The Weymouth Public Schools have implemented Positive Behavioral Intervention Supports (PBIS). PBIS is a framework, or approach, for assisting school communities in adopting and organizing evidence-based behavioral interventions. These positive behavioral interventions are explicitly taught with a focus on four behavioral expectations encompassed within our R.O.A.R. acronym.

R. Respect

O. Ownership

A. Achievement

R. Responsibility

Each school has a PBIS Team comprised of school community members responsible for designing, collaborating, and implementing systems for teaching school-wide expectations.

Dear Parents/Guardians and Students:

It is with great enthusiasm that I welcome you to the 2021-2022 school years! The Weymouth Public School system is pleased to share this year's handbook. This handbook includes valuable information on school and district policies and regulations. Please thoroughly review this handbook with your student to ensure that you understand this important information and also see how you can help make the 2021-2022 school year rewarding and successful.

We believe that collaboration between schools and families is essential to achieve student success. By working together to create an environment that fosters educational excellence, high expectations as well as care and support, with your help, we can ensure that every student has a positive learning experience and the opportunity to succeed.

We look forward to working with you and having an inspirational school year.

Sincerely,

**Robert Wargo

“No School” announcements will be made via the School Messenger Communication System. Messages will be delivered at approximately 5:45 a.m. on the morning of the cancellation unless conditions are such that the information is known on the previous day and notification can be sent on the evening prior to the cancellation. The following radio and television stations will also carry school cancellation/delay announcements:

Radio: WBZ, WRKO, WPLM, WATD

TV: Channel 4, 5, 7, 56, 25 and Cable 22

Delayed Opening

In addition to canceling school for the entire day, the Weymouth Public Schools, when conditions warrant, may exercise a Delayed School Opening. On such days, the opening for all schools will be delayed by two hours and all morning programs including pre-kindergarten and kindergarten will be cancelled. The WeyCare Extended Day Program will open at the discretion of the Superintendent.

Early Release

On rare occasions, schools will be closed earlier than regular dismissal time if a severe storm develops in the morning. This early closing will be announced via School Messenger, radio and television as indicated above.

DISCRIMINATION/CIVIL RIGHTS

The Weymouth Public Schools do not discriminate on the basis of sex in the educational programs or activities which they operate, and are required by Title IX not to discriminate in such a manner. In addition, no child shall be excluded from or discriminated against in admission to a public school or in obtaining the advantages, privileges and courses of study of such public schools on account of race, color, sex, gender identity, religion, national origin, disability, or sexual orientation.

All members of the school community are expected to show understanding of and respect for differences among people. Each student has a right to be free from discrimination, including verbal or physical attack based on race, gender identity, national origin, religion, sex, disability, homelessness or sexual orientation. Violation of another person's civil rights will result in disciplinary action, which may include but is not limited to detention, suspension, or expulsion, and possible legal action for civil rights violations.

Any student who believes that he/she has experienced discrimination in any form should report this discrimination to an administrator, a teacher, or a guidance counselor.

CHILD FIND

The Weymouth Public Schools' Department of Special Education annually conducts Child Find activities to identify students who are disabled and in need of services. The district is responsible for providing services for disabled children from three to twenty-two years of age who reside in Weymouth. For information about evaluation, eligibility and services please contact the Department of Special Education at 781-335-1460 x 20316.

CIVIL RIGHTS VIOLATIONS

In dealing with matters of harassment or discrimination, all parties involved will be given protection of privacy. The individual(s) accused of harassment or discrimination will be informed that recriminations/reprisals against the complainant(s) shall not be tolerated and shall be the basis for independent disciplinary action.

In each school, the building principal will designate a staff person(s) to whom he/she will refer complaints of harassment or discrimination for investigation. The principal will then make those name(s) known to the student body and staff.

The following procedures have been established to report possible civil rights violations:

Level One: If a student believes that he or she has had his/her civil rights violated, or that he/she has witnessed such a violation, the incident should be immediately reported to a teacher, counselor or other adult in the school. That person will then refer the matter to the principal or to a faculty member who has been designated to investigate civil rights complaints. It is recommended that a complaint or report be made within five (5) days of the incident.

Upon receipt of a complaint, preferably submitted in written form, the designated staff person will meet with the complainant. It shall be the responsibility of the designated person to investigate and decide upon resolution of the complaint. That investigation shall include, but not be limited to, interviewing the complainant and the accused, individually and privately, interviewing witnesses identified by the complainant, and interviewing witnesses identified by the accused. Interview of witnesses will be conducted individually and privately, without either the complainant or the accused present. The investigator shall document the statements of the witnesses. At the conclusion of that process, the designated staff person shall file a written report with the building principal and the District's Civil Rights Coordinator. Both parties will be provided a copy of the report.

Level Two: If resolution cannot be achieved within fifteen (15) school days at the building level or if the complaint is external to a particular school, it will be submitted, in writing, to an Assistant Superintendent as the District's Civil Rights Coordinator. The report shall contain the following elements:

- The date, time and location of the incident
- The identification of the person making the incident known
- The identification of the parties involved in the incident and the noting of any witnesses to the incident
- A description of the particulars of the incident including witness statements and whether the incident is new or has been a continuing interaction between parties
- A categorization of the incident as one of student to student, student to staff member or staff member to student

- A description of any attempt to resolve or mediate the complaint prior to forwarding or submitting the written report to the Assistant Superintendent

The Assistant Superintendent will fully investigate the complaint by interviewing the complainant and the accused, individually and privately, interviewing witnesses identified by the complainant, and interviewing witnesses identified by the accused. Interview of witnesses will be conducted individually and privately, without either the complainant or the accused present.

The investigator shall document the statements of the witnesses. At the conclusion of the process, the Assistant Superintendent shall file a written report with the Superintendent of Schools. Both parties will be provided with a copy of this report.

Level Three: When a complaint cannot be resolved by the District's Civil Rights Coordinator or such resolution does not occur within fifteen (15) school days, it will be forwarded to the Superintendent of Schools for review and action.

Note: The complainant may pursue his or her rights under any law and file a complaint with appropriate state and federal agencies at any time.

If it is determined by the investigation that a civil rights violation has occurred, the violator will be subject to appropriate disciplinary action. In the case of students, the violator will be subject to the options of discipline available to the building principal or expulsion by the Weymouth School Committee on the recommendation of the Superintendent of Schools. Report of the discipline will be placed in the student's file. In the case of an employee, appropriate disciplinary action will be taken, including, but not limited to, suspension or possible termination, and a report of the discipline shall be placed in the employee's personnel file. It should be noted that recrimination or reprisal against a complainant even after a finding of no violation, will not be tolerated.

MA Legislature Chapter 71, Section 37H, 37H 1/2, 37H 3/4
Policies relative to conduct of teachers or students; student handbooks.

