual, or emotional abuse or neglect by a parent, guardian, school staff member or other caretaker must immediately report the abuse or neglect either directly to the Department of Social Services (DSS) or to the person designated by the school to accept those reports, who then promptly reports to DSS.

The principal and/or Superintendent will report to local police certain forms of sexual harassment and conduct that may constitute a crime.

The principal and/or Superintendent may report physical injury, destruction of public property, potential hate crimes and other acts of a serious criminal nature to local police for investigation.

Protection against Retaliation

The District will take appropriate steps to protect from retaliation persons who take action consistent with this Policy, or who report, file a complaint of, or cooperate in an investigation of a violation of this Policy. Threats or acts of retaliation, whether person-to-person, by electronic means, or through third parties, are serious offenses that will subject the violator to significant disciplinary and other corrective action.

Ensuring Safety During Investigation

The designated official, in consultation with the District Equity Coordinator, will take any step he/she determines is necessary and/or advisable to protect, to the extent practicable, the complainant, witnesses, and other individuals from further incidents or from retaliation pending the outcome of the investigation.

Determination of Proceedings

Upon receipt of a complaint or report, the District must determine whether to undertake formal or informal proceedings to resolve the complaint or report. Upon receipt of a complaint or report, a designated official will attempt to identify and obtain cooperation from the victim(s). Where the designated official does not obtain the identity or cooperation of the alleged victim(s), the District will proceed with an investigation and then proceed to formal or informal proceedings to the extent possible.

Informal proceedings will commence when criteria for Formal Proceedings are not met. In these cases, a designated official, in consultation with the Equity Coordinator, may apply either the Student Code of Conduct or initiate an Informal Proceeding, which strives to resolve the report or complaint through non-disciplinary corrective action, although the designated official may also determine that discipline action is appropriate and necessary.

Formal proceedings will commence when the designated official, in consultation with the District Equity Coordinator determines that

- the allegation is serious enough that it appears to place the complainant or any other person at physical risk;
- the incident has resulted in a criminal charge;
- the incident involves a referral to the Department of Children & Families;
- the allegation involves a serious form of harassment, discrimination or retaliation;
- the allegation involves bullying, where the District has intervened with the alleged student offender under the Code of Conduct for bullying on two prior occasions;
- there is a pending Formal Proceeding against the subject of the complaint;
- the subject of the complaint has previously been found to have violated this Policy after Formal Proceedings, or
- that a formal proceeding is otherwise appropriate under the circumstances,

The designated official must then commence a Formal Proceeding.

Formal Proceedings-Investigation

The designated official will separately meet in a timely manner with the complainant and the subject of the complaint, and if a student, with their parent(s) or guardian(s), to tell them about the formal process, explain the prohibition against retaliation, and determine the remedy the complainant seeks. The designated official will also explain that the investigation will be kept as confidential as possible, but that the District cannot promise absolute confidentiality, and may not be able to withhold the complainant's identity from the subject of the complaint, since such a promise could interfere with the District's ability to enforce its Policy, conduct a fair and thorough investigation, or impose disciplinary or corrective action.

Following a prompt and thorough investigation, the designated official, in consultation with the District Equity Coordinator, will determine whether the allegations have been substantiated, and whether the Policy, or if the District Equity Coordinator. The Equity Coordinator will, under the supervision of the Superintendent of Schools, ensure the successful administration of and compliance with this Policy. Information including the name of the Equity Coordinator, his/her mailing address, telephone number and email address will be posted prominently in the District office as well as all school buildings within the District.

REFER TO APPENDIX C REGARDING THE DISTRICT'S ANTI-BULLYING POLICY.

SEXUAL HARASSMENT: (WRSD Policy 6434) It is the policy of the Wachusett Regional School Committee to provide an educational environment free of sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined by this policy and law. Sexual harassment violates the policies of the district and also violates federal and state law, specifically Title IX and Massachusetts General Laws, C. 151 C.

It will be a violation of this policy for any student to be sexually harassed by or to sexually harass another student, any employee or volunteer or other person connected with the District through conduct or communication of a sexual nature as defined by this policy. Retaliation against a student for filing a complaint, under this policy or for assisting in an investigation of sexual harassment is in violation of this policy.

Definition - The legal definition of sexual harassment is: Unwelcome advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's success as a student;
2. Submission to or rejection of such conduct by an individual is used as the basis of educational decisions affecting such individual(s); or
3. Such conduct has the purpose or effect of substantially interfering with an individual's educational performance, or creating an intimidating, hostile, or offensive education environment.

Sexual harassment may include the following types of activities, but is not limited to these examples:

- Touching (arm, breast, buttocks, shoulders, etc.)
- Verbal comments (about parts of the body, what type of sex victim would "be good at," clothing, looks, etc.)
- Name calling (from "honey" to "bitch" and worse)
- Starting and repeating sexual rumors
- Leers and stares

Complaint Procedure: If you feel that someone has sexually harassed or is sexually harassing you, you should file a complaint by following the steps outlined below:

1. Speak or send a note to any employee of the school district whom you trust, (i.e. nurse, psychologist/counselor, teacher, principal, assistant principal, superintendent, etc.) You can also speak to your parents who can then notify the superintendent, principal or assistant principal. Remember that the complaint procedure does not start until school/district personnel receive the complaint.
 2. Within two school days of receipt of the verbal complaint, the employee will notify the principal/superintendent, and your parent/guardian will be notified of the pending complaint.
 3. If you have not or do not want to put the complaint in writing, the employee will do so. This should be done no later than two (2) school days after you have talked, or given the note, to the employee. The complaint has to be put in writing to make sure that the employee fully and correctly understands the issue(s). A copy of the complaint, in writing, will be reviewed with you and your parent/guardian to ensure accuracy, before it is shared with the subject of the complaint.
 4. The employee will refer the written complaint to the principal/superintendent. The principal/superintendent or his/her designee may speak with you to get more information. In any case, the principal/superintendent or his/her designee will speak to the person who is alleged to have sexually harassed you (called the "respondent") to obtain information as well.
 5. If the principal/superintendent feels that the complaint can be resolved without a formal investigation, he/she may use the informal procedure. The informal procedure simply attempts to resolve the situation and can be done in many ways. Examples are:
 - The principal/superintendent or his/her designee may have a conversation between you and the respondent where you can tell the respondent that the behavior bothers you and must stop.
 - The principal/superintendent or his/her designee may have you write a letter to the respondent saying that the behavior bothers you and must stop.
 - The principal/superintendent or his/her designee may have separate conversations with you and the respondent.
- Examples of possible resolutions are as follows:
- Verbal statements of apology;
 - Letters of apology;
 - Assurances that the offensive behavior will end;

- Disciplinary action.

29.

The informal procedure will be completed within five (5) school days from the date the principal/superintendent receives the complaint. The principal/superintendent or his/her designee will notify you, your parent/guardian, and the respondent of the results of the informal procedure. Resolution of the situation may or may not occur as a result of the informal procedure. If all the parties involved in this informal procedure feel that a resolution has been achieved, this discussion will remain confidential and no further action will be taken. If any of the parties feel that resolution has not been achieved, the following formal procedure will be used. Investigative deadlines may be extended under extenuating circumstances such as illness.

Formal Procedure:

1. The formal procedure is used when any of the following occurs:
 - a. You, your parent/guardian, or the respondent ask that the formal procedure be used;
 - b. The principal/superintendent or his/her designee decides that the formal procedure should be used; or
 - c. You, your parent/guardian, or the respondent feels that the informal procedure was not helpful or adequate and one of the parties requests, within (5) school days that the formal procedure be used.
2. The formal procedure will be completed within twenty (20) school days of the complaint being filed with the principal/superintendent, or if the informal procedure was used, within twenty (20) school days of the request to start the formal procedure.
3. The principal/superintendent or his/her designee shall investigate the complaint and complete a written report, which will include:
 - All facts and circumstances of the incident;
 - A summary of the investigation, which will include interviews with anyone reasonably believed to have relevant information, namely, the individual filing the complaint, the respondent, and, if either party is under the age of 18, their parents (if appropriate,) witnesses, and anyone else who may have experienced similar conduct;
 - A description of any actions already taken and/or proposed by the principal/superintendent or his/her designee.

Copies of the written report, including the principal/superintendent's findings, and the rationale and documentation of it will be forwarded to each of the parties involved within five (5) school days of completion of the investigation. All documentation of sexual harassment will be kept on file at the office of the superintendent. If the principal/superintendent or his/her designee finds that sexually harassing conduct has occurred, then he/she may discipline the respondent, require the respondent to apologize to the complainant, suggest that the respondent go to counseling, or require the respondent to attend training, refer the matter for review by state or local law enforcement authorities, or any combination of the above. Either party may appeal the decision of the principal in writing to the superintendent, within fifteen (15) school days of receipt of the findings of the formal procedure. The decision will be reviewed to ensure adequacy of the investigation and conclusions. Parties will be given an opportunity to submit additional information. The superintendent or his/her designee will make a decision and provide it in writing to both parties within thirty (30) days. The decision of the superintendent shall be final.

Other Resources: Individuals also have the right to seek a remedy from the Massachusetts Commission Against Discrimination (MCAD,) One Ashburton Place, Boston, MA 02108, (617) 727-3990, and/or the Regional Office of Civil Rights for the United States Department of Education, 222 John W. McCormack Building, Boston, MA 02109, (617) 223-9662.

Retaliation: No one may retaliate against you for filing a complaint. Further, no one may retaliate against any student, employee, or any other person because they provided information or helped in the investigation. If any person feels that he/she has been subjected to retaliation, he/she should file a complaint with the principal/superintendent.

Considerations to Remember:

- A. A man/boy, as well as a woman/girl, may be the victim of sexual harassment, and a woman/girl, as well as a man/boy, may be the harasser.
- B. The victim may be the same or opposite sex as the harasser.
- C. The victim does not have to be the person at whom the unwelcome sexual conduct is directed. The victim may also be someone who is affected by such conduct when it is directed toward another person. For example, inappropriate attempts at humor or the sexual harassment of one girl (or boy) may create an intimidating, hostile, or offensive environment for another girl (or boy) or may unreasonably interfere with an individual's educational performance.

STUDENT PUBLICATIONS: The Wachusett Regional School Committee recognizes and supports student publications and other literary activities that give students an experience in journalism.

