## WMS 2021-2022 Handbook

Updated automatically every 5 minutes

Dear Parents and Students:

Welcome to the 2021-2022 school year! We are excited to welcome the class of 2029 to join the classes of 2028, 2027, and 2026. Middle school and adolescence bring many physical, social, emotional, and educational changes and challenges. Middle school students can learn from all they do and their learning often comes from trial and error, and it is our responsibility to work together to guide students through this. We hope to provide students with an environment where students can take advantage of as many opportunities as they can.

This handbook is intended to provide information and guidelines about our daily expectations at Webster Middle School. Please review the contents as there have been changes and additions. Once you have read this handbook, please fill out the sign-off sheet indicating so and return it to school.

Webster Middle School strives to build school structure and accountability through PBIS (positive behavioral interventions and supports). We believe in strong relationships that shape a safe and supportive environment for all students. We continue to assess curriculum, teaching pedagogy, and scheduling so that we promote time on learning and opportunities for growth and academic rigor.

Please feel free to reach out to any staff member if there is anything we can do to help support your child's learning. We look forward to what 2021 -2022 may bring, and we are up for the challenge!

Sincerely,

Heidi A. Peterson  
Principal  
Webster Middle School

## Webster Middle School Policies and Procedures

The Webster Middle School is an equal opportunity institution. According to State and Federal law, no person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges, or courses of study of such public school on account of race, color, sex, gender identity, religion, national origin, sexual orientation, homelessness, or disability. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, gender identity, religion, national origin, sexual orientation, homelessness, or disability, their complaint should be registered with the Title IX Compliance Officer.

## Parent/Guardian Responsibilities

For the safety of individual students and emergency situations, it is important that parents keep their students' personal information up-to-date. Parents should notify the main office when there is a change in address, phone number, or custody information. Official court documentation is required in regards to custody changes. It is also the parent's/guardian's responsibility to be in contact with the school nurse regarding medical information that is pertinent to the student's well-being while in the care of school staff.

Webster Middle School has incorporated the use of Class Dojo into its current school-wide behavior management system. Class Dojo is an

## School Staff Communication Guidelines

Webster Middle School works to create a school environment where parents/caregivers are welcome to speak freely with school staff about questions and concerns with academics or social issues. Parents/caregivers who wish to contact school staff should please use this guideline for assistance in getting needed information:

- *First contact your child's classroom teacher / guidance counselor* – this is the most direct route to finding needed information. Teachers are always ready to assist parents/caregivers with immediate concerns. Please allow twenty-four hours for responses to email and phone messages.
- *For further questions, contact the principal, assistant principal, or dean of students* – the administration can directly assist in resolving questions/concerns once the classroom teacher has been contacted.

## Student Testing Protocol

Webster Middle School administers local tests in Mathematics and English Language Arts for all students in grades five through eight at multiple times throughout the year. The results from this local testing process are used to better plan for instruction at each grade level within the school. Additionally, Webster Middle School, like every other school in Massachusetts, conducts state testing as mandated by the DESE at grades five through eight; we use the results of this state-wide testing to better evaluate our curriculum and programming in all subject areas. Our school community takes the testing process very seriously and devotes much time and thought to ensuring that our students have the maximum opportunity to meet with success. During times which testing is being administered, please be aware that:

- All students are expected to be present and on time in class for all sessions of the testing program; absences are excused by a physician's note only. **Students are not exempt from state testing. Make-up sessions are scheduled.**
- Additionally, all students are strongly encouraged to get a good night's rest and eat a healthy breakfast before each testing session to ensure alertness, energy and focus, as well as to utilize test taking strategies taught during the school year to assist them in a logical and thoughtful approach to test taking.
- Parental cooperation and assistance with these expectations is greatly appreciated.

perspectives in the formulation of a consensus plan. Please contact the principal if you are interested in being a member of this important council.

### **Building Security**

In order to improve building security, our school has a locked door policy. Once students have entered in the morning, all doors are locked. All visitors will need to check in with office personnel at the reception window located at the main entrance where buzzers, cameras and speaker systems are in place. All visitors who enter the building will be provided a pass that must be worn and visible during the duration of the stay.

### **School Day and School Day Procedures**

Doors of Webster Middle School will open for students at 7:20.

**Students should not arrive at school before 7:10 a.m., as there is no supervision until this time. Parents will assume responsibility for the safety of their children who arrive at school prior to 7:10 a.m.**

Classes begin at 7:35 a.m. Any student who arrives after 7:35 a.m. is considered tardy. Students are dismissed at 2:10 p.m. On early dismissal days, students are dismissed at 11:05 a.m.

Lunch is not served on early dismissal days.

Students will report directly to their first block class where breakfast will be served and attendance will be taken. Breakfast is free to all students, provided through a grant. All students are strongly encouraged to partake in the breakfast program.

### **Parent Drop Off and Pick Up**

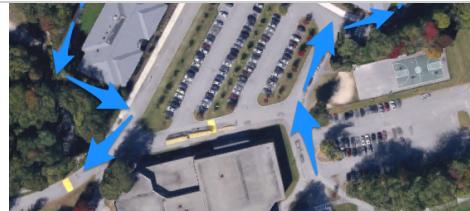

All students who are driven to school in motor vehicles prior to 7:30 will be dropped off behind the school at the cafeteria doors. Drivers should proceed counter clockwise around the perimeter of the school property nearest to the basketball court to the back of the building. After 7:30, students may be dropped off at the front doors.

Students who are picked up from school each day will be dismissed at the back doors, behind the school in the designated area. Like drop off, drivers should proceed counter clockwise around the perimeter of the school property nearest to the basketball court to the back of the building. Students should enter vehicles only in the area monitored by school staff.

For the safety of all students, we ask that parents respect drop-off and pick-up procedures. **Students will not be permitted to enter or exit vehicles in the parking lot areas.** Administration will seek a formal meeting with parents/caregivers who repeatedly disregard this expectation. Excessive disregard of this procedure will be reported to the Webster Police Department. WMS and the WPD are committed to working to keep students safe. Again, we thank you for your partnership in keeping our students safe.

## Walkers

WMS students should meet BHS siblings only at the crosswalk on Poland Street. In the interest of student safety, we insist that students who walk to school should leave the school grounds promptly and not wait unsupervised for friends who remain at school after dismissal.

## Title I School-Parent/Guardian Compact for School Year 2020-2021

The Webster Public Schools and the parents/guardians of the students participating in activities, services, and programs funded by Title I, agree that this compact outlines how parents/guardians, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents/guardians will build and develop a partnership that will help children achieve the state's high standards.

## Webster Middle School Counseling

The counseling department is committed to providing support services which allow students to reach their individual potential. Counseling personnel recognize the uniqueness of each student and focus on assisting students in the development of their academic, social/emotional, and personal potential. Counselors work with students, parents, and teachers to facilitate the two key transitions involving our school: elementary school to middle school and middle school to high school.

Counselors are assigned to students by grade level at the middle school. Counselors also coordinate the course selection process between a variety of schools. Working with students individually, in small groups and/or within classrooms, counselors provide information and support related to academics, behavioral concerns, social/emotional development, and career choices.

In addition, counselors are available to work with parents when questions or concerns arise related to adolescent development, behavior, academics, the school curriculum, standardized test results, or school sponsored activities. Counselors can also serve as a liaison between home and school, offering information to parents regarding students' academic or behavioral adjustment, and reinforcing guidelines set up by school or home. Students and parents are encouraged to contact their child's school counselor whenever they feel these services would be beneficial.

### Appointments for Students:

A student must obtain a pass from either a counselor or a teacher if he/she wishes to meet with his/her counselor. The guidance office may set up an appointment and send a pass to the student's teacher within two school days if he/she cannot be seen immediately. The student will show the pass to his/her subject teacher at the beginning of the period. The teacher will sign the pass and the student will report to the guidance office at the designated time.

If a student wishes to request a schedule change, he/she must make an appointment with his/her counselor. Requests for changes are taken under serious consideration. The reasons for the change are discussed with students and if necessary with teachers, parents or the administration. Parents should have a good reason for this request. Until the change has been approved, the student must remain on his/her present schedule. If the change is approved, the student will be given a change of program form which will notify the teachers concerned of the old and new schedule.

home-schooling must submit appropriate documentation and curriculum to the superintendent's office on an annual basis. All books, Chromebooks, and other school property must be returned to Webster Middle School upon approval to home-school.

## Employment Permits

With very limited exceptions, minors under the age of 14 may not work. All minors under the age of 18 must complete an employment permit application and get their permit before starting a new job. You can download a youth employment permit application and information about the youth Permit Process at <https://www.mass.gov/service-details/youth-employment-permit-information>. You can also access these forms in Spanish, Portuguese, and Vietnamese. Youth employment permit applications are also available at the Superintendent's Office located at 77 Poland Street.

## Grading System

Webster Middle School utilizes a traditional grading system that assigns a letter grade for each marking period. A student must achieve an overall average of at least a 65 for the year to pass a course.