The superintendent of every school district shall publish the district's policies pertaining to the conduct of teachers and students. Said policies shall prohibit the use of any tobacco products within the school buildings, the school facilities or on the school grounds or on school buses by any individual, including school personnel. Said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from idling such vehicles on school grounds, consistent with section 16B of chapter 90 and regulations adopted pursuant thereto and by the department. The policies shall also prohibit bullying as defined in section 37O and shall include the student-related sections of the bullying prevention and intervention plan required by said section 37O. Copies of these policies shall be provided to any person upon request and without cost by the principal of every school within the district.

Each school district's policies pertaining to the conduct of students shall include the following: disciplinary proceedings, including procedures ensuring due process; standards and procedures for suspension and expulsion of students; procedures pertaining to discipline of students with special needs; standards and procedures to assure school building security and safety of students and school personnel; and the disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of a student's civil rights. Codes of discipline, as well as procedures used to develop such codes shall be filed with the department of education for informational purposes only.

In each school building containing the grades nine to twelve, inclusive, the principal, in consultation with the school council, shall prepare and distribute to each student a student handbook setting forth the rules pertaining to the conduct of students. The student handbook shall include an age-appropriate summary of the student-related sections of the bullying prevention and intervention plan required by section 37O. The school council shall review the student handbook each spring to consider changes in disciplinary policy to take effect in September of the following school year, but may

consider policy changes at any time. The annual review shall cover all areas of student conduct, including but not limited to those outlined in this section.

Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:

a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.

After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

Section 37.H1/2: Felony complaint or conviction of student; suspension; expulsion; right to appeal.

(1) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his

behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

(3) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to the school or provide educational services to the student in an education service plan, under section 21 of chapter 76.

Section 37H 3/4 - Suspension or expulsion on grounds other than those set forth in Secs. 37H or 37H 1/2

Section 37H3/4. (a) This section shall govern the suspension and expulsion of students enrolled in a public school in the commonwealth who are not charged with a violation of subsections (a) or (b) of section 37H or with a felony under section 37H1/2.

(b) Any principal, headmaster, superintendent or other person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall exercise discretion; consider ways to re-engage the student in the learning process; and avoid using expulsion as a consequence until other remedies and consequences have been employed.

(c) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide, to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect. The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. The department shall

promulgate rules and regulations that address a principal's duties under this subsection and procedures for including parents in student exclusion meetings, hearings or interviews under this subsection.

(d) If a decision is made to suspend or expel the student after the meeting, the principal or headmaster, or a designee, shall update the notification for the suspension or expulsion to reflect the meeting with the student. If a student has been suspended or expelled for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year, the student and the parent or guardian of the student shall also receive, at the time of the suspension or expulsion decision, written notification of a right to appeal and the process for appealing the suspension or expulsion in English and in the primary language spoken in the home of the student; provided, however, that the suspension or expulsion shall remain in effect prior to any appeal hearing. The principal or headmaster or a designee shall notify the superintendent in writing, including, but not limited to, by electronic means, of any out-of-school suspension imposed on a student enrolled in kindergarten through grade 3 prior to such suspension taking effect. That notification shall describe the student's alleged misconduct and the reasons for suspending the student out-of-school. For the purposes of this section, the term "out-of-school suspension" shall mean a disciplinary action imposed by school officials to remove a student from participation in school activities for 1 day or more.

(e) A student who has been suspended or expelled from school for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year shall have the right to appeal the suspension or expulsion to the superintendent. The student or a parent or guardian of the student shall notify the superintendent in writing of a request for an appeal not later than 5 calendar days following the effective date of the suspension or expulsion; provided, that a student and a parent or guardian of the student may request, and if so requested, shall be granted an extension of up to 7 calendar days. The superintendent or a designee shall hold a hearing with the student and the parent or guardian of the student within 3 school days of the student's request for an appeal; provided that a student or a parent or guardian of the student may request and, if so requested, shall be granted an extension of up to 7 calendar days; provided further, that the superintendent, or a designee, may proceed with a hearing without a parent or guardian of the student if the superintendent, or a designee, makes a good faith effort to include the parent or guardian. At the hearing, the student shall have the right to present oral and written testimony, cross-examine witnesses and shall have the right to counsel. The superintendent shall render a decision on the appeal in writing within 5 calendar days of the hearing. That decision shall be the final decision of the school district with regard to the suspension or expulsion.

(f) No student shall be suspended or expelled from a school or school district for a time period that exceeds 90 school days, beginning the first day the student is removed from an assigned school building.

TRANSLATION OF WRITTEN MATERIALS

To assure equal access to information disseminated in the school district, all written materials including forms, notices, handbooks, and applications, will be made available in the native language of families for whom the first language is not English. Many of the district forms are available on the WPS website in the most commonly represented languages. If translation is required and forms are not readily available, contact the main office of your school or the District Civil Rights Coordinator, Maryann Foley at (781) 335-1460.

SEARCH AND SEIZURE

Students should not assume a legitimate expectation to privacy within their lockers. Lockers assigned to students remain the property of the Weymouth Public Schools and are subject to search by school officials at any time. Students are responsible for the contents of the lockers issued to them. These searches may be

conducted without warning.

Furthermore, students are not to have in their possession, on their person or in their personal belongings, weapons, controlled substances, matches, lighters, lighter fluid or any other incendiary device, or other illegal, inappropriate items. School officials may search the students and his or her personal belongings such as clothing, backpacks and purses, as well as any automobiles on campus, so long as the school official has a reasonable suspicion that a search will produce evidence of a violation of school rules or violation of law.

PHYSICAL RESTRAINT

The Weymouth Public Schools is committed to providing a safe and supportive learning environment for its staff and students. Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the Weymouth School District. Furthermore, students are protected by law from unreasonable use of physical restraint. Physical restraint is defined as the use of bodily force to limit a student's freedom of movement. Physical restraint shall be used only in emergency situations after less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. In the event that physical restraint is required to protect the safety of school community members, the Weymouth Public Schools has enacted a policy on physical restraint with two goals in mind:

- To administer a physical restraint only when needed to protect a student and/or member of the school community from immediate, serious, physical harm.
- To prevent or minimize any harm to the student as a result of the use of physical restraint. These procedures shall be annually reviewed, provided to school staff, and made available to parents of enrolled students.

The Weymouth Public Schools complies with the provisions of 603 CMR sect. 46.00 dealing with restraint of students in the public schools. To that end, the policy developed pursuant to those regulations is available upon request from the principal, the Assistant Superintendent for Administration & Finance and the Superintendent's office.

DISCIPLINE REGULATIONS REGARDING **STUDENTS WITH SPECIAL NEEDS**

Federal and state laws and regulations provide eligible students with certain procedural rights and protections in the context of student discipline. These laws include the Individual with Disabilities Education Act (20 U.S.C.1041 et seq.) its implementing regulations (34 C.F.R. 300 et seq.), Section 504 of the Rehabilitation Act of 1973 and its implementing regulations, and Massachusetts General Laws, chapter 71B and its implementing regulations (603 CMR §28.00).

