The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of age, race, color, sex, gender identity, religion, national origin, sexual orientation, disability or homelessness.

FACE COVERINGS

The North Adams Public School District is committed to providing a safe environment in schools during the ongoing COVID-19 pandemic. Maintaining a safe environment is critical to the District's ability to returning students to a full-time classroom learning experience.

According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is the use of face masks or face coverings. Therefore, using the guidance and recommendations from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH), the District has established the following requirements which will remain in place until further notice.

A face covering that covers the nose and mouth must be worn by all individuals in school buildings and on school transportation. Face coverings must also be worn outside when social distancing cannot be observed.

Individuals may be excused from the requirement for the following list of reasons, per CDC guidance:

The individual:

- has trouble breathing.
- is unconscious.
- is incapacitated.
- cannot remove the mask or face covering without assistance.

In addition, masks or face coverings will not be required for anyone who has a medical, behavioral or other challenge making it unsafe to wear a face mask or face covering. A written note from a physician is required for a requested exemption. Parents may not excuse their child from the face mask requirement by signing a waiver.

Additionally, face masks or face coverings will not be required when appropriate social distancing is enforced:

- during mask breaks.
- while eating or drinking.
- during physical education classes.
- while outside.

Exceptions to this policy under certain circumstances, such as for students with medical, behavioral or other challenges who are unable to wear masks, must be approved by the building principal in consultation with the school nurse or local Board of Health. Face shields or physical barriers may provide an alternative in some instances.

A student's mask or face covering is to be provided by the student's family. Staff members are responsible for providing their own face coverings. However, the district will supply disposable face covering for individuals who arrive at a building, or board school transportation, without one.

If students are in violation of this policy, the building principal will consult with the parent/guardians to determine whether an exception is appropriate, or the student may be removed from the school building for in-person learning until such time as they can comply with the requirement, or the requirement is lifted.

Violations of this policy by staff will be handled in the same manner as other violations of School Committee policy.

Visitors in violation of this policy will be denied entry to the school/district facility.

This policy will remain in place until rescinded by the School Committee.

Full policy can be viewed at: <https://z2policy.ctspublish.com/masc/browse/northadamsset/northadams/EBCFA>

ORGANIZATION

COMMUNITY INVOLVEMENT

We hope that all parents/guardians and families always feel welcome at Drury High School. Our goal is to ensure that Drury is a place where students enjoy learning, where they want to come to school, where they continually gain skills and confidence, where they feel supported at all times, and where they learn to work together in a positive manner. Please contact the Principal, Tim Callahan, if you have any questions regarding the school and/or your child's education.

SCHOOL COUNCIL

Under the *Massachusetts Education Reform Act*, each school is required to have a school council. The school council is made up of the principal, teachers, parents/guardians, and members of the community. The duties of the council are to assist the principal in adopting educational goals, identifying student educational needs, and formulating a school improvement plan.

VOLUNTEERS

Community volunteers are welcome and very much appreciated at Drury High School. In the past we have had student volunteers from both Williams College and MCLA. We are thankful for the volunteers who work with the school and in our classrooms. Please notify the school principal if you would like to become actively involved in our school community as a volunteer.

WELCOME CENTER

The Drury High School Welcome Center brings awareness of community resources and provides assistance to our families looking to access them. The Drury Welcome Center is used by community agencies and district staff as a place to meet with parents/guardians and families to provide information or support.

TRANSLATION

The North Adams Public Schools will provide documents to parents, guardians and students in a language that makes the document accessible. Documents will be posted in the known prevalent languages in the District. If you require a document in a language not listed, contact the district English Learner coordinator, Elizabeth Whitman at ewhitman@napsk12.org or call 413-662-3255.

NON-DISCRIMINATION

Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. This commitment to the community is affirmed by the following statements that the School Committee intends to:

1. Promote the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encourage positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Work toward a more integrated society and to enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use all appropriate communication and action techniques to air and reduce the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school system, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
6. Initiate a process of reviewing policies and practices of the school system in order to achieve to the greatest extent possible the objectives of this statement.

The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of age, race, color, sex, gender identity, religion, national origin, sexual orientation, disability or homelessness. If someone has a complaint or feels that they have been discriminated against because of their age, race, color, sex, gender identity, religion, national origin, sexual orientation, disability or homelessness, their complaint should be registered with the Title IX coordinator.

SCHOOL OPERATIONS AND GENERAL INFORMATION

SCHOOL HOURS

Classes begin at Drury when the bell rings at 7:45 a.m. and the regular school day ends at 2:20 p.m. Students are dismissed at 11:00 a.m. on early dismissal days. Please see the bell schedule posted on the Drury website at www.dhs.napsk12.org

SCHOOL CANCELLATIONS AND DELAYS

If school is cancelled or delayed, announcements will be made on local radio and television stations, as well as social media and through the emergency contact numbers provided by the families to the school. If it is necessary to dismiss students during the school day, every attempt will be made to notify parents/guardians through announcements on the radio and/or by telephone.

STUDENT DRESS

The responsibility for the dress and appearance of the students will rest with individual students and parents/guardians.

They have the right to determine how the student will dress providing that attire is not destructive to school property, complies with requirements for health and safety, and does not cause disorder or disruption. The administration is authorized to take action in instances where individual dress does not meet the stated requirements.

This does not mean that student, faculty, or parent groups may not recommend appropriate dress for school or special occasions. It means that students will not be prevented from attending school or a school function, or otherwise be discriminated against, so long as their dress and appearance meet the requirements set forth above.

LOCKERS

Students are assigned lockers by the administration. Safety regulations require that the school have access to all lockers. Lockers are lent to the students for their convenience. Lockers are property of the school and the City of North Adams. There should be no student expectation of privacy of lockers and the administration reserves the right to conduct periodic locker inspections which may include search by using police dogs.

1. Students are responsible for valuables in their lockers. The school is not responsible for any loss or theft that occurs from a locker – or from their possessions.
2. Students must have their own lock in order to have a locker issued to them.
3. Any issued lockers without locks on them will be secured by a school lock.
4. Any mechanical problem with a locker should be reported to the office or custodian.

LOST AND FOUND

The lost and found area is located in the main office. Any personal or school property found in or near the immediate area of the school should be turned in to the office. The school is not responsible for lost or stolen articles.

SAFETY DRILLS

SCHOOL SAFETY/SAFETY DRILLS/SAFETY PROCEDURES

1. Safety drills and school safety protocol/procedures should be responded to immediately and seriously. Safety drills and procedures include, but are not limited to: fire drills, fire alarms, bomb scare drills, bomb threats, stay put orders, evacuation, building re-entry, lockdown drills and lockdowns.
2. Students and faculty are to be aware of school safety procedures, evacuation plans and alternate exits.
3. Fire safety drill and lockdown instructions **must** be posted in each room area. It is the responsibility of the teacher in charge to review evacuation routes and school safety procedures/protocol with his or her students.
4. During school safety drills and/or safety events, students are to follow the appropriate procedures/protocol necessary to manage the school safety event. Procedures include stay put, lockdown, evacuation and re-entry into the building. If an evacuation is necessary, once outside the building, teachers will take class attendance and report missing students to the administration. Students must stay with their teacher and follow teacher/administrative directives.
5. Use of cell phones and electronic devices ARE NOT ALLOWED by students, faculty or staff with the exception of those performing emergency management procedures during school safety events.
6. Attendance will be taken again when students have returned to class.
7. Students not acting in a serious, appropriate manner may be subject to disciplinary measures. Non-compliance with school safety procedures may result in suspension.

ELEVATORS

Elevators are located at the Main and North entrance. They are available for students with physical limitations, such as students using wheelchairs or using crutches.

ATTENDANCE AND ENROLLMENT

ALL STUDENTS ARE REQUIRED BY LAW TO ATTEND SCHOOL EVERY DAY THAT SCHOOL IS IN SESSION.