The grading system for the middle school is as follows:

|    |          |   |   |    |         |  |
|----|----------|---|---|----|---------|--|
| A+ | 97 – 100 | A | 93 – 96   | A- | 90 - 92 |  |
| B+ | 87 – 89  | B | 83 – 86   | B- | 80 - 82 |  |
| C+ | 77 – 79  | C | 73 – 76   | C- | 70 – 72 |  |
| D  | 65 – 69  | F | Below 65 - Students having a final grade of an F will fail the course for the year. |    |         |  |

## GPA Calculation Table

|----------|-------|----------|
| A+ = 4.3 | A = 4 | A- = 3.6 |

of educational and social/emotional services for that goal to be reached. Staff monitors student progress continually and offers support that students and parents should take advantage of throughout the year to prevent students from being retained.

- For students to be promoted from one grade to the next, they must pass two (2) or more core subjects (math, science, social studies, ELA) for the year.
- Students who fail two (2) core subjects should attend summer school and pass at least one of the failed courses.
- Failing two (2) summer school courses may result in retention.
- Failing two (2) core classes during the year and not attending summer school may result in retention.
- Failing three (3) core classes for the year may result in retention.

## Homework

Homework is an essential part of the academic experience. Students learn and practice various skills when completing work outside of the classroom. Homework introduces and reinforces concepts, teaches self discipline, and fosters independent learning.

The guidelines below are in accordance with state and national recommendations. Research supports, on average, 10-12 minutes of homework per grade level (i.e. Grade 6 - 60 minutes etc.). It is well established that the pace of student work varies and is dependent on multiple factors. Team teachers will strive to coordinate homework to meet the total number of minutes per night.

Homework Guidelines are:

- Grade 5:      Approximately 50 minutes
- Grade 6:      Approximately 60 minutes
- Grade 7:      Approximately 70 minutes
- Grade 8:      Approximately 80 minutes

## After School Academic Support

Every teacher conducts an After School Academic Support session at least once a week from 2:10 - 2:55 pm. Teachers, with their teams, will share academic support schedules with students and parents/guardians at the start of the school year. The purpose of these sessions are as follows:

- To provide an opportunity for students to obtain additional help in class work which they have been unable to master during regular class time
- To provide an opportunity for students who have been absent to make up work and examinations

## Parent Portal, Progress Reports, and Report Cards

Teachers utilize an online electronic grade book via our data system, PowerSchool. The online grading program enables parents to view

- Teachers will update their grades at least once every 10 school days. While some teachers may update the reports more frequently, avoid the temptation to monitor grades daily. Sit down periodically with your child to review what is happening in class.
- Any question about individual grades should be handled between the teacher and student. Encourage your child to advocate for him/herself and maximize the opportunity to understand for him/herself where he/she can improve. Individual concerns can be communicated directly with the appropriate teacher.
- Often, reviewing grades and/or assignments will reveal quickly where a student is struggling. For example, look for patterns in missed homework, poor quiz grades, etc.
- Parent/Guardian usernames and passwords are available through the middle school office. This information must be picked up in person by a parent/guardian, as it allows access to confidential student information (grades). If you have any questions regarding the Parent Portal, please contact your child's teacher(s) or the main office.
- Interim reports and bi-weekly reports will no longer be issued as student grades can be monitored by parents/guardians at any time.
- At interim time and report card time (end of a quarter), an Alert-Now phone message and/or Class DoJo message will be sent to remind parents/guardians that grades have been updated and are available to view through the Parent Portal.

## Honor Roll

To achieve **HIGH HONORS**, all grades must be between 93 and 100, otherwise A- and A+.

To achieve **HONORS**, a student cannot have a grade below a, 80, or a B-, in **any** course. All grades must be between an 80 and 100, or B- through A+.

## National Junior Honor Society (NJHS)

Seventh and eighth grade students are eligible for induction into the National Junior Honor Society. To be considered for induction, a student must have attained a grade point average (GPA) of at least 3.3, a B+ or higher, in their prior academic school year (grade 6 or 7). A student's prior academic school year final grades will be evaluated to determine eligibility. Students must complete a minimum of 5 hours of community service during grades 7 and 8, and the supervisor must document those hours. Students will also be evaluated on the basis of character and leadership.

Character is evaluated on the following definition: The student of character demonstrates the highest standards of honesty and reliability. He/she shows courtesy and concern for others and upholds school regulations. Classroom, school, and peer leadership are considered for the leadership qualification.

Classroom leadership is defined as positively influencing others to do their best and going beyond what is expected. School leadership is based on participation in extracurricular activities. A student must have documentation by the appropriate advisor that he/she has shown

accordance with the standards in order to be considered for induction.

## Attendance

### Absence:

Attendance is a critical aspect to learning and is a prerequisite to one's academic success. The Webster School Committee has adopted an Attendance Policy, which includes standards of attendance. The School Committee does recognize that parents/caregivers have special rights as well as responsibilities, one of which is to ensure that their children attend school regularly in accordance with state law. (M.G.L. **76:1**, **76:1B**, **76:16**, **76:18**, **76:20**). Inherent in the standards is an understanding that parents and the school need to work together in encouraging pupil attendance on each day that school is in session. A student's understanding of the importance of day-to-day schoolwork is an important factor in the shaping of his/her character. Parents and guardians can help their children by refusing to allow them to miss school needlessly. Please take some time to speak with your child about the benefits of regular school attendance. Classroom learning is an ongoing process and every effort should be made to schedule family vacations to coincide with the school calendar. The school does not condone or encourage vacations during school time. Vacations taken during school time will be counted as unexcused absences.

Administration at WMS takes attendance seriously. Excessive absenteeism,, will be monitored by the nurse, counseling staff, and administration. All absences should be phoned in to the main office before 8:00 a.m (508-943-1922). When calling, please state:

- Your child's name
- Name of your child's homeroom teacher
- Reason for absence/tardiness
- Phone number where you can be reached during the day in case a return call is necessary.

A phone call and/or note verifies the student's absence; it does not excuse the absence. Parents should also verify absences via the main office if a One Call is received regarding a student's absence. A student is considered truant if the school does not receive parental notification of absence. A student must be in attendance for a total of 4 hours to be considered present for a full day. Students arriving after 11:00 a.m. and/or who are dismissed before 11:00 a.m. are noted absent. **Students absent or dismissed from school on any given day are not permitted to participate in any school or extracurricular activities on that day.**

Webster Public Schools uses a tiered system of intervention for addressing student learning and behaviors, which includes the development of regular school attendance. The District will implement a tiered system of support that is universal, targeted, and includes intensive levels of intervention.

#### 1. **Universal Attendance Interventions (1-5 days)**

- a. By Day 5 of absence, a letter home regarding attendance
- b. Possible parent/caregiver meeting to develop a plan to address unexcused absences and its impact on academic progress

#### 2. **Targeted Attendance Intervention (6 - 10 days)**

**3. Intensive Attendance Intervention (11 or more days)**

- a. Home visit by school administrator or designee and School Resource Officer (SRO)
- b. A parent/caregiver meeting will be scheduled to develop a plan to make up for academic deficits resulting from absences from school - Outside support agencies may be involved in this meeting.
- c. Consideration for filing a Child Requiring Assistance (CRA) and/or a "Failure to Cause" as per court requirements.

**Make-Up Policy:**

Students are required to contact teachers to make up missed work and assignments in each class. It may be necessary for a student to stay after school for extra help after absences. If a student will be absent for

three or more days due to medical or other absences (vacations are not considered excused), parents/guardians may contact the WMS main office (508-943-1922) to make arrangements to collect any missing assignments. Please allow 24 hours notice for teachers to gather work.

**Homebound Instruction:**

If a student will miss school, or has missed school, for an extended period of time (14 consecutive days) due to physical injury, accident, or physical or emotional illness, he/she may be eligible for home tutoring. Home tutoring is designed to provide maintenance in the basic academic courses so that when a student returns to school he/she will not be at a disadvantage.

Homebound tutoring is offered in basic elementary and secondary subjects which do not require laboratories and special equipment, subject, in all cases, to the availability of qualified tutors. Qualified tutors are assigned to homebound instruction by the Director of Student Support Services with the approval of the Superintendent.

To qualify for home tutoring the parent/guardian should provide a written statement from the child's doctor or counselor requesting the homebound instruction, stating the reason and estimating the time the student will be unable to attend school. This statement, along with the Webster Home Hospital Form, must be sent to the Director of Student Support Services.

**Tardiness To School:**

Students are to be in their homeroom /class by 7:35 AM. **Students arriving to homeroom/class or to school after this time will be recorded as tardy.** A student who is tardy to school must report to the middle school office to sign-in and receive an admittance slip before going to homeroom or class. Families should make every attempt to plan appointments outside of the school day. However, if the student was seen by a physician, dentist, or counselor, please provide a note so the office may record the tardy as excused. Notes can be faxed directly to the Middle School office, 508-949-2648, or you can email the office directly at [cradlo@webster-schools.org](mailto:cradlo@webster-schools.org) or [stucker@webster-schools.org](mailto:stucker@webster-schools.org).