The School Committee recognizes that the District must maintain a level of objectivity deemed to be in the best interest of the community and, to this end, the following procedures are in effect:

1. No school publication will accept advocacy or political advertising that is political, religious, or discriminatory in nature.
2. All advertising is subject to review and approval by the principal or a designee relative to content and appropriateness.
3. Final editorial control and approval of all materials intended for publication are the responsibility of, and may be subject to the approval of school administration.
4. This policy shall be referenced in the "Student Handbook."
5. A statement indicating the editorial control by the school administration regarding all advertising will be included on order forms or other similar correspondence.

The School Committee Policy Book shall be made available for review to any person, upon request to the Superintendent's Office. Copies of said publications shall be placed in each of the five (5) Town Libraries and all school libraries. A nominal fee, not to exceed the cost of production, shall be charged to any person requesting a copy of one of the publications.

ONLINE EDUCATION POLICY: The Wachusett Regional School Committee supports technology as a tool for learning and supports online education as a viable methodology for the delivery of direct instruction. Online education should provide an opportunity for students to accelerate the curriculum, to complete the curriculum and to provide learning opportunities in areas not available to the student due to scheduling conflicts or uniqueness of offering. Online education should also be promoted as a tool for staff development. Consideration for online education may include:

1. The course is not offered at the school;
2. Although the course is offered at the school, the student will not be able to take it due to an unavoidable scheduling conflict;
3. The course will serve as a supplement to extend instruction to those students who would be unable to attend classroom instruction;
4. Students who have been expelled from the regular school setting but who are eligible for continued educational services; or
5. In unique situations where there is consensus among student, teacher and administrative staff that, due to the differentiating needs of the student whether it be to accelerate and reinforce learning or for advanced learning opportunities, the student would require an additional service.

Requests for taking online courses may come from the student, the teacher or the parent. The school principal, in consultation with staff, shall make the final determination as to the acceptability of the course and upon approval, shall fund the course from the school budget, subject to availability of school funds. Consideration by the principal and school staff should include the educational workload of the student, the eligibility of the student to take such a course, equitable access and prerequisites.

Provision for monitoring and assessment of the progress of students who are provided with online learning opportunities should be included in the implementation plan. The school should establish standards and criteria of performance along with a mechanism of assessment for any student involved in the online education program.

ENRICHMENT: The Wachusett Regional School Committee is committed to providing a high quality education for all students with the goal of maximizing the performance and achievement of every individual. Staff is encouraged and expected to use innovative teaching implementing the district curriculum in creative and flexible ways. - inform parents of the enriching activities available in the area of gifted education and promote parent/community involvement and participating.

STUDENT INTERNET ACCESS: While the Wachusett Regional School Committee encourages the use of electronic communication to promote excellence in education, the School Committee also recognizes its responsibility to reasonably ensure the anonymity of students using the District's Internet to ensure this goal.

- District prohibits non-educational use of its network facilities, the Internet and Internet access.

 - District shall limit student use of e-mail to District supervised programs.
1. Student work may be displayed on the school site web pages or the District web page with the student's first name only when prior written permission is received from the parent/guardian annually.

BEHAVIOR & DISCIPLINE: The Wachusett Regional School District shall help students learn behavior patterns, which will enable them to be responsible, contributing members of society. Students will be expected to conduct themselves in keeping with their level of maturity and act with due regard for their fellow students and supervisory authority. Students shall have a right to reasonable treatment from the school and its employees, and in turn, the school and its employees shall have a right to expect reasonable behavior from students.

The principal will be responsible for administering behavior and discipline procedures at the school in accordance with District policy and school procedures. In order to assure that all students and staff are made aware of their specific rights and responsibilities, a student handbook shall be developed by each school, which defines the rights and responsibilities of students and others whose actions affect student behavior. References to all School Committee policies relating to student discipline will be included in the student handbook.

Corrective actions for misbehavior outlined in the handbook shall be commensurate with the severity of the misbehavior. Consideration shall be given to the:

1. Age of the student;
2. Mitigating circumstances;
3. Previous behavior of the student; and
4. Attitude of the student.

Student Handbook: The student handbook shall annually be reviewed with input sought from the school council. The student handbook shall be printed and distribute to all enrolled students and all staff members at the start of each school year. The student handbook shall include, but not be limited to, sections dealing with:

Searches: Wachusett Regional School District authorities may exercise their rights to conduct an inspection of student lockers and/or desks. A student shall not misuse lockers and desks assigned by school authorities. Lockers and desks remain, at all times, the property of the District.

A warrant less search (non-emergency) of a student's school locker or articles carried upon the student's person, may be conducted if there is a reasonable suspicion that the search is necessary to protect the health and/or safety of students and staff, or to detect a violation of school rules. Such a search may be conducted if school authorities suspect that a student possesses such items as, but not limited to, weapons, dangerous instruments, stolen goods, narcotics, hallucinogenics, amphetamines, barbiturates, marijuana, unregistered drugs, controlled substances, alcoholic beverages, or evidence of cheating or other academic misconduct.

Student Suspensions: The Wachusett Regional School District shall ensure that each pupil has an atmosphere and an environment, which is conducive to teaching and learning. To that end, schools shall maintain programs, which maximize opportunities for learning and minimize disruptions to the educational process. The District's first concern shall be to help maintain pupils in school so that their learning process is not interrupted.

Students who create discipline problems, which cannot be resolved through less severe means, shall be suspended. As a last resort, the district shall, at the discretion of the school principal, and following required due process, deny a pupil the right to attend school for a period not to exceed ten (10) days. The principal's decision is final.

Students will have the right and the responsibility to complete all assignments and make up all tests missed during the suspension. It will be the student's responsibility to confer with teachers and to complete make-up work within a reasonable time but in no instance exceeding three weeks after the suspension expires.

Expulsion: Expulsion shall be considered an action of last resort when the behavior of the student warrants such action at the discretion of the school principal. The expulsion shall be governed by Massachusetts General Laws Ch. 71, sections 37h and 37h 1/2, and Ch. 76 section 17.

SPECIAL EDUCATION DISCIPLINE: All students are expected to meet the standards of behavior as set by the Wachusett community. Chapter 71B of the Massachusetts General Laws and I.D.E.A. 1997 require that additional provision be made for students who have been found by an evaluation team to have special needs and whose program is described in an Individual Education Plan (I.E.P.) The following additional requirements apply to the discipline of special needs students:

1. The I.E.P. for every special needs student will indicate if they can meet student management policies or if modifications are needed.
2. The principal (or designees) will notify the Special Education Office of any special needs students who have been suspended. The Director of Special Education will keep these suspensions on record.
3. When it becomes known that a special needs student will be suspended for more than ten days in a school year:
 - a. services will be provided in order to ensure that the student receives FAPE, and
 - b. a functional behavioral assessment will be conducted and a behavioral intervention plan will be implemented, and
 - c. the team will conduct a manifestation determination in order to decide whether the infraction is related to the student's disability, and if the team finds that the behavior is a manifestation of the disability, the District may not suspend the student.

PHYSICAL RESTRAINT:

The Wachusett Regional School District recognizes that on occasion physical restraint is required to protect the safety of school community members from serious, imminent physical harm. Physical restraint is defined as the use of bodily force to limit a student's freedom of movement. Physical restraint shall only be used in emergency situations, in the judgment of the school staff member, when other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution.

A. TRAINING:

To ensure the proper use of restraint and to prevent or minimize any harm to the student as a result of the use of restraint:

- All Staff will receive training regarding the District's restraint policy and will be reviewed annually and employees hired after the school year begins will receive training within one month of starting their employment, which will include the following:
 - The District's restraint policy;
 - Interventions, which may preclude the need for restraint, including de-escalation of problematic behaviors;
 - Types of restraints and related safety considerations, including information regarding the increased risk of injury to a student when an extended restraint is used;
 - Administering physical restraint in accordance with known medical or psychological limitations and/or behavioral intervention plans applicable to an individual student; and
 - Identification of program staff who have received in-depth training in the use of physical restraint.
 - Designated staff members shall participate in at least sixteen hours of in depth training in the use of physical restraint. Those designated staff members will then be authorized to serve as school-wide resources to assist in ensuring proper administration of physical restraint.

B. ADMINISTRATION OF PHYSICAL RESTRAINT:

- Physical restraint may only be used in the following circumstances:
 - When non-physical interventions would be ineffective; training pursuant to this policy shall administer physical restraint on students with, wherever possible, one adult witness who does not participate in the restraint.
 - The training requirements shall not preclude a teacher, employee or agent of the school from using reasonable force to protect students, other persons or themselves from assault or imminent, serious, physical harm.
 - Physical restraint shall be limited to the use of such reasonable force as is necessary to protect a student or others from assault or imminent, serious, physical harm.
 - A person administering physical restraint shall use the safest method available and appropriate to the situation, subject to the safety requirements set forth in this policy. Floor or prone restraints may only be administered by a staff member who has received in-depth training as specified in this policy and, when in the judgment of the trained staff member, such method is required to provide safety for the student or others.
 - Physical restraint shall be discontinued, as soon as possible, when it is determined that the student is no longer at risk of causing imminent physical harm to self or others. (If, due to unusual circumstances, a restraint continues for more than twenty minutes, it shall be considered an “extended restraint” for purposes of the reporting requirements.)
- Additional safety requirements:
 - A restrained student shall not be prevented from breathing or speaking. A staff member will continuously monitor the physical status of the student, including skin color and respiration, during the restraint.
 - If at any time during the physical restraint the student demonstrates significant physical distress, as determined by the staff member, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance.
 - Program staff shall review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint on an individual student.
 - At an appropriate time after release of a student from physical restraint, a school administrator or other appropriate school staff shall:
 - Review the incident with the student to address the behavior that precipitated the restraint;
 - Review the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed; and
 - Consider whether any follow up is appropriate for students and staff members who witnessed the incident.