Massachusetts State Law states that a student under 16 years of age may not be absent more than seven (7) unexcused day sessions in a six (6) month time period. Additionally, Massachusetts State Law states that a school district may initiate an application for assistance in juvenile court if a student has willfully failed to attend school for more than eight (8) school days in a quarter or repeatedly fails to obey the lawful and reasonable regulations of the child's school.

ATTENDANCE POLICY / FAILURES AND LOSS OF CREDIT DUE TO ABSENCE

Students who miss 10% of the school year are considered "chronically absent" by the Massachusetts Department of Elementary and Secondary Education. A student with undocumented absences for 9 or more days for a semester- long course or 18 or more days for a year-long course will not receive credit for that course. Approved documentation includes medical documentation, court appearances, military obligations, or the equivalent. Notes from parents/guardians or relatives do not count as official documentation for attendance purposes, but such notes are useful as communication tools with the Drury main office. Students will not be penalized for school-related absences such as field trips, assemblies, job shadowing opportunities, and suspensions from school.

Students who exceed the maximum number of allowable days absent will lose credit for the course and have their grade changed to an FA (failure due to absence) and will not be allowed to attend dances or other after-school celebrations until the FA is removed via appeal or until the start of the next school year. Students may appeal the loss of credit and FA designation by completing the appeal form within 15 days of the loss of credit notification and submitting it to their guidance counselor. The administration will consider unusual circumstances should a student choose to appeal the lack of credit. The student will be responsible for providing documentation to support his/her appeal. The outcome of the appeal may result in an attendance plan for the student which could include the expectation of Saturday school credit recovery sessions and/or summer credit recovery programs.

Note: family vacations, non-emergency family situations, undocumented illness, college trips, and/or truancy will not be recognized as unusual circumstances by the administration.

All absences to school must be reported as indicated below:

TO REPORT AN ABSENCE - office policy

A parent/guardian must call the school to inform the office of a student absence by 9:00 a.m. on the day of the absence, OR a parent or guardian must write an excuse at least one day before the absence providing the student name, date, days of absence, reason for absence, parent or guardian signature, and daytime phone number.

Students who are absent for the day may not come into school for any reason or participate in any school function without prior administration approval. Students who come to school after 10:00 AM will not be allowed into school without administrative approval.

For state reporting procedures, students from districts other than North Adams that may cancel school when North Adams does not cancel school are recorded as absent. Those students must administrative approval to participate in school activities that day.

EARLY DISMISSAL

Early dismissal from school is a privilege that should not be abused. The administration requests the cooperation of the parents/guardians in keeping all students in school for the entire day. If it is necessary for a student to leave school for an emergency or unavoidable appointment, he or she must have verbal permission from a parent/guardian by a call to the main office before 9:00 a.m. the morning of the dismissal. The student must also have a written note indicating the need for dismissal for the school records. Dismissal is at the discretion of the administration and is for the rest of the day. Students are not allowed to return, including practices/games/after-school activities unless allowed by administrative permission.

Illness: If a student becomes ill during the school day and needs to be dismissed, he or she must secure permission through the school nurse. Home contact must be made by the nurse before dismissal can be allowed.

All students with permission for dismissal must check out with the office BEFORE leaving (failure to follow this procedure may result in disciplinary consequences up to and including out-of-school suspension).

NOTIFICATION OF ABSENCES

Parents and guardians will be notified and/or contacted with the following information related to the student's attendance at Drury:

INCREMENTAL CLASS ATTENDANCE ALERTS indicating student absenteeism will be mailed home.

NOTIFICATION/DOCUMENTATION points of emphasis:

Letters will include Massachusetts State Law and possible course of actions the school may pursue with the Department of Social Services and/or Juvenile Court.

The school requests a timely response by parents/guardians by phone or by meeting with school personnel to address attendance concerns and work collaboratively with the student/family to improve attendance.

Prompt documentation (see listed outlined circumstances to document in above attendance policy) within seven days is requested and must be submitted to the Main Office.

Attendance policy violations will be reported to the student, parent/guardian and appropriate school personnel (i.e. classroom teacher, guidance department, etc.)

ABSENCES, ATTENDANCE, AND GRADES

GRADING POLICIES used to determine a student's grade in each course are based on numerous factors including attendance, class participation, homework, project work, tests and quizzes. Teachers will inform students of their marking formula during the first week of the course. *Student attendance is a contributing factor in every teacher's grading process.* STUDENTS VIOLATING THE ATTENDANCE POLICY WILL NOT RECEIVE COURSE CREDIT.

CREDIT FOR CLASSES

Credit is earned by a combination of two factors:

The student has earned a passing grade from a combination of the marking periods involved and the final exam.

The student has NOT VIOLATED the attendance policy or has successfully supported their appeal to the attendance board/administration.

MAKEUP WORK

Points to Remember:

Students determined by administration as truant from class (class cut) or school may not make up work.

Students are responsible for contacting teachers to obtain makeup work/missed assignments.

Students have one day of makeup for each day absent, up to one week. After one week – by special arrangement with the teacher. Failure to make up work, tests, projects, etc. in the allotted time will result in zeros.

Absences from school or classes due to a school related function or suspension will not affect students' grades, although these students need to make up work in the allotted time period.

CUTTING CLASSES

Tardiness of 10 minutes or more shall be considered a class cut. Teachers must report the class cut to the Dean of Students if a student is 10 minutes or more late unless the student has a pass to class. Students who are chronically tardy to school resulting in class cuts may have their driving privileges/extra-curricular privileges revoked. Students who cut classes, academic support classes, tutoring, and other special assignments will receive disciplinary consequences including but not limited to office detention, internal suspension, out-of-school suspension, extended detention, and Saturday School.

TARDINESS TO SCHOOL

Students are expected to report to school on time.

Students are considered tardy to school if they are not in period A by 7:45 a.m. Tardiness prior to 7:55 a.m. will be handled by the first period teacher.

If a student arrives at school after 7:55 a.m., it will be considered a class cut in the classes missed UNLESS there is documentation for an appointment, etc. warranting the tardiness. Administration reserves the right of discretion to excuse tardiness to school for legitimate reasons/extenuating circumstances. In this instance, the student will be given a pass to admit them to class. Discipline for school tardiness after 7:55 a.m. will include, but is not limited to, office detention, internal suspension, out-of-school suspension, extended detention, and Saturday School.

TARDINESS TO CLASS

Students are expected to report to class on time. Students late 10 or more minutes will be reported as a class cut by the teacher and should remain in class to receive instruction for the period.

Students may be excused for being tardy if they have a pass from a teacher, the nurse, or the office. There are three minutes of passing time between classes. Students who are repeatedly tardy to class will receive disciplinary consequences from their teacher including but not limited to teacher detention, parent/student meeting, and loss of privileges

Students who are in the hall without a pass after the late bell may be subject to disciplinary measures.

TRANSFERS

Parents/Guardians of students transferring from other school systems will be asked to sign a record release form to enable Drury High School to obtain the student's records.

CONTACT INFORMATION & CHANGE OF ADDRESS

In the event a student moves to a new address during the school year, the school office must be notified. If you move out of North Adams, but wish to have your child still attend Drury, you need to complete a school choice form which may be obtained at the Superintendent's office or on our website. Should you move out of the Drury district but within North Adams, you will need to enroll your child at the appropriate school. Families may be asked to document re-verify proof of residency as needed.

To update our files, we request that you notify the school office when you change any of your contact information, including; your address, telephone number, email address, or emergency contact information. It is very important that we have up to date contact information for every student in order to maintain two-way communication with each family. Please provide two contact numbers in case of an emergency situation.

ACADEMIC INFORMATION

Grade 7 and 8 students must take the required MCAS testing during their 7th and 8th grade year in ELA and Math and in grade 8 in Science. **Students enrolled in Grade 7 or 8 must meet the prerequisite requirements of passing all courses with a minimum average of 65.** Students who do not meet the prerequisites may not move on to the next level of courses in subjects they fail and may be retained for the next year. Students in grade 7 and 8 may participate in a spring or summer engagement program specifically designed for academic skill building and remediation should they not meet the prerequisite to move on to the next level (pending grant funding and administrative approval).

