#### Dear Bridge Boston Families:

We are honored to welcome you to the eleventh year of Bridge Boston Charter School. We believe that our success as a school depends on your support and enthusiasm in how we serve our Scholar(s). We look forward to forming positive relationships with each of you. This handbook will help you understand our school policies, procedures, and expectations for our students and parents/guardians. While we have provided a lot of valuable information in this handbook, many of your questions, we know there may be others you will want to reach out to us for insight on.

If you ever have any questions, please feel free to reach out to us for assistance and support.

Sincerely,

Craig Martin, Executive Director