- The principal shall send a copy of the report to the Superintendent at the Central Office.
- The principal or his/her designee shall verbally inform the student's parent(s)/guardian(s) of such restraint as soon as possible, and by written report postmarked no later than three school days following the use of such restraint. The written report shall include:

And

- Physical restraint is prohibited in the following circumstances:
 - As a means of punishment; or
 - As a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive or verbal threats that do not constitute a threat of imminent, serious, physical harm. However, in the judgment of the staff member, if the property destruction or the refusal to comply with a school rule or staff directive might escalate into, or could itself lead to serious, imminent harm to the student or to others, physical restraint is appropriate.
- Only school personnel who have received required expulsion from school by the Names and job titles of the staff who administered the restraint and observers, if any; the date of the restraint; the time the restraint began and ended; and the name of the administrator who was verbally informed following the restraint.
 - A description of the activity in which the restrained student and other students and staff in the same room or vicinity were engaged immediately preceding the use of physical restraint; the behavior that prompted the restraint; the efforts made to de-escalate the situation; alternatives to restraint that were attempted; and the justification for initiating physical restraint.
 - A description of the administration of the restraint including the holds used and reasons such holds were necessary; the student's behavior and reactions during the restraint; how the restraint ended; and documentation of injury to the student and/or staff, if any, during the restraint and any medical care provided.
 - For extended restraints, the written report shall describe the alternatives to extended restraint that were attempted, the outcome of those efforts and the justification for administering the extended restraint.
 - Information regarding any further action(s) that the school has taken or may take, including any disciplinary sanctions that may be imposed on the student. •Information regarding opportunities for the student's parent(s)/guardian(s) to discuss with school officials, the administration of the restraint, any disciplinary sanctions that may be imposed on the student and/or any other related matter.

- When a restraint has resulted in a serious injury to a student or program staff member or when an extended restraint has been administered, the program shall provide a copy of the written report to the Department of Education within five (5) school days of the administration of the restraint. The program shall also provide the Department with a copy of the record of physical restraints maintained by the program administrator for the thirty-day (30) period prior to the date of the reported restraint.

D. SPECIAL CIRCUMSTANCES

- Parent(s)/guardian(s) may voluntarily waive the reporting requirements as stated above for restraints that do not result in serious injury to the student or to a staff member and do not constitute extended restraint.
 - The Wachusett Regional School District may seek such individual waiver for students who present a high risk of frequent, dangerous behavior that may require the frequent use of restraint.
 - The Wachusett Regional School District shall not require parental consent to such a waiver as a condition of admission or provision of services.
 - Parent(s) guardian(s) may withdraw consent to such waiver at any time without penalty.
 - Extended restraints and restraint that result in serious injury to a student or staff member must be reported as described above, regardless of any individual waiver.
- The following documentation regarding individual waiver of reporting requirements will be maintained on-site in the student's file and will be made available for inspection to the Department of Education upon request:
 - Informed written consent of parent(s)/guardian(s) to the waiver, which shall specify those reporting requirements listed above that the parent(s)/guardian(s) agree to waive; and
 - Specific information regarding when and how the parent(s)/guardian(s) will be informed regarding the administration of all restraints to the individual student.
- Nothing herein shall be construed to allow a program or classroom to receive an exemption or waiver from any of the requirements of this policy on behalf of all of the students enrolled in a particular program or classroom.

E. RECEIVING/INVESTIGATING COMPLAINTS

Any student, or parent(s)/guardian(s) on said student's behalf, who believes he or she has been inappropriately restrained by an employee of the Wachusett Regional School District, should follow the procedure in P8151 ***Policy Relating to Communication/Public Relations Complaints about District Personnel.***

The Wachusett Regional School Committee prohibits the audio, video and/or stenographic recording of parent/teacher conferences and/or Team meetings conducted in Wachusett Regional School District facilities. Exceptions

to this policy will be made only where a parent/guardian or student is able to demonstrate that either the audio, video and/or stenographic recording of the meeting or conference is necessary to ensure the parent's/guardian's or student's full understanding of the proceedings or to otherwise accommodate a parent's/guardian's or student's documented disability.

Requests by a parent/guardian or student for authorization to audio, video and/or stenographic record a meeting or conference shall be Requests by a parent/guardian or submitted in writing to the Superintendent of the Wachusett Regional School District no less than three (3) business days prior to said meeting/conference. 4. Teachers and other school staff will be prohibited from soliciting privately run trips through the school system. The trip approval process applies only to school-sanctioned trips; trips will not be approved that are privately organized and run without school sanctioning.

The contract with the carrier must prohibit the use of a subcontractor unless sufficient notice is given to the District to allow for verification of the subcontractor’s qualifications.

C. Trip Scheduling

1. Overnight accommodations will be made in advance with student safety and security in mind. Hiring independent security is recommended when appropriate.
2. Field trips during school time must meet the Massachusetts Department of Education Time on learning requirements.
3. Trip itineraries must leave enough time for drivers to rest in conformity with federal hour-of-service requirements and common sense. Student vehicular (bus and auto) travel between the hours of midnight and 6:00 AM is prohibited.
4. If substantially all members of a class are participating in a field trip, the school will provide appropriate substitute activities for any students not participating.

D. Fundraising

1. The amount of time to be devoted to fundraising should be reasonable and commensurate with students’ obligations for homework, after-school activities, and jobs.
2. Group fundraising activities are preferred.

E. Student Supervision

1. Students shall be accompanied by a sufficient number of chaperones, taking into account the trip scheduling and logistics. All chaperones, including parents and volunteers, must have a CORI/criminal record check. Faculty and staff of the school will serve as chaperones whenever possible.
 2. A chaperone must always be present whenever students are on the bus.
 3. All participating students must submit a signed parent/guardian permission form. Such forms shall include eligibility requirements and appropriate authorization for emergency medical care and administration of medication.
 4. When away from school, all school rules will apply to the trip.
 5. Infringement of rules may result in a student’s immediate expulsion from the trip. In such cases, parents will be financially responsible for transportation home.

STUDENT ACTIVITY FEE SCHEDULE:

The Wachusett Regional School Committee is committed to providing support to students for participation in activities throughout the region. An activity shall be defined as any discretionary or elective function or program. From time to time it may be necessary to establish fee schedules to support those activities. Fees may be charged only for those activities in which the student is to participate. Money received from fees is to be used for stated purpose. Established fee schedules should not exceed projected costs. Such a search may be conducted if school authorities suspect that a student possesses such items as, but not limited to, weapons, dangerous instruments, stolen goods, narcotics, hallucinogenics, amphetamines, barbiturates, marijuana, unregistered drugs, controlled substances, alcoholic beverages, or evidence of cheating or other academic misconduct.

Student Suspensions. The Wachusett Regional School District shall ensure that each pupil has an atmosphere and an environment which is conducive to teaching and learning. To that end, schools shall maintain programs which maximize opportunities for learning and minimize disruptions to the educational process. The District's first concern shall be to help maintain pupils in school so that their learning process is not interrupted.

Students who create discipline problems which cannot be resolved through less severe means shall be suspended. - Repeatedly asking someone out when he/she is not interested
- Pulling down someone's pants or forcibly removing other articles of clothing
- Facial expressions (winking, kissing, etc.)
- "Slam books" (lists of students' names with derogatory sexual comments written about them by other students)

Complaint Procedure:

If you feel that someone has sexually harassed or is sexually harassing you, you should file a complaint by following the steps outlined below:

1. Speak or send a note to any employee of the school district whom you trust, (i.e., nurse, psychologist/counselor, teacher, principal, assistant principal, superintendent, etc.). You can also speak to your parents who can then notify the superintendent, principal or assistant principal. Remember that the complaint procedure does not start until school/District personnel receive the complaint.
2. Within two school days of receipt of the verbal complaint, the employee will notify the principal/superintendent, and your parent/guardian will be notified of the pending complaint.
3. If you have not or do not want to put the complaint in writing, the employee will do so. This should be done no later than two (2) school days after you have talked, or given the note, to the employee. The complaint has to be put in writing to make sure that the employee fully and correctly understands the issue(s). A copy of the complaint, in writing, will be reviewed with you and your parent/guardian to ensure accuracy, before it is shared with the subject of the complaint.
4. The employee will refer the written complaint to the principal/superintendent. The principal/superintendent or his/her designee may speak with you to get more information. In any case, the principal/superintendent or his/her designee will speak to the person who is alleged to have sexually harassed you (called the "respondent") to obtain information as well.
 - a. If the principal/superintendent feels that the complaint can be resolved without a formal investigation, he/she may use the informal procedure.¹ The informal procedure simply attempts to resolve the situation and can be done in many ways. Examples are:
 - The principal/superintendent or his/her designee may have a conversation between you and the respondent where you can tell the respondent that the behavior bothers you and must stop.
 - The principal/superintendent or his/her designee may have you write a letter to the respondent saying that the behavior bothers you and must stop.
 - The principal/superintendent or his/her designee may have separate conversations with you and the respondent

¹ Even if the principal/superintendent thinks that the informal procedure is acceptable, you or the respondent may ask that the formal procedure be used, rather than, or after, the informal procedure.

Examples of possible resolutions are as follows:

- Verbal statements of apology;
- Letters of apology;
- Assurances that the offensive behavior will end;
- Disciplinary action.

The informal procedure will be completed within five (5) school days from the date the principal/superintendent receives the complaint. The principal/superintendent or his/her designee will notify you, your parent/guardian, and the respondent of the results of the informal procedure. Resolution of the situation may or may not occur as a result of the informal procedure. If all the parties involved in this informal procedure feel that a resolution has been achieved, this discussion will remain confidential and no further action will be taken. If any of the parties feel that resolution has not been achieved, the following formal procedure will be used.

Investigative deadlines may be extended under extenuating circumstances such as illness.

Formal Procedure:

1. The formal procedure is used when any one of the following occurs:
 - a. You, your parent/guardian, or the respondent ask that the formal procedure be used;
 - b. The principal/superintendent or his/her designee decides that the formal procedure should be used; or
 - c. You, your parent/guardian, or the respondent feels that the informal procedure was not helpful or adequate and one of the parties request, within five (5) school days, that the formal procedure be used.
2. The formal procedure will be completed within twenty (20) school days of the complaint being filed with the principal/superintendent, or if the informal procedure was used, within twenty (20) school days of the request to start the formal procedure.
3. The principal/superintendent or his/her designee shall investigate the complaint and complete a written report, which will include:
 - All facts and circumstances of the incident;
 - A summary of the investigation, which will include interviews with anyone reasonably believed to have relevant information, namely, the individual filing the complaint, the respondent, and, if either party is under the age of 18, their parents (if appropriate), witnesses, and anyone else who may have experienced similar conduct;
 - A description of any actions already taken and/or proposed by the principal/superintendent or his/her designee.

Copies of the written report, including the principal/superintendent's findings, and the rationale and documentation of it will be forwarded to each of the parties involved within five (5) school days of completion of the investigation. All documentation of sexual harassment will be kept on file at the office of the superintendent.

If the principal/superintendent or his/her designee finds that sexually harassing conduct has occurred, then he/she may discipline the respondent, require the respondent to apologize to the complainant,

suggest that the respondent go to counseling, or require the respondent to attend training, refer the matter for review by state or local law enforcement authorities, or any combination of the above.