Credits for high school graduation will begin to accrue during a student's Grade 9 year. Students who enroll in advanced high school coursework in grade 8 may, upon completion of grade 12, apply for a waiver to allow the advanced coursework to count for high school credit. For grade level classification, students must receive a passing grade in five (5) courses (totaling 5 credits) to be ranked as Grade 10. Ten (10) credits are required to be ranked as Grade 11. Fifteen (15) credits are required to be ranked as Grade 12. Twenty-two (22) credits are required for graduation.

Students who do not attain a score of "Meets Expectations" or higher (or the equivalent as determined by the Massachusetts Department of Elementary and Secondary Education) on their Grade 10 ELA and Math MCAS exams will be required to complete an Educational Proficiency Plan and specific course work in the subject areas of ELA and Math in order to be eligible to earn their high school diploma.

Students enrolled in an Advanced Placement course must take the corresponding Advanced Placement examination as a course requirement. The parent/guardian of a student in an Advanced Placement course is responsible for paying the examination fee as determined by the College Board. The cost of the exams may be partially reduced if district funding is available.

See the *Schedule Change Request* form in the College and Career Center for more information.

COLLEGE AND CAREER SERVICES

All students at Drury High School are assigned a guidance counselor who will: serve as an academic advisor, help with problems related to course and program selection, course and program changes, plan for the future, oversee academic progress, help with confidential personal issues, and facilitate the entry of new students.

Counselor assignments – Grades 7-8: *James Heinegg*; Grades 9-12, Last names **A - K**: *Jaime Hamilton*; Grades 9-12 Last names **L – Z**: *Kathy Morgan*. When a student wishes to schedule an appointment with their counselor, they should email their counselor directly to schedule the appointment.

SCHOOL ADJUSTMENT COUNSELOR

Two school-based adjustment counselors are available to counsel students who want help with personal, family, or school related problems. Counseling is available on an individual basis, in small groups, or with the student's family. All conversations with an adjustment counselor are strictly confidential. Adjustment counselors can be accessed through the Student Support Centers or via request through the guidance counselors.

BOOKS, TEXTS, MATERIALS, AND TESTING FEES

Books and materials issued to students are their responsibility and they are expected to keep them clean and in good condition. Lost or damaged books or materials must be paid for by **the student to whom they were issued**. The replacement cost of unreturned or damaged books or materials or unpaid student testing fees (AP, SAT, etc.) must be received **before** transcripts, credits, or grades will be released. (All students enrolled in Advanced Placement classes will be required to take the AP Exam at the end of the year and pay the appropriate testing fees.) Note: diplomas will be withheld from students with outstanding debts due to unpaid fees or replacement costs.

CURRICULUM REVIEW AND CIVIL RIGHTS CRITERION

North Adams Public Schools ensures that individual teachers in the district review all educational materials for simplistic and demeaning generalizations, lacking intellectual merit, on the basis of race, color, sex, gender identity, religion, national origin and sexual orientation. Appropriate activities, discussions and/or supplementary materials are used to provide balance and context for any such stereotypes depicted in such materials. (Adopted from Massachusetts Department of Elementary and Secondary Education Civil Rights Criterion)

To meet required criterion, individual teachers are also asked to evaluate personal stories and sharings to allow for balance and context. The District's Curriculum Team evaluates materials prior to adoption or inclusion into the list of approved resources that can be accessed by teachers in support of learning.

CLASS RANK

Class rank is determined at the end of the junior year. The rank of a student depends on the number of quality points a student earns. Quality points for a course depend on course grade plus added points for class level (3 for CP, 6 for Honors, and 9 for AP). Class Rank is based on grades 9, 10, 11 and will be released to students in October of the senior year and will not be recalculated.

GRADES AND HONOR ROLL

Grades for each class (including physical education electives) will be added together. The grade total will be divided by the number of courses in order to obtain an average. Pass/Fail courses, Peer Mentoring, and required physical education will **NOT** count in computing honor roll. A student who receives an incomplete or a failing grade in **ANY** subject (including Pass/Fail courses) is not eligible for the honor roll.

HIGH HONORS: 90% - 100% HONORS: 85% - 89%

PROGRESS REPORTS

Progress Reports are mailed home mid-way through each quarter and are meant to inform students and parents/guardians of academic progress and/or areas of concern. Progress reports also serve as a warning to students before report card grades are issued. Individual teacher reports may also be issued to students at any time during the school year and serve as a warning to students who are not working up to capacity. Students and parents/guardians can access PowerSchool to monitor attendance and grades at any time. Grades in PowerSchool are generally updated within 2 weeks of a completed assignment.

REPORT CARDS

Report cards are issued four times a year in November, January, April, and at the close of school in June. A passing grade is 65%. For full-year courses, final grades are an average of four marking terms, each worth 20%, and the final exam worth 20%. For semester courses, each quarter is worth 40% and the final exam is worth 20%. Note: in some courses,

the final exam is replaced by a series of mastery assessments throughout the year. The combined average on those assessments will count as 20% of the grade (in place of the final exam grade).

ELECTRONIC DEVICE USE

The North Adams Public School Committee recognizes that electronic devices are a part of our everyday life. These rapidly evolving technologies play an important role in safety, communication, education, and employment. Appropriate use of technology empowers all learners with the ability to independently access information, communicate ideas, and promote student responsibility for learning. Possession and use of personal electronic devices at school, or on school property is a privilege, not a right. The North Adams Public Schools are not responsible for any lost, stolen, or damaged personal electronic device brought on school property. Students who choose to bring personal electronic devices to school, on school property, including buses, or to school sponsored events, agree to the following policy:

In grades seven through twelve, personal electronic devices may be used in classrooms, or other identified areas, in support of teaching and learning with authorization from the classroom teacher or other supervising staff member.

Authorized uses for personal electronic devices for academic tasks include, but are not limited to: calculation, research, data gathering, organization, completion, and submission of assignments.

If used appropriately and respectfully, personal electronic devices may be used quietly in hallways or in the cafeteria as long as such use does not cause a disruption to the learning environment.

Students who do not use their personal electronic devices appropriately and respectfully may have their devices confiscated by the administration and will receive disciplinary consequences including but not limited to office detention, internal suspension, external suspension, extended detention, and Saturday School.

Please obey posted rules of school conduct and follow our safety rules while in the building to assist our efforts to maintain a positive and safe school environment.

BUS STUDENTS

Bus routes and bus stops are determined in collaboration with the bus company. Prior to the start of the school year, the bus schedule is listed in the local newspaper and posted to the district website. No one is allowed to ride on a bus to which they have not been assigned.

Continued unsafe behaviors will result in progressively more substantial consequences at the discretion of the school administration up to and including suspension or withdrawal of bus privileges.

BICYCLES

It is the sole responsibility of parents/guardians to make students aware of these rules and conditions and the safety reasons supporting them.

The District requires that students and their parents/guardians ensure that student using bicycles for transportation to and from school follow bicycling state law and safety guidelines, and always use common sense and good judgment. It is the responsibility of parents/guardians to ensure that all students wear a properly fitted helmet when riding a bicycle to and from school.

Parents/guardians are responsible for ensuring that children in 3rd grade and below are accompanied by an adult when bicycling to or from school, as well as complying with applicable laws and the requirements set forth in this policy. Parents/guardians are strongly cautioned to exercise great care and supervise carefully if children of this age wish to bicycle to school.

The District provides bicycle education in Grade 3 to teach traffic skills and rules as well as improved judgment in individual and group bicycling. The District requires that every child take this training or a similar bicycle safety course before riding in traffic.