Being late to school disrupts a student's daily routine and causes the student to start the day behind. Therefore, like regular attendance to school, WMS administration takes tardiness seriously. Each student

**Dismissals:**

Students and parents should make every effort to avoid dismissals during the school day. A student cannot be signed out of school without the following:

- A note from home indicating the time and reason for dismissal, as well as a phone number where a parent may be reached; this note must be signed by a parent/guardian. WMS reserves the right to verify all parent notes prior to approving student dismissals.
- Notes should be submitted to the middle school office one day in advance, if possible. A parent, guardian, or designated adult must come into the building to dismiss the student in person. All individuals dismissing students will be expected to present a valid picture ID before any child will be released from the school.
- Webster Middle School will not release any student to a person if the WMS Office cannot directly confirm the request for release with the parent, caretaker, or guardian.. Prior written consent must be provided for a student to be released to an individual under the age of eighteen or to an undesignated adult outside of the home. . Any parent designee picking up a student will be expected to present a valid picture ID before any child will be released.
- Students dismissed from school are not eligible to participate in any school function for the remainder of that calendar day.

**Missing Student**

The Webster Middle School has a protocol that will be followed in the event that a student should be reported as missing from class or from school. The protocol includes the following steps:

- A thorough and complete search of the building
- Communication to parent/guardian following confirmation that the child is not present in the building

If applicable, additional communication will be made to:

- Child care worker
- School personnel involved in the child's programming
- After school program
- Bus Company
- Superintendent of Schools

Local police will be contacted for assistance in locating the missing child should he/she not be found after making the above contacts. In cases where it has been determined that the child has left school grounds without permission, a student/parent/administrator conference will follow and appropriate consequences will be assigned.

**Positive Behavior Intervention Support (P.B.I.S.)** is a collaborative (team-based) educational, proactive, and functional process for developing effective interventions for inappropriate behavior as well as for recognizing positive, expected behaviors. An integral part of PBIS is its system of recognizing expected behaviors, at a classroom and schoolwide level. We believe in explicitly teaching our students what is expected in each setting both in the classroom and out, to ensure that they do make better choices. PBIS views inappropriate behavior in the same manner that problems in reading or math are viewed...as a skill deficit. When a skill deficit exists, we must teach the appropriate skill and by doing so, a unified and positive school climate forms, informing students and staff that appropriate behavior is a priority in school.

**Field Trips:**

Students who are planning to attend a field trip must obtain a permission slip signed by his/her parent/guardian and submit the slip to the trip sponsor. Students are expected to follow the same rules and guidelines on field trips as they do in school, including dress code, unless otherwise specified. To be eligible for the trip, students must meet requirements set forth by the supervisory teacher and administration. Students who have demonstrated ongoing or excessive disciplinary issues prior to a field trip may be held back from attending the field trip. Students who do not meet academic or attendance expectations may be held back from attending the field trip. Students who do not participate in a field trip will be provided with an alternative assignment that will be expected to be completed during the time and day of the field trip. Any student who exhibits disruptive or dangerous behavior on a field trip can be referred to administration for disciplinary consequences including possible exclusion from future field studies.

Prior to the field trip, chaperones are required to have a CORI check.

Field trips vary in charge depending upon bus rentals, fees, and admission tickets. An attempt is made to fix the charge at a "break even" point. For this reason, teachers may establish dates when money for the field trip is due. Arrangements can be made with the sponsoring teacher, guidance counselor, or administration if the only reason not to attend is financial.

**Extracurricular Activities/Athletics:**

Any student who is not maintaining above a 65 average in more than one subject, including unified arts, will be ineligible to participate in extracurricular activities and/or interscholastic sports teams. Grades will be continually examined to ensure students are meeting academic requirements.

Students must also meet behavioral and attendance expectations to participate in extracurricular activities and/or interscholastic sports.

Please see the attendance and behavior sections for specific information pertaining to participation.

**Dances:**

The Middle School Student Council sponsors WMS school dances.

Only Webster Middle School students may attend. Tickets are sold ahead of time during the week of the dance during lunches. No tickets are sold at the door! Students must present a completed official dance permission form in order to be admitted to the dance. If students are absent from school the day of the dance, they may NOT attend. Students who have been referred for disciplinary reasons or who have been suspended during the week prior to the dance are not eligible to attend the dance.

**Lost and Found:**

Lost and Found items are kept in a designated area in the cafeteria. Small and/or expensive items are kept in the main office. Unclaimed items remaining in Lost and Found for an extended period of time will be donated to charity.

**Fundraising:**

Student groups wishing to hold a fundraiser must have initial approval from the principal. Final approval will be given by the Superintendent. There is to be no fundraising within the school by outside groups.

- Students violating the safety helmet law or school safety guidelines will be subject to the loss of this specific privilege.
- When on school property, students riding bicycles, skateboards, or scooters to school are expected to walk them on the school grounds at all times.
- Bicycles, skateboards and scooters should not be ridden on sidewalks.
- Bike riders should use the bike rack in front of the school to park their bicycles.
- Students should bring and use a bike lock.
- WMS is not responsible for bikes, skateboards, or scooters being lost, stolen, or damaged.

**Bus Conduct:**

Safety is of the utmost importance while riding the bus. All school rules apply on the bus, just as they would in a classroom. Drivers will issue referrals for misbehavior, which will be handled by the administration. **Riding the school bus is a privilege that may be revoked at any time if a student poses a safety risk.**

**Required  
Conduct  
Aboard the  
Bus:**

- Students must sit immediately upon entering the bus and remain seated while the bus is in motion.
- No body parts shall be extended out of the bus windows at any time.
- Students shall use appropriate language and volume of voice.
- The use of tobacco, nicotine products, vapes, alcohol, drugs, and other contraband is prohibited.
- Students are to refrain from eating and drinking on the bus.
- The throwing of objects is prohibited.
- Students shall refrain from littering.
- Students shall refrain from damaging or defacing any part of the bus. Students/families will be held financially responsible for any damage incurred.

In most cases the following protocol will be followed for bus referrals:

- **First Infraction:** Warning
- **Second Infraction:** Student meets with administrator; parent/caregiver notified of bus misconduct
- **Third Infraction:** Probation; parent/caregiver notified of third infraction and of probation; student assigned administrative detention to perform Community Service
- **Fourth Infraction:** Loss of bus privileges (3 days); parent/caregiver notified; meeting held between parent/caregiver, student and administration
- **Fifth Infraction:** Loss of bus privileges (5 days)
- **Sixth Infraction:** Possible loss of bus privileges for the remainder of the school year

Please be aware that due to overcrowding on buses, students may not ride on another bus for after-school social purposes (birthday parties, sleepovers, after school visits, etc.)

The Webster Public School District respects and protects our student riders' right to privacy. Born of this respect, we acknowledge that sometimes much of a student's personal information that parents share with the school is private and of a nature that school personnel may not share with transportation services and employees. Therefore, we

**must** present a school issued late bus pass to the bus driver when taking a late bus. Late bus passes are to be given by the teacher for whom the student stays. **The office staff WILL NOT distribute late bus passes!**

**School Elevators:**

School elevators are reserved for faculty & staff, as well as individual students who require the elevator in order to access the building. Students with temporary medical issues or injury will be granted permission to use the elevator upon the submission of a doctor's note to the Nurse's Office.

**Defacing/Damage to School Property:**

Books, Chromebooks, materials and school property belong to the school community. Students are allowed the privilege of using these materials and the school building, and as such are responsible for keeping these materials and their environment in good working order. It is expected that students who damage or deface school property will be required to pay for any damages, face disciplinary consequences to include possible suspension from school, and possibly perform Community Service for the WMS Community.

**School Attire:**

We encourage our students to take pride in their personal appearances and to consider school to be their "job", as the job of learning is very important. All students are expected to dress and groom themselves neatly, cleanly and appropriately; outfits must be appropriate for the season. Students' clothing shall not disrupt, distract, or interrupt the school's educational process. Individualism pursued to bizarre lengths is discouraged.

The following are NOT allowed:

- bare/exposed midriffs, bare/exposed backs
- exposed underwear, exposed bra straps
- low cut shirts
- excessively ripped or inappropriately placed rips in jeans/clothing
- pajamas, slippers
- hats, hoods, head scarves, bandanas
- clothing that implies or denotes alcohol, drugs, smoking/tobacco products, sex, violence, or gang-related colors
- clothing with rude quotes, racist remarks, obscene, vulgar, or foul language
- chains, fused rings, jewelry with spikes or studs, chain wallets, etc.

Pants should hang comfortably snug around the waist (belts are encouraged) so as not to droop exceedingly exposing underwear, shorts or flesh. Skirts and shorts should be appropriate in length, falling a maximum of 3 inches above the knee, falling well below the "pinky" when hands are by one's side. T-shirts and tank tops must cover the shoulder area being no less than 3 fingers in width. Strategies such as multiple straps do not replace the expectations noted above. Translucent leggings or tights may not be worn individually in place of pants. State Public Health Laws require that footwear be worn at all times in public buildings.

Administration reserves the right to determine what is or is not appropriate attire at school and school functions. Administration may waive restriction in cases involving religious purposes or documented medical circumstances.

**Cheating/Plagiarism:**

Webster Middle School fully understands the integrity of other people's work. We also expect students to produce or complete assignments using their own efforts and creativity thereby generating work entirely of their own. Therefore, we take cheating and plagiarism as serious offenses. Cheating is using prohibited outside assistance to help in the completion of a test, quiz, or other assignment. Plagiarism is the deliberate use of another person's work without documenting the source.