Either party may appeal the decision of the principal in writing to the superintendent, within fifteen (15) school days of receipt of the findings of the formal procedure. The decision will be reviewed to ensure adequacy of the investigation and conclusions. Parties will be given an opportunity to submit additional information. The superintendent or his/her designee will make a decision and provide it in writing to both parties within thirty (30) days. The decision of the superintendent shall be final.

Other Resources:

Individuals also have the right to seek a remedy from the Massachusetts Commission Against Discrimination (MCAD), One Ashburton Place, Boston, MA 02108, (617) 727-3990, and/or the Regional Office of Civil Rights for the United States Department of Education, 222 John W. McCormack Building, Boston, MA 02109, (617) 223-9662.

Retaliation:

No one may retaliate against you for filing a complaint. Further, no one may retaliate against any student, employee, or any other person because they provided information or helped in the investigation. If any person feels that he/she has been subjected to retaliation, he/she should file a complaint with the principal/superintendent.

Considerations To Remember:

- A. A man/boy, as well as a woman/girl, may be the victim of sexual harassment, and a woman/girl, as well as a man/boy, may be the harasser.
- B. The victim may be the same or opposite sex as the harasser.
- C. The victim does not have to be the person at whom the unwelcome sexual conduct is directed. The victim may also be someone who is affected by such conduct when it is directed toward another person. For example, inappropriate attempts at humor or the sexual harassment of one girl (or boy) may create an intimidating, hostile, or offensive environment for another girl (or boy) or may unreasonably interfere with an individual's educational performance.

Reference to this policy shall be included in all student handbooks.

Policy 6435 WEAPONS

The Wachusett Regional School District shall prohibit possession and/or use of any kind of weapon; weapons will not be tolerated on school premises or at school-related or school-sponsored activities and events.

For the purpose of this policy, "weapon" includes, but is not limited to, firearms, knives, or any other devices, or objects used to inflict or to threaten bodily harm.

1. Any weapon found in a locker or other storage space which is assigned to a student and which has a lock or other security device may be considered to be the property of the student assigned

to the locker or other storage space for the purpose of disciplinary action under the Student Discipline Code. Any student found to be in possession of a weapon on school premises or at a school-sponsored event may be subject to expulsion from school by the principal.

2. Violations of this policy may lead to expulsion under the provisions of Massachusetts General Law Chapter 71 Section 37H. Procedures for enforcement shall be contained in the Student Discipline Code.
3. In addition to the school discipline indicated in the Student Discipline Code, provided in paragraph B., appropriate criminal action shall be undertaken in accordance with the provisions of Massachusetts General Law Chapter 269, Section 10.
4. The weapons policy and regulations shall be implemented in accordance with the due process provisions of the Massachusetts General Laws and the Code of Massachusetts Regulations of the Department of Education, and the Student Discipline code.

Policy 6437 PROMOTING CIVIL RIGHTS AND PROHIBITING HARASSMENT, DISCRIMINATION AND HATE CRIMES

The Wachusett Regional School District is committed to providing our students equal educational opportunities and a safe learning environment free from harassment, discrimination and hate crimes. The District will not tolerate unlawful or disruptive behaviors at school or school-related activities including curricula, instructional programs, staff development, extracurricular activities and parent involvement. The District will promptly investigate all reports and complaints of harassment, discrimination and hate crimes and will take prompt, effective action to end such behaviors including, when appropriate, referral to law enforcement agencies.

The Wachusett Regional School District prohibits all forms of harassment, discrimination and hate crimes related or unrelated to race, color, religion, national origin, ethnicity, sex, sexual orientation, age or disability. The District will not tolerate retaliation against those taking action consistent with this policy. Threats or acts of retaliation, regardless of how they are expressed, are serious offenses that will subject the violator to significant disciplinary or other corrective actions.

Harassment:

Harassment is oral, written, graphic, electronic, or physical conduct on school property or at school-related activities relating to an individual's actual or perceived race, color, national origin, ethnicity, religion, sex, sexual orientation, age, or disability that is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the District's programs or activities by creating a hostile, humiliating, intimidating, or offensive educational or work environment. For purposes of this policy, harassment shall also mean conduct that, if it persists, will likely create such a hostile, humiliating, intimidating, or offensive educational environment. A single incident may, depending upon its severity, create a hostile environment.

Student and Staff Responsibilities

All students and staff members, as members of the WRSD community, are responsible for complying with this policy and ensuring that he/she does not harass, discriminate or perpetuate a hate crime against another person on school grounds or at a school-related activity. Further, each student and staff member is responsible to make sure that he/she does not retaliate against any person who reports or files a

complaint, or who helps someone report or file a complaint, or for cooperating in the investigation of a report of complaint.

Reporting Harassment, Discrimination or Hate Crimes

Students can report any case of harassment, discrimination or hate crimes to any adult in the school who is then responsible to inform the building principal or designee. The school principal or designee is responsible for receiving reports and complaints of violations at the school level. At the District level, the District Equity Coordinator is responsible for receiving and addressing reports or complaints of violations of this policy.

Any member of the school community who is informed of or believes that harassment, discrimination, retaliation or a hate crime has occurred or may have occurred at school or in a school-related activity must promptly report the incidents to the building principal or designee, or the Title VI Coordinator, Title IX Coordinator, Equity Coordinator or Superintendent. In situations where a student or other person is uncomfortable reporting the incident to a designated official, he/she may report it to a trusted school employee who must promptly inform a designated official.

Upon receipt of a written or oral report or complaint, the principal (or designee) and the Equity Coordinator will promptly notify each other of the facts alleged and any initial action taken. If and when a report or complaint involves physical injury, the principal or designee will promptly report the incident to the Superintendent. All complaints or reports must be documented on the District's "Reporting/Complaint Form". If the complainant or reporter is unwilling or unable to complete the form, the designated official who receives the oral complaint or report will promptly prepare the written report using the reporter's or complainant's own words. The designated official will also summarize any initial action taken. If the complaint occurs at the school level, the designated official will promptly provide the principal with the completed Reporting/Complaint Form with a copy to the District Equity Coordinator.

A report or complaint involving a principal should be filed with the District Equity Coordinator or Superintendent. A report or complaint involving the Equity Coordinator should be filed with the Superintendent. A report or complaint involving the Superintendent should be filed with the School Committee.

Reporting Other Incidences

Under General Laws Chapter 119, Section 51A for purposes of reporting child abuse and neglect to the Department of Children and Families (DCF). Under MGL119, Sec. 51A, a school staff member who has reasonable cause to believe that a student under the age of 18 is suffering physical, sexual, or emotional abuse or neglect by a parent, guardian, school staff member or other caretaker must immediately report the abuse or neglect either directly to the Department of Children and Families (DCF) or to the person designated by the school to accept those reports, who then promptly reports to DCF.

The principal and/or Superintendent will report to local police certain forms of sexual harassment and conduct that may constitute a crime.

The principal and/or Superintendent may report physical injury, destruction of public property, potential hate crimes and other acts of a serious criminal nature to local police for investigation.

Protection Against Retaliation

The District will take appropriate steps to protect from retaliation persons who take action consistent with this policy, or who report, file a complaint of, or cooperate in an investigation of a violation of this policy. Threats or acts of retaliation, whether person-to-person, by electronic means, or through third parties, are serious offenses that will subject the violator to significant disciplinary and other corrective action.

Ensuring Safety During Investigation

The designated official, in consultation with the District Equity Coordinator, will take any step he/she determines is necessary and/or advisable to protect, to the extent practicable, the complainant, witnesses, and other individuals from further incidents or from retaliation pending the outcome of the investigation.

Determination of Proceedings

Upon receipt of a complaint or report, the District must determine whether to undertake formal or informal proceedings to resolve the complaint or report. Upon receipt of a complaint or report, a designated official will attempt to identify and obtain cooperation from the victim(s). Where the designated official does not obtain the identity or cooperation of the alleged victim(s), the District will proceed with an investigation and then proceed to formal or informal proceedings to the extent possible.

Informal proceedings will commence when criteria for Formal Proceedings are not met. In these cases, a designated official, in consultation with the Equity Coordinator, may apply either the Student Code of Conduct or initiate an Informal Proceeding, which strives to resolve the report or complaint through non-disciplinary corrective action, although the designated official may also determine that disciplinary action is appropriate and necessary.

Formal proceedings will commence when the designated official, in consultation with the District Equity Coordinator determines that:

- the allegation is serious enough that it appears to place the complainant or any other person at physical risk;
- the incident has resulted in a criminal charge;
- the incident involves a referral to the Department of Children and Families (DCF);
- the allegation involves a serious form of harassment, discrimination or retaliation;
- there is a pending Formal Proceeding against the subject of the complaint;
- the subject of the complaint has previously been found to have violated this policy after Formal Proceedings, or
- that a formal proceeding is otherwise appropriate under the circumstances,

the designated official must then commence a Formal Proceeding.

Formal Proceedings-Investigation

The designated official will separately meet in a timely manner with the complainant and the subject of the complaint, and, if a student, with their parent(s) or guardian(s), to tell them about the formal process, explain the prohibition against retaliation, and determine the remedy the complainant seeks. The

designated official will also explain that the investigation will be kept as confidential as possible, but that the District cannot promise absolute confidentiality, and may not be able to withhold the complainant's identity from the subject of the complaint, since such a promise could interfere with the District's ability to enforce its policy, conduct a fair and thorough investigation, or impose disciplinary or corrective action.

Following a prompt and thorough investigation, the designated official, in consultation with the District Equity Coordinator, will determine whether the allegations have been substantiated, and whether the policy, or, if the subject of the complaint is a student, the Student Code of Conduct has been violated. The designated official, in consultation with the District Equity Coordinator, will prepare a written report that includes the investigative findings, the investigative steps taken, and the reasons for those findings. These findings will specify whether the allegations have been substantiated, whether the policy, or if the subject of the complaint is a student, the Student Code of Conduct, has been violated, and any decision or recommendation for disciplinary and corrective action.

The designated official will promptly notify the complainant and the subject of the complaint in writing to let them know whether the complaint has been substantiated. If the complaint is substantiated, the designated official will also promptly notify the complainant of any non-disciplinary corrective action imposed to protect him/her from future policy violations. If the complaint is substantiated and the offender remains a student in the school, the designated official will meet with the offender and his/her parent or guardian, to describe the disciplinary and/or corrective action imposed, the school's expectations for future behavior and the potential consequences for retaliation or future violation of the policy. If the complainant is dissatisfied with the investigation or outcome thereof, the designated official shall inform the complainant of his/her right to file a complaint with the Massachusetts Department of Elementary and Secondary Education and/or the United States Department of Education's Office for Civil Rights.