DRIVING AND PARKING

Driving and parking at Drury High School is a privilege and is allowed by permit only at the discretion of the administration. Students may be assessed a fee for this privilege, and the privilege may be revoked if abused. For security reasons, the administration reserves the right to inspect vehicles on school property. The administration reserves the right to conduct periodic inspections which may include search by using police dogs. There is no expectation of privacy for vehicles and/or individuals using the school's parking facilities. REWARDS

North Adams Public Schools employees and volunteers shall not use foods or beverages as a reward in the classroom or common area for academic performance or good behavior. Students that have food-based accommodations in their IEP or 504 plans will be exempt. Parents/guardians, teachers, and staff are encouraged to think creatively and utilize non-food rewards. Additional non-food reward suggestions can be found on the NAPS website Food Services Department Wellness tab.

STUDENT RULES, BEHAVIOR AND DISCIPLINE

STUDENT CONDUCT

It is expected that teachers will maintain a safe and orderly environment by utilizing a variety of classroom management techniques. Actions that are disrespectful, constitute a refusal, and are disruptive or unsafe will not be tolerated. Deans of Students will assess each individual situation and apply educationally sound interventions/consequences for violations of student code of conduct and ensure compliance with federal and state laws: Individuals with Disabilities Education Act (IDEA), Family Educational Rights and Privacy Act (FERPA), and Section 504.

The Students of North Adams Public Schools will be empowered learners with the knowledge, skills, and mindset to continuously grow as responsible citizens in a rapidly changing world.

Students should be ready to learn every day, demonstrating the qualities of respect, responsibility, and resilience. The following "I can" statements indicate what the students should be able to demonstrate as learners at Drury High School.

Respectful Learners:

- I can learn as part of community by taking care of myself, others and materials.
- I can demonstrate empathy and the power of a genuine apology.
- I can learn as part of a community with members that have differing opinions, cultures, likes and dislikes.
- I can recognize when someone needs assistance and support them.
- I can listen, encourage, lead and be helpful to create a positive learning environment.

Responsible Learners:

- I can own my decisions and behavior, and accept the results.
- I can do what's right even when no one is looking, and I ask questions when I'm not sure what is right.

- I can equip myself with the necessary intellectual, social and material resources to learn.
- I can take steps to problem-solve without blaming others, and I can reflect on the cause-and- effect of my actions.
- I can work collaboratively with others by sharing information, listening to others, and acknowledging various points of view.

Resilient Learners:

- I can finish what I start by learning from challenges I experience.
- I can ask for help when I need it.
- I can help others in a positive way when they need it.
- I can be present with my body, my heart and my mind to learn.
- I can take risks that help me grow.

Drury High School works with students to frame behaviors that may interrupt teaching and learning into tiers to determine appropriate responses and interventions. They are outlined as:

Tier I:

Tier 1 student behaviors typically manifest as refusals and/or disruptions, which impedes orderly classroom procedures or interferes with the orderly operation of the school. An adult or staff member in the classroom manages these behaviors.

Tier II:

Tier 2 student behaviors typically manifest as refusal and/or disrespect, where the frequency or seriousness of the behavior disrupts the learning climate in the classroom. These infractions, which usually result from the continuation of Tier I behaviors and require the intervention of personnel (Student Support staff) and occasionally the administration because the application of Tier I consequences/interventions has yet to improve student behavior. Also included in this level are behaviors, which do not represent a direct threat to the health and safety of others, but the educational consequences are serious enough to require intervention and/or redirection.

Tier III:

Tier 3 student behaviors typically manifest as refusals and/or safety concerns, where student actions are directed against a person(s) and/or behaviors that warrant immediate intervention. These acts may require assistance from outside agencies including law enforcement. All Tier 3 behaviors/actions require staff to immediately contact the Main Office to report the incident.

ACADEMIC DISHONESTY

Students who are caught cheating, plagiarizing, or participating in such acts will receive an academic penalty as determined by the classroom teacher. Students who develop a pattern of academic dishonesty may receive additional disciplinary consequences and loss of privileges as determined by the administration.

DUE PROCESS FOR SUSPENSIONS

NOTICE OF PROPOSED SUSPENSION

Except in the case of an emergency removal or disciplinary offense defined under M.G.L. c. 71, §§37H or 37H½ or an in-school suspension as defined by 603 CMR 53.02(6), the school shall provide the student and parent/guardian with

written and oral notice of the proposed out-of-school suspension, an opportunity to be heard at hearing, and the opportunity to participate at the hearing. Notice shall set forth in plain language:

- a) the disciplinary offense;
- b) the basis for the charge;
- c) the potential consequences, including the potential length of the student's suspension;
- d) the opportunity for the student to have a hearing with the principal concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent/guardian to attend the hearing;
- e) the date, time, and location of the hearing;
- f) the right of the student and student's parent/guardian to interpreter services at the hearing if needed to participate;

The principal shall make reasonable efforts to notify the parent/guardian orally of the opportunity to attend the hearing. In order to conduct a hearing without the parent/guardian present, the principal must be able to document reasonable efforts to include the parent/guardian. Reasonable effort is presumed if the principal sent written notice and documented at least two attempts to contact the parent/guardian in the manner specified by the parent/guardian for emergency situations.

All written communications regarding notice of proposed suspension shall be either by hand delivery or delivered by first-class mail, certified mail, or email to address provided by the parent/guardian for school communications (or other method agreed to by the principal and parent/guardian) in English, and in the primary language in the home if other than English, or other means of communication where appropriate.

SHORT-TERM SUSPENSIONS: HEARING AND PRINCIPAL DETERMINATION

A short-term suspension is the removal of the student from the school premises and regular classroom activities for ten (10) consecutive days or less. Out-of-school short-term suspensions which do not cumulatively over the course of the school year exceed ten (10) days of suspension shall be conducted in accordance with this section.

Principal Hearing. The purpose of the hearing with the principal is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student has committed the disciplinary offense, the basis for the charge, and any other pertinent information. The student shall have an opportunity to present information, including mitigating facts. A parent/guardian present at the hearing shall have the opportunity to discuss the student's conduct and offer information, including mitigating circumstances.

Based on the available information, including mitigating circumstances, the principal will make a determination whether the student committed the disciplinary offense, and if so, the consequence. The principal will provide notification in writing of his/her determination in the form of an update to the student and parent/guardian, and provide reasons for the determination. If the student is suspended, the principal shall inform the parent/guardian of the type and duration of the suspension, and shall provide an opportunity for the student to make up assignments and other school work as needed to make academic progress during the period of removal.

If the student is in grades pre-k through 3, the principal shall send his/her determination to the superintendent and explain the reasons prior to imposing an out-of-school suspension, before the short-term suspension takes effect.

All written communications regarding the hearing and principal determination shall be either hand delivery or delivered by first-class mail, certified mail, or email to the address provided by the parent/guardian for school communications (or other method agreed to by the principal and parent/guardian) in English, and in the primary language in the home if other than English, or other means of communication where appropriate.

LONG-TERM SUSPENSIONS: HEARING AND PRINCIPAL DETERMINATION

A long-term suspension is the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. The purpose of the hearing with the principal is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student has committed the disciplinary offense, the basis for the charge, and any other pertinent information. The student, and parent or guardian if present, shall have an opportunity to present information, including mitigating facts, that the principal will consider in determining whether alternatives to suspension such as loss of privileges, detention, an apology, a student contract, restitution, and/or probation are appropriate.

Additionally, the student shall have the following additional rights:

In advance of the hearing, the opportunity to review the student's record and the documents upon which the principal may rely in making a determination to suspend the student or not;

- i. the right to be represented by counsel or a lay person of the student's choice, at the student's and or parent's/guardian's expense;
- ii. the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; and
- iii. the right to cross-examine witnesses presented by the school district;
- iv. the right to request that the hearing be recorded by the principal. All participants shall be informed that the hearing is being recorded by audio. A copy of the audio recording will be provided to the student or parent/guardian upon request.