In general, students may be excluded from their programs, just as any other student can be, for up to ten school days per year. However, when a student is excluded from his/her program for more than ten school days in the school year, school staff may be required to provide alternative educational services for the student. In addition, in many instances, the student's Team must convene to determine whether the student's

behavior was a direct result of his/her disability (a “manifestation determination”).

If the Team determines the behavior was not a direct result of the student’s disability, the school may discipline the student according to the school’s code of student conduct, except that the district must continue to provide the student with educational services during the period of the removal. However, if the Team determines that the behavior was a direct result of the disability, the student may not be excluded from the current educational placement (except in the case of weapons, drugs, or serious bodily injury) until the Team develops and the parent(s)/ guardian(s) consent(s) to a new IEP. The Team must also conduct a functional behavior assessment and develop or revise a behavioral plan for the student.

- School personnel may unilaterally order a change in the educational placement of a child with a disability to an appropriate Interim Alternative Education Setting (IAES) for no more than forty-five (45) school days if the student:
 - Carries or possesses a weapon to or at school, on school premises, or to or at a school function;
 - Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function;
 - Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

School personnel may also seek an order from the Bureau of Special Education Appeals (BSEA) placing a student in an IAES for up to forty-five (45) school days when the student is in danger to himself or others. STANDARDS OF DRESS

Students in the Weymouth Public Schools are expected to dress in a manner that reflects the seriousness and purpose of the school setting. Students should take pride in their appearance and dress appropriately for school. Therefore, the Weymouth school district encourages reasonable standards of dress and personal grooming habits. In accordance with state law, footwear must be worn at all times.

Students may not wear any style or type of clothing that endangers the health, safety, or welfare of the school community. Students enrolled in specific classes such as science labs, PE and/or CTE classes, must dress in accordance with safety guidelines in order to participate.

Appropriate Attire Includes:

- Shoes; activity specific shoes requirements are permitted (for example CTE or athletics)

Students Cannot wear:

- Violent language or images
- Images or language depicting drugs or alcohol (or any illegal item or activity) or the use of same.

- Hate speech, representation of a hate group, profanity, or pornography

*Any staff member questioning the appropriateness of a student’s attire may send that student to an administrator for a decision as to whether the student is in violation of the dress policy. If a student’s dress is deemed inappropriate, he/she will be asked to change. If the student cannot change or resolve the issue, a parent/guardian will be contacted to bring appropriate attire.

*The principal at the primary level will have some discretion when interpreting specific provisions of the standards of dress as they relate to young children.

HEALTH SERVICES

A full time registered nurse is available during the school day. Advice regarding health problems and first aid is available to all students. Any student may visit the health office by securing a pass from his/her teacher or during study periods from the teacher in charge. Students should not ask for a pass to the health office unless it is absolutely necessary.

Dismissal for health reasons, if deemed advisable, is the decision of the school nurse. No student is allowed to leave school without the approval of a responsible adult as designated on the health contact card on file in the health office. Emergency contact cards are critical; *every student* must have an updated card on file.

Physical Examinations

Physical examinations are mandatory for all students entering grades K, 4, 7 and 10. (MGL Chapter 71, Section 57). The family physician has a comprehensive knowledge of the health of the student and is the best person to perform this physical. Physicals must be completed and documentation presented to the school nurse by ***September 1st***. Failure to complete the physical examination process will subject the student to exclusion from school until proof of the physical is presented. All students competing in interscholastic athletics must submit proof of a completed physical exam to the health office prior to practicing or competing in any sport.

Communicable Conditions/Diseases

During the school year, communicable conditions or diseases may occur. All students returning to school after having certain illnesses must present a certificate from their primary health care provider or family physician. The conditions are the following:

<i>Encephalitis</i>	<i>Measles</i>	<i>Scarlet Fever</i>

Fifth Disease

Meningitis

Whooping Cough

German Measles

Mononucleosis

Strep Infections

If a student has other communicable conditions such as conjunctivitis or head lice, it is suggested that the school nurse be consulted relative to the student's return to school.

Medications

Students may not self-medicate during school hours. All medicines of any type must be taken under the supervision of the school nurse. Massachusetts General Law (MGL Chapter 112, Section 80B) requires that the following forms be on file in a student's health record before the school nurse can begin to give any medication at school:

- Signed consent by the parent/guardian to give the medication.
- Signed medication order. The written order should be taken to your child's licensed prescribed (physician, nurse practitioner, etc.) for completion and returned to the school nurse. This order must be renewed at the beginning of each academic year, or as needed.

Medicines must be delivered to the school in a pharmacy or manufactured-labeled container by a parent or guardian or responsible adult designated by the parent or guardian. Please ask the pharmacy to provide separate bottles for school and home. No more than a thirty-day supply of the medicine should be delivered to the school health office.

Limitation of Physical Activity

When it is necessary to excuse a student from Physical Education or limit physical activities due to medical reasons, written notification is required from both the parent/guardian and physician. Written notification is also required to resume participation.

State Mandated Screenings

Screenings for vision, hearing, height/weight and body mass index (BMI) are administered to students in grades K-4-7-10. Scoliosis screenings are administered to students in grades 5-9. Parents are notified if test results indicate a problem and further evaluation by a physician is necessary. A request for individual testing by parents, guardians or school personnel will be honored at any time.

Screening, Brief Intervention, and Referral to Treatment (SBIRT)

Screening, Brief Intervention, and Referral to Treatment (**SBIRT**) is an evidence-based practice used to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs. Weymouth Public Schools will screen students in grades 7 and 9.

SCHOOL ENTRANCE REQUIREMENTS

All students entering Weymouth Public Schools must present proof of residency in the town of Weymouth. The proof of residency accepted may be a Massachusetts driver's license, a utility receipt, a real estate tax bill, or rental lease. No child will be admitted to a Massachusetts school without presentation of a Physician Immunization Certificate.

Pursuant to M.G.L. c.71, s.34E, the parent of a student may inspect the student record regardless of the student's age.
- (4) Notwithstanding 603 CMR 23.01(1) and 23.01(2), nothing shall be construed to mean that a School Committee cannot extend the provisions of 603 CMR 23.00 to students under the age of 14 or to students who have not yet entered the ninth grade.

(e) A school may disclose information regarding a student to appropriate parties in connection with a health or safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. This includes, but is not limited to, disclosures to the local police department and the Department of Social Services under the provisions of M.G.L. c. 71, section 37L and M.G.L. c. 119, section 51A.

(g) Authorized school personnel of the school to which a student seeks or intends to transfer may have access to such student's record without the consent of the eligible student or parent, provided that the school the student is leaving, or has left, gives notice that it forwards student records to schools in which the student seeks or intends to enroll. Such notice may be included in the routine information letter required under 603 CMR 23.10.