If the District's investigation results from a third party report, the designated official will inform that person that the District has taken steps consistent with the policy, while not providing information about any disciplinary action imposed or any other information that would violate applicable state and federal confidentiality laws or student record regulations.

Violations

Where a violation of the policy has been reported by a third party, and an alleged victim fails to cooperate with the investigation, or denies the incident occurred, disciplinary and corrective action may be precluded or limited, depending upon circumstances and availability of information from other sources.

False Reports

Any person making false charges of harassment, discrimination or the occurrence of a hate crime is subject to disciplinary action.

Discipline

If a student has been found in violation of this policy, the District will impose disciplinary measures and/or corrective action to end and prevent further occurrences of the complained of action(s). The District will take into account harm suffered by the victim(s) as well as any damage to school or District

property. The nature of any action taken must comply with District and school disciplinary policies. Any disciplinary or corrective action shall conform to the due process requirements of federal and state law.

Action concerning students may include a written warning; classroom or school transfer; suspension (short or long-term); exclusion from school-sponsored functions, after-school programs and/or extra-curricular activities; limited or denied access to parts or areas of the building; exclusion, expulsion or discharge from school; adult supervision on school premises; parent conferences; an apology to the victim; awareness training; empathy development awareness programs; counseling or any other action authorized by and consistent with the Student Code of Conduct and/or school disciplinary code. The District complies with federal and state laws and regulations pertaining to the discipline of students with disabilities.

Oversight

The District has designated the Supervisor of Pupil Personnel Services as the District Equity Coordinator. The Equity Coordinator will, under the supervision of the Superintendent of Schools, ensure the successful administration of and compliance with this policy. Information including the name of the Equity Coordinator, his/her mailing address, telephone number and email address will be posted prominently in the District office as well as all school buildings within the District.

***Information from Attorney General Thomas Reilly's Safe Schools Initiative Sample Policy for Promoting Civil Rights and Prohibiting Harassment, Bullying, Discrimination and Hate Crimes, June 24, 2005, was used in drafting this document.*

The District has a policy (P6438 Anti-Bullying Policy) that meets the legal requirements of M.G.L. c. 71, § 37O *Act Relative to Bullying in Schools*

Policy 6438 – ANTI-BULLYING POLICY

The Wachusett Regional School District fosters and strives to maintain educational environments that are free from bullying, cyber-bullying, and retaliation. No student or school staff member, including, but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extracurricular activity and paraprofessionals in the Wachusett Regional School District shall be permitted to bully a student through conduct or communication or to retaliate against any individual for reporting bullying or cooperating with an investigation of bullying. A student or school staff member, including but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors, to an extracurricular activity and paraprofessionals, who engages in bullying, cyber-bullying, or retaliation will be subject to a range of disciplinary sanctions including, but not limited to, reprimand, detention, suspension, expulsion, or other sanctions as determined by administration. In addition to being subject to school or employment related disciplinary sanctions, individuals who engage in bullying and/or retaliation shall be required to participate in instructional activities designed to develop the skills and proficiencies necessary to avoid engaging in further bullying and/or retaliatory behavior(s).

The Wachusett Regional School District has established separate discrimination and harassment policies that provide protections to specific categories and groups of students and staff. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

For the purpose of this policy, whenever the term bullying is used it is to denote either bullying or cyber-bullying.

Aggressor/Perpetrator: A student or school staff member including but not limited to who engaged, either individually, or as part of a group, in bullying, cyber-bullying or retaliation.

Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.*

C. Reporting Requirements

In furtherance of this policy and in accordance with M.G.L. c.71, §37O, a school staff member, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity, or paraprofessional, will immediately report to the school principal or their designee any instance of bullying, cyber-bullying, or retaliation that the staff member has witnessed or has become aware of.

D. Investigation / Procedures

1. Investigative Procedures for Potential Bullying or Retaliation:

Each school is required to investigate in a timely manner and determine whether or not bullying and /or retaliation has occurred. This requires a determination as to the nature of the incident (bullying v. peer conflict). Once determined, outreach to the target and family shall occur concurrently with a commitment to addressing the needs of the target, identifying and educating bystanders, and providing consequences for aggressors.

Steps to be taken will include:

- a. Determine the nature, chronicity, and severity of the presenting situation.
- b. Identify aggressor(s), target(s), and bystanders
- c. Provide a safety and comfort plan for the target(s)
- d. Identify whether or not the bullying has occurred on or off campus
- e. Immediately remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action
- f. Have timely conversations with all individuals involved
- g. Establish a timetable for following up with parents, especially parents of target(s)
- h. Inform parents, guardians and all relevant adults of initial investigation following confidentiality requirements
- i. Collect and document data

E. Consequences from Findings:

Upon the principal or designee determining that bullying or retaliation has occurred, the law requires that the district use a range of responses that balance the need for accountability with the need to teach appropriate behavior M.G.L. c. 71 § 370(d)(v). Skill building approaches include offering individualized skill-building sessions based on our district's anti-bullying curricula, providing relevant educational activities for individual students or groups of students, in consultation with our counselors and psychologists, implementing a range of academic and non-academic positive behavioral support to help students understand pro-social ways to achieve their goals, meeting with parents and guardians to engage parent support and to reinforce the anti-bullying curricula and social skills building activities at home, adopting behavioral plans to include a focus on developing specific social skills, and making a referral for evaluation. If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance the plan and with the school's or district's code of conduct.

The federal Individuals with Disabilities Education Act (IDEA) and Section 504, which should be read in cooperation with the state laws regarding student discipline, govern discipline procedures for eligible students with disabilities protected by these laws.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, the student shall be subject to disciplinary action. Consequences for bullying or retaliation should be immediately and consistently applied and must be delivered in a non-hostile manner. Consequences may be disagreeable or uncomfortable but should not involve revenge or hostile punishment.

Consequences should consider these specific issues:

- a. Nature, severity, and chronicity of the behavioral impact on the target
- b. Degree of physical, psychological, social harm on the target
- c. Student's age, development and degree of maturity
- d. Surrounding circumstances and context in which the incident(s) occurred
- e. Prior disciplinary history and continuing patterns of behavior

- f. Relationship between and among the parties involved
- g. Context in which the alleged incident(s) occurred
- h. The need to balance accountability with the teaching of appropriate behavior.

The appropriate range of consequences, subject to due process where appropriate, may include, but are not limited to:

- a. Report to law enforcement
- b. Expulsion
- c. Referral to outside agency
- d. Reassignment of classes
- e. Reassignment of seats in lunch, bus, class, etc.
- f. Out-of-school suspension
- g. In-school suspension
- h. Detention
- i. Loss of privileges (including before and after school activities)
- j. Temporary removal from the classroom
- k. Verbal reprimand

In addition, instructional activities designed to develop the skills and proficiencies necessary to avoid engaging in further bullying and/or retaliatory behaviors will be given, which may include, but are not limited to:

- a. Reparation to the target
- b. Completion of curricular based assignment(s)
- c. Meeting with Civil Rights Coordinator
- d. Completion of community service designed to help the aggressor understand and respect differences; written report required by the aggressor
- e. Therapeutic support for both aggressor and targets

F. Notification Obligations:

Notice to parents or guardians: Upon determining that bullying or retaliation has occurred, the principal or designee will promptly notify the parents or guardians of the target and the student aggressor of this, and the procedures for responding to it. There may be circumstances in which the principal or designee contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations of 603 CMR 49.00, including 49.05 paragraph 4:

“A principal's notification to a parent about an incident or a report of bullying or retaliation must comply with confidentiality requirements of the Massachusetts Student Records Regulations, 603 CMR 23.00,

and the Federal Family Educational Rights and Privacy Act Regulations, 34 CFR Part 99, as set forth in 603 CMR 49.07.”

The principal or designees will notify the parents/guardians of the acts the district has taken to prevent further acts of bullying and retaliation through consequences and instructional activities, as discussed above. Moreover, the school will notify the parents/guardians about the range of services, including, but not limited to, counseling both individually and in group settings, that are specifically designed to address issues of bullying and retaliation.

Notice to law enforcement: At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the student aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirement of 603 CMR 49.00.

G. Bullying Prevention and Intervention Plan

The superintendent will be responsible for the development, implementation, and evaluation of a Bullying Prevention and Intervention Plan to address bullying prevention and intervention in district schools.

(i) Development of the Plan

The plan shall be developed in consultation with teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents and guardians. The consultation shall include notice and a public comment period.

The plan shall recognize that certain students may be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have any one (1) of the above characteristics.

The plan shall be reviewed and updated biennially.

School-wide Bullying Prevention and Intervention Program

All Wachusett Regional schools will include a District-wide bullying prevention and intervention plan that is proactive and educational, in keeping with the guidelines published by the Department of Elementary and Secondary Education. The district is committed to supporting each school in their adoption of a district-wide bullying prevention and intervention program.

(ii) Contents of the Plan

The District-wide Bullying Prevention and Intervention Plan shall include:

- (a) descriptions of and statements prohibiting bullying, cyber-bullying, and retaliation;
- (b) procedures for students, staff, parents, guardians, and others to report bullying or retaliation;
- (c) a provision that reports of bullying or retaliation may be made anonymously but that no disciplinary action shall be taken against a student solely on the basis of an anonymous report;
- (d) a provision that any student who knowingly makes a false accusation of bullying or retaliation shall be subject to disciplinary action;
- (e) procedures for promptly responding to and investigating reports of bullying or retaliation;
- (f) procedures for collecting, maintaining and reporting bullying incident data;
- (g) the range of disciplinary actions that may be taken against a perpetrator for bullying or retaliation; provided, however, that the disciplinary actions shall balance the need for accountability with the need to teach appropriate behavior.
- (h) clear procedures for restoring a sense of safety for a victim and assessing that victim's needs for protection
- (i) strategy for providing counseling or referral to appropriate services for aggressors, targets and appropriate family members;
- (j) procedures consistent with state and federal law for promptly notifying the parents or guardians of a victim and a perpetrator; provided, that the parents or guardians of a victim shall also be notified of the action taken to prevent any further acts of bullying or retaliation
- (k) provision for the notification of local law enforcement agencies if the principal reasonably believes that criminal charges may be pursued against the aggressor;
- (l) provision for annual and ongoing professional development to build the skills of all staff to prevent, identify, and respond to bullying. The content of such professional development training shall be in accordance with the requirements of M.G.L. c.71, §37O;

- All staff and student online communication is subject to state and federal laws, such as the Family Educational Rights and Privacy Act (FERPA), and District policies governing communication
- All staff and student online communication is subject to policies ensuring safe environments for students and staff free from bullying, harassment, and other forms of unwanted communication that threaten well-being and productivity
- Staff and District administration are encouraged to collaborate in developing social media tools
- Staff social media accounts used to communicate with current WRSD students will be established using District email accounts and will remain separate from any personal staff social media accounts
- Educational social media accounts maintained by staff members shall not contain personal information
- District staff shall not subscribe to students' personal postings in social media platforms not controlled or monitored by District staff

Policy 6531.2 BYOD (Bring Your Own Device)

The Wachusett Regional School District is committed to providing opportunities for students to utilize technology in order to:

- Gather and evaluate internet resources
- Create and share digital content
- Develop digital literacy
- Participate in a productive and respectful online environment

As part of this commitment, school administrators and teachers may allow students to use personally-owned devices and access school wireless networks to enhance instruction and learning. Permission to use such devices will be granted only when sufficient network resources are present. School administrators and teachers shall determine the extent to which the use of personal devices is permitted. However, such personal devices shall not be required by the District. Should students not have access to personal devices, or should they choose not to bring in their own devices, access will be made available by the District to complete assignments.