Based on the evidence submitted at the hearing the principal shall make a determination as to whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension (the use of evidence-based strategies and programs, such as mediation, conflict resolution, restorative justice, and positive interventions and supports) what remedy or consequence will be imposed. If the principal decides to impose a long-term suspension, the written determination shall:

- i. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
- ii. Set out key facts and conclusions reached by the principal;
- iii. Identify the length and effective date of the suspension, as well as a date of return to school;
- iv. Include notice of the student's opportunity to receive a specific list of education services to make academic progress during removal, and the contact information of a school member who can provide more detailed information.
- v. Inform the student of the right to appeal the principal's decision to the superintendent or his/her designee (only if a long-term suspension has been imposed) within five (5) calendar days, which may be extended by parent/guardian request in writing an additional seven (7) calendar days.

The long-term suspension will remain in effect unless and until the superintendent decides to reverse the principal's determination on appeal.

If the student is in grades pre-k through grade 3, the principal shall send his/her determination to the superintendent and explain the reasons prior to imposing an out-of-school suspension, whether short-term or long-term, before the suspension takes effect.

All written communications regarding the hearing and principal determination shall be either hand delivery or delivered by first-class mail, certified mail, or email to the provided by the parent/guardian for school communications (or other

method agreed to by the principal and parent/guardian) in English, and in the primary language in the home if other than English, or by other means of communication where appropriate.

APPEAL OF LONG-TERM SUSPENSION

A student who is placed on a long-term suspension shall have the right to appeal the principal's decision to the superintendent if properly and timely filed. A good faith effort shall be made to include the parent/guardian at the hearing. The appeal shall be held within three (3) school days of the appeal, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days, which the superintendent shall grant.

The student and parent/guardian shall have the same rights afforded at the long-term suspension principal hearing. Within five (5) calendar days of the hearing the superintendent shall issue his/her written decision which meets the criteria required of the principal's determination. If the superintendent determines the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than that of the principal. The superintendent's decision shall be final.

EMERGENCY REMOVAL

A student may be temporarily removed prior to notice and hearing when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption. The temporary removal shall not exceed two (2) school days, following the day of the emergency removal.

During the emergency, removal the principal shall make immediate and reasonable efforts to orally notify the student and student's parent/guardian of the emergency removal and the reason for the emergency removal. The principal shall also provide the due process requirements of written notice for suspensions and provide for a hearing which meets the due process requirements of a long-term suspension or short-term suspension, as applicable, within the two (2) school day time period, unless an extension of time for the hearing is otherwise agreed to by the principal, student, and parent/guardian.

A decision shall be rendered orally on the same day as the hearing, and in writing no later than the following school day. The decision shall meet all of the due process requirements of a principal's determination in a long-term suspension or short-term suspension, as applicable.

A principal will not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

IN-SCHOOL SUSPENSION UNDER 603 CMR 53:02(6) & 603 CMR 53.10

In-school suspension is defined as the removal of a student from regular classroom activities, but not the school premises, for not more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions over the course of the school year.

As an alternative to short-term out of school suspension, the principal may impose an in-school suspension as defined above according to the following procedures:

The principal shall inform the student of the disciplinary offense charged and the basis for the charge, and provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal determines that the student committed the disciplinary offense, the principal shall inform the student of the length of the student's in-school suspension, which shall not exceed ten (10) days, cumulatively or consecutively, in a school year.

On the same day as the in-school suspension decision, the principal shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension. The principal shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal is unable to reach the parent after making and documenting at least two (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

The principal shall send written notice to the student and parent about the in-school suspension, including the reason and the length of the in-school suspension, and inviting the parent to a meeting with the principal for the purpose set forth above, if such meeting has not already occurred. The principal shall deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the principal and the parent.

SUSPENSION OR EXPULSION FOR DISCIPLINARY OFFENSES UNDER M.G.L. 71 §§37H AND 37H½

The due process notification and hearing requirements in the preceding sections do not apply to the following disciplinary offenses:

Possession of a dangerous weapon, possession of a controlled substance, or assault of staff

A student may be subject to expulsion if found in possession of a dangerous weapon, possession of a controlled substance, or the student assaults a member of educational staff, and the principal determines the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

The Principal shall notify the student and parent(s)/guardian(s) in writing of the opportunity for a hearing, and the right to have representation at the hearing, along with the opportunity to present evidence and witnesses. After said hearing, a principal may, in his/her discretion, decide to levy a suspension rather than expulsion. A student expelled for such an infraction shall have the right to appeal the decision to the Superintendent. The expelled student shall have ten (10) days from the date of the expulsion in which to notify the Superintendent of his/her appeal. The student has the right to counsel at the hearing before the Superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student was guilty of the alleged offense.

Felony complaint or issuance of felony delinquency complaint

Upon the issuance of a criminal complaint charging a student with a felony, or the issuance of a felony delinquency complaint against a student, the Principal may suspend a student for a period of time determined appropriate by the Principal if the Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

The Principal shall notify the student in writing of the charges, the reasons for the suspension (prior to such suspension taking effect), and the right to appeal. The Principal will also provide the student and parent(s)/guardian(s) the process for appealing the suspension to the Superintendent. The request for appeal must be made in writing within five (5) calendar days. The hearing shall be held within three (3) days of the request. The suspension shall remain in effect prior to any appeal hearing before the Superintendent. At the hearing, the student shall have the right to present oral and written testimony, and the right to counsel. The Superintendent has the authority to overturn or alter the decision of the Principal. The Superintendent shall render a decision on the appeal within five (5) calendar days of the hearing.

Felony conviction or adjudication/admission in court of guilt for a felony or felony delinquency The Principal may expel a student convicted of a felony, or has an adjudication or admission of guilt regarding a felony, if the Principal determines

that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

The student shall receive written notification of the charges and reasons for the proposed expulsion. The student shall also receive written notification of his right to appeal the decision to the Superintendent, as well as the appeal process. The expulsion shall remain in effect prior to any appeal hearing conducted by the Superintendent.

The student shall notify the Superintendent in writing of his/her request for an appeal the decision no later than five (5) calendar days following the date of the expulsion. The Superintendent hearing shall be held with the student and parent(s)/guardian(s) within three (3) calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony, and shall have the right to counsel. The Superintendent has the authority to overturn or alter the decision of the Principal. The Superintendent shall render a decision on the appeal within five (5) calendar days of the hearing.

SCHOOL-WIDE EDUCATIONAL SERVICES PLAN

EDUCATION SERVICES AND ACADEMIC PROGRESS UNDER MGL SECTIONS 37H, 37H1/2 AND 37H3/4:

Any student who is serving an in-school suspension, short-term suspension, long-term suspension, or expulsion shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school. The principal shall inform the student and parent of this opportunity in writing when such suspension or expulsion is imposed.

Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan. A description of the school-wide education service plan is provided below. The principal shall notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English as determined by the home language survey, or other means of communication where appropriate. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

DISCIPLINING STUDENTS WITH DISABILITIES

Although all students are expected to meet requirements of the Student Discipline Code as set forth in this handbook, if the TEAM has determined that a student cannot be expected to meet this Code, it shall be documented in the student's Individualized Education Program (IEP), or a 504 Plan. All alternative approaches to the Code must be listed in the student's IEP, or a 504 Plan. A student who has an IEP, or has been considered to be in need of special education, may be disciplined and/or suspended in the same manner as a non-eligible student for any period if it does not exceed ten (10) cumulative days in the school year. Before a suspension of a special education student that goes beyond ten (10) cumulative days, a Manifestation Determination shall be made at a TEAM meeting; a Functional Behavioral Assessment may be completed as well by a Student Service staff person. If all the process requirements set forth for the Manifest Determination have been met, then the TEAM has one of two choices to make based on the answers to two (2) questions. These questions are: (a) "Was the conduct in question caused by, or did it have a direct and substantial relationship to the student's disability?" and (b) "Was the conduct in question the direct result of the school's failure to implement the student's IEP?" The TEAM may determine that the conduct was not a manifestation of the student's disability, and the student may be disciplined in the same manner as a non-eligible special education student, such as being excluded for more than ten (10) days. In cases involving removals for behavior not found to be a manifestation of the student's disability, the IEP TEAM shall also establish how the special education services will be provided when the

student is excluded. If the IEP TEAM determines that the behavior creating the need for exclusion is a manifestation of the student's disability, the TEAM must take immediate steps to remedy those deficiencies in the student's IEP, or placement, and/or in their implementations in order to better address the behaviors and prevent them from recurring.