- (a) A non-custodial parent is eligible to obtain access to the student record unless:
1. The parent has been denied legal custody based on a threat to the safety of the student or to the custodial parent, or
 2. The parent has been denied visitation or has been ordered to supervised visitation, or
 3. The parent's access to the student or to the custodial parent has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record.
 4. There is an order of a probate and family court judge which prohibits the distribution of student records to the parent.
- (b) The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).
- (c) In order to obtain access, the non-custodial parent must submit a written request for the student record to the high school Principal annually. The initial request must include the following:
- (d) Upon receipt of the request the school must immediately notify the custodial parent by certified and first-class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).
- (e) The school must delete all electronic and postal address and telephone number information relating to either work or home locations of the custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school.
- (f) Upon receipt of a court order that prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

Notification

At least once during every school year, the school shall publish and distribute to students and their parents in their primary language a routine information letter informing them of the following:

- (a) The standardized testing programs and research studies to be conducted during the year and other routine information to be collected or solicited from the student during the year.
- (b) The general provisions of 603 CMR 23.00 regarding parent and student rights, and that copies of 603 CMR 23.00 are available to them from the school.

Transfer of Records to another School

Consistent with the Education Reform Act, schools have authority to transfer a student's complete record to the new school without prior consent. This record includes, but is not limited to, "any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act." It is no longer necessary for a parent/guardian to sign a release form.

Destruction of Records

The regulations require that certain parts of the student record, such as the temporary record, be destroyed within a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated or irrelevant information in the record from time to time while the student is

enrolled in the school system. Before any such information may be destroyed the parent and student must be notified and have an opportunity to receive a copy of any of the information before its destruction.

RESTRAINING/CUSTODY ORDERS

It is the responsibility of parents/guardians to inform the principal's office of any court action that results in the issuance of a restraining order or has impact on custody matters. The principal's office will extend every effort to comply with these directives. A copy of these orders must be kept on file in the principal's office.

BUILDING SECURITY/VISITORS

The following precautionary steps are taken to provide building security:

- Except for student entrance and egress, building doors will remain locked while school is in session.
- During school hours, entrance will be permitted only at the Security Entrance.
- Public access to the school is restricted to the Security Entrance. Unauthorized persons may not proceed into the school beyond the office without the approval of the principal.
- The Receptionist or Safety Officer assigned to the security desk will provide all necessary assistance to visitors. Those visitors who are approved to enter the building beyond the office must sign the visitors' log and wear a visitor identification badge.
- No student will be dismissed to a parent/guardian without a proper picture I.D. unless the parent/guardian is known to the principal or office staff.

VISITORS TO THE SCHOOL

The Weymouth School Committee encourages parents and guests to visit classrooms to observe and learn about the instructional programs taking place in our schools. Such visits can prove most beneficial in the promotion of greater school-home cooperation and community understanding of how we carry out the school system's mission and goals.

Visits by parents to several classrooms in a given grade for the purpose of comparing teaching styles to provide a basis for a request for student assignment to a particular teacher will not be permitted. It is the Weymouth Public Schools' policy that the assignment of a student to a particular class is the responsibility of the building principal in consultation with the staff of that school.

The following guidelines to classroom and school visits should be followed:

- Parental requests for classroom visitations will be welcomed as long as the educational process is not disrupted. To this end, we request that such requests be made at least forty-eight (48) hours in advance.
- To limit distraction to students, to maintain continuity of the school program, and to insure that a particular classroom is not overcrowded, the principal shall have the right to deny or limit a request to visit a particular classroom, to restrict the number of visitors to a particular classroom at a given time, and shall have the right to determine a reasonable period of time for a visitor to remain in a classroom. These determinations will be made on an individualized basis taking into consideration the individual student's needs and classroom that the evaluator is requesting to observe. "Classroom," as used in this

policy, is broadly defined to include all instructional areas of the school.

- The principal or designee shall have the right to deny a request to visit a school-sponsored activity if granting the request would interfere with the education of children or with a school program. In all such determinations, preference shall be given to parents attending the school.
- For security purposes, it is required that all visitors report to the Security Entrance upon entering and leaving the building, sign the guest log and wear a visitors badge at all times. Teachers are encouraged to ask visitors if they have registered at the Security Entrance.
- Under ordinary circumstances, classroom observations will be strongly discouraged during the first three weeks of school and during the month of June and during MCAS testing periods.
- Any student who wishes to have a guest in school is required to ask permission of one of the administrative staff twenty-four (24) hours in advance of the proposed visit. If permission is granted, the guest is expected to follow the standards of behavior expected of all students. Upon arrival, the guest must register in the Security Entrance of the school. Any guest who fails to comply with student regulations will be asked to leave the school building and grounds immediately.

LEGAL REF.: MGL71B:3 Massachusetts Department of Elementary and Secondary Education Technical Assistance Advisory SPED 2009-2 date January 8, 2009

CRIMINAL OFFENDER RECORD INFORMATION

All current and prospective employees, volunteers, persons who may have direct and unmonitored contact with children and persons regularly providing school-related transportation to children of the school district shall sign a request form authorizing receipt by the district of all available Criminal Offender Record Information data from the criminal history systems board. "Direct and unmonitored contact with children" means contact with a child when no other C.O.R.I. cleared employee of the school or district is present. Access to C.O.R.I. material must be restricted to those individuals certified to receive such information. In the case of prospective employees or volunteers, C.O.R.I. material will be obtained only where the Superintendent has determined that the applicant is qualified and may forthwith be recommended for employment or volunteer duties.

SCHOOL SAFETY DRILLS

At no time during the school day should students be more serious than when the safety alarm rings. Assume every alarm is an emergency situation and listen carefully to instructions from administrators and teachers. By following a few basic rules, the primary hazard of panic can be averted. Two types of drill will be practiced throughout the school year to prepare students in the event of an emergency.

Evacuation: Some emergencies may require the evacuation of the building. Directions for evacuating each area are posted in conspicuous places. Students should familiarize themselves with these directions. However, it may be necessary to exit by other routes due to blocked stairways, etc., so the following requirements are critical:

- Proper behavior is essential.
- Remain quiet during exit and reentry.
- Do not enter any courtyard.
- The first students to enter the hallway should hold the exit doors for those students

following them.

- Walk rapidly, do not run, to the nearest exit and leave the building.
- After exiting a building, move away from the building and other areas that may be used by the fire department on arrival.
- Stay together. It is necessary to account for the members of the group.

Classroom teachers will accompany their students and will be responsible for attendance, before and after a fire drill.

Lockdown: Some emergencies, particularly those exterior to the building, may require students and staff to remain in classrooms in a lockdown situation. When the alarm sounds and a lockdown is indicated over the public address system, the following must be implemented:

- Students move to the center or rear of classroom at the teacher's direction
- Students in corridors, restrooms, etc. will proceed to the nearest classroom or identified safe haven immediately.
- Remain quiet while lockdown is in progress
- Do not open classroom doors until all-clear is sounded

During any emergency situation, attendance must be taken to ensure that all students and staff have been accounted for. Improper behavior during a safety drill may result in disciplinary action.

BULLYING PREVENTION AND INTERVENTION

On May 3, 2010 Governor Patrick signed an *Act Relative to Bullying in Schools* (M.G.L. c.71, §37O). This law prohibits bullying and retaliation in all public and private schools, and requires schools and school districts to take certain steps to address bullying incidents.