**The penalty for cheating or plagiarism is:**

First Offense: Teacher will contact parent/guardian. The student must participate in after-school detentions (up to 3 detentions may be assigned according to the severity of the incident) with the specific teacher. During that time the student is expected to research the appropriate topic (cheating or plagiarism) and provide, in writing, an explanation of the infraction, how it applies to their own actions and steps he or she can take to avoid instances in the future. It is at the teacher's discretion to allow a make-up opportunity of the assessment/assignment in question. This decision by the teacher will be based on the student's ownership of the action as well as the student's effort and participation during the after-school sessions.

Second Offense: The student will receive a zero on the assignment with no opportunity for make-up of the assignment and a meeting with the parent/guardian will be scheduled. The student will be placed on probation for the remainder of the school year with respect to any and all leadership roles.

Third and Subsequent Offenses: The student will receive a zero on the assignment with no opportunity for make-up. The student will be removed from all leadership roles and athletics and will be placed on social probation from any school sponsored events, clubs or extracurricular activities.

**Cell Phones and Technology:**

Many students use cell phones to communicate with parents/caregivers at the end of the school day. Students who choose to bring cell phones to school should abide by the following rules:

- **Cell phones must be shut off** from the time that students enter the building until dismissal.
- Cell phones should be **off and out of sight** during the school day and at all school sponsored activities. Students holding or using cell phones repeatedly during the school day will have the cell phone confiscated. **A parent/caregiver will be contacted and the cell phone will be returned to the parent/caregiver only.**
- Students who need to make emergency calls between the hours of 7:30 a.m. and 2:10 p.m. may ask to use the office phone to contact a parent/caregiver – **cell phones are not to be used during the school day for any reason.**
- **Parents should not call or text their student(s) during the school day.**
- If a student is to be dismissed, parents/caregivers will be contacted by school staff, not by the student.

CHROMEBOOK: Therefore, there is no need for students to use personal technology (phones, tablets, smart watches, etc.) during the school day.

**Valuables:**

In the interest of maintaining a minimum of distraction during school hours, as well as to protect students from unnecessary hardship due to theft, students should not bring electronic items (electronic devices, hand-held games or game-system games [PS, PSP, Wii, X-Box, etc.], mp3 players/iPods, etc.), or other items of value to school. Students using electronic devices during the school day will have the electronic device confiscated; the electronic device will be returned to a parent/caregiver only. *Please note that WMS will not be responsible for the theft of or damage to valuables brought to school by students.*

## Disciplinary Procedures

We believe that discipline is an important part of a student's whole educational process, and can be used as a means for all students to grow as individuals by allowing them to experience the naturally occurring consequences for their behavior choices in a supportive setting which focuses on *learning from mistakes made*. We expect our students to follow the rules set forth in this student handbook, as well as to use appropriate strategies to resolve conflict with one another. Occasionally, however, students may be assigned detentions as a means for self-reflection around how their behavior choices impact the negative outcomes that follow, as well as how poor behavior choices could be handled differently in the future to ensure more positive results.

**Possible Reasons for Disciplinary Action:**

- Bullying, harassment, retaliation
- Bus referrals
- Continual refusal to follow instructions of the teacher
- Destruction or abuse of property
  - In addition to disciplinary consequences, parents will be informed by the administration and advised of the amount to be paid to the school district.
- Disruption of a school assembly or lock down/fire drill may also result in a report to the Webster Police Department.
- Failure to attend detention(s)
- Fighting, threatening, intimidating or repeated harassment of another student
- Forging a signature
- Leaving the school building and/or grounds without permission of authority
- Lying, cheating, plagiarism
- Misuse of technology
- Noncompliance, disrespect, insults, and/or obscene or profane language directed to teachers or school personnel
- Obscene or profane language directed from one student to another
- Possession and/or consumption of alcohol, illegal drugs, prescription drugs or over-the-counter products without consent may result in a suspension of up to ten days. This includes students who have consumed alcoholic beverages or drugs during school hours or prior to arrival at school.
- Possession, use, or distribution of an incendiary device (i.e., fireworks, smoke/stink bombs) on school premises

cigarettes, smokeless, electronic or battery operated cigarettes, cigars, ‘blunts’, rolling papers, or smokeless tobacco to school.

Students who do so will be referred to administration. A student who is found involved in smoking, using smokeless tobacco, or dissolved nicotine will receive consequences determined by administration. Illegal substances will be turned over to the Webster Police Department.

- Stealing
- Tardiness to class or school
- Threatening a staff member may result in up to ten days suspension and referral by administration to the Webster Police Department for investigation and possible prosecution.
- Threats against the school, individual students, or the general school population will be referred to guidance and administration. Police may also be notified of any potential threats or threatening behaviors.
- Truancy
- Using/carrying harmful/dangerous materials
- Students using, possessing, or passing drugs (including marijuana, THC, CBD, or any legal unregulated and/or controlled substance, including Salvia Divinorum, and/or herbal remedies as defined by administrator’s discretion) or drug related paraphernalia on school property may be referred by administration to the Webster Police Department for investigation and possible prosecution. When a student is suspended for behavior related to substance abuse or threatening behavior, whenever possible, school personnel will follow the guidelines below:
  - implementation of disciplinary consequences
  - meeting when the student returns to school involving student, parent/guardian, guidance staff, and administration
  - follow-up meeting with student and guidance counselor to conduct an informal assessment of the need for further therapeutic intervention
  - possible referral to counseling or a school related program
  - communication with parents on an as needed basis

The above is not an all encompassing list. Any student who shall commit any act or offense which is not specifically set forth in this handbook, but which shall nevertheless result in any damage or injury to the person or property of the school or of another, or which the act of offense shall result in or be likely to result in the creation of a disorder or prejudice the good order and/or decorum of this school, shall be subject to disciplinary proceeding. The penalties applicable will be those established by administration and this code for an interpretation of the specified offense most closely related or akin to the committed offense.

**Possible Disciplinary Actions:****Teacher Detention:**

Teacher detention takes precedence over all extra-curricular activities.

The times of teacher detention are from 2:15 - 3:00 p.m.

- The teacher assigning detention calls home to inform the parent of the incident or a detention notice is given to the student to bring home for a parent/guardian signature.
- The parent/guardian signature indicates that the adult in charge at home is aware that the student needs to serve the detention after school on the specified day.

- If a student DOES NOT attend a teacher's detention an office referral will be submitted to administration. The student will then be assigned two (2) office detentions. Failure to serve office detention will result in a day of ISS. The student must also serve the previously assigned office detentions.

**Lunch Detention:**

Students serving lunch detention will report to the Dean's Suite or the assigning teacher's classroom after obtaining their lunch. Students are expected to follow all rules of detention. A student may be required to do a written assignment or reflection during this time.

**Office Detention:**

Office detention takes precedence over extra-curricular activities and teacher detention. Office detention is held from 2:15- 3:15 p.m. Any student who is excused by administration from a detention or absent the day of a detention shall have that detention automatically rescheduled for the next day. An atmosphere of absolute silence must be maintained in the detention room. Students who disrupt the good order of detention may be assigned a second office detention. Any student who skips office detention and has not given an acceptable reason to an administrator prior to the detention may receive additional office detentions, be withheld from class trips or activities, or if warranted, may receive further consequences. The original detention should be served at the next reasonable scheduled date. Failure to do so will result in further consequences. Any staff member may recommend to administration that a detention be assigned for one or more disciplinary reasons. Office detention(s) will be assigned at the discretion of the administration. Parents will be given 24 hours notice of detention, either verbally or via a written referral to be signed by parent/guardian.

**In School Detention:**

Students sent out of class for disruption, refusal of work, or other disciplinary reasons *may* spend classroom time in the Dean's Suite.

Duration of in-school detention will be at the discretion of administration. During this time students may be required to do a written assignment or reflection and/or complete classroom assignments. Students are responsible for any missed classroom work.

**Suspension:**

Students are suspended by administration only. The suspension may be an in-school suspension or out-of school suspension. Parents are informed by the administration when this occurs and are expected to attend a meeting to discuss consequences. Suspended students are deprived of all privileges and may not participate in extra-curricular activities conducted during the suspension period. Students have the responsibility to make up work assigned during his/her suspension.

Parents are notified by telephone and by letter when a student has been issued a suspension. Pursuant of MGL Chapter 71, Section 37H3/4, the principal or designee shall provide to the student and to the parent or guardian notice of the charges and the reason for the suspension.

The student and parent shall receive written and verbal notification and shall have the opportunity to meet with the principal or a designee to discuss the charges and reason for the suspension. Interpretive services may be requested for said meeting.

**In-School Suspension Guidelines:**

school or out-of school suspension. No extracurricular activities are allowed during the suspension period.