The above rights also apply to students who have 504 Plans, and whose behavior may be a manifestation of their disability. Whether or not the student's conduct/behavior is a manifestation of the disability, the student may be placed in an intermediate alternative educational setting if there is documentation of carrying or possessing a weapon at school, on school premises, or at a school function, of knowingly possessing, using, selling, or soliciting the sale of a controlled substance while at school, on school premises, or at a school function; or inflicting serious bodily injury upon another person while at school, on school premises, or at a school function.

The above rights also apply to students who have been referred for special education services, even if it has not been determined if the student is eligible of special education services at the time of the infraction of the Code. If it is deemed that the school knew, or should have known, that the student was in need of special education services at the time of misconduct under consideration, then the same protections may apply to those students. As consistent with Massachusetts General Law c.76 s.5 "The North Adams Public Schools adheres to nondiscrimination in the student disciplinary process." All appeals about discipline cases can be made directly to the Bureau of Special Education Appeals.

Students identified as having a disability and provided with a Section 504 plan

1. Students are expected to meet the expectations for behavior identified in this handbook.
2. A student on a Section 504 plan may be disciplined like any other non-disabled student. However, if the student is going to be suspended for ten (10) or more consecutive days, expelled or suspended for more than fifteen (15) cumulative days (and there is a change in placement as a result), then a manifestation determination shall be done.
3. A student with a 504 plan may not be disciplined beyond ten days if his/her conduct is a manifestation of his/her disability.

DRUG AND ALCOHOL POLICY

It is a violation of state law and school rules, and a threat to the welfare of others at school, for anyone to possess, use, sell, or distribute alcohol or drugs on school grounds or at school sponsored activities at any time. Violations will result in disciplinary action as well as attempts to offer the student assistance in identifying and treating alcohol and drug related problems. The Brien Center for Mental Health and Substance Abuse Services can provide an initial meeting to screen for potential alcohol and/or drug problem. Students participating in this service because of a violation of school policy are expected to sign a two-way release of information form with the Brien Center which will allow the Brien Center to confirm attendance at the session and to inform the school adjustment counselor about treatment recommendations. The Brien Center will attempt to see students promptly, usually within one week. To request an initial meeting, the student and parent/guardian should call the Brien Center at 664-4541, speak with the intake coordinator for child and adolescent services, and request an initial meeting because of a school alcohol or drug violation to be scheduled as soon as possible.

DRUG AND ALCOHOL DISCIPLINE POLICY

CATEGORY I: SELLING, DISTRIBUTING, OR POSSESSION OF A CONTROLLED SUBSTANCE WHILE UNDER SCHOOL JURISDICTION.

1. As noted in the Education Reform Act, Chapter 71, Section 37H: any student who is found on school premises or school related events, including athletic games, in possession of a controlled substance is subject to expulsion from the school or school district by the principal.
2. Notification of parent or guardian.
3. Notification of police.
4. The principal shall schedule a hearing with the student, parent or guardian to review the violation, at which time the student may present evidence or witnesses.
5. After the hearing the principal may (at his or her discretion) make the decision to suspend rather than expel the student.
6. Student-Athletes who violate the drug and alcohol policy will also be subject to consequences related to the Athletic Department's Chemical Health Rule & Student Athletic Eligibility. See the Athletic Director for Interscholastic Rules & Athletic Contract for information on violations and penalties.
7. If suspended, the student must participate in the initial meeting to screen for potential alcohol and/or drug problem and Readmission Procedure described below.

 2. Parents, guardians, and students may make a verbal report or written report to the principal or dean of students and may be assisted in completing a Bullying Prevention Incident Report Form by the administrator.
 3. The Bullying Prevention Incident Report Form may be downloaded from the school and district webpage and is also available in common office areas.

 1. Take initial steps to restore a sense of safety and prevent further incident to the targeted student(s).
 2. Follow the procedures indicated in the Flow Chart for Investigating Bullying that is aligned to the Bullying Prevention Incident Report Form. If the form has not been completed, the principal/dean of students will complete. This procedure includes gathering information about the time, location, etc., interviewing witnesses, interviewing the target, interviewing the alleged aggressor, checking the disciplinary record for prior incidents of harassment, bullying or retaliation and making a determination whether bullying or retaliation has occurred.
 3. If the report involves students from another school or school district, the principal of that school will be notified by telephone.

If the behavior causes a hostile environment, the school may be obligated to extend the scope of the response beyond the interventions with the target and aggressor. For example, a more comprehensive response could include: convening the emergency response team or instructional leadership team to plan response, re-education to students and staff about expectations for behavior and policies against discrimination, conducting outreach to members of the targeted group to identify problems, holding classroom discussions and staff training to increase awareness about discrimination, re-posting information about how to report

harassment violations and contact information for the district civil rights coordinator, reviewing policies for needed revisions, increasing supervision in identified areas, etc.

IV. Procedure for Reporting Discrimination and Harassment

The following complaint procedure has been established to ensure prompt and effective investigation into allegations of discrimination, including harassment.

A person who believes that he or she had been discriminated against, including being harassed may, to the extent that they feel comfortable, immediately:

1. confront the harasser(s) or person believed to be discriminating against him/her;
2. state the conduct that he/she objects to;
3. indicate that he/she finds such conduct offensive, intimidating and/or embarrassing;
4. insist that the person(s) engaging in the conduct stop the conduct immediately; and/or
5. report the conduct immediately to the Civil Rights Coordinator(s);

If the individual with the concern is not comfortable with such a confrontation, or feels that such a confrontation is unsafe and/or otherwise inappropriate, he/she should instead report the situation to the Civil Rights Coordinator(s). Reports/complaints are to be filed within ninety (90) days after the conduct complained of occurred or within the time the individual reasonably becomes aware of the conduct. (Note: this filing period may be extended for good cause.) Reports/complaints filed after ninety (90) days will still be accepted, however, it is important to know that the investigation may be impeded due to the passage of time after the conduct or occurrence. The report can be written or oral and should consist of the following:

1. the specific conduct objected to,
2. the date(s) and time(s) such conduct took place,
3. the name(s) of the alleged harasser(s) or person believed to be discriminating against them,
4. the location(s) where the conduct occurred,
5. the name(s) of any witness(es),
6. action sought to remedy the situation, and
7. any other details or information requested by the designated official.

The individual can contact the Civil Rights Coordinator(s) to file a report/complaint as well as to seek assistance in the filing of a report/complaint. If a report/complaint is filed, the person should provide the Civil Rights Coordinator(s) with any documentation (emails, notes, pictures, etc.) or other information in support of the allegation of discrimination, including harassment.

V. Investigation of Complaints

Upon receipt of a report or complaint, the Civil Rights Coordinator(s) should conduct a prompt investigation. The investigation must allow for the complainant, the subject of the complaint, the alleged harasser, and any other appropriate party to provide information, including witnesses or other evidence, relevant to the consideration and resolution of the complaint. The Civil Rights Coordinator(s) will also endeavor to promptly interview and obtain detailed written statements from potential witnesses. If further documentation or information is necessary, the Civil Rights

Coordinator(s) will notify the appropriate party, asking that the information be provided within ten (10) school/working days.

The District will take interim steps, as necessary, to ensure the safety and well-being of the complainant and the alleged harasser while the investigation is being conducted. Interim measures are available even if the complainant does not file or continue to pursue a complaint. The Civil Rights Coordinator(s) shall notify the complainant and the alleged harasser of specific types of interim measures available, which may include measures to avoid contact with the other party, allowing employees to change work situations as appropriate, or prohibiting contact between the parties pending the results of the District's investigation. At any time, a complainant or the alleged harasser may request either orally or in writing to the Civil Rights Coordinator that specific interim measures be taken pending the outcome of the investigation.