Access to District networks is a privilege which may be revoked at any time. Students must have explicit permission to use personal devices each time they are used. Students should assume that personal devices may not be used unless told otherwise. When explicit approval has NOT been granted, all devices must be turned off and put away. Recording audio, video or photographic images without the subjects' permission is not allowed in school at any time. (reference Policy 6532 *Videotaping and Photographing of District Students*). The use of personal devices in school is subject to the District's acceptable use policy regarding computers. This policy is outlined in each school's student handbook. In accordance with the Children's Internet Protection Act (CIPA), the District will filter all internet content available to students. Any attempt to access inappropriate material will result in disciplinary action.

Student Responsibilities

- Device Security - As with any personal property, it is the student's responsibility to ensure that any personally-owned device is safe and secure. The District is not liable or responsible for damage, theft, or loss of any student-owned device or any information stored on a student-owned device.
- Network Security – Student devices shall have up-to-date antivirus protection. Computers or other devices infected with malicious software or lacking proper virus protection will not be allowed on school networks.
- Technical Support - The District does not have the resources to provide technical support for privately owned devices. Accordingly, District technology personnel will NOT attempt to troubleshoot or repair student-owned computers or other devices.
- Cellular Data Charges - Cellular devices may incur usage fees from cellular providers for texting or when accessing the internet without being properly connected to the school's internal wireless network. The District is not responsible for any charges related to texting or internet usage on student-owned devices.

Policy 6562 ALTERNATE STUDENT TRANSPORTATION

It shall be expected that bus students will go to and from school by the same means on a daily basis. A parent or high school student may choose an alternate mode of transportation over which the school system has no authority. Therefore, a choice to use an alternative form of transportation other than the school bus shall be at the risk of the parent and the student.

Procedures for requesting alternate transportation to and from school shall be contained in the student handbook. The high school student will be responsible to inform parent/guardian on taking a late bus or alternate means of transportation

K-8 students will be required to present written permission notice to the school from parent/guardian when using alternate means of transportation.

In case of emergencies, oral notification will be an acceptable alternative with the administration making a written record of the notification.

All high school students applying for a parking sticker and using a personal vehicle to transport other students will be required to carry personal liability insurance on the vehicle in the amount of \$100,000 - \$300,000.

Policy 6611 STUDENT IMMUNIZATIONS

The Wachusett Regional School District is required, pursuant to MGL c.76 section 15 and its associated regulations, 105 CMR 220.000, to keep an immunization record on file for each student enrolled in the school or system. The record must contain, at a minimum, the month and year of each immunization, and be signed by the healthcare provider. Immunization histories must be up to date for each child according to Immunization Guidelines published by the Commonwealth.

The Massachusetts School Immunization Law, M.G.L. c. 76 Section 15 provides that: *“no child shall, except as hereinafter provided, be admitted to school except upon presentation of a physician’s certificate that the child has been successfully immunized against diphtheria, pertussis, tetanus, measles, and poliomyelitis and such other communicable diseases as may be specified from time to time by the Department of Public Health.”*

Pursuant to the Massachusetts School Immunization Law quoted immediately above:

No unimmunized student shall be admitted to, or be allowed to remain in school, unless they can satisfy these requirements:

- A. A medical exemption is allowed if a healthcare provider submits documentation to school that an immunization is medically contraindicated; or
- B. A religious exception is allowed if a parent submits a signed statement to the school stating immunizations are contrary to his/her sincere religious beliefs.
- C. Students who fall under McKenney-Vento Homeless Assistance Act of 2001.

Do note: Unimmunized students (including those with medical, religious exemptions, and those who fall under McKenney-Vento) who are otherwise exempt from the immunization law may be subject to exclusion from school if there is exposure to certain communicable childhood diseases, as specified in 105 CMR 300.200.

Do note: Philosophical exemptions are not allowed in Massachusetts *even if* signed by a physician. The documentation regarding the above qualified exemptions will be kept in the students’ files at school.

Policy 6613.2 ATHLETIC HEAD INJURY AND CONCUSSION POLICY

The safety of students is a high priority for the Wachusett Regional School District. Students who sustain head injuries while in extracurricular athletic activities and those involved in their treatment must follow the protocol based on 105 C.M.R 201.000

(<http://www.mass.gov/eohhs/docs/dph/com-health/injury/105-cmr-201.pdf>) found online on the high school and middle schools’ websites as well as in the student handbooks.

Students who have sustained a head injury must be appropriately evaluated according to the protocol. In order to resume athletic activity, a medical clearance and authorization form must be submitted indicating that the student has recovered. Return to academics will be consistent with the protocol.

District administration, athletic staff, and nursing staff will review the protocol annually to ensure that it is current and reflects best practice. The School Committee will review and revise this policy as needed, but at least bi-annually.

Policy 6616 INSURANCE

The Wachusett Regional School District shall require each student participating in intramural programs and/or athletic teams to provide evidence of an active accident or health insurance policy covering the student.

Policy 6619 LIFE-THREATENING ALLERGIES

The Wachusett Regional School District is committed to providing a safe and healthy school environment for all students that is inclusive of school-wide practices that will minimize the risk of exposure to allergens that pose a threat to students while participating in all elements of the school day. School-wide practices along with identified accommodations, as deemed necessary by school personnel, parents/guardians and/or the student's physician, will provide all students the opportunity to participate fully in all school programs and activities. The successful management of this policy will require a partnership among the parents/guardians, the student, and all school personnel involved with the education, extra-curricular activities and the transportation of the student.

When it is determined by a physician that a student from the Wachusett Regional School District has a life threatening allergy and must have an Epinephrine Auto Injector, a 504 meeting will be convened to determine eligibility and the student's ability to successfully access all facets of the curriculum including extra-curricular activities. In the event that eligibility is determined, the 504 Plan will be communicated to professional staff of the building and all other school personnel who will have responsibility for the student throughout the course of the school day including but not limited to: teachers, bus drivers, playground monitors, cafeteria workers, substitute teachers and/or substitute nurse, and before and after school program monitors. In keeping with the 504 guidelines, this plan will be reviewed and revised annually.

At the start of every school year, the District health offices will provide allergy awareness training to staff in each building. All staff will learn how to minimize exposure to food and environmental allergens and to recognize the symptoms of anaphylaxis, the life threatening reaction that may occur with allergen exposure. Whenever it is possible to do so safely, the administration of the Epinephrine Auto Injector will be done by the certified school nursing staff or health care staff. Because a certified nurse or health care person may not be available to respond, staff will be trained on the administration of an Epinephrine Auto Injector. Whenever a new teacher or staff member is hired, the school nurse at his or her assigned school will provide that individual with Epinephrine training within five (5) days of beginning work. All staff and teachers must timely complete the Epinephrine administration training. The Superintendent will ensure that the District physician provides each school health office with the

medical orders necessary to maintain a supply of all medications, including epinephrine as well as the ability to administer the epinephrine as necessary.

At the start of each school year, the health office will provide a list of all students who have life-threatening allergies to building administration, the main office secretary, the teachers, coaches, cafeteria staff, playground monitors, before and after school monitors, and the bus company. In an ongoing basis, the health office will maintain, update, and distribute a revised list of students with life threatening allergies. All coaches and paid co-curricular personnel must provide evidence that they have received their yearly training to administer an Epinephrine Auto Injector immediately upon the start of their employment or when requested by the District. If such personnel have not been trained to administer an Epinephrine Auto Injector, they must immediately request training through the District health offices. Volunteers leading co-curricular activities are encouraged to receive training.

In response to the presence of food-based allergies, parents/guardians may not send outside food/candy/drink to share in the classroom. As part of a District-wide initiative to discourage the use of food as a reward, both teachers and parents/guardians are encouraged to recognize and celebrate students by methods that do not involve food. For this same reason, any projects or classroom activities should also avoid the use of food items. Traditional school-based celebrations (i.e. the 8th grade cookout, etc) may be permitted with the permission of the Superintendent's office. Precautions will be taken to ensure the safety and well-being of all students.

The District's Policy for Bullying Prevention and Intervention, as well as all Student Handbook policies pertaining to the support of a safe and healthy school environment, should make reference to the safety and well being of those students with food and life threatening allergies.

Policy 6621 TRANSPORTATION SAFETY AND SECURITY PROCEDURES

The Wachusett Regional School District and its staff share with students and parents the responsibility for student safety during transportation to and from school. The authority for enforcing District requirements of student conduct on buses will rest with the principal.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents of children whose behavior and misconduct on school buses endangers the health, safety, and welfare of other riders or damages properties will be notified that their children face the loss of transportation privileges. Notification of this policy shall be contained in the Student Handbook.

1. Children will be instructed as to the proper procedure for boarding and exiting from a school bus and in proper and safe conduct while aboard.
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations.
3. All vehicles used to transport children will be inspected periodically for conformance with state and federal safety requirements.
4. Classroom instruction on school bus safety will be provided.

Policy 6631 NON-DISCRIMINATION

The WRSDC policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business. No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, religion, national origin, sexual orientation, gender identity, or disability. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, religion, national origin, sexual orientation, gender identity, or disability, their complaint should be registered with a compliance officer.

The compliance officer's name and contact information may be obtained through the Superintendent's office or the District website.