**Suspensions Lasting 10 Days or Greater:**

For cases involving suspensions in excess of ten days, and/or based upon the issuance of a felony criminal complaint, the **The Principal, Assistant Principal or Dean of Students** will notify the student's caretaker, in writing, of their right of an appeal. The appeal process and the suspension / exclusion will remain in effect pending the appeal. A re-entry meeting with caregivers and school personnel will be required prior to the student entering the building following a suspension of any length. At that time it will be determined whether the student is able to re-enter the school in a safe and appropriate manner.

**Prior to Exclusion for More Than 10 School Days**

1. School must provide written notice of appeal rights
2. The student has five (5) calendar days to appeal with an option to extend an additional seven (7) days.
3. The superintendent will hear the appeal within three (3) school days.

**Student Right to Appeal**

1. A student will be able to present oral and written testimony.
2. A student will be able to cross examine witnesses.
3. A student has a right to council at their own expense.
4. A student has a right to an interpreter if necessary.
5. A student has the right to a decision within five (5) calendar days.
6. THE SUPERINTENDENT'S DECISION IS FINAL.

**Emergency Removal:**

A student may be removed from school if the continued presence of said student poses a danger to persons or property, or materially or substantially disrupts the order of the school, and in the principal's/designee's judgement there is no alternative available to alleviate the danger or disruption.

**Emergency Removal Procedures**

1. Notify the superintendent of removal and the reason in writing
2. The removal cannot exceed two full school days.
3. Oral and written notice is provided along with an opportunity for a hearing.
4. Safety and transportation will be taken into consideration prior to removal.
5. The school district will take steps to provide educational services to the student and/or the opportunity to make up missed instruction, in order not to impede academic progress, to the student during the disciplinary period.

**Expulsion/Exclusion:**

Expulsion is defined as the removal of a student from school for more than ninety (90) school days, indefinitely, or permanently as allowed by law. Any student expelled from school for such offenses shall be afforded an opportunity to receive educational service and make academic progress. In accordance with Mass. General Law Ch. 71 Sect. 37H:

- (a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) When a student is expelled under the provisions of this section, no school or school district within the commonwealth shall be required to admit such student or to provide educational services to said student. If said student does apply for admission to another school or school district, the superintendent of the school district to which the application is made may request and shall receive from the superintendent of the school expelling said student a written statement of the reasons for said expulsion. In addition: A student may be recommended for exclusion for persistently violating reasonable regulations of the school, or otherwise persistently misbehaving therein; so as to render himself a fit subject for exclusion. Expulsion of a student is recommended to the superintendent of schools by the principal. A student recommended for expulsion may have a hearing with the principal and superintendent following the appeal process as noted above.

## Discipline for Students with Special Needs

All students are expected to meet the requirements for behavior as set forth in this handbook. Federal and state laws and regulations require that additional provisions be made for students who have been found by an evaluation team to have special needs and whose program is implemented under an Individualized Education Plan (IEP). The following additional requirements apply to the discipline of special needs students:

1. The Principal (or designee) will notify the Special Education Office of the suspendable offense of a special needs student and a record will be kept of such notices.
2. A suspension of longer than 10 consecutive days or a series of suspensions that are shorter than 10 days but constitute a pattern are considered to represent a change in placement.
3. Prior to a suspension that constitutes a change in placement of a student with disabilities; the Team will develop or review a functional behavioral assessment of the student's behavior to modify a behavior intervention plan or develop an assessment plan and to identify appropriate alternative educational settings. The Team will convene to determine whether the student's misconduct is a manifestation of his/her disability. A student's conduct is a manifestation of his/her disability if the conduct in question was caused by or had a direct and substantial relationship to the child's disability, or if the conduct in question was the direct result of the district's failure to implement the student's IEP.
4. If the Team determines that the student's misconduct IS a manifestation of his/her disability, the Team will convene to

a manifestation of his/her disability, then the district may suspend or expel the student consistent with policies applied to any student without disabilities, except that the district must still offer an appropriate education program to the student with disabilities, which may be in an interim alternative setting.

6. Regardless of the manifestation determination, the district may unilaterally place the student in an interim alternative educational setting (as determined by the Team) for up to 45 school days under the following circumstances:
  - if the student carries or possesses a weapon to or at school, on school premises, or at a school function;
  - a student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function; or
  - a student has inflicted serious bodily injury upon a person while at school, on school premises, or at a school function.
7. Webster Public Schools will provide written notice to the parent of all rights to appeal and to an expedited hearing. If the parent chooses to appeal, during the appeal the student stays put in the interim alternative placement, unless the parent and district agree otherwise.

### Discipline of Students Under Section 504 and ADA

Under various federal and state laws and regulations, students with disabilities may not be discriminated against in discipline matters on the basis of their disability or impairment. In addition to those rights, the following procedures will be implemented to comply with state and federal law and regulations regarding students with disabilities. Procedures for students eligible for special education services are set forth in "Discipline of Special Needs Students" in this Handbook.

1. Definition: A student with a disability is a student who has or is perceived to have a physical or mental impairment that substantially limits one or more major life activities. This category includes students who are found to have such an impairment currently, have a record of having such an impairment, or who are perceived as having such an impairment.
2. Procedure: In the event that a student is found to have violated a school rule after implementing the general due process procedures (notice and hearing) provided in this Handbook, the principal or his/her designee shall ascertain whether the student has been identified as a student with a disability under Section 504.
  - a. If the student has not been identified as disabled, the principal or his/her designee must consider whether the circumstances surrounding the disciplinary incident suggest the existence of a disability.
  - b. In the event that the principal or his/her designee concludes that there is no reason to suspect a disability, the student may be disciplined according to the regular disciplinary sanction under the student handbook
  - c. If the circumstances suggest that the student may be disabled, the principal or his/her designee shall refer the student to the 504 Committee to evaluate whether the student has a disability.
  - d. If the student is identified or has previously been identified as a student with a

- e. If the student is identified or has previously been identified as a student with a disability under Section 504 and/or is so identified upon an initial 504 evaluation and the disciplinary sanction, or cumulative disciplinary sanction could result in a suspension from school for more than ten (10) days, and the 504 Committee determines that:
  - i. the student is, or continues to be disabled, and;
  - ii. his/her misconduct is a manifestation of his/her disability; or
  - iii. the violation of school rules is related to a failure to accommodate the student's disability or is inappropriate or unimplemented 504 plan. The student will not be suspended from school; provided, however, the 504 Committee may determine that the student's 504 plan should include modifications to address the student's misconduct including, but not limited to, delivery of educational services at an alternative site, behavioral modification plans, or any other appropriate modification or accommodation or disciplinary consequences consistent with Section 504.
- f. In the event that the student previously has been identified as a student with a disability under Section 504 and/or upon an initial 504 evaluation the 504 Committee determines that the student is, or continues to be, disabled but his/her violation of school rules is not related to his/her disability, a failure to accommodate or an inappropriate or unimplemented 504 plan, regular disciplinary sanctions under the student handbook may be imposed.
3. Evaluation/Re-evaluation: Initial evaluations pursuant to this policy, and re-evaluations of students with disabilities under Section 504, who may be subject to suspension or expulsion for more than ten cumulative days, shall be conducted pursuant to Section 504.

## Policy on Controlled Substances

The Webster Middle School abides by Chapter 94C, Section 32J of Massachusetts Laws regarding Controlled Substance Violations in, on or near school grounds. The Webster Public Schools will not tolerate possession, distribution or manufacture of any illegal drug, drug paraphernalia or alcoholic beverages in school or on school property. This policy also applies to prescription drugs when they are not turned in to the school nurse. Prescription drugs (for which the student has a valid prescription) must be deposited with the school nurse during school hours and administered by the school nurse, if necessary. No over the counter drugs are to be carried by the student. If these drugs are necessary, they must be contained in the school nurse's

report this information to the building principal or Assistant Principal. Other student support personnel may be called in to investigate the incident (school nurse, guidance counselor, school psychologist, etc.). Should it be determined that there is reasonable suspicion of possession the case will be referred to the Guidance Department, who may refer parents/students to the appropriate agencies should outside counseling/rehabilitation be necessary. In cases where controlled substances are found in the possession of a student or in the student's locker, parents will be notified and the local police will be called.

### **Physical Restraint of Students**

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the Webster School District.

Physical restraint shall be used only in emergency situations after other less intrusive alternatives have failed or have been deemed inappropriate, and with extreme caution. School personnel shall use physical restraint with two goals in mind. The first goal is to administer physical restraint only when needed to protect a student and/or a member of the school community from immediate, serious, physical harm. The second goal is to prevent or minimize any harm to the student as a result of the use of physical restraint. Further, students of the District are protected by law from the unreasonable use of physical restraint. These protections are required to be reviewed by staff annually as part of other mandated training.