A written determination regarding the complaint and any resolution will be provided by the Civil Rights Coordinator to the complainant and the alleged harasser within thirty (30) school/working days of the complaint. The determination of whether the District's antidiscrimination policy has been violated will be based upon a preponderance of the evidence standard.

The complainant or the alleged harasser may request reconsideration of the determination and/or resolution of a complaint by notifying the Superintendent in writing or verbally within seven (7) school/working days of receipt of the written determination of the Civil Rights Coordinator. The Superintendent or his/her designee will respond to such request with notice to both parties within (30) thirty school/working days of receipt of the request for reconsideration; his/her decision is final.

If a violation is found to have occurred, the District will take steps to prevent recurrence of the violation and correct its discriminatory effect on the person(s) affected. Such steps may include appropriate disciplinary action, counseling, development of a safety plan and other remedies, as appropriate.

VI. Consequences of Violating Policy - Discipline & Discharge

Any employee who violates this policy will be subject to disciplinary action consistent with the contractual provisions governing his/her employment. In appropriate circumstances, the District may also refer the matter to law enforcement officials for possible prosecution.

Any student who violates this policy will be subject to disciplinary action which may range from detention, suspension from schools, or expulsion from school. (Note: students with disabilities will be subject to the applicable disciplinary procedures set forth in the Students' Rights and Responsibilities District handbook, which adhere to Individuals with Disabilities Education Act and Section 504 of Rehabilitation Act of 1973.) In appropriate circumstances, the District may also refer the matter to law enforcement officials for possible prosecution.

VII. Confidentiality

Investigations of discrimination, including harassment complaints shall be conducted in such a manner as to disclose information only to those with a need to know or those who may have information pertinent to the investigation. Please note, some level of disclosure may be necessary in the course of conducting interviews in connection with investigation of any complaint under this policy. The District shall endeavor to keep such information as confidential as it can without compromising the thoroughness of the investigation.

VIII. State and Federal Authorities

In addition to the process described above, the complainant may, at any time, file a complaint with the U.S. Department of Education Office for Civil Rights, Massachusetts Commission Against Discrimination, Massachusetts Department of

IX. Procedure for Reporting and Investigating Harassment on the Basis of Sex

Notice: The school is considered to have actual knowledge of a sexual harassment complaint if notice of sexual harassment or an allegation of sexual harassment is provided to a Title IX Coordinator, any school official, or any school employee. The School will investigate every formal complaint (which may be filed by a complainant or by a school's Title IX Coordinator). If the alleged conduct does not fall under Title IX, then a school may address the allegations under the school's code of conduct and can still provide supportive measures. The school is required to investigate the allegations in a complaint, send written notice of the allegations to both parties upon receipt of a formal complaint, and investigate under specified procedures. Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

Reporting: Any person may file a report of sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), at any time either in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. However, if a person files a false complaint in bad faith, knowingly and intentionally, they will be subject to discipline.

Investigations: The School will investigate and adjudicate formal complaints of sexual harassment using a grievance process that incorporates due process principles, treats all parties fairly, and reaches reliable responsibility determinations. The school's grievance process will:

- Give both parties written notice of the allegations, an equal opportunity to select an advisor of the party's choice (who may be, but does not need to be, an attorney), and an equal opportunity to submit and review evidence throughout the investigation;
- Use trained Title IX personnel to objectively evaluate all relevant evidence without prejudgment of the facts at issue and free from conflicts of interest or bias for or against either party;

- Protect parties' privacy by requiring a party's written consent before using the party's medical, psychological, or similar treatment records during a grievance process;
- Obtain the parties' voluntary, written consent before using any kind of "informal resolution" process, such as mediation or restorative justice, and not use an informal process where an employee allegedly sexually harassed a student;
- Apply a presumption that the respondent is not responsible during the grievance process (often called a "presumption of innocence"), so that the school bears the burden of proof and the standard of evidence is applied correctly;
- Use the preponderance of the evidence standard for all complaints of harassment on the basis of sex, regardless of whether the complaint is against students or district employees;
- Ensure the decision-maker is not the same person as the investigator or the Title IX Coordinator (i.e., no "single investigator models");
- Parties may submit written questions for the other parties and witnesses to answer;
- Protect all complainants from inappropriately being asked about prior sexual history ("rape shield")
- Send both parties a written determination regarding responsibility explaining how and why the decision-maker reached conclusions;
- Effectively implement remedies for a complainant if a respondent is found responsible for sexual harassment;
- Offer both parties an equal opportunity to appeal;
- Protect any individual, including complainants, respondents, and witnesses, from retaliation for reporting sexual harassment or participating (or refusing to participate) in any Title IX grievance process;
- Make all materials used to train Title IX personnel publicly available on the school's website or, if the school does not maintain a website, make these materials available upon request for inspection by members of the public; and
- Document and keep records of all sexual harassment reports and investigations for at least seven years.

Record Keeping for Sexual Harassment Complaints

Schools must create and maintain records documenting every Title IX sexual harassment complaint. Records relating to complaints of sexual harassment must be kept in accordance with the records retention schedule. Such records include: records of a school's investigation (including complaints (formal and informal), notices, the determination, investigative report, disciplinary measures or remedies, etc.); records of any appeals and materials associated with the appeal; records of any supportive measures taken in response to a complaint of sexual harassment (even if the complainant does not file a formal complaint); records of any informal resolution process; all materials used to train Title IX Coordinators, Investigators, decision makers, and those facilitating an informal resolution. The training materials must be kept on the School's website.

Retaliation is prohibited.

Any person who experiences retaliation for exercising their rights under Title IX can file a retaliation complaint with the Title IX Coordinator. The school will keep the names/identity of parties and witnesses confidential unless such disclosure is required under another law, or is necessary to conduct a thorough grievance procedure.

Supportive Measures

When alleged sexual harassment is reported, the Title IX Coordinator must inform the victim to their right of supportive measures even if not formal complaint is filed. The school must consider the alleged victim's wishes with respect to supportive measures. Supportive measures for those involved in the sexual harassment complaint process may include: counseling, extending deadlines, modifications of work and/or class schedules, school escort services, increased school security and/or monitoring, mutual restrictions on contact between the individuals involved through a safety plan.

Supportive measures will be kept confidential whether they are provided to the alleged victim or accused person to the extent the confidentiality will not interfere with the supportive measure offered.

PHYSICAL RESTRAINT

The North Adams Public School District complies with Massachusetts regulation 603 C.M.R. 46.00 et seq.. Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the school district. Further, students of the district are protected by law from the unreasonable use of physical restraint. Such restraint shall be used only in emergency situations as a last resort and with extreme caution after other lawful and less intrusive alternatives have failed or been deemed inappropriate. Physical restraint is defined as direct physical contact that prevents or significantly restricts a student's freedom of movement.

STUDENT ACTIVITIES AND ATHLETICS

EQUAL OPPORTUNITY STATEMENT

The School Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of age, race, color, sex, gender identity, religion, national origin, sexual orientation, disability or homelessness.

ACADEMIC ELIGIBILITY

There are a variety of extra-curricular programs and activities available to Drury High School students. These are open to all students. Athletes must meet the following criteria:

MIAA Rule 58 Student Eligibility: Academic Requirements:

- A student must secure during the last marking period preceding the contest (e.g. second quarter marks and not semester grades determine third quarter eligibility) a passing grade in four year-long courses (or two courses if following a 4x4 block schedule).
- A student cannot at any time represent a school unless that student is taking courses which would provide Carnegie Units equivalent to four traditional year-long major English courses (or two one-credit courses each semester if following a 4x4 block schedule).
- To be eligible for the fall marking period, students are required to have passed for the previous academic year the equivalent of four traditional year-long major English courses.
- Academic eligibility of all students shall be considered official and determined only on the published date when the report cards for that ranking period are to be issued to the parents/guardians of all students within a particular class.
- Incomplete grades may not be counted toward eligibility until they are made up following school policy.
- A student who repeats work upon which he/she has once received credit cannot count that subject a second time for eligibility.
- A student cannot count for eligibility any subject taken during summer, unless that subject has been previously pursued and failed during the immediately preceding academic year.