Definitions:

Aggressor is a student or a member of the school staff who engages in bullying, cyber bullying, or retaliation.

Bullying is the repeated use by one or more students or a member of the school staff of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (i) causes physical or emotional harm to the target or damage to the target's property; (ii) places the target in reasonable fear of harm to himself/herself or of damage to his/her property; (iii) creates a hostile environment at school for the target; (iv) infringes on the rights of the target at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. Bullying includes cyber bullying.

Cyber bullying is bullying through the use of technology or any electronic devices such as telephones, cell phones, computers, and the Internet. It includes, but is not limited to, email, instant messages, text messages, and Internet postings.

Hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

Staff members include, but are not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extracurricular activity, or paraprofessionals.

Target is a student against whom bullying, cyber bullying, or retaliation is directed.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Prohibition Against Bullying

Bullying is prohibited:

- Through the use of technology or an electronic device that is owned, leased or used by a school district or school (for example, on a school computer or over the Internet using a On school grounds,
- On property immediately adjacent to school grounds,
- At a school-sponsored or school-related activity, function, or program, whether it takes place on or off school grounds,
- At a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school,
- school computer),
- At any program or location that is not school-related, or through the use of personal technology or electronic devices, if the bullying creates a hostile environment at school for the target, infringes on the rights of the target at school, or materially and substantially disrupts the education process or the orderly operation of a school.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is prohibited.

Reporting Bullying

Anyone, including a parent or guardian, student, or school staff member, can report bullying or retaliation. Reports can be made in writing or orally to the principal or another staff member, or reports may be made

anonymously. Please reference the WPS Bullying Prevention and Intervention Plan for reporting details and contact the building principal and/or Assistant Superintendent for Instructional Services and Support (781-335-1460) to report alleged incidents. School staff members must report immediately to the principal or his/her designee if they witness or become aware of bullying or retaliation.

When the school principal or his/her designee receives a report, he or she shall promptly conduct an investigation. If the school principal or designee determines that bullying or retaliation has occurred, he or she shall (i) notify the parents or guardians of the target, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation; (ii) notify the parents or guardians of the aggressor; (iii) take appropriate disciplinary action; and (iv) notify the local law enforcement agency if the school principal or designee believes that criminal charges may be pursued against the aggressor; (v) notify central office.

ACCEPTABLE USE POLICY

2018

Guidelines for Implementation of Acceptable Use Policy for Digital Information, Communication, and Technology Resources

ACCEPTABLE USE POLICY AND GUIDELINES

Scope of Policy

Weymouth Public Schools (WPS) provides access to technology devices, Internet, and data systems to employees and students for educational and business purposes. This Acceptable Use Policy (AUP) governs all electronic activity of employees using and accessing the district's technology, Internet, and data systems regardless of the user's physical location.

Guiding Principles

- Online tools, including social media, should be used in our classrooms, schools, and offices to increase community engagement, staff and student learning, and core operational efficiency.
- WPS has a legal and moral obligation to protect the personal data of our students, families, and staff.
- WPS should provide a baseline set of policies and structures to allow schools to implement technology in ways that meet the needs of their students.
- All students, families, and staff must know their rights and responsibilities outlined in the Acceptable Use Policy and government regulations.
- Nothing in this policy shall be read to limit an individual's constitutional rights to freedom of speech or expression or to restrict an employee's ability to engage in concerted, protected activity with fellow employees regarding the terms and conditions of their employment.

Compliance Requirement for Employees

The Acceptable Use Policy is reviewed annually by the Superintendent and Director of Educational Technology. Technology users are required to verify that they have read and will abide by the Acceptable Use Policy annually.

Student AUP & Contract

Copies of the Acceptable Use Policy and the student contract for Internet use are included in the Guide to Weymouth Public Schools for Families & Students, given to all students at the beginning of the school year. The Student Contract for Internet Use must be completed and signed by all students and their parent/guardian after going over the AUP together. The signed contract must be returned to the school before the student may begin using the Internet.

Consequences of Breach of Policy

Use of all WPS technology resources is a privilege, not a right. By using WPS Internet Systems and devices, the user agrees to follow all WPS regulations, policies and guidelines. Students and staff are encouraged to report misuse or breach of protocols to appropriate personnel, including building administrators, direct supervisors and to the Weymouth Public Schools Educational Technology Department (WPS EDTECH). Abuse of these privileges may result in one or more of the following consequences:

- Suspension or cancellation of use or access privileges.
- Payments for damages or repairs.
- Discipline under appropriate School Department policies, up to and including termination of employment, subject to any collective bargaining obligations.
- Liability under applicable civil or criminal laws.

Definitions

Freedom of Information Act (FOIA) - The FOIA is a law that allows for the release of government documents at the request of an individual. A FOIA request can be made to the Weymouth Public Schools for electronic documents/communications stored or transmitted through district systems unless that information could be detrimental to governmental or personal interests. For more information, visit <http://www.foia.gov/>

Family Educational Rights and Privacy Act (FERPA) - The FERPA law protects the privacy, accuracy, and release of information for students and families of the Weymouth Public Schools. Personal information stored or transmitted by agents of the Weymouth Public Schools must abide by FERPA laws and the WPS is required to protect the integrity and security of student and family information. For more information, visit <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

Children's Internet Protection Act (CIPA) - Requires schools that receive federal funding through the E-Rate program to protect students from content deemed harmful or inappropriate. Weymouth Public Schools is required to filter internet access for inappropriate content, monitor the internet usage of minors, and provide education to students and staff on safe and appropriate online behavior.

Communication & Social Media

Employees and students are provided with district email accounts and online tools to improve the efficiency and effectiveness of communication, both within the organization and with the broader community. Communication should be consistent with professional practices used for all correspondence. When using online tools, members of the WPS community will use appropriate behavior:

- a) When acting as a representative or employee of the Weymouth Public Schools.*
- b) When the communication impacts or is likely to impact the classroom or working environment in the Weymouth Public Schools.*

All communication sent by an employee using district property or regarding district business could be subjected to public access requests submitted through Freedom of Information Act (FOIA). Users need to be aware that data and other material/files maintained on the school district's systems may be subject to review, disclosure, or discovery. Use of personal email accounts and communication tools to conduct school business is strongly discouraged and may open an individual's personal account to be subject to FOIA inquiries. WPS will cooperate fully with local, state, and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies or government regulations.