### **Policy on Possession of Weapons and Additional Security Measures**

1. A student shall not possess, use, or attempt to use any weapon on school premises or at a school-related situation.
2. In order to protect the students of the Webster Public Schools, the Principal/Assistant Principal may/will expel for a minimum of one calendar year any student found in possession of a gun or a knife on school premises or at a school-sponsored situation.
3. In addition, the Principal/Assistant Principal may/will expel any student who uses or is found in possession of any other weapon on school premises or at a school-sponsored situation.
4. For the purposes of this policy, a "weapon" includes but is not limited to a gun, knife, slingshot, a blowgun, blackjack, metallic knuckles, including a ring intended to be worn on more than one finger ("fused ring") or knuckles of any substance which could be put to the same use with the same or similar effect as metallic knuckles, nunchaku, zoobow, also known as klackers or kung fu sticks of wood, plastic or metal connected at one end by a length of rope, chain, wire or leather, a shuriken or any similar pointed starlike object intended to injure a person when thrown, or any armband made with leather which has metallic spikes, points or studs or any similar device made from any other substance or a cestus of similar material weighted with metal or other substance and worn on the hand, or a manrikigusari or similar length of chain having weighted ends. Any other device or object used or attempted to be used to inflict bodily harm on a person may be considered a weapon. This Policy will be implemented according to the due process provisions of the Webster Public Schools' Discipline Code applicable to Regular and Special Education students.
5. All storage spaces available to students are the property of the Webster Public Schools. Use of storage spaces by students is regulated by the School Administration and all lockers are subject to inspection by the School Administration at any time. Any weapon(s) or other contraband found in a locker in violation of

### Re-entry Meetings

An in-person parental conference with administration, the nurse, or counselors is required before any student may be permitted to return to school in any case where a student has been out of school for an extended time. ## **Webster Public Schools Bullying Prevention and Intervention Plan**

### **INTRODUCTION**

The goal of the Webster Public Schools District (henceforth referred to as “The District”) is to maintain a safe and secure school environment conducive to teaching and learning. This Bullying Prevention and Intervention Plan was developed in response to M.G.L. c. 71, § 370 (as added by Chapter 92 of the Acts of 2010), prohibiting bullying in schools.

This Bullying Prevention and Intervention Plan is a comprehensive approach to addressing bullying and cyberbullying. The intention of this plan is to strengthen existing protections for our students. Additionally, it serves as a tool for our faculty and administration to promote strategies that will allow our District to prevent issues of violence, bullying and other acts of aggression.

The District is committed to working with students, staff, families, law enforcement agencies and our community to prevent issues of violence. All members of the school community have a responsibility to support and promote these objectives. The District expects that all members of the school community will treat each other in a civil manner, respecting individual differences.

The District does not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying, or retaliation, in school buildings, on school buses, on school grounds, or in school-related activities. The District investigates all reports and complaints of bullying, cyberbullying, and retaliation, and takes prompt action to end that behavior. The District supports this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent/guardian involvement.

The policy applies to all members of the school community including, but not limited to: students, teaching and non-teaching staff, parent/guardians and visitors to district buildings.

safe learning environment that is free from bullying and cyberbullying. Toward that end, we do not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying, or retaliation, in school buildings, on school buses, on school grounds, or in school-related activities.

The District is committed to working with students, staff, families, law enforcement agencies, and the community to prevent issues of violence. We promptly investigate all reports and complaints of bullying, cyberbullying, and retaliation. We take prompt action to end that behavior and restore the target's sense of safety. We support this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent/guardian involvement.

## **.LEADERSHIP**

Leadership at all levels plays a critical role in developing and implementing the Bullying Prevention and Intervention Plan ("the Plan") in the context of other whole school and community efforts to promote a positive school climate. Leaders have a primary role in ensuring all employees teach students to be civil to one another and promote prosocial behaviors. All staff are responsible for setting prosocial priorities and for staying current with up to date research and practices on ways to prevent and effectively respond to bullying. District Administrators and Principals, utilizing established council and advisory mechanisms, will involve representatives from the greater school and local community in developing, implementing and evaluating the Plan.

### **A. Public involvement in developing the Plan**

This Webster Bullying and Prevention Plan has been developed by a cross section of educators from the Webster Public Schools. The planning team included district-level administrators, principals, counselors, and teachers, community representatives, local law enforcement agencies, students, parents and guardians. The Webster Bullying and Prevention Plan used the Model Bullying and Prevention Plan developed by the Department of Elementary and Secondary Education as a template.

As required by M.G.L. c. 71, § 37O, the original Webster Bullying and Prevention Plan approved by the School Committee in 2010, after being open for public comment, November 10, 2010 through December 3, 2010.

This plan was then amended on September 10, 2013 to extend protections to students who are bullied by a member of the school staff, who are defined to include, but are not limited to "educator, administrator, school nurse, cafeteria worker, custodian, bus driver, and athletic coach or advisory to an extracurricular activity or paraprofessional."

In 2020, the Anti-Bullying Task Force, composed of staff, counselors, administrators, updated this plan. This revised plan was open for public comment, February 11, 2020 through March 1st, 2020. It was shared with English Language Parent Advisory Council, the Webster Special Education Parent Advisory Council, and all School Councils. During the public comment periods, copies of the Plan were available in the main office of each school, the superintendent's office, and on the district's website. This plan and policy was then approved by the School Committee on

Turnaround Site and Monitoring Site visits and reviews through American Institute of Research. These site visits include surveys of staff to assess school culture and learning environments.

- Student incident data is analyzed at each school and reported to the Department of Elementary and Secondary Education.
- Social-emotional curriculum/Advisory group/WIN block data
- District Safety meetings
- Students at Risk meetings /Roundtable meetings/Child Study meetings

This ongoing process assists schools in the district in identifying needs. Based on these findings, action steps may include revising or developing protocols and procedures; expanding community partnerships including law enforcement; and setting priorities for future prevention and intervention efforts. This ongoing process helps to identify patterns of behaviors and areas of concern, and informs decision-making for prevention strategies including, but not limited to, adult supervision, professional development, age-appropriate curricula, and in-school support services.

Additionally, at least once every four years beginning with the 2020-2021 school year, the district will administer a Department of Elementary and Secondary developed student survey to assess school climate and the prevalence, nature, and severity of bullying in our schools. Similar tools to the student survey can be used with faculty, staff, parents/guardians to assist in determining school climate needs.

### C. Planning and oversight

The following identifies those responsible for tasks required under the Plan:

- Any school personnel who receives a report of alleged bullying contacts a counselor and/or school administrator the same day the report is received and a prompt investigation ensues.
- Administrators, Teachers, and Support Teams collect and analyze school-wide data on bullying to assess the current climate and to create action plans for improvement.
- District Leadership Team, School Administrators, in conjunction with the Professional Development Committee, plan ongoing professional development required by law.
- School Administrators, Counselors and Staff utilize the approved forms from this Bullying Prevention and Intervention Plan for recording, tracking, and accessing information related to targets and aggressors.
- School Administrators will submit monthly bullying incidents to the Superintendent and the Superintendent will provide updates to the School Committee.
- The District and all schools make this Plan and informational materials available in order to advise parents/guardians on proper reporting procedures.
- School Committee and the District Administrative Leadership Team annually review and amend student handbooks and codes of conduct to include the Plan and provisions under Massachusetts General Law.
- The Anti-Bullying Task Force considers input from students, parents/guardians, faculty, administrators, law enforcement and the community to make recommendations to the School Committee for revisions of current policies and protocols under the Plan.

- Director of Technology, in conjunction with the District Leadership Team, develops protocols and procedures for computer and Internet safety.

**D. Developing Safe School Climates**

The district expects that all members of the school community will treat each other in a civil and respectful manner, and respect individual differences. The district is committed to providing all students with a safe learning environment that is free from bullying and cyberbullying. This commitment is an integral part of our comprehensive efforts to promote learning in a safe school environment.

While we promote an environment to celebrate diversity, we are cognizant that some students may be more vulnerable to becoming targets of bullying based on actual or perceived characteristics; including, but not limited to: race, color, religion, ancestry, national origin, sex, gender identity, socioeconomic status, academic standing, physical appearance, language, and/or mental, physical and developmental disabilities. All school personnel will be responsible for monitoring and creating safe school climates and all school personnel will take specific steps to create safe and supportive learning environments that prevent bullying.

**II. PROFESSIONAL DEVELOPMENT AND STAFF TRAINING**

Training for faculty and staff will be included in the Mandated Training offered by the District at the onset of the school year. Staff members hired after the onset of the school year will complete Bullying Prevention and Intervention Training along with all Mandated Training for the Webster Public Schools as part of their orientation to the District.

**A. Annual staff training on the Plan**

Annual training for all school staff on the Plan will include staff responsibilities under the Plan, an overview of the steps that the principal or designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school or district.

**B. Ongoing professional development**

The goal of professional development is to establish a common understanding of tools necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences.

Professional development will build the skills of staff members to prevent, identify, and respond to bullying. As required by M.G.L. c. 71, § 37O, the content of schoolwide and districtwide professional development will be informed by research and will include information on:

- developmentally (or age-) appropriate strategies to prevent bullying;
- developmentally (or age-) appropriate strategies for immediate, effective interventions to stop bullying incidents;
- information regarding the complex interaction and power differential that can take place between and among an aggressor, target, and witnesses to the bullying;
- research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;

needs of students with autism or students whose disability affects social skills development.

Additional areas for professional development may include:

- promoting and modeling the use of respectful language
- fostering an understanding of and respect for diversity and difference
- building relationships and communicating with families
- constructively managing classroom behaviors
- using positive behavioral intervention strategies
- applying constructive disciplinary practices
- teaching students skills including positive communication, anger management, and empathy for others
- engaging students in school or classroom planning and decision-making
- maintaining a safe and caring classroom for all students.