Good Citizen Rule: MIAA mandated- Students may not represent their school if they have been assigned In-School (SI) or Out-Of-School (SE) Suspension for the day. In addition, the guidelines below will also determine academic eligibility for student-athletes:

- Eligibility for try-outs for the fall season and participation in the first quarter will be based on the final averages the student receives on their June report card. Athletes participating in a Fall sport with seasons that continue beyond the 1st marking quarter must maintain academic eligibility into the 2nd marking quarter
- Eligibility for the winter season will be based on the first and second quarter grades.
- Eligibility for the spring season will be based on the second and third quarter grades.
- It is the responsibility of the student/parent to maintain an appropriate course load to meet the 5 credit requirement for athletics.

CLASS ATTENDANCE POLICY -- ATHLETICS

All club members and athletes must be in attendance in school before the start of first lunch to participate in any after school meetings, practices, performances or trips. If a contest is scheduled for a weekend, the participant must be in school by the start of first lunch on Friday. Athletes and club members being dismissed may not participate in activities, practice or contests without prior administrative approval. Any exceptions to this policy are made through the Principal. Students who are participating in a **non-curricular activity** may not leave class for the activity unless they meet the academic guidelines for athletics in this handbook.

SECTION 504 ACCOMMODATIONS

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. Section 504 defines a person with a disability as anyone who:

2. Has a record of such impairment; or,
3. Is regarded as having such an impairment

The North Adams School District acknowledges its responsibility under Section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practice in the school district. Under Section 504, the school district has the responsibility to identify, evaluate, and, if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent or person in parental relationship disagrees with the determination made by the professional staff to the school district, he/she has a right to a hearing with an impartial hearing officer. Any questions may be directed to:

EDUCATIONAL STABILITY

STUDENTS EXPERIENCING HOMELESSNESS

As required by law, the district will work with homeless children and youth and unaccompanied youth 1 (collectively, "homeless students") as well as their families or legal guardians to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs, school nutrition programs, summer programming and extracurricular activities.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals;
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings; and
7. Migratory children living in conditions described in the previous examples.

STUDENTS REMAINING IN SCHOOLS OF ORIGIN

It is presumed to be in the best interest of homeless students to remain in their schools of origin, i.e. the school that the student was attending at the time he or she became homeless, or the last school the student attended prior to becoming homeless. Homeless students may continue to attend their school of origin for as long as they remain homeless or until the end of the academic year in which they obtain permanent housing. For homeless students who complete the final grade level served by the school of origin, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

Homeless students are entitled to transportation comparable to that provided for all other students attending school in the district. The district will transport students who are sheltered or temporarily residing within the district to the students' school of origin. For homeless students attending a school of origin located outside the district in which the student is sheltered or temporarily residing, the district in which the school of origin is located will coordinate with the district in which the student is sheltered or temporarily residing to provide the transportation services necessary for the student, and these districts will divide the cost equally. Formerly homeless students who find permanent housing mid-school year will continue to receive transportation services until the end of the school year.

STUDENTS ENROLLING IN DISTRICT WHERE SHELTERED OR TEMPORARILY RESIDING

Parents or guardians may elect to enroll homeless students in the school district in which the student is sheltered or temporarily residing, rather than having the student remain in the school of origin. Enrollment changes for homeless students should take place immediately.

If homeless students are unable to provide written proof of their shelter or temporary residence in the district, the homeless liaison will work with the family seeking enrollment to determine homelessness. Information regarding a homeless student's living arrangement shall be considered a student education record, and not directory information. Records containing information about the homeless student's living arrangement may not be disclosed without the consent of the parent or satisfaction of another student-privacy related exemption.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

DISPUTE RESOLUTION

If the district disagrees with a parent or guardian's decision to keep a student enrolled in the school of origin and considers enrollment in the district where the student is sheltered or temporarily residing to be in the student's best interest, the district will explain to the parent, in writing and in a language the parent can understand,² the rationale for its determination and provide parent with written notice of their rights to appeal the district's determination to the Massachusetts Department of Elementary and Secondary Education ³. During the pendency of any such appeal, the student should remain enrolled in the school selected by the parent or guardian, receiving transportation to school and access to other available services and programs.

The Massachusetts Department of Elementary and Secondary Education's Advisory on Homeless Education Assistance contains additional information about educating homeless students and the appeal process. This advisory is available at the following link: <http://www.doe.mass.edu/mv/haa/mckinney-vento.docx>

STUDENTS IN FOSTER CARE

Educational stability has a lasting impact on students' academic achievement and wellbeing, and the School Committee is committed to supporting all efforts to ensure that students in foster care have equal access to high-quality, stable educational experiences from preschool (if offered) through high school graduation.

Irrespective of the location of a foster care placement, students in foster care will continue to attend their school of origin, unless after a collaborative decision-making process, it is determined to be in the student's best interest to enroll in and attend school in the district in which the student resides in foster care. Enrollment of students in the district where they reside in foster care will take place immediately upon such a determination.

The district has designated a point of contact for students in foster care. The district and the point of contact will collaborate with DCF to ensure that students can access transportation and the other services to which they may be entitled.

BEST INTEREST DETERMINATION

Decisions about whether a student in foster care should continue to attend the school of origin should be made collaboratively by DCF, the student (as appropriate), the student's family and/or foster family (or, if different, the person authorized to make educational decisions on behalf of the student), the school and district of origin, and (when appropriate) the local district where the student is placed. Best interest determinations should focus on the needs of each individual student and account for unique factors about the student and his or her foster care placement. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care; however, DCF will finalize the best interest determination if the relevant parties cannot agree on the best school for the student to attend.

The district can seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by DESE and DCF. Decisions made through this process are not subject to review. To the extent feasible and appropriate, the district will ensure that a child remains in his or her school of origin while the disputes are being resolved to minimize disruptions and reduce the number of moves between schools.

TRANSPORTATION

The district of origin must collaborate with DCF on how transportation will be arranged and provided to ensure that students in foster care who need transportation to remain in their school of origin will receive such transportation while they are in foster care.

Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, seeking help from foster parent(s), etc. Absent other agreements between the district and DCF, the district of origin is responsible for providing transportation to and from the school of origin.

IMMEDIATE ENROLLMENT

If it is in the best interest of a student in foster care to leave the school of origin, the student must be immediately enrolled in the district in which he or she resides in foster care. During enrollment of students in foster care, DCF representatives will present the district with a form indicating that the student is in foster care, along with a state-agency identification badge.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to students in foster care on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

NOTICE OF POSSIBLE PUBLICATION OF CERTAIN STUDENT INFORMATION

Throughout the year information such as student's name, class, honors and awards, participation in sports/activities, projects, photos or video productions may be publicized. Please notify your child's school, IN WRITING, if you do not want the school to disclose information about your child without prior written consent. YOU MUST RE-SUBMIT THIS WRITTEN NOTIFICATION ANNUALLY.

If you submit such written notification NOT to publish information about your child, this will cover ALL the information listed above, including publication of honors and awards. You CANNOT selectively release some information but prohibit the release of other information.

*Section 9528 (Armed Forces Recruiter Access to Students and Student Recruiting Information on the No Child Left Behind Act) requires schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide students' names, addresses and telephone listings to military recruiters when requested. Parents/guardians may opt out of section 9528 by specifying this in a written request not to publicize any student information (as stated above). If you agree to allow student's information to be publicized as described above, you are, BY LAW, consenting to Section 9528 also.