Policy 6910 STUDENT RECORDS

The Wachusett Regional School District shall:

1. Take all reasonable precautions to preserve the confidentiality of a student's records.
2. Make available for inspection all school records of a student upon request of the parent or legal guardian.
3. Make available for inspection all school records of a student upon his or her request provided that the student is fourteen (14) years of age or older or upon entering the ninth grade.
4. Disseminate, to parents and students, State Regulations on Student Records and this policy annually.

Regulations:

The State Board of Education has adopted regulations pertaining to student records that are designed to ensure parents' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of student records.

The regulations apply to all information kept by the District on a student in a manner such that he or she may be individually identified. The regulations divide the record into the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty years after the student leaves the system.

The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extra-curricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed seven years after the student leaves the school system.

The following is a summary of major parent and student rights regarding their student records:

Inspection of Record - A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate.

Confidentiality of Records - No individuals or organizations are allowed to have access to information in the student record without specific, informed, written consent of the parent, legal guardian, or student of legal age. Exceptions include only those state agencies that specifically are authorized to request student information.

According to federal law, the District is required to release the names, addresses, and telephone listings of students to military recruiters and institutions of higher learning upon request for recruitment and scholarship purposes without prior consent. Parents and eligible students have the right to request that this information not be released without their consent by notifying their school building office in writing. At the beginning of each school year, parents of incoming freshmen and parents of students new to Wachusett Regional High School will be mailed a form to complete, indicating their choice to give or withhold their consent to release information.

The District Administration shall not release a student's social security number or date and place of birth to anyone except as required by law.

Amendment of Record - The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

Destruction of Records - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction.

Consistent with the Education Reform Act, the District will transfer a student's record to a new school outside the Wachusett Regional School District without prior consent required from the parent or eligible student.

I: LEADERSHIP

The WRSD Leadership is committed to implementing the district's Bullying Prevention and Intervention Plan and in conjunction with community efforts, to promote and ensure a safe and positive teaching and learning environment.

District leaders, community leaders, teachers, parents, guardians, and student leaders, have a primary role in teaching students to regard one another in a respectful, civil, and dignified manner to create an environment that improves and sustains the emotional and behavioral health of all students. These stakeholders will promote understanding and respect for diversity and differences in all venues through modeling respectful behavior and promoting and sustaining a commitment to programs that are focused on supporting social-emotional development at all grade levels.

The WRSD will provide age-appropriate anti-bullying educational experiences for all students in the district. As a school district, WRSD will enhance student achievement by creating and maintaining an educational environment where all students feel safe. In the unlikely event that a student feels uncomfortable, the school culture will strongly support student communication of their concerns to teachers, staff, administrators, parents or guardians.

A. Public Involvement in Developing the Plan

As required by M.G.L. c. 71, § 37O, the Wachusett Regional School District Bullying Prevention and Intervention Plan was developed in consultation with school staff, professional support personnel, administrators, community representatives, local law enforcement agencies, parents and guardians.

Prior to the presentation of this plan to the School Committee, a final draft of the plan will be made available on the WRSD website for Public Comment. The plan will be reviewed biennially (every 2 years).

B. Implementation

Consistent with applicable laws and regulations, all Principals will be implementing, with the support of the Superintendent and/or the School Committee, the following documents/ action plans:

- Receive and investigate reports of Bullying
- Plan intervention support strategies that meet the needs of the targets, aggressors, retaliators, and bystanders involved in the reported incidents
- Choose and implement a Bullying Prevention Curricula that each school will use
- Review, and where necessary, update District student and staff handbooks, and code of conduct
- Lead parent, guardian and family engagement efforts by providing appropriate informational materials for this group
- Collect, analyze, and report on building and district-wide data on past bullying incidents to understand trends and patterns, define the present problem, and create a baseline from which to measure improved outcomes
- Create a Records Retention Plan for incidents

C. Planning & Oversight

The Wachusett Bullying Prevention and Intervention Plan has been developed in collaboration with key stakeholders, including school and district administrators, school-based mental health staff, parents, school committee members, and local law enforcement. The principal or designee is

responsible for the implementation and oversight of the plan, except when a reported bullying incident involves the principal or assistant principals as the alleged aggressor. In such cases, the Superintendent or designee shall be responsible for investigating the report and other related steps, including addressing the safety of the alleged target. If the Superintendent is the alleged aggressor, the School Committee or designee shall be responsible for investigating the report and other steps necessary to implement the plan, including addressing the safety of the alleged target.

II: TRAINING AND PROFESSIONAL DEVELOPMENT

Under M.G.L. c. 71, § 37O the Wachusett Regional School District must provide ongoing professional development for all staff, including but not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, and paraprofessionals as well as providing opportunities for parent, guardians, and community members to participate in this anti-bullying/ cyber-bullying initiative.

All stakeholders in the Wachusett Regional School District must be made aware of the state anti-bullying law and how it changes the definitions, reporting, investigation, and punishment of bullying incidents. Our School Committee, administrators, and faculty will be responsible for disseminating this information and for projecting how these changes will reflect on cultural changes in our schools as the implementation of M.G.L. c. 71, § 37O moves forward.

A. Annual staff training on the Bullying Prevention and Intervention Plan

School-based annual training for all school staff by the building Principal or designee will include:

- Staff responsibilities under the law
- An overview of the steps that the Principal or his/her designee will follow upon receipt of a report of bullying, cyberbullying or retaliation
- Modeling bystander expectations and reporting procedures.
- An overview of the bullying prevention curricula to be offered at all grade levels at each school in the district. Staff members hired after the start of the school year will be required to participate in this school-based training during the school year in which they are hired unless they can demonstrate participation in an acceptable and comparable program within the last two years.

B. Ongoing professional development.

The goal of professional development is to establish a common understanding of the tools available for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build upon the skills of staff members to prevent, identify, and respond to bullying incidents. As required by M.G.L. c. 71, § 37O, the content of school-wide and district-wide professional development, will be informed by research and will include information on:

- Effective and developmentally or age-appropriate strategies to prevent bullying;
- Developmentally or age-appropriate strategies for immediate, effective interventions to stop bullying incidents;
- Information regarding the power differential that can take place between and among an aggressor, target, and witnesses to bullying;
- Current research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- Current information on the nature of cyberbullying

Professional development will also continue to address ways to prevent and respond to bullying or retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs) and 504 Plans.

Additional areas identified by the Wachusett Regional School District for professional development may include:

- Emphasizing the importance of establishing and maintaining supportive student-teacher/staff relationships in school
- Emphasizing the importance of repairing harm (repairing relationships) in alignment with the Restorative Practices approach
- Teaching tolerance and respect for the diversity and differences that exist among people
- Focusing on building students' social-emotional learning competencies and skills
- Incorporating trauma-sensitive teaching strategies
- Strategies for promoting prosocial bystander actions

C. Written notice to staff

The school district will provide all staff with an annual written notice of The Bullying Prevention and Intervention Plan. Sections related to staff responsibilities will be included in the District Employee Handbook.

III: ACCESS TO RESOURCES AND SERVICES

A key aspect of promoting a positive school climate is ensuring that the underlying social and emotional needs of targets, aggressors, families, and others are addressed.

Below is a summary of strategies aimed to provide supports and services necessary to meet these needs. In order to enhance the district's capacity to prevent, intervene early, and respond effectively to bullying, cyberbullying and retaliation, these services will be available to reflect an understanding of the dynamics of bullying and to provide approaches to address the needs of targets and aggressors.

The Director of Social-Emotional Learning will regularly update and provide to all schools a list of mental health resources available in the community as well as community programs/partnerships that support student well-being. School administrators, staff, and parents will collaborate in determining appropriate referral services.

A. Identifying resources.

WRSD will annually review its capacity to provide counseling and other services for targets, aggressors, and their families. This will include a review of current staffing and programs that foster positive school culture, as well as identifying any gaps in services and resources that need to be addressed. Principals will assess the needs of their individual schools in order to analyze existing resources.

B. Counseling and other services

The District will work collaboratively with school mental health staff and outside agencies to maintain a list of providers that will support schools in developing safety plans for students who have been targets of bullying or retaliation, providing social skills programs to prevent bullying, and offering education and/or intervention services for students exhibiting bullying behaviors. Schools may consider current tools including, but not limited to: behavioral intervention plans, restorative practices, social skills groups, and other related resources and approaches. The district will reference the American School Counseling Association for guidance on these matters.

C. Students with disabilities

As required by M.G.L. c. 71B, § 3, as amended by Chapter 92 of the Acts of 2010, when the IEP Team determines the student has a disability that affects social skills development or that he/she may be vulnerable to bullying or harassment because of his/her disability, the Team will consider what should be included in the IEP to develop the student's skills and proficiencies to avoid and respond to bullying, harassment, or teasing.

D. Referral to outside services

The school district will use a referral procedure for referring students and families to outside services. Referrals must comply with relevant laws and local policies.

E. Student Surveys and Data Collection

At least once every four years, the Wachusett Regional School District will administer a Department of Elementary and Secondary Education student survey to assess school climate and the prevalence, nature, and severity of bullying in our schools.

Additionally, the district will annually report bullying incident data to the Department of Elementary and Secondary Education.

IV: ACADEMIC AND NON-ACADEMIC ACTIVITIES

Wachusett Regional School District seeks to create a safe, respectful and caring school and classroom environment for all students regardless of their race, color, national origin, creed, religion, gender identity, sex, sexual orientation, age, physical appearance, socioeconomic status, family situation or disability. WRSD will lay the foundation for a positive school climate in pre-school and will continue to teach, nurture, and positively reinforce prosocial behavior throughout students' academic experiences.

- Each grade level will be provided developmentally-appropriate and evidence-based curriculum and instruction to teach pro-social skills that support academic success. Engaging Schools identifies these skill sets as follows: ([see Appendix C: Learning & Life Competencies](#))
 1. ***Self-Awareness:*** *The ability to accurately assess my feelings, behavior, interests, values, and strengths through my experiences, and name and describe the benefits of skills, behaviors, and mindsets that help me to be a good student.*
 2. ***Self-Management:*** *The ability to express emotions skillfully, manage my emotions by using strategies, sustain focus and pay attention, and accept help, feedback, correction, or consequences with good will.*
 3. ***Social Efficacy:*** *The ability to listen respectfully, make an effort to understand the emotions, words, and actions of others, and help and support others.*
 4. ***Academic Efficacy:*** *The ability to invest in quality work, organize to learn and study, and set goals and self-assess.*
- The entire school community (e.g. students, teachers, parents, bus drivers, lunchroom staff, janitorial staff, etc.) will work collaboratively to promote a caring and supportive school environment among all of its staff and students.