### **C. Written notice to staff**

The school or district will provide all staff with an annual written notice of the Plan by publishing information about it, including sections related to staff responsibilities, in the school or district employee handbook and the code of conduct.

## **III. ACCESS TO RESOURCES AND SERVICES**

A key aspect of promoting positive school climates is ensuring that the underlying emotional needs of targets, aggressors, bystanders, families, and others are addressed. A continuum of services is available to enhance the district's capacity to prevent, intervene early, and respond effectively to bullying. Available services should reflect an understanding of the dynamics of bullying and provide approaches to address the needs of those involved.

### **A. Identifying resources**

The District conducts a review of current staffing and programs that support the creation of positive school environments by focusing on early interventions and intensive services. After the initial mapping of resources is complete, the District develops recommendations and action steps to fill resource and service gaps. This may include adopting new curricula, reorganizing staff, establishing safety planning teams, and identifying other agencies that can provide services. The mapping of resources is conducted by members of the counseling and administrative teams. Recommendations based on mapping of resources and identification of needs are made to the Anti-Bullying Task Force.

### **B. Counseling and other services**

The District continues its practice of connecting students and families with community service agencies as appropriate. The site-based student support team, the building principal, the school psychologist and any other appropriate staff member is responsible. The counseling team, with input from school administration, develops safety plans for students who have been targets of bullying or retaliation, provides social skills programs to prevent bullying, and offers education and/or intervention services for students exhibiting bullying behaviors. Possible interventions include but are not limited to behavioral intervention plans, social skills groups, and individually focused curricula.

and proficiencies to avoid and respond to bullying, harassment, or teasing. This includes determining whether specific accommodations, specially designed instruction, or related services are necessary in order to meet the needs of the child.

#### IV. ACADEMIC AND NON-ACADEMIC ACTIVITIES

The District provides age appropriate instruction on bullying prevention in each grade in the school district's curricula. Curricula is evidence-based. Effective instruction includes classroom approaches, whole school initiatives and focused strategies for bullying prevention and social skills development.

##### A. Specific bullying prevention approaches:

Bullying prevention curricula for the Webster Public Schools will be informed by current research which, among other things, emphasizes the following approaches:

- Using scripts and role playing to develop skills
- Empowering students to take action by knowing what to do when they witness other students engaged in acts of bullying or retaliation, including seeking adult assistance
- Helping students understand the dynamics of bullying and cyberbullying, including the underlying power imbalance
- Emphasizing cyber-safety, including safe and appropriate use of electronic communication technologies
- Enhancing students' skills for engaging in healthy relationships and respectful communications
- Engaging students in a safe, supportive school environment that is respectful of diversity and difference.

##### B. General teaching approaches that support bullying prevention efforts.

The Webster Public Schools promotes teaching approaches that support bullying prevention efforts. The following approaches are integral to establishing a safe and supportive school environment and they underscore the importance of our bullying intervention and prevention initiatives:

- Setting clear expectations for students and establishing school and classroom routines

curriculum coordinators, district administrators, and Anti-Bullying Task Force review and support the implementation of appropriate curriculum in the following ways:

- Review existing appropriate evidence-based curriculum and methods of delivery of Bullying Prevention

- Support the development of lessons, referring to the stated objectives and guidelines, for consistent use at each level

### **D. Curriculum implementation**

The Webster Public Schools implements approved evidenced-based curricula. See [Appendix A](#)

## **V. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION**

To support efforts to respond promptly and effectively to bullying and retaliation, the district has established policies and procedures for receiving and responding to reports of bullying or retaliation. These policies and procedures ensure that members of the school community – students, parents, and staff – know what will happen when incidents of bullying occur.

It is an expectation of the District that all staff members are required to report any bullying or harassment incident they see or learn about. The district promptly and reasonably investigates all allegations of harassment, including bullying. The principal or designee at each building are responsible for handling all complaints alleging harassment or bullying.

Retaliation against a person who reports bullying, who provides information during an investigation of bullying, or who is a witness to or has reliable information about bullying, is prohibited. Gateway Behaviors such as teasing, name calling, taunting, exclusion, spreading of rumors or gossip including, but not limited to, online behaviors, staring, making faces, mimicking, rough housing and physical altercations will not be tolerated.

### **A. Reporting bullying or retaliation**

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member are recorded in writing.

Extend protections are given to students who are bullied by a member of the school staff, who are defined to include, but are not limited to “educator, administrator, school nurse, cafeteria worker, custodian, bus driver, and athletic coach or advisory to an extracurricular activity or paraprofessional

A school or district staff member is required to report immediately to the principal or designee, or to the superintendent or designee, when the principal or assistant principal is the alleged aggressor; or to the

school or district staff members, may be made anonymously. A report may be made using the anonymous reporting system by going to [www.webster-schools.org](http://www.webster-schools.org), or by sending an email to [bullying@webster-schools.org](mailto:bullying@webster-schools.org). Anonymous reports may also be made by calling the Bullying Prevention Hotline at 508.943.0104 x40001.

Use of an Incident Reporting Form is not required as a condition of making a report. The school or district:

- Makes the Plan and reporting forms available on the website [www.webster-schools.org](http://www.webster-schools.org)
- Provides the Plan and reporting forms in the most prevalent language(s) or language of origin of students, parents/guardians, upon request.
- At the beginning of each school year, the school or district provides the school community, including, but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, paraprofessionals, students, and parents or guardians, with written notice of its policies for reporting acts of bullying and retaliation.

**a. Reporting by Staff**

A school or district staff member is required to report immediately to the principal or designee, or to the superintendent or designee, when the principal or assistant principal is the alleged aggressor; or to the school committee or designee when the superintendent is the alleged aggressor; or to the superintendent or designee, when a member of the school committee is the alleged aggressor. Any instance of bullying or retaliation must be reported. The requirement to report as provided does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

**b. Reporting by Students, Parents or Guardians, and Others**

The school or district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee, or superintendent or designee when the principal or assistant principal is the alleged aggressor. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students, parents or guardians, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private, and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the principal or designee, or superintendent or designee when the principal or assistant principal is the alleged aggressor.

**B. Responding to a report of bullying or retaliation**

**a. Safety**

Before fully investigating the allegations of bullying or retaliation, the principal or designee takes steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but are not be limited to:

Updated automatically every 5 minutes

The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

**b. Obligations to Notify Others**

- ***Notice to parents or guardians.*** Upon determining that bullying or retaliation has occurred, the principal or designee will promptly notify the parents or guardians of the target and the student aggressor of this, and of the procedures for responding to the situation. There may be circumstances in which the principal or designee contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.
- ***Notice to Another School or District.*** If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.
- ***Notice to Law Enforcement.*** At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. If an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the student aggressor. In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

**c. Investigation**

The principal or designee will investigate promptly all reports of bullying or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation the principal or designee will, among other things, interview students, staff, witnesses, parents or guardians, and others as necessary. The principal or designee will remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against

consultation with the school counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for investigations. If necessary, the principal or designee will consult with legal counsel about the investigation. (Align this with school or district procedures.)

**d. Determinations**

The principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying or retaliation is substantiated, the principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The principal or designee will:

- determine what remedial action is required, if any
- determine what responsive actions and/or disciplinary action is necessary

Depending upon the circumstances, the principal or designee may choose to consult with the students' teacher(s) and/or school counselor, and the target's or student aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The principal or designee will promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and, if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the principal or designee cannot report specific information to the target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the target must be aware of in order to report violations.

The principal or designee shall inform the parent or guardian of the target about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

**e. Responses to Bullying**

***Teaching Appropriate Behavior Through Skills-building.*** Upon the principal or designee determining that bullying or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 37O (d) (v). Skill-building approaches that the principal or designee may consider include:

- offering individualized skill-building sessions based on the school's/district's anti-bullying curriculum

and to reinforce the anti-bullying curricula and social skills building activities at home

- adopting behavioral plans to include a focus on developing specific social skills
- making a referral for evaluation

**Taking Disciplinary Action.** If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and with the school's or district's code of conduct.

Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Improvement Act (IDEA), which should be read in cooperation with state laws regarding student discipline.

Consequences for confirmed bullying will include referrals, interventions, and /or disciplinary actions as outlined by the Student Code of Conduct, School Committee policies and any collective bargaining agreements.

If a student has been found in violation of the bullying policy, the District will impose disciplinary measures and/or corrective action to end and prevent further occurrences of the action(s). The District will take into account harm suffered by the target(s) as well as any damage to school or District property. The nature of the action taken must comply with District and school disciplinary policies. Any disciplinary or corrective action shall conform to the due process requirements of federal and state law. Action concerning students may include a written warning; classroom transfer; suspension (short- or long-term); exclusion from school-sponsored functions; after-school programs and/or extra-curricular activities; limited or denied access to parts or areas of the building; exclusion, expulsion, referral to law enforcement authorities; adult supervision on school premises; parent conferences; awareness training; empathy development awareness programs; counseling or any other action authorized by and consistent with the Student Code of conduct and/or school disciplinary code. The District complies with federal and state laws and regulations pertaining to the discipline of students with disabilities.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

**Promoting Safety for the Target and Others.** The principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the target's sense of safety and that of others as well. One strategy that the principal or designee may use is to increase adult supervision at transition times and in locations where bullying is known to have occurred or is likely to occur.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the principal or designee will contact the target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the principal or designee will work with appropriate school staff to implement them immediately.