Guidelines for Online Communication

- Communication with students should not include content of a personal nature.
- When communicating with parents/guardians of students, employees should use email addresses and phone numbers listed in the Student Information System (SIS) unless steps have been taken to verify that the communication is occurring with a parent/guardian that has educational rights for the student.
- When communicating with a parent/guardian, refrain from discussing any non-related students when possible.
- Employees who use internal or external social media (blogs, Twitter, etc.) are expected to refrain from discussing confidential information and/or discussing specific students. Information that can be traced back to a specific student or could allow a student to be publicly identified should not be posted on any social media sites.
- When using social media, employees are expected to refrain from posting any negative comments online about students.
- Employees are required to notify their principal before setting up an online site to facilitate student learning. Employees are encouraged to monitor/moderate online communication to the best of their abilities.
- Employees should not add any students/former students or parents as 'friends' or contacts on social media unless the site supports classroom instruction or school business.
- Employees may communicate with WPS graduates (+18 years old) on social media but should be advised to maintain professionalism and caution when communicating online.
- Employees who add parents/guardians of students as 'friends' or contacts on social media must maintain professionalism to avoid any appearance of conflict of interest.
- Avoid responding to spam or phishing attempts that require a user to click on any links or to provide any account information. Note: WPS will never ask for a user's account password for any purpose and users are advised to report any suspicious requests for account information directly to the Weymouth Public Schools Educational Technology Department.

Solicitation

Web announcements and online communication promoting a business are prohibited by the WPS Solicitation Policy. The Superintendent's Office may make exceptions if benefits are judged sufficient to merit an exception.

Use of Copyrighted Materials

Violations of copyright law that occur while using the WPS network or other resources are prohibited and have the potential to create liability for the district as well as for the individual. WPS staff and students must comply with regulations on copyright plagiarism that govern the use of material accessed through the WPS network.

Users will refrain from using materials obtained online without requesting permission from the owner if the use of the material has the potential of being considered copyright infringement. WPS will cooperate with copyright protection agencies investigating copyright infringement by users of the computer systems and network of the Weymouth Public Schools.

Network Usage

Network access and bandwidth is provided to schools for academic and operational services. WPS reserves the right to prioritize network bandwidth and limit certain network activities that are negatively impacting academic and operational services. Users are prohibited from using the WPS network to access content that is inappropriate or illegal, including but not limited to content that is pornographic, obscene, illegal, or promotes violence.

Network Filtering & Monitoring

As required in the Children's Internet Protection Act (CIPA), WPS is required to protect students from online threats, block access to inappropriate content, and monitor Internet use by minors on school networks. WPS EDTECH is responsible for managing the district's Internet filter and will work with the WPS community to ensure the filter meets the academic and operational needs of the district while protecting minors from inappropriate content.

By authorizing use of technology resources, WPS does not relinquish control over materials on the systems or contained in files on the systems. There is no expectation of privacy related to information stored or transmitted over the WPS network or in WPS systems. WPS reserves the right to access, review, copy, store, or delete any files (unless other restrictions apply) stored on WPS computers and all employee and students communication using the WPS network. Electronic messages and files stored on WPS computers or transmitted using WPS systems may be treated like any other school property. District administrators and network personnel may review files and messages to maintain system integrity and, if necessary, to ensure that users are acting responsibly. WPS may choose to deploy location tracking software on devices for the sole purpose of locating devices identified as lost or stolen.

Personal Use

WPS recognizes that users may use WPS email, devices, and network bandwidth for limited personal use; however, personal use should not interfere with or impede district business and/or cause additional financial burden on the district. Excessive use or abuse of these privileges can be deemed in violation of the Acceptable Use Policy.

Network Security

The WPS Wide Area Network (WAN) infrastructure, as well as the building-based Local Area Networks (LANs) are implemented with performance planning and appropriate security measures in mind. Modifications to an individual building network infrastructure and/or use will affect LAN performance and will reduce the efficiency of the WAN. For this reason, any additional network electronics including, but not limited to, switches, routers, and wireless access points must be approved, purchased, installed, and configured solely by WPS EDTECH to ensure the safety and efficiency of the network. Users are prohibited from altering or bypassing security measures on electronic devices, network equipment, and other software/online security measures without the written consent of the Director of Educational Technology.

Data & Systems

Access to view, edit, or share personal data on students and employees maintained by WPS central offices, individual schools, or by persons acting for the district must abide by local, state, and federal regulations, including the Family Educational Rights and Privacy Act. Student and staff information and data may only be shared with individuals deemed eligible to have access by the person(s) responsible for oversight of that data. Outside parties and/or non-WPS individuals requesting protected data must receive approval from the Office of the Legal Advisor and have a non-disclosure agreement with the WPS. Individuals requesting ongoing access to data through WPS systems are required to have a designated WPS administrator who will act as a “sponsor” to ensure the safety of the data.

Electronic Transmission of Data

When educational records or private data are transmitted or shared electronically, staff are expected to protect the privacy of the data by password-protecting the record/file and only using WPS systems to transmit data. Staff are also expected to ensure records are sent only to individuals with a right to said records and must take reasonable measures to ensure that only the intended recipients are able to access the data.

Passwords

Users are required to adhere to password requirements set forth by the Weymouth Public Schools when logging into school computers, networks, and online systems. Users are not authorized to share their password and must use extra caution to avoid email scams that request passwords or other personal information.

Media & Storage

All local media (USB devices, hard drives, CDs, flash drives, etc.) with sensitive data must be securely protected with a password and/or encrypted to ensure the safety of the data contained. Use of cloud-storage services for storage or transmission of files containing sensitive information must be approved by the Office of the Legal Advisor and WPS. Users are encouraged to use WPS approved data/information systems for the storage and transmission of sensitive data whenever possible and avoid storage on local hardware that cannot be secured.

Electronic Devices

WPS defines electronic devices as, but not limited to, the following:

- Laptop and desktop computers, including like-devices
- Tablets
- Wireless email and text-messaging devices, i.e., iPod
- Smartphones
- Donated devices

Device Support

WPS provides basic installation, synchronization, and software support for WPS-issued electronic devices. Devices must be connected to the WPS network on a regular basis to receive software and antivirus updates and for inventory purposes. Password protection is required on all WPS-issued electronic devices to prevent unauthorized use in the event of loss or theft. Users are responsible for making periodic backups of data files stored locally on their devices.

Loss/Theft

Users must take reasonable measures to prevent a device from being lost or stolen. In the event an electronic device is lost or stolen, the user is required to immediately notify appropriate school staff and/or their direct

supervisor, local authorities, and the WPS Educational Technology Department. The WPS will take all reasonable measures to recover the lost property and to ensure the security of any information contained on the device.

Return of Electronic Devices

All technology purchased or donated to the WPS is considered district property and any and all equipment assigned to employees or students must be returned prior to leaving their position or school. All equipment containing sensitive information and data must be returned directly to WPS before it can be redeployed.

Personal Electronic Devices

The use of personal electronic devices is permitted at the discretion of the Principal and Director of Educational Technology. The WPS is not responsible for the maintenance and security of personal electronic devices and assumes no responsibility for loss or theft. The district reserves the right to enforce security measures on personal devices when used to access district tools and remove devices found to be in violation of the AUP.

Energy Management

WPS strives to reduce our environmental footprint by pursuing energy conservation efforts and practices. The district reserves the right to adjust power-saving settings on electronics to reduce the energy consumption.