A. Non-Academic Bullying Prevention Efforts:

- The administration will review student behavioral expectations during assemblies during the first few weeks of school.
- The definition of bullying, cyberbullying, and retaliation and the protocol for handling incidents of bullying will be emphasized.
- Staff presence will be increased in areas where bullying is most likely to occur, such as bus arrival and departure locations, hallways, lunchrooms, recess, and near restrooms.
- A variety of evidence-based prevention programs to promote diversity awareness and respect for self and others will be explored and offered. District schools currently use the following programs: Second Step, Responsive Classroom, MARC (Massachusetts Aggression Reduction Center), and PBIS (Positive Behavioral Interventions and Supports) ([See Appendix B for full descriptions of these programs](#))
- Schools will encourage student involvement in school events and extra-curricular activities to reduce isolation and the likelihood of becoming a target of bullying.
- Schools will promote a culture of kindness and community where students are empowered to speak out against bullying.

B. Academic Bullying Prevention Efforts:

- When possible, Learning and Life Competencies for School Success, including related target behaviors, will be incorporated into classroom activities and instruction, as well as other aspects of the school day ([See Appendix C](#))

V. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION

WRSD will investigate bullying, cyberbullying and retaliation incidents in a fair, timely, and thorough manner while being mindful of personal privacy rights and the stigma that a student may experience from being labeled in some way or another. Verified incidents of bullying, in all of its forms will be dealt with appropriately. Dispositions will begin with education and, when deemed necessary, will move to progressively sterner measures.

All disciplinary actions will balance the need for safety and accountability with the need to teach appropriate behavior and/or lagging social-emotional skills ([see Learning & Life Competencies in Appendix C](#)).

A. Reporting Bullying or Retaliation:

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member will be recorded in writing.

A school or district staff member is required to report immediately to the principal or designee or to the superintendent or designee when the principal or assistant principal is the alleged aggressor or to the School Committee or designee when the superintendent is the alleged aggressor, any instance of bullying or retaliation the staff member becomes aware of or witnesses.

Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. No disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report.

When reporting in writing, administrators, teachers, students, parents/guardians, school bus drivers, cafeteria workers, playground monitors, and any and all other staff and community members can access the “**Bullying, Cyber-bullying, Retaliation Incident Referral Form**” ([see Appendix A](#)) in the Main Office of the school, guidance/school psychologist’s office, the nurse’s office, and on the Wachusett Regional School District website.

1. Reporting by Staff:

A staff member will promptly report to the principal or designee any instances of bullying or retaliation witnessed by the staff member or that is reported to the staff member by a student, parent, or other individual and then follow up with an **Incident Referral Form**. The requirement to notify the Principal shall not, however, limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline. ([See Appendix A for reporting form](#))

2. Reporting by Students, Parents or Guardians, and Others:

The Wachusett Regional School District believes that it is the responsibility of students, parents, guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the Principal or designee.

Any individual who wishes to file such a complaint may request, and shall be provided with, assistance from a school staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff

member, or with the principal. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report.

The filing of a false or fabricated complaint of bullying, cyberbullying, or retaliation is strictly prohibited and shall result in disciplinary action [\(See Appendix A for reporting forms\)](#).

B. Responding to Report of Bullying, Cyberbullying or Retaliation- Allegations of Bullying

1. Safety

Before fully investigating the allegations of bullying or retaliation, the principal or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the target; and altering the aggressor’s schedule and access to the target. The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

2. Obligations to Notify Others

a. Notice to Parents or Guardians

Once an assessment of bullying, cyberbullying or retaliation has been made and been deemed valid, the Principal or his/her designee will immediately inform the parent(s) or guardian(s) of the target and the aggressor of the investigation determination and any actions taken to prevent further incidents. Notice will be consistent with state regulations at 603 CMR 49.00.

While prior notice of an investigation shall not be required, there may be incidents where parents are notified prior to the Investigation.

In providing notice of investigation findings, the Principal shall maintain the privacy of any child/individual who is not the child of the parents/guardians to whom the notice is provided. The Principal shall not report specific information to the target’s parents/guardians about the disciplinary action taken against an aggressor unless it involves a directive for there to be no communication between the aggressor(s) and victim(s), or another directive that the target must be aware of in order to report violations.

The Principal shall also notify the parents about the Department of Elementary and Secondary Education’s Problem Resolution System and the process for accessing that system, regardless of the outcome of the investigation.

b. Notice to Another School or District

If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All

communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

c. Notice to Law Enforcement

At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if they have a reasonable basis to believe that criminal charges may be pursued against the student aggressor.

In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

3. Investigation

The principal or designee will investigate promptly all reports of bullying, cyberbullying, or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s), student developmental factors, and the ages of the students involved.

During the investigation, the principal or designee will, among other things, interview students, staff, witnesses, parents or guardians, and others as necessary. The principal or designee (or whoever is conducting the investigation) will remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for investigations. If necessary, the principal or designee will consult with legal counsel about the investigation.

4. Determinations

The principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying, cyberbullying, or retaliation is substantiated, the principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The principal or designee will:

- 1) determine what remedial action is required, if any, and
- 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the principal or designee may choose to consult with the students' teacher(s) and/or school counselor, and the target's or student aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The principal or designee will promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the principal or designee cannot report specific information to the target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directives that the target must be aware of in order to report violations.

The principal or designee shall inform the parent or guardian of the target about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

5. Responses to Bullying / Consequences from Findings

Bullying behavior can take many forms and can vary dramatically in its level of seriousness and what impact it has on the target and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of "bullying," as defined in this Bullying Prevention and Intervention Plan, will generally warrant disciplinary action against the aggressor, whether and to what extent disciplinary actions are imposed (e.g., detention, suspension, etc.) is a matter for the professional discretion of the Building Principal or his/her designee.

District administrators will integrate a range of responses that balance the need for accountability with the need to teach compensatory social-emotional skills and target behaviors. The needs and safety of the target will also be considered as part of restoring resolution to the bullying matter. Verified acts of bullying shall result in intervention by the building Principal or his/her designee and will address the acts of the aggressor and the needs of the target, and assure the sanction against bullying behavior is enforced with the goal that the bullying behavior will cease and desist.

Consequences should be considered with the following factors in mind:

- A. Nature, severity, and chronicity of the behavioral impact on the target
- B. Degree of physical, psychological, social harm on the target
- C. Student's age, development, and degree of maturity
- D. Surrounding circumstances and context in which the incident(s) occurred
- E. Prior disciplinary history and persistent patterns of behavior
- F. Relationship between and among the parties involved
- G. Context in which the alleged incident(s) occurred
- H. The need to balance accountability with the teaching of appropriate behavior and social-emotional skills.

The appropriate range of consequences, subject to due process where appropriate, may include but are not limited to:

- A. Report to law enforcement
- B. Referral to an outside agency
- C. Reassignment of classes
- D. Reassignment of seats in lunch, bus, class, etc.
- E. Out-of-school suspension
- F. In-school suspension
- G. Detention
- H. Loss of privileges (including before and after school activities)
- I. Temporary removal from the classroom

J. Verbal reprimand

In addition, instructional activities designed to develop the skills and proficiencies necessary to avoid engaging in further bullying and/or retaliatory behaviors will be given, which may include, but are not limited to:

- A. Reparation to the target in alignment with the Restorative Practices philosophy and model
- B. Completion of a related curricular based assignment(s)
- C. Meeting with Civil Rights Coordinator
- D. Completion of community service designed to increase the aggressor's skills in empathizing with others
- E. Therapeutic support, including counseling or referral, for both aggressor(s) and target(s)

***** All completed Bullying Reports will be forwarded to Central Office for record-keeping and review. *****

All notices and information made available to parents or guardians will be in hard copy and electronic formats and will be available in the language(s) most prevalent among parents or guardians. The school or district will post the Plan and related information on its website.

As stated in M.G.L. c.71 Sec.37O nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, witnesses bullying or has reliable information about bullying is also prohibited.

As stated in M.G.L. c. 71, § 37O, nothing in this Plan requires the district or school to staff any non-school related activities, functions, or programs.

APPENDIX B: Research-Based Curricula

Second Step: (K - 8)

Second Step is a universal intervention designed for use with all students in a school. Second Step teaches students how to effectively manage their emotions and demonstrate self-control. Research indicates that children who learn and use these skills do better in school academically. Direct observation of student behavior in various settings (i.e., classroom cafeteria, and playground) during different stages of the intervention (i.e., baseline, two weeks after completion, and 6 months after completion) revealed decreases in physical aggression and increases in neutral and pro-social behavior.

Responsive Classroom: (K - 8)

Responsive Classroom is a research-based approach to K-8 teaching that focuses on the strong link between academic success and social-emotional learning (SEL). We believe that high-quality education for every child is built on the foundation of a safe and joyful learning community.

PBIS:

Positive behavior support is an application of a behaviorally-based systems approach to enhance the capacity of schools, families, and communities to design effective environments that improve the link between research-validated practices and the environments in which teaching and learning occur. Attention is focused on creating and sustaining Tier 1 supports (universal), Tier 2 supports (targeted group), and Tier 3 supports (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all children and youth by making targeted behaviors less effective, efficient, and relevant, and desired behavior more functional.

APPENDIX C: Learning & Life Competencies

Positive **MINDSETS** that set the stage for developing Learning and Life Competencies

A **mindset** is a set of deeply held assumptions and beliefs that drive behavior and create powerful incentives to sustain prior habits, choices, and preferred ways of doing things. Mindsets set the stage for academic engagement and developing Learning and Life Competencies. Self-identification with the values of schooling and the roles of a learner will influence the attitudes and perceptions a student holds in relation to his/her learning and academic performance. When students feel that school and school work have value, when they feel a sense of belonging in the classroom, and they approach learning tasks with positive expectations, they have a capacity to sustain their effort over time and express their curiosity, enthusiasm, and personal interest in what they are learning. This boosts students' confidence about their day-to-day experiences and fires up hope in their future. The examples below provide a range of entry points for conversations with students.

EXAMPLES:

- School and school work have value for me.
- I belong to an academic community.
- I approach tasks with positive expectations and an open mind.
- I accept challenges, take academic risks, and push myself to excel.
- My ability and competence grow with my effort.
- I express curiosity, enthusiasm, or personal interest in what I am learning.
- I cultivate personal talents, values, and positive qualities of character.
- I have hope in a positive future I can make for myself.