#### f. Responding to a Report of Bullying by School Staff

## VI. COLLABORATION WITH FAMILIES

**Parent education and resources.** The school or district will offer education programs for parents and guardians that are focused on the parental components of the anti-bullying curricula and any social competency curricula used by the district or school. The programs will be offered in collaboration with the PTO, School Councils, Special Education Parent Advisory Council, or similar organizations.

**Notification requirements.** Each year the school or district will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about the dynamics of bullying, including cyberbullying and online safety. The school or district will send parents written notice each year about the student-related sections of the Plan and the school's or district's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats, and will be available in the language(s) most prevalent among parents or guardians. The school or district will post the Plan and related information on its website.

## VII. PROHIBITION AGAINST BULLYING AND RETALIATION

**Bullying** is “The repeated use by one or more students or a member of a school staff of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (i) causes physical or emotional harm to the target or damage to the target’s property; (ii) places the target in reasonable fear or harm to himself or of damage to his property; (iii) creates a hostile environment at school for the target; (iv) infringes on the rights of the target at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyberbullying.”

**Cyberbullying** is “Bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyberbullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyberbullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v) inclusive of the definition of bullying.”

**Hostile environment**, as defined in M.G.L. c. 71, § 37O, is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student’s education.

**Retaliation** is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying. Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is also prohibited.

## X. RELATIONSHIP TO OTHER LAWS

Consistent with state and federal laws, and the policies of the WPS, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, sex, religion, national origin, gender identity or sexual orientation.

Nothing in the Plan prevents the District from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the school or the District to take disciplinary action or other action under M.G.L. c. 71, §§ 37H or 37H½, other applicable laws, or local school or district policies in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

First Reading:

Second Reading:

Third Reading and Final Approval:

**Threats, Harassment, Assault**

Behavior directed at another student or adult which produces mental pressure or physical distress will be considered **assault** or **harassment**. This includes all threats to do harm, all forms of teasing, initiation, hazing, or pressure to act in a way which is objectionable to the student. Any behavior which causes another student or adult to be afraid to come to school or violates another's civil rights *will result in disciplinary action in the form of detention or suspension*. The following procedures can be employed to address such concerns:

- If the victim can comfortably do so, he or she may inform the person engaging in the misconduct that it is offensive and must be stopped.
- If direct communication has not taken place or brought about results, the victim will report the offense to the teacher, ***The Principal, Assistant Principal or Dean of Students*** who will take appropriate action.
- If warranted or if a further review is requested, the Superintendent will be informed and will review the situation.

**Retaliation or threats of retaliation upon the victim is unlawful and will not be tolerated.**

**Hazing**

Hazing shall mean any conduct, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced physical activity which is likely to adversely affect the physical health or safety of any such student or other

**Nursing Services:**

If a student becomes ill or injured at school, he or she should report to the nurse's office. Students must not leave the building because of illness without authorization. If the nurse is not available, students are to report to the main office.

**Administration of Medication:**

Students who require medication during the school day must bring a physician-signed order and a note from a parent giving the school nurse permission to give the medication to the child; additionally, the medication must be given to the school nurse, along with the M.D. order and the note of permission, in the *original medication bottle containing the prescription label*. Please do not send medications in plastic bags or in unmarked bottles - NO MEDICATIONS WILL BE ADMINISTERED WITHOUT THE ORIGINAL PRESCRIPTION LABEL INDICATING DOSAGE AND THE PRESCRIBING PHYSICIAN. Forms are available at the school nurse's office. Tylenol will not be given to any child without parental permission. Parents wishing their children to receive Tylenol should contact the school nurse, who will assist them further with this process.

**Health Issue Notification:**

Parents should notify the school nurse in writing of any current relevant health care issues, or of health care issues that develop during the course of the school year. Once notified in writing, the school nurse will work with the student and family to plan for these issues. In the interest of student care and safety, the school nurse may include educators and professionals who work directly with the student in treatment planning; this information will be shared only on a "need to know" basis (other professionals receive only the information that they need to know in order to keep the child safe). *All health care concerns are confidential in nature and will be handled confidentially, professionally and with attention and concern for the privacy of the students and their families.* It is the parent's responsibility to keep the school nurse informed and updated each year in writing of any health care concerns or issues.

**Policy on Pediculosis (Head Lice /Nits):**

The Webster Public School System has adopted a NO Live NIT POLICY. PEDICULOSIS (lice/nits) is highly communicable and all children are vulnerable to outbreaks. The negative effects they suffer range from the discomfort and social stigma of lice — to the loss of valuable class time — to repeated exposure to pesticide shampoos. What this means to you is that if your child is found to have live head nits or lice, he/she will be dismissed from school and will continue to be excluded from school until nit free. Families become upset by the frustration, anger and confusion that is often caused by pediculosis outbreaks. To reduce — AND HOPEFULLY ELIMINATE — such outbreaks, the Webster Public School System has adopted this NO Live NIT POLICY. The school nurse is available to answer any

**Human Curriculum.**

Students in Grades 5-8 receive instruction in human sexuality issues as part of the health curriculum. Summarized below are the main topics covered at each grade level:

- GRADE 5:
  - “Physical and Emotional Changes” This includes an introduction to the human reproductive system.
  - “Personal Safety: Identification of Sexual Abuse”
- GRADE 6:
  - “Assertive Self-Protection Skills and Sexual Abuse”
- Grades 7 & 8:
  - “Body Systems, Changes & Healthy Choices”

**Allergies:**

The Webster Public Schools is committed to providing a safe and healthy school environment for all students. Allergies can be a significant health problem or life threatening for some students. Successful allergy management is a partnership among the parent/guardian(s), the student, the prescribing physician and the school system. It is the responsibility of the parent to notify their child's school of their child's allergies at the beginning of each school year. The student's physician must be involved in the diagnosis and treatment plan that the school will follow for students with diagnosed food allergies while in school or at any school-sponsored event. The plan must be reviewed annually and revised as needed. No student will be excluded from school activities based solely on his/her allergies.

The Webster Public Schools are considered “peanut sensitive/peanut aware.” The purpose of this policy and guidelines is to minimize the risk of exposure to allergens that pose a threat to the student(s) in the Webster Public Schools and to provide all students, through necessary accommodations where needed, the opportunity to participate fully in all school programs and activities, and to educate the school community about life threatening allergies (LTAs). We recognize that it is not possible to eliminate all potential exposures. The focus of this district wide allergy management plan is prevention, education, awareness, communication and emergency response.

The consumption of food on routine bus routes is prohibited. Under the appropriate supervision of school personnel for longer school trips and for students with special health needs requiring the consumption of food at non-meals, food may be allowed on school buses.

School nurses may provide food to students when the medical status of the student indicates a need.

To be able to research utilizing the internet, students must have parental permission and be monitored by a teacher. Should a parent prefer that the student not have access, the student will still be allowed to use a computer for word processing and to use educational programs. Students are responsible for appropriate behavior on the computer, just as they are in the classroom or on a playground. Guidelines include, but are not limited to:

- Do not use a computer to cause harm to others or their work.
- Do not damage the computer or network in any way.
- Do not violate copyright laws.
- Do not view, send or display offensive messages or pictures.
- Do not go into another student's folder or file.
- Notify an adult immediately if something inappropriate or bad comes on the screen.

Parents will be provided with a permission slip to sign. If at any time, a parent wishes to reverse their decision, it is the parent's responsibility to fill out and date a new card.

Users will agree to follow the above stated rules and to use the Internet in a constructive manner. Depending on the infraction, the following protocol will be followed:

- First infraction: warning
- Second infraction: up to 5 days without Chromebook and technology use
- Third infraction: up to 10 days without Chromebook and technology use with 5 days of supervised technology use when Chromebook is returned
- Fourth infraction: lose of Chromebook and technology for remainder of school year

requires schools to be inspected to identify any asbestos containing building materials. Schools with known asbestos conditions were inspected and suspect materials were sampled by licensed state inspectors and rated according to EPA AHERA protocols. Please find listed below the District schools and the results of their inspections. Every three years, schools containing asbestos materials must be re-inspected to determine if any known or suspected asbestos-containing buildings materials (ACBM) have changed and recommendations are made on the managing or abatement of the ACBM.

Educational Facility Name and Address:

Park Ave Elementary School (No Asbestos Present)  
58 Park Avenue  
Webster, MA 01570

Webster Middle School (No Asbestos Present)  
75 Poland Street  
Webster, MA 01570

Bartlett High School  
52 Lake Parkway  
Webster, MA 01570

The law further requires an asbestos management plan to be developed and implemented to monitor any known or inspected ACBM. The plan has several ongoing requirements: Publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

It is the intention of the Webster Public Schools to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in the school administrative office during regular business hours. If you have any questions or concerns, please contact me at the number listed below.