Technology Purchasing & Donations

Technology hardware and software must be purchased or donated through WPS unless prior approval has been received by WPS and the Business Office. All technology purchases and donations must abide by City procurement policies and are subject to approval by WPS. Technology pricing can include additional expenses required to ensure proper maintenance and security, including but not limited to warranties, hardware/software upgrades, virus protection, and security/inventory software. Schools or departments applying for technology grants, funding, or donations must budget for any additional expenses associated with the requested technology and can be held responsible for any additional expenses incurred.

Parents may obtain more information from the individual school's parent council.

SPECIAL EDUCATION PARENT ADVISORY COUNCIL (SEPAC)

Weymouth's Special Education Parent Advisory Council is a group of parents of children with disabilities who meet the first Tuesday of every month during the school year to discuss issues of concern regarding special education. If you have a child on a 504 (accommodation plan) or an IEP (Individual Education Plan) and you live in Weymouth, you are *already* a member of Weymouth's SEPAC.

Parents, guardians, teachers, and others interested are welcomed to access this resource by contacting the SEPAC Executive Board. Parents who have faced similar challenges can be a resource for other parents. ALL information shared will be kept confidential. Please join them at a monthly meeting or other events to learn more.

SEPAC announcements, newsletters, Chairperson(s) names and phone numbers are posted on the Weymouth Public Schools website: www.weymouthschools.org. Go to the district homepage, click on “family”, then click on the “SEPAC” link.

SEPAC parents, School Committee members, and school administrators may visit special education programs each year as part of the annual review and evaluation process. To participate, please contact the SEPAC Chairperson or the Administrator of Special Education.

MISSION STATEMENT

The Abigail Adams Middle School is committed to providing an academically excellent, developmentally responsive, socially equitable and respectful environment which is supportive for all students' learning and growth.

VISION STATEMENT

The purpose of the middle school is to ensure a child-centered approach to continuous learning, social development, emotional growth and physical well-being of preadolescents and adolescents. We share the vision of the National Forum to Accelerate Middle-Grades Reform.

High performing schools with middle grades are academically excellent. They challenge all students to use their minds well, providing them with the curriculum, instruction, assessment, support and time they need to meet rigorous academic standards. They recognize that early adolescence is characterized by dramatic cognitive growth, which enables students to think in more abstract and complex ways. The curriculum and extra-curricular programs in such schools are challenging and engaging, tapping young adolescents' boundless energy, interests and curiosity. Students learn to understand important concepts, develop essential skills, and apply what they learn to real-world problems. Adults in these schools maintain a rich academic environment by working with colleagues in their schools and communities to deepen their own knowledge and improve their practice.

High performing schools with middle grades are developmentally responsive. Such schools create small learning communities of adults and students in which stable, close and mutually respectful relationships support all students' intellectual, ethical and social growth. They provide comprehensive services to foster healthy physical and emotional development. Students have the opportunity for both independent inquiry and learning in cooperation with others. They have time to be reflective and numerous opportunities to make decisions about their learning. Developmentally responsive schools involve families as partners in the education of their children. They welcome families, keep them well informed, help them develop their expectations and skills to support learning, and assure their participation in decision-making. These schools are deeply rooted in their communities. Students have opportunities for active citizenship. They use the community as a classroom, and community members provide resources, connections and active support.

High performing schools with middle grades are socially equitable. They seek to keep their students' future options open. They have high expectations for all of their students, and are committed to helping each child produce work of high quality. These schools make sure that all students are in academically rigorous classes staffed by experienced and expertly prepared teachers. These teachers acknowledge and honor their students' histories and cultures. They work to educate every child well and to overcome systematic variation in resources and outcomes related to race, class, gender and ability. They engage their communities in supporting all students' learning and growth.

High performing schools with middle grades are respectful environments. These schools are communities of learning in which all members, both staff and students alike, share a mutual respect and consideration of each

other, the materials and supplies that are used, as well as the physical plant and grounds. Students and staff treat each other fairly and kindly.

INFORMATION TECHNOLOGY

The Media Center

The Media Center, the information hub of the school, welcomes all students and faculty. The Center circulates print and non-print materials, including books, videotapes, and recordings, that support the curriculum. Many fiction titles are available in hardcover and paperback. The Media Center is staffed by a media specialist and parent volunteers committed to seeing its services used to the fullest. They seek to provide increasingly interactive multimedia opportunities for researchers.

Computer Technology

The middle school has computer technology for student instructional use. Students gain skills through specific technology classes, and then apply and increase those skills with applications in specific content assignments.

AFTER SCHOOL OFFERINGS

After-school and Evening Activities

Many after-school and evening activities take place during the year. Notices will be sent home with descriptions and meeting dates for the individual activities. A student must be present for at least 1/2 of the school day in order to participate in any after-school or evening activity. Exceptions must be approved by the Principal.

*There are no requirements or expectations for student athletes involving participation in out-of-season activities, nor will there be any consequences if they chose [sic] not to participate.

*Source: MIAA Rule 40-41 Clarification, MIAA Position on Out-of-Season Activities

EMERGENCY PLANS

The superintendent may close school or dismiss students early in the event of hazardous weather or other emergencies that threaten the health or safety of students. In September, parents/guardians must establish a contingency plan for their children in the event of an emergency. Parents/guardians must submit 2 contact cards for each child. It is the responsibility of the parents/guardians to update contact cards with any changes. Parents/guardians seeking information should consult local cable channels, the traditional media outlets and School Messenger messages.

BUILDING SECURITY

In order to insure and maintain a safe and orderly learning environment for all, the only doors accessible to the public will be the main entrance. At no time will a student open an outside door for visitors or other students. All guests must sign in at the front desk upon entrance. Guests will be issued a visitor's pass that must be visible when in the building. Persons not adhering to the aforementioned procedure will be considered trespassers and the police will be notified.

FLOW OF COMMUNICATION

Parents' first level of communication should be with the teacher, or guidance counselor, or the assistant principals. Levels of courteous communication then sequence to the principal, the assistant superintendent and finally the superintendent.

The administrative and educational staff seeks to maintain an open and current flow of information from the school to your home. The telephone notification system, School Messenger, is used to update parents with regard to important information. Parents are also encouraged to contact any staff member through the email system of the district. Each school also maintains a website where information is updated on a regular basis.

MIDDLE SCHOOL PRACTICES

ATTENDANCE POLICY

The Weymouth School Committee, under the power vested in it by Chapter 76, Section 1 of the Massachusetts General Laws, will determine the number of weeks and the hours during which schools will be in session and make regulations as to attendance therein.

Massachusetts law requires compulsory attendance for all students. Chapter 76, section 1 of the Massachusetts General Laws requires all children between the ages of six and sixteen to attend school. The school must uphold state laws relative to student attendance.

We strongly discourage family vacations or trips abroad when school is in session. In addition to violating the attendance law, family vacations and/or trips abroad interrupt the educational process of each course in ways that make-up work cannot reverse. As such, Weymouth may need to file in the juvenile court or un-enroll the student from the Weymouth Public Schools for extended trips. Please note that teachers are not required to provide work in advance; teachers are not required to make up credit for missed/late work; and that it is the students' responsibility to ask each teacher for any make-up assignments upon return.

Absences

- On the fourth day of unexcused absence, in a marking period parents/guardians of students will be notified by letter of the expectations for students to come to school.
- On the sixth unexcused absence, a pre-CRA meeting may take place with school administration and necessary staff members.
- On the tenth day of unexcused absence, a CRA petition may be filed on behalf of the student and a violation of Chapter 76, Section 2– Duties of Parents will be filed against the parent/guardian.

Parents or guardians of school age children are required to have them attend school. Failure to do so can result in court fines and actions. Students who fail to attend school in accordance with the above descriptions will be referred for possible court involvement. Additionally, school-based consequences may be assigned.

TARDINESS

Students not seated in their assigned homeroom seats at the tardy bell are considered late. Students who exceed three unexcused* tardies per quarter will receive disciplinary consequences for any additional unexcused* tardies. Parents will be notified by email if students receive after school detention.

*Tardiness may be excused for one of the following reasons:

- Excused Absence: validated by a doctor's note provided documentation is submitted (the student must have a note or appointment card from the doctor)
- Legal obligations with documentation
- Bereavement with parental letter
- Private school visits
- Observance of religious holiday

APPEAL PROCESS

Your parent/guardian has the right to appeal to the principal. A formal letter with appropriate supporting documentation must be forwarded to the administration within five (5) school days after notification has been received.

PROMOTION POLICY

Students who fail any of the four major academic subjects (English, Language Arts, Mathematics, history/social studies and science), students who have not met grade level standards, and/or whose attendance does not meet state guidelines may be considered for retention. At risk students will be reviewed by a retention review committee which may be composed of a school administrator, teachers, counselor, students and his/her parents/guardians.

MAKE-UP WORK

It is your responsibility to ask your teacher for make-up work upon return to school from an absence. You shall return for make-up sessions whenever requested to do so by the teacher.

After two (2) days of absence, your parents/ guardians may call the school office to arrange for homework assignments. In order for you to receive all the necessary assignments, there should be twenty-four (24) hours notice for the teachers to prepare these materials.

HOMEROOM

Upon entering school, you are to go directly to your assigned areas. You may not loiter in the corridors. Students should plan to arrive on the school grounds no sooner than 10 minutes before the school bell unless participating in a supervised activity.

ATTENDANCE IN CLASS

You are expected to be in class on time. Continued disregard of the timeliness of class beginnings will result in office referral. Going to lockers or using lavatories will not be accepted as an excuse for tardiness. If you are

tardy to class, you may be assigned disciplinary action by your teacher. If you are in school but not in class, you will be referred to the office for disciplinary action.

DISMISSAL FROM SCHOOL

You may be dismissed from school if you bring a note to the office before school containing:

1. Student's name (first and last)
2. Time for dismissal
3. Reason for dismissal
4. Signature of parent/guardian
5. Telephone number where parent/guardian may be reached during the day to verify the dismissal.

END OF DAY DISMISSAL

You are expected to leave the building at dismissal unless you are staying for a teacher, detention, or an activity. You may not loiter in the building or on the school grounds. Once a student has left the building or school grounds, they may not return unless accompanied by an adult.

ATTENDANCE AND AFTER-SCHOOL ACTIVITIES

You may not practice, compete, or participate in any after-school activity on a day you are suspended from school or if you are not present for at least 1/2 of the school day. Extraordinary events may be excused by the principal.

GUIDANCE AND COUNSELING PROGRAMS

The guidance and counseling program provides direct services in educational planning, as well as personal development and adjustment. A primary function is to assist all students in assessing their abilities, interests and needs so they can make intelligent decisions concerning their education and future plans.

HEALTH OFFICE POLICY

If you wish to visit the health office you must obtain a written pass from your teacher. - You must be sent to the nurse. If the nurse decides to send you home, he/she will provide you with a dismissal slip to be turned in at the main office and contact your parent or guardian.

Students should not communicate with their parent or guardian to be dismissed from school without consent from health office staff. Only the nurse or an administrator can officially dismiss a child related to an illness.

Immunization Requirements/Grade 7

**** State Law Mandates** - No child shall enter Grade 7 without proof that the child has received the immunizations listed below:

Physical Examinations Mandatory for Grade 7

Regulations for school children in Massachusetts require a physical examination in Grade 7 (Mass. General Laws, Chap. 71, Sect.57).

Any 7th grade student who has not had a recent physical examination will be subject to exclusion from school until proof of a physical is presented to the principal or your school nurse. Students are urged to go to their family physician for this examination preferably prior to September 1st.

LUNCH PROGRAM

The school lunch program provides every student with a choice of a traditional lunch menu and some a la carte options. All are provided at a nominal fee. Free and reduced lunch applications are available in the school office for income eligible families. Any student wishing to purchase an a la carte item from the menu needs to purchase a school lunch or bring a lunch from home.

HOMEWORK

The Educational Partnership of the Home and School

Homework is an important component of a child's total educational program and provides a necessary link between the school and the home. It provides an opportunity for children to extend skills developed in the classroom, helps children to become self-reliant and responsible, and affirms the importance of the parents' roles as cooperative partners in the education of their children.

The purposes of homework are to improve the learning processes, to aid in the mastery of skills, and to create and stimulate interest in the content on the part of the student. Homework is a learning activity that should increase in complexity with the maturity of the student. This should be established through assignments that encourage students to investigate for themselves and to work independently and collaborate with other students on group assignments.

The Weymouth Primary Schools recognize the fundamental importance of developing literacy in young children and the need for these children to engage in literacy-based activities at home. Reading is one of the primary literacy activities through which children learn. Success in reading is essential for children today and for their

participation in the technological world of tomorrow.

All children in the primary schools (preschool through grade five) shall engage in reading/language arts activities daily.

TIME FRAME of HOMEWORK ASSIGNMENTS

While it is understood that the time it takes to complete homework assignments may vary with each child, the times below are the general guidelines for each grade level. If your child is having difficulty on a consistent basis completing assignments within the time frames established, please contact your child's teacher for assistance. The amount of work brought home may be impacted by any opportunities to complete assignments in school. Teachers will be aware of grade specific or school-wide evening commitments for students and adjust homework accordingly. Studying for quizzes/tests and work on long-term projects will be figured into the time guidelines.

Homework Time Frame	
Grade 6	15-20 minutes of homework per course, per night, not to exceed one and one-half hours* Monday through Thursday
Grade 7	20-25 minutes of homework per course, per night, not to exceed one and one-half hours* Monday through Thursday

SCHOOL EXPECTATIONS FOR STUDENT BEHAVIOR

CODE OF CONDUCT

PBIS at AAMS emphasizes a school-wide system of supports that include strategies for defining, teaching, and supporting appropriate behavior. The ROAR Team strives to design the most effective learning community possible with the best outcomes for all students.
